Quitaque City Council Has Regular Meeting Monday

Monday, August 12, 1996 the Quitaque City Council met in regular session at 5:30 p.m. with all council members present as well as City Secretary, Maria Cruz, Mayor Jim Davidson and Robert Patrick, City Manager. Also meeting with the group were Gordon Maddox, Kevin and Rita Moseley, Bob Hinkle and Mary Baez.

Mr. Maddox, Kevin and Rita Moseley discussed audits with the council.

Mary Baez presented the council with information on rate reviews. No action was taken in this matter.

Bob Hinkle, representing the Lions Club of Quitaque requested the council's approval to build a monument for "Veterans and Veterans Killed in Action" at the Quitaque Community Center. The council approved the request which will be financed by the Lions Club.

In the Caprock Public Library report it was stated that 425 patrons used the library with 500 books in circulation, 38 audio; 37 video; 16 inter-library loans; 3 large print and 7 reference questions. Ten new borrower cards were issued. This presents a gain from 1995 when there were 292 patrons and only 334 books in circulation.

City Manager Robert Patrick reported that he had met with the Briscoe County Commissioners Court and requested a pump for one of the fire trucks. The Commissioners Court is giving the request consideration.

Total ambulance runs reported for July were four. Nineteen students were reported to have attended the Incident Command Class sponsored by Texas Forest Service which provided nine hours of continuing education for all attending.

Good Guy Award

by Ann Coker

I was called the other day by a lady who wanted to nominate a person for "The Good Guy Award", but this is really a "A Good Gal Award" and it goes to Arlowene Williams.

Arlie Williams walks most mornings to the post office to pick up her mail. On her way to the post office she picks up trash that has been thrown on the road. She carries the trash to the nearest dumpster. If you've ever driven down the highway and noticed trash in the gutters and return later and see that it is gone—Arlie has been there and she is our "Good Gal."

Thanks Mrs. Williams for helping keep our town cleaner and neater!

The Turkey EMS Purchase Heart Defibrillator

by Ann Coker

The Turkey EMS recently purchased a lifesaving heart defibrillator. The defibrillator, which cost over \$6,000, was paid for by a grant from the Cogdell Foundation and by local donations and activities sponsored by the Fire Department, such as their hamburger cook-out. Ninety percent of the cost came from the Cogdell Foundation.

According to the American Heart Association over 250,000 Americans who suffer cardiac arrest each year die before reaching a hospital. Use of a defibrillator by rescue workers in the field can more than double the chance of survival for a victim.

Defibrillators revive victims of cardiac arrest by shocking the heart back into a regular rhythm. Thousands of Texas residents, especially those located in suburban and rural areas, do not have access to this equipment because volunteer EMS units do not have the funds needed to purchase this vital equipment.

The Turkey EMS are quite thankful for the support and the donations the citizens of Turkey have given.

A school was held in Quitaque to train the EMS on how to use the defibrillator. The instructor was Anthony Kingery and it was for the EMS in this area, Silvertown, Flomot, Quitaque and Turkey. Those attending from Turkey were Ginger Morgan, Don Turner, Travis Carnes, Jim Weeks, Russ Yates and Steve Farley.

Quitaque Hosts Incident Command Seminar

by Debbie Wellman

The City of Quitaque hosted an Incident Command Seminar presented by the Texas Forest Service. The seminar was held Friday, 7 p.m. until 10 p.m. and Saturday, 9 a.m. until 3 p.m., July 26 and 27th. The seminar instructors were Charles (Boo) Walker and Bill Spenser, both firefighters with the Texas Forest Service. Mr. Walker has been fighting fires for many years including fires covering 350,000 acres. He has fought fire all over the United States as well as, St. Thomas and St. Croix hurricane disasters. He has been the Incident Commander of groups of firefighters so large they numbered more than any community in the counties they were working.

The purpose of this seminar was to help the emergency personnel prepare and organize resources in the event of any major incident, whether it be a fire, tornado, or traffic accident. The group learned how to make the most of whatever they have available and how to get more

help here under organized and efficient conditions.

The seminar was attended by Quitaque EMS, Quitaque volunteer Fire Department, Turkey Ambulance Service, and Caprock Canyons State Park personnel.

