Flomot Baptists Plan Revival To Begin Friday

The First Baptist Church of Flomot will be in revival Monday through Friday, September 27 to October 2, at 7:30 each night. There will be food and fellowship following the services each evening.

Rev. Ralph Jackson, pastor of Mt. Zion Baptist Church in Floydada, will be guest evangelist, and Johnny Rodriguez, music director of Templo Baptist Church in Plainview, will lead the singing. Mrs. Bertha Rogers, also from Templo Baptist Church, will be accompanist.

Mt. Olive Baptist Church Revival Set In October

The Mt. Olive Baptist Church of Turkey will be having a revival from October 7 through October 9th.

Brother Bennie Anderson of the Macedonia Church in Quitauque will be bringing the messages each night.

Everyone is encouraged to attend this revival meeting.

THEN NOW!

by Eunice McFall

Vacation, doesn't this word have a lovely ring to it? The meaning of it according to Mr. Webster is a period of rest from work or study! To me it also means a time to be doing something totally different to your usual activities. This in itself should be restful to a person. (You did note the key word in that sentence, "should.")

If you spend most of your working hours sitting, it is a joy to spend time doing your garden work or house work. While on the other hand if you do physical labor all day it is a treat to sit to do something.

We hear lots today about mini-vacations. Instead of one long, tiring vacation, take several week-end ones. These too can get to be a burden as you rush through the week to be able to relax on the weekend--Ha--too tired to relax--because after all you are on vacation so you must "do" something to prove you are relaxing--stress attack coming on.

Well Jimmye was nice enough to give me a week's worth of "rest and relaxation" Patti was going to do the paper (and I might add here she did a beautiful job too!) so I had nothing between me and rest and relaxation!

My plans were to sleep late everyday--and just do what I wanted when I wanted to do it--a totally selfish outlook. Well to make a long story short--not one morning did I get to sleep late. Oh yes I did get an hour nap one afternoon. Rest and relaxing I got none of. The refrigerator decided to conk out completely--the house cleaning I started got put aside rapidly when our son had to have emergency surgery.

Needless to say my selfish wishes of doing as I pleased flew out the window as I sped to the hospital with only thoughts of Bruce's getting there in time for his life to be saved. When we are faced with these life and death situations everything else pales beside them.

Yes it was touch and go for a few days but at noon today he was once again out of ICU and sounding good and hopefully on the road to a complete recovery.

Thanks to Patti I had not one worry about the paper last week as I knew it was in good hands! I could spend all my days and nights praying for my son's recovery! My "vacation" was not restful or relaxing but it was truly the best time for me to be on one. Thank you Jimmye and Patti.

Swisher, Briscoe Farmers May Apply For Rain, Hail Loss Loans

Applications for emergency farm loans for losses caused by excessive rain and hail are being accepted at the Farmers Home Administration (FmHA) office located in Tulia, FmHA County Supervisor, Ross W. James said today.

Swisher and Briscoe Counties are two of twelve in Texas recently named by Secretary of Agriculture Edward Madigan as eligible for loans to cover part of actual production losses resulting from the excessive rain and hail.

Ross W. James said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

Voters Urged To Register Now

October 4, 1992 is the last day for an eligible unregistered person to submit an application for registration as a voter, in time to be eligible to vote in the general election.

Voter registration forms are available at the Briscoe County Courthouse in the Tax Assessors office.

Farmers Urged To Register Trucks

Attention farmers: Harvest time is here again and time is precious. In order to save time and extra expense, Dale Ramsey, J. P. #2 and Betty Ann Stephens, Briscoe County TAC would like to offer some advice.

Have all lights working on the vehicle. Register each farm truck so that it is current. If you need a temporary additional weight permit, please come by the office. This additional weight permit will be good for 30 days.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," James said. Farmers participating in the PIK or Federal Crop Insurance Program will have to figure in proceeds for those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until May 9, 1993 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," James said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living.

Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Tulia is open from 8:00-12:00 a.m. and 1:00-5:00 p.m., Monday through Friday.

Turkey Resident Recalls Early Railroad Days

by Ann Coker

Back in 1927, Horace Elmer Mullin was a young man of 20. He worked for approximately a year on constructing a railroad that ran through Turkey and Quitauque.

Mr. Mullin drove one of six Indiana trucks that were brought to this area by a firm in Dallas. As the cuts were made through the hills to enable the crews to lay the track, the rocks and dirt were loaded onto these six trucks. Then the trucks were driven to the field where they were dumping their rocks and dirt.

