SBA Workshop For Small Business

There will be a morning workshop on "SBA Financing for Small Business," Wednesday, March 27 in the SBA Conference Room, 1611 10th Street, Suite 200, Lubbock. The workshop is being sponsored by the U. S. Small Business Administration (SBA) and SCORE (Service Corp of Retired Executives). Registration begins at 9 a.m. and the program will conclude at 10 a.m.

Subjects for the morning workshop include: "SBA Loan Application," and "Other SBA Programs." There is no registration fee for the workshop but pre-registration is encouraged due to limited space.

This workshop will provide financing information relative to starting a business. Women, this is an excellent opportunity to learn about financing a business. Statistics of the U. S. Census Bureau and SBA show women are starting businesses at twice the rate of men. Nearly 40 percent of all small businesses will be woman-owned by the year 2000 if the current trend continues.

Reasonable arrangements for persons with disabilities will be made, if requested in advance.

For more information or registration contact Ruby Abarca at 806/743-7462 or 1-800-676-1005.

Bill Clinton came in with a combination of 119 votes in the two boxes. Only 19 others votes were cast for other Democratic nominees for the office of President of the United States.

Flomot Fire Burns House, Outbuildings

The Flomot, Matador and Quitaque Fire Departments were kept busy for several hours Sunday morning battling a wind-blown grass and structure fire on the north side of highway 97 in Flomot.

Heavy black smoke was visible from several miles, as the fire spread. The Billy Roys' house and three structures on the Turner Gin lots were destroyed.

Investigation determined that sheet metal blown from the roof of the Roys' house hit an electrical highline, causing sparks, and the ensuing fire. No injuries were reported.

Nothing is too small to know, and nothing too big to attempt.

THEN and NOW!

by Eunice McFall

Well, the Primary Elections for Texas have come and gone once again. We all should have gotten out and voiced our convictions for those who will govern us for the coming years. Perhaps we did not know much about the candidates that were hoping for our vote but we do owe it to ourselves to equip ourselves with as much knowledge as possible so that we can vote intelligently. We still have from now until November to learn all that we can about those that will be in the run-offs.

Next week according to the calendar, Spring will be here. I think this is just a day on the calendar as it seldom seems to fit our part of the country. But at least it does give us a little glimpse of what is in store for us in the future—warm weather—which many look forward to with as many reasons as there are people! Health, sports, gardening, sun bathing, swimming, hiking, picnics, sunny days, no snow, no cold wind, no dirt (we wish), etc. I often wonder how people who live where it is always warm or always cold really feel about it? Don't you think that they miss the anticipation of a change in the weather? It would seem terribly dull to me if every day was just like yesterday was with no changes! It would be nice to have pretty green plants growing year around but then I would miss the beauty of the clean white snow covering the ground and trees.

Farmers and ranchers are looking forward to the day when it will once again begin to rain here and stop the dust from fogging everytime that the wind blows. Farmers and ranchers are the life blood of our area's life as we know it. Without them our world would be quite a bit different. Just think about how much our towns depend upon them to make our businesses show a profit each year so that we can afford to continue in business.

Yes, we have much to be thankful for here in our area, the right to vote for the ones that we think are right to govern us in the coming years, the joy of anticipation of the coming and changing of the seasons, the prosperity of our farmers, ranchers and businesses, the pleasure of greeting our friends and neighbors unafraid on the street, the right to choose which church we attend to worship the God who gives us all these wonderful gifts, the caring of neighbor for neighbor, and the sharing of happiness and sorrow with those who are close to us.

As we meet our friends who are farmers and ranchers this week, let's give them a hearty hand shake for helping our area to continue to be the best place on earth to live.

Rural Health Care:

Is Childress Regional Medical Center in Jeopardy?

(by Anna Burchell - The Childress Index)
 The Texas Department of Health's closure of several rural health clinics and contract awards with Texas Tech and University of Texas Medical Branch, Galveston, to provide services in those clinics - including Childress - could be devastating for rural health providers.

