VOLUME 27 NUMBER 8

Lots of Excitement Planned at Briscoe County's 94th Birthday

The celebration of Briscoe County's 94th birthday will be held in Silvertown Wednesday, August 13, through Sunday, August 17. Everyone is invited to take part in the activities.

The Briscoe County Team Roping will kick off the activities at Wood Memorial Arena on Wednesday night with introduction of ropers at 7:00 p.m. the heading and heeling starts at 8:00 p.m. There will be four head for \$20.00, progressive after two.

Finals for the top five teams will be held at the arena Thursday night in conjunction with the Kids Playday, and this also begins at 8:00 p.m.

Playday events will include barrel and flag races for those nine years and under; barrel and flag races for those 10-13 years of age; steer riding for those 12-15 years of age. There will be a \$2.00 per event entry fee.

There will be a boot race for those 15 and under, and this event will require no entry fee. Prizes of \$5 and \$3 will be given for first and second places.

There will be two performances of the Silvertown Young Farmers Rodeo, beginning at 8:00 p.m. each night, Friday and Saturday, August 15-16. Stock is to be furnished by C-T Rodeo Company of Lubbock. Admission will be \$3.00 for adults and \$2.00 for children.

Rodeo events and entry fees are Tie Down Calf Roping, \$50; Heading & Heeling (enter twice only), \$60; Ladies Barrel Race, \$40; Bareback Bronc Riding, \$50; Bull Riding, \$50; Saddle Bronc Riding, \$50; Bull Dogging, \$50; Ladies Break-Away Roping, \$45;

Kids Calf Scramble for those 11 and under, no entry fee.

Rodeo books will be open from 12:00 noon to 6:00 p.m. on August 12. Phone 806-794-2317.

A Rodeo Queen will be presented Saturday night, August 16. Candidates are Amy Hewett, Jeannita Stephens, Devona Smith, Kim Burson and Tara Nance. The girl who turns in the most money from the sale of rodeo tickets and donations on an Oliver Bros. saddle to be given away will have helped the sponsoring organization most, and will be declared the 1986 Rodeo Queen.

Dances will be sponsored Thursday, Friday and Saturday nights, August 14-15-16, at the Briscoe County Show Barn under the sponsorship of the Silvertown Volunteer Fire Department and the Silvertown Young Farmers. Music for the dances will be provided by the Rough Riders from Nazareth on Thursday night, and by Briscoe County's own Caprock Country on Friday and Saturday nights.

The Silvertown School Homecoming activities will be held in the school auditorium from 9:00 until 11:30 a.m., with a catered luncheon being served in the school cafeteria beginning at 11:45 a.m.

There will be a western parade and bicycle parade through downtown Silvertown beginning at 1:30 p.m. August 16. All groups interested are invited to enter floats in the parade, and all one has to do to enter is take his or her entry to the south end of Main Street before parade time to be lined up by the parade marshal.

Numbers are needed for identification purposes by the entries in the bicycle parade, and there is no charge for these. They can be picked up at the Briscoe County News before parade day, or at the old Silvertown Hotel, where all entries for the bicycle parade are to meet, at 1:15 p.m. on Saturday, August 16.

The Texas Sesquicentennial celebration and program will begin on the courthouse square at 3:00 p.m. Saturday, August 16. The program is being directed by Jimmy Burson and is coordinated by Mrs. O. R. (Mary) Stark. There will be several numbers by a Briscoe County chorus, as well as other numbers. One will be an audience participation number.

Square dancers and a western band will be included in the program, "The Epic of Texas," which is to be narrated by Ted Kingery and Jimmy Ross.

A barbecue will be served

beginning at 5:00 p.m. on the courthouse square. Several groups have indicated that they will have booths on the courthouse lawn, and the Senior Class Boosters of 1989 will be selling homemade ice cream.

Anyone who would like is invited to have a booth. There is no rental fee for booth space, but spaces are taken on a first-come, first-served basis.

There will be an open roping, with open and novice classes, beginning at 2:00 p.m. on Sunday, August 17.

In addition, there will be drawings on Saturday night for various things to be given away, including a half beef by the Silvertown Volunteer Fire Department and the saddle by the Silvertown Young Farmers.

A number of special events will be added on Saturday, including a photograph display by members and non-members of Caprock Camera Club. The newly-completed Sesquicentennial quilt will also be on display.

There'll be a good time for all—and you won't want to miss it!

Saturday is Workday At Turkey Cemetery

There will be a workday at the Dreamland Cemetery at Turkey Saturday, August 9, 1986. A good turnout is expected.

The committee wants to thank J. E. Stewart for furnishing the gasoline for the lawn mowers.

Mr. and Mrs. Seldon Bailey and granddaughter of Tulsa, Oklahoma were guests for lunch Monday with his brother and wife, Mr. and Mrs. Bud Bailey, in Quitaque.

Jay Gray Chad Isbell Chad Powell

"We the Women" Plan Pack-a-Basket Picnic Lunch Monday

A picnic is slated for the Monday, August 11, meeting of "We the Women" at 7:30 p.m. at Caprock Canyons State Park.

Special guests will be the Yard of the Month winners.

Pack your baskets and bring your family to the "We the Women" picnic for a good time of fun and fellowship.

Sesquicentennial Committee to Meet

The Turkey Sesquicentennial Committee will meet August 14 at 8:00 p.m. in the Bob Wills Cafeteria to make plans for further activities through the remainder of 1986. All committee members and everyone concerned is urged to attend and present suggestions and ideas for activities and events to be held throughout 1986.

Local 4-H'ers in Houston This Week

Three members of the Valley 4-H Trap Club left Tuesday evening to compete in the State Trap and Skeet Shooting competition in Houston. They were accompanied by Leader Don Gray.

Members participating are Jay Gray, son of Mr. and Mrs. Don Gray; Chad Powell, son of Mr. and Mrs. Randy Powell, and Chad Isbell, son of Mr. and Mrs. Lavon Gaffard.

The boys will compete with over 400 shooters through Saturday, and return home on Sunday.

Mrs. A. B. Ramsey accompanied her daughters and families, Mr. and Mrs. Johnny Chadwick and children of Amarillo, Mr. and Mrs. Gary Jameson and children of Claytonville, to Tres Ritos last week. Mrs. Ramsey says it was very cool and beautiful there. They report a good time.

Committee To Have Last Meeting Monday

The last meeting of the Sesquicentennial Committee will be held at 7:30 p.m. Monday, August 11, at the Quitaque Community Center, according to Carrie Dickerson, chairman of the Briscoe County Historical Survey Committee.

Plans will be finalized for the Sesquicentennial observance on Saturday, August 16.

Every member of the committee is needed at this meeting.

Commodities to be Given Wednesday

Commodities will be distributed Wednesday, August 13, at the Quitaque City Hall.

Be sure to mark the date on your calendar and remember the date.

Teacher Workday August 25 to Open 1986-87 School Calendar

The Turkey-Quitaque Independent School District begins its 1986-87 school calendar with a teacher workday on August 25. There will be teacher in-service days on August 26-27-28, and another teacher workday on August 29.

