Quitague Homecoming Enjoyed By Exes

Saturday, August 3, 1996 saw many ex-students and ex-residents of Quitague coming home for another visit. Many had arrived for the Friday Night Hamburger supper but by 9:30 Saturday morning when the registration began many more were driving into town to visit with old friends and classmates.

While only about 250 registered the catered lunch served around 315 persons. After the luncheon the business meeting was held and the new slate of officers was presented to the group. Rhonda Rogers was installed as the new president for the 1999 Homecoming in Quitague. Robin Harmon will serve as vice president and Johnny Griffin will be the secretary treasurer. Joyce Price is to be the reporter-historian. Warren Lee Merrell, Dale Ramsey, Buddy Price and Kay Calvert will be serving the committee as advisors.

E. J. "Tubby" Hamilton of Lubbock was recognized as being the oldest ex-student to be at the homecoming celebration. He was in the graduation class of 1926.

Melvin H. James of Wasilla, Alaska was recognized as having traveled the farthest to be at the Quitague 1996 Homecoming. He was the son of John Ollen "Burro" James and had been in school at Quitague from the first through the sixth grade. His brother, Henry H. James of Lubbock also attended the homecoming this year.

Ex-students and residents came from all points in Texas, as well as Utah, Alaska, Oregon, Oklahoma, New Mexico, Louisiana, California, North Carolina, Illinois, and Kansas.

Wilburn Leeper began the program with the Invocation Saturday evening. The Welcome was given by Kay Calvert who also recognized the special groups for this year's homecoming. Barney Bogan gave the early history of the school.

Jimmy Davidson then presented the Queen and King of the 1996 Quitague Homecoming to the meeting. Imogene Bedwell Bethel of Lamesa was chosen as the Queen for the Homecoming of 1996. Mrs. Bethel was born in Arkansas and moved to Gasoline as a child. She was in the graduating class of 1936. Before marrying and moving to Floydada she was the chief telephone operator for a few years in Quitague.

Maynard "Fish" Wilson was acknowledged as the first King of the homecoming. Mr. Wilson graduated with the class of 1926 having come to "town" to finish his education. He had previously attended the Gasoline School. Fish came to Quitague when he was 7 years old from Arkansas.

O. R. Stark, Jr. introduced the speaker, Jack Johnson. Jack who now resides at Leander, Texas was a 1964 graduate of Quitague High School. He was the son of Amelia Johnson, now of Hereford and the late Alton Johnson. After his graduation from WT he was employed by Gulf Oil Company and continued to work for the Chevron Company when they purchased Gulf.

Benediction was given by Bob Ham.

The Homecoming Dance was also well attended. It was estimated that about 200 attended the event.

104th Celebration For Briscoe County

Briscoe county will be celebrating for the 104th time this week. Thursday night there will be a county team roping at Wood Arena beginning at 7 p.m.

THEN & NOW!

by Eunice McFall

Homecoming 1996 for Quitague is now a thing of the past. The happening has come and went. The day of fun and festivities is just a memory for one and all. It can never be recalled to live over again except in the thoughts, minds and memories of those who attended. All of those who worked so hard to put together a happy happening for the ex-students, ex-teachers and ex-residents of the town of Quitague will have good memories of it being well attended, of the companionship that they have shared with all the workers who helped put the Homecoming agenda together and the knowledge that they have done a very good job.

All those who came from out of town will have pleasant memories of a day or two out of their busy lives when they took the time to stop and "smell the roses" so to speak. Time out to renew acquaintances with old school chums, neighbors of yesterday, and friends often thought about but never contacted. Those who attended from out of town were very complimentary to the plans and organization that the Homecoming Committee had put into motion so that the trip that they had made to come "home" was a most pleasant one.

Many Quitague residents asked that it be acknowledged in the paper that the Homecoming Committee had done a wonderful job. People liked the idea of having all the activities in the same location so that you had more of a chance of seeing and getting to visit with your old friends. The group is to be commended for a job well done!!

