Comments On Bob Wills Day, 1996 Happenings

by Ann Coker

June Montgomery received a call several days before Bob Wills Day from Duncan McLean in Scotland. Mr. McLean was in Turkey last year on Bob Wills Day and he expressed his wish that he would surley like to be here this year. He was here last year to gather material for his book. He reported he has completed his book and would bring it to Turkey next year when he returns for Bob Wills Day and will bring his wife with him. He is quite anxious to return to Turkey because, he states, "He loves the town and the people."

Some more good news. The Bob Wills foundation reported taking in nearly \$57,000.00 this year. This was nearly \$6,000.00 more than last year. Of course some of this will go for expenses.

A run down is: dance—over \$1,000.00 more over last year; souvenirs—over \$4,000.00 more; Fiddlers Contest—\$300.00 more than 1995; Concession—\$1,000.00 more; the breakfast was slightly higher and the Arts and Crafts was some lower; the barbecue was slightly more. In all, \$5,818.03 more was taken in over last year.

This was certainly the biggest Bob Wills Day ever. I believe every available space for RVs was filled. Cars were lined up on both sides of the highway for 1/2 mile south of the old football field. The estimate was 12,000 fans present. The parade was outstanding, perhaps the best ever. The announcer was an employee of the Dumas Radio Station as Jay Campbell was unable to attend this year.

The two big tents held a host of many beautiful and unique arts

Winners At The Bob Wills Day Parade

About 50 entries were in the Bob Wills Day Parade. This included riding clubs, floats, tractor entries, clowns, old cars, an airplane, the Texas Tech Red Raider, and a WTAMU group with their young buffalo. The parade was reported as being one of the best ever had for Bob Wills Day in the 25 years of parades!

First place winners of the parade in the float division are 1st, Turkey-Quitaque Lions Club; 2nd, Khiva Directors Staff Float; and 3rd, San Antonio Rose Float sponsored by Memphis State Bank.

In the riding club division first went to Bar None Drill Team of Plainview, TX; second, Hall County 4-H and third to Lamb County Sheriff Posse.

A new event was the Tractor Contest. First in this went to James Carrol of Levelland, Texas with a 1929 Rumely Oil Pull Tractor. Second was garnered by Roland Smith of Littlefield, Texas with a 1935 John Deere Model A with a planter. Third was won by Byron Brock of Lockney, Texas with a 1950 MM Model V.

In the miscellaneous category winners were first, Khiva Shrine Unit with the Western Swing Band; second went to West Texas A&M University Herdsmen and third was taken by the Churches of Turkey float.

and crafts, but it was extremely hot inside those tents.

The concession stand was swamped! It was sponsored by the Memphis State Bank of Turkey.

The souvenirs shop sold out of many of their items.

The barbecue, prepared by the Mule Skinners of Amarillo played a big part in the celebration. The Shriners had several entries in the parade also.

The Museum was packed with visitors much of the time. Everyone seemed to have a great time.

One of the employees from Channel 7 TV in Amarillo was in Turkey for the celebration. He had recently come to Amarillo from Wisconsin. He summed up the celebration in a very appropriate way, as he shook his head and said, "I've never seen anything like this!"

National Trails Day Celebration In Quitaque, June 1

The fourth annual National Trails Day Celebration will be held in Quitaque this year on June 1. In 1994 Quitaque's National Trails Day Celebration was voted one of the top ten in the nation.

Caprock Canyons Trailway is the longest rails-to-trails conversion in Texas. It is the second longest single trail in Texas and the fourth longest in the nation. This year development should be complete on the second leg of the Trailway that will extend from Quitaque through Turkey to Parnell, and this portion will also be open to hikers, mountain bikers and equestrians. Motorized Tours will again be available on the twenty-two mile portion of the Trailway that extends up the rugged Caprock from Quitaque to South Plains. It travels through some of the most beautiful country in Texas, and along the route visitors will cross twenty bridges, pass through a 700 foot historic railroad tunnel, and those who have keen eyes may spot mule deer, golden eagles, coyotes, bobcats and quail.

A full day of activities is planned on June 1. Besides the activity on the Trailway, in downtown Quitaque there will be hot air balloon demonstrations, mountain bike rides, a Grand Prix motorcycle race, Trails Day Parade, a noon barbecue, arts and crafts exhibits, Western shoot-outs, music on the streets and a host of other events and activities.

At various intervals during the day a live guinea with a \$100.00 bill attached to its leg will be dropped from an airplane to be captured by some lucky winner. Guineas are domesticated birds, but are graceful in flight, and demonstrations have shown they are not harmed when they soar through space.