The first semester begins with the first day of classes September 2. The first six weeks ends October 9, and the second six weeks begins October 13.

The second six weeks ends November 21, and the third six weeks begins November 24.

November 27-28 has been set aside as Thanksgiving holidays.

December 24-January 2 is designated as Christmas holidays. Classes resume January 5.

The first semester ends January 16 and there will be a teacher workday January 19.

The second semester begins January 20, there will be a teacher in-service day February 23 and a student holiday February 24.

The fourth six weeks ends February 27, and the fifth six weeks begins March 2.

Designated as student holidays are March 11-13.

The fifth six weeks ends April 10, and the sixth six weeks begin April 13.

Easter holidays will be April 17-20.

April 21-22 have been reserved as bad weather days.

May 29 is the last day of classes, May 30 is a teacher workday and the Valley High School graduation is scheduled May 31.

OBITUARIES

ODIS RAMON HONEA

Odís Ramon Honea, 83, died Saturday, in Abilene.

Graveside services were held at 11 a.m. Monday, August 4, 1986 in Rest Haven Cemetery in Quitaque with Elgin Conner, minister of Quitaque Church of Christ, officiating. Arrangements were by Schooler-Gordon Funeral Directors.

Mr. Honea, born in Lockney, was a lifetime Briscoe County area resident. He was retired from the Fort Worth - Denver Railroad. He was a member of Quitaque Church of Christ. He was married to Polly Scarborough in 1929 in Quitaque.

Survivors include his wife; a daughter, Valvrie Self of Abilene; two grandchildren and three great-grandchildren.

Pallbearers were Shorty Woods, Carl Woods, Leroy Ham-

ilton, Buster Chadwick, Duke Woods and James Brunson.

Turkey Senior Citizens Have Supper July 29

There were 24 present for the Turkey Senior Citizens salad supper on Tuesday night, July 29. Rev. Roy Patterson gave the invocation before the meal.

After a meal of fried chicken, casseroles and salads, coffee and iced tea, the group enjoyed table games.

Gospel singing was led by R. C. Green, Roy Patterson, Lee Seymour, Josh Smith, Gladys Hanna, Bernice Bond and Buck Lancaster. Kathleen Green, Marcella Patterson and Ruth Lancaster were accompanists.

Donations Needed To Rent Tent

Donations are needed to rent a tent to shade the courthouse lawn for the Briscoe County Birthday and Texas Sesquicentennial Celebration next week.

Donations may be made at the First State Bank in Silverton.

4-H's Clean Up Area Around Show Barn

A small but hardworking group of 4-H members and leaders mowed, raked and cleaned up around the Briscoe County Show Barn in preparation for the upcoming County Celebration.

Taking part in this community service project were Kathy, Jamie and Casey Frizzell, Mike and Justin Delano, Lance Smith, Christi McWaters, Juanita Gray, Zane and Langdon Reagan, Garner and Curt Garrison, Hand and Russ Baird, Josh, Jeremiah and Bill Brooks, Dirk Aaron and Lynda Fogerson.

Mr. and Mrs. Preston Taylor of Canyon returned by Quitaque from a trip to Oklahoma and spent two days and nights, Wednesday to Friday, with Mr. and Mrs. Dick Taylor in Quitaque.

On Saturday, Mr. and Mrs. Dick Taylor drove to Dalhart and visited her brother and wife, Mr. and Mrs. Jack Bradley. They put up some corn while there, Opal reports.

Monk Family Reunion Is Held At Flomot in July

The thirty-ninth annual Monk Reunion was held July 26-27 at the Flomot Community Building.

Those attending were Mr. and Mrs. Roy Monk and son, Chris, of Canton, Michigan, who traveled the longest distance to attend.

Others were Mrs. Dreda Ballard, Clearwater, Kansas; Mrs. Barbara Croslin, Vian, Oklahoma; Mrs. Millie Maupin, Adrian, Texas, eldest person attending and the only living child of the late Mr. and Mrs. J. H. Monk; Mrs. Billie Ramage, Littlefield; Mr. and Mrs. Cecil Suddeth and Tommie, Fort Worth; Mrs. Judy Nix, Dimmitt; Mr. and Mrs. J. T. Weatherly and grandson, Chad, Wichita Falls; Jody Nix, Mr. and Mrs. Mike Lutts, Billy Furr, Mr. and Mrs. Randy Monk, Ryan, Resa and Rance, Mr. and Mrs. Terry Flowers, Carrie and Michael, Lubbock;

Still others, Miss Jamie Byers, Earth; Theron and Tiffany, Anton; Mrs. Annie Seal, Mr. and Mrs. Glen Seal, Kostka, Blandit, Quint, Jarel and Elic, CeeVee; Mrs. Katie Crain, Mr. and Mrs. Ewell Adams, Childress; Mr. and

Mrs. Square Jackson and grandchildren, Clay and Kala, Henrietta; Mr. and Mrs. L. B. Monk, Quitaque; Mr. and Mrs. Patrick Maupin and son, Chad, Hereford; Mr. and Mrs. Jean Pope and Mrs. Lewis Cannon, Tulia; Mr. and Mrs. Don Monk, Mrs. Lucille Monk, Flomot.

A good time was reported by all attending. The group enjoyed looking at old photos and taking new ones. Some of the relatives drove to the Hulver Cemetery near Estelline to see the graves of ancestors.

The next reunion is scheduled to be held Saturday and Sunday in July 1987 at the same place, the Flomot Community Building in Flomot, Texas.

Most of us as adults can remember how we enjoyed going to "Grandma's house" for a visit through the summer (or anytime). Mr. and Mrs. Horace McDonald have had their grandchildren for the last three weeks. Those visiting were Allen and Julia McDonald, children of Mr. and Mrs. Lonnie McDonald of Lubbock and Kim McDonald, daughter of Mr. and Mrs. Lee McDonald of Pampa.

Saturday & Sunday, August 9 & 10

SEATBELTS ON SCHOOL BUS LEGISLATION

A new bill to require seatbelts on all new large school buses will be introduced to the 70th session of the Texas Legislature. This bill will require that all new large school buses purchased or leased after a designated date be equipped with seatbelts.

The Coalition for Seatbelts on School Buses is working toward the formation and passage of this law.

Be somewhat skeptical the next time you hear a story or see a movie with a gory piranha attack. The piranha's ferocious reputation is simply not accurate, according to International Wildlife magazine. Piranhas will rarely attack a large living mammal and their usual meal is made up of fruit and seeds.

Ron Hunt, an infielder who played with various National League teams, holds the record for getting hit by pitched balls: 243.

Test Soils Now For Fall Wheat

Briscoe County farmers should take time in the next few weeks to collect soil samples from the fields which will be fall planted wheat or other small grains.

Soil test results will allow them to be determined early enough to allow plenty of time to apply recommended nutrients and incorporate them into the soil during final seedbed preparation.

