VOLUME 24 NUMBER 45

Valley Girls Relay Team Has Best Time In State

Coach Robert Phelps and his girls track team always come through. Coach stated to the Tribune editor Tuesday morning that they had a bad year physically with influenza rampant in the school for so long. He told them at times to run as best they could and, although many of them were in a weakened condition, they went to Sudan last weekend and took many honors.

The 400 relay team won eighth in the Globe News Area but they took State honors in the time run, which was 51.8. The team is composed of Mary Dowd, who runs the first leg; Karen Clinton, second leg; Karen Ramsey, third leg, and Cindy Fulbright, who takes the baton to the finish line. Alternates are D'Anna Smith and Renett Brittain.

In the 800 meter relay, the girls took first place at district with 1:53.8. The participants are 1. Mary Dowd, 2. Karen Clinton, 3. Karen Ramsey, 4. Cindy Fulbright. Alternates are D'Anna Smith and Renett Brittain.

The team took honors in 100 meters with 1. Cindy Fulbright, 13.0; 2. Karen Ramsey, 12.2, and 3. Mary Dowd, 13.5.

D'Anna Smith placed first in the shot with a put of 32 ft. 1 in.

Coach Ted Giddens and his boys track team took honors at district, also.

CORRECTION

In the article concerning voting in the Turkey City Election, this line was left out when the lines were set:

Walter Geissler received 61 votes for Place 1 Alderman.

We are sorry this was inadvertently left out.

Valley FFA Competes In Area Judging Contests

Members of the Valley FFA Livestock and Dairy Judging teams competed in the Area 1 Judging Contests April 14 at Texas Tech University in Lubbock.

The Livestock Judging Team placed tenth out of 64 teams entered in the Area contest. They also placed third out of the teams entered from the Greenbelt District. Team members included Darren Edwards, Troy Taylor, J. Dale Butler and Wendell Reed.

The Dairy Judging Team placed twenty-second out of the 67 teams entered in the Area contest and second of the teams entered from the Greenbelt District. Team members were Wesley Farley, Roger Hughes, Dan Meyer and Bud Ham.

The 400 relay team placed first with 44.99 time. The participants are Tommy Williams, Tim Clardy, Kraig Cox and Ricky Jeter.

In the 400 meter run, Ricky Jeter took second with 54.27.

Ricky Jeter took first in the 100 meter dash with 11.18.

Tim Clardy won second with 23.13 in the 200 meter dash.

Will Williams placed second in the shot put with 43'3".

Both teams are headed for the Regional Meet at Levelland as we go to press. The girls meet started Wednesday, April 18, and will continue through today (April 19).

Christie Calvert of Turkey has been very ill, and if she is able, she will be a qualifier to go to State, if the team gets that far. Coach Phelps states they have a good chance, even with so much difficulty due to illness.

Congratulations to Coaches Phelps and Giddens and their boys and girls! Go all the way to State!

Peoples State Bank Has Face Lift

Peoples State Bank in Turkey has recently had a "face lift."

Workmen removed the glass bricks at the front of the building and have installed glass panels.

An office has been constructed on the west side of the building for the vice-president.

The bank president says, "Now we can see out."

Quitauque Senior Citizens To Have Bake Sale

A large crowd of Senior Citizens of Quitauque met at the old First National Bank Community Room for fellowship, games and their regular monthly luncheon Thursday, April 12. Jim and Ina Mae Baird of Lubbock were guests for fellowship and the meal. Mrs. Baird brought the invocation before the meal.

The Senior Citizens will sponsor a bake sale on Saturday, April 21, starting at 10:00 a.m. and will be located in the old F.N.B. Community Room on North First Street downtown.

They will also have sandwiches, desserts, tea and coffee for sale.

Come by and eat with them.

WITH THE SICK

J. T. Persons returned home from the Cleburne hospital Sunday, and is continuing to improve.

JAYNE MERRELL ADAMS

Jayne Merrell Adams Is Candidate For Degree At Wayland

The graduating class of 1984 at Wayland Baptist University includes Jayne Merrell Adams of Quitauque, who will be awarded the bachelor of arts degree in sociology at Wayland's 74th Spring Commencement Saturday, April 21, beginning at 10:00 a.m. in Harrell Memorial Auditorium.

A record total 255 students will be awarded degrees on the associate, baccalaureate and master's levels, in addition to four other students who will receive certificates of completion.

Of that number, 29 will be awarded master's degrees, 222 will receive bachelor's degrees and four are scheduled to receive associate of technology degrees. Twenty-six members of the class of 1984 are honor graduates.

Degrees for December and April graduates will officially be conferred upon those persons during Saturday's ceremonies. Candidates for August graduation will receive their diplomas upon completion of their course of study, although they will also participate in Saturday's activities.

