Valley Roms To 54-20 Victory At Happy Friday

Valley Patriots drove to Happy last Friday night and won their sixth consecutive game of the season. It was the first district game of the season as the Patriots began defense of their district championship.

Although the Patriots gave up three touchdowns, they were quite awesome on offense, collecting 618 yards total offense, including 492 rushing and an additional 126 passing. James McNary scored four touchdowns on runs of 48, 77, 11 and 33 yards, as he amassed a total of 293 yards on 27 carries. Juice Williams also scored four times on runs of 1, 15, 5 and 4 yards. He had a total of 198 yards on 30 carries. For the season McNary now has around 950 yards, and he will go over the 1000 yard mark Friday night unless he is injured very early in the game. Williams also is nearing a thousand yards for the season, but probably will not reach his until the next week's game.

James McNary put the Patriots on the scoreboard early in the game at Happy last Friday night as he broke for a 58 yard run, and Williams kicked the extra point to give the Patriots a 7-0 lead. After kicking off to the Cowboys, the Patriot defense stopped Happy, forcing a punt. The Patriots took the punt around the 24 yard line, but then a couple of plays later, gave it back to the Cowboys on a fumble. The Cowboys completed a pass to the Patriot five yard line. After three running plays failed, the Cowboys scored a touchdown play, and the extra point try failed.

Following the kickoff, the Patriots marched down field for another touchdown with Ray Williams going over from the one, giving the Patriots a 13-6 lead.

Valley kicked off to the Cowboys, but held them, forcing them to punt it back to Valley.

James McNary promptly broke it again for 77 yards for another touchdown. The try for extra point was missed, giving the Patriots a 19-6 lead at the end of the first period.

The Cowboys' Donnie Venhaus connected with Mark Tackitt on a 71 yard pass play for the next touchdown, but missed the extra points, to make the score 19-12. It didn't stay that way but just a couple of minutes for Valley marched right back with Williams going the last 15 yards, kicking the extra point and making the score 26-12.

The Cowboys continued hanging tough, scoring a third touchdown by Paul Comacho from the three yard line. The extra point try failed.

McNary picked up another touchdown before the half ended, this one from 11 yards out. Mike Dowd ran for the extra points, making the score 42-20.

Williams scored twice in the fourth quarter on runs of five and four yards, to wind up the scoring and making the final tally 54-20.

The Patriots were penalized 100 yards while Happy received only 15 yards.

Valley seemed to be threatening to score almost every play. They were running the ball north, while the referees were picking it up and walking it south.

Quarterback Richie Fuston connected six times on 12 attempts, for a total of 129 yards.

Coach Giddens said, "We corrected some of our mistakes made against Hart, but we still have some more wrinkles to

smooth out. "Jimmy Lacy is playing good football for us on both offense and defense," the coach added.

The Valley Seventh Grade beat Hart 6-0, and the Valley Eighth Grade beat Hart 12-12 week before last.

Valley Junior High beat Happy 8-6 here last Thursday.

The JV beat Happy 20-0 here last Thursday.

Hinojosa and Cox did the scoring for the JV.

Good games were turned in by the linemen, Neal Barrett, David Landry, Daniel Ortiz, Randy Lacy, Keith Beavers, J. Dale Butler, Randy Fuston and Darren Edwards.

Friday night of this week, the Patriots will host the Lazbuddie Longhorns in the annual homecoming game at 7:30 p.m. The Pep Squad will climax its week's activities with a pre-game ceremony beginning at 7:00 p.m. at which time a Homecoming Queen will be crowned, and a Pep Squad Hero will be named.

Honored speaker for the evening was Congressman Hightower. His aide, Jack Davis, was also present. Mr. Hightower's address to the members concerned the importance of the family farm and how rural America is losing its representation in Congress because of the increasing urbanization.

The meeting was held in the Bob Wills Cafeteria. President U. F. Coker, precinct chairman, introduced Mr. Hightower. Jim Robison, Hall County Democratic Chairman, was also present. Other guests included Mrs. Eula Merrell of Clarendon and Darrell Hale of Plainview, supervisors of the Green Thumb program.

