VOLUME 24 NUMBER 18

Patriots Take Hard-Fought Victory Over Swifts Friday

The Valley Patriots took a 10-2 victory over the Nazareth Swifts Friday night in a very tense, hard-fought game. The Swifts were listed as eleventh on the Harris Rating System earlier in the season and the Valley Patriots weren't even listed. Coach Ted Giddens and his football boys are never to be overlooked.

The Patriots kicked off to the Swifts and Nazareth brought the ball back to their own 38 where they made a first down after three plays. They fumbled the ball on the next play and Valley's Tim Clardy recovered. He was stopped and the ball turned over again.

The Swifts are noted for their passing game and were listed by the Amarillo Globe News to be favored to win by ten points over Valley, but again, the Valley defense took control and stopped the Swifts in every effort, limiting them to only 147 total yards gained and forced six turnovers. This was the game

the Patriots felt was the crucial District 2-1A (North Zone) high school football game. This win brings Valley to 5-1 and 3-0 in district play.

In the first quarter, with only 1:58 left to play, Tommy Williams kicked a field goal.

After the second period of play began, it was more of the same. Nazareth was stopped by Valley defense on passing, rushing, and then the Patriots took over and it was the same story with the Swifts stopping the Patriots.

In the second turn-over shortly into the second quarter, Nazareth tackled Kraig Cox, Valley quarterback, in the Valley end-zone and got a safety, to account for their only two points.

The Valley defense electates Tim Clardy, Ricky Jeter and Rex Morgan kept Nazareth's passing attempts to six completions in 21 tries and only 89 yards gained. The Patriot defensive line held the Swifts to 58 yards rushing on 33 attempts.

Nazareth fumbled the ball on

the Valley 42, 15 and 34-yard lines on its first, third and fourth possessions of the game, respectively. All three first-half fumbles followed Swift drives of seven plays or more.

Nazareth turned the ball over three more times in the second half and managed just 19 total yards the final 24 minutes of the game.

Nazareth Coach Ken Cole stated that "Valley plays a tough, aggressive defense and they deserved the win."

Coach Giddens says, "I think we either knocked them loose or stripped them of the ball every time in the six turnovers. Our defense has played great all year. We're living by it right now."

Tim Clardy scored on a one-yard run with 44 seconds to go in the game, and Tommy Williams kicked the extra point. This was really the "extra," because it looked up to that time that the final score would remain 3-2 in the Patriots' favor.

Congratulations, again, Patriots! Go all the way, now.

Quitaque Still Missing Out On Best Moisture

The fall weather dropped temperatures greatly Saturday and Sunday with "mizzling," as the old saying called it. Quitaque only received .03 of an inch of moisture.

Turkey reports an inch of rain. There are varied reactions. Some farmers have hay on the ground and don't want rain at the present time. Some haven't had enough moisture to get wheat up.

Farming is a big gamble each year.

Public Notice

Thanks to all of you who remembered Mrs. Thetis Rogers on her birthday with a card shower. We appreciate it very much.

The family of Mrs. Rogers

Valley Junior Class Wins Bonfire Contest With The Sick

In the Valley School annual contests during Homecoming Week between classes, the Junior Class won for the second time for gathering bonfire wood. The class won for gathering the most bonfire wood when they were sophomores, also.

The class gathered thirteen loads of wood and were far in

front of the other classes. To symbolize winning, the Juniors decorated an outhouse with their names and the year that they are to graduate. This was placed on the hilltop on Bill Clardy's farm during the homecoming.

The class wants to thank Bill for allowing them to use his land to have some fun. Thanks, Bill.

P. John Monk was taken to Methodist Hospital in Lubbock Thursday by Wayne Whittington. He was admitted to intensive care, it is reported. Mrs. Monk called the Tribune Tuesday morning and reported he had been moved to a private room (564), and he had eaten a good breakfast and is improving.

Quitaque Church Celebrates Eightieth Anniversary

The Eightieth Anniversary Celebration for the First United Methodist Church in Quitaque was held October 8-9 at the church in Quitaque.

The present congregation and friends began the celebration with a special service Saturday evening. The Reverend George Price, pastor of the church from

1978 to 1980, led the singing and sang several special numbers. The preaching was by the Reverend James C. Holman, who was pastor here from 1960-1962. It was during Rev. Holman's pastorate that the present parsonage was built. Following the service, a sandwich supper was held in the fellowship hall for those attending the service.

On Sunday morning, 115 people celebrated the church's anniversary. During the worship service, Bishop Louis W. Schowengerdt dedicated the church's new Allen Organ in memory and in honor of former members of the church. Reverend Wayne Norman, the present pastor, led the congregation in recognizing and honoring the Honorary Members of the Church's Administrative Council. Those honored were Mrs. Ethel Hawkins, the only surviving Charter Member; Mrs. Ruby Hamilton of Tyler, Mrs. Olive Owens of Plainview, Mrs. Ava Hawkins and Minnie Mae Roberson, both of Quitaque.