Now it is time for the new slate of officers to begin to make plans for the upcoming homecoming which will take place in three years. Yes, it sounds like a long time but before you can turn around it will be 1999 and Homecoming Time for Quitague will be upon us once again. The sad fact is that many of those that we got to see and visit with this year will not be here for the next one. That is a sad fact of life but it is also wonderful that every time there is a reunion or a homecoming group gathering—you will have a great new mixture of friends, family and neighbors to enjoy. So come on all of you, put August 1999 Quitague Homecoming on your calendar.

Congratulations to all the hard workers for the successful 1996 Quitague Homecoming. Your ideas and execution of them was very well carried out. Residents of Quitague and those who traveled far want you to know how very much you are appreciated.

Applications For Aoudad Hunt Available At Park

Applications for the Public Aoudad Hunts are now available at the Caprock Canyons State Park. The deadline for filing these applications will be October 1, 1996.

The first hunt will be December 11-13. The second will take place in 1997 on January 8-10, to be followed on January 15-17 by the third hunt.

Please contact the park personnel at 806/455-1492 if you are interested in applying for an application or for further information.

Exes Enjoy Hamburgers

Approximately 200 people were on hand Friday night for hamburgers and brownies prepared by local residents.

Many contributed their time and effort in making the supper a success.

Dale Smith and others prepared the hamburgers and others brought the brownies.

Everyone enjoyed the evening, visiting, eating and catching up on all the news.

This was a community effort and all are to be commended for their time and support in making the supper a success.

'Give me an h-o-e'

by Kay Schubert of Plainview Daily Herald

Seeing cotton hoers these days isn't unusual—they're in just about every Texas cotton field.

However, seeing six high school cheerleaders hoeing cotton is pretty rare. Besides, it isn't exactly the image that comes to mind when you think of cheerleaders.

But it gets the Valley High School cheerleaders from Turkey and Quitaque one step closer to raising money needed to perform during Hawaii's Hula Bowl All-Star Football Classic half-time in January. So it's worth it to them—even though they have to contend with energy-sapping heat, blistered hands and very early mornings.

In fact, to them they just might be working harder now than the football team will be when they start two-a-days.

But the girls can take it, they insist, because, after all, as one of the girl's T-shirt boldly declared "if cheerleading was any easier, it would be called football."

Since beginning to hoe the girls have learned to wear hats, light clothing, and sun screen, and only one day out showed them how taboo tank tops really are.

And their alarm clocks have been going off a lot earlier than usual. They're out in the fields by at least 6 a.m., so they can go back in to rest during the afternoon heat.

Before sundown, however, they're back out in the fields hacking away, and by the looks of it, really enjoying each other's company, said Carol Ramsey, the mother of cheerleader Kristin Ramsey.

Cheerleaders who are working so hard are Katrina Stewart, Janet Ross, Mandy Pigg, Kristin Ramsey, Jessica Ortiz and Monica Ortiz with Jamie Taylor as mascot.

TURKEY NEWS

A Great Visit

Rochelle Carnes and her daughter, Kortni, who live in Turkey traveled on Tuesday, July 23rd to Wichita Falls with Luella Davis, who lives in Childress.

They stayed in the home of Leon and Juanita Damron.

Wednesday evening, several of the Damron's family members came over for a swimming party and a cookout.

Guests included Roy and Mona Damron, their son Roy Jr., their daughter Becky and Becky's daughter, Paige and Becky's friend.

Also included were Paul Damron and Barabara, Luella Davis and Rochelle and Kortni Carnes. They had a wonderful meal and a great time swimming.

During their stay in Wichita Falls, Rochelle and Kortni visited with Rochelle's aunt, Lucille Gomillion, whom she had not seen in twelve years. They also visited with Rochelle's cousin Dan Gamillion. Rochelle, Kortni and Luella Davis also had a visit with a friend, Dorothy Burton. Rochelle also visited on the phone with a long time friend and old schoolmate, Debbie Carroll.