Texas Organization of Rural and Community Hospitals is requesting an explanation from the Texas Department of Health.

Childress County judge Dean Decker has written to Gov. George Bush, saying, in part: "...The Childress Regional Medical Center is an asset to our county. We have doctors and medical services very few rural communities have. I would hate to see any action by the TDH that results in a reduction of medical services for our area."

Providers have been assured through TDH in Lubbock that only those services local hospitals cannot provide will be offered by Texas Tech. However, in several areas in the Texas

Briscoe County Historical Society Meets In Quitaque

by Glenda Francis
 The Briscoe County Historical Commission met at the Bank Room in Quitaque on Tuesday, March 5. Reports on the progress of pending projects were given. The treasurer also reported that the debt on Volume II of "Footprints of Time" had been met.

Volume II of "Footprints of Time" is still available at the cost of \$55.00. These books are available in Quitaque at the Caprock Public Library, The Valley Tribune and at the home of Johnnie Morrison.

Refreshments were served and everyone enjoyed visiting.

Those present were Jimmy Burson, O. C. and Faye Rampley, Murry and Johnnie Morrison, Fish Wilson, Bob and Arlene Hinkle, Grady and Delene Tyler, Glenda Francis and Eunice McFall.

The family suggests memorials to the Flomot Cemetery Association, Flomot 79234, or to Community Hospice of St. Joseph, 1000 Summit, Fort Worth 76102.

St. Patrick's Celebration To Be At Shamrock

For the 50th time, the Irish will turn out for the Annual St. Patrick's Celebration in the Irish City of Shamrock, Texas. This year's celebration promises to be the best one yet, with many events scheduled. The celebration will open with the Kick-Off Banquet to be held on Friday March 15, 1996.

During the festivities, the duly appointed Chief Fuzzer will be on the lookout to "Arrest" those citizens who do not display the proper donegal beard, or who have not purchased an official shaving permit. Also scheduled are the following events: an arts and craft show, a chuck wagon cook-off, a group fly-in, a carnival, food booths, a team roping event, an old settlers reunion, a donegal beard contest, a large parade (with over 100 entries), a bull buck-out rodeo event, the Route 66 car show,

and he drove a school bus. He was a part owner of Douglas Cab. Co.

Survivors include a son, Clarence Edward Jr. of Brownwood; a stepson, Weldon Faucett of Rosenberg; a stepdaughter, Barbara Williams of Magnolia; a sister, Dorothy King of Plainview; three grandchildren; and four great-grandchildren.

The Lad and Lassie Beauty Contest, the Miss Irish Rose Beauty Pageant, a gospel singing, a golf scramble, a teen dance, and an adult dance.

The schedule makes for a busy weekend in the Irish City, which promises something for everyone and fun for all. Your trip to Shamrock can be remembered by purchasing the official "Pot of Irish Golden Memories" 100% organic cotton T-shirt, available at various businesses throughout town and at the Chamber of Commerce office on Main Street. For further information you may contact the Shamrock Chamber of Commerce at 806/256-2501 or Patsy Williams' Publicity Chairman at 806/256-2181.

Statewide Screening Slated

The Legislature passed a law in 1985 that requires all sixth- and ninth-grade students to be screened for spinal deformities. Early detection of abnormal spinal curvature can prevent serious health problems. This is a problem that may begin during the early adolescent years (from 10-14 years of age) with an estimated 1 in 10 adolescents having some degree of abnormal curvature. Curves that are detected early may only require periodic observation by a specialist. Moderate curves may require the wearing of a brace, which is usually super-vised by an orthopedic specialist. In most cases, the need for major surgery for this deformity can be eliminated through early detection.

Spinal screening for Valley School children has been scheduled for Wednesday and Thursday, March 20 and 21.

Children will be screened for two types of spinal deformities: Scoliosis and kyphosis. Scoliosis is a condition in which the spine is twisted, causing misalignment of the upper body or lower back. This condition can worsen and lead to much pain, as well as complications of the heart and lungs. Kyphosis is an exaggerated rounding of the spine. Progression of these two conditions can often be arrested if detected early.

