## Museum Field Trip Rated A Success

On Saturday, April 16, The Panhandle-Plains Historical Museum in Canyon and the Square House Museum of Panhandle, sponsored a field trip to Caprock Canyons State park to conclude their observance of Texas Archeology Awareness Week.

More than 100 Panhandle area residents took part in the field trip. Eddie Guffee of the Llano-Estacado Museum in Plainview presented a very informative overview of the excavation of the Comanchero encampment at the Merrell-Taylor Village site south of Quitaque. After a delicious fajita lunch, the group travelled to the Lake Theo Folsom Age Bison Butchering Campsite where Bill Harrison, retired curator of archeology with the PPHM, led the participants to the actual site and answered group questions.

Valley School will not hold classes on Friday during the month of April. Friday Holidays all month.

## THEN and NOW!

by Eunice McFall

Spring is in the air and it is time to start thinking of the hot summer ahead. We do not want to have all the old dust, fingerprints, and dirty tracks left over from winter to haunt us all summer long. So I guess it is time for Spring cleaning. No one really likes to do the hard work that this causes us to do but we all really enjoy the fresh scents, clean surfaces and the new outlooks in our homes after the house has been aired, cleaned and refreshed for the year. Very few people see the inside of our homes unless we have specifically invite them but the outside is on view to the world at large. What do you want people to go away from our cities saying about all of our homes? Good reports or ugly ones?

On a trip that I took this past Saturday to Lamesa, I got to looking at the towns that we passed through and how the yards looked and the upkeep of the houses that we saw. Many were in that ragged stage that we have early in the spring when it is too early to really mow grass--all that is green is the knee high weeds. This can make the yards look terrible with only a few of them growing. Some of the houses had a sad lonely look about them because they were in need of paint or clean windows or just a general policing of the outside of the place. Many of the houses had old cars, junk lumber, junk metal and just general stuff piled around and even though the place could have been very attractive, the trash around it made the home very unsightly.

Our homes are one of the most important things to us. The way they look reflect how new arrivals to our fair cities will judge the whole town, not just our home. Really it does not take very long to keep a home and yard looking neat after we once get the winter time clutter and spring weeds gone.

With Bob Wills coming up next week in Turkey and the Trail Day arriving in Quitaque the first of June, we need to give some thought to how our cities look to outsiders, travelers, tourists, and just plain old homefolk that are returning to have a good time with us.

If we can all just put out a bit more effort our world will be such a much better place to live in and to look upon.

Next, the group ventured to the amphitheater where Wayne Lambert, professor at West Texas A&M talked about Park Geology and Ecology, concluding with a bus tour of the park to South Prong Primitive Camping Area to hike to examine geological features and vegetation.

According to Walt Davis, PPHM Director, archeology enthusiasts plan to visit the Adobe Walls battle site next year.

**4th Grade News**

Hi!! It's us again the fourth grade reporters. Last Thursday we went skating it was lots of fun. In Social Studies we have been going over Texas Government. We have been working things for U.I.L. some of the things are Poetry, Picture Memory, and this year we even got to enter Number Science. U.I.L. is on April 27 and the 28. We are also getting ready for the Social Studies TAAS test. We are having to do researches for it too. We have had Delane Brown in here listening to us. Every body

has been doing good in the fourth grade except for Candy, she broke her arm when we went skating Thursday. During Reading time, we have been going over some books that Laura Ingalls Wilder has wrote in her past time. On of the books is called "On the Banks of Plum Creek." They are really good books. During Math time we have been doing fractions and we are having a test Tuesday. In Science we have been learning about Taste Buds and Intestines and it is quite interesting. The fourth graders are glad that we have only 5 more weeks of school left. Another thing is, open house is on the 21 of April. Our field trip is on the 26 too. Well, got to go. Thanks for reading fourth grade news.

**4th Grade News**

Hi!! It's us again the fourth grade reporters. We have been doing good. The last article was probably the longest we have ever wrote. in the U.I.L. picture memory, the fourth graders have been doing excellent. For the poetry readers we had, Jill, the speech teacher listens to us read our poems. Thursday we went over to Mr. Smiths yard and planted a tree for the tree conservation. We have been getting ready for open house but we aren't going to do any thing for it, we are just going to get awards and show our parents around. Thanks for reading fourth grade news.