Rochelle, Kortni and Luella all had a wonderful stay at the Damron's home, which included lots of swimming, lots of great food and a great visit with everyone.

They returned home on Friday. They appreciated the Damron's hospitality.

Visiting with Mr. and Mrs. Johnny Peery from last Thursday to Saturday were her two brothers, S.B. and Bob Crain from Amarillo, her four sisters: Mary Beth Doss of Amarillo, Fern Powers of Everett, Washington, Maxine Atkinson of Garland and Sandy Aultman and daughter Connie of De Sota.

The Perry's daughter, Jon Etta and family of Silverton, Linda Kennell of Silverton and Del Ray Howe of Turkey were all dinner guests at the Perry home on Thursday night.

Mr. and Mrs. Duane Jenkins of Higgins were week-end visitors in the home of their son and family, Daniel and Jackie Jenkins and Jordan and Crissa. Mrs. Duane Jenkins was persuaded to be the pianist Sunday morning at the Methodist Church as the regular pianist, Robin Bodecker was on vacation. Mrs. Jenkins accepted quite graciously and was much appreciated.

June Montgomery received a phone call recently from Duncan McLean, the writer from Scotland. He visited in Turkey over a year ago for some background on his favorite Western Musician, Bob Wills.

Mr. McLean hopes to be in Turkey next Bob Wills Day and be in the Bob Wills Museum to sign his book, which he hopes will be published by then, about Bob Wills.

He told Mrs. Montgomery he is looking forward to returning to Turkey because he loves the town and the Turkey people. We're looking forward to reading his book.

In Dumas last Wednesday and Thursday were Dot Arnold and Janice Wheeler. They were helping Karen and Wes McDougall move from Amarillo into their new home in Dumas.

Traveling to Green Belt Lake by Clarendon last week were Janice Russell, Kim Cloyd of Memphis and Annie B. Cloyd of Flomot. They went to the home of Julie Mullanax and surprised her on her birthday.

Returning from cool South Fork, Colorado last Saturday were Danny and Laura Stewart and children Katrina and Brandon. They enjoyed trout fishing, sight seeing and resting!

A family Sunday dinner was enjoyed recently at the home of the Jess Mullins. Those present were Beth Mills of Estelline; Conrad and Melaine Mullin, Shelia and Chuck Mullin, Christy and Dan Amber Thomas all from Granbury; Garrett Mills from Ft. Sill; and the children brought their dad, Jess, home for the day from the nursing home.

Beth Mills celebrated her birthday recently in Amarillo with her son and family, the Todd Mills.

California visitors in Turkey and Flomot are Beryl and Lee Blackshear, daughter Jennifer Hembd and grand-daughter Jolene Blackshear, the daughter of Butch Blackshear. The group ate lunch with the Cokers on Sunday and visited in the home of Arlie Williams Monday.

The two girls are enjoying some sight seeing. Monday, Jennifer and Jolene traveled to Amarillo and they plan to go to see "Texas" on Tuesday night. This is Jolene's first trip to Turkey.

Visitors in the home of Arlie Williams last Sunday were her son Terry Doc and wife Charlotte Williams from Abilene. Harve Williams, Jr. and wife Gen were also there to spend the night with Arlie.

1995-96 Texas A&M Ranch To Rail

by Rebel L. Royall CEA-Ag. Two hundred fifty eight ranches from five states participated in the 1995-96 Texas A&M Ranch to Rail program. Ranch to Rail is an information feedback program that allows commercial cow calf operators and purebred breeders to determine if their calves meet the needs of the beef industry and to realize what constitutes value beyond the weaned calf phase of beef production.

High grain prices and low fed cattle prices resulted in an average loss of \$28.32 per head. However, the range in ranch returns per head varied from +\$137.04 to -\$307.91. Steers were sold on a carcass basis with premiums for Choice and Prime quality grades and discounts for Standards. Premiums were paid for Yield Grades 1 and 2 with discounts for Yield Grades 4 and 5. Carcass prices were relatively good in February and March when the first steers were marketed, but weakened in May when the bulk of the cattle were sold.

