Oil Well Discovered

Chevron Oil Co. has just recently brought in a flowing oil well known as Woodrow Mullin #1. This well is located south of Turkey and

currently the oil company has made no announcement concerning the amount of oil being produced.

It has been reported but unconfirmed that the well is

currently flowing between 300 to 400 barrels of oil per day.

According to the signs at the gate entrance this well is producing poisonous gas which is very dangerous.

First Baptist Revival Starts Nov. 8

The First Baptist Church in Quitaque will be holding a Revival meeting on November 8-11. The theme for this revival is the "Unlimited Guarantee All Church Youth-Led Revival". The theme is taken from Hebrews 7:22 where the scripture says "Because of this oath, Jesus has become the guarantee of a better covenant".

The Evangelist for this revival will be Bro. Rick Ouslay. Bro. Rick is from Arlington, Texas. He is involved in the ministry of full-time evangelism. He preaches revival meetings and summer youth-camp meetings all over America. God's hand and anointing, is upon this man as he preaches God's Word. He loves the Lord, the Word of God and has a heart and passion to see lost souls come to know the Lord

Jesus Christ as Saviour. The Music Evangelist will be Bro. Scott Henry. Bro. Scott is our own Minister of Music and Youth here at the First Baptist Church in Quitaque.

Cottage prayer meetings and visitation is going on know as we prepare for this time of revival. A complete revival schedule will be in next weeks' paper.

Jesus is the guarantee of eternal life to all who will

accept Him into their heart as their personal Saviour. He is the answer to man's need. We invite you to come and hear this good news during our revival.

Services will be held at 10:45 a.m. and 6:30 p.m. on Sunday, November 8 and at 12:00 noon and 7:30 p.m. Monday-Wednesday November 9-11. A meal will be provided at noon.

Brownie Troop #366 Attends Workshop

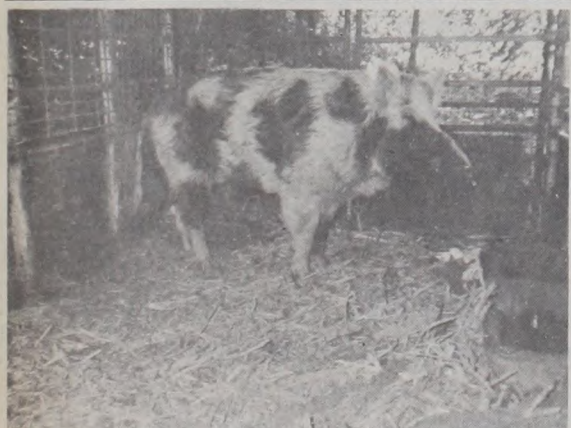

Eight girls from Brownie Troop #366 attended a "Food Fun" badge workshop in Plainview on October 24. The troop learned general fire safety skill, observed how to construct an A frame fire; and they built their own teepee

fire. Lunch consisted of Brownie girl scout stew, swiss cheese fondue with apple dunkers, walking salad, and fruit juice fizz. Each girl had an opportunity to have a "hands on" experience with the cooking.

An estimated 85 Brownies from Caprock Council attended the workshop. Those in attendance from our troop were: Randi Brooke Powell, Traci Ham, Amy Stark, Hollie McKay, Jessica Ortiz, Amy Butler, Wynter Smith and Katrina Stewart. Leaders who attended were Debra Smith and Linda Stark.

The girls will receive their "Food Fun" badge this Thursday at a special investiture service. It will be held in the Valley Cafetorium from 4:00-4:30 p.m.

A hearty thanks to everyone who gave us our hiking sticks. We have enough for every girl now. LaVern Ortiz will be our cookie chairman and Lorna Powell will assist.

Pictured above is a Russian Wild Boar caught by Lyn Payne on October 8 in a steel cage trap. The boar weighs approximately 350 lbs. and is currently at Leroy Hamilton's farm.