Special music was provided by the Children's Choir, Rev. Price and a quartet consisting of Jimmy and Clara Ruth Davidson and Wayne and Becky Norman.

The morning message was delivered by Bishop Schowengerdt, who is the presiding mentor of the New Mexico and Northwest Texas Annual Conferences. His wife, Ina, was one of the special guests, as were Reverend Bruce Parks, District Superintendent of the Plainview District, and his wife, Mary.

Following the service, lunch was served by the women of the church in the fellowship hall.

Jamathew Eudy Brings In First Bale At Turkey

Jamathew Eudy brought the first bale of cotton in the Turkey area to North Gin September 26, according to gin manager Jimmy Robison. Lint was 460 and seed was 820. They had ginned a total of 15 bales Monday of this week.

Stacy Price brought the first bale to Turkey Farmers Co-op Gin on Monday of last week, October 3. It weighed out 490 pounds and seed output was 780, according to Mrs. Jo Lacy. They had ginned 39 bales by Monday of this week. J. W. Lacy is gin manager.

A check of the files revealed that Billy Joe Mullin brought in the first bale last year to Turkey Farmers Co-op on September 30.

Chamber Directors Called To Meet Tuesday Morning

A called meeting for the board of directors of the Quitaque Chamber of Commerce is scheduled for Tuesday, October 18, at 7:00 a.m. in the Bank Community Room.

HAS HEART SURGERY

Mick Cotton underwent heart surgery at Methodist Hospital in Lubbock Friday morning. He is reported to be doing satisfactorily.

ENTERS ST. ANTHONY'S HOSPITAL IN AMARILLO

Rev. Roy Patterson, retired Methodist pastor, entered St. Anthony's Hospital in Amarillo Monday and was scheduled for surgery on Wednesday.

Wayland Band To Perform At Amherst

The Wayland Baptist University band will present a pre-game performance at Amherst Friday night beginning at 7:10 o'clock.

Kickoff time for the football game between the Valley Patriots and Amherst Bulldogs will be 7:30 p.m.

Be there!

Arts and Crafts Festival Planned

The upcoming Arts and Crafts Festival, scheduled for November 19, was the chief topic of "We the Women" at the regular meeting Monday. This is the BIG fund raising project and the only one undertaken for this year, so it is hoped every lady in the community will get behind this effort with a big push for a successful festival.

Booths may be rented to individuals by contacting Mary Stark or Delene Tyler. Anyone with an art or craft item is encouraged to participate.

In past years, Quitaque ladies have really come through with unusual crafts as well as a delicious assortment of foods and holiday baked goods.

A lunch of stew and cornbread will be served at noon along with homemade pies and cobblers.

Get behind this project, ladies, and make November 19 a BIG DAY!

At top, left to right: B. Stark, T. Hinojosa, C. Morrison, C. L. Hawkins, R. Myers, S. Hewett, W. Brittan, K. Green, S. Phelps, D. Smith, V. Mondragon, H. Castillo, A. Brannon and G. Pigg.

Bell Ringers Complete 54 Non-Stop Hours

The Freshman Class of Valley Schools started ringing the bell Wednesday afternoon of last week at 1:00 o'clock and continued the non-stop ringing until 7:00 o'clock Friday evening, completing 54 hours of continuous ringing.

Olga Ortiz, reporter

Beck Completes National Guard Unit Training

Army National Guard Pvt. Jackie L. Beck, son of Tommy L. and Pat Beck of Flomot, has completed one station unit training (OSUT) at the U. S. Army Infantry School, Fort Benning, Georgia.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-weapons infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

Beck is a 1983 graduate of Motley County High School, Matador.

Volunteer Leadership Can Be Developed

The development of successful volunteer leadership depends on seven basic steps: identifying people with needed skills and attitudes, selecting people for specific positions, orienting them so they know what is expected of them, training them properly, using them properly so that they have an opportunity to function, recognizing sound performance, and evaluating performance and providing feedback.

Volunteer recruitment should be on a personal basis and should relate to specific jobs and needs, says a 4-H and youth specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Mrs. Mayme Blume is spending this week with her daughter, Barbara and Jay Eudy, and is helping to care for her granddaughter, Jayne, who had surgery on Friday at Central Plains Hospital in Plainview.

Turkey Drive-In Under New Management Now

Mr. and Mrs. Marshall Glover have purchased the Turkey Drive-In from Mary Wallace and opened for business recently after redecorating. They open at 5:30 each morning and close at 9:30 at night, and are also open on Sundays at the same time but closing at 2:30 at the present time. Mrs. Glover said they would consider staying open later if there is a demand for it.

The Friday specialty will continue to be fresh fish and other specials will be announced from time to time. Homemade hot rolls are served with meals. There are also a la carte orders. Troy and

Tommie Taylor are working with their parents.

The Drive-In ad is in another part of this issue, along with a thank-you note.

Navarre and Rosella Bain of Odessa, former Turkey residents, visited relatives in Turkey over the weekend.