Dr. D. L. Lowrie, pastor of the First Baptist Church in Lubbock, and past president of the Baptist General Convention of Texas, will give the address Saturday at Wayland's earliest spring commencement ever.

Mr. and Mrs. Jim Mayfield had their three sons and their wives home for the weekend. Mr. and Mrs. Graves Mayfield of Waco came on Thursday, and Mr. and Mrs. Gene Mayfield of Levelland and Mr. and Mrs. Bill Mayfield of Panhandle came Friday. The Gene Mayfields and the Bill Mayfields left Saturday afternoon. The Graves Mayfields stayed until Sunday afternoon. Mrs. Mayfield says this was the first time in years that the boys had been together without any children, and they really seemed to enjoy their visit.

Only Bob Wills Foundation Will Be Selling Souvenirs

The Bob Wills Foundation will be the only booth selling souvenirs this year on Bob Wills Day at the Bob Wills Center, it was announced this week.

Items to be sold include T-shirts, caps, belt buckles, visors, cups, koozies, coins, bolo ties, key chains, ladies pendants, ash trays and post cards. Bumper stickers will be given away free throughout the day. Free balloons and shopping bags will be given away with purchases.

This year's caps are available in a variety of colors. Caps may be purchased year-round at City

Drug in Turkey. Visors, cups and koozies are all new items this year. The T-shirts will be ringers with a multicolor design and children's sizes will be available.

All these souvenirs will be sold on Bob Wills Day in the first room on the EAST side of the hallway just inside the FRONT doors of the Arts & Crafts building, or you may contact Ruth Ann Scrivner or Jana Guest. They will also fill mail orders for out-of-town fans, it was announced.

"We appreciate your support," a Foundation spokesman said.

13th Annual Bob Wills Day Arts And Crafts Show Being Changed

The 13th annual Bob Wills Day Arts & Crafts Show will be held April 28, 1984. The Arts & Crafts Committee wants to let the local people know that some changes have been made regarding this year's show.

ONLY arts & crafts will be sold. Machine manufactured items will not be allowed—only original works of art and hand-crafted items will be shown and sold.

Also, this year all booths will be INSIDE the arts and crafts building at the Bob Wills Center. No one will be allowed to set up or sell outside on the Foundation's grounds. Security guards will be patrolling both floors during the day for everyone's safety and convenience.

These changes have been made in order to improve the show and make it more enjoyable and beneficial for both the artists and craftsmen, as well as the local people and the Foundation's volunteer help.

Booths will be open to sell at 9:00 a.m. Saturday and will continue until 6:00 p.m. We urge everyone to come in and browse. We have reservations from many new artists and craftsmen who have never shown here before, as well as local and prior-year exhibitors. Arts and Crafts reservations thus far include oil paints, watercolor, pottery, gold and silver jewelry, clocks, tole painting, stitchery, fabric items, woodcraft, leathercraft, metal works, bronze sculpture, ceramics and many others. Visitors to the second floor may register for a free gift.

Spaces are still available for reservation, if you or someone you know is interested. You may contact one of the following for further information: Candace Woods, Box 53, Quitauque 79255; Jana Guest, Box 516, Turkey 79261, Phone 423-1296 after 6:00 p.m.; Ruth Ann Scrivner, Route 1, Estelline 79233, Phone 423-1125 after 6:00 p.m.

We appreciate your support and look forward to seeing

everyone at the Arts & Crafts Show. Help us make it another success.

Easter Sunrise Service Planned

There will be an Easter Sunrise Service held at the Interpretive Center at Caprock Canyons State Park on Easter Sunday, April 22, at 6:30 a.m. Leading the service will be the various ministers of the area.

Following the service at the Park everyone is invited to the Fellowship Hall of the First United Methodist Church in Quitauque for coffee, orange juice and fresh cinnamon rolls and a good time of fellowship.

Everyone in the area is invited to be a part of this special service.

Bob Wills Foundation To Have General Meeting

Bob Wills Foundation will have a general meeting Monday, April 23, at 7:00 p.m. in the Bob Wills Cafeteria.

TORY DON GIDDENS OUT OF CAST

Coach and Mrs. Ted Giddens and Master Tory Don Giddens drove to Fort Worth Monday.

Tory is out of a cast and he visited the Valley Tribune Tuesday afternoon, with boots on and only a brace. Tory is 3 1/2 years old and he is on his way to full recovery, hopefully, now. He had to come to town as soon as he got in from Fort Worth to visit his friends and show them he didn't have to wear a cast any more. He had a bone graft approximately ten weeks ago. This is the first time in two years that he has been able to bend his knee, his mother reports. He is a happy little boy.

Congratulations, Tory Don!

Little Olympic Track Meet To Be Held

The Motley County Little Olympic Track Meet will be held May 5 at the baseball field in Matador.
 There will be four age divisions for boys and girls ages 3-12. Prizes will be given for the first five places, and a trophy will be given to the high-point individual in each division.