Incorporating or knifing nutrients into a moist seedbed is important to reduce nitrogen volatilization losses associated with surface-applied urea-containing fertilizers, points out Dirk Aaron, county agent with the Texas Agricultural Extension Service, The Texas A&M University System. It also allows placement of non-mobile nutrients such as phosphorus into the active root zone of plants.

Small grains which are grazed naturally require more fertilizer than ungrazed grain because nutrients removed by grazing. About 30 to 40 pounds of nitrogen are removed in forage grazed by stocker cattle for each 100 pounds of beef produced per acre. This nitrogen, less soil recycling, must be replaced provide adequate nutrition for grain production after livestock are removed, Aaron points out.

A soil test is still the best way to determine fertilizer needs. How much of a given nutrient apply depends on the level that nutrient in the soil, residue levels, cropping history, available moisture, grazing practices.

Test Soils Now For Fall Wheat

Briscoe County farmers should take time in the next few weeks to collect soil samples from those fields which will be fall planted to wheat or other small grains.

Soil test results will be returned early enough to allow plenty of time to apply recommended nutrients and incorporate them into the soil during final seedbed preparation.

Incorporating or knifing nutrients into a moist seedbed is important to reduce nitrogen volatilization losses associated with surface-applied urea-containing fertilizers, points out Dirk Aaron, county agent with the Texas Agricultural Extension Service, The Texas A&M University System. It also allows placement of non-mobile nutrients such as phosphorus into the active root zone of plants.

Small grains which are grazed naturally require more fertilizer than ungrazed grain because of nutrients removed by grazing. About 30 to 40 pounds of nitrogen are removed in forages grazed by stocker cattle for each 100 pounds of beef produced per acre. This nitrogen, less some recycling, must be replaced to provide adequate nutrition for grain production after livestock are removed, Aaron points out.

A soil test is still the best way to determine fertilizer needs. How much of a given nutrient to apply depends on the level of that nutrient in the soil, residue levels, cropping history, available moisture, grazing practices

and general management.

A general "rule of thumb" says that wheat requires about two pounds of nitrogen per bushel of

grain produced, says Aaron. Therefore, a 30-bushel yield would remove about 60 pounds of available nitrogen per acre. A soil test will determine the amount of residue nitrate-nitrogen in the soil and reduce nitrogen recommendation by that amount.

Producers who have not yet made a final decision to plant wheat this fall, but wish to leave the door open to plant corn, sorghum or cotton later on, can submit a soil sample now and request fertilizer recommendations for all cropping alternatives. Resulting fertilizer recommendations then can be used to assist each person in making cropping decisions, Aaron points out.

Extension Service Soil Testing Laboratories at Texas A&M University and Lubbock are ready to assist wheat producers in making these economically important decisions. Although new automated laboratory procedures and computerized integration and reporting of soil test results have improved speed and precision, soil test recommendations will be no better than the quality of the soil sample analyzed, Aaron emphasizes. Therefore, it is important to collect soil samples which are truly representative of the field being treated.

To take a soil sample, remove the top inch and collect soil samples to a depth of six inches. Soil sample bags and detailed instructions for sample collection

are available at the County Extension Office, adds Aaron.

The earliest known horse was called Eohippus and was about the size of a small dog.

The Porcupine Fish has strong, sharp spines on its body, and teeth grown together so they form a beak.

LUBBOCK AMARILLO
ROARING SPRINGS

Tracy Lynn Shepherd Johnny Dale Butler, Jr.

Mr. and Mrs. J. R. Nunnally of 628 Avenue J, Hereford, Texas, announce the engagement and approaching marriage of their daughter, Tracy Lynn Shepherd, to Johnny Dale Butler, jr., of 427 North 25 Mile Avenue, Hereford.

Miss Shepherd is the daughter of the Nunnallys and the late William E. Shepherd.

Mr. Butler is the son of Mr. and Mrs. Johnny Butler, sr. of 507 Avenue G in Hereford.

The wedding date has been set for August 30, 1986 at the Christian Assembly Church in Hereford.

The bride-elect is a 1984 graduate of Hereford High School. Her fiance is a 1984 graduate of Valley High School. He is currently employed by Crown Zellerbach out of Weslaco, Texas.

Miss Rice Is Honored At Prenuptial Shower

The beautiful home of Mrs. B. K. (Inetha) Blankenship was the setting for a prenuptial shower honoring Miss Nadine Rice of Quitaque, bride-elect of Jerry Cargill of Canyon. The courtesy was held Saturday afternoon, July 26, from 3:00 until 4:30 o'clock.

The serving table was covered with a log cabin quilt and the beautiful arrangement was centered with a hat decorated with navy flowers, lace and ribbon. The refreshments were finger sandwiches, punch and a beautiful array of tropical fruit.

The hostess gift was an eight-piece place setting of Pfalzgraff pottery in the Folkart pattern, and a beautiful navy centerpiece. The hostesses were Delores Pigg, Inetha Blankenship, Karol Pigg, Delene Tyler, Jo Lacy, Kay Myers, Gelene Proctor, Janelle Smith, Deana Hanna, Snow Grundy, Jackie Carpenter, Ann Jones, Claudine Peery, Jacqueline Ham, Janice

Hughes, Zeldia Leeper, Myra Brown, Dorothy Johnson, Clara Ruth Davidson and Kay Eudy.

There were sixty-one registered guests and the honoree received many more beautiful and useful gifts.

ENGAGEMENT IS ANNOUNCED AT HEREFORD

Mr. and Mrs. J. R. Nunnally of 628 Avenue J, Hereford, Texas, announce the engagement and approaching marriage of their daughter, Tracy Lynn Shepherd, to Johnny Dale Butler, jr. of 427 N. 25 Mile Avenue, Hereford.

Miss Shepherd is the daughter of the Nunnallys and the late William E. Shepherd.

Mr. Butler is the son of Mr. and Mrs. Johnny Butler, sr. of 507 Avenue G in Hereford.

The wedding date has been set for August 30, 1986 at the Christian Assembly Church in Hereford.

The bride-elect is a 1984 graduate of Hereford High School.

Her fiance is a 1984 graduate of Valley High School. He is currently employed by Crown Zellerbach out of Weslaco, Texas.

Bailey Reunion Held in Lubbock Over the Weekend

The Bailey Reunion was held from Friday through Sunday at the Barcelona Motel in Lubbock.

Those present were Mr. and Mrs. H. S. Bailey and granddaughter of Tulsa, Oklahoma; Mr. and Mrs. Joe W. Bailey of Lubbock; Mr. and Mrs. Joe W. Bailey, Jason and Sammy, Mr. and Mrs. Dennis Ingram and Valerie, all of Arlington; Mr. and Mrs. Alvin May, Sarah and Katie, Lubbock; Ethelyn May, Silvertown; Mary Joyce Pinckard, Amarillo; Mrs. Harold Dennison, Shon and Emily, Tucson, Arizona; Mr. and Mrs. Bruce Hume, Bo and Shiloh, Benjamin, Texas; Mr. and Mrs. Steve Deer and

children, Lubbock; Janet Turner, Jennifer and Allison, Amarillo; Mr. and Mrs. Gordon Rothwell, Stacey, Carissa and T. J., Mr. and Mrs. Bud Bailey, all of Quitaque.