Mrs. Gladys Hanna and Mrs. Colleen Stone visited in Lakeview Monday with their brother, Othel Young. Mr. Young left Tuesday to enter the Veteran's Hospital in Kerrville.

4-H Marker Is Dedicated

A special historical marker commemorating the first Girls' Tomato Club, one of the forerunners of the modern-day 4-H program, was dedicated at Cameron in Milam County October 2.

The first such club was organized in Milam County in 1912 by the first county home demonstration agent in Texas, Mrs. Edna Trigg. Its purpose was to teach girls to grow and can tomatoes, and soon more than 100 girls were enrolled.

That first Girls' Tomato Club and Boys' Corn Clubs that had been organized in 1908 in Jack County eventually gave way to today's 4-H program.

Morrison Re-Elected Of Soil C

Murry Wayne Morrison Quitaque was recently re-elected to the Caprock Soil and Water Conservation District board of directors, representing zone of the district.

The purpose of the Caprock SWCD, with headquarters in Briscoe County, is to promote sound soil and water conservation programs on farm and ranch lands within the district and serve as a voice for farmers ranchers on conservation matters and other issues affecting private property rights of land owners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with the governmental agencies and state concerns to carry out purposes.

As one of five individuals serving on the district board of directors, Morrison will be possible for district policies and procedures for carrying out the district program within the framework of the Texas conservation district law.

Tom Ross Interviewed By KVII-TV

Tom Ross of Flomot departed his home at daylight October 10 for Amarillo International Airport to be present at 10:30 when he and Jean Barnhart, Postmaster at Cactus, Texas, were interviewed by KVII-TV, Channel 7, in Amarillo.

Ross and his wife, Aleda, have been harvesting cactus seed for various Texas Panhandle areas for the past two years. Barnhart and her husband are scheduled to depart Amarillo for San Juan, Puerto Rico to attend the National Postmasters' Convention which is held October 8 through October 15.

Four thousand and one individual packages of cactus seed were delivered to Postmaster Barnhart. The packages of cactus seed are to be given as door prizes to those attending the San Juan event.

Accompanying the cactus seed, for display at the convention, was a 10x20 inch hand-drawn drawing of three live varieties of cactus. The drawing was done by Duward Campbell, noted Lubbock artist. The drawing was water-colored by Stubbs, talented Turkey artist.

When Postmaster Barnhart learned that the attention expectation at San Juan had been increased from the estimated 3000 to over 4000 Postmasters, packaging of seeds turned into a community project. Preparation of the seed for shipment enclosing approximately .01 (two grams) of seed each in miniature plastic bags, each plastic bag of seed was enclosed in a colorful package.

Flomot residents who

Morrison Re-Elected As Director Of Soil Conservation District

Harry Wayne Morrison of Quitaque was recently re-elected to the Cagrow Soil and Water Conservation District board of directors, representing some five of the district.

The purpose of the Cagrow SWCD, with headquarters in Brown County, is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Morrison will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

In other areas of leadership, Morrison is active in the Quitaque Church of Christ and serves on the school board for the Valley Independent School District.

In Texas there are 200 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Organized in 1945, the Cagrow SWCD has been serving Brown County for over 16 years. Current members of the district board of directors include C. L. Sutton, Don Hanson, Jarvis Flowers, Harry Wayne Morrison and Jimmy Myers. The district board meets every first Thursday of each month at 7:30 p.m. in the Soil Conservation Service Office in Silverton. The public is invited to attend and provide input on conservation programs for Brown County.

Tom Ross Interviewed By KVII-TV

Tom Ross of Florest departed his home at daylight October 8 for Amarillo International Airport to be present at 10:30 a.m. when he and Jean Barnhart, Postmaster at Cactus, Texas, were interviewed by Dave Chambliss of KVII-TV, Channel 7 in Amarillo.

Ross and his wife, Alida, have been harvesting cactus seed in various Texas Panhandle areas for the past two years. Mrs. Barnhart and her husband were scheduled to depart Amarillo by plane for San Juan, Puerto Rico to attend the National Postmasters' Convention which is being held October 8 through October 15.

Four thousand and one individual packages of cactus seed were to be delivered to Postmaster Barnhart. The packages of cactus seed are to be given at door prizes to those attending the San Juan event.

Accompanying the cactus seed, for display at the convention, was a 10x20 inch "free hand" drawing of three live plant varieties of cactus. The drawing was done by Duward Campbell, noted Lubbock artist. The drawing was water-colored by Otto Stubbs, talented Turkey artist.

When Postmaster Barnhart learned that the attendance expectation at San Juan had been increased from the earlier estimated 3000 to over 4000 U. S. Postmasters, packaging of these seeds turned into a Florest community project. Preparing the seed for shipment entailed enclosing approximately 250 cc. (two grams) of seed each in miniature plastic bags. Each plastic bag of seed was then enclosed in a colorful paper package.