"Trading A Pig"

by Curtis Tunnell

Lets do some travelling. We will go from Turkey to Quitaque, a total of nine miles. The place we go to is a field where I picked cotton. Like all small boys my conversation often turned to music.

A young couple said they had an old spring driven Grafanola record player. It had to be wound up after each record was played. The couple said they would trade me the old Victrola for a pig. That sounded good to me for we had plenty of hogs.

They make the trade and all there was to do now was for me to deliver the pig to their pig pen and pick up my victrola. There was one drawback to the deal -- did you ever carry a squealing, kicking pig three miles?

I did.

If it's true that girls are inclined to marry men like their father, no wonder mothers cry at weddings.

Why does a woman work ten years to change a man's habits and then complain that he's not the man she married?

Who was TIME's Man of the Year for 1934? Answer: Adolph Hitler.

Who was the victim of the first murder seen on TV? Answer: Lee Harvey Oswald.

We just hope this beautiful weather can continue for a few weeks as an aid to the cotton crop, etc.

Patriots Drop Friday Game To Paducah

The Valley Patriots took on the top ranked class 1A team in the state this past Friday with Paducah Dragons winning by a score of 50-0. The Dragons defense has had only 14 points scored against them this year.

The Patriots defense played an excellent game against Paducah's rushing attack, holding Paducah to one first down in the first quarter.

The leading rusher for the Patriots was Brandon Stark who carried 5 times for 16 yards. Taylor completed 5 passes for 39 yards with 2 interceptions. Brandon Smith caught 3 passes for 29 yards. The Paducah team was just too much for the Patriots to handle this time.

The past four times that Valley has played Paducah, Valley has completely shut the Dragons out.

WALKING Wisdom

About 60 million Americans are avid walkers. They've found walking to be a low-impact exercise. Only one and a half times a walker's weight is exerted on the body with each stride as compared to three to six times for a runner.

In an effort to let more American's know about the benefits of walking Mazola corn oil sponsors the U.S. Race Walking Team and the 1988 U.S. Olympic Team. For information on walking, send 25¢ to: The Health Walk Handbook from Mazola corn oil, Dept. HW-N Box 307, Coventry, CT 06238.

Gambling supporters claim that dog and horse racing will help the Texas economy. But the fact is, an industry publication last month ran this headline: "Horse racing—a sad state of affairs: Racing is a dying sport and in trouble as a business."*

So what will gambling bring to Texas?

Crime: Former FBI Director William Webster says, "We know of no situation in which legalized gambling was in place where we did not eventually have organized crime."
Animal abuse: Every year, 100,000 small animals—usually rabbits, sometimes even kittens—are torn apart as live bait during greyhound "training." Families destroyed by gambling addiction: According to Gamblers Anonymous, 43% of divorced women in treatment named gambling as a major factor in the failure of their marriages.

Above are the names of some of your neighbors and community leaders who want you to know that they're not willing to gamble on Texas' future. Please join us.

DON'T BET ON IT.

Vote NO to dog and horse gambling on November 3rd

Leeper-Whitten Vows Recited

The double ring marriage vows joining Ronda Uyvonne Leeper and Cecil Brock Whitten were read at 7:30 p.m. on Saturday, October 24, in the First Baptist Church in Quitaque, Texas. Randy Butler, of Denver City, Texas, former Youth Minister of the Quitaque First Baptist Church, officiated.

The bride is the daughter of Mr. and Mrs. Wilburn Leeper of Quitaque, Texas. Grandparents of the bride are Mr. and Mrs. E. W. Clark of Crystal City, Texas, and Mrs. Eunice Leeper of Clarendon, Texas. The groom is the son of Mr. and Mrs. Raymond Whitten of Dumas. Grandparents of the groom are Mr. and Mrs. Cecil Whitten of Memphis, and Mr. and Mrs. M.J. Hodge of Gainesville.