Congressman Hightower said, "There are 100,000 programs you can cut but don't cut mine," seems to be how most people feel. But, he added, we have trimmed back in a lot of places. As we all know, he continued, agriculture is the basic economy of this country. We've come a long way, he added. He said that we have manpower resources and

FARMERS UNION WANTS

DEBATE OF ISSUES

Waco, Texas: Oct. 7, 1980—Officials of the National Farmers Union are insisting upon a televised national debate concerning the presidential candidates' positions on agricultural policy, announcing deep disappointment that "none of the candidates have been explicit in stating their farm policy."

After rejection by Ronald Reagan to a head-to-head confrontation on farm policy last week, the farm organization called for spokesmen to go before farm journalists for questioning and debate. NFU President George Stone said, "While this is not the ideal situation . . . farmers have a right to know what policies are being developed that would affect them after the election."

Meanwhile, Texas Farmers Union President Jay Naman said in Waco, "It is clear that Texas farmers are not in the pocket of any of the candidates. If the candidates aren't more specific between now and the election as to what they would do in the area of farm policy, farmers will have to decide between them on other issues," Naman said.

Naman says farmers have been shocked by "anti-farmer observations" coming from Governor Reagan, particularly Reagan's admission of lack of knowledge about parity and his denunciation of farm supports when he commented recently, "You subsidize the inefficient when you put a floor under the price."

The Texas Farmers Union leader, is, however, none the happier with President Carter's farm policies and has not hesitated to say so several times over the past few years.

"Farmers want to know specifically what the Carter Administration will do during the next four years to preserve the structure of the family farm," Naman said. "They (farmers) will certainly be turned off by any suggestion that the next term of the Carter Administration means more of the same policies that we saw during the past four years."

Referring to nationwide hearings by Secretary of Agriculture Bob Bergland into the structure of agriculture, Naman observed that farmers "might logically expect that the Carter Administration would advocate some radical changes in farm policy in its next term," but was quick to add that nothing along those lines has been stated thus far.

Not to overlook the third candidate, the IFU head questioned Representative Anderson's comments about parity as his objective, calling the congressman's voting record on farm programs "miserable." "Farmers will this time, as they have in the past, vote their pocketbooks on the issues that affect them and their industry," Naman said. "At this point, none of the candidates have been very definitive in this respect."

National Farmers Union has sought a 90-minute debate between spokesmen for the candidates who would respond to questions from reporters and farmers.

NFU President Stone said a farm policy debate bears importance to the entire nation because of agriculture's strong effects on the general economy. In calling for the alternative exchange between campaign spokesmen, Stone remarked, "too often, candidates get by with few pleasant platitudes about farmers."

Youth interested in being a member of 4-H need to come by the Extension office and enroll before the monthly 4-H meeting in October.

The 4-H Foods Projects are beginning with two different groups organized from those who have signed up for this project. Stan Fogerson will serve as a leader for a group of boys interested in foods if they will call the Extension office and sign up. Teenage 4-H'ers are especially encouraged as four can qualify for the District Food Show, but the county has only one senior 4-H'er in foods.

4-H members who are seniors in high school and plan to apply for a 4-H scholarship need to take the SAT test this fall so the score will be available for the application in the spring.

A Farmer-Rancher Prayer

Printed below is an item much circulated over the past few months in several publications. For those who haven't seen it, we print it here; for those who have, it bears repeating. It was passed along to us through hands which retrieved it from the Texas Family Farmer. Submitted by Mrs. E. G. Reed.

As farmers and ranchers, Dear God, give us the wisdom and patience to understand why a pound of T-bone steak at \$1.80 is high, but a three-ounce cocktail at \$2.20 is not. And a 50-cent Coke at the ball game is cheap, but the 20-cent glass of milk for breakfast is inflationary.

And Lord, help me to understand why \$6.00 for a ticket to

the picture show is a bargain, but \$3.00 for a bushel of wheat is unthinkable.

