## Valley School Trustees Choose Jerry Bob Smith As Superintendent

The Valley School Board met in a called meeting Monday, January 21 at 8:00 p.m. Two items were on the agenda but it was decided to postpone discussions of the audit of the 1989-90 year until a later time. The Board went into executive session at 8:10 p.m. to consider applicants for the position of School Superintendent. This office had come open with the board's acceptance of Wilburn Leeper's resignation in December, to be effective June 30, 1991.

The trustees decided to select a new superintendent from within the school system and interviews were conducted earlier this month. Jerry Maupin, Principal, and Jerry Bob Smith, school counselor/assistant principal were the candidates considered.

The executive session concluded after one hour of deliberation by the full board and Mr. Leeper. Board President, Brent Guest opened the resumed meeting with the comment that, "It has been a difficult hour. We have two real strong candidates. In fact the board has come to a unanimous decision after discussing this for many hours." At that point he entertained a motion which he received along with a second and the board did vote together with Ronald Lynn Mullin abstaining. It was decided to offer Jerry Bob Smith a two year contract as superintendent.

Mr. Smith comes to the position with twenty-three years experience in education. The last thirteen years have been spent in the Valley school system as a teacher, counselor and assistant principal. During those years he has earned the respect of colleagues, students, and the community.

Retiring Superintendent, Wilburn Leeper, told the Tribune following the meeting that the school board had struggled in their effort to make the best decision in selecting the best candidate for the position. The determination to hire from within the system was made after considering the advantages of having a person who knows the community, is familiar with the school system, has an established working relationship with the school board,

and with whom a favorable financial package could be agreed upon.

Leeper stated that he and Smith will begin work immediately on setting up the transition which will become effective July 1, 1991. Leeper feels the Valley School is a sound system, educationally, academically, and financially. He will be available for consultation at the new superintendent's discretion. "Naturally," he said,

"that will be strictly up to the superintendent." This is perhaps the single most significant decision the Board of Trustees will make this year. The selection of a new superintendent is a choice which will effect the future of Valley School and its pupils for many years to come.

### Kayla Johnson Accepts Position

Kayla Johnson has accepted the position of Education Diagnostician with the Caprock Special Education Co-op. She will test students with disabilities, and confer with teachers and parents in Floydada, Lockney, Petersburg and Jayton.

Ms. Johnson, a graduate of West Texas State University in Canyon, has been a Special Education teacher with the Valley School system the past three and a half years. She moved to Floydada from Turkey and began her duties, Tuesday, January 15. She is continuing her studies at WTSU and will receive her Masters Degree in education this summer.

She is a graduate of Motley County Schools and the daughter of Mr. and Mrs. Arnold Johnson of Flomot.

### Disaster Loan Assistance

A Presidential disaster declaration was made in May 1990 for Texas as a result of damages from severe storms, flooding and tornadoes which occurred from April 15 through June 4, 1990. Walter Fronstin, district director for the Lubbock office of the U. S. Small Business Administration (SBA), said today that the filing deadline for economic injury disaster loan (EIDL) applications is February 4, 1991.

Fronstin said that eligible small business concerns and small agricultural cooperatives in numerous Texas Counties, as well as several adjacent counties in Texas, Arkansas, Louisiana and Oklahoma, are covered by the declaration. The businesses must have sustained substantial financial losses from the effect of the severe storms, flooding and tornadoes. Fronstin said, "The

loans do not cover physical losses, and farmers and ranchers are not eligible to apply for the EIDL loans. This program is available only to businesses that are considered small by SBA's size standards and do not have credit available elsewhere."

Counties which were declared for the EIDL assistance in our area are Motley, Briscoe, Childress, Floyd, and Hall.

Eligible businesses seeking loan information and application forms may call SBA, toll-free, at 1-800-527-7735.

### 9-1-1 Demonstration

The Panhandle Regional 9-1-1 Network Advisory Committee is hosting a demonstration of equipment to be used in provision of 9-1-1 services on February 6, 1991 from 11 a.m. until 4 p.m. at the Planning Commission Offices, 2736 West Tenth Avenue, Amarillo.

### WTSU Registration

Late registration for the spring semester at WTSU will be accepted from 8 a.m. to 5 p.m. January 17-18 and January 21-25. Students enrolling in night classes only may register from 6 to 7 p.m. January 17

## War Spreads in Mid-East

At 3:50 p.m. Wednesday January 17, 1991 Operation Desert Shield became Operation Desert Storm as F-15 E fighter bombers left Saudi Arabia to head north to strike Iraq's strangle hold on Kuwait.

