## Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by this summer's drought and extremely high temperatures are being accepted at the Farmers Home Administration (FmHA) office located in Memphis, FmHA county supervisor Dale R. Burris said today.

Hall County is one of three in Texas recently named by Secretary of Agriculture John R. Block as eligible for loans to cover part of actual production losses resulting from the drought.

Burris said farmers may be eligible for loans of up to 80 percent of their actual losses, or the operating loan needed to continue in business, of \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5%; interest rate is 8% on the balance borrowed over that amount. For farmers who can obtain commercial credit but who choose to borrow from FmHA, the interest rate is 13.75%.

As a general rule, a farmer must have suffered at least a 30% loss of production to be eligible for an FmHA emergency loan, Burris said. Farmers participating in the PIK or federal crop insurance programs will have to figure in proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until February 7, 1986, but farmers should apply as soon as possible. Delays in applying could create backlogs in

processing and possibly carry over into the new farming season, Burris said.

FmHA is a credit agency of the U. S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U. S. citizens, and to farming partnerships, corporations or cooperatives in which U. S. citizens held a majority interest.

The FmHA office in Memphis is open from 9:00 a.m. to 5:00 p.m. Monday through Friday.

## West Texas Utilities Increases Amount of Fuel Cost Savings

West Texas Utilities Company has increased by \$3.9 million the amount of fuel cost savings it wants to refund to its customers, bringing the total to \$17.6 million.

This amount reflects the fuel cost savings achieved in June, and a lump sum refund of the

remaining balance reconciled in the Company's last rate case.

The June fuel savings totals \$1.6, with interest. The figures for June were not available when the original request to refund \$13.7 million was filed with the Public Utility Commission on July 2.

The additional \$2.3 million represents a lump refund of fuel cost savings balance, plus interest, realized prior to August 1984. Under the Commission's order in the Company's last general rate case, refund of the total savings commenced in mid-November 1984 and is scheduled to be completed in November 1985.

The Company has concurred in the PUC staff's recommendation that the remaining balance be refunded in one lump sum along with the fuel savings accumulated since last August.

The Company estimates that the increased refund will add about \$9 to the \$32 refund already requested, for a typical residential customer.

He was returned to his home on Tuesday about noon and was reported to be much better. He was critically ill for awhile, his grandmother said.

"Tell everyone to drop by when they are up here in the cool mountains." She has a store on Highway 70 located in front of the Ruidoso Inn, in Ruidoso, New Mexico. She says she looks forward to getting the Valley Tribune each week.

## Joey Allen To Present Concert In Bob Wills Park

Country Gospel Recording Artist Joey Allen will be in Turkey Saturday, August 10, to present a "mini-concert" at Bob Wills Park beginning at 5:00 p.m. The performance will be presented at the Bob Wills Monument.

Allen has performed and recorded country music for several years and has reached various levels of success, but, according to him, it was a waste of time until he turned himself over to Jesus Christ. Allen has stopped performing in clubs and is currently working on his recording career with his personal manager Terry Wolley of Turkey. They were recently in Los Angeles, California on business and have made demo recordings of three albums of songs which they wrote, including the single, "The Spirit of Texas," which they expect to be released within approximately ninety days.

Saturday's performance at the park will include country and country-gospel songs and will include "a message" to those in attendance. Rev. Melvin Clinton of the First Baptist Church in Turkey will be helping Allen deliver the Word of God. There is no charge for this performance, so please bring the family and the neighbors.

Each one is asked to bring a folding chair or something for comfort.

Sessions include "Home Safety," handling emergencies, fire, strangers at the door, phone calls, etc.; "Snacks at Home," kitchen safety and nutritious snacks (participants will prepare their own lunches making foods they could safely make by themselves); and "Work and Play," home responsibilities, entertaining themselves.

MRS. KENNY CHANDLER

## Johnston-Chandler Vows Exchanged

Miss Lisa Ann Johnston of Denver City, Texas and Kenny Jim Chandler of Quitaque were wed in a formal ceremony at Cowarts Baptist Church, Cowarts, Alabama on Saturday, July 27, 1985 at 7:30 in the evening.

Parents of the bride are Mrs. Jean Johnston and the late B. Z. Johnston of 115 South Jaycees, Denver City, Texas.

The groom's parents are Mr. and Mrs. John L. Chandler of Quitaque.

The Rev. Johnny LaCarter officiated.

Music was provided by organist Amy Nall. Vocalists were Brad Mills and Carol Moore with Guitarist Neal Moore.

Given in marriage by her brother, Billy Zachariah Johnston, jr., the bride wore a gown of white matte taffeta lavishly trimmed with re-embroidered Alencon lace. The fitted bodice featured a Sabrina neckline in the front. The yoke had a beautiful inset of English netting, enhanced by the lace, and richly encrusted with embroidered seed pearls. A row of the lace circled the neckline and came to a low V in the back of the bodice. The fitted sleeves were styled with a unique leg-o-mutton design at the top, featuring gathered effects, beginning just above the elbow. The matte taffeta was replaced by the English netting which was richly encrusted with re-embroidered lace and seed pearls. Covered buttons were at the wrists. The basque waistline featured a row of piping. The flowing skirt was floor length, and swept into a full cathedral train in the back.

She wore a fingertip veil