REUNITED AFTER 50 YEARS
Juanita Toothman, Charles Shipman and Wylie Shipman
An Amazing Reunion

Courtesy of The Daily Commercial, Leesburg, Fl.

By Lisel O'Dell

For half a century, Wiley Shipman Foster thought he was the only child of Edwin and Annie Foster.

Now he knows the truth.

Earlier this month, the 53-year-old Croom-A-Coochee resident discovered he had been kidnapped at the age of 3 by the Fosters, friends of his real parents.

Thanks to some detective work by his oldest daughter, Michelle Cimino, Wiley Foster found his sister from Texas and his brother from North Carolina, but the family has lost touch with the youngest brother. Wiley also found out that both his parents died never knowing what had happened to him.

Wiley's brother and sister traveled to his home this week for a reunion.

Before that, the last time the three had seen each other was at Wiley's third birthday party in their hometown of Canton, N.C.

"We never stopped looking for him. My parents searched everywhere and I've looked for the last 33 years," said Opal Juanita Shipman Toothman said as she sat close to her brother.

The parents divorced in 1946 when Opal was 5, Charles was 4, Wiley was 3 and Earl was only a few months old. Although Earl grew up with Opal and Charles, they lost track of him several years ago when he moved. (Cont. on page 2)

Time To Vote For Your Choice

Saturday, May 4, 1995 is the date set for the election of council members for the City of Turkey and the Turkey-Quitaque ISD Board of Trustees.

In Turkey, citizens will vote at the Bob Wills Center. Quitaque voters will go to the City Hall in Quitaque to cast their votes. Voting places will be open from 7 a.m. until 7 p.m. Quitaque voters will be voting for school board members only as the members of the Quitaque City Council and Mayor were unopposed, therefore no election was necessary for their installation.

Those whose names are on the ballot for Turkey Mayor are Albert Green; George Colvin, incumbent and Don Howard. Those on the ballot for City Council Place 1 are Marge Chaney; Louis Randell, incumbent and Mary Ham. Richard Green and Vicki Lindsey, incumbent are running for the City Council, Place 4.

Persons on the ballot for the Turkey-Quitaque School District Board are Greg Ramsey, incumbent; Bettie Green; Mark Allen; Brent Guest, incumbent; Larry Curry and Gene Payne. Three of the six will be voted to serve on the Turkey-Quitaque ISD Board.

Valley Clean Closes

The Valley Clean Laundry which has been a Main Street business in Quitaque for over ten years closed its doors on April 27th. The closure was not due to lack of patronage, but because of the sale of the building.

The current owners are negotiating for a new location and when plans are finalized, Valley Clean Laundry will be once again open for service.

Tribune Will Cost More After June 1

With the cost of newsprint rising, like the cost of everything else — even a cup of coffee, the Tribune's printing costs have also risen. We have tried to hold our newspaper prices as low as possible, for as long as we can, but now we find that we must go up on our single copies and subscriptions to match those of other area papers.

Beginning June 1, cost of a single issue on the newsstands and in the Tribune office will be 50¢, and the price of subscriptions will go up to \$17.00 local, and \$20.00 out of town.

During the remainder of the month of May, your subscription may be renewed at the old price of \$15.00 and \$18.00. New subscribers will pay the old price also, but only during the rest of this month.

Briscoe County Tourism Forum

Are you interested in increasing tourism in our area? If you are, then the Briscoe County Tourism Forum on May 2, 1996 at 7 p.m. in the First State Bank, Pioneer Room in Silverton is a must for you.

Speaker for the event will be Mrs. Georgia King of the Panhandle Tourist Association.

The forum is sponsored by the Briscoe County Extension Program Council-Executive Board. This is in support of the Long Range Extension Plan, Economic Competitiveness, Viability and Stability. The issue being business and tourism development.

THEN AND NOW!

THEN AND NOW

by Eunice McFall

Today, Tuesday, has been a beautiful spring day. It did start off rather cool and windy but as the day progressed it became warm, sunny with only a slight breeze. A day to really enjoy being alive but not a day to spend indoors. You really want to get outside and garden, walk, play tennis or just sit and drink in the beauty of nature that is ours to behold. Not many have this luxury these days. We need to stop and smell the roses so to speak and count our blessings when we have a gorgeous day such as today.