Triple L Club Eats at Furr's

The Triple L Club (Live Longer and Like It) drove to Plainview Friday evening and had supper at Furr's Cafeteria. There were twelve in the church van.

Those taking part were Mr. and Mrs. R. J. Harmon, Bill Griffin, Jim Stroup, Fish Wilson, Cora Gragson, Minnie Mae Roberson, Lockwood McCracken, Lillian White, Florene Cobb, Dalsie Monk and her granddaugh-

ghter, Tracey Johnson of McKinney, Texas.

They report enjoying a good meal and the fellowship.

Those disposable cardboard tubes that come with so many household items can make perfect holders for many holiday gifts. Wrap with pretty paper and tie ends close with yarn.

**4-H Trap Club
Car Wash Was
Great Success!**

The 4-H Trap Club had a car wash at Allsup's in Quitaque Saturday to raise money for a trip to the State Trap and Skeet

competition in Houston to be held from August 6-9.

The group was kept busy from 9:00 a.m. to 4:30 p.m. washing nineteen cars, one van, one suburban and seven pickups.

A special thanks goes to Gene Fuston and all the Allsup's employees for allowing this crew

to invade their premises; also the people of Quitaque for their support.

Those participating were Jay Gray, Chad Isbell, Chad Powell, Donnie Calvert, Heather Gray, Genie Seymour, Lori Martin and Lesa Dudley.

The support leaders, Thelma Gafford, Nita Gray, Alana Powell and Brenda Seymour.
Don Gray, Trap Leader.

Visiting in the home of Lavon Gafford this week is his 17-year-old daughter from Mesa, Arizona.

Bobby Hill, grandson of the E. L. Hills, spent last weekend in Turkey and attended the Kids Krusade. Bonnie and E. L. returned him to Amarillo on

Saturday.

Kathy Farley, Pat Beck and Cassie Farley left Turkey Tuesday, July 29, for Fort Knox, Kentucky to attend Revis' graduation from basic training. Revis was able to spend Wednesday night with his family and report back to base in order to leave for Indianapolis on Thursday morning.

His family left Kentucky on Thursday morning in the cool rain. On the way, they visited Loretta Lynn's Dude Ranch and spent the night in Russellville, Arkansas, returning home the next morning. Revis called in with his new address. He will be stationed at Indianapolis for at least six weeks and would like to hear from all his friends. His new address is: PVT. Revis Farley, 462-71-5352 D-2 -CMO 46, Fort Benjamin Harrison, Indianapolis 46212-5850.

Mrs. Mel Carter and daughter, Melanie, of Lubbock are visiting in the home of Mr. and Mrs. Ralph Carter in Quitaque this week.

Mr. and Mrs. Dellis Monk and children of Mesquite and Tracey Johnson of McKinney visited Mrs. Dalsie Monk on Sunday, July 30. Tracey remained with her grandmother for a longer visit. The Dellis Monks were on vacation and they stopped other places for short visits, ending up at Carlsbad Caverns in New Mexico. They returned to Quitaque on Friday, August 1, and spent the night, returning to their home on Saturday.

Tracey is still here visiting.
Little Miss Katie Hamilton of Amarillo spent a week recently with her grandparents, Mr. and Mrs. Leroy Hamilton in Quitaque, and Mr. and Mrs. Joe Edd Helms at Flomot. She returned to her home on Thursday of last week.

Mr. and Mrs. Jim Taylor spent from Saturday until Monday visiting in Amarillo. They visited friends and relatives. Mrs. Taylor is a former Amarillo resident, and she said they ran all the time they were there to see and visit all they could.

On Sunday, August 13, the residents of Elizabeth Jane Bivens Home in Amarillo are coming to the home of the Taylors for lunch. Mrs. Taylor worked at this home in Amarillo and she claims them as her own.

WITH THE SICK

Richard Pittman of Hereford, son of Mary Pittman of Quitaque, entered Deaf Smith County Hospital in Hereford on Saturday, July 23, and continues treatment. His daughter called Mrs. Pittman Saturday of last week and reported he was some improved.

The editor received word about 10:30 Sunday night from her son that her small granddaughter had been in a very serious accident. A neighbor's dog bit Kami through the upper lip, requiring plastic surgery with 13 stitches taken outside and that many or more inside. The nurse reported Monday morning there were 26-28 stitches in all. The dog also scratched her from the

forehead down below the chin. The dog was impounded and it was not known Monday evening if it had been immunized for rabies. It could have been a tragedy. Loose dogs are dangerous in a town.

Cora Gragson received a telephone call Tuesday morning that her brother, Glen Elmore of Allison, is in St. Anthony's Hospital in Amarillo. His daughter, Mrs. John (Beverly) Bowman of Silverton and Mrs. Gragson drove to Amarillo to see him.

Estelle Lane has been moved to the Bivens Rehabilitation Center, 1600 Wallace Blvd., Room 217, Amarillo, Texas 79106.

Maxine Jones has returned home from the hospital.

Agatha Eudy is home after being bitten by her dog and spending some time in the hospital.

Mrs. J. T. (Tootsie) Mullin has been in the hospital and is to undergo further tests in Amarillo.

1987 WHEAT PROGRAM IS ANNOUNCED

Briscoe County farmers who participate in the 1987 wheat program will be eligible for price support loans at \$2.28 per bushel—12 cents less than the 1986 loan rate—and target price protection at \$4.38 per bushel, the same as in 1986.

Recently announced by USDA, the 1987 wheat program contains a 27.5 percent acreage reduction requirement. This means that program participants will be required to maintain an acreage conservation reserve equal to 37.93 percent of their planted acres.

Eligibility for a program payment or loan for a commodity on one farm will not be affected by actions taken with that commodity on another farm. The program does not contain a marketing loan provision, and market quotas will not be in effect for the 1987 crop. Marketing quotas would require producers to limit the quantities of wheat they could market.

If reserve wheat quantities exceed the upper limit set by USDA when 1987 crop wheat loans mature, the crop will not be eligible for entry into the farmer-owned grain reserve.

Actual crop yields for 1987 and subsequent years will NOT be used to establish 1988 and future farm program payment yields.

ASCS officials said the Secretary of Agriculture has the authority to initiate cost reduction options for the program. These may include reopening and changing a contract entered into by a farmer under a program if the producer voluntarily agrees to the change.

It is popularly believed that roots "nourish" the plant. The fact is most of the plant's food comes from carbon dioxide absorbed by the leaves.

BRISCOE COUNTY

CALCULATION OF EFFECTIVE TAX RATE, ESTIMATED UNENCUMBERED FUND BALANCES, AND SCHEDULES

I, Carlye Fleming, chief appraiser for Briscoe County, in accordance with Sec. 26.04, Property Tax Code, have calculated \$ 4.150 per \$100 of value as the tax rate which may not be exceeded by more than three percent by the Commissioners' Court of Briscoe County without holding a public hearing as required by the code.