Therefore time of marketing had a major influence on net return. However the data documents that even in bad economic times there are cattle that excel in meeting the needs of the beef industry. The high profit ranch entry (\$137.04 per head) happened to sell at the top of the market.

However, if you use the average carcass prices paid for the various quality grades and yield grades, their calculated net would still be \$110.08. This ranch entry, like the other 17% of the ranch entries that had a positive net return, were characterized by high rates of efficient gain, low medicine costs and lean, high grading carcasses.

There are those who believe that since calves are so cheap you can't afford to properly prepare them to enter the marketing channels. Even though calves are cheap, the cost of production due to high grain prices necessitates attention to details to optimize production. Calves that got sick at the feedyard (primarily respiratory disease)

had an average medicine cost of \$34.05 per head and a death loss of 3.5%. They didn't gain as well nor did they grade as well as healthy calves. They calculate to be worth \$10.33 less per cwt. as feeders due to their inefficiencies and added production costs.

Producers who are serious about being competitive in the future need to determine whether or not their steers meet the needs of the industry and implement changes in genetics and/or management to hit the industry target. Ranch to Rail provides that opportunity.

Nominations for the 1996-97 Ranch to Rail program are due September 10, 1996. Nomination forms can be picked up at the Briscoe County office of the Texas Agricultural Extension Service. To obtain a copy of the 1995-96 Ranch to Rail Summary Report: Telephone: (409) 845-3579; Fax: (409) 862-2942 or write Ranch to Rail, 110 Kleberg Center, College Station, TX 77843-2471.

Classes of '58-'63 Gather At Griffins

The classes of '58-'63 met at Weldon and Billie Jeane (Woods) (Class of '60) Griffin's Saturday afternoon after the business meeting. There were nine members of the 1960 class present. It is always such fun to get together every three years and recall old times and find out what is going on with everyone.

There were about 35 Quitaque Exes all talking and laughing at the same time while enjoying remembering when!

Everyone agreed that every homecoming gets better and that the Homecoming Committee is to be commended for their superb job. All present had a great time and are looking forward to being together again in August of 1999.

E.Y.eyes

Computer Use And Vision Do's & Don'ts

(NAPS)—If your eyes are tired from "surfing" the Internet, help may be just a blink away. When it comes to easing computer-related eyestrain, blinking is the key. This mechanism releases

the lubricating oils and enzymes produced by the glands that line the eyelid. When computer users sit in front of a screen for an extended period of time, they blink less, causing eye moisture to evaporate. The result is a condition called *dry eyes*. The Better Vision Institute (BVI) offers these do's and don'ts to workers who want to avoid computer-related vision problems:

- **DO** discuss computer-related vision problems with an eyecare professional; determine if your prescription eyewear will meet your needs.

- **DO** avoid glare. Never keep a bright light right behind the screen and never place a terminal in front of a large window.
- **DON'T** work in the dark. The contrast between computer-generated light and lack of background light strains the eyes.

- **DO** take a break at least once an hour for about 10 minutes.

A good rule to follow is that when your eyes start to bother you, talk to your eyecare professional. He or she may be able to change your prescription or advise you about how you can help yourself see better.

Broken mirrors can be good luck to the decorator who has the pieces cut into squares as attractive coasters for vases and bowls.

Fifth Grade

1 package (10) #2 pencils, 2 black or blue pens, 1 box of crayons, 1 package magic markers, 1 box of map colors, 1 ruler (metric/standard), 1 large bottle glue, 6 folders with pockets (different colors), 1 spiral notebook, 1 trapper keeper or notebook, scissors, erasers, 2 packages of notebook paper and 2 to 3 large boxes of tissues.

Quitaque Exes Enjoy Golf

A group of Quitaque exes and friends meet Friday morning at Clarendon Country Club for a golf scramble.