Saturday when the people were all gathering at Turkey for the Bob Wills Parade, the wind insisted on blowing but not enough that it was uncomfortable and those who had booths set up in the tents were wishing for a bit of the breeze to come in the tents. All in all though it was a good day for a celebration. Many folks came out to enjoy the festivities. Many renewed old acquaintances. The home folks were quite exhausted when the week-end was over as they had been very busy for weeks getting the town ready for the celebration and then when the celebration arrived, they had to get going and do all the hundred and one things that was calling for their immediate attention. Many hours of labor went into making the 25th Bob Wills Celebration the success that it was. When you meet some of those who worked so hard on the street, give them a pat on the back and compliment them on a job well done.

The downtown sidewalks were quite attractive with the new paint jobs and the many "cowboys" hanging around. Turkey is fortunate to have so many to volunteer their time to make this event the big happening that it is for the town. As I have said before, our small towns could not make a go of any such happening if it were not for the many unselfish volunteers who donate time out of their lives for the benefit of the rest of their town.

While we are thinking along the line of volunteering, how about saying a good word or two to the EMS service which serve both Quitaque and Turkey. Many, many hours are taken away from their jobs, businesses and families just so that the rest of us can feel safer knowing that we do have medical help available even though we are 40 to 100 miles from a hospital. They make our world a much better place to live in. Our thanks is all the payment they receive.

If you have not gotten involved in some of the volunteer work going on in our two towns, put your thinking cap on and decide which volunteer effort fits your talents and strength and get going with the rest of the "movers and shakers!"

Driver's License Office Open

The office in Briscoe County Court House for renewing driver's license is open every second and fourth Tuesday each month of the year. There are times when they will not be open on those set days.

For your convenience, it would be best if you call the courthouse and inquire if they are in the office for that day. It could possibly save you a trip to Silverton.

CHASE MORRISON

Criss and Kaylene Morrison of Lubbock are proud to announce the arrival of a son, Chase Kagan, born Tuesday, April 23, 1996, at 8:08 am at St. Mary's Hospital.

Chase weighed 7 lbs. 6 oz. and was 20-1/2 inches long. He was welcomed by two sisters, Meagan, age 5-1/2 and Crissta, age 3.

Grandparents are Keith and Bettie Green of Turkey and Murry Wayne and Judy Morrison of Lubbock. Great-grandparents are Murry and Johnnie Morrison of Quitaque, Ella Colvin of Lubbock and Edna Chambliss of Plains.

All progress is based upon a universal innate desire on the part of every organism to live beyond its income.

Youth Exchange Service

At this moment, hundreds of foreign exchange students worldwide will never be granted the opportunity to follow their dream of studying in the United States, unless you help. What is deterring these 15-18 year old high school students from realizing their dream is quite simple; they need a host family to provide a caring and loving home, a home just like yours.

Please take a minute to consider your family as a host to one of these well deserving youngsters. These young ambassadors, presented by the Youth Exchange Service, are eager to share their hopes and dreams, as well as trading their cultural knowledge with your family. YES students provide their own spending money and are covered by exceptional accidental/medical insurance. No value can be placed on the educational prosperity of intercultural understanding that evolves between host family and student.

You can help shape a young mind and make a difference in a teenager's heart by welcoming an exchange student into your home. Rex Fuston reported that every seat was occupied and there was not standing room left when the contest was in session. The contest lasted about four hours. It was quite a success.

 their daughter and family, Beth, Gene, Paula and John Whitener.

Ralph and Hattie Lois Carter drove to Lubbock to watch their granddaughter, Melanie Carter play tennis. This was the City wide Jr. High varsity tournament with six teams entered.

Melanie is number 2 seed on Evan's Jr. high team. Each number 2 seed played the number 2 seed of each team. They played 5 matches each and each match consisted of 11 games each. Melanie won 9-2, 9-2, 9-2, 9-2 and 6-5. She played a total of 55 games and won 41 of them. The games won determine the winner. Melanie won both on matches and games winning the championship. On Friday she and her doubles partner won the doubles championship. They were no 1 seed on Evans Varsity team. Melanie received two first place medals.

As Ann Coker said, grandparents do have bragging rights.

Jim Fullingim Concert At Quitaque Baptist Church

Evangelist Singer Jim Fullingim will appear in concert at First Baptist Church of Quitaque on May 5, at 6 p.m. The concert/praise service is free. A "love offering" will benefit Fullingim's prison-ministry visit to the Tulia Transfer Facility.

Fullingim has developed a special ministry among alcoholics and addicts, and has served as chaplain to the patients of drug treatment centers and ministered through Alcoholics Anonymous. That ministry has also evolved into a prison ministry, a principal focus of Fullingim's evangelism currently, as he "carries the message" to inmates of Texas prisons.

Pastor Anthony Sisemore will introduce Fullingim to sing a brief set of songs at the regular morning service at First Baptist Church in Quitaque on the morning of May 5, as a prelude to the evening concert. All are welcome.