"It shall blossom abundantly, and rejoice even with joy and singing"

Isaiah 35:2

When the patches of snow have all melted away  
With the end of the cold winter gale,  
Then the sun will ascend on a warmer new day  
When the balmier breezes prevail,  
As the blossoms emerge from the buds all around  
And the birds with their chorus arrive,  
All the color and fragrance and beautiful sound  
Make us thankful for being alive.  
When we learn about God we begin to revere  
All the blessings His promise will bring;  
While enjoying the loveliest time of the year  
When the earth comes to life in the spring.

## Things Seen or Heard by Ann Coker

Last Wednesday Mrs. I. D. (Maxine) Mullin had surgery in Lubbock at Methodist Hospital. Mrs. Mullin has a knee replacement. At last report she was doing as well as expected and hopes to come home soon.

David Driskill and his 3 daughters of Canyon, were visitors in the home of David's parents, G. P. and Betty Driskill from last Friday to Sunday. David and his daughters returned home Sunday for his 6 year old daughter to participate in the T-Ball game.

David's wife had gone to Mt. Pleasant, Iowa, to help her grandmother celebrate her 100th birthday.

While talking to Mozelle Eudy recently, she shared with me about a phone call she had received from Wheezie Walker Hefner of Denver. Mrs. Hefner had read in the Valley Tribune about Lewis Eudy's accident. Mrs. Hefner was a former neighbor of the Lewis Eudy's and she was concerned about Lewis.

She also told Mrs. Eudy she thoroughly enjoys the Valley Tribune.

Byron Young, Lewis Eudy's brother-in-law, drove the Eudy's back to the doctor for Lewis' check-up last week. The doctor reported Lewis was stronger and

wasn't confined to bed rest all the time. He is able to be up and walk some now.

Leroy and Faye Roberts of Amarillo were visitors in the Lewis Eudy home last Saturday.

Edna Earle Blackney recently had hand surgery. She is recuperating at home.

Our daughter, Coach Brenda Coker of Sabinal, called last week-end after her District Track Meet. She was quite pleased over their participation. Her girls won first in the 100, 200- long jump, triple jump, discus and shot put. They are all quite young and Brenda realizes they probably won't place in the Regional Meet to be held in Brenham, but she was quite excited over their wins in District.

Visiting with Paulette Lipscomb last week-end were two of her daughters and families, Bruce and Mitchie Patrick of El Paso and Richie and Sandy Fuston of Midland. The Fustons were also visitors of Ricky and Sandy Fuston.

While in Childress one day last week, we saw Dovie Wheeler and Connie Holland enjoying lunch together. Later we met Mr. and Mrs. R. V. Johnson and Lois Lipscomb doing some shopping in a local store. I was in Childress with Lorene Setliff who was having her car checked over at Mullin Motors Co. We also visited with Tod Mullin. His

parents, J.T. and Tootsie Mullin, were in Lubbock for Maxine Mullin's surgery.

Visiting relatives and friends last Saturday, Sunday and Monday were Janice and Jana Payne of Plainview.

Bob Russell returned to his home last Saturday after having surgery Thursday at Methodist Hospital in Plainview. His brother-in-law, Charles Daniel, returned Bob to his home.

After spending the day at their cabin on Cottowood Lake, Bob and Alice Richardson visited in the home of the Arville Setliffs last Wednesday night.

While visiting with Vernell Cotten the other day she shared with me that she and Mary Beth Adamson had been recent visitors in New Mexico. Mary Beth visited with her son and family, the Rod Adamson family in Ruidosa. Vernell visited with her

daughter and family, Glenna and Randy Robbins and children in Capitan. While there, they enjoyed seeing Rod Adamson play in the play "The Living Lord's Supper" at his church. Randy Robbins, a former Ag teacher at Valley, is presently teaching a P.E. Class in Capitan and teaching a GED Class for those working for a High School diploma.