Florest residents who volun-

teered and participated in this project, involving the 8000 miniature plastic and paper packages were the Jerry Don Barclays, Tommy Beeks, Howard Rogers, Billy Reys, Seah Washington, Mrs. Doyle (Mary Jai) Cabert, Mrs. Wendell (Neva) Morris, Amarillo Museum of Quitaque, Tom Ross, Everett Shorter, Jimmy Don Valdes and Mrs. Bill Dean (Erna) Washington.

It was not known at this writing when and at what time the TV interview would be aired by KVII-TV. Postmaster Barnhart promised a letter with full report on the convention in San Juan upon her return to Cactus, Texas.

Iris Beds Need Special Care

Early fall is the time for planting or renovating bearded iris beds, says a landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

For existing beds, dig up and separate rhizomes and replant only those that are clean, strong and disease-free. Put new plantings in well-drained soil that is high in organic matter, spacing them 22 to 18 inches apart. Shallow planting is best, so place the rhizomes just below the soil surface. Cut back foliage by one-third when transplanting iris.

The circumference of the earth is about 42 miles greater around the equator than it is around the poles.

Yard of Month Winners Announced

Gary and Leona Powell were the most recent winners of the "Yard of the Month" award announced at the "We the Women" meeting Monday. The Pete Rives, who also live in the Valley View Addition, were singled out for the "best all-around" yard for the entire summer, being among the top listing each month. Congratulations to each of you for helping the beautification of our community.

Have you noticed the clean, neat look up and down Main Street? The city has had all of the big weeds which were growing around vacant buildings cleaned off and have applied ground kill in these troublesome areas. Things like this lift the spirit

when we see our town being cleaned up and kept up. There is nothing to make one feel more pessimistic than to see a run-down area. Keep up the good work, Quitaque!

Christopher Mellow of Kress spent the weekend with his grandparents, Mr. and Mrs. Orval Cobb, in Quitaque. His parents, Mr. and Mrs. James Mellow, came and spent Sunday with the Cobbs and took their son back home with them.

Melvin Cobb and daughter, Laura, of Amarillo spent Sunday with his parents and sister and brother in law, too.

Camel's hair brushes get their name from the Mr. Camel who invented them - they do not consist of camel's hair-bristles, the hair often comes from the tail of a squirrel.

OBITUARIES

CASSIE ANN TAYLOR

Funeral services for Cassie Ann Taylor, 88, of Turkey were held Tuesday, October 11, at 3:00 p.m. at the Turkey Church of Christ with Elgin Conner, minister of the Quitaque Church of Christ, officiating. Burial followed in Dreamland Cemetery, with arrangements directed by Seigler Funeral Home of Turkey.

Mrs. Taylor passed away on Saturday morning, October 8, in a Memphis nursing home. She was a daughter of the late Mr. and Mrs. Leverett and was married to Gordon Taylor in Jacksboro. They came to the Turkey area in 1927. He died on December 6, 1959. She was also preceded in death by a daughter.

She was a member of the Turkey Church of Christ.

She is survived by a son, Earl Taylor of Turkey; a daughter, Mrs. Earline Wilson, also of Turkey; two sisters, Mrs. Georgia Boss of Dallas and Mrs. Katy Small of Odessa; four grandchildren and three great-grandchildren.

Pallbearers were G. P. Driskill, Tommy Cruse, Hubert Price, Rickey Fuston, David Setliff and Tom Eudy, all of Turkey.

Former Turkey Resident Buried At Plainview

Harry Bray, 69, of Plainview, who had been in the music and recording business for 57 years, died at 3:35 a.m. Sunday, October 2, 1983, at Central Plains Regional Hospital after a one-year illness. He resided at 301 Milwee Street in Plainview.

Services were held at 11:00 a.m. Tuesday, October 4, in Calvary Temple with the pastor, the Rev. Walter Axtell, officiating. Burial was in the cemetery at Turkey, Texas, by Lemons Funeral Home.

Born January 24, 1914 in Turkey, Mr. Bray grew up in Turkey and Memphis. He married the former Zula Blackshear January 7, 1934 in Matador and after his marriage, they lived in Turkey, Van Horn and Quitaque before moving to Plainview where they made their home until his death.

Mr. Bray went to Plainview in 1964. A used car salesman, he operated Harry Bray's Used Cars until his retirement in 1978. He was a member of Calvary Temple.

He was a song writer and lyricist and played the guitar and organ. He made eleven country western recordings, including "Guitars" and two recent ones, "Sweet Love Letters in the Sand" and "Back Roads of My Mind." He started his own publishing company in the 1960s.

Survivors are his wife; one son, Ron Bray of Plainview; one brother, Hugh Bray of Amarillo; two sisters, Ruby McLaughlin of Oceanside, California and Ora Lee Chafey of Vista, California; and two grandchildren.

Lonald J. Rorie Buried Monday

Lonald J. Rorie, 30, died Friday, October 7, 1983 in Fort Worth after suffering an injury when falling from a pickup a few days earlier.

Mr. Rorie was born July 9, 1953 in Silverton.

Funeral services were held at 1:30 p.m. Sunday, October 9, in Shannon North Chapel in Fort Worth with the Rev. Dick Pierce officiating.