An incident was created on paper for them to organize. The instructors had radios and telephones for communication with the personnel who was divided into groups to control a fire. A fire similar to the large fire that raged here this summer was the test. After a confused start they were given two minutes to survey the work and re-organize. After getting off to a better start the next time, they were able to get the "fire" under control with no casualties and no improved properties destroyed. The group found out how much the seminar could improve their effectiveness if or when another incident presents itself.

This was a very good learning experience for all present and will give the groups the confidence and knowledge to better control anything in the future.

Turkey Proposes Putting Library And Museum Together

by Ann Coker

Margie Pinkerton has reported that the people interested in establishing a Turkey Museum are considering combining the museum and library.

At present they are considering buying the building where Beth's Beauty Shop was. They are requesting donations in order to purchase this building. Donations may be made at the Turkey Branch of the Memphis State Bank, so the next time you are in the bank, please make your donation to insure the purchase of this building. The museum and library will certainly be an asset to down town Turkey.

The museum—library committee are holding another meeting on Monday, August 26th at 2 p.m. at the Turkey Library. They are quite anxious to have all attend who are interested in starting a combined museum—library. They will need your input.

Brett Cruse has offered to help them acquire a grant and to help the committee get organized.

Do attend the meeting on Monday, August 26th, at 2 p.m. at the Turkey Library, and don't forget your donation at the bank.

Valley School Board Special Meeting

The Turkey-Quitaque I.S.D. will have a special called meeting on Monday, August 19th at 8 p.m. at the Valley School.

The meeting is called to adopt the proposed 1996-1997 Turkey-Quitaque I. S. D. budget.

THEN & NOW!

by Eunice McFall

Time has run out for the children in our world. School bells are ringing and they must get up early to get ready to attend classes all day so that they can arrive at home in time to do their homework and get to bed early so that they can arise the next morning and start the process all over again. Parents too must now get on the old routine track so that everything can be accomplished.

Many students are very excited and ready to start back to classes while many just would like for it to be summer for the rest of their lives and they would never have to attend another class. Of course, we have parents who feel the same way, some can't wait for classes to begin for their children in the fall and others that would love for their children to remain at home all the time.

But today in the world in which to exist we must do a bit of compromising and do some of both for the good of all. Children need to have a bit of education (not like the little kindergarten boy who came home after the first day of school and said he had learned all there was to know at school so he would just stay home for the rest of the school term!) to be able to go forward in the high tech world in which we now live.

We as adults, need to encourage our youth and young children to acquire all the education that is possible so that they will be able to be whatever they want to be, to be able to enter whatever field they would like to work in, to be able to feel good about themselves, to be able to do a good job in the field which they choose to work in while making themselves and their family happy.

Education is a must for our youth of today if our country is to continue to gain knowledge and be able to make tomorrow a better day for one and all, not just one person or country but the entire world. Just think about how much the world has changed in the past 200 years, not only for the United States but the world in general. From the horse and buggy days to men on the moon. Today you can travel thousands of miles in a day. Two hundred years ago it would take months to travel across country. Of course, not all of our advancements have been good ones but it does seem that the good will outweigh the bad.

Most of the advances have been thought of and perfected for the good of mankind but then once in a while someone will prevent the advance to their advantage and it turns out not to be good for mankind. But just because there are a few rotten apples around, we do not need to just stop growing the apple trees. Whatever children are in your life—encourage them to not only study hard and learn a lot but to enjoy doing so.

DRIVE CAREFULLY—SCHOOL IS IN SESSION!

News From Caprock Canyon State Park

by Twilla Clark
The month of July was very good for Caprock Canyons State Park. Not only did the park receive approximately eight inches of rain, 6,321 vehicles crossed the counter. Visitors were from seventeen different states and two other countries. The visitors from Germany and Switzerland commented that Caprock Canyons State Park is one of the most beautiful places they had seen anywhere.
One statement that is heard very often is how friendly and helpful the people in Quitaque are. That makes me proud to live here.

Letter to Editor

Dear Editor
I am researching my George family tree and I was hoping that some of your readers may be able to help me. I am looking for information, Bible records, old photos, etc. from other descendants of James C. George (b. abt. 1804, d. after 1850, Itawamba Co., Miss.) and his wife, Rachel Conwill.

One of this sons was Abram B. George (b. 15 Jan 1829, Tenn., D. 14 Dec 1901, Franklin Co., Alabama). He was a Confederate veteran with 18 to 20 children, some of which migrated to northern Texas around 1900. His sons names were: John, James, Franklin, Nathan, Robert, Thomas, David Lee, Enloe, Henry, Wylie, Sylvester, Dallas, Wesley, Jennings Burton and Charlie. Daughters were Rachael, Mary Jane, and Rosa. I would be interested in hearing from other George researchers as well.