As many events as desired may be entered for \$2.00.

The event is sponsored by the Eternas Junior Study Club, which will not be responsible in case of an accident.

Proceeds are to be used for community improvement projects.

A concession stand will be

available for lunch.

You may pre-register, but this is not necessary.

There will be running events, throwing events, bean bag toss, football throw, long jump, obstacle course and a tug of war.

For more information, you may contact Fronye Bingham, 806 347-2352, or Laurie Minkley, 806 347-2267.

Mr. and Mrs. Tom Farley of Lubbock visited Friday in the homes of his sister, Mr. and Mrs. Reddell Irby, and his brother, Mr. and Mrs. Bill Farley, and her sister, Mr. and Mrs. Ed House. Joining them were the Tom Farley's daughter, Lurline Shober, and her daughter, Stephanie Spradley and daughter, Amy, all of Spur.

Crop, Livestock Reporting Service Needs Information

The Texas Crop and Livestock Reporting Service is contacting farmers and ranchers across the state in mid-1984 crop information year livestock inventory. State Statistician Dewey emphasized that information from these surveys is important to the entire agricultural industry. "A good on these surveys is essential for each county and the state. Results of the surveys, conducted in person by field employees will be published later in the year. These estimates of farm and ranch operations and their future marketings," Fiedel.

To reduce survey cost, the service is urging farmers and ranchers to return the questionnaires as soon as possible. The reported information combined for state estimates.

Annual county estimates published for livestock, poultry, cotton, field crops, fruits and pecan tables, and cash receipts from the sale of farm products.

WITH THE SIG

Dwain Henderson went to the doctor for a checkup Friday of last week. He is reported to be in good condition, the doctor reported.

Buddy Morris is reported to be able to return to work in the week, his wife reported.

Robert Proctor had surgery at Methodist Hospital in Memphis on Monday of this week. He is reported to be progressing favorably.

Crop, Livestock Reporting Service Needs Information

The Texas Crop and Livestock Reporting Service will begin contacting farmers and ranchers across the state in mid-May for 1984 crop information and mid-year livestock inventories.

State Statistician Dennis Findley emphasized that information from these surveys is very important to the entire agricultural industry. "A good response on these surveys is essential so accurate figures will be available for each county and the state."

Results of the confidential interviews, conducted by mail or in person by field enumerators, will be published late in June.

"These estimates will help farmers and ranchers adjust their operations and plan their future marketings," Findley added.

To reduce survey costs, Findley is urging farmers and ranchers to return the mailed questionnaires as soon as possible. The reported information will be combined for state and county estimates.

Annual county estimates are published for livestock, dairy, poultry, cotton, field crops, small grains, fruits and pecans, vegetables, and cash receipts from the sale of farm products.

WITH THE SICK

Dwain Henderson went back to the doctor for his fourth checkup Friday of last week, and the doctor dismissed him for three weeks. He is recovering from major surgery in fine condition, the doctor reports.

Buddy Morris is improving and may be able to return home later in the week, his wife reports.

Robert Proctor had surgery at Methodist Hospital in Lubbock on Monday of this week and is reported to be progressing satisfactorily.

"Friends" Has Big Opening Sunday

Roye's Restaurant changed hands last week and was closed from Tuesday until Sunday morning for repair and cleaning. Mrs. Charles (Pinky) Barrett and Mrs. Faye Dudley purchased the business and with Charles' help and J. J. McKay's help and everyone they could conscript, they opened Sunday morning for the breakfast run.

At noon Sunday, they had an old-fashioned family dinner served buffet style and EVERYONE from Silverton, Turkey and Quitaque tried to eat there for the noon meal. The ladies served between 125 and 130 lunches. The tables were all filled and filled again as fast as the ones sitting could finish eating. The ladies said not to let that scare you off; they will have the north dining area open for next Sunday's food service.

The new business has been painted white and the entry between the restaurant and the old drug store has been closed with a shingled wall decoration and pictures there. The area around the front windows is trimmed with shingles and the square posts in the center will be covered with shingles, the Valley Tribune has been informed. The open fireplace has been painted black with a screen in front. The windows are screened with bamboo shades. This is a very clean, attractive place to eat, and the food is excellent.

The ladies invite everyone to come in and visit with them and to eat.

New Arrival

Mr. and Mrs. Stan Payne of Plainview have a new baby daughter, Jenna Denice, born Tuesday, April 10, 1984, at 2:24 a.m. at Central Plains Hospital in Plainview. She weighed 6 lbs. 14 ozs. and measured 18 1/2 inches.

She has two brothers and one sister.

Maternal grandfather is Kelly Chadwick of Amarillo. Maternal grandmother is Jackie Chadwick of Floydada.