Briscoe County 4-H'ers Fair Well At Houston

By: Rebel L. Royall Briscoe County 4-H'ers, as a whole, came out on top of what might be the world's toughest Junior Livestock Show. Eight year old Zack Burson took Reserve Champion Spotted Polland China honors and Leland Wood's Hampshire pig placed 20th. The placings sound good enough, but when you figure they were up against 4900 other show pigs, then you know how well their projects really did.

In the heifer shows Molly Brooks placed 1st in the scramble show and 5th in the junior. Leland Wood's Charlois was 2nd in the scramble show, while Kenda and Monty's heifers both placed in the junior. Winter Smith's Angus placed 2nd in her class. Tara Smith exhibited an Angus heifer.

Tougher luck was had in the steer show, with Leland Wood's sixth Chianina being the only placing steer from Briscoe Co. 4-H. Other exhibitors at Houston were: Trey Ziegler, Jack Cherry, Chelsea Cherry, Terri Chitwood, Kenzie Burson, Christina Stephens, Beau Brock, Bryn Mayfield, Briana Sperry, and Jeremiah Brooks.

These Kids were very good ambassadors for our county along with Kids from both county FFA Chapters. They gained valuable knowledge and skills from competing with exhibitors from across the stat of Texas.

On behalf of the members of Briscoe County 4-H, I would like to thank the residents of Briscoe County for supporting our stockshow program. The Kids could not make it without your support.

Valley P.E. Students Express Thanks

By: Kevin Hirst The Elementary P.E. students in grades 3-6 want to express their appreciation to the citizens of Turkey and Quitaque for their donations to the American Heart Association. These students raised over \$800. Wes Henson turned in the most with \$133.00. The theme of this fund raiser was "Jump Rope For Heart." This was to promote the importance of fitness in a healthy lifestyle. On the last day of fund raiser, the students exhibited jump rope skills learned during this unit. The students earned prizes based on the amount of money turned in. The prizes were jump ropes, T-shirts, sunglasses and clocks. All of these youngsters worked hard. Your support made this fund raiser possible.

ATTENTION TO WHOM IT MAY CONCERN WE (THE PAPER CARRIERS) ARE NOT RESPONSIBLE FOR THE PAPERS THAT THE STRAY DOGS ARE GETTING IN TURKEY & QUITAQUE THANK YOU, AUTHOR BECK

TURKEY NEWS TURKEY

Ann Coker
All are invited to attend the Spring Revival at Turkey-Quitaque Methodist Church. The revival begins Sunday morning, March 17, at Turkey at 9:30 a.m. Speaker will be James Willburn, a former Turkey pastor. He will speak at Quitaque at 11:00 at the Methodist Church.

Rev. Wilburn will speak at Turkey Methodist at 6:00 p.m. on Sunday, and Monday, Tuesday and Wednesday night services will be at 7:00 o'clock.

A potluck lunch will be held Sunday, at the Turkey church. A sandwich supper will be held at the Turkey church Sunday night following services. On Tuesday, March 19, the Turkey church will have a ladies luncheon.

At 6:30 a.m., Wednesday, there will be a breakfast for the men.

THINGS SEEN & HEARD
Visiting with Dot Arnold last weekend, was her daughter and husband, Karen and Wes McDougal of Amarillo. The McDougals will soon be moving to Dumas.

Mary Laury returned last Friday from several days visit to Hamlin with her daughter and family, the Allen Bolts.

Enjoyed visiting with Harvey and Betty Williams last weekend. They live in Clarendon and were visiting with Harve's mother, Arlie Williams.

Visiting in Memphis last Sunday was Bonnie Hill. She visited with her daughter, Carol Weatherly.

Enjoyed visiting with all the people who attended the turkey and dressing dinner at the Methodist Church last Sunday.

Delores and Hubert Price were in Austin last week in the home of their daughter and family, Sherice and Kevin Bench and Kilby.

Stuart and Vivian Smith attended the State High School boys tournament in Austin last weekend.