Graveside rites were held Monday, October 10, with interment in Rest Haven Cemetery at Quitaque. The Rev. Wayne Norman, pastor of the First United Methodist Church, officiated.

Survivors include his mother, Mrs. Edna Murray Standifer and step-father, Earl Standifer, of Saginaw; one sister, Ama Rorie of Saginaw; three step-sisters, Sandra Standifer, Saginaw, Mrs. Mike Stone, Seattle, Washington and Mrs. Paul Blaulock, Dallas; two uncles, J. B. Tiffin, Quitaque, and Keyth Tiffin, Silverton; one aunt, Mrs. Mozelle Rippey, Muleshoe. His father, Ambrose Rorie, preceded him in death.

Pallbearers were Ronnie O'Donnelly, Terry Zurovets, David Cornish, Lynwood Ford, Doug Hardin and Morris Apple.

Allsup's Marathon Attracts 300 Runners

The ninth annual Allsup's Marathon was held in Clovis, New Mexico recently, and attracted approximately 300 runners from across the Southwest and from as far away as Arkansas.

The race was highlighted by the setting of several new course records in both men's and women's age groups in all three events: full marathon, half marathon and 10 K. Gerry Garcia, 33, from El Rito, New Mexico, bested the old record of 2:33:16 with a winning time of 2:30:56 in the men's full marathon. Kathy Martinez, 26, from Santa Fe, New Mexico, won the women's full marathon with her time of 3:19:01.

The half marathon held a new women's course record for 26-year-old Margret Stuber of Wichita Falls, Texas. Her winning time was 1:29:45—the old mark was 1:33:39. The men's half marathon was won by Dennis Grunstad, 24, of Lubbock, Texas, with a time of 1:14:36.

George Chavez, age 29, of Tucumcari, New Mexico, won the men's 10 K event with a time of 31:33, just eight seconds off the course record of 31:25. The women's 10 K event was won by Michelle Montoya, 16, of Tucumcari, with her time of 40:32, only seven seconds off the course record of 40:25.

The ninth annual Roadraces are sponsored by Allsup's Convenience Stores, Inc. and is certified by the Amateur Athletic Union (AAU).

"All men mean well," George Bernard Shaw

Turkey Lions See Dallas Cowboy Film Tuesday

Turkey Lions Club met Tuesday at noon in the Bob Wills Cafeteria for their regular meeting and were privileged to view a film, "Great Expectations," concerning the Dallas Cowboys. It was a good film and the members and guests enjoyed getting to see it.

Boss Lion Armstrong called the group to order and Lion Clinton gave the invocation with Lion Stone leading the Pledge to the Flag. Lion J. T. Mullin won the pot of gold.

Lions were asked to help with the Light Bulb and Candy Sale Thursday evening.

Attending were Jerry Landry, J. T. Mullin, J. W. Lacy, Melvin Clinton, Ottis Mullin, Keith Green, Leroy Stone, Byron Young, Wayne Loury, W. L.

Armstrong and a guest, Mrs. Roy Patterson. D'Anna Smith was a guest of Lion Sweetheart Kaylene Green.

Faye Armstrong prepared and served a delicious meal of fried chicken, potatoes, gravy, salad and coconut and chocolate pie.

Pete and Pat Peery and daughter, Rhenda, of Bowie spent last weekend with his parents, Mr. and Mrs. Johnny Peery.

Mrs. Olen Lane of Pecos and Mrs. Olive Owens of Plainview attended the 75th anniversary of the First United Methodist Church in Quitaque Sunday. They spent the afternoon visiting Lottie Owens. They enjoyed a very good visit together.

Mr. and Mrs. Lane recently moved from Van Horn to Pecos where he is associated with a Savings and Loan Company headquartered there for the area.

The John King Attend Reunion In Roswell

Mr. and Mrs. John King to Roswell, New Mexico to attend the King Reunion in the Roy Winton home. Mrs. Bill King of Colorado Springs, Colorado (who had been visiting in Quitaque) joined them there Friday. Mr. and Mrs. King of Dumas and Mr. and Mrs. Jerry King of Odessa joined them on Saturday.

Sunday morning, Mrs. W. King and Mrs. Bill King and John King attended church services there. After church services they stopped and got Mr. and Mrs. John King and Mr. and Mrs. King, and all went to the home of Mr. and Mrs. Jerry Bostick for lunch. The Bostick's daughter, Vicki, who attends W. Baptist University in Plainview and her friend were home for the weekend. Mr. and Mrs. King had spent the night at the Bosticks.

At noon, Ruby King ate pieces of cake and then a member of the family brought in a decorated cake which "Happy Anniversary," signifying the remembrance that John Ruby will celebrate their Wedding Anniversary in November. The cake was decorated with a little man fishing, the Kings do most these days. Ruby had to eat another piece of the anniversary cake so people could be made. John and Mrs. King had asked the family not to have a reception on their anniversary.