\$ -0-	per \$100 for farm-to-market/flood control tax;
\$ -4.150	per \$100 for the general fund, permanent improvement fund, and road and bridge fund tax;
\$ -0-	per \$100 for public road maintenance tax, thus
\$ -4.150	per \$100 TOTAL COUNTY EFFECTIVE TAX RATE

The estimated unencumbered fund balances are as follows:

Farm to Market/Flood Control	Public Road Maintenance	
Maintenance & Operation: \$ -0-	Maintenance & Operation: \$ -0-	
Interest & Sinking: \$ -0-	Interest & Sinking: \$ -0-	

General Fund

Maintenance & Operation: \$ -0-
Interest & Sinking: \$ -0-

The following schedule lists debt obligations that 1986 property taxes will pay: NONE

The following schedule lists indigent health care services required of Briscoe County:

	Continued Service Cost	New 1986 Service Cost
A. Required services that 1986 taxes will pay (list each service and indicate the cost in the appropriate column as a continued or new service cost)	\$ -0-	\$ 10% of Ad Valorem Tax
B. Required services that 1985 taxes paid (list each service and indicate cost in continued service cost column)	\$ -0-	
C. State reimbursement for required services:		
1. Reimbursement received (indicate in continued service cost column)	\$	
2. Reimbursement expected (indicate in new 1986 service cost column)		\$ 80% after maximum benefit from County
NET INCREASE FOR NEW SERVICES FOR 1986 (New 1986 service cost less state reimbursement anticipated)		\$ 33,690

Carlye Fleming
7-31-86

CALCULATION OF EFFECTIVE TAX RATE

Separate calculations are performed for each type of tax levied by Briscoe County in order to determine a 1986 total effective tax rate. The following guide corresponds with the calculations shown: A - Farm-to-Market Road/Flood Control Tax; B - General Fund Tax; C - Maintenance of Public Roads Tax.

MAINTENANCE AND OPERATION (M&O) TAX RATE	Type of Tax:	B
1. 1985 total tax levy (1985 tax rate for type B - M&O \$384 + I&S \$.000 = \$ 384 / \$100)		\$ 336,955
2. Subtract 1985 debt service (I&S) levy		\$ -0-
3. Subtract 1985 taxes on property in territory no longer in unit in 1986		\$ -0-
4. Subtract 1985 taxes for property becoming exempt in 1986		\$ 96
5. Subtract 1985 taxes for property appraised at less than market value in 1986		\$ -0-
6. Subtract 1985 taxes used to regain lost 1984 taxes because of appraisal roll errors		\$ -0-
7. Adjusted 1985 M&O levy (subtract #2, #3, #4, #5, and #6 from #1)		\$ 336,859
8. 1986 total taxable value of all property		\$ 81,250,153
9. Subtract 1986 value of new improvements added since 1/1/85		\$ 83,910
10. Subtract 1986 value of annexed property added since 1/1/85		\$ -0-
11. Adjusted 1986 taxable value for M&O (subtract #9 and #10 from #8)		\$ 81,166,243
12. Divide the adjusted 1985 M&O levy (#7 above) by the adjusted 1986 taxable value for M&O (#11 above) (\$ 336,859 ÷ \$ 81,166,243)		\$.004150
13. Multiply by \$100 valuation	× \$100	\$ 4150 / \$100
14. Effective M&O rate for 1986		\$ 4.150 / \$100
INTEREST AND SINKING (I&S) TAX RATE		
15. 1986 I&S levy needed to satisfy debt		\$ -0-
16. 1986 total taxable value of all property		\$ -0-
17. Divide the 1986 I&S levy (#15 above) by the 1986 total taxable value (#16 above) (\$ -0- ÷ \$ -0-)		\$ -0-
18. Multiply by \$100 valuation	× \$100	\$ 0.00 / \$100
19. Effective I&S rate for 1986		\$ 0.00 / \$100
APPRAISAL ROLL ERROR RATE		
20. Rate to raise 1985 levy because of appraisal roll errors (\$ -0- ÷ \$ -0-) × \$100		\$ 0.00 / \$100
21. Add rate to regain 1985 taxes lost because of appraisal roll errors (\$ -0- ÷ \$ -0-) × \$100		\$ 0.00 / \$100
22. Total rate to adjust for appraisal roll errors		\$ 0.00 / \$100
1986 EFFECTIVE TAX RATE FOR EACH TAX		
23. Effective M&O rate (#14 above)		\$ 4.150 / \$100
24. Add effective I&S rate (#19 above)		\$ 0.00 / \$100
25. Add rate to adjust for appraisal roll errors (#22 above)		\$ 0.00 / \$100
26. 1986 Effective Tax Rate for this tax		\$ 4.150 / \$100
TOTAL EFFECTIVE TAX RATE FOR 1986		
27. Add 1986 effective tax rate for each tax (\$ 0.00 / \$100 + \$ 4.150 / \$100 + \$ 0.00 / \$100)		\$ 4.150 / \$100
1986 Effective Tax Rate for Each Tax Levied and the Total 1986 Effective Tax Rate are the rates published as required by Sec. 26.04, Property Tax Code.		
28. Rate required for additional indigent health care services in 1986 (\$ 33,690 ÷ \$ 81,166,243) × \$100		\$ 0.0415 / \$100

Latest 1987 Provisions For All Program Crops

The 1987 crop acreage bases will be determined using 1982 through 1986 planting history. This is the same method used to determine bases for 1986, only the history years are different.

All 1987 yields for crops grown in our area will be the same as the 1986 yields. The additional yield payment provisions will

only apply if the 1987 yield is reduced from the 1985 yield by more than five percent.

Production of alternate crops and HAYING will not be permitted on designated ACR (set aside). GRAZING will be permitted at state committee's request, except during a five-month non-grazing period.

Limited cross compliance provisions will be in effect for the 1987 crop year. This means that to be eligible for benefits for a participating crop, the acreage of any other program crop on THAT farm cannot exceed the acreage base.

The 50/92 provisions will again be in effect. Non-program crops may not be planted on the Conservation Use Acres needed to satisfy the non-crop acres for deficiency payment under this provision. This is a big change from the 1986 regulations.

Indications are that there will be no appeals to adjust acreage bases. The only adjustments will be to stay within the total cropland, and these will be automatic.

The sign-up period for all crops will begin October 1, 1986 and end March 30, 1987.

FAMILY FARMERS LIVING THROUGH ECONOMIC CRISIS

It's no secret that American family farmers and ranchers are living through an economic crisis as severe as the Great Depression.

Plunging incomes have forced several hundred thousand families from their land since 1980, and their departure is unraveling the fabric of a thousand rural communities. Plus, in many areas of America, the farm crisis is adding to unemployment in the cities.

The majority of Americans, while sympathetic, have little or no understanding of the root causes of the problem. And our national leadership has failed to address it in any meaningful way.