Flavorful Salsa Features First Stone Fruits of Summer

(DM)—The arrival of summer brings fresh California apricots and cherries into the markets, but they will only be there a short time. Look for a good supply of both fruits beginning in mid-May. The cherry season lasts until mid-June, and apricot season lasts until early July. Enjoy them while you can.

These early stone fruits deliver sweet-tart flavor in a low-fat package of vitamins, minerals, and fiber. Keep a supply on hand for nutritious snacks and to make **Fresh California Apricot-Cherry Salsa**.

This fresh salsa combines apricots and cherries with green onions and herbs punctuated by a lively hint of jalapeno pepper. Its colorful appearance, tangy flavor, and crisp texture turn simple, grilled meat, poultry or seafood into a special entree. With the addition of cooked, diced chicken or medium shrimp, it's transformed into a main dish salad, especially appealing on warm summer days.

- FRESH CALIFORNIA APRICOT-CHERRY SALSA**
- 12 ounces fresh, California apricots, pitted and diced (about 2 cups)
 - 12 ounces fresh, California cherries, pitted and cut in half (about 1 1/2 cups)
 - 1/2 cup thinly sliced green onion
 - 1 tablespoon finely shredded, fresh basil or 1 teaspoon dried
 - 1/2 tablespoon chopped, fresh thyme or 1/2 teaspoon dried
 - 2 teaspoons finely chopped jalapeno pepper (fresh or canned)
 - 1 large clove garlic, chopped finely
 - 2 tablespoons fresh orange juice
 - 2 tablespoons fresh lime juice
 - 1 tablespoon honey
 - 1/2 teaspoon salt

Combine apricot, cherry, and next 5 ingredients; reserve. Whisk together orange juice, lime juice, honey, and salt; fold into reserved fruit mixture. Chill several hours to marry flavors. Serve at room temperature. Makes approximately twelve 1/4-cup servings.

An Amazing Reunion (cont. from Page 1)

During the divorce, the children were parceled out to relatives and friends. After the divorce was finalized, Opal, Charles and Earl to live with their father. But Wiley, who was staying with Annie Foster, disappeared.

The Foster's had temporary custody and just seemed to have made efforts to find Wiley lead to a dead end street as he moved constantly.

Before marrying his wife Suzanne, Wiley felt that he may have been adopted. Two weeks before their wedding, Suzanne found a Bible in the Foster's house with Wiley's name in it.

Wiley said he discovered the family secret when he began compiling documents he'd need to collect retirement benefits. He tried to get a copy of his birth certificate from the North Carolina Department of Health and Human Services.

The agency returned a letter saying it had no record of a Wiley Grant Foster being born on Dec. 8, 1943, in their state. Then, Wiley wrote to the hospital where he was born and asked if it had a Wiley Grant Foster in its birth records.

The hospital replied that the only male born on Dec. 8, 1943, was a Wiley Grant Shipman.

For Wiley, this was proof that he was not the Foster's natural son. From this he and his daughter started their quest to find relatives.

The first phone number called was Alma Shipman, Wiley's aunt, who had married Wiley's father after her husband died. Alma got all excited and started shouting and said that they had been looking for him for 50 year. From his Aunt, Wiley found out about his cousins and sister, Opal Toothman. Wiley called her right away.

Toothman said she was somewhat sad during her first meeting with her brother because she wished her parents could share in their excitement.

"You see, Daddy tried to find him again a few years ago. He just wanted to know if he was alive and happy. Before Daddy died, he asked us to keep looking."

"I got a blessing and a miracle," Opal Toothman said. Harold Toothman echoed his wife's joy: "You see this all time on TV, but you never think it could happen to you."

The family plans to contact "Unsolved Mysteries" concerning their story.

Valley FFA Places In State Judging Contest

On April 27, 1996 Valley FFA members that qualified for the State FFA Judging Contest traveled to College Station, Tx. The contest were held on the Texas A&M University Campus. Only the top Judging Teams in the State are invited to attend the State Contest each year. There were over 2,000 Texas FFA Members from schools all over the state competing in the Contest. Kriese Pigg Sate FFA Vice-President was on hand to announce and pass out awards to the winners of the contest.

Teams that competed from Valley were the Dairy Products Team and the Poultry Judging Team. The Dairy Products Team tied for eight place in the Contest and Jeremy Taylor was awarded a 10th place High Individual Medal for his efforts in the contest. Team members were Eva Hilchenbach, Vance Lemons, Jeremy Taylor, and Micah Start. The Poultry Judging Team from Valley placed 19th in a very close Contest with only a few points separating the top twenty teams. Poultry Judging team members were Brandi Price, George Pigg, Mandy Pigg, and Walt Henson.