They received a large

After church, they stopped and got Mr. Winton, John King and Mr. and Mrs. Joe King, and all went to the home of Mr. and Mrs. Jerry Bostick for lunch. The Bostick's daughter, Vicki, who attends Wayland Baptist University in Plainview, and her friend were home for the weekend. Mr. and Mrs. Jerry King had spent the night with the Bosticks.

At noon, Ruby King ate two pieces of cake and then a member of the family brought in a large, decorated cake which read, "Happy Anniversary," signifying the remembrance that John and Ruby will celebrate their Golden Wedding Anniversary in November. The cake was decorated with a little man fishing, which the Kings do most these days. Ruby had to eat another piece of the anniversary cake so pictures could be made. John and Ruby had asked the family not to give them a reception on their anniversary.

They received a large "Fry

Daddy," dishes for microwave cooking, and a China cup and saucer decorated with 50th anniversary.

The Kings were completely surprised. They said the only indication they had of a party was during the prayer before the meal when their golden anniversary was mentioned, but they didn't think anything about it, other than to wonder who had told it.

They returned to Quitaque Sunday, still excited about the surprise.

Mr. and Mrs. Duncan Chandler of Kaufman spent Saturday night with his sister and husband, Mr. and Mrs. Leon McCracken in Quitaque. The Chandlers had spent Friday and Saturday in Lubbock to be with her brother, Mick Cotton of Turkey, who underwent open heart surgery there Friday. Mr. Cotton had four bi-passes, it is reported.

Visitors in the Jim Mayfield home from Thursday until Sunday were their son, Graves, and his wife and friends, Mr. and Mrs. Ralph Reynolds, all of Waco. They report a good time.

Monday, a grandson, Stan Mayfield of Amarillo, visited the Jim Mayfields. Stan is the youngest son of Mr. and Mrs. Gene Mayfield of Levelland.

Mr. and Mrs. Bud Bailey drove to Amarillo and spent the night with their daughter, Mrs. Janet Turner, and visited another daughter and family, Mr. and Mrs. Joel Wassom and children.

They returned to their home in Quitaque Saturday.

Turkey Senior Citizens Have Salad Luncheon

Turkey Senior Citizens met in regular session Tuesday, October 4. President Buster Hanna called the group to order, and Rev. Roy Patterson gave the invocation. A salad meal was enjoyed along with iced tea and coffee.

Table games were played and the meeting closed with group singing of gospel hymns. There were 31 present.

Mrs. Cora Gragson spent the weekend visiting relatives in the Allison area. She drove to Wellington Friday and stopped to visit her daughter-in-law, Mrs. Willie Gragson (Willie was in Houston on business), then she drove on to Allison to attend a dinner and visit with relatives who had arrived to attend a reception on Sunday for her brother and wife, Mr. and Mrs. Glen Elmore at Allison.

Mrs. Gragson and other relatives spent the night in Wheeler, then Sunday afternoon attended the Golden Wedding Reception held in the school cafeteria at Allison for the Glen Elmores. There were approximately 150 present, including Mrs. Gragson's other brothers, Mr. and Mrs. Aaron Elmore from Huntington, Arkansas, Mr. and Mrs. Paul Elmore, Carlsbad, New Mexico, and her sister, Mrs. Loma Dickson of Clarks Chapel, Arkansas, and a number of nieces and nephews from Arkansas, New Mexico and points in Texas, including Silverton, Mata-

Enrollment Increase Marks Wayland's 75th Anniversary

Wayland Baptist University ushered in its 75th anniversary year in grand fashion this fall with an enrollment increase of almost 15 percent over a year ago.

According to figures released recently by Mrs. Audrey Boles, registrar, a total of 1,805 students registered for classes this fall at Wayland, a jump of 14.96 percent over last fall's enrollment of 1,570.

The fall figure also is an increase of 13.9 percent over this past spring's all-time record of 1,585, Boles indicated.

"We are tremendously pleased with our registration totals for the fall," said Dr. Bill Hardage, acting academic vice president. "We were a little concerned this summer because admission of new students was running about even with a year ago, but last-minute applicants made the difference."

More important is the increase in numbers of credit hours for which students are enrolled this fall. The 14,884 hours for which students are enrolled during the current term represent not only

dor, Levelland and Dallas.

Mrs. Gragson spent Monday night in the home of her son at Wellington, then drove home Tuesday morning. She reports a nice trip.

another all-time record but also an increase of 11.1 percent above the previous all-time high of 13,393 set a year ago.

Included in that figure are 12,829 undergraduate hours, 1,407 credit hours in vocational-technical studies, and 648 graduate credit hours.

Represented in the enrollment figures are 1,685 students involved in a degree program and 120 nondegree registrants.

The breakdown by campus is as follows: Plainview, 993; Amarillo, 106; Lubbock, including Texas Instruments, 317; Sheppard Air Force Base, 194, and Hawaii, 75.

A total of 755 students are enrolled full time and 930 part time. Of the 755 full-time students, 670 are registered on the Plainview campus.

A rodent's teeth never stop growing. They are worn down by the animal's constant gnawing.