Paternal grandmother is Mrs. Archie Payne of Quitaque.

SUDDENLY GROWS POETIC

Mike and Neva Dale Spier recently moved into a house and found the following article which came out in the Donley County Leader in its May 14, 1936 issue:

Tell me not in mournful numbers,
Flirting's but an empty dream,
My schoolwork now is oft encumbered,
Leaves me blue and black and green.

Flirting's real and I'm in earnest
And destruction's not my goal,
But my memories like a furnace,
Still shall burn when I am old.

Let me then be up and looking
With an eye for any gal,
Just someone to do the cooking,
Just someone to call a pal.

District Hearings To Be Held Next Week

Just a reminder that Congressman Jack Hightower will be holding two public hearings in the 13th District next week to gather citizen and producer input concerning what improvements should be included in the 1985 Farm Bill that will be drafted by congressional committees later this year.

The hearings will be chaired by Congressman Hightower, and the testimony taken will be presented to the House Agriculture Committee for its consideration and study during the drafting of the Farm Bill. At the present time, other Members of Congress are gathering public input in their respective dis-

tricts, as is the Agriculture Committee nationally.

The hearings will be held: Amarillo, Monday, April 23, 1984, 2:00 p.m., Texas A&M Research & Extension Center, Vernon, Tuesday, April 24, 1984, 10:00 a.m., Texas A&M Research & Extension Center.

Farmers, ranchers, agribusiness people and others interested in improving farm programs are urged to take advantage of this unique opportunity to tell Washington through Congressman Hightower what ought to be

done in the four-year 1985 Farm Bill. Congressman Hightower will be available to the media during these periods, and will make a brief opening statement at each hearing. Witnesses wishing to testify must submit a copy of their testimony as part of their presentation. Those wishing to testify may submit as much testimony as they wish; however, they are urged to keep their verbal remarks to no longer than ten minutes. This is so the largest number of people can be heard during the time available.

The first formal rules for baseball required the winning team to score twenty-one runs.

We make 188 billion telephone calls per year in the United States.

American Farmers Trying To Eliminate "Unreliable" Stigma

American farmers finally have some help getting rid of the label placed on them in world trade markets of "unreliable" suppliers.

We need to make sure this help isn't cut off, because our farmers do not deserve that reputation.

They have been the victims of State Department "experts" who have encouraged every Administration since President Nixon to use agricultural embargoes and threats of embargoes as a foreign policy weapon.

Our farmers have paid dearly in lost export markets for the sake of foreign policy, when they truly are winners. The world's most efficient food producers, American farmers grow half the world's corn supply and a fifth of the world's beef and cotton with only three-tenths of one percent of the world's population.

The crops from one-third of our nation's farmland are earmarked for export, including more than half our cotton crop.

Yet because of the "unreliable" reputation caused by embargoes, our farmers are facing a bitter harvest. Sales volumes of agri-

cultural exports are expected to be down this year for the fourth year in a row. World prices for our crops are plummeting and demand is weak.

Our competitors for the world markets lost no time filling the voids created by our government's agricultural embargoes. They jumped into the market in whatever country we no longer supplied.

Before the Soviet grain embargo, for example, our farmers sold 70 percent of the wheat that country bought abroad. When the embargo was imposed, our competitors in Argentina, Australia, Canada and the European Community moved in and our share fell to only 30 percent.

I have consistently opposed the idea of agricultural embargoes no matter which President, Democratic or Republican, has imposed them. Time after time it has been vividly demonstrated that they don't work.

Last year, I succeeded in winning our farmers some protection against the effects of embargoes.

Congress approved my agricultural export contract sanctity law which guarantees that for nine months after an embargo is declared, agricultural export contracts signed before the embargo will be honored.

This gives our farmers the period of grace they need to make good on delivery and remove the "unreliable" label.

This year, however, Congress is reworking the Export Administration Act which gives the President authority to limit exports, such as high technology and defense-related products. It is also the law under which the agricultural contract sanctity provision falls.

I want to make sure that the help we have given farmers isn't suddenly taken away from them. The Senate recently approved my amendment to the Act barring any changes from being made in the agricultural contract sanctity law. A similar amendment was passed by the House of Representatives, virtually assuring its approval in the final legislation.

Our government should be doing everything it can to support, not disrupt, our farmers' efforts to rebuild the export markets that embargoes have destroyed.

And, anytime we set out to punish another country, whether through embargoes or anything else, we should make sure our actions wind up hurting them more than us.

—Lloyd Bentsen
 United States Senator

Lighthouse Electric To Hold Annual Meeting April 28

The 45th Annual Meeting of Lighthouse Electric Cooperative, Inc. will be held at the Cooperative headquarters, Highway 70 East in Floydada, Saturday, April 28, 1984.