Cotton is too high at 65 cents a pound, but a \$20 shirt is on sale for \$18.95.

And corn is too steep at three cents worth in a box of flakes, but the flakes are just right at 50 cents a serving.

And also, Lord, help me to understand why I have to give an easement to the gas company so they can cross my property with their gas lines, and then double my price of gas.

And also, Dear God, help me to understand the consumer who drives by my field and scoffs at me for driving a \$30,000 tractor that he built, so he can make money and drive that right-of-way they took from me to build a road on, so he could go hunting and skiing.

Thank you, God, for your past guidance and help. And please help me to make sense of it all.

Dinner For Pastors' Families Held At Plainview Mon.

Rev. and Mrs. Jimmy Ward and Rev. and Mrs. Wayne Norman were in Plainview Monday night for a dinner at First United Methodist Church. All pastors and their wives of the Plainview District were invited to meet the new bishop of the Northwest Texas United Methodist Conference, Bishop and Mrs. Louis W. Schowengerdt.

Bishop Schowengerdt was elected to the episcopacy and assigned to the Northwest Texas-New Mexico Area during the July 15-17 session of the Jurisdictional Conference meeting in Little Rock, Arkansas. He assumed his duties September 1 and moved into offices in Albuquerque.

Dr. and Mrs. Weldon Butler were hosts for the occasion.

Mrs. Roy Patterson attended homecoming at Merkel High School Friday and Saturday. It was the fiftieth anniversary of the Class of 1930 of which she was a member. Ex-students and teachers were given a guided tour through the modern new high school building which has just been finished. The building where Mrs. Patterson, her brother and five sisters all graduated, burned last year from unknown causes. While in Merkel, Mrs. Patterson was a guest in the home of her sister-in-law, Mrs. Vada Hudson.

Not Many Citizens Seem To Like This Idea, But . . . Hall County Must Re-District

Despite their personal wishes, Hall County Commissioners must change the boundaries of the four commissioner precincts to conform with the "one-man, one-vote" principle outlined in a 1964 U. S. Supreme Court decision. This principle is simply one which states that, as nearly as possible, each commissioner in each county must represent approximately the same number of people. Currently, Hall County Precinct No. 1 has 64.89 percent of the county's population; Precinct No. 2, 11.87 percent; Precinct No. 3, 8.77 percent and Precinct No. 4, 14.47 percent. In order to equalize the number of people each commissioner represents, the county must be re-districted in such a manner that each of the four commissioner precincts will have approximately 25 percent of the population. To do this means one thing:
THE CITY OF MEMPHIS WILL HAVE TO BE SPLIT FOUR WAYS TO GIVE EACH COMMISSIONER PRECINCT THE SAME NUMBER OF PEOPLE.