They reported that while there they met Scotty Setliff in a restaurant. Scotty was also there to attend the tournament.

While we were in Amarillo last Friday, and Coker was in meetings, I visited with Myra Brown at the

Mall. She said she and her family are all doing fine. Then I drove to the Santa Fe restaurant where I was most graciously welcomed by the manager, Kevin Hawkins. It's always a delight to visit with Kevin. I met my niece, Sharon Ann Collins there for lunch.

The granddaughter of Lavern Hamner, Jendy Hamner of Memphis, showed the Grand Champion barrow at the Centennial Fort Worth Stock Show. Jendy's animal brought \$10,000 in the auction, the highest price in the show's history for a Grand Champ Barrow. She is the daughter of Renee Hamner of Memphis, and Leroy Hamner.

Jerry Williams of Ft. Worth visited in the home of his sister, Mary Laury. He also visited with his mother, Christine Williams at the nursing home in Childress.

Last Monday I drove to Hamlin to meet my daughter Linda Hamilton and sons Zack and Jack from Stephenville. After lunch the grandsons returned to Turkey with me. Zack is on Spring Break.

Daughter-in-law Lisa Coker and daughter Makenzie of Brenham joined us for a visit before their return home. They also visited Lisa's parents, the Brimhalls in Olton.

Kristi Morgan Does TFCE Program

The Turkey Family Community Education Club held its regular monthly meeting on February 19. Kristi Morgan gave a program on Color Personality. Hostesses Vernell, Foy and Virginia provided valentine treats, cake and vegetables.

The next meeting will be March 18 at 6:30 p.m. at the Bob Wills Center.

The program will be on "Germany" given by Beverly Logsdon, Hall County EA-FCS. Hostesses will be Mable Morse and Mary Tripp.

Other upcoming events are the District Meeting in Henrietta on April 10, 1996, Bake Sale on April 20 and a Silent Auction on May 20. More information coming later on these events.

Celebrate 67th Anniversary by Joyce Guest

On March 10, Hoss and Lillian Mullin celebrated their 67th wedding anniversary, and were honored with recognition at their church, and dinner at Caprock Cafe.

They were taken on a drive through every lane and road in Caprock State Park, and followed all the backroads from Quitaque to the north part of Turkey.

Lillian said, "If we make it until our 70th, we'll have a celebration. We'll put the big pot in the little one."

Vida Mae Pierce Honored On 80th Birthday

Vida Mae Pierce was honored on her 80th birthday with a dinner given by her family at the El Camino Restaurant in Tulia, Texas on Saturday, February 17, 1996.

Vida had been told about the dinner for her immediate family, but was delightfully surprised when nieces and nephews came in from out of town. When the party arrived at the restaurant, Gay McClendon, El Camino's proprietor, added to the festive occasion by decorating the tables in the dining room with birthday balloons and a potted ivy with an angel cherub which was a gift to the honoree.

Everyone enjoyed the delicious meal while visiting and sharing about the family. The grand finale was a large italian cream cake (baked by Margie Pinkerton) with the inscription "Happy Birthday Grannie Bide, Mother and Vida" blazing with all 80 candles.

This was Vida's second birthday cake as Kay and Ronnie had come from Austin on Thursday, February 15, her actual birthday, and celebrated that evening with a sour cream cake that Kay had baked for her Mother.

Vida said she truly enjoyed her birthday, even blowing out all those candles. She summed it up how she felt by saying "You have made my 80th birthday a whiz".

Those attending were: the honoree, Vida and Burl Pierce of Turkey, B.G. and Judy Pierce of Cedar Creek, Texas, Kay and Ronald Eudy of Austin, Texas, Angela, Randy and Gunner Linhart also of Austin, Mary and Sharladae Pierce of Wichita Falls, Texas, Kenneth and Ann Husband of Childress, Texas, Velda Hurst of Marietta, Oklahoma, Kathy and Jonathan Davis also of Marietta.

