Emergency Loans Available From Farmers Home

Emergency loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Becky D. Via, FmHA county supervisor, said today.

Ms. Via asked that those who need farm credit as a result of drought and freeze make their needs known at the Farmers Home Administration office at 107 West California, Floydada, Texas 79235.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until February 7, 1986, for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, (including homes) lost through

this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts.

Funds can be used for essential operating and living costs, Ms. Via said.

Applicants that certify that other credit is not available may receive loans covering actual losses at an interest rate of five percent for the first \$100,000.00, and are scheduled for repayment as rapidly as feasible consistent with the applicant's ability to pay. Applicants who certify that other credit is available may also receive these loans at a higher interest rate.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

Turkey Cub Scouts at Day Camp in Plainview.

Cub Scouts Attend Day Camp In Plainview

On June 21-22, six boys of Cub Scout Troop 264 attended Day Camp in Plainview. They were Jason Smith, Chad Calvert, David Lane, Henry McNary, Tommy Pinkerton and Garrett Mills.

The boys participated in crafts, archery, B-B gun shooting, swimming, first aid and obstacle course.

Margie Pinkerton was in charge of first aid and on Friday James Norred from the Texas Department of Health showed two films, "Animals Can Bite" and "Clinical Rabies." On Saturday, each group watched a film entitled, "First Aid for Young People" and each boy was given the opportunity to try CPR on Resusci-Anne which was loaned to the Camp by the Quitaque Fire Department.

On June 3, Jo Dee Robison and Danny House met at 11:00 a.m.

at the Pinkerton home. They were doing a Wildlife Conservation activity, so were driven to the Caprock Canyon State Park. They and Mrs. Pinkerton drove to the far part of the park, hiked down one trail and back up a creek bed. They observed various animal tracks and looked for

the buffalo. When they arrived back at the dam, the buffalo were near there and they got to see them at close range. They enjoyed a sack lunch, the boys played in the water, and all returned home at 2:00 p.m.

On June 4, Mrs. Pinkerton took the Scout aluminum cans to Plainview and received \$36 for them. This money was used to pay Henry McNary's way to camp and help with the expenses to Day Camp. Mrs. Pinkerton said, "We appreciate all those who are helping us collect cans."

LETTER TO THE EDITOR

Please renew our subscription for another year. We don't want to miss the paper. It keeps us well informed of our family and friends in Turkey and Quitaque. Phone calls to my mother and dad, Lon and Cecil McKay, keep us up on the latest about family, but the rest we read in the Valley Tribune.

Keep up with the good paper. It has more news in it than our twice-weekly Denver City Press.

Thank you,
Bonnie and W. F. Geissler

Members of the First Baptist Church in Quitaque drove to Lockney Care Center Sunday to present a program. Those attending were the Rev. and Mrs. Jess Little, Bill Griffin, Ralph McCormick, Bruce Price, Mrs. Leon McCracken, Mrs. Cora Gragson and Mrs. H. A. Cagle.

CORRECTION

In the list of cheerleaders attending camp that was published in last week's issue of The Tribune, the name of Cristy Calvert was left off. We regret this error.

Mrs. Wanda Calvert and Mrs. Delores Price went to Lubbock Friday and brought the girls home, it was reported.

The couple plan to make their home in the Denver City Schools.

Turkey Lions Entertained By Joey Allen Tuesday

Turkey Lions Club was entertained by Joey Allen Tuesday at noon during their meeting in the Bob Wills Cafeteria. Allen sang favorite songs and also some sesquicentennial songs, accompanying himself on the guitar.

Boss Lion Keith Green called the meeting to order and Leroy Stone gave the invocation. Lion J. T. Mullin led the pledge to the flag, and Lion Wayne Loury won the pot of gold.

During the business session, the club agreed to send \$50 to the National Child Safety Council, which educates school children with pamphlets, puppets and other programs at the schools. Lion Terry Woolley is the local chairman of this group and will

be putting on programs at Valley School.

There were ten members present, the sweetheart, Kaylene Green, and four visitings, including Allen, Sam Elliott and Bud Meacham of Amarillo, guests of Red Williams, and Devlen Stone of El Paso, guest of Leroy Stone. Devlen recorded Allen's music on his recorder as he sang.

New officers will be installed at the next meeting, it was announced.

Why Should I Buy an E.S.P. Home?

Lower Energy Bills

An E.S.P. Home will save you up to twenty-six percent in home energy bills a year. An average 1800 square foot home will cost approximately \$775 a year to heat and cool. An 1800 square foot E.S.P. Home will cost you approximately \$570 a year to heat and cool. That is an annual savings of over \$200! (Energy savings may vary according to the type of home, family size and individual energy usage habits.)

Increased Resale Value

When you decide to sell your E.S.P. Home, you'll have the Energy Savings Plan working for you again. Because energy bills are an important consideration for most families, your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home. Just like you are doing now, many home buyers will be looking for a home that will give them the best value for their energy dollar — your E.S.P. Home!