Through Willie Nelson's efforts with FarmAid, the American people have responded to the need in rural America, and FarmAid-funded emergency relief and crisis intervention programs have reached thousands of desperate farm and ranch families.

Now FarmAid is expanding its efforts into a new area. While the relief and counseling efforts are badly needed, they can only attempt to treat the symptoms of the crisis. Recovery and cure can only be provided by Washington, and with FarmAid's help, we are going to lend Congress and the Administration a hand in figuring out what exactly is needed.

Beginning July 16th and running through the end of August, more than 500 local meetings—organized by 31 area coordinators throughout the nation—will be held to draft farm policy resolutions and to elect delegates to the United Farmer & Rancher Congress in St. Louis, September 11-13.

The caucus meeting for the United Farmer & Rancher Congress in this area including Tulia, Plainview, Silverton, Happy, Kress, Quitaque, Vigo Park, Nazareth, Claytonville, and surrounding towns is August 14, 1986 at 7:30 p.m. The meeting will be held at the Swisher Memorial Building in Tulia. County officials, business people, farmers, ranchers, teachers, preachers and retirement-age people are needed who care about the future of rural America. For every 10 people who attend the caucus the area gets a delegate to the United Farmer and Rancher Congress in St. Louis this September.

For more information, call Earl Bell Cosby, 995-3081, or Connie Irlbeck, 627-4474.

A bunch of badgers is known as a "cete".

Briscoe County Extension Agent
PICKLE POINTERS

Last week we talked about variables which affect the process of making pickles at home. This week we want to look at ingredients needed for pickling. Vinegar is the primary ingredient used in pickling product. High grade, clear, distilled vinegar of four to six percent (40 to 60 grain) is best for pickling. Do not dilute vinegar unless recipe calls for it or unless you use 10 percent (100 grain) vinegar. Do not use homemade vinegar since its acid content varies greatly.

Cider vinegar may be used if the flavor is preferred, but may darken light colored pickles like onions or cauliflower. Don't reduce the amount of vinegar if you prefer a less tart pickle, but add sugar instead. Pickles must have the right amount of food to vinegar for a safe balance.

Use pure granulated pickling salt. Iodized table salt can pickles to darken. Uniodized table salt can be used, but noncaking additives may cloud the pickling solution to be cloudy. Neither salt substitute nor lite salt should be used to replace salt in regular pickles unless the recipe was developed for using these salt substitutes.

Use soft water since mineral in hard water may interfere with the pickling process or cause pickles to darken. Boil tap water and let it cool and remove sediment. The use of alum or lime is necessary for crisp pickles with good quality ingredients. Standardized recipes and procedures are used.

Processing pickled product in a boiling water bath for five to ten minutes (follow your recipe instructions) is recommended to help destroy bacteria, mold, yeast and enzymes, which cause food spoilage.

The water bath canner should be filled with enough water to cover jars at least one inch. Water should be boiling when jars are ready for processing. Place filled jars on a wire rack in the boiling water bath, making sure the water covers the jars at least one inch. Cover the canner with a tight-fitting lid and process for the recommended time, increasing the time by one to three minutes to adjust for altitude.

Call my office, 823-2843 for additional pickling or food preservation information or to your pressure canner or to test. There is no cost.

The first aerial photograph was taken in a balloon in 1860 and called "Boston the Eagle and the W. Goose See it."

PICKLE POINTERS

Last week we talked about the variables which affect the success of making pickles at home. This week we want to look at the ingredients needed for pickling.

Vinegar is the primary ingredient used in pickling products. A high grade, clear, distilled vinegar of four to six percent (40 to 60 grain) is best for pickling. Do not dilute vinegar unless the recipe calls for it or unless using 10 percent (100 grain) vinegar. Do not use homemade vinegar since its acid content varies greatly.

Cider vinegar may be used if the flavor is preferred, but it may darken light colored products like onions or cauliflower.

Don't reduce the amount of vinegar if you prefer a less sour pickle, but add sugar instead. Pickles must have the right ratio of food to vinegar for a safe acid balance.

Use pure granulated pickling salt. Iodized table salt causes pickles to darken. Un-iodized table salt can be used, but the noncaking additives may cause the pickling solution to become cloudy. Neither salt substitutes nor lite salt should be used to replace salt in regular pickling unless the recipe was developed for using these salt substitute products.

Use soft water since minerals in hard water may interfere with the pickling process or cause pickles to darken. Boil tap water and let it cool and remove the scum.

The use of alum or lime is not necessary for crisp pickles when good quality ingredients and standardized recipes and procedures are used.

Processing pickled products in a boiling water bath for five to ten minutes (follow your recipe instructions) is recommended to help destroy bacteria, molds, yeast and enzymes, which cause food spoilage.

The water bath canner should be filled with enough water to cover jars at least one inch. Water should be boiling when jars are ready for processing.

Place filled jars on a wire rack in the boiling water bath, making sure the water covers the jars by at least one inch. Cover the canner with a tight-fitting lid and process for the recommended time, increasing the time by two to three minutes to adjust for our altitude.

Call my office, 823-2343, for additional pickling or food preservation information or to have your pressure canner gauge tested. There is no cost.

The first aerial photograph was taken in a balloon in 1850 and called "Boston as the Eagle and the Wild Goose See It."

CITY OR SPECIAL DISTRICT: City of Quitaque

CALCULATION OF EFFECTIVE TAX RATE, ESTIMATED UNENCUMBERED FUND BALANCES, AND SCHEDULES

I, Carlye Fleming, Chief Appraiser for Briscoe Co. App. Dist., in accordance with Sec. 26.04, Property Tax Code, have calculated \$.1745 per \$100 of value as the tax rate which may not be exceeded by more than three percent by the governing body of the City of Quitaque without holding a public hearing as required by the code.

The estimated unencumbered fund balance for Maintenance & Operation fund: \$ 27,949.00

The estimated unencumbered fund balance for Interest & Sinking fund: \$ NONE

The following schedule lists debt obligations that 1986 property taxes will pay: NONE

The following schedule lists indigent health care services required of City of Quitaque:

	Continued Service Cost	New 1986 Service Cost
A. Required services that 1986 taxes will pay: (list each service and indicate the cost in the appropriate column as a continued or new service cost)	\$ _____	\$ _____
B. Required services that 1985 taxes paid: (list each service and indicate cost in continued service cost column)	\$ _____	
C. State reimbursement for required services:		
1. Reimbursement received (indicate in continued service cost column)	\$ _____	
2. Reimbursement expected (indicate in new 1986 service cost column)		-\$ _____
NET INCREASE FOR NEW SERVICES FOR 1986 (New 1986 service cost less state reimbursement anticipated)		\$ <u>-0-</u>