H. E. Mullin said he worked on three different cuts during his employment. He worked on the cut through the hill north of the tunnel, above Quitauque, on the cut north of the Turkey Compress and on a cut on the Ed House's place east of Turkey.

The employees all lived at the job site. Mr. Mullin stated he lived in a tent. A cook shack was set up on the premises so all the workers ate there.

As Mr. Mullin recalled his past experiences, it was quite obvious it was a very dangerous job. One day he was parked behind a truck being loaded with the rocks. As the shovel was just ready to drop a load in the truck in front of H. E.'s someone noticed a sack in the shovel. They investigated and discovered it was a sack full of dynamite! Such a narrow escape for all those in that vicinity.

The man who was responsible for the dynamite was a man they called the Powder Monkey. They would drill through the rock, place the charge in the rock and then blast it. This time he became very careless and laid the sack of explosives down where it could be loaded onto a truck!

Another dangerous experience that he had was when he backed his truck up to a 20 foot deep canyon to unload his cargo of rocks. One of the rocks was so large it wouldn't go out through the tail-gate. When it became lodged, the truck became unbalanced, and the front end reared up. Needless to say, when that front-end went up--H.E. went out the door and jumped to the ground. He thought the truck might go down into the canyon! Another narrow escape.

When the railroad crew reached the Buffalo Flat area and the terrain was more level, a lot of the local farmers in that area worked for the railroad. They used their breaking plows to plow up the right of way.

After his time spent on the railroad, H. E. went to work shoveling gravel off of a train stationed at Estelline and hauling it to be used on the construction of the road from Estelline to Turkey. After a few days, he decided that wasn't for him.

I asked Mr. Mullin if he knew Lillian, his wife at that time. He answered that they were dating then and married soon after.

Horace Elmer and Lillian have three children, Joyce Guest, Earl Dean and Harvey Mullin.

Senator Montford, Others Tour Caprock Area Tuesday

Senator John Montford of Lubbock joined a group of individuals, for a tour of the Caprock area on Tuesday of this week.

Lela Belle Cruse

Services were held at 10 a.m. Friday, September 18, 1992 for Lela Belle Cruse, 94, of Turkey who died Tuesday, September 15, 1992. J.D. Nance, minister of Rock Creek Church of Christ, and Elmore Johnson, minister of Quaker Avenue Church of Christ in Lubbock officiated.

Burial was in Dreamland Cemetery by Myers-Long Funeral Directors.

Mrs. Cruse, born in Fort Payne, Ala., was a longtime resident of Turkey. She married Elmer R. Cruse in 1921 at Elida, NM. She was a homemaker and a member of Turkey Church of Christ. She was preceded in death by her husband, Elmer in 1983, a daughter, Nora May Cruse, and a son, Alva Lee Cruse.

Survivors include three sons, Ray Cruse of Flomot, Paul Cruse of Justin and Tommy Cruse of Turkey; three daughters, Joleta Johnson, Betty Driskill and Vernell Cotten, all of Turkey; a brother, Dellos Carroll of Roswell, NM; 20 grandchildren; 47 great-grandchildren; and six great-great-grandchildren.

Pallbearers were grandsons.

Kathleen Irby

The Redell Irby's received word last Sunday of Kathleen Cheshir Irby's death. Mrs. Irby lived in Bel-Aire, a suburb of Houston.

She was the wife of Leonard Irby, Redell's cousin. Leonard Irby passed away several years ago.

Kathleen Irby grew up in Turkey and graduated from Turkey High School in the early 40's.

Mrs. Irby is survived by a son and a daughter and one brother, James Cheshir of Cross Plains, Texas.

TURKEY NEWS

Things Seen or Heard

by Ann Coker

Visited with Mr. and Mrs. Willie Royce Bradshaw from Floydada one day last week. They had nothing but good to say about the "Valley Tribune." Needless to say their compliments were most appreciated. They were in town to attend the graveside rites for Jake Lacy.

Also saw Lavern Mullin of Tulia and her mother, Babe Harwood, from Canyon. At this time Lavern is planning on retiring the first of the year and will be making her home in Canyon with her mother.

Brad Barnhill and his attractive wife, of Lubbock, were in town on business one day last week. Brad is the son of Buzzy Barnhill and Dee Dee (House) Davidson and the grandson of the Frank Doyle Barnhills and Bud and Loretta House.

Foy Lane spent some time earlier this week in the home of her son, Bob Lane. Bob has been quite ill, but Foy reported he was much better. Bob lives at Lone Star.