The United States and its allies began to engage targets in Kuwait so that Kuwait may be liberated. The first strikes were aimed at Saddam Hussein's military sites, the same sites he had used to conquer Kuwait, and Baghdad, capital of Iraq.

On August 2, 1990, Saddam Hussein took Kuwait over by force in defiance to being condemned by the rest of the world. He chose to ignore economic pressure which was used to try to force him to withdraw from Kuwait.

Saddam Hussein also refused to make any compromises with the United Nations to prevent war breaking out.

Therefore on January 17, heavily loaded aircraft shot off into the night in pairs from Saudi Arabia to find their targets in Kuwait.

President Bush stated, "Our goal is not the conquest of Iraq. It is the liberation of Kuwait."

### Private Applicator Training At Turkey

The Hall County Extension Service along with help from the sponsors such as Valley Peanut Growers Association and Hall County Farm Supply will be offering two Private Applicator Training Programs on January 24 and 25.

The January 24 program will be held in Turkey at the Bob Wills Community Center and the January 25 program will be held in the Community Center in Memphis.

Both programs will begin at 9:00 a.m. and will conclude with the exam following lunch, which is being provided by the sponsors. Anyone interested in participating needs to contact Roy Walston, Hall County Extension Agent, at 259-3015.

and January 21-23. Spring semester classes begin January 17.

### Methodist Youth

Call United Methodist youth for your Super Subs on Super Bowl Sunday at 423-1359 or 455-1179.

### Trees Still Available

Caprock SWCD is still taking orders for windbreak trees. Some varieties are sold out but many other varieties are still available. Come by the Soil Conservation office and place your order today.

## THEN NOW!

by Eunice McFall

Some of our worst fears have come true. War is now a fact of life. The youth of our nation are giving up their security to give security to others. Regardless whether we believe that our troops should have been sent to the Middle East or not-They are there!

We need to give them support in every way we can-cards, letters, and most important prayers.

Not only do we need to support our soldiers but also their loved ones left behind to face fear and uncertainty alone. Each of us knows someone who needs a supporting hand because of the war-Give that person in your life freely of your time, love, and care. Always be available for them to talk to or to have your shoulder there for them to cry on if necessary. We can never have too many friends who care during trying times in our life whether it be an absence of a loved one, the worry of war, or fear for their safety. Just knowing you care can make their burden a bit lighter to bear, their day a bit happier and their outlook on life sweeter.

So often it is the simple things in life that mean so very much to us. If we take care of the small things, the large, hard to handle fears grow smaller when they are shared with a friend.

Therefore give that friend a lift by letting them know you care with a smile, and perhaps even a hug. Write that letter to that boy or girl in the Mid-East. Pray for our leaders to make the right decisions for the good of all, not only the U.S., but for the rest of the world.

The hat of leadership does not rest lightly on those who are having to make decisions that affect millions of lives and perhaps even change the course of history. Those of us in our small protected environment can't really realize the agony of making such decisions. But we can help in one way-Give our leaders the knowledge that we are behind them as they struggle to make the best choices. Yes, we do have the right to disagree with the choices they make but if we fail to respond to them when they need our support perhaps one day we will not have any freedom to be concerned about. Is this what we want?

**BRISCOE COUNTY EXTENSION NEWS**

A tri-county Center Pivot Irrigation and Chemigation workshop will be hosted by the Crosby County Extension Crops committee and Texas Agricultural Extension Service on January 28-29, 1991 at the Pioneer Memorial building in Crosbyton, according to Darrell A. Dromgoole, Crosby County Extension agent.

The three counties involved in this training: Crosby, Briscoe and Floyd.

This workshop is targeted for all producers utilizing Center Pivots. Management criteria for crops specific to the area will be included. The workshop has been designed with an interdisciplinary approach providing irrigators with all aspects of water and chemical management with center pivots.

The workshop will be two days in length and will run from 9:00 a.m. to 3:00 p.m. each day.

The first day will cover center pivot irrigation. The next day will target Chemigation. Included will be a hands-on session for calibrating chemigation equipment.

The cost will be \$50 which will include all handout materials and two lunches. Pre-registration is encouraged. Spouses are encouraged to attend. If there are not enough registrants one week prior to the workshop, we reserve the right to cancel. If this should occur, participants will be notified, and all fees will be returned.