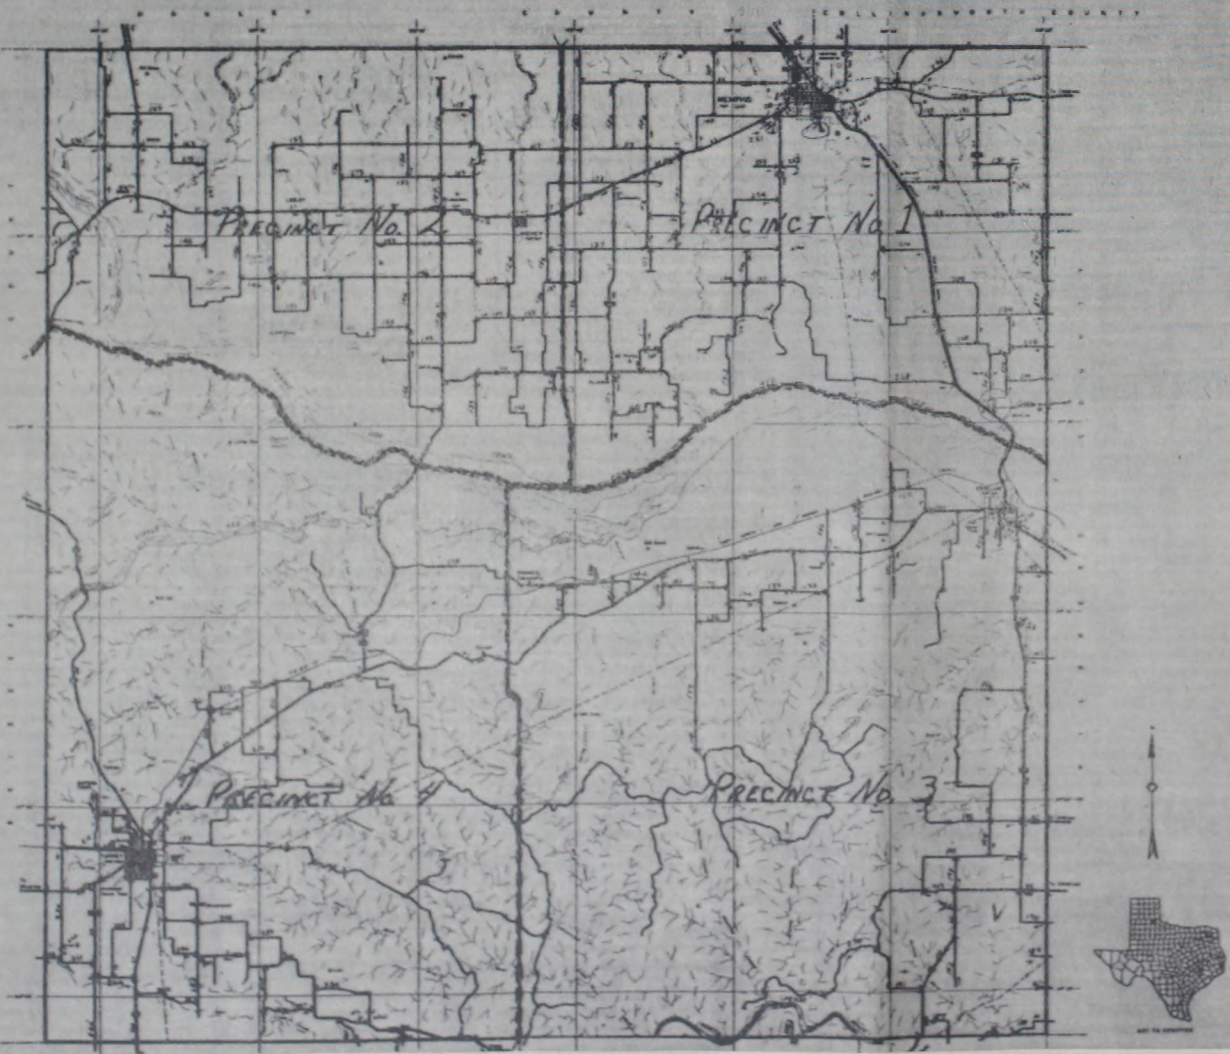

Pictured on this page are two maps, one of the county with the present boundaries of the four precincts shown; and a map of Memphis divided into four parts, with the population of each part indicated. The Memphis map was divided by the U. S. Census Bureau in making its count, and these figures represent the preliminary census count of the four sections of Memphis.

Some counties, in which the heavy populated area lies in one corner as is the situation in Hall County, have devised a plan whereby a mile-wide strip is run from a precinct, such as Turkey precinct, to the section of the town concerned, such as Memphis. . . in this way, a section of Memphis could be a portion of the Turkey precinct (precinct No. 4), another section could be joined to the Lakeview precinct (Precinct No. 2), and another joined to the Estelline precinct (Precinct No. 3).

In whatever manner the re-districting is done, the City of Memphis will have to be split, and the commissioners realize the problems this is going to involve and create. It is easy to see that someone living in Memphis could conceivably be elected to serve as commissioner of any of the precincts other than that now considered as the Memphis precinct. The Hall County Commissioners believe that this re-districting, regardless of how it is done, will be highly unpopular with many, many citizens. We are requesting that any suggestions as to how it can be done be given to us and these suggestions will be appreciated and will be given serious consideration. The commissioners want to emphasize that it is not a question of **WHETHER** this to be done, but rather a question of **HOW** it is to be done. If much further delay is exercised, a suit will likely be brought against the county, and the re-districting will be forced . . . and in that event, the county taxpayers will pay the legal bill running into many, many thousands of dollars.