The State Contest was the end of a very successful judging season and advisors Rick McKay and Darin Martinez are extremely proud of the accomplishments of the students this year. Because the teams were made up of primarily of students that were on the teams for the 1st or 2nd year, we are already looking forward to the great things to come from these students next year.

Caprock Jamboree Saturday, May 4

The seventh anniversary of the Caprock Jamboree will be Saturday, May 4, 1996. The Boy Scouts of Silverton will be cooking the mesquite grilled hamburgers for the supper beginning at 6 p.m.

The Caprock Jamboree was first held at Caprock Canyon State Park, then under the Shelter at the Courthouse in Silverton, and finally ending up at the Briscoe County Showbarn where it has remained.

Music will start to play at 7 p.m. Featured this month on the jamboree are Cory Williams, the young fiddler player from Kress; a new group from Lubbock that is part of the "Sweet Adelines" (a National Group) will be performing for the first time on the show. They are called "According to Us." Weldon Allard of Amarillo who has sung with the Billy Briggs and the XIT Boys; and David Adcock of Lubbock who is a fine cowboy singer and of course the regular Caprock Jamboree bunch.

Prizes amounting to \$175 will be given in the amounts of \$100, \$50, and \$25. Also a CD player valued at \$150 will be presented Saturday night to some lucky person.

Put your lawn chairs in the car and come on down for an evening of relaxing music, food and visiting.

He has half the deed done,
he who has made a beginning.

On The Lite Side

by j. price
We here at the newspaper have been doing it all wrong. We've been ignoring the main source of local news. Just by going down to the local coffee shop for early morning breakfast, we could get enough news to fill the paper.

First of all, don't order bacon and eggs because it would only confuse the cook who is use to preparing the breakfast by the names of the local patrons.

By table hopping one can find out about a variety of subjects. One table is all about politics and about how all those republicans are trying to ruin all of the democrats with all their Russ Limbaugh's of the world.

On to the next table we're brought up to date on how unlucky the golfers were at last Sunday's game. During the football season, it really gets heated up.

You can overhear about how the lottery went; Got two numbers right and the next two were one off and the last one was three off. Nearly won that one.

Another table you get to hear all about the weather or rather the wind. Get all kinds of forecast and most of them are right - no rain.

And then, there is the local gossip, which no one ever remembers once they leave because everyone has a different version and its hard to remember which story to repeat. But by combining all the different versions, we can come up with some great stories that no one believes.

We get everything we need; politics, weather, sports and local society.

Now if I could just remember how to order, I'd have breakfast.

Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by flooding hail and high winds which occurred from May 25 through June 5, 1995, are being accepted at the Farm Service Agency in Silvertown, or the main office in Tulia Ross W. James, Ag Credit Manager said today.

Briscoe County is one of 7 in Texas recently named by Secretary of Agriculture Dan Glickman eligible for loans to cover part of actual production losses resulting from the storms.

James said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 3.75 percent.

"As a rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan," James said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until October 15, 1996, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," James said.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FSA office in Silvertown is open from 8:00 to 5:00 Monday through Friday and Ross James, Ag Credit Manager will be available in Silvertown on Thursday from 9:30 to 12:00 or on Monday from 7:30 to 5:00 pm in the main office in Tulia.

First Annual Storytelling Festival Held At Clarendon College

The Clarendon College Fine Arts Division and the Cultural Affairs Committee are proud to present the first annual storytelling festival entitled "Tumbleweed Tales", Thurs., May 2 at 7 p.m. at the Baird Field Activity Center.

An ancient art form, storytelling has been a major communication tool for civilizations throughout the ages. However, with the onset of television, computers and other modern technology, this art form is slowly dying.

In an effort to preserve the tradition of communicating through storytelling, "Tumbleweed Tales" will feature Clarendon College students, area storytellers and professional storyteller Jeannine Pasini Beekman.

Beekman has been in the vanguard of the storytelling revival in the Southwest and is co-founder and past president of both the Texas Storytelling Association and the Houston Storytellers Guild. She has

President Herbert Clark Hoover gave all his income from government employment, including his pension, to charity and public service projects.

Texas Boll Weevil Foundation Filing Lawsuits

As a result of the continued failure or refusal of some individuals to pay their 1995 annual assessments for the boll weevil eradication program, the Texas Boll Weevil Eradication Foundation has filed the first of a series of lawsuits to enforce collection.

"Some of these assessments have gone unpaid since June of last year," said Frank Meyers, executive director of TBWEF. "The board decided it was time to take legal action."