While reading the Saturday Amarillo paper, I became interested in an article from Canyon. Last Friday the Canyon Chamber of Commerce held a fund-raising luncheon and also to select the new Ms. United Way. Twenty gullible men from Canyon were the "beauties".

The "lady" chosen to be "Most Graceful" was Ms. Landry. Ms. Landry was dressed in a gold lame blouse, black skirt, ruby red high heels and ruby red artificial nails with a cigarette in her hand. Under her black mustache, ruby red lips to match her shoes and nails. Ms. Landry turned out to be Roy Gene Landry, manager of Southwestern Public Service in Canyon. After reading the article I called Roy's mother, Mrs. Ida Hill. She had seen her "beautiful" son on TV Friday night and had read the article. At the time I called, Roy Gene and his

Valley Extension Homemakers

Valley Extension Homemakers met Monday, September 21 at Lisa Price's home in Turkey.

Lisa presented creative table decorations using watermelons. Peggy Woods and Lacy Shannon assisted in carving a race car, bunny rabbit, cowboy and swan.

Fresh fruit, sweet dip, monkey bread, iced tea and watermelon punch were served for refreshments.

A business meeting was conducted by this year's president, Laura Davidson. Eighteen ladies were present and had a wonderful time visiting, this being the first meeting of the year.

Next meeting will be held on October 19.

Compress. She leaves her home at 7:00 a.m. and returns about 6:00 p.m. in the evening. No wonder we haven't seen anything of Ginger lately.

This past weekend Dollie and Redell Irby were quite pleased to have their son and wife, Dennis and Peggy Irby, as visitors in their home. Peggy is the daughter of Hazel Fuston. The Dennis Irbys live in Rockwall, Texas.

Recent visitors to Las Vegas, Nevada were Lorene and Arville Setliff and Lorene's brother and wife, Bud and Alice Richardson of Tulia.

They spent five days in Vegas and reported they had a great time.

Last Monday, Virginia Degan had minor surgery at St. Anthony's Hospital in Amarillo. Her daughter, Betty, called Totsy Bain Monday afternoon and reported her mother was doing fine.

Michael Lane, the son of Frank and Cindy Lane, injured his knee last Thursday night while playing in a Jr. Varsity football game. Michael is to undergo surgery on his injured knee on October 1, after the swelling has gone.

At the time of the injury, Michael was staying with his grandparents, Tink and Estelle Lane as his dad was on the truck and his mother was attending an Alleup's sponsored school in Clovis. Cindy was in Clovis for a week attending a school on Internal Control. She arrived back home on Friday night and took her son to Amarillo Saturday morning to see a doctor.

Fall Allergies Flare Ups Common

For many people, the fall season means allergy flare-ups. Doctors call it seasonal allergic rhinitis, and it's a common problem which affects more than 15 million Americans. In the fall, it's most commonly caused by ragweed pollen.

According to Rustam Mehdiabadi, M.D., allergist on staff at Methodist Hospital, there are several nasal sprays currently available which, when used during the season with or without an antihistamine, can effectively control allergic symptoms such as nasal congestion, runny nose, watery eyes, an itchy or sore throat and sneezing.

Beclomethasone and Flunisolide are steroid based spray that work by blocking the inflammatory reaction that results from the effects of pollens or allergens. These sprays have some minor side effects such as brief stinging or occasional nosebleeds.

Cromolyn sodium is a nose spray that is most effective if regular use starts early in the allergy season. It rarely causes side effects other than occasional mild burning and dryness of the nose.

"These prescription drugs should not be confused with over-the-counter drops or nose sprays, which temporarily relieve allergy symptoms, but cause more congestion or the 'rebound effect' when used for more than a couple of days. These drugs instead offer more of a preventative treatment," said Dr. Mehdiabadi. "In severe cases of allergy symptoms, immunotherapy should also be considered for long lasting results."

For more information on allergies, consult your physician.

Turkey Hamburger Cook Out A Success In Hall County

A great crowd turned out last Thursday at noon to enjoy the hamburgers, (cooked over mesquite), beans and cold drinks prepared by the Hall County Picnic Association.

Billy D. Bowman of Estelline and his crew arrived about 10:00 and filled their two big barbecue grills with mesquite. Those coming from other parts of Hall County to assist Billy D. were Jimmy Bounds, Gaylan Clark, Kelly Clark, Dusty Byars, Terry Paul Watson, Bobby Barbee, and locals: Squint House, Stacy Price, James Fuston and U. F. Coker.