Registration will begin at 11:00 a.m. followed by a fish and chicken dinner catered by Danny's Catering Service of Lubbock. Entertainment will be provided by "Flatland Bluegrass" of Dimmitt.

The business meeting will be called to order at 1:00 p.m. by President Cecil Baxter. The business meeting will include the election of directors and a report to the membership by General Manager Alton Higginbotham.

Entertainment for the children will be provided during the meeting and will include a nursery for the younger children. Door prizes will be presented at drawings throughout the meeting and the grand prize will include a choice of several major appliances or a \$200.00 credit toward a member's bill.

The Lighthouse Annual Meeting has traditionally been planned by a Member Service Committee appointed by the board of directors. Planning this year's Annual Meeting were Mr. and Mrs. Jody James of Floydada, Mr. and Mrs. Bill Hinkle of Floydada, Mr. and Mrs. Mark Gilly of Floydada, Mr. and Mrs. Max Ham of Quitaque, Mr. and Mrs. Mark Leach of Plainview, Mr. and Mrs. Paige Underwood of Petersburg, and Mr. and Mrs. Deryl Evans of Floydada. Mr. and Mrs. Tommy Potts of Estelline and Mr. and Mrs. Bobby Barbee of Lakeview planned this year's district meeting in Memphis.

FARMERS UNION TO COORDINATE SOIL, WATER CONSERVATION AWARDS

The Texas Farmers Union has recently been selected to serve as the State Coordinator for the National Endowment for Soil & Water Conservation Awards Program, according to Mike Moeller, TFU President. The Endowment was formed in 1982 by a private sector coalition of individuals, corporations and associations committed to the conservation of the nation's soil and water resources. National Farmers Union is both a founding member and is represented on the Board of Directors of the Endowment.

"Over 40 states participated in last year's program," Moeller said. "In 1984 we hope to have all 50 states participating." The ten National finalists and their wives received an all-expense paid trip to Washington, D. C. in December and were honored at a White House Awards Ceremony where the three National winners each received \$1,000.00.

Moeller said, "The Texas Farmers Union feels honored to again have the opportunity to coordinate such a worthwhile program. We hope to increase public awareness to the contributions made by family farmers and ranchers to conserve our precious soil and water resources. Also, we want to give special recognition to individual farmers

and ranchers who have made outstanding conservation improvements on their own operations."

The basic eligibility requirements are: Nominees must be individual producers, partnerships, or family farm or ranch corporations, must derive a substantial portion of their income from their agricultural operation, and must agree, if selected as the state nominee, to allow their conservation techniques to be used as demonstration projects for the purpose of public information.

Moeller concluded, "State and local conservation, commodity

NEW SYSTEM TO SAFEGUARD STATE CHECKS AGAINST ERROR

State Comptroller Bob Bullock and Treasurer Ann Richards have worked out a new and better system to safeguard state checks against payment errors and forgery.

A new automated system has been put in use to provide the Treasury better verifications of

and farm groups are each invited to submit one contestant to the statewide contest with the winner going on to the national competition.

checks written by the Comptroller. The old system depended on computer printouts, which had to be microfilmed. The new system will save the Treasury about \$3,000 per month in staff and microfilm expense.

The new system will provide quicker verification to insure the amount on each state check is the same when the check is cashed as when it was written.

"The state has got to balance its checkbook just like the taxpayer does," Bullock said. "Using this new technology, we can check the stubs on the 80,000 checks we write every day better and cheaper."

"Three thousand dollars per month may not seem like much when the state spends many billions of dollars each year, but it represents \$36,000 per year that will not have to come from taxpayers. That's what the voters hired me to do—save them tax dollars and that's what I'm doing, with Mr. Bullock's help," Mrs. Richards said.

DECISION TIME IS HERE FOR CROP INSURANCE

Some Texas farmers have until mid- to late-April to decide on insurance for their 1984 crops. Although sign-up time is past for farmers in South Texas and in some other areas depending on the crop, farmers in central, eastern and far western areas have until April 14 to insure peanuts and until April 15 to insure cotton.

Farmers in the plains and parts of north central Texas have until April 30 to insure cotton, but all other crops must be insured by April 15.

Farmers can insure their crops for 50, 65 or 70 percent of the average yield and can select from several price levels, notes an economist with the Texas Agricultural Extension Service, Texas A&M University System. Premiums depend on the percent coverage and price election as well as the risk area where the farm is located.

An Easter Message
May you be blessed with the glory and gladness of this special day.

Valley 4-H News

The Valley 4-H Club met Monday, April 9, at the home of Tommy and Janet Edwards. The club held its regular business meeting, then a special program

was presented by Randy Stark about the Chamber of Commerce.