The first suits were filed Thursday in Taylor County Court in Abilene against delinquent individuals in the High Plains, Lower Rio Grande Valley, Rolling Plains Central and the Southern Rolling Plains Boll Weevil Eradication Zones. More suits are expected to be filed in the coming days and weeks. In all, the suits seek collection of more than a half million dollars plus court costs and attorney's fees from nonpayers in the four zones.

As of April 16, 1996, the Foundation had collected 97.4 percent of the total 1995 assessments due from producers in the zones with collections as follows: Southern Rolling Plains - 99.4 percent, Rolling Plains Central - 98.6 percent, High Plains - 98.4 percent and the Lower Rio Grande Valley - 88.4 percent.

"Fairness was also a consideration in the board's decision-fairness to the vast majority of cotton producers who paid their assessments on time," said Woody Anderson, chairman of Foundation.

appeared as guest artist in performance with the Houston Symphony and is the recipient of the John Henry Faulk Award for Outstanding Contribution to Literacy-the first storyteller ever to be honored. Beekman is also distinguished to be one of only 25 storytellers recommended by the American Psychiatric Association as a therapeutic storyteller.

Tickets for "Tumbleweed Tales" are available at the door or by calling Ms. Crump at (806) 874-3571.

Health Tip Stroke prevention

Did you know the precautions you take against heart attacks are also effective for preventing stroke? Stroke is the third leading cause of death and the number one cause of disability in the United States. Yet in a 1991 Gallup survey, only 40 percent of adults age 50 or over could identify a single stroke symptom. Texas Medical Association encourages you to learn how to prevent and recognize stroke.

Strokes are similar to heart attacks, but they affect the brain instead of the heart. Seventy to 80 percent of strokes are caused by a blood clot that blocks blood flow to the brain. Blood carries oxygen to nerve cells in the brain, so nerve cells die when a blood clot deprives them of oxygen. These dead cells can cause disabilities or death.

Some risk factors for stroke can't be controlled. For instance, men, African Americans, diabetics, and those with a family history of stroke are at greater risk. However, you can limit your risk for stroke by following these basic guidelines.

* Have your blood pressure checked regularly by your primary care physician. High blood pressure is the single greatest risk factor for stroke, but often can be treated through diet or medication.

* Keep your cholesterol low by following a proper diet.

* Don't smoke, quit smoking, or reduce the number of cigarettes you smoke.

* If you are affected by obesity, seek ways of reducing your weight.

* Don't drink alcohol excessively.

* Eat at least three servings of fruits and vegetables each day. A recent study made showed men who eat three or more servings of fruits and vegetables have a 22 percent lower risk of stroke and are half as likely to die from stroke, should one occur. Preliminary results from another study suggest that women benefit similarly from such a diet.

Some of the symptoms of a stroke are:

* Weakness; * Numbness or paralysis of the face, arm, or leg, especially when it affects one side of the body;

* Sudden blurred or decreased vision in one or both eyes; * Sudden, severe headache with no apparent cause;

* Sudden difficulty speaking or understanding others' speech; or * Dizziness, loss of balance, or loss of coordination.

Mayor George Colvin has recently had surgery on the back of his neck. The surgery was performed in Wichita Falls. He is recuperating nicely at last report.

Bryon Young reported last Monday that he had received a call that his sister, Vera Guest had fallen and broke her arm. Vera lives in a nursing home in Arlington near her son Don Guest and family.

Visiting with Lorene and Arville Setliff last week-end were Rod and Millie Setliff and girls; Kenny and Rhelda and boys all from the Dallas area and Scotty Setliff from Ft. Worth.

Willie Majors spent last week-end in San Angelo at the 4A Track Meet to watch her granddaughter, Courtney Gearn, run in the 400.

While working in the museum last Saturday, I enjoyed visiting with a former school friend from our WT State days a FEW years ago. Her maiden name was Tina Goodrich and she is from Paducah. She and her husband now live in Amarillo.

Some of the ex-residents I saw in the Museum were: Jim Baisden, Wanda and LaNell Harper; Mr. & Mrs. Russell Barnhill; Ken Crump; Bud Richardson; Lavern Mullin; and some friends of our daughter, Brenda from Sabinal; the Rex Morgans.

Bryon Young was a recent visitor in Colleyville with his son and family, Gary Young.

Recently my brother, Chuck Bogan of Borger, had a severe heart attack and was air-lifted to the Tyler Medical Center as he was visiting in that area. He had six by-passes. When he was able to leave ICU I called him at his private room. The phone was answered by a strange man. When I asked who it was, he replied, Troy Aikman, who are you? I was so surprised I just answered I was sorry and I had the wrong number. I called my niece and received the correct number for her father's room. He was doing as well as possible but I'm still wondering how my niece, Linda Bogan Mooter, had Troy Aikman's number!