The ladies who served were Lisa Price, Ann Coker, Iona Lane, Leotta Johnson, Marjorie Bell and Helen Crissman from Memphis. Squint House prepared and served the delicious beans.

The Picnic Committee was quite pleased at the support you, their customers, gave as they served about 150 people.

There was a fine showing of the Hall County peace officers

represented by Deputy Sheriffs, Garvin Speed and Lonny Blevins, state troopers and the game wardens.

WTU Employees Honored At Childress

Eighteen employees were honored Tuesday, September 15, for service and safety to West Texas Utilities Company and its customers during the company's annual service and safety awards dinner held at the Elks Lodge in Childress.

This is one of six dinners the electric utility will hold throughout its 52,000 square mile service area. Attending the event were employees and spouses from the Northern Division.

Glenn Files from Abilene, president and chief executive officer, presented the awards to the following employees, from Childress, for service, Mary Cagle and Paul Gray for 10 years; for 20 years, Danny White; for 40 years, Weldon Davis, A. L. Strader and Frances Weatherbee; from Memphis, Ted Ivy with 20 years of service; for 25 years of service from Paducah, Patsy Walling and from Quitaque for 10 years of service was Jan Ramsey.

Texas Farmers Union Official Questions government farm Figures

contributed by Billy Neal Shannon, Pres. of Farmers Union, Turkey Area

It is not difficult to see why people removed from agriculture might be confused about the economic condition of most farmers. Heaven knows there is enough misleading information being circulated out there to confuse even the most dedicated truth-seeker. What is especially frustrating is that much of this misleading information is the product of respected government agencies.

Secretary of Agriculture Madigan has been telling people that farmers have never had it so good. Why should the average person think otherwise when the United States Department of Agriculture estimates annual net farm income to be \$42 billion dollars?

But if things are so good down on the farm, why are so many farmers going out of business,

and why are the Internal Revenue Service's annual net farm income figures at .5 billion dollars?

My friends, that is a \$41.5 billion dollar difference between these two figures!

How do we know about this astronomical difference between the USDA figures and the IRS figures? I am pleased to be able to tell you why; the National Farmers Union was the first group to bring the difference to light, during a recent legislative work session they held in Washington, D.C.

New Texas "First"? Woman's Skeleton May Be Earliest

Was Texas home of the first human inhabitants of North America?

Scientists aren't ready to say yet, but they're inclined to believe that one of the earliest habitations on this continent was 10 miles northwest of Austin.

Archaeologists at The University of Texas at Austin have uncovered the complete skeleton of an Ice Age woman, tools and other artifacts leading them to conclude that a settlement existed on the site as long as 11,000 years ago!

The skeleton, the oldest female human ever found in Texas, was discovered in 1982. Studies of the skeleton and tools found near her grave indicate that she lived thousands of years before the building of the Egyptian pyramids.

Now a decade later, a team of 25 scholars is back at the site at what one U. T. researcher says is "virtually the whole archaeological record of Texas."

Let us show you a Texas you've never seen before.

THE ROADS OF TEXAS is the culmination of a mammoth project that has involved many individuals for over two years. When you get your copy of THE ROADS OF TEXAS you'll wonder how you ever traveled the state without it.

This 172 page atlas contains maps that show the complete Texas road system (all 284,000 miles) plus just about every city and community! Texas A&M University Cartographics Laboratory staff members produced the maps, based on county maps from the State Department of Highways and Public Transportation.

The details shown are amazing—county and local roads, lakes, reservoirs, streams, dams, historic sites, pumping stations, golf courses, cemeteries, mines and many other features too numerous to list.

They're looking for a few dark houses.

The fact is, burglars love darkness. It makes them all but invisible. And there's no reason why we should make their crimes easier to commit.

You can make them think long and hard about burglarizing your home with a Guard-Lite from West Texas Utilities.

For pennies a day, you can give them what they hate – A well lit home. At the same time it's a convenient way to give yourself what you want most – peace of mind.

Call West Texas Utilities for more information about leasing a Guard-Lite.

Hotel Turkey Entertainment To Be On San Antonio Radio

Tuesday, September 8, the guests of the hotel Turkey gathered in the dining room for a memorable night of good food and music. Following the dinner, the entertainment began.