Marriage vows were pledged before a fan-shaped candelabra, decorated with greenery, baby's breath, and lilac bows. It was flanked by two seven-candle candelabras decorated in similar fashion. Large baskets of lilac flowers led the way to the altar.

Vocalist Ralph McCormick of Moore, OK provided selections and accompanied himself on classical guitar for one selection. Organist was Mrs. Jan Ramsey of Quitaque. Selections included "Love Me Tender," "You and I," "There is Love," and "First Time Ever I Saw Your Face."

Presented in marriage by her father, the bride chose a formal gown that was designed and made by her mother. The gown was of candlelight ivory silk sheer crystal organza over peau-de-soie. It had a fitted bodice featuring beaded and pearled re-embroidered silk organza Venice lace with cutwork on the edges. The skirt of the gown featured four layered skirts of ruffles sweeping to form a chapel-length train on the skirt. The back of the skirt featured large bows from the waist to the bottom of the first skirt. The bodice featured an Elizabethan collar and princess-elite fitted sleeves of open cutwork re-embroidered silk organza Venice lace. Her mid-back veil was attached to a hat covered with candlelight beaded and pearled re-embroidered silk organza Venice lace that matched the bodice of the dress. It featured a cascade bouquet of candlelight silk roses and stephanotis atop a Bible. She wore a strand of pearls worn by her mother in her wedding thirty years ago. She wore wedding bands from three generations for luck. One had belonged to her maternal great-grandmother, Mrs. Lucy Pruett; another belonged to her maternal grandmother, Mrs. Nell Clark; and the other belonged to her mother, Mrs. Zelda Leeper. Completing her ensemble were ivory bridal ballet slippers.

The bride carried out the traditional something old -- this being her mother's pearls; something new -- which was her wedding gown; something borrowed -- which were her aunt's pearl and diamond earrings; something blue -- a blue garter made by her Grandmother Clark for the bride's mother on her wedding day; and two lucky six-pence in her shoe -- which were given to the bride by Miss Penny Mars of Turkey, Texas.

Brenda Byrd of Amarillo served as Matron of Honor, and bridesmaids were Sharon Brodus of Amarillo and Brakelle Whitten of Amarillo, a sister of the groom. They wore petal pink tea-length dresses of moire taffeta designed with princess-fitted bodices, flared skirts, and puffed elbow-length sleeves. The heart necklines were accented with silver hearts on narrow pink ribbon which were gifts from the bride. The honor attendants carried white pleated lace fans accented with pink, lilac, and white roses and pink and lilac bows. The girls wore bows made of pink moire taffeta which were accented with small rosettes and pearl sprays in their hair. Their attire was completed with petal pink rose-embellished hosiery and pink ballet slippers which were designed with pink and lilac rosettes and pink ankle-tie ribbons.

Pati Cinceros of Clarendon, cousin of the bride, served as Junior Bridesmaid. Her tea-length dress of dilly-lilac moire taffeta had candlelight lace ruffles over the shoulders and around the hemline. The dress had an apron two-skirted effect of lilac. The bottom skirt in the back was covered with candlelight lace ruffles from hemline to waist.

Her headpiece was a flower-covered wreath with a dilly-lilac bow with cascading ribbons and flowers down the back. She carried a closed, bow-covered parasol filled with lilac and pink flowers. Matching lilac ballet slippers with ribbon ties across the foot, and white hosiery with lilac hearts completed her attire. She also wore a small silver heart on narrow lilac ribbon which was a gift from the bride.

Lakeena Ellis of Clarendon, and Staci Cinceros of Clarendon, both cousins of the bride, served as flower girls. Their dresses were identical to the Junior Bridesmaids dress. They wore headpieces of flower wreaths identical to the Junior Bridesmaid's. They carried baskets of lace with ribbons and flowers cascading from the sides, and dropped tiny flowers and scented potpourri as they came down the aisle. Their attire was completed with lilac ballet slippers, white hosiery with lilac hearts, and silver hearts on narrow lilac ribbon around their necks. The hearts were gifts from the bride.