MR. AND MRS. JOHN ADAMSON

Mr. and Mrs. Adamson To Celebrate 70th Anniversary

How many people do you know who have celebrated their 70th wedding anniversary? It is a bit unusual.

Mr. and Mrs. John Adamson will celebrate their seventieth anniversary on Sunday, June 30, with a family dinner.

Mayme Simmons and John Adamson were married June 27, 1915 at Hedley. Their two children, Vivian and J. R., jr., were born there. Vivian Kisner passed away on August 7, 1984 at Lubbock. J. R. and his wife, Mary Beth, live next door to his parents in Turkey.

John and Mayme Adamson moved to Turkey on January 29,

1929, to the house in which they are now living. John, who was 96 on December 3, is a retired farmer and rancher, and still enjoys going to the sales with J. R. when he is able. Mayme, who was 93 on June 4, is a member of United Methodist Women, Senior Citizens, Nuevo Study Club and United Methodist Church, and attends as often as possible.

The grandchildren and great-grandchildren all plan to be present Sunday, along with J. R. and Mary Beth, and Mayme's sister, Lola Hooker, who is visiting from California.

The grandchildren are Vivian's two daughters, Jane Stafford

husband and two girls, Nancy and Lora of Loop and Donna Weathers and husband, John, and 10-month-old Julie, from Lubbock; J. R.'s two sons, Rod and Linda and two girls, Nicki and Lani from Ruidoso, New Mexico and Rex and Charmaine and son and daughter, Aaron and Ashley of Abilene.

The Adamsons have been members of the Turkey United Methodist Church for 56 years.

Another guest planning to be present is a former pastor, Rev. Wayne Parmenter of Throckmorton, a beloved friend of the family, who is 91 years of age.

Mrs. Mary Pittman drove to Hereford Sunday to visit her son, Richard Pittman, and help him celebrate his birthday anniversary. He is in the Methodist Home in Hereford. Mary took him to the home of his daughter and family, Mr. and Mrs. Matt Garth and children, Ronnie and Jennifer. They were met there by Frankie Pittman of Wolfforth, Mr. and Mrs. Eddy Prather and children, Lesa and Stephanie of Lubbock, and Mary Pittman of Quitaque.

They report Richard really enjoyed the day, as all of them did.

Mr. and Mrs. D. W. Baca of Iowa Park came Sunday to visit her mother, Mrs. Dollie Woods. Others present for lunch Sunday were Mrs. James Starkey, Plainview, Mrs. Gail Gregg of Sudan, Mr. and Mrs. Truman Merrell, Mr. and Mrs. Jimmy Davidson, Mr. and Mrs. Joe Edd Smith, all of Quitaque, and Don Douglas of Lubbock.

Local Men Place In Area Tourneys

Danny Mayfield and Bo Morrison placed third in the third flight with an 84-81 at the Paducah Country Club Low Ball Tournament last weekend.

Al Ramsey and Joe Self placed second in the fourth flight with an 80-76 in the Tulia Country Club Low Ball Tournament.

Valley School Vacancies Filled

Valley School has filled a number of teaching and coaching vacancies for the starting of the 1985-86 school year. The positions became vacant following the resignations of Robert Phelps, Ted Giddens, Glenn Browning and George Duncan. Other positions became open because of legislative mandate and changes in teaching assignments. Five new faculty members have been hired already to begin the new year and a sixth is yet to be hired.

Laura and Jon Davidson will join the Valley faculty this fall. Jon will teach vocational agriculture and will assume those responsibilities on July 1. This position became open upon the recent resignation of Glenn Braune. Jon is a graduate of Valley High School and Texas Tech University. He comes to Valley from Dimmitt High School, where he has been teaching the last two years.

While teaching in Dimmitt, Jon gained the reputation as a good teacher and strong in FFA activities. All his teams have done well in judging competition. Valley School feels fortunate that a teacher of his ability and quality has chosen Valley as the school in which to pursue his career.

Laura Davidson, the former Laura Fuston, will teach fourth grade here next year. Laura is a graduate of Valley High School and Texas Tech University, and will be entering her third year of teaching. Before coming to Valley, Laura has taught in the elementary grades in Hereford and Dimmitt, and has received good recommendations.

Two other positions were filled earlier in the spring and were reported at that time. Tommy Waldrop will be assuming the girls basketball coaching position while Carol Waldrop will be teaching a section of either the first grade or second grade. It's good to have Tommy and Carol back at Valley School and the community.

Sam Browning has been employed as assistant coach at Valley for the next year. Coach Browning has eleven years experience and comes here from Hart where he has coached the last six years. He served as basketball coach at Hart last year and assisted in football. He also taught drivers education at Hart and will probably receive that assignment at Valley next spring.

Coach Browning is married and has two school-age children. He attended high school at Vega and received his B.S. degree from West Texas State University. The Brownings own a mobile home and will live on school property.