There were 12 playing and former 56' graduate, Joe David Payne and Silvertown graduate, Steve Jarnagin came out in first place followed by 76' graduates, Joey Barefield and Danny Mayfield in second. John L. Johnson and John Mason followed with third. Close behind were Willie and Laurine Gragson & Betty Hatch followed by Al Ramsey and Joe Hatch. Former teacher and coach, Roy Grundy came later and joined the group.

Not only was it an enjoyable outing for the group, the Johnson's pot bellied pig seemed to like it as he lay patiently under the cool of the trees for the trip back to Quitaque.

1996 Property Tax Rates in City of Turkey

This notice concerns 1996 property tax rates for City of Turkey. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$ 36,228.01
Last year's debt taxes	\$ -0-
Last year's total taxes	\$ 36,228.01
Last year's tax base	\$ 7,215,801
Last year's total tax rate	\$.50 /\$100

This year's effective tax rate:

Last year's adjusted taxes (after subtracting taxes on lost property)	\$ 36,228.01
+ This year's adjusted tax base (after subtracting value of new property)	\$ 6,801,646
= This year's effective tax rate	\$.53263 /\$100
x 1.03 = maximum rate unless unit publishes notices and holds hearing	\$.54860 /\$100

This year's rollback tax rate:

Last year's adjusted operating taxes (after subtracting taxes on lost property and adjusting for transferred function)	\$ 36,079.00
+ This year's adjusted tax base	\$ 6,801,646
= This year's effective operating rate	\$.53044 /\$100
x 1.08 = this year's maximum operating rate	\$.57287 /\$100
+ This year's debt rate	\$ -0- /\$100
= This year's rollback rate	\$.57287 /\$100

Schedule A

Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Maintenance and Operation	-0-

Schedule B

1996 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid from Property Taxes	Interest to be Paid from Property Taxes	Other Amounts to be Paid	Total Payment
None	\$ -0-	\$ -0-	\$ -0-	\$ -0-
(Expand as needed)				
Total required for 1996 debt service			\$ -0-	\$ -0-
- Amount (if any) paid from funds listed in Schedule A			\$ -0-	\$ -0-
- Excess collections last year			\$ -0-	\$ -0-
= Total to be paid from taxes in 1996			\$ -0-	\$ -0-
+ Amount added in anticipation that the unit will collect only 100% of its taxes in 1996			\$ -0-	\$ -0-
= Total Debt Levy			\$ -0-	\$ -0-

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at Hall Co. Appraisal District, 721 Robertson St., Memphis, Texas 79245

Pointers For Parents

Just The Tool For Junior Wordsmiths

(NAPS)—Budding young bibliophiles will delight in discovering a contemporary new dictionary that speaks their language.

The *Scholastic Children's Dictionary* (Scholastic Inc., \$16.95) includes words children can relate to—such as cyberspace, Kwanzaa, infomercial, morph—and might not be able to define anywhere else.

The pronunciation system is also child-friendly. All entries are followed by phonetic pronunciation guides and spelled out so that users can repeat them.

This dictionary is as much fun as it is easy to use.

Colorful illustrations excite interest and elaborate on definitions. In addition to the definition of the word *castle*, for example, a full page illustration features dozens of labels for every part of the structure, from the *parapet* to the *garderobe*. A-Z color tabs make information in the book easy to access.

Also offered are additional forms of words to help spelling and writing; language notes and word histories; Braille and American Sign Language alphabets; plus medical and scientific terms.

The child-friendly reference book is available in local stores.

If you spill something in the oven while baking, sprinkle some salt over it immediately. This will make the cleaning up later much easier.

Aubrie Brie Ann Arneel

Kerri and Robert Arneel of Flomot are the proud parents of a baby daughter, Aubrie Brie Ann. She was born at 5:04 a.m. Monday, August 5, 1996 at the Mangold Hospital in Lockney. She weighed 8 pounds, 4 1/2 ounces, and was 21 inches long.