The workshop will also allow commercial, non-commercial and private pesticide applicators the opportunity to obtain 3 CEU's.

Participating instructors for the workshop includes: Dr. Steve Amosson, Extension Economist, Dr. Brent Bean, Extension Agronomist, Dr. Michael Hickey, Extension Soil Chemist, Dr. Harold Kaufman, Extension Plant Pathologist, Dr. Jim Leser, Extension Entomologist, Dr. Bill Lyle, Researcher at Texas Agricultural Research Center in Lubbock, Dr. Pat Morrison, Extension Entomologist, Leon New, Extension Irrigation Specialist, Dr. Rose Mary Seymour, Extension Irrigation Specialist and Dr. James Supak, Extension Agronomist (cotton).

To register for this program producers can come by the Extension office in Silverton and complete a registration form and pay the \$50 registration fee.

Look up before pruning limbs!

When trimming, stay clear of overhead power lines.

- Locate wires that run through tree limbs or bushes before cutting. Also before you trim, be sure limbs have ample clearance.
- Always use a wooden ladder making sure to position it away from power lines.
- Work only in dry weather and never on a windy day.

# Valley Basketball Highlights

**Valley Jr. High Girls  
By Coach Browning  
Valley Jr. High Girls Defeat  
Silverton by 28 Points**

At the first of the game I thought there must have been a lid on our basket. We could not buy a basket. We were taking good shots but they just were hurrying them a little. Our defense was good, forcing several turnovers ourselves. The 1st quarter ended with us ahead 7 to 5.

At the end of the 2nd quarter we gave a glimpse of what the 2nd half would be like. With the score 16 to 12 we scored 7 unanswered points to take a 23 to 12 lead at the half. We started shooting the ball better without rushing our shots, plus, we had some steals that led to layups on our end of the floor.

The 2nd half was all Valley, we outscored them 29 to 12. During the half we talked about the fact we needed to slow down and take our time when we were shooting the ball. We ran our offense very well plus we took advantage of their turnovers that we forced with our aggressive defense.

Each girl played hard and did a good job. Our leading scorer was Brandi Gaddis with 20 points and Julie Cruz added 11 points. Lori Conner, Amy Payne, and Mandy Adams did a good job of rebounding. The girls are working hard and gaining confidence with each game.

We have 2 games left both at home. We play Hedley at Valley starting at 5:00 Monday January 28.

The single most popular entree in American restaurants is the hamburger.

\*\*\*\*\*  
Our JV girls won their last two games in our tournament to win consolation. The Valley JV Tournament is an 8 team tournament and has several talented teams in it. We lost to Crosbyton by 4 points and beat Childress Freshmen and Motley County.

Against Crosbyton we started slow, scoring only 1 point in the first quarter falling behind 11 to 1. The rest of the game we played them very tough, out scoring them in the 2nd and 3rd quarters. We fought back to make it a very tight game through out the 4th quarter but we fell 4 points short of a victory. Each girl played hard and did a good job rebounding and handling the ball. Julie Clay was our leading scorer with 23 points.

Friday we played Childress Freshmen winning 35 to 26. This was a good game and a close one from the start to the finish. We were ahead 13 to 11 at the end of the first quarter and 19 to 18 at half time. We did manage to out score them 16 to 8 the second half to pull away a little bit. We did a good job of slowing the pace of the game down and running our offense. Defensively we kept them from getting the ball inside and blocked out well so that we could pull down the rebounds. Again Julie Clay was our leading scorer with 18 points.

Saturday we played Motley County who had beaten us twice this season but this time we managed to win 26 to 23 in another close and exciting game. We led at the end of the 1st quarter 8 to 5 in which Audra House scored 6 points to get us off to a quick start. In the two games we lost to Motley Co. We started slow scoring a total of 3 points in the first quarter in

both games. We hit a slump in the 2nd quarter falling behind 13 to 12 at half time. We made some adjustments but we were still cold in the 3rd quarter and fell behind by 5 points at the end of the quarter. In the 4th quarter we warmed up and they slumped and with 11 seconds in the game April Stephens hit 2 free throws to give us a 3 point lead and they were unable to score again. The girls did a good job hanging in there in the 2nd and 3rd quarters when our shots just would not go in. We were taking good shots but they just wouldn't fall. Each girl played hard and I am proud of the way they hung in and kept scrapping the entire game. April Stephens was our leading scorer with 12 points.