Mrs. Lynda Fogerson, Briscoe County Extension Agent, brought a discussion on method demonstrations, and Kay Lynn Edwards presented a method

demonstration for the club. There were 33 4-H'ers present. —Reporters Oleta Lane & Kay Lynn Edwards

The Briscoe County Horse Judging teams went to Stephenville April 2-3 to compete in a

contest there. Those on the Senior Horse team are Scott Saul, Jeff Fuston and Kim Burson. Junior Horse team is composed of Lea Ann Edwards, Lacy Price, Oleta Lane, Robyn Lane and Celeste Sperry. Senior Livestock team members are Criss Morrison, Larry Bob Clay and David Schott. Junior Livestock team is composed of Neal Edwards, Rhett Montague, Robbie McWaters and Clay Schott.

Adult leaders attending were Travis Harney, Briscoe County Extension Agent, John Schott, Becky Lane and Janet Edwards.

The Valley Tribune received a renewal from Mary Edythe Frogg of Fritch and she reported she had spent some time in the hospital and had to have a pacemaker implanted, but that she is planning to attend the Homecoming this year.

Also, a nice, long letter from Sue Curtis of California, who is also planning to attend the Homecoming.

People are beginning to get excited about the Homecoming.

The Archie Payne family is planning its annual Easter picnic to be held on Easter Sunday, April 22, at the picnic grounds south of the Junior Payne home on the Virgil George ranch southwest of Quitaque. Visitors are always welcome, so pack your favorite goodies and come be with the family after church. This event started before the death of the late Archie Payne. Come one and come all and join the fellowship and feasting.

INVITATION FOR BIDS

The City of Turkey will receive bids for water collection, storage and distribution facilities improvements until 10:00 a.m., Standard Time, on the 17th day of April, 1984, at Suite 200, 415 West 8th, P. O. Box 9257, Amarillo, Texas 79105, at which time and place all bids will be publicly opened and read aloud.

Bids are invited upon the several items and quantities of work as follows:

Item 1: Installation of approximately 11,000 feet of 8-inch PVC pipe from well fields to ground storage tank, including a reservoir bypass.

Item 2: Refurbishment of a 250,000 gallon concrete reservoir, including application of an epoxy/fiberglass lining and exterior painting.

Item 3: Installation of approximately 6,100 feet of 4- and 6-inch PVC replacement distribution mains, along with three fire hydrants, 61 replacement service connections, and approximately 350 feet of 2-inch PVC secondary distribution lines.

Contract documents, including drawings and technical specifications, are on file at the office of the City Secretary at City Hall, Turkey, Texas.

Copies of the contract documents may be obtained by depositing \$35.00 with the City of Turkey for each set of documents so obtained. Each such deposit will be refunded if the drawings and contract documents are returned in good condition within 10 days after bid opening.

A certified check or bank draft, payable to the order of the City of Turkey, negotiable U. S. Government bonds (at par value) or a satisfactory bid bond executed by the bidder and an acceptable surety in an amount equal to five percent (5%) of the total bid shall be submitted with each bid.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project, and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

The City of Turkey reserves the right to reject any or all bids or to waive any informalities in the bidding.

Bids may be held by the City of Turkey for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of bidders, prior to awarding of the contract.

Date April 5, 1984.
Leroy Stone, Mayor
City of Turkey

by Wilburn Leeper

Several new rules have been approved by the state legislature committee of the UIL for junior high schools and will be effective next school year. The junior high has never been governed by the

UIL for sports purposes as has been the case for high schools.

According to the new plan, an age limitation will be put into effect and will be mandatory. Previously, age limitations were

TO ALL TV VIEWERS

The pay movie channel is out for now. We have tried and tested the equipment of three companies and not one of them worked satisfactorily. When equipment becomes available that will work, a pay channel will be put on the air immediately.

In the meantime, we propose to add an independent station to the three network stations if we can raise enough money from non-paying customers to pay for this equipment. This Satellite station would have completely different programming than the networks. This would give viewers a much wider selection of programs to watch. We have ordered necessary equipment to add this channel to our station; however, if we fail in our effort to collect enough money to pay for this added service in the next two weeks, the order for this equipment will be cancelled. The first week of this drive we will insert spot announcements on your TV urging people to pay their TV dues and where. After a week or ten days, if this fails to bring in enough money, we will close down operation of the station until we do get enough money. To avoid this happening, just pay your TV dues **NOW** and enjoy the new channel at no increase in yearly rates. If you will do this for us, we will do the following for you:

Add a new XL-20 Translator to both Channel 4 and Channel 10 just like the one operating on Channel 7, at a total cost of over \$16,000.00.

Install new broadcasting antenna bays and equipment to replace the ones now in service. This will cost an estimated \$4,000.00.

This will give us a completely new up-to-the-minute TV station with four channels.

Only you can keep this from happening. By not paying your TV dues now, you can kill this deal completely. By paying now, you can assure good quality TV now and in the future.

