An Open Letter To The Community

Dear Neighbors:

On January 12, 1995, our hospital rural health team conducted a county meeting at your request in the public school cafeteria. Thank you for giving us the opportunity to come and visit with the citizens in your area to discuss the opportunity of opening a new rural health clinic. The South Plains Health Provider Organization, Inc. had established a clinic in the existing Briscoe County Clinic. As you know, this clinic closed and numerous residents stated that this clinic did not meet their needs.

I would like to express my appreciation and reception expressed to our team. Based on your positive response to our question, "Do you want High Plains Baptist Hospital Health Systems to provide a clinic to this area?" we made a commitment to do so.

What is the next step? We are pleased to announce that we have successfully recruited a physician assistant and many of you have already met him—his name is Joe Foust. He will be moving to Silvertown in late February 1995; his family will join him at a later date. We have begun interviewing local residents for the different needs of the clinic, which include janitorial, handyman, nurse and billing clerk. We will begin a series of newspaper and home mailings to keep you informed of the project. A projected opening date of mid-March 1995 has been set.

If you missed the meeting in Silvertown, we will be conducting an identical program in the

Quitaque Community Center on February 2, 1995 at 7 p.m. We would encourage you to attend or tell a friend about the meeting.

We believe a High Plains Baptist Health Systems clinic merits your support. The clinic must have local support to be a success in the long run. You are not interested, nor are we, in operating a clinic for the short term. The idea of a local, rural health clinic will not be successful if the community does not give it their full commitment and support. Our town hall meeting on January 12, 1995, indicated that you would give us your support if we agreed to open and operate a clinic where you can obtain immediate, local, and quality care. We are going to do our part and are counting on you to do yours.

We hope that, by our presence in your community, that you will have full faith and confidence in our ability to provide health care and that, if the need arises in the future that can't be met locally that you will seek health care in Amarillo and, specifically, at High Plains Baptist Hospital. Remember, if you do not have a physician and you need one, someone from our staff will assist you in obtaining a physician who will refer you, if necessary, to Baptist Hospital for either outpatient or inpatient care.

I hope to see you soon at the clinic grand opening. Watch for the announcement.

Best Regards,
T.H. Holloway
President

Promise Keepers Coming

Promise Keepers is a Christ-centered ministry dedicated to uniting men through vital relationships to become godly influences in their world.

Wives, children, churches, and communities all seem to agree that what is needed today are men who are *promise keepers*: men who will not compromise the truth, men who are true to their word, men who are trustworthy. Promise Keepers is committed to igniting, equipping, and uniting men to do just that—keep their promises. This objective is based in the promise-keeping nature of God. Because He is faithful to fulfill all of His promises, He is our model.

Promise Keepers adhere to the foundational truths of historic Christianity which center on the person and work of Jesus Christ. Above all else, they intend to honor Him in their gatherings, bringing prominence to His name (2 Corinthians 1:20).

The group believes that they have a God-given mission to unite Christian men who are separated by race, geography, culture, denomination, and economics. They refer to something much greater than human-

They believe vital relationships among men are the foundation for helping each other become *promise keepers*. Christ-centered unity produces vital relationships: life-changing, interdependent, living, dynamic, face-to-face, covenant relationships. Promise Keepers contends that these relationships are best developed in small group settings. Here men can submit to the directives of God's Word, dedicate themselves to pray for their brothers, and genuinely understand each man's strengths and weaknesses.

Promise Keepers is committed to calling men into the ongoing process of godliness, understanding that through God's power, we have the resources to make and keep Spirit-led, biblically based promises (2 Peter 1:3-4).

The group heeds Christ's directive to be "the salt" and "the light" of the world (Matthew 5:13-14) and are committed to motivate men to influence their world through obedience to the Great Commandment (love) and the Great Commission (evangelism and discipleship).

Their prayer is that by His grace, this will result in revival—a worldwide movement of men stirred by God to pray, turn from their sins, reconcile to God and others, and walk in newness of life.

If you are interested in becoming a part of Promise Keepers contact Randy Stark, Jimmy Davidson, Keith Green, Stuart Smith or Les Hall.

New Location For Hall County 911 Phones

Since the initiation of the emergency 911 number was begun, the Fire Station in Memphis was the location of the Hall County Emergency phone. This has not been very effective as there was not always a fireman present to respond to the call.

After many complaints from Hall County residents who were unable to reach help, the emergency phone has been moved to the Hall County Jail where there is always a jailer present. Hopefully, now help is just a phone call away.

THEN and NOW!

by Eunice McFall

Happiness! What a beautiful sounding word! Do we use it often? We really should use it all the time. Happiness is defined as having, showing or causing great pleasure or joy. We can be the cause of great joy or we can receive much joy. It seems today when we tune in the TV for the news or pick up our daily papers all we get to see or read about is bad happenings, murders, theft, gangs, fires, the bad state of the economy, political bad guys, bombings, etc. If we only feed our minds and emotions with this type of news there can be little happiness in store for us.