## England Oxford Student Turns Cowboy In Texas

by Ann Coker  
Nick Matthews of Reading, England, 50 miles west of London, is presently in Turkey visiting in the home of Shannon and Lisa Cruse.

Mr. Matthews became a friend of Lisa Cruse's brother Jeff Childers while they were students at Merton College Oxford. Nick said "I met Jeff at the Oxford Church of Christ." He also shared with us that he is on a holiday and is in Turkey to help Shannon brand.

Nick arrived at the home of the Shannon Cruses' last Saturday and will remain until Wednesday. I talked to Mr. Matthews on Sunday afternoon and he was really looking forward to assisting in the branding on Monday. When asked if he had ever ridden a horse before, he replied, "Yes, and I have fallen off a horse before!"

When I talked to Nick he had been in the states a week. He thought our weather was rather warm and I think he was a little over-welmed at our winds.

When he leaves Wednesday, he will be traveling to Lubbock, San Antonio and Houston to visit old friends.

Nick is considering a move to Houston to attend the South Houston Bible Institute. When he completes the three year course he will probably return to England.

At the present time he is employed as a computer manager in England. His trip to the States is a holiday to rest and enjoy.

While Nick Matthews was visiting with Shannon and Lisa Cruse, Lisa's parents, Wayne and Beverly Childers were in England visiting with their son, Jeff.

We found out from Vernell Cotten that her sister-in-law and husband, Helen and Duncan Chandler of Dallas, are avid readers of the Valley Tribune. They fight over it each week on delivery. Then their children who live in the area visit them to read the Tribune.

Louis and Oleta Randell were in Childress Thursday on business.

Louis Randell was in Lockney Thursday morning for a doctor's appointment.

## Hendrix Completes Basic Training

Lawrence Hendrix has recently completed his Basic Training and his AIT (Advanced Individual Training) at Fort Leonard Wood, Missouri. Upon completion of this training, he is now on leave, visiting with his parents, Jimmie and Annie Hendrix, and other relatives and friends.

Lawrence is to report for duty on Tuesday, April 26, at Ft. Stewart in Georgia. He will be leaving home on Sunday, April 24.

## Setliff Honored On His Birthday

Hubert Setliff was honored on his 80th birthday with a luncheon in his home. The hostesses for the occasion were his wife, Dale, and daughters Martha and Myra.

Those present for the celebration were Kenneth and Martha Rhodes and children of Lubbock, Myra Booth and children of Lubbock; Dale's sisters and husbands Pat (Morrison) and Bert Lane, west of Plainview; Lawrence and Lois (Morrison) Bedwell of Plainview, and Hubert's brother, Arville and Lorene Setliff of Turkey.

## NUEVO STUDY CLUB

The Nuevo Study Club met in the home of Louise Meacham on April 14.

Ella Colvin, president, opened the meeting with prayer. Minutes of the previous meeting were read and approved. Treasurer gave her report, and Nadine Baisden made further statements about securing the street signs.

Virginia Degan moved that this year's officers be re-elected for next year, and this carried.

After an interesting roll-call, Dessie Mae Robertson presented the program entitled "Attitudes Disabled."

Refreshments were served by the hostess to Mmes. Baisden, Colvin, Degan, Green and Robertson.

Next meeting will be on May 12 at 3 p.m. in the Senior Citizens Room.

About 40 million cats are kept as pets in the United States.

*"Let your light so shine before men, that they may see your good works. . . ."*

**-Matthew 5:16**

Art appears before us in such a multitude of varieties that some form of it is visible wherever we look, and it is far more than just a beautiful painting or a lifelike piece of sculpture. Art is also design, created for function as well as eye appeal; such as the chair or sofa you are sitting on as you read this. Even fine art does more than just adorn our homes; it brightens our daily lives. Faith relies on art to help teach us its history, and some of the world's most renowned works depict religious episodes. Our House of Worship may contain inspiring paintings or statuary, and we often see the light of faith transmitted through the brilliant panes of stained glass windows. In any case, it was God who endowed some of us with the ability to produce the visual beauty which includes these portrayals of the world He gave us, to which we owe our very existence.