Word was received on Sunday, April 28, 1996 by Ida Farley of the death of her brother, John Faulkner of Albuquerque, New Mexico.

Bess Johnson of Cleburne and Lou Scarborough of Houston visited Lynn and Belle Davis and G. P. and Betty Driskill for a few days and attended their first Bob Wills Celebration. They were very impressed and enjoyed it very much. Bess is an aunt to the families and Lou a cousin.

Guests in the home of Louis and Oleta Randell over the Bob Wills week-end were Don and Faye Cox,

FSA Accepting Loan Applications

Briscoe county was declared eligible for Farm Service Agency disaster emergency loans on February 13, 1996. Generally, that means that farmers who have lost at least 30 percent of their production due to damages caused by flooding, hail and high winds, which occurred from May 25 through June 5, 1995, are eligible for FSA loans. Proceed from crop insurance and th PIK program are taken into account when determining eligibility.

FSA AG Credit Manager, Ross W. James is urging farmers who are interested in receiving an emergency loan to get their applications into FSA as soon as possible. James said, "We hope farmers will get their applications in early rather than waiting until near the deadline which is October 15, 1996. The longer they wait, the more chance there is for long delays in getting their checks. If the applications come in early, we can avoid backlogs and speed up the process." The Briscoe FSA office is at 501 Main in Silvertown. The telephone number is (806) 823-2431.

When Winston Churchill entered the Royal Military College at Sandhurst, he failed the entrance exams twice before passing them. But he soon led his class in tactics and fortification, the most important subjects and graduated eighth in a class of 150.

May Is Clean Air Month

Do your part in the fight for cleaner air! The American Lung Association of Texas is conducting its annual Clean Air Month campaign throughout May.

Individuals should keep four steps in mind to improve the air. Drive less; conserve energy; keep indoor air clean at home and work; and support enforcement of effective state and local clean air regulations. Clean Air Month focuses on these specific actions and opportunities individuals have to improve air quality.

The American Lung Association is the only nationwide voluntary health organization that represents the public's interest in air quality issues through education and advocacy programs in several areas, including auto emissions, second-hand smoke, hazardous waste incineration, and lung hazard in the work place.

The mission of the American Lung Association is the prevention, control and cure of lung disease. The association fights lung disease and promotes lung health through statewide programs of research, health education, advocacy and community service. Its life-saving programs are made possible by public contributions and community volunteers.

(DM) - Chicken Salad de Espania has an international look, flavor and allure. Chopped red bell pepper, corn, parsley and red onion provide vibrant color to complement the shredded chicken. The dressing, made with traditional Spanish ingredients, is accented by naturally brewed Kikkoman Lite Soy Sauce, which gives the dressing a pleasing lift while bringing the diverse flavors into harmony. An added benefit, lite soy sauce has less sodium than regular brewed soy sauce, yet retains all of its distinctive taste because it's aged for full flavor before the salt is removed. Serve this savory salad with crisp greens and a loaf of crusty bread.

CHICKEN SALAD de ESPANIA

- | | |
|--|----------------------------------|
| 2 boneless, skinless chicken breast halves | 1 large red bell pepper, chopped |
| 3 tablespoons Kikkoman Lite Soy Sauce, divided | 1/2 cup minced fresh parsley |
| 1 can (15 oz.) garbanzo beans (chick peas), rinsed and drained | 1/4 cup minced red onion |
| 1 can (8 oz.) no salt added whole kernel corn, drained | 2 tablespoons olive oil |
| | 4 1/2 teaspoons balsamic vinegar |
| | 1/4 teaspoon garlic powder |
| | 1/4 teaspoon black pepper |

Cook chicken in mixture of 2 cups water and 1 Tbsp. lite soy sauce in covered saucepan 12 to 15 minutes, or until no longer pink in center; remove from liquid and cool. Shred meat; place in large serving bowl with beans, corn, bell pepper, parsley and onion. Cover; refrigerate to chill thoroughly. Meanwhile, blend remaining 2 Tbsp. lite soy sauce, oil, vinegar, garlic powder and black pepper. Just before serving, mix dressing well and pour over chicken mixture. Toss together to coat all ingredients. Makes 4 servings.

Depression Often Goes Untreated

Have you noticed that you're not sleeping well lately? Have you wondered how you're going to make it through one more day because you can't seem to get the most basic chores done? Maybe you don't even have an appetite. If you feel like this, you might be suffering from depression. Texas Medical Association encourages you to learn more about depression during May, National Mental Health Day.