Welcoming the new arrival are brother Michael, 7, sister Alyssa, 4, and grandparents Babe and Nell Jones of Floydada; Mrs. Lupe Barry of Arlington and Mike Barry of Seattle, Washington.

1956 Class Reunion

by J. Price

Of the thirteen graduates of the class of '56', ten attended the 40th class reunion as well as several other classmates that didn't graduate with us. Pete White and Elizabeth Owens were the two that couldn't make the reunion. We lost our friend, classmate and the general all-around class clown "Floops" R.J. Finney in a car accident. Our class has remained close and there is a special bond between us that will last a life time.

Those graduates and classmates attending were; Layne and Betty Cushingberry, Joe Edd Helms, Joe and Janice Payne, John and Janet Johnson, Ann Bingham, Jean and Dean Mullin, Willie and Laurine Gragon, Bennie and Duane Gorman, Peggy and Clayton Smith, Joyce Price, Jo Nell and Claude Sheets, Margie Trent and Gearld and Dallas Boggs.

After our graduation, a comment overheard was, "Well, with this bunch out of school maybe we can finally have a good school."

Our class did make a lasting impression. There is still talk about the goat and coon in the school, the cherry bombs, stink bombs, hookey-playing and peeping-toms in the girls dressing room. It was a mistake for us to have the Ag room as our home room. It was nothing to see baby chicks running the halls of the school, causing Mr. Peacock to develop a few gray hairs. Our Senior Trip was quite an adventure. Many of the exes commented on what a good group of room mothers we had. How Mrs. Barefield and Mrs. King survived our senior trip is still a mystery to all of us.

It has been said that our class retired a few teachers. Apparently, all was not lost, as there are quite a few success stories involving the class of '56'.

Joining the class was approximately 30 Quitaque exes from different classes. We were honored to have one of our former teachers with us, Jimmie Hunter.

As we were going to press today, Joe Edd Helm's brought a letter from Pete White that he had received today. He had addressed it to the class of '56' and brought us up to date on his life. He still thinks of this as home and plans on visiting here in September.

Everyone is looking forward to the next homecoming and reunion.

Friday night a good crowd showed up at the "Babe" Chandler barn for a tailgate party.

The barn was gaily decorated with school memorabilia as tunes of the 50's, 60's and 70's were playing, bringing back a lot of old memories.

Members of the group tried out for the basketball shoot-off. It all came down to the battle of the sexes. Barbara Scroggins (the host) and Roland Hamilton were the finalist with Barbara taking the honors.

Everyone reported an enjoyable evening.

OVERHEARD

OK, so I saw it on a T-shirt, but it's still true: Stressed is desserts spelled backward.

REUNION OF PIONEER FAMILY

The descendants of Benjamin Franklin and Symantha Emaline (Fannie) Vaughn Turner held a family reunion, Sunday, August 4 at the Community Center building in Flomot. The 85 who registered enjoyed meeting family members and reminiscing with those they knew. The good food included the savory smoked brisket roasts that Richard Turner of Matador had cooked on outdoor grills with mesquite wood.

B.F. and Fannie married in 1887 in Bell County Texas. The young Turner family came to Motley County in 1891 and settled four miles southeast of Flomot. The family home was an early landmark.

Families represented were Maggie (Mrs. Doug Meador), Tom (M. Estelle Scrivner), Luther B. (M. Rose Jones), Lizzie (Mrs. L.B. Archer), Minnie (Mrs. R.M. Morris) and Hattie (Mrs. John Jones). The only family not represented was Lou (Mrs. Alvin Ross). The only surviving child is Roxie Turner, a resident in a Care Center in Dimmitt, who was unable to attend because of illness.

Family members attended from Abernathy, Amarillo, Floydada, Flomot, Graham, Lubbock, Matador, Ozona, Petersburg, Plainview and Waco.

ATTEND FUNERALS

Mr. and Mrs. Doyle Clavert attended the graveside services of her sister in law, Jean Warren Lyles, 71, held in the Rest Lawn Memorial Park in Hereford, Friday morning, Aug. 9. Mrs. Lyles was a professional artist and conducted art classes in Turkey and Matador.