Information concerning this problem can be obtained from any member of your commissioners court.

WARDROBE COST-CUTTING

Careful planning can help cut the cost of your wardrobe. First, analyze existing garments to see which ones can still be worn this year. Decide what items are needed to complete ensembles and to give this year's "look" to

your wardrobe.

List things you need to buy or make to complete outfits. Carry samples of fabrics to be matched or coordinated with new garments and accessories—I usually have a purse full of fabric scraps from the garments I make to use in matching additional pieces, fabric, or accessories. If you don't have a scrap, carry the garment with you when shopping.

When shopping for clothing, consider the cost per wear. This is much like the cost per serving

in food buying. Basic wardrobe items that will receive a great deal of wear—like shoes, coats, basic suits—can cost more to purchase because the cost per wear will be relatively low if they are worn several times a week for a year or more. An item that will be worn very little—formal wear, special occasion outfits, etc.—should cost less initially because the cost per wear will be great if they are only worn a few times per year.

Select separates when practi-

cal as they can extend a wardrobe by combining with several other pieces. Plaid skirts can be paired with blazers, sweaters, blouses in any of the colors in the skirt.

Make items for your wardrobe when skills and time make this possible. A workable wardrobe does not have to cost a lot of money, but requires some advanced planning to achieve.

MULLIGAN STEW

Mulligan Stew is coming. No.

it's not a recipe for a new dish, but an exciting television nutritional program for your kids.

For six weeks, beginning October 25, the 30-minute program will be seen on Channel 4, KAMR in Amarillo, at 12:30 p.m. each Saturday.

The third through fifth grades in the Silverton and Valley Schools will be using supportive materials which are a part of the program package to involve students in classroom discussion, reading and other projects to teach nutritional needs, food selection, menu planning, shopping and preparation.

This is a cooperative effort between the school districts, the television station which is providing the air time, and the 4-H and Extension programs which provide the teaching materials.

Mulligan Stew is the name of a five-piece kids' rock band which is the principal cast of the series. The band's zany friend Wilbur Doorright brings a nutrition assignment from "upstairs" in the format of the "Mission Impossible" TV secret agent series.

Each program also uses puppets in a "Sesame Street" atmosphere, original music and lyrics and interviews with astronauts, scientists and food authorities.

This is a good program for all ages. Parents can learn too. Remember the dates and time—October 25, November 1, November 8, November 15, November 22, November 29, at 12:30 p.m.—and plan for your children to watch these programs.

**CRICKETS, CRICKETS
EVERYWHERE**

Hordes of field crickets have invaded parts of Briscoe County, creating a nuisance in some areas and causing minor plant damage.

Large numbers of crickets usually occur in the fall following prolonged dry weather in the spring and summer. Cooler fall temperatures and rains often trigger cricket migrations to lighted areas around buildings.

Field crickets can damage ornamental and garden plants. Inside homes and other buildings they become a nuisance and may occasionally feed on fabrics, especially clothing stained with perspiration or food.

It is suggested that you clean yard and garden areas to reduce cricket feeding and breeding sites. This includes destroying weeds and dense vegetation around homes and other buildings and remove piles of bricks, wood, stones and other debris where crickets may hide. Also clean out trash dumps.

Eliminating outside lights at night also helps keep crickets away from buildings, and making sure that all screens and doors fit tightly will help keep the pests out of the home.

As far as insecticides are concerned, spraying outside around foundation walls, window and door facings, crawl spaces, door thresholds, and in and around garbage cans and wood piles is advised to keep crickets from moving indoors. Effective insecticides for outdoor use include chlorpyrifos (Dursban), diazinon, malathion, propoxur (Baygon), resmethrin, carbaryl (Sevin) and methalddehyde, the latter two as baits.