Jim and "Vester" George were know to have settled in Briscoe/Hall County area, in the vicinity of Turkey, Texas.

Dear Valley Tribune,
Enclosed for my subscription renewal is \$20.00. I love to read the stories about the few relatives I have left in the Quitaque and Turkey area.

Someday soon my husband and I would love to camp in Caprock Canyon State Park in our motor-home. I haven't been to Texas since 1981 when my grandmother, Rebecca (Mrs. James A.) Reed died. So I guess I'm past due to make a trip to Texas.

Thank you!
Mrs. R. L. Robinson

Dear Editor,
I always enjoy the Valley Tribune with the news of relatives and friends.

I have enjoyed my visits there almost every year since moving to California in 1946. Will miss seeing everyone this year. Know the "homecoming" was great!

Thanks for all your efforts to give us a real "home-town" paper.
Sincerely,
Sue Curtis (Ela Sue Woods)

To the Valley Tribune,
It is so nice to receive the paper each week to keep up with all that is happening there.
Yours truly,
Hurmon Graham

School Enrollment Up

A full house of students and school patrons was on hand at the school auditorium Monday morning as the local schools were integrated smoothly and without incident.

Supt. Johnny Mason welcomed old students and faculty, new students and new faculty members and friends to the beginning of a new school term that many feel will be one of the more successful in the school's history.

Seventy-six high school and 167 students in the elementary grades for a total of 243 were enrolled as of Tuesday morning, according to Supt. Mason. Last year 234 enrolled during the opening days of school.

Twelve students from Frederick Douglas School have enrolled in the lower grades and six have registered in high school.

After the invocation by the Rev. Kenneth Metzger and a sing-song led by the Rev. Roy Davidson, Mr. Mason introduced the faculty to the students and patrons present. The faculty includes four new members this year. They are: Coach Joe Streun and Mrs. Earl Wise in high school and Jerrell Rice and Wilburn Leeper in Elementary School.

Supt. Mason, High School Principal, G. R. Colvin and Grade School Prin. Glenn Sanders then made announcements concerning the coming school year and the benediction was led by James Brunson, after which the assembly was dismissed.

School Patrons Are Urged To Attend School Budget Hearing Tuesday Night

Supt. John Mason announced early Thursday morning that the Board of Trustees had adopted the proposed budget for operating the schools for the school year 1962-63. The Board met Wednesday night.

The budget adopted for this year amounts to \$123,374.00 as compared to last year's \$137,421.00. Mr. Mason also announced that the tax rate for this year will be the same as last year: \$1.73.

To the people of Briscoe County:
I would like to thank everyone of Briscoe County for the opportunity to assist with your healthcare. Due to medical problems within our family, my family and I will be leaving Silvertown and returning to Kansas. I have been assured that the clinic will remain open to serve your needs.
We've been blessed by the opportunity to have known such special people as you all. People of this area are blessed with a goodness that is hard to find in today's world!
I would like to extend a heartfelt "Thank You" to all that have done so much for us, especially during my illness and recuperation. We have appreciated the prayers and concerns that were expressed by all. A very special thanks goes out to the wonderful clinical staff; Lana, Angela, Sheryl B., Delane, JoLynn, and Leah. Without them we wouldn't have had a clinic!
Thank you all and we hope to return periodically to visit everyone in the future.

Sincerely,
Joe Foust and Family

THANK YOU

Dear Friends,
Thanks to everyone who was so nice during and after my surgery.

Thanks to the one's who came to be with me during surgery, who sent beautiful flowers and cards, for the telephone calls, the delicious food and the visits.

Thanks to Carolyn who came and stayed with me when I needed her.

Thanks a million and maybe I can repay you some day.

Thanks to everyone who sent cards, food and visited but most of all for all your prayers.
God bless each one of you,
Vernell Cotten 9 1tc

Perhaps you sent a lovely card,
Or sat quietly in a chair.

Perhaps you sent a funeral spray,
If so we saw it there.

Perhaps you spoke the kindest words,
As any friend could say.

Perhaps you were not there at all,
Just thought of us that day.

Whatever you did to console our hearts,
We thank you so much whatever the part.

Thank you,