We played 3 games in the tournament and each game was close. Each of our players worked hard. Sometimes you overlook the ball handling, rebounding, and defensive part of the game and just look at the scoring. We had several girls who didn't score a lot of points but they did a good job rebounding and playing defense. Joni Handcock, Traca Lemons, Santi Hernandez, and Chastity Price played well during the tournament. For the 3 games Julie Clay was our leading scorer with 49 points and April Stephens was second with 26 points. Audra House was our leading rebounder for the tournament. We are looking for bigger and better things from these girls.

At the place where you worship the sermons compel  
That you contemplate mending your ways;  
After which you are told to remember this well,  
For the week has another six days.  
You consider that service an hour well-spent,  
Where the guidance of God will abound;  
And with all good intentions you try to repent,  
For temptations are always around.  
But those wonderful lessons you're apt to ignore  
For the rest of the week, as we know;  
So just carry them with you right out of the door.  
And apply them wherever you go.

—Gloria Nowak

## Computerized Kitchen

Have you thought about remodeling your kitchen, but are concerned about how it will look or how much it will cost? Thanks to today's new computer technology, you can get a complete picture of the finished results, as well as walk away with a list of comparative prices.

Experts agree that the kitchen is the focal point and social center of today's homes. According to figures from the National Association of Remodeling Industry, both minor and major kitchen remodeling produces a 90 percent return on investment when the home is sold. This increases even further when the job is done as a "Do-It-Yourself" project.

In the 1989 Practical Homeowner Home Improvement Survey, professional appraisers ranked 27 home improvement projects according to their return on investment. The kitchen face-lift and standard island kitchen remodeling jobs ranked in the top 10.

Many questions arise when remodeling. Visualizing a room from lines and boxes on graph paper does little to help. The Atlanta-based Home Depot stores have solved this problem with their free, in-store computer design service.

The computer allows the customer to see exactly what the kitchen will look like when the remodeling is complete.

## NOTICE

### STATE DEPARTMENT OF HIGHWAYS AND PUBLIC TRANSPORTATION PUBLIC HEARING NOTICE

Pursuant to the Administrative procedure and Texas register Act, Texas Civil Statutes, Article 6252-13a, section 5, the State Department of Highways and Public Transportation will hold a series of five public hearings on proposed new subsection 11.80-11.90, concerning Environmental and Public Involvement for Highway Improvement Projects. Notice of the proposed adoption of the new sections and their text were published in December 14, 1990 issue of the Texas Register (15 TexReg 7160).

The dates, places, and locations for the respective hearings are as follows: Thursday, February 7, 1991, Memorial High school, 935 Echo Lane, Houston; Thursday, February 14, 1991, Holiday Inn Center, 6201 E. Highway 80, Odessa; Tuesday, February 19, 1991, Corpus Christi Marriott, 707 N. Shoreline Drive, Corpus Christi; Thursday, February 21, 1991, Holiday Inn DFW North, 4441 Highway 114 and Esters Blvd., Irving; and Monday, February 25, 1991, Camp Mabry, 3500 W. 35th Street, Academy, Bldg. 82 (The Audie Murphy Bldg.), Austin.

Each hearing will convene at 7:00 p.m. Those desiring to make oral comments or presentations may register starting at 6:30 p.m. Any interested person may appear and offer comments, either orally or in writing, however, questioning of those making presentations will be reserved exclusively to the presiding officer as may be necessary to ensure a complete record. While any person with pertinent comments will be granted an opportunity to present them during the course of the hearing, the presiding officer reserves the right to restrict testimony in terms of time and repetitive comment.

Organizations, associations, or groups are encouraged to present their commonly held views, and same or similar comments, through a representative member where possible. Comments on the proposed text should include appropriate citations to sections, subsections, paragraphs, etc., for proper reference. Any suggestions or requests for alternative language or other revisions in the proposed text should be submitted in written form.

To assure that all persons who have registered to speak are afforded an opportunity to do so and to avoid undue hardship or inconvenience of conducting the proceedings beyond an unreasonable hour, the presiding officer may recess the hearing and reconvene at 7:00 p.m. the following evening at a location to be announced upon recess, for the limited purpose of receiving those remaining comments.

Written comments may also be submitted to William A. Lancaster, P.E., chief engineer, Highway Design Division, 11th and Brazos Streets, Austin, Texas 78701. Copies of the proposed rules are available from the department's district offices in each of the named cities and from Mr. Lancaster. The Deadline for submitting all comments is 5:00 p.m. on March 31, 1991.