Field crickets lay their eggs in the soil, with as many as three generations a year in southern areas. They overwinter as eggs or nymphs (immature forms).

☆ ☆ ☆ CYNTHIA ANN EDWARDS ☆ ☆ ☆

Cynthia Ann Edwards, 16, was second place winner in the cotton division of the 1980 State 4-H Fashion Revue in Abilene recently—chalking up her second major win in that contest in two years.

Last year she took first place in the same division at the age of 15—making her among the very youngest winners in the statewide competition since it began in 1938.

She was awarded yards of fabric from Crompton, Inc. and \$50 in cash from the Texas Cottonseed Crushers' Association for her second-place win this year.

This second win follows another year of participation in the 4-H Clothing Program and ends her sixth year in clothing projects, which include wardrobe planning and coordination, development of buying skills, grooming techniques and poise, along with sewing and fashion modeling.

Sewing and Fashion Revue are optional in the 4-H clothing project. For this year's competition, Miss Edwards designed and created an ivory and taupe jacket-and-skirt ensemble of 100 percent cotton.

Of a Christian Dior designer pattern, the ensemble relied on crisp pleating in both skirt and blouse for a tailored mood that gained softness from the cotton basketweave suiting of the jacket and skirt.

The jacket was loose fitting, boxy and waist length—lined with a reverse print of the 100 percent polyester fabric that made the blouse.

Underneath, the blouse, in a double-breasted design, was also loose fitting.

Both the blouse and the jacket lining featured Miss Edwards' own silk-screen print design—a unique arrangement of her initials in a field of varying-sized dots.

Miss Edwards, in 4-H club work for seven years, has served locally as secretary of the horse club and delegate to the District 4-H Council.

In addition to 4-H activities, she admits to interest in typing, dancing, volleyball and UIL One-Act Play competition.

The daughter of Mr. and Mrs. Harold Edwards, the coed is a Silverton High School junior.

She plans a career in fashion marketing.

The State 4-H Fashion Revue is sponsored by the Texas Agricultural Extension Service, as part of the state 4-H and Youth Program.

Other sponsors include Cloth World, Inc., West Texas Utilities of Abilene, the Bernina Sewing

Machine Company and Simplicity Pattern Company.

Also the Texas Sheep and Goat Raisers Association, the Mohair Council of America, White Sewing Machine Company and the Butterick Fashion Marketing Company.

This year's Revue was additionally sponsored by Daydreams by the Yard of Abilene, Mary Kay Cosmetics, Frances' Beauty Salon and Boutique of Abilene, McCall's Pattern Company of New York, Milliken Fabrics and Eastman Kodak.

**Foster Whaley
Speaks At School**

Texas State Representative Foster Whaley was guest speaker at the Valley School Tuesday morning, October 7, beginning at 9:30. Mr. Whaley was late getting the date and the Valley School didn't have an opportunity to get it in the newspaper; however, Student Council Chairman Jerry Bob Smith reports there were 120 students and adults present to hear the address. The Student Council sponsored the event.

Mr. Whaley spoke on the role of the state legislator, about pending legislation on agriculture and government. He emphasized the student's role in voting and responsibility in state government. He also enlightened the group on the committees on which he presently serves.

Mr. Smith reports it was a very educational and interesting program.

**Triple L Club
Met Recently**

The Triple L Club met September 25, with two visitors, Mrs. Irma Lee Oakley of Willpoint and Larry Redenower, pastor of Harmony Baptist Church in Weatherford, Texas.

The group had three ministers present, the Rev. Redenower, the Rev. Wayne Norman and the Rev. Mike Grebenik.

The Rev. Norman, pastor of the Flomot and Quitaque United Methodist Churches, showed the film, "For Pete's Sake," and the group reported enjoying it very much.

After the delicious meal, the group sang "Happy Birthday" to the Rev. Norman, Mrs. D. C. Duck and Mrs. Vella Herrington. There were 27 in attendance.