Carlye Fleming
July 31, 1986

CALCULATION OF EFFECTIVE TAX RATE

MAINTENANCE AND OPERATION (M&O) TAX RATE

1. 1985 total tax levy	\$ 14,930.
(1985 tax rate: M&O \$.174 + I&S \$.00 = \$.174 /\$100)	
2. Subtract 1985 debt service (I&S) levy	-\$ -0-
3. Subtract 1985 taxes on property in territory no longer in unit in 1986	-\$ -0-
4. Subtract 1985 taxes for property becoming exempt in 1986	-\$ -0-
5. Subtract 1985 taxes for property appraised at less than market value in 1986	-\$ -0-
6. Subtract 1985 taxes used to regain lost 1984 taxes because of appraisal roll errors	-\$ -0-
7. Adjusted 1985 M&O levy (subtract #2, #3, #4, #5, and #6 from #1)	\$ 14,930.
8. 1986 total taxable value of all property	\$ 8,581,928.
9. Subtract 1986 value of new improvements added since 1/1/85	-\$ 27,080.
10. Subtract 1986 value of annexed property added since 1/1/85	-\$ -0-
11. Adjusted 1986 taxable value for M&O (subtract #9 and #10 from #8)	\$ 8,554,848.
12. Divide the adjusted 1985 M&O levy (#7 above) by the adjusted 1986 taxable value for M&O (#11 above) (\$ 14,930. ÷ \$ 8,554,848)	\$.001745
13. Multiply by \$100 valuation	× \$100
14. Effective M&O rate for 1986	\$.1745 /\$100

INTEREST AND SINKING (I&S) TAX RATE

15. 1986 I&S levy needed to satisfy debt	\$ -0-
16. 1986 total taxable value for all property	\$ -0-
17. Divide the 1986 I&S levy (#15 above) by the 1986 total taxable value (#16 above) (\$ -0- ÷ \$ -0-)	\$ -0-
18. Multiply by \$100 valuation	× \$100
19. Effective I&S rate for 1986	\$ 0.00 /\$100

APPRAISAL ROLL ERROR RATE

20. Rate to raise the 1985 levy because of appraisal roll errors (\$ -0- ÷ \$ -0-) × \$100	\$ 0.00 /\$100
21. Add rate to regain 1985 taxes lost because of appraisal roll errors (\$ -0- ÷ \$ -0-) × \$100	+ \$ 0.00 /\$100
22. Total rate to adjust for appraisal roll errors	\$ 0.00 /\$100

TOTAL EFFECTIVE TAX RATE FOR 1986

23. Effective M&O rate (#14 above)	\$.1745 /\$100
24. Add effective I&S rate (#19 above)	+ \$ 0.00 /\$100
25. Add rate to adjust for appraisal roll errors (#22 above)	+ \$ 0.00 /\$100
26. 1986 Effective Tax Rate	\$.1745 /\$100

1986 Effective Tax Rate is the tax rate published as required by Sec. 26.04, Property Tax Code.

27. Rate required for additional indigent health care services N/A (\$ -0- ÷ \$ -0-) × \$100	\$ 0.00 /\$100
---	----------------

Rolling Plains PCA Has Personnel Change

Rolling Plains Production Credit Association is pleased to announce the employment effective August 1, 1986 of Clint J. Norman as Loan Officer in our Branch Office located in Munday.

Mr. Norman has had considerable experience in banking and lending fields, having served as Executive Vice President of the First National Bank in Munday and as President of the Citizen's State Bank in Knox City. He was employed by Rolling Plains PCA previously from 1957 through 1978, beginning in the Haskell Branch Office and transferring to the Munday Office in 1959. For the past three years, Clint has been self-employed as owner of Norman Enterprises in Munday. Well known in the area, he has been active in various civic affairs in Munday and Knox County.

Clint was born in Rule and graduated in 1948 from Rochester High School. Additional training in loan administration and supervision was obtained in the completion of numerous banking and Farm Credit System courses during past employment. His Army military service included 19 months in the European Occupation.

He is married to the former Joann Melton, and they have three children: Layne of Abilene, Gregg of Wichita Falls and Lynette of Lubbock.

The following recent promotions have been made in the Stamford Branch Office and Central Office: Bill L. Glenn, from First Vice President and Secretary to First Vice President and Credit Manager; Randy Murphree, from Vice President and Stamford Office Manager to Vice President and Secretary; Mike Sloan, from Vice President to Vice President and Stamford Office Manager; Gary D. Decker, from Loan Officer in Munday Office to Loan Officer in Stamford Office.

For Gary Decker the above promotion entailed moving his family from Munday to Stamford the last of July. His wife, Connie, will be teaching in Stamford ISD this fall. Gary and Connie have one son, James.

Gary graduated from Munday High School in 1977 and from Tarleton State University in Stephenville in December 1980. Following graduation, he taught Vocational Agriculture in the Lewisville schools until June 1983. He served in a similar capacity in Munday until he joined the PCA staff as a Loan Officer in July 1983. Gary will be

servicing the majority of the loans now being handled by Randy Murphree.

Rolling Plains Production Credit provides operating loans to farmers and ranchers in 16 counties of West Central Texas. With Branch Offices in Childress, Matador, Spur, Munday and Stamford staffed by 23 employees, the borrower-owned Association revealed loans of 44 million and total capital accounts of 14 million as of June 30, 1986. This makes Rolling Plains PCA the second strongest of the 28 Texas Associations in terms of capital strength.

Saturn has an internal source of energy and generates more than twice as much energy as it receives from the Sun.

Smoke smells will dissipate when a cold, wet towel (wrung out) is swished around the room.

A children's party may be easier and more fun for all if you serve each guest his own basket or box of food. Saves young squabbles.

Eudy Reunion Held At Bridgeport

The penguin was selected the Eudy mascot by Shiloh Eudy Thomas because it shares its love for its children more than any other bird—thus resembling the Eudy family.

II Corinthians 13:13, "The greatest of these is Love." I Corinthians 13:8 "Love fails not, knoweth not God, loveth not, knoweth not God, God is Love," then those who know Him know better how to love.

Families of the late J. M. Ethel Eudy gathered at Landing, Bridgeport, Texas, for a reunion on Friday, July through 27. After greetings departed from Westwind Marina Cabins for Beach View Pavilion and Beach for a picnic.

Saturday morning was spent visiting, then a buffet lunch was enjoyed at Westwind Marina. Saturday afternoon, everyone went to the Picnic Park Pavilion where there were games of visiting, swimming, tennis, golf, pool, shuffleboard, croquet and showing of family photos.

Saturday night, hot dogs and all the trimmings were enjoyed at the Beach View Pavilion Beach.

Sunday morning, the family met for breakfast at 9:00 a.m. at Bay Golf and Country Club. After a business meeting, family group pictures were made. Donald Eudy and Stan Eudy Goodbyes were said and the family departed for its respective homes.

The youngest Eudy member attending was Marshall Eudy, one who volunteered for being the eldest, and no one wanted to offend anyone, spoiling the reunion by reminding them of their age.