The candles were lighted by Miss Scharla Leeper of Clarendon, cousin of the bride, and Chad Ellis of Clarendon, cousin of the bride. Scharla wore a dress of petal pink moire taffeta fashioned along the same line as the honor

attendants. She wore a bow of petal pink moire taffeta accented with rosettes and pearl sprays in her hair, a silver heart on narrow pink ribbon around her neck, a gift from the bride, a silk pink gardenia corsage, pink rose embellished hosiery, and pink ballet slippers with rosettes of pink and lilac and pink ankle ties.

Chad wore a classic black tuxedo, white pleated shirt and lilac cummerbund and tie. His attire was completed by a white carnation boutonniere.

The bridegroom's father, Raymond Whitten of Dumas, served his son as best man. Groomsmen were Brad Whitten, twin brother of the groom, of Dumas, and Scott Leeper of Plainview, brother of the bride. The groomsmen also served as ushers. The men in the wedding party and the bride's father wore classic black tuxedos with lilac cummerbunds and ties, and white pleated-front shirts complemented by white carnation boutonnieres.

A black cut-away tuxedo with tails, a white pleated shirt, lilac tie and cummerbund was worn by the groom. His boutonniere was a candlelight silk rose and stephanotis from the bride's bouquet.

Mrs. Leeper, mother of the bride, wore a street-length lilac dress with a tunic jacket and matching accessories. Mrs.

Whitten, the groom's mother, was attired in a teal blue street-length dress and silver accessories. Both mothers wore corsages of pink silk gardenias and baby carnations.

Serving at the registering table was Crystal Atchley of Amarillo.

Fellowship Hall of the church was the site for the wedding reception, where a three-tiered wedding cake covered with garlands of silk pink and lilac flowers, arranged with a fountain of lilac water bubbling beneath the cake, was served. Three heart-shaped cakes attached with lilac satin ribbon surrounded the cake. The cake was topped with a white wicker basket in which rested a bride and groom. The bride's bouquet and honor attendants' fans decorated the table. Table appointments were of silver and crystal. Melon balls, cheese bits, crackers, and mints, were also served from the bride's table by Margaret Cook, Phyllis Hawley, Sherry McAlister, and Rita Montes of Amarillo.

Hot spiced tea and coffee, chocolate cake, grapes, and mixed dried fruits and nuts were served from the groom's table, which was complemented with brass table appointments.

The couple was honored with two miscellaneous showers, one given in First National Bank

Know why we build skyscrapers? In order to have many more people working in a limited area. We package people vertically!

Among the skyscrapers our photographer has discovered a church. It too has a vertical element -- a steeple pointing heavenward.

Church architecture with its traditional spires expresses our beliefs. People today are packaged too tightly. Pressure, custom, conformity crowd in upon our souls. Christ teaches that every person is important -- each one of us is loved by our Lord.

As we worship God each week side by side, our beliefs point us heavenward.

Ingenuie Is Granddaughter Of Mullinses

The North Lake College of Dallas Theatre Company opened its 1987-88 season on October 23 with the Pulitzer Prize winning play "You Can't Take It With You". The play will run from Oct. 23-24 and 29-31.

New student Leslie Mullin plays the ingenuie Alina Sycamore. She played the female co-star, opposite Lou Diamond Phillips (of "La Bamba" fame) in "Dakota in Texas." In addition, she has just completed "Demon Warrior" as the movie's lead.

Leslie is the daughter of James (Bunky) and Judy Mullin of Las Colinas, and the granddaughter of Mr. and Mrs. J.T. Mullin of Turkey, J.T. and Twissie spent the week end with their son and family, and attended the play on Saturday night.

When Souls Communicate

When souls communicate — it's like prayer. There may never be a word spoken... just a sigh, a wish, a hope, a longing. A child trying to express some simple feeling to its Mother. Mother trying to express her devotion to her child.