You can pay in the following ways:

Send check to Valley Translator System, Box 372, Turkey, Texas 79261, or to Valley Translator System, Box 213, Quitaque, Texas 79255. Take check to Peoples State Bank or First National Bank and deposit to the account of Valley Translator System. Your name will be on the deposit slip and you will be given credit for amount deposited. You may also, at the bank, sign a draft authorization for monthly payments.

Dues are \$60.00 a year, \$33.00 for six months, \$6.00 a month by draft only.

VALLEY TRANSLATOR SYSTEM

only recommendations. A seventh-grade student cannot be 14 on or before September 1 of each year and an eighth-grader cannot be 15 on or before September 1.

Along with an age requirement, the plan stresses an academic requirement. Students now will be mandated to be passing four academic courses at least seven days prior to the contest and the student restricted from missing class in which he is failing in order to travel to or participate in a contest.

Another new rule which will affect the junior high athletic program states that the starting time for games or tournaments may not begin prior to the end of the academic school day. That means that basketball tournaments will not be played during the school day as has been the practice in the past. This same rule also limits the number of tournaments to two during the year and that they must be played on holidays, Saturdays, or after school. A lot of round robin four-team tournaments will probably be evident next year.

The UIL also establishes some standards which are not mandatory but are highly recommended. One such standard states that contests should not be scheduled the night before a six-week or semester test. Another recommendation is that junior high activities be held on non-school night or end the competition sufficient to allow students to return to the home school no later than 10:00 p.m. on school nights.

Penalties for violation of junior high rules will not affect the junior high but the high school associated with the junior high may be penalized with suspension.

Senator Bill Sarpalus, state senator from our district, has become somewhat disgruntled with some of the Select Committee's proposals on education. One proposal which he has voiced opposition to has to do with appointing a state board of education rather than maintaining the present elective board. The senator has voiced great concern about the high cost of education should the Select Committee's plan receive a favorable response in the legislature. He is also interested in the career-ladder-based compensation plan for teachers.

Two Valley students have claimed a first in the long list of accomplishments of Valley School. Lori Clay and Darren Edwards, both seniors, have won the right to represent their school and this region in the State Ready Writing contest. That contest will be held in Austin on April 27, and will be a highlight in the school careers of these two fine students.

Lori won third place in the event by writing a paper entitled "The Dream Called America." She was very excited because of the win and also about the prospect of a trip to Austin. The additional possibility of winning an academic scholarship as a result of the contest only increased the excitement as Lori plans to enter Wayland College this fall. Congratulations, Lori!

Darren won first place in this regional contest, a repeat of his district achievement. He wrote along the subject line having to do with art and the way it affects

man. The title of his writing was "Art—Valuable or Impractical." The prospect of winning at state, along with the trip, and the scholarship opportunities, leave Darren with an "alright feeling." He said he was not very optimistic about his chances in the contest and was very surprised when he won. Darren will be entering Texas Tech next fall. Congratulations, Darren!

The students will be accompanied to Austin by their contest sponsor, Mrs. Betty Tiffin, who has very ably assisted and supported Lori and Darren throughout the contest preparation and is just excited over

winning.

The high school girls 400 meter relay time of 51.8 is the best time of any Class A school in the area. If everything goes according to their ability, these girls should be returning to state to defend their title. Members of the relay team are Karen Ramsey, Cynthia Fulbright, Mary Dowd and Karen Clinton.

Pirates believed that piercing the ears and wearing an earring improved eyesight.

Couple Announces Plans To Marry June 30

JOE KIRK SMITH ANGELA LOWREY

Mr. and Mrs. Gordon Lowrey of Silverton announce the engagement and approaching marriage of their daughter, Angela Beth, to Mr. Joe Kirk Smith, son of Mr. and Mrs. Joe Edd Smith of Quitaque.

The bride-elect will graduate from Silverton High School in

May.

Her fiance is a 1980 graduate of Valley High School, and is engaged in farming in the Quitaque area.

Plans are being made for a June 30, 1984 wedding at the First Baptist Church in Silverton.

LINE FROM Y N D A

Lynda Fogerson
Briscoe County Extension Agent
COMMUNICATION

Effective communication is a bridge that allows us to share our thoughts and feelings with others. Communicating effectively is a learned skill that can lead to improved personal relationships among family members, as well as between friends, employers and employees, and teachers and students.

Communication is much more than talking "at" or "to" someone. The word "communicate" comes from a word meaning "to share." Both the speaker and the listener are involved in the sharing.

We may think of communicating as just talking. But the art of being a good "listener" is as important as being a good "talker." (My husband tells me this quite often!)

Being a good listener involves putting oneself in the other

person's shoes. It involves not only hearing the words but also the feelings—hearing what is NOT said.