The first musicians to perform were Valorie Caswell from Rose, N.M., who played the fiddle, and her partner, Jimmy Boyd of Silverton, on guitar. Valorie won the Bob Willis Fiddler's Contest two years in a row in 1990 & 1991. She was able to compete in 1992. Valorie's mother was also a guest of the hotel.

Of course it is always a pleasure to have Judge Burson to entertain us. Jimmy is quite an accomplished guitar player and a great singer. His beautiful wife, Rhenda (Gafford) was with him.

Valorie and Jimmy met each other about ten minutes before they started playing together for the assembled group. After their ten minutes of practice, they played beautiful music, including "Maiden's Prayer, Faded Love, San Antonio Rose and Milk Cow Blues." Jimmy sang some of the songs.

A father-son team was next on the agenda. They were Donnie and his 12 year old son, Brady Black from Plainview. All the guests were quite impressed by the boy, Brady, who has only been playing a short time--1 and 1/2 years. He entered the Fiddler's Contest last Bob Willis Day and received lots of compliments.

The Blacks played "Cheyenne, Take me Back To Tulsa and the foot-tapping, hand clapping Orange Blossom Special" and several other pieces made popular by the legendary Bob Willis.

While the Blacks were playing, one guest told Brady he had a

request, he wanted Brady to play "Amazing Grace" and "Faded Love" at his funeral. In closing, Brady, who did all the talking for the pair, announced they would close with "Amazing Grace," which delighted the crowd.

Jan Thomas, from radio station WOAI in San Antonio was present for the night's entertainment of Bob Willis Music. Scott and Jane Johnson had accumulated some excellent musical talent for his benefit. Jan recorded the music and interviewed some of the guests for his radio show in San Antonio. The program will be aired between September 21 through the 24th in San Antonio.

Others present besides those mentioned were: Mr. and Mrs. Ben Parks of Memphis who were celebrating their 60th wedding anniversary; Mr. and Mrs. McConnell of Plainview who started circulating petitions several months ago to petition the Postal Department to issue a postage stamp honoring Bob Willis; Mr. and Mrs. Gee of Amarillo; Mr. and Mrs. Robison. Locals present were Mr. and Mrs. Arville Setliff and the U. F. Cokers.

JA Cowboys Gather At Clarendon

On Saturday, September 12, 1992, J. A. cowboys, ex-JA cowboys, families and neighbors gathered at Clarendon for their annual reunion. A covered dish lunch with the barbecue beef prepared by Pam and Steve Lewis of Clarendon was served to 130 participants.

Cowboy poets Presley Yarbrough, Jake Holster and Johnny Burson provided entertainment for the group. Musical selections by Jimmy Burson, Morris Stephens and group were enjoyed by the gathering.

Cody Lewis of Clarendon won the commemorative spurs made by Don Turner of Turkey. Bud McFall of Seattle Washington won the prize for traveling the farthest to the reunion. Johnny Rex McClellan, 86, was the oldest J. A. employee in attendance.

Saddle blankets donated by Texas Saddle Pad Company of Quitaque were awarded to the top winners in the afternoon roping in addition to the cash prizes. In addition to the cash prizes, the winners were Grady and Buster Campbell.

Dietician Gives Tips For School Snacks

With the start of school, children across the country will be coming home each afternoon anticipating after-school snacks.

And with as many as 10 million children spending the after-school hours on their own, it's important for parents to realize that many snacks (especially those made in the microwave) draw nearly half their calories from fat and are loaded with salt.

"Brownies, chocolate chip cookies and candy bars all contribute to a child's high fat diet," said Tracy Norman, R. D., patient dietitian at Methodist Hospital.

Bite by bite, such unhealthy snacks add up. In a recent study of 12,000 children, 20 percent had cholesterol levels over 200, the warning level for heart disease in adults.

Norman recommends parents try the following healthy after-school snacks for their children: cut up veggies with yogurt dip; fresh fruit salad; whole grain crackers with low-fat spreads; cookies, such as fig bars, animal crackers and ginger snaps, which are relatively low in fat; and popcorn made in a hot-air popper or with vegetable oil.

"Many children are getting more fat in their diets than they need," said Norman. "Although a certain amount of fat is essential in a diet, (and is especially important for children under 2) the key is to make better, low-fat choices, and to include your child in the excitement of selecting healthier foods."

Valley Patriots Quick In Action; Smyer To Be Next Challenge

by Coach Gilmore

Valley struck quickly Friday night to defeat the Higgins Coyotes 53-0 at Higgins. Valley started things off as Clay Merrell blocked a Higgins punt out of the end zone for a safety. On the kick-off Bradley Price returned it 48 yards for a TD. Price added the extra points and Valley lead 10-0 and had not run an offensive play.