All prayer is founded on the idea that God loves us and cares about the things that affect us. Jesus taught us to pray "Our Father..." He wanted men to see God's love on the parental level.

When you feel the need to pray, reach out with your heart to God. You may not be able to find words. Yet He hears. He understands those deep feelings we find hard to express.

In church our efforts to communicate with Him are strengthened by the fact that many others are praying with us. They need Him just as much as we do. And we need their longings, their hopes and wishes and feelings to help us express our own. Join us in prayer at your local church or synagogue.

Nuevo Study Club

Nuevo Study Club of Turkey met Thursday, Oct. 22, in the home of Mrs. Ella Culvin. Mrs. Culvin, program leader, asked Mrs. Marcella Patterson to lead in prayer, and then introduced the speaker, Mrs. Lois Wales of Dimmitt, who brought a very informative talk on Nuclear Waste and how it could affect our area. Mrs. Wales, president of the Nuclear Task Force in this area, was gravely concerned about the proposed waste site storage in Deaf Smith County.

The speaker said the number one concern was its effect on our water supply, the second one was the cattle industry and the third, transportation. She said if the depository was located in the proposed site there would be a truckload of waste coming through this area every hour for 20 years! Another concern the speaker mentioned was that some of the industries would leave the area which would be bad for the economy.

Mrs. Wales encouraged her listeners to write their congressmen and tell them their thoughts on this matter, as it was very urgent.

The hostess served a delicious refreshment plate with coffee and punch to Mrs. Pat Bagley and Mrs. Nadine Davis, both of Dimmitt and Mrs. Wales. Also, Ginger Mullin, Frankie Bell, Leota Johnson, Pete Myer, and Belle Davis all of Turkey, and Benita Sauls of Quitaque and members: Kathleen Green, Lorraine Walker, Wilma Wedge, Virginia Degan, Marcella Patterson and the hostess. Also present were Bill Sauls of Quitaque and Otto Stubbs of Turkey.

Mrs. Green announced that it was time to bring Christmas gifts for the Vernon Center to the next meeting, Nov. 12, at Mrs. Walker's home.

EAT TO COMPETE By Lynda Fogerson Briscoe Co. CEA-HE

An important issue facing parents with children or adolescents in sports is how to provide nutritious meals around hectic practice and competition schedules. The athlete's diet must provide a variety of foods to insure that all nutritional needs can be met and enough calories to meet the energy needs of this active youth.

Breakfast is essential to provide teenage and pre-teen athletes with energy and nutrients to start the day. However, many teens omit breakfast because they do not have time to eat or feel that they are not hungry at that time of day. Parents and coaches can encourage young athletes to eat breakfast for a "running start."

Breakfast can include any nutritious foods from the food groups, even those not traditionally considered breakfast foods. Possible foods the young athlete could prepare and eat "on the run" include: milkshakes, peanut butter sandwiches, fresh fruit and fruit juices, dried fruit, boiled eggs, cheese, egg burritos, oatmeal or raisin cookies, yogurt, granola bars, and many others.

A variety of nutritious snacks available throughout the day will provide additional calories and nutrients to meet the energy needs of the athlete. Snacking can be good if the athlete makes wise snack choices. Snacks with a higher sugar content lack the

Caprock Comments

By Oochum

Another sad and bad thing happening to our farmers... a good crop made after months of hard work and all the finances he can rake and scrape, only to have it hailed out just as he was getting ready to harvest. If there's anything more unpredictable than farming, it would have to be what Congress is gonna do next!

The woman called the bank with her befuddled checkbook in front of her, and asked: "Can you straighten this out?"

"What balance do you show," asked the bank.

"Oh, no," she said, "That's not fair, I asked you first!"

"How can you expect to sell me a bottle of hair tonic when you have no hair yourself?"

Barber: "So what? I know a guy who made a fortune selling brassieres!"

Church Sign... "We specialize in Guidance Systems!"