Families In Training Recognition

As a part of a joint national effort to highlight rural development programs, the National Association of Community Action Agencies (NACAA), the National Association of Development Organizations (NADO) Research Foundation, and the U.S. Department of Agriculture (USDA) recently recognized the Families in Training program for its outstanding contributions to rural Texas.

The key to successful employment is education. However, for low-income families, and especially single parents, it is difficult to manage the roles of parent, caretaker, wage earner and student. In addition, many of those in such households must also struggle to overcome the burdens of broken homes, poverty and abuse.

The Families in Training program focuses on providing rental assistance, case management and other services to low-income persons who are pursuing post-secondary education. The program provides financial assistance, emotional support and information to assist families in healing the scars of broken homes, poverty, and in many cases, abuse. Applicants for the FIT program must be eligible for rental assistance, be a parent of dependent child (ren) and be attending or preparing to attend college or post secondary vocational education. Ninety percent of the program participants are female, single heads of households. Seventy percent of the participants are AFDC recipients.

Upon eligibility determination, each applicant must go through an intensive assessment process to be accepted into the program. This process includes completion of an extensive application before being interviewed by a "Community Task Force." This task force is comprised of community leaders and representatives from resource agencies, and is responsible for determining admission to the Families in Training Program.

Host Families Sought For Student Exchange

The American International Youth Student Exchange Program is a non-profit high school foreign exchange program in the United States, Europe, and other parts of the world. AIYSEP believes a greater international understanding is accomplished among people and countries through cultural and home stay programs. It offers qualified students a chance to spend a summer, semester or school year with a host family in America or abroad.

At present, American host families are being sought for 25 students from high schools in Europe and other foreign countries for the coming school year. Students will arrive in the United States in late August, attend the local school and return home in late June next year. The students, all fluent in English, have been screened by their school counselors in their home country and will receive medical insurance and spending money.

American families with small children are welcome to participate in the program. All families hosting a student for the year can deduct \$50 a month for income tax purposes.

AIYSEP is also seeking American High School Students, ages 15-19, who would like to spend a high school semester or year with a European family or to participate in a 4- or 6-week family stay abroad in the summer. Students are screened by AIYSEP school counselors and educators in the local schools. Candidates who have evidence of maturity, superior character and knowledge of English and foreign language can be finalists and become AIYSEP students.

Interested students and families are asked to please contact the AIYSEP International Headquarters: Office of the Director, 200 Round Hill Road, Tiburon, Ca 94920; 1-800-347-7575.

Hospice at Childress To Host Coffee For Clergymen of Area

Clergy of the area are being invited to a coffee hosted by the Childress Regional Medical Center Hospice on March 21.

Beginning at 10 a.m. in the hospital's Educational Room, the coffee will offer "Hospice Philosophy" as the topic of interest and discussion.

Can You Find The Drug Dealer In This Picture?

You live in a nice middle-class neighborhood. You don't see drug dealers on the corner. Your kids are only in grade school. Why worry? Because drug dealers don't necessarily look like the ones on television. In fact, studies show that your kids are more likely to be pushed into using drugs by someone their own age - someone they think is their friend.

So tell your children that anyone who offers them drugs is not a friend. Next, be an informed parent. Call 1-800-269-4237 and ask for a free booklet called *Growing Up Drug-Free - A Parent's Guide to Prevention*. Then and this is really important - get to know your kids' friends. And their parents. Because with you in the picture, chances are a drug dealer won't be.

Soil Test Before You Buy Fertilizer

Provided by: Rebel Royall
 The Texas Agricultural Extension Service has launched the 1996 Soil Test Campaign. Homeowners should consider some things before buying fertilizer for the coming season. Hundreds of tons of fertilizer are applied on Texas lawns every year without knowing what kind and how much is needed for their individual lawns. Just as too much water creates problems for a lawn, too much fertilizer also can be damaging. If a lawn receives more nutrients (fertilizer) than it can use, the excess may run off and contaminate surface water or groundwater. Each lawn is made up of thousands of grass plants. Some soils have enough natural fertility to keep your lawn growing well, others don't. Plants use water and nutrients they get from the air and soil to manufacture their own food. This process is dependent on a steady supply of nutrients, primarily from the soil itself. One key to a lush, green lawn is timely application of the right fertilizer.