Jason Smith got into the end zone with a 3 yard run to move Valley up 18-0. Price added the extra points. The next time Valley had the ball it was Dewayne Davis's turn as he went 29 yards for the TD. Kick good for Price. Valley 26-Higgins 0.

Joah Scoggins scored next for Valley on a 1 yard run, the kick failed. Bradley Price scored on a 6 yard fumble recovery and Smith scored on a 36 yard return. Price

passed to Valdez for the extra point. Valdez finished the scoring on a TD pass to Bubba Powell. Price kicked the extra point.

Valley will face Smyer on September 25th for homecoming. The JV and Jr. High will play Smyer on Saturday starting at 2 p.m. at Smyer.

Valley JV Offense Does Good Job

VALLEY JV 51 LAZBUDDIE 6 by Coach Browning

Offensively we did a good job of adjusting our blocking scheme which enabled us to run the ball very well. We rushed for 7 touchdowns led by Alfie Clardy. Our linemen did an excellent job of picking up stunts and blocking the right people. We have worked hard and the practice time has payed off.

Defensively we gave up some big plays to Lazbuddie but we were able to make some big plays ourselves to keep them out of the end zone. We played good hard defense with everyone going to the ball. We always had several players in on the tackle.

We feel like the practice time against our varsity has really helped us to develop into a better team. We will continue to work to improve on the fundamentals that will help us down the road.

We play at Smyer Saturday afternoon following the Jr. High game.

Third Grade

by Emily Woods

This week we are doing TASS. We also made a home coming door. This is what is on the home coming door. There is a big bobcat on it. Mrs. Pigg blew the bobcat up. Then we tore up some construction paper and put it where it belongs on the bobcat. This week we have also did comics in math. In tutorial time everybody took a estimate and we went out on the football field to see how many kids it takes to go from goal to goal. This week Mrs. Pigg is reading Time Flies.

THANK YOU FOR READING THIRD GRADE NEWS.

Farm and Home Show At Levelland Features Cotton, Grain Contest

The 1992 South Plains Farm and Home Show at Levelland will feature a contest to select the best cotton stalk and grain sorghum head entries submitted by area farmers. The show will be held on Friday, September 25 from 10 a.m. until 4 p.m. at the Hockley County Fairgrounds in Levelland.

There is no cost to submit cotton stalk or grain sorghum head entries, but each contest category can only be entered once by a producer. All entries will be judged together in each category—there will be no dryland, irrigated, skip-row or solid row division. Cash and product awards will be provided by the Farm and Home Show Committee and sponsoring agribusinesses.

Contest categories include tall-stalk cotton stalk; most bolls on a cotton stalk—bolls must be one inch in diameter or larger; best commercially adapted cotton stalk; grain sorghum—white seed coat; and grain sorghum—red or yellow seed coat. A producer can submit one entry in each of the five categories, but no more than one entry per category may be submitted.

All cotton entries must be of the type grown in the South Plains area and the variety must be indicated on the entry card. Leaves must be stripped from all stalks. Grain sorghum entries must consist of ten mature and dry heads cut away from the rest of the plant about two inches below the head. The variety or hybrid must be identified on the entry card. Entry cards will be available at the registration table and all entries must be made before 11 a.m. the day of the show. Entries will be put on display and results announced at 2 p.m. on September 25.

Vaccinate Horse against Virus, Recommends TAHC

The Texas Animal Health Commission (TAHC) is recommending that owners of horses in South Texas and along the coast have their animals vaccinated against the equine encephalomyelitis virus, also known as "sleeping sickness." Dr. Terry Beals, executive director of the state regulatory agency for livestock health, said the animals should receive vaccine for both Western Equine Encephalomyelitis (WEE) and Eastern Equine Encephalomyelitis (EEE).

"Six horses died near Harlingen and San Benito in early July, and the National Veterinary Services Laboratory in Ames, Iowa, determined at least two of them had EEE," he said.

"Texas' wet weather this year has resulted in a larger mosquito population, so seeing a few cases of 'sleeping sickness' may not be surprising," Beals said. "However, since a vaccine is available, I would encourage horse owners to contact their veterinarians and have their animals protected."