Those attending the reunion were Gerald, Susan, Branford and Jamie Talkmitt, Lubbock; Bill and Cleo Green, Slaton; Green, Austin; Kristie and David Green, Slaton; Kevin and Grant Eudy, Rock; Stan, Dana and Kyle Eudy, Conroe; Ricky, Ruthie, and Seth Eudy, Kermit; Juanita Eudy, Van Housen; Dennis and Barry Hillmer, Antonio; Jennifer Jordon, Palm Beach, Florida; Bob and Lola Eudy, Joshua; Allen Myra Reeves, Jim, Carl, Mandi, Beth, Joel and Joshua; Bill and Carol W. Eric, Trey and Shawn, L. field; Donald Eudy, Midland; Shirley and Thomas T. Burleson; Brent, Laura, Elana and Aaron Mullin, ham.

Hosts for the reunion were Ronald and Kay Eudy, DeAnna Angela Eudy, Tyler, Ronald and Marshall Eudy, At Lewis and Mozelle Eudy, key.

The smallest breed of dog is the Chihuahua. At maturity, this Mexican dog may weigh between two and four pounds, but some weigh no more than one pound.

Families of the late J. M. and Ethel Eudy gathered at Bay Landing, Bridgeport, Texas, for a reunion on Friday, July 25 through 27. After greetings, all departed from Westwind Manor Cabins for Beach View Pavillion and Beach for a picnic.

Saturday morning was spent visiting, then a buffet luncheon was enjoyed at Westwind Manor. Saturday afternoon, everyone went to the Picnic Park Pavillion where there were games and visiting, swimming, tennis, mini golf, golf, pool, shuffleboard, croquet and showing of family photos.

Saturday night, hot dogs with all the trimmings were enjoyed at the Beach View Pavillion and Beach.

Sunday morning, the family met for breakfast at 9:00 a.m. at Bay Golf and Country Club. After a business meeting, family group pictures were made by Donald Eudy and Stan Moe. Goodbyes were said and each family departed for its respective home.

The youngest Eudy member attending was Marshall Eudy; no one volunteered for being the eldest, and no one wanted to offend anyone, spoiling the fun by reminding them of their age.

Those attending the reunion were Gerald, Susan, Brandon and Jamie Talkmitt, Lubbock; Bill and Cleo Green, Slaton; Sara Green, Austin; Kristie and Chris Green, Slaton; David and Reba, Kevin and Grant Eudy, Round Rock; Stan, Dana and Kyle Moe, Conroe; Ricky, Ruthie, Randy and Seth Eudy, Kermit; Hugh and Juanita Eudy, Van Horn; Dennis and Barry Hillmer, San Antonio; Jennifer Jordon, West Palm Beach, Florida; Bob and Lola Eudy, Joshua; Allen and Myra Reeves, Jim, Carolyn, Mandi, Beth, Joel and Jon, Joshua; Bill and Carol Wade, Eric, Trey and Shawn, Littlefield; Donald Eudy, Midland; Shirley and Thomas Taylor, Burleson; Brent, Laura, Abby, Elana and Aaron Mullin, Graham.

Hosts for the reunion were Ronald and Kay Eudy, DeSota; Angela Eudy, Tyler; Ron, Kim and Marshall Eudy, Austin; Lewis and Mozelle Eudy, Turkey.

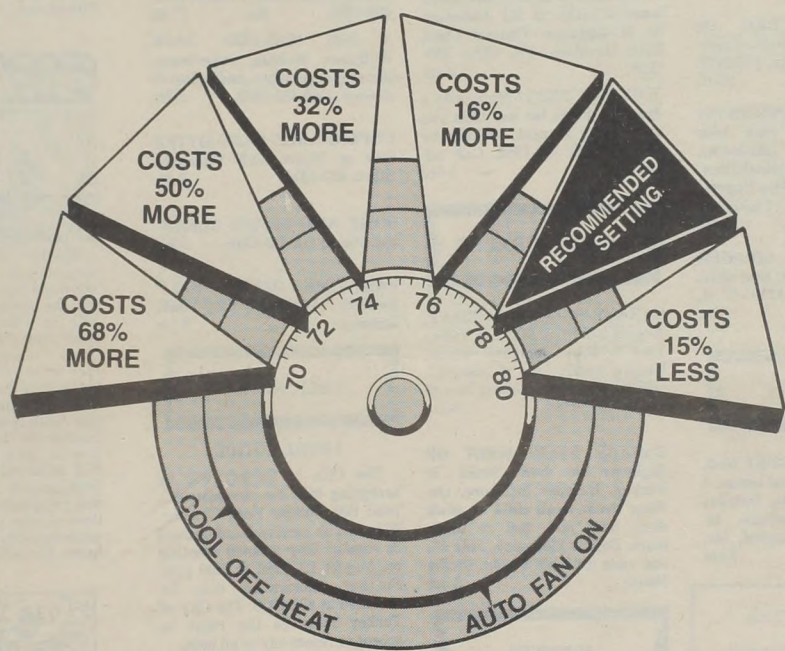

Keep a whole batch of pancakes warm while you make more by placing them between two or three folds of a heavy towel in a warm oven.

By harnessing a squash to a weight-lifting device, a farmer in Massachusetts found out that the squash exerts over 5,000 pounds per square inch of pressure as it grows.

THE KEY TO LOWER COOLING BILLS ...YOUR THERMOSTAT!

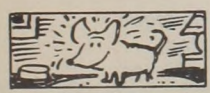

RAISE YOUR THERMOSTAT SETTING TO LOWER YOUR COOLING BILLS

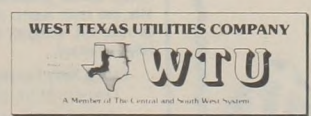

You can lower your cooling bill up to 50% by raising the temperature in your home from 72° to 78°. West Texas Utilities recommends that you set your thermostat at 78° or higher for efficient summer cooling. Portable fans or ceiling fans can help the higher thermostat settings feel more comfortable.

Also, check the filter in your air conditioning system regularly. A dirty filter could keep your system from operating as efficiently as possible. Clean permanent filters according to manufacturer's instructions, and replace non-permanent filters.

For more conservation tips on summer cooling, call your local WTU office.

The smallest breed of dog is the Chihuahua. At maturity, this Mexican dog may weigh between two and four pounds, but some weigh no more than one pound.

The Valley 4-H Trap Club would like to express our gratitude for the overwhelming response to our request for donations to help defray the costs of the trip to state competition in Houston. The interest of our communities in our youth program is absolutely fantastic. So many people weren't even aware we had a trap club and competitive shooting.

Again, we would like to say thank you to each and every one for their support, donations, words of encouragement, your expressed pride in us and especially, all advice on trap shooting.

Thank you,
Chad Isbell, Jay Gray, Chad Powell and Leader Don Gray

Whether you swim, sail or play softball, you probably not only enjoy the sport itself, but the rewards that come with it. One such reward many may not always think about is relaxing after you've been out and keeping fit. After heading for the showers, rest those tired limbs and muscles. Settle down in your most comfortable chair, with your favorite book or magazine and treat yourself to a refreshing glass of iced tea. It may feel good to know that all those calories you burned are not being replaced by this delicious low calorie beverage.

In 1895 there were two cars registered in the state of Ohio. They collided.