Quitaque Senior Citizens Hear Recommendations

The Quitaque Senior Citizens Association met Thursday, October 6. The following recommendations were brought by the Advisory Committee and approved by the Association.

(1) That a stove, donated by Dick and Opal Taylor, be installed in the kitchen and a gas line run from the hot water heater to the stove. Tate Boyles volunteered to do the work.

(2) That we make known to the general public our need for a refrigerator; perhaps someone has one for sale or a gift.

(3) That we have an old-fashioned Box Supper at Valley School (possibly October 27), with music and other entertainment provided. We are asking for the cooperation of the community as we plan to use the money gained to help get the organization going.

(4) That we have an all-day meeting the second Thursday of each month with a noon meal (each lady will bring a dish). After the meal there will be other entertainment, quilting, painting, exercise classes, etc., or may be just plain old "42."

After the meeting was dismissed, Annie Mae Smith and Dorothy May served cake, coffee and punch to 22 members.

Games of "42" were played after the refreshments were served.

National Forest Products Week

National Forest Products Week, October 16-22, points to the vital role of America's forests in serving domestic and worldwide needs for wood and paper products as well as in providing environmental and recreational benefits.

Forests are an extraordinary natural resource that have served people in so many vital respects, notes a forestry specialist with the Texas Agricultural Extension Service, Texas A&M University System. The forest industry makes a valuable contribution to the nation's economic well-being and to providing homes for people.

The white dwarf star A.C.70 8247 is about 36 million times as dense as water. One cubic inch of matter from this star would weigh 650 tons.

There are two novels buried in the 1939 New York World's Fair time capsule: Margaret Mitchell's *Gone with the Wind*, and *Arrow-smith*, by Sinclair Lewis.

USDA REPORTS ON STATUS OF COMMODITIES IN FARMER-OWNED RESERVE

Corn and oats in all farmer-owned grain reserves and sorghum entered in the reserve from October 6, 1981 through June 30, 1982 will remain in release status through October 31, according to a U. S. Department of Agriculture official.

Everett Rank, administrator of USDA's Agricultural Stabilization and Conservation Service, said the decision on the three reserve commodities was made following a review by USDA's Commodity Credit Corporation of their average market prices October 3, as reported by USDA's Agricultural Marketing Service, adjusted to reflect the market price received by farmers.

On October 3, the adjusted price for corn was \$3.39 per bushel, above the release levels for reserves IV and V of \$3.15 and \$3.25, respectively. The adjusted price for sorghum was \$5.41, above the reserve IV release level of \$5.36. Oats had an adjusted price of \$1.65 per bushel, the same as the reserve release level.

Data used by CCC include daily prices compiled by the Agricultural Marketing Service, as well as the month-end report of prices received by farmers issued by USDA's Statistical Reporting Service. This end-of-month report shows the previous month's average price and the current mid-month price.

Daily markets reviewed by CCC are Kansas City, Minneapolis, Omaha and St. Louis for corn; Kansas City and Texas High Plains for sorghum and Minneapolis for oats.

Storage payments for reserve corn and reserve IV sorghum will remain stopped through October 31 and interest will be charged on all of the loans.

THE VALLEY TRIBUNE EMERGENCY LOAN INTEREST RATES LOWERED

Secretary of Agriculture John R. Block has announced that President Reagan has instructed him to reduce emergency loan interest rates by three percent, from eight to five percent, for all farmers operating in counties designated eligible in the natural disaster emergency loan program for the 1983 crop season.

The five percent rate will apply to the first \$100,000 borrowed; the balance will be subject to the eight percent rate. This reduction applies to all eligible farmers who are unable to obtain credit elsewhere. The current rate of 13.75 percent applies to those able to obtain credit elsewhere.

"After reviewing the input we received from governors of the affected states earlier this month, it became apparent that additional action was necessary to assist agriculture in these areas," Block said. "Reducing these interest rates will provide an extra boost to these farmers, especially those who are not already benefiting from federal crop insurance or from participation in the payment-in-kind program."

Steps have already been taken to speed up the delivery of emergency loan checks to eligible farmers, Block said. These steps, including new equipment, extra office help and improved practices, should cut by more than one-half the time between loan approval and check delivery.

"Farmers realize there is certain risk in the business of agriculture," Block said. "They are willing to face those risks or they wouldn't be in the business. But natural disasters such as we have seen this summer require additional assistance. We are making every effort, within reasonable limits, to ease the burdens as farmers recover from this severe drought."

SWCD DIRECTORS EXPRESS APPRECIATION FOR FIELD DAY ASSISTANCE

The directors of the Caprock Soil & Water Conservation District and the Briscoe County Extension Service extend a special thank-you to the following people for helping sponsor the 1983 Briscoe County Agriculture Field Day. Your participation made the Field Day a success.