"Farm Family Preservation" will be the theme for the third annual Farm and Home Show. Farm and ranch machinery and equipment will be on display and several pieces of equipment will be demonstrated in a field adjacent to the fairgrounds. Agribusiness booths, arts and crafts exhibits, western heritage displays, new car and pickup model displays, new tractor and machinery previews and lots of door prizes will provide attractions of interest to the entire farm and ranch family.

The Hockley County Young Farmers will be serving the noon meal again this year. Proceeds from the fish fry will go toward the association's scholarship fund set up for college students majoring in agriculture. The Hockley County Extension Ag Industries Committee encourages all interested South Plains residents to attend the show on September 25. Admission is free and the Farm and Home Show will be open from 10 a.m. until 4 p.m. that Friday.

1993 Conservation Education Kits Now Available

Each year the Sportsmen Conservationists of Texas (SCOT) distributes over 11,500 Teacher Conservation Education Kits to Texas educators—teachers in public and private schools, boy and girl scout leaders, church officers and others. This year the theme of the kit is "Rain Forests: Help Save Their Layers of Life."

The kits are available in Texas only through SCOT, and are produced by the National Wildlife Federation (NWF).

Each kit contains a 24 page educators' guide covering the plant and animal life of the rain forests, the indigenous peoples who live in them and depend upon rain forest resources, and the challenges of conserving rain forests on six continents. Also included is a color theme poster, a color 12 picture poster of rain forest wildlife, NWF wildlife information cards for request education programs and materials.

Please let SCOT know now if you would like a kit. They are free, but we do ask for a \$2 donation to cover postage and handling. The kits are produced by the National Wildlife Federation (NWF).

WTSU Sponsors Restless Heart

The Student Activities Council at West Texas State University will sponsor a concert and dance featuring the country group, Restless Heart, September 25, 1992 at 8:30 p.m. in the Virgil Henson Activities Center on the WTSU campus.

Restless Heart was formed in 1984. Since that time, they have achieved several Grammy and Country Music Association nomi-

Parade Marshalls, Squint House and Marjorie Bell lead the parade with Betty House and Mike Smith accompanying them on the mule drawn wagon.

Turkeyites Lead Hall County Parade

The Hall County Picnic Celebration parade was led down the streets of Memphis last Saturday by Parade Marshalls, Mrs. T. W. Bell and H. W. (Squint) House, both of Turkey.

In a true western tradition, Margie and Squint were seated on a wagon pulled by a team of mules. Handling the reins was Mike Smith of Antelope Flat. Squint's wife, Betty, also rode on the wagon.

Margie Bell has lived in Hall County since her marriage to T. W. Bell in April of 1941. At that time they made their home on the Bell Ranch at the Woods place, northeast of Turkey, where they raised their son, Jack. Jack also built his home there after he was married. Margie still lives part time at the Wood place, but she also maintains a home in Turkey. Jack Bell passed away in 1984 and T. W. died in 1986.

Marjorie Bell is quite active in her church work and serving on various committees in Tur-Briscoe County. She was a Turkey representative on the Hall County Centennial Committee and has served many years with the Hall County Picnic and Reunion Committee.

H. W. House is a native of Hall County. He was born and raised in the Weatherly Community. Squint and his wife, Betty have lived in Turkey and raised their four children here for the last 44 years.

Squint has been an active member through the years with the Turkey Volunteer Fire Department, Bob Wills Foundation,

Lions Club, a strong supporter of the Valley School, and serves on the Hall County Picnic and Reunion Committee.

One of Squint's favorite past-times is cooking. I guess his motto could be "Have Apron-Will Travel."

We are proud to have these two leaders living in our community.

Recycling Videos Available; Free To Area Teachers

Just in time for the new school year, the Texas General Land Office announced completion of a fun new teaching tool designed to teach new information about Texas' recycling efforts.

"Don't Let A Good Thing Go To Waste...Buy Recycled," is a series of fast-paced videotapes geared toward older elementary school students who are learning about the recycling process. Unlike other recycling teaching materials, "Don't Let A Good Thing Go To Waste...Buy Recycled" colorfully explains why supplemental "Buy Recycled" education material, are being offered free to Texas teachers by the GLO.

"Texans have enthusiastically contributed to the recycling process in the front end by sorting and saving recyclables from their garage," said Texas Land Commissioner Garry Mauro, "but there has been considerably less interest in what happens to that material once consumers drop it off at the curb or recycling center."

Mauro says that situation has led a backlog in the recycling process. "There aren't enough users of recycled material to absorb the educational video series is part of the larger "Buy Recycled" awareness campaign managed by the Texas Legislature.