One business I know has a suggestion box with a sign on it saying "Take One!"

Store Owner to Customer... "Yes, we have quite a selection of Loafers. I'll see if I can get one of them to wait on you!"

"My wife is always nagging me for money," the guy said. "Last week she wanted \$200... day before yesterday it was \$125, and this morning it was \$150..."

"That's awful," said his friend. "What could she possibly do with all that money?"

"I don't know," said the guy. "I never gave her any!"

In 1626, Peter Minuit paid \$24 for Manhattan Island; Yesterday, his great-great grandson's grandchild paid \$29.95 to park there!

A friend of the Judge dropped in one morning and told the Judge... "I just walked thru the courtroom and I never saw such a bunch of criminal types in my life. Is it that way every day?"

"S-h-h-h" said the Judge, "those are the Lawyers!"

The irate waitress threw salad at a customer. She was arrested for carrying congealed weapons!

Sign in a Cafeteria... "We offer courteous self-service!"

"My child just swallowed a pencil" screamed the man on phone to the doctor, "What shall I do?"

"Use a fountain pen" suggested the doctor!

The old saying of "Hurrah for our side" was said to come from Lady Godiva's ride thru the streets of Coventry!

"Now" said the Minister to his congregation as the church plate was passed around, "Let us give freely and generously, in accordance with what you reported on your income tax!"

Caprock Pete commented after watching a football workout... "I wouldn't let my mother-in-law run behind that line!"

One farmer was seeing his psychiatrist and was asked, "Is there any insanity in your family?"

"There must be" he said. "They all keep writing me for money!"

That's -30- for this time, remember, a stitch in time probably means you'll have to wear the darned thing for another season!

Sewing Seminar November 4

Clotilde, author, nationally known sewing consultant and TV Host will present a six hour "Sew Smart" seminar, sponsored by District 2 Association of Extension Home Economists, Wednesday, November 4, from 9:00 to 4:30 at the Texas A&M Extension Center Auditorium near New Deal. Registration is \$10.

"People are too label conscious," explains Clotilde. "They look at a Clavin Klein and think it's an act of God. I'm trying to make women realize they can produce the same quality, the same expensive look at home."

In the morning session, Clotilde shows how to produce this expensive look in her three hour seminar, "Sewing for the \$500 Look." She will teach her students manufacturer's tricks of the trade, designer techniques not shown on pattern instruction sheets, as well as many practical sewing tips that she has accumulated in over 40 years of sewing experience.

"Everyone can learn to sew like I do," said Clotilde. "The secret is simply paying attention to the right details."

Clotilde will explain these while giving helpful advice on fabric care, layout, marking and cutting procedures, designer seam and facing finishes, zipper applications, collar constructions, plus explaining the critical difference between fitting ease and pattern ease. She will also demonstrate many time and money saving notions that really do work.

In the afternoon session, Clotilde will give her three hour "Smart Tailoring" seminar.

"A perfect collar, lapel and collar notch is the most critical part of a jacket," said Clotilde. "This is the most important part of a jacket whether it's a tailored, lined jacket or an unlined jacket made of velveteen or corduroy. Why? Because this is the area people look at as they are talking with you."

Clotilde will share home decorating ideas and new aids for creating interesting new window treatments.

Registration will be held from 8:30 - 9:00 a.m. at the Extension Center. The \$10.00 fee will include six hours of instruction. Call Lynda Fogerson at the Extension Office -- 823-2343 -- if you want a ride with her to this program.

Facts & Fancies

Our Fine Feathered Friend: The Duck

Even those who loved ducks since hearing the tale of the ugly one who turned into a swan, may not know all the fascinating facts about these beautiful birds:

- The hen (female) makes a nest, usually in a clump of grass, a hollow, or a hole in a tree. She lays from five to a dozen eggs. The ducklings are born from three weeks to a month later.
- In the early fall, North American waterfowl gather in flocks across their nesting grounds to begin the long migration south.