We arise each morning to a brand new day. That day can be filled with happiness, sadness or anger for us. We usually make that choice for ourselves. True sad times come to everyone with the loss of a loved one, the growing up and moving away of children, loss of a home or any number of catastrophes can happen to us. It is in the way that we work our way through the catastrophe that counts. I know that we can not be considered happy at the death of a loved one but we can reflect on the good times we shared with that person and not on the loss that we feel when they are gone. We are never ready to lose our children to the great big, bad world but we should be quite happy and thankful that they are capable of going ahead with their lives without our input. When a home is lost by fire, it is quite a loss and much can never be replaced but when you think of what could have been lost (the lives of those you love) the material things don't seem quite so important anymore.

As we begin each day, we have a choice, to choose to be happy or to be unhappy and a grouch and make everyone that we come in contact with unhappy along with ourselves. It is not what life hands to us that is the important issue, it is how we handle those problems and joys, the attitude that we face the world with each day.

As I read this week "Not what you have, but what you see; not what you see, but what you choose; not what seems fair, but what is true; not what you dream but what you do; not what you take, but what you give; not as you pray, but as you live. These are the things that mar or bless the sum of human happiness."

Which route will you choose to go with your life today? The choice is yours each and every day of your life.

Letter to The Editor

To The Editor:
 I want to renew the Valley Tribune for another year. I really enjoy reading about the things that are in the paper. I read every word. We sure enjoyed "Rail to Trails Days." Just wish I could have stayed longer to visit.

It is good to read every word and not read about shootings, robberies, rapes and all the bad things. We do get a large paper daily and it is so depressing. I don't want to read much of it. Quitaque will always be my town.

Keep up the good writing.

"Let every one of us please his neighbour for his good to edification"
Romans 15:2

Most of us have neighbors somewhere nearby; and in order to establish a more pleasant and secure atmosphere for all concerned, we should work to maintain a friendly and helpful relationship with them, while respecting their right to a certain amount of privacy. If you borrow their lawn mower, return it promptly. If the lady next door is ill, ask her if you can bring her anything from the store. Agree to watch each other's houses when one of you is away on a trip. Finally, if your neighbors have no religious affiliation that differs from your own, invite them to accompany you to your House of Worship; a gesture that can result in many blessings for both of you. The best way to start the new year is to resolve to be a good neighbor; and there is no better way to do this than to demonstrate that we are all the children of God, no matter where we live.

IF YOU WOULD HAVE A GOOD NEIGHBOR, BE ONE YOURSELF

MAKING LIFE MORE FUN

Share A Cup Of Happiness

At the end of a hectic day, take time out for a romantic moment with a loved one. Find a quiet spot, let yourself unwind, and share your day over that last cup of coffee. Make it even more special by adding a tantalizing flavor and sharing it by candlelight. Take time to enjoy each other.

Make a date with a special friend to enjoy a coffee moment and catch up on all that's happen-

ing with them. Visit a cafe or espresso bar and find a quiet table to share old memories. Try a cappuccino, latte or mocha; better yet experiment with something you've never tried before. Savor the moment as you savor your coffee.

For a great gift, give your special someone a pound of specialty coffee, one of the most affordable luxuries around.

WHEN FAITH CALLS FOR VOLUNTEERS, THIS INCLUDES YOU

In a simpler age than the one in which we are now living, people used to help each other and their communities whenever they were needed. If the neighbors' house burned down, everyone pitched in with labor and materials to help them rebuild it, and provided food, clothing and blankets. If the town needed a place cleaned up to establish a park, the entire population went to work on it. Fortunately, this spirit of cooperation still prevails in some areas. Many a House of Worship must be maintained on a very limited budget; so if the one you attend calls for volunteers to paint the walls, pull the weeds in the parking lot or type the bulletin, raise your hand and lend it for whatever task you are able to perform. It is so little to ask in return for all the blessings you have received there from God's guidance and love.

CARD OF THANKS

Many Thanks To The People Of Briscoe County
 As of February 15, 1995, I am closing my private practice of law. In February I will be moving to Michigan to be geographically closer to my family. Lex Herrington, formerly of Quitaque, will be taking over my civil practice and will retain my client files. However, if you prefer you may pick up your file at my office in Silvertown. After the 15th of February please contact Lex Herrington at (806) 765-7491 for any questions you might have. I appreciate the opportunity to work with and for you and will miss you all.

Words can never express our gratitude for the overwhelming love and care shown to us at the time of Randy's death. We are grateful to all who helped in getting Randy and his personal belongings from the scene of the accident.

Each hug, word of comfort, helpful action, all the food brought to our home and the Community Center, the abundance of plants and flowers at our home and church, the beautiful and appropriate Memorial Service, the telephone calls, sympathy cards and donations to worthy causes in memory of Dr. Randell Hunter which continue to come in daily touches our lives in a special way that will not be forgotten. Thank you for your wonderful expressions of love, for sharing your memories with us and for your prayers which sustain us.