Soil Test now to insure a healthy lawn this spring" said Soil Chemist Dr. Tony Provin who directs the Texas A&M Soil, Water & Forage Testing Lab in College Station. "Odds are that it will need some fertilizer, but probably less than you think. Find out for sure with a Soil Test. With the ever-increasing environmental awareness of contamination of our natural resources, do your part."

The Extension Service is encouraging homeowners to pick up a new Soil Test kit at retail stores where fertilizers are sold, or from county extension offices. The kit contains simple direction, a plastic bag for the soil sample, and information card and prepaid mail. There will be a fee and it covers the soil analysis, preparation of the report and postage. "For about the cost of a bag of fertilizer, you can get information that could save you money on fertilizer expense," said Provin. Allow five working days to receive your personal soil test lab results.

"The report tells you what nutrients are already in your soil and which formula of fertilizer, if any, to use, and how much," said Rebel L. Royall, CEA-AG, County Agent. "The report both recommends how much fertilizer to apply at first, as well as the rest of the year. Use your Soil Test report when you buy fertilizer. The recommendations are based on individual results rather than geographic areas."

Note Changes in Mailing

The "Don't Bag It" program has been in operation for a few years now. The "Soil Test Kits" are available through retail stores where fertilizers are sold and from the local county extension office. For those who might have used this service in the past and may possibly have some of the envelope kits at home, this serves as a notice of some changes in the use of those bags. Anyone that has a "Don't Bag It" envelope that shows the address of Plains Testing Lab, Lubbock, Tx. may no longer use those bags effective February 24. The Lubbock Lab was closed on September 30 as a result of budget cuts. Since the time of their closing, the College Station lab has taken over this program. They have worked out an agreement with the U. S. Post Office for these envelopes to be forwarded until the permit expired on February 24. During this time, the envelopes on hand with the Lubbock address were corrected and new envelopes were printed for all to reflect the College Station lab address. Under no circumstance will the post office forward the Lubbock address envelopes after this date. Neither may you mark through the address and write in College Station. These will not be forwarded! New address envelopes are now in county offices and will be distributed to the retail stores. Please contact Rebel L. Royall, CEA-AG County Extension Agent, if you need assistance.

To be able to use leisure intelligently will be the last product of an intelligent civilization.
 —Bertrand Russell

THE CITY HALL—this week occupied its new quarters in the recently purchased 2 story brick building adjoining the post office building. Contractor Elbert Hedrick has done a fine job remodeling the front and redecorating.---
THE A-1 CLUB—held its regular weekly meeting Monday and elected officers for 1941, according to a note left in this office by two young ladies. However, the reporter did not give any names, so we cannot report them here. We should like to hear more from the A-1 Club.---

MAMA'S BABY BOY—was Olen Holland, and the Junior Class Play performance Tuesday night was good. A surprise entertainment before the opening curtain was given by Odell Cunningham and Wayne Hunter who offered string music. Between the acts a group of budding musicians from Mrs. Jenkins' third grade class played several popular compositions on tonettes. Students in pre-band training, these serious young people can read music. Miss Jenkins points out that this organization is the foundation for a Civic Band in Turkey.---

Born to Mr. and Mrs. Harold Ellison, March 3 at 12:50 a.m. a seven and one half pound girl. Dr. P. Alan Filkell was the attending physician.---

A twelve pound boy was born February 28 at 8:45 a.m. to Mr. and Mrs. Don Carlos Furrath, of the Weatherly community. Dr. J. E. Garner was the attending physician.---

Mr. and Mrs. Doc Young and Mr. and Mrs. A. J. Hanna visited Mr. and Mrs. Bill Lyon Sunday.---

Mr. and Mrs. Otto Geisler spent the week end in Turkey with Mr. and Mrs. George Rauy Colvin and children.---