Don Brown, Brown-McMurtry Implement Company, Jack Strange, First State Bank, Don Corbett, Ray Thompson Implement, Inc., Ray Teeple, Ray Teeple Fertilizer, Loyd Stephens, Silverton Metal Works, Jack Lyons, DuPont Chemical Company, Guy Bell, Velisical Chemical Corporation, Fred Irwin, Flex

King Corporation, Bobby Spencer, Connally Implement Supply Company, Inc., Ray Sammons, Ag Computer Service, Ron Crabtree, Eversman Manufacturing, H. B. (Doc) Simpson, Grabbe-Simpson Chevrolet-Oldsmobile.

The directors would also like to thank Don Brown, Dwain Henderson and Ware Fogerson for having field demonstrations on their farms, and Ramona Martin and Sherry Delano for their help as hostesses.

Approximately 100 people attended all or part of the Field Day this year.

TOO MANY AMERICANS ARE STILL OUT OF WORK

by Lloyd Bentsen
United States Senator

Even with our economy on the upswing, nearly 11 million Americans are still out of work. We should be doing all we can to protect the jobs we have and to create more.

Our largest producer of jobs is the small business community, which creates 60 percent of the new jobs for American workers and accounts for almost half of our Gross National Product.

But the current economic climate is not a good one for small business and that does not bode well for American workers.

Ever increasing budget deficits threaten to devour all the savings available for investment. Current interest rates are still too high to make borrowing possible for many firms.

Small companies that rely for financing on external sources, such as bank loans or capital markets, need help.

I have introduced legislation in the Senate that addresses some of the basic problems that confound small businesses—a lack of investment money, complex inventory procedures and inadequate equipment.

The Bentsen bill has five provisions. One of my proposals would make small businesses more competitive by allowing them to claim the same tax credit for investing in used equipment that larger, better financed companies get when they buy new equipment.

Under current tax law, a business operator investing in new equipment can claim 10 percent of the purchase price as a tax credit. But a smaller business, able to afford only used equipment, can claim the 10 percent credit on only \$125,000 of the purchase price. This limitation will increase to \$150,000 in 1985.

For example, an individual would have to buy more than \$600,000 of used equipment to establish a small machine shop employing 10 people.

The operator could expect an investment tax credit of only \$12,500. A business able to buy \$600,000 in new equipment would get a \$60,000 investment tax credit.

My legislation seeks to eliminate this competitive disadvantage for smaller, less well-financed businesses.

Another part of my bill would encourage long-term investment in small businesses by reducing the capital gains tax rate from 20 to 10 percent for those who buy new issues of stock and hold onto it for at least five years.

The Bentsen bill would also permit small corporations to claim tax deductions on up to \$250,000 of the dividends they pay; simplify Last-In-First-Out (LIFO) accounting and inventory rules for small business; and permit small businesses to use cash accounting methods similar to those now allowed farmers.

We need to encourage the entrepreneurs and risk takers to turn their ideas into small businesses so that jobs will be created and our economy will grow and prosper.

My bill would help make sure that there is money available for these risk takers to get started and to stay in business.

CARDS OF THANKS

The family of Della Tant wishes to say a humble and heartfelt thanks to each of you who were there to help in any way through the illness and death of our mother and grandmother. The flowers, food, cards and telephone calls, but most of all, the visits to Mama and your prayers for her helped. A special thanks to Brother Wayne Norman for being so faithful to visit Mama and for the beautiful words of praise for her and the comfort to us, her family, and to the people who rendered so beautifully the music for the funeral service. We love all of you and pray God will bless and keep each of you in His loving care always.

Troy and Tommie

HANCE LEGISLATION TARGETS LONG DISTANCE TELEPHONE CHARGE

U. S. Rep. Kent Hance, D-Texas, has introduced legislation in the House of Representatives that would help stop massive telephone rate increases now expected to take effect in January.

The Hance measure, entitled the "Telephone Equity Act of 1983," repeals a Federal Communications Commission ruling on long-distance access charges that would have added more than \$9 billion annually to telephone bills throughout the country by 1990. The charges would have translated into rate increases of nearly 18 each month for the next several years for each American home with a telephone.

The access charge to use long distance lines would be placed on monthly bills, even if the consumer did not make a long distance call.

In anticipation of the FCC ruling, telephone companies have requested rate increases of more than \$8 billion from state regulatory commissions throughout the nation.

In Texas, Southwestern Bell originally asked for more than \$2 billion in rate increases, but reduced that request in the past few weeks to \$1.2 billion.

"The concept of universal, affordable telephone service was seriously threatened by the actions of the FCC," Hance said. "We needed to take steps to make sure everyone would still have access to phone service at prices that didn't cut some people out of the system. My bill

will help maintain reasonable rates as well as protect the poor, the elderly and those in hard-to-reach rural areas from losing telephone service, either because of price or location."

In addition to dealing with the potential increase in consumer telephone bills, the Hance legislation creates a "Lifeline Service" which would guarantee

service to those families unable to afford telephones.

"Everyone should have access to a telephone for emergency reasons," Hance said. "The 'Lifeline Service' will give the elderly, ill and low-income people the assurance that they will be able to contact emergency fire, police and ambulance services when they need them."