Mr. and Mrs. Tom Ross and Aleda Elaine attended the funeral services Tuesday, August 6 of his brother in law J.L. Carson held at the First

Class of 40, 41 and 42 Reunion

The classes of 40, 41 and 42 met Saturday afternoon in the home of Murry and Johnnie Morrison for their class reunions. Lots of visiting and reminiscing was done by all. Those attending were Emily and Barney Bogan of Nacogdoches, Marion and Reba Wilson of Pampa, Joe and Owayne King of Dumas, Jean Grundy of Lamesa, Mary Joyce (Bailey) Pinkard of Jefferson Lake and Jo Mae Merrell, Earl Patrick and Murry and Johnnie.

Ronald and Jackie Carpenter were host at their home after the hamburger cook-out for several exes.

There were twenty-four people present with lots of laughter and visiting.

We really appreciate everyone for attending and making it such a special time.

Three refreshingly cool and delicious summertime drinks

There's no faster way to beat the summer heat than with frosty, refreshing and simply delicious drinks that are high in taste and low in calories. And there's no better way to create these sensational summertime treats than with SugarTwin sweetener—the quick and easy way to sweeten without the calories.

SugarTwin is a favorite choice among men and women who are looking to reduce their sugar intake. Since SugarTwin dissolves quickly, it's the perfect sweetener for a variety of cold drinks throughout the warm summer months. And don't forget to use SugarTwin in your iced tea or iced coffee—it makes a cool version of your favorite hot drinks.

To help keep you cool this summer, SugarTwin has created three delectable drinks to refresh and revitalize; Mocha-Mint Cooler, Tropical Colada and Peach Froth.

Mocha-Mint Cooler

In a blender combine:
 1 tablespoon instant coffee dissolved in 1/2 cup boiling water
 1-1/2 cups skim milk
 2 tablespoons unsweetened cocoa
 2 tablespoons SugarTwin Spoonable or 3 SugarTwin packets
 1/4 teaspoon mint or peppermint extract
 2 cups crushed ice
 Blend on medium-high speed for 30 seconds. Serve over crushed ice in chilled glasses. Garnish with fresh mint leaves. Makes 4 servings.
 Per serving: 50 calories, 0.5g fat, 0mg cholesterol, 50mg sodium, 7g carbohydrates, 4g protein.
 Diabetic Exchanges: 1/2 nonfat milk.

Tropical Colada

In a blender combine:
 1/2 cup mashed ripe banana
 (1 medium)

1/2 cup crushed pineapple in pineapple juice
 1/2 cup nonfat plain yogurt
 1/4 cup orange juice
 1/4 cup skim milk
 2 tablespoons SugarTwin Spoonable or 3 SugarTwin packets
 1/2 teaspoon coconut extract
 1/2 teaspoon rum flavoring
 2 cups crushed ice

Blend on high speed for 1 minute. Serve over crushed ice in chilled tall glasses. Garnish as desired with ground nutmeg or orange slices. Makes 4 servings.

Per serving: 80 calories, 0g fat, 0mg cholesterol, 35mg sodium, 18g carbohydrates, 3g protein.
 Diabetic Exchanges: 1/4 nonfat milk, 1 fruit.

Peach Froth

In a blender combine:
 1 (1-lb.) can sliced peaches packed in juice, drained
 1/2 teaspoon unflavored gelatin dissolved in 1 tablespoon cold water
 1/4 cup SugarTwin Spoonable or 6 SugarTwin packets
 1 tablespoon lemon juice
 2 cups chopped ice

Blend all ingredients except chopped ice on high speed 30 seconds. Add 2 cups chopped ice. Blend on high speed 15 seconds. Serve in chilled tall glasses. Makes 4 servings.