Recently, an advisory panel found that depression is one of the most under-treated yet costly diseases in the United States.

"Depression is very common and easily treatable," remarked Martha A. Medrano, MD, a psychiatrist at University of Texas Health Science Center at San Antonio. She emphasizes, "When people are depressed, they often feel like 'I'm the only one,' but people need to know it's very common and very important to get treatment if depression lasts for more than two weeks."

Though depression is common, few people receive adequate treatment. Grief and depression are similar, so often the more serious signs of depression go undetected by both patient and physician. While grief is characterized by many of the same symptoms that accompany depression, these symptoms gradually lessen in a person who is not clinically depressed.

Even when people recognize they are depressed, they may not seek needed professional help because they fear a social stigma or the cost of long-term treatment. Treatment of depression costs the country an estimated \$12 billion in treatment each year.

If you recognize four or more of the following symptoms in yourself or a loved one, contact your primary care physician and ask for a diagnostic test:

- *Persistent feelings of sadness, anxiety, or emptiness.
- *Consistent low energy, fatigue.
- *Loss of interest in activities that you used to enjoy, including sex.
- *Inability to sleep, or sleeping excessively.
- *Significant changes in appetite or weight.
- *Inability to concentrate, remember, or to make decisions.
- *Chronic aches or pains for which your physician can find no physical origin.

Texas Medical Association is dedicated to educating the public and physicians about detecting and treating mental illness. A physician symposium on depression will be held in October 1996.

It is very easy to forgive others their mistakes. It takes more gut and gumption to forgive them for having witnessed your own.

Board Elects Teachers For Next Term

Selection of the Quitaque School faculty for the 1936-37 term of school has been virtually completed by the Board of Trustees with the election of Ernest Wallace, Tulia, as Athletic mentor and High School Principal, Supt. E. W. Scheid announced Tuesday.

Miss Mary Ollie Persons, primary teacher in the Quitaque School two years ago, and now teaching at Albany, will return next year to teach the first grade. Miss Ruth Norton, Floydada, third new addition to the faculty, was named to teach the fourth grade next year.

The grade school faculty will include the following teachers— Miss Persons, first grade; Mrs. Norman Hamilton, second; Ila Stee's Patterson, third; Miss Norton, fourth; and Mary Lucy Montgomery, Mrs. Paul Hamilton and O. D. Lowry, Departmental work in fifth, sixth and seventh grades.

Mr. Lowry has been re-elected as Principal of the grade school.

On the high school faculty are Yvonne Thomas, English; Bess Baucom, Commercial Work; Mrs. E. W. Scheid, Natural Sciences; Wanda King, Spanish and Social Sciences; Mrs. Paul Hamilton, Public Speaking; Ernest Miller, Principal and coach, mathematics; and E. W. Scheid Superintendent.

KENT SCHOOL TO CLOSE TONIGHT

Closing Exercises at the Kent School for the 1935-36 term will be held tonight, (Thursday) at the Kent auditorium, Principal James W. Garner announced this week. The exercises will be marked by the presentation of a three-act play, "Diamonds," by students of the school. All patrons and friends are invited to be present.

A. H. Keith of San Angelo is visiting friends here this week. Mr. Keith was, for many years, a local citizen, and is well known among the older residents of the community.

Yard And Garden Safety Tips

(NAPS)—For many people, working in the yard or garden is a delightful way to exercise, improve the value of their homes or simply wile away sunny afternoons.

The keys to avoiding accidents and injuries while working outside are common sense and using the right equipment for the right job.

- *Wear full eye and ear protection and protective clothing, including closed toe rubber-soled shoes.
- *Never work while standing on an unsteady surface such as a stool or a ladder.
- *When using a power hedge trimmer or chain saw, do not trim or cut higher than your shoulders, especially if you are in a tree or on a ladder.

Goodwill Honors Workers

The Goodwill Industries Worker of Year banquet honored clients and supporters Thursday in Snodgrass Hall at First Christian Church. About 235 people attended the annual event, according to Pam S. Simpson, executive director of the organization.

Nellie Arrington and Felix Johnson received the Worker of the Year awards, the highest honor given to a Goodwill employee.

"To receive this award, one must show improvement in areas of overcoming their disability, make progress in becoming more independent, learn to work with their supervisors, co-workers, and in general, they must show progress in improving their own quality of life," said Jerry Smith, president of the Goodwill board of directors. "This year the staff felt this should go to two outstanding individuals."

Felix Johnson is a former Quitaque resident.