The series is made up of three 15 minute videos that look at Texas' recycling situation through the eyes of 11 year old Tony Spencer, who lives in an adult world and works as a TV news reporter. In that role, he meets a number of larger than life recycling experts who tell him that without consumer demand, manufacturers won't use recycled material in the making of new products.

Along with the videos, teachers will receive a week's worth of ideas for classroom and homework activities reinforcing the "Buy Recycled" message. After receiving the video package can contact their regional education service centers or call Geoff Wool, Julia Ruiz or Steve Speir at the Texas General Land Office at 512-463-5339 for immediate delivery.

In 1964 and again in 1970, President Bush ran for the U.S. Senate from Texas, but lost.

September Claimed Literary Volunteer Month

Texas Department of Commerce Executive Director, Guy Bonner announced Governor Richards' proclamation of September as "Literacy Volunteer Month" saluting those who have helped combat illiteracy in Texas. The proclamation, issued in conjunction with International Literacy Day on September 8, will be sent to tutors working with approximately 200 literacy councils throughout Texas.

The Governor's proclamation states that illiteracy is one of the most serious problems facing the state, and commends volunteer efforts, coordinated by the Texas Literacy Council, that are helping eradicate the problem. The Governor urges citizens to become involved with and to support literacy volunteer activities.

"Literacy volunteers throughout our state are to be applauded for their commitment to this cause," said Mary Alice Cisneros, chair of the Texas Literacy Council. "Illiteracy is nothing less than a scourge that threatens our economic vitality and social growth. We must remain relentless in our efforts to eliminate it from our midst."

"Those volunteers who have given their time and talent to this important cause have seen firsthand the ravages of illiteracy. They have seen the frustration of parents who cannot read a bedtime story to their children."

"Aside from the individual human toll, illiteracy carries a staggering price tag. The cost estimate for the United States is \$225 billion annually, while the cost for Texas is estimated to be \$17.12 billion annually."

"If the battle is launched at every front, there is no way we can fail. Our economic vitality depends on it."

For more information on literacy programs in Texas, contact the Texas Literacy Hotline at 800/441-7323.

Don't salt fresh meat before broiling, deep-fat frying, pan frying or broiling over charcoal, as the salt draws juice from the meat preventing both browning and sealing in of flavor.

Top It Off With Pound Cake

This classic cake was originally made with a pound each of flour, sugar, butter and eggs. Today, by substituting yogurt for some of the butter, this Softasilk cake flour version is lower in fat. Choose from abundant fall fruits, such as apples, pears and bananas, to make a chunky topping. Top off an autumn evening with Yogurt Pound Cake.

- Yogurt Pound Cake**
- 3 cups sugar
 - 1 cup (2 sticks) margarine or butter, softened
 - 1 tablespoon vanilla
 - 6 eggs, separated
 - 2 cartons (6 ounces each) plain or lemon yogurt
 - 3 1/2 cups Softasilk cake flour
 - 1 teaspoon baking powder
 - 1/2 teaspoon salt
 - 1/4 teaspoon baking soda
 - Glaze (below)

Heat oven to 350°. Grease and flour tube pan, 10x4 inches. Beat sugar, margarine, vanilla and egg yolks in large bowl on low speed 30 seconds, scraping bowl constantly. Beat on high speed 3 minutes, scraping bowl occasionally. Reserve 2 tablespoons of the yogurt. Beat remaining yogurt, the flour, baking powder, salt and baking soda into sugar mixture on low speed. Beat egg whites in large bowl until stiff. Fold in batter. Pour into pan. Bake 1 hour 30 minutes to 1 hour 35 minutes or until toothpick inserted in center comes out clean. Cool 20 minutes; remove from pan. Cool completely on wire rack. Spread with Glaze, allowing some to drizzle down side. Serve with chopped fruit and nuts if desired.

Glaze: Mix 1 1/4 cups powdered sugar and 2 tablespoons reserved yogurt in small bowl until smooth.

CARD OF THANKS

To the people of Quitaque and Turkey, our heart felt thanks to you for all you did to make the passing of my dad, Roy Hunter, easier for me and my family.
 To the people of the First Baptist Church, Pastor Rob Lackey, the ladies who prepared and served lunch, the singers and organist, we accept these deeds as a beautiful expression of Godly love.
 We want to express publicly our sincere appreciation to Jimmy Davidson who has been a kind helpful friend the past four years.. And to the Funeral Home Directors for the compassion they extended to us during the arrangement making and memorial service.
 In the Name of Jesus