Per serving: 45 calories, 0g fat, 0mg cholesterol, 15mg sodium, 9g carbohydrates, 1g protein.
 Diabetic Exchanges: 1 fruit

1996 Property Tax Rates in Turkey-Quitaque I.S.D.

This notice concerns 1996 property tax rates for Turkey-Quitaque school district. It presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes and state funds by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$ 326,895.86
Last year's debt taxes	\$ -0-
Last year's total taxes	\$ 326,895.86
Last year's tax base	\$ 33,153,739
Last year's total tax rate	\$.986 /\$100

This year's effective tax rate:

Last year's adjusted taxes	\$ 326,895.86
(after subtracting taxes on lost property)	
+ This year's adjusted tax base	\$ 33,144,261
(after subtracting value of new property)	
= This year's effective tax rate	\$.98628 /\$100
x 1.03 = maximum rate unless the school district publishes notices and holds hearing	\$ 1.01586 /\$100

This year's rollback rate:

Last year's adjusted operating taxes	\$ 326,895.86
+ This year's adjusted tax base	\$ 33,144,261
= This year's local maintenance and operating rate	\$.98628 /\$100
x Student enrollment adjustment	1.0
= This year's adjusted maintenance and operating rate	\$.98628 /\$100
+ \$0.08 cents = this year's maximum operating rate	\$ 1.06628 /\$100
+ This year's debt rate	\$ -0- /\$100
+ Rate to recoup loss certified by commissioner of education	\$ -0- /\$100
= This year's rollback rate	\$ 1.06628 /\$100

Schedule A

Unencumbered Fund Balances

The following estimated balances will be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Maintenance and Operation	\$616,828.00

Schedule B

1996 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid from Property Taxes	Interest to be Paid from Property Taxes	Other Amounts to be Paid	Total Payment
None	\$ -0-	\$ -0-	\$ -0-	\$ -0-
(Expand as needed)				
Total required for 1996 debt service	\$ -0-	\$ -0-	\$ -0-	\$ -0-
- Amount (if any) paid from funds listed in Schedule A	\$ -0-	\$ -0-	\$ -0-	\$ -0-
- Excess collections last year	\$ -0-	\$ -0-	\$ -0-	\$ -0-
- Total to be paid from taxes in 1996	\$ -0-	\$ -0-	\$ -0-	\$ -0-
+ Amount added in anticipation that the unit will collect only 100 % of its taxes in 1996	\$ -0-	\$ -0-	\$ -0-	\$ -0-
- Total Debt Levy	\$ -0-	\$ -0-	\$ -0-	\$ -0-

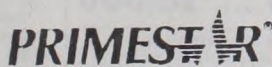

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at Hall Co. Appraisal District, 721 Robertson St., Memphis, Texas 79245

Hill and Hill Cafe, that is Jim Nat, Johnny and Hansel, closed a deal this week for the purchase of the Clayton Hamm building occupied by Marshall Auto supply. They will get possession about the 15th however Mr. Marshall stated Wednesday that he did not know at that time just where he would move to.

The building will be improved, painted and the front straightened, doing away with the show windows and in-set or lobby, New inlaid linoleum has been purchased for the floor, new fixtures as far as they are obtainable will be added and a new roof is this week being put on the building.

Several tables will be added for the convenience of their patrons, since the new location will afford more room, and Johnny stated Wednesday that they would make it as modern as possible under wartime restrictions of materials.

Hansel returned to his duties in Nevada last Saturday and Johnny will leave for his post in Louisiana Friday, but he said they expected to get the cafe in its new location by or before September 1. Work on the interior of the building, moving and installation of new fixtures will begin as soon as Mr. Marshall vacates, Mr. Hill stated.

Duncan Chandler is opening a cream station and produce business Friday in the building formerly occupied by Ollis Young Grocery. All of his equipment has been placed and he said he is ready to go.

In addition to buying all kinds of produce, Chandler will handle a full line of dairy and poultry feeds, he stated, some of which is now on hand.

The new business will be known as Turkey Produce and Duncan invites all of his friends and the public to come to see him.