Do we really listen to what our husband, wife, children, students, teachers, etc. are saying? To the feelings they try to express? Or do we just react to the WORDS?

Practice these keys to effective listening to improve relationships with others.

- Listen for ideas, not facts
- Judge content, not delivery
- Listen optimistically
- Don't jump to conclusions
- Work at listening; concentrate
- Listen with an open mind
- Listen the way you would want someone else to listen to you.

Add Organic Matter To Garden

Adding plenty of organic matter to your soil is one of the keys to a successful garden, explains Travis Harney, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

Organic matter improves the drainage and aeration of clay soils and helps sandy soils hold water and nutrients.

Spread a 2- to 4-inch layer of peat moss, hay, compost, leaves, manure or even shredded newspapers over the garden surface and work it into a depth of six to eight inches. Before working in the compost, add the recommended rate of fertilizer so that it will become part of the soil mix.

Many gardeners prefer using a shovel or spading fork when working up the ground, but others like using rototillers.

Harney gives these tips to make the tilling job easier:

- Till when soil is fairly dry and friable. Tilling wet soil leaves behind large clods and causes mud to cling to tiller blades, thus upsetting the tiller's balance.
- Leave an untilled row be-

tween passes since wide turns are easier to make than "about faces." This also keeps the machine from pulling itself and you toward the next row.

—Reduce engine speed when breaking new ground or when tilling heavy clay soils so the tiller will dig better and bounce less.

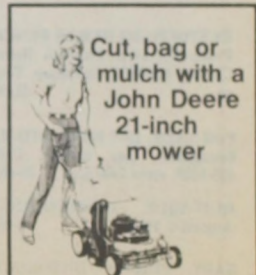

—Set the brake stake half the desired depth when tilling ground the first time around. Then set it to full depth and go over the ground a second time.

EASTER EGG COSTS

Egg prices have varied quite a bit over the last six months, says a Texas A&M University Agricultural Extension Service poultry specialist.

Due to a reduced egg supply and a higher than usual demand for eggs during the holiday season, retail egg prices almost doubled by January. But retail prices have decreased from their January peak and should stay in the \$1.10 to \$1.20 range through Easter.

Supplies are now adequate, so consumers shouldn't have any trouble stocking up for Easter, adds the specialist.

Deluxe 21-inch mowers have dual safety system that stops engine and blade when control handle is released. Four models — push-type and self-propelled, each with manual or electric start.

Push-type models have 3½-hp engine, self-propelled, a 4-hp engine and rear-wheel gear drive. All have ball-bearing wheels.

Aluminum die-cast deck. Optional 2-bushel rear bagger makes clipping pickup fast and easy.

See the full line today.

Street in Turkey, all day Satur-
day, April 21. 45-1tc

CARDS OF THANKS

I want to thank everyone for
the many things done for Pa and
me during his long illness and at
his passing. Thank you for the
flowers, gifts, memorials, and
everything done for us. Thanks
to my friends who are remember-
ing me with prayers and visits
and in so many other ways. May
God bless each of you.

Vergie (Ma) Barrett

A SPECIAL THANK YOU to
our friends and neighbors who
helped with the refreshments at
our home after the Evelyn
Merrell Nichols services. May
God richly bless you, is our
prayer.

Truman and Melba Jo Merrell

I want to thank everyone for
the flowers, cards, calls, visits,
food and especially your prayers
while I was in the hospital and
after I got home. The people of
Turkey are great; it's just a
wonderful place to live.

May God bless each of you.
Cindy Lane

**IN MEMORY OF
AURTHER BARRETT**

Although this chapter in his life
is closed-
For Aurthur-a new one has
begun.
He has closed this chapter
forever
And he is starting a new one!

To you this chapter seemed
short-
We never are ready for the end-
But, if he could speak to you
today-
He would say, "I'm glad it's over,
my friend!"

Maybe his pathway here was
stony-
Perhaps had snares along the
way-
But oh! his path is so smooth
now-
Because he lives in Heaven
today!

Oh! his life is so pleasant and
happy-
There in that most beautiful
land-
And he wouldn't want you to
weep
Because he had a touch of the
Master's Hand!

He would want you to let the
Master
Help you in your time of grief-
Just a small touch of His Hand-
Will bring to you great relief!

You see Aurthur went to a city
Where the roses never fade
Everything is so lovely there
By God's Hand it all was made!

I know Aurthur was a good
husband-
And a good father, too.
And I know you are wondering
Why these things happened to
you.

But we all know, my friend-
That God gives and He takes
away-
And you know death is a debt
That one day we will all pay!

And God surely knows your
heartache
For you, He gave His Son-
And oh! how it must have hurt
Him-
Because He was His Only One!

So one of these days, Vergie-
You, too, will enter this land-
There you will join Aurthur-
And you'll stroll over Heaven
hand in hand!
