## Candidates File For Place On Voters Ballot

The race for the upcoming city and school elections to be held Saturday, May 5, 1990 officially began last week, as the filing deadline drew to a close at 5 p.m. Wednesday. Candidates in Quitaque will not be opposed in the mayoral and councilperson's race, but the City of Turkey has two places where two residents are seeking the same office.

Scott Johnson and Steve Farley have made their bid for the office of Mayor of the City of Turkey and Russell Yates is seeking to unseat incumbent Brian Wheeler as city councilman, place one. Rita Guest filed for re-election to place four and will be unopposed on the ballot. Current mayor, Hubert Price, did not seek re-election.

Elgin Conner is unopposed for re-election as mayor of Quitaque, and voters in Quitaque

will elect two new members to their city council. Danny Mayfield and Janice Henson will be unopposed in the May election. They will replace Warren Lee Merrell and Todd Washington, who chose not to seek re-election.

Valley School had four places to fill in the Board of Trustees race. Brent Guest and Gary Powell filed for re-election to their 3-year terms. Thelma Gafford, currently serving as president of the Board, did not seek re-election, citing other responsibilities as the reason. Gregg Ramsey will run unopposed for the 3-year term. Brian Wheeler made his bid for the unexpired two-year term vacated recently by Leck Fuston. Voters will go to the polls in the city and school elections on Saturday, May 5, 1990.

## County Centennial Brochures Ready

The Hall County Centennial Committee has compiled some interesting material and now have received the brochures. These items feature each of the existing communities. A map of the county with the location of many of the early day communities, and an over-all section of the county is included.

Another interesting feature is the picture of the oldest native still living in Hall County and a fifth generation grandson. W. Gilbert Young was born in Hall County on October 18, 1897.

Many early day pictures of

establishments and interesting scenes are featured in a sepia tone publication which adds to the antique look giving the entire brochure a truly centennial appearance. The committee received assistance with the expense of providing the publication by the City of Memphis, which paid the larger portion of the cost.

Anyone wishing to have some of the brochures are asked to pick them up at any of the City offices, or in many of the businesses, in Estelline, Turkey, Lakeview or Memphis.

## Bob Wills Meeting

A Bob Wills general meeting will be held on Tuesday, April 3 in the Bob Wills cafeteria at 7:30

p.m. All committee heads and workers are urged to attend this important meeting.

## As I See It!

By Thelma Gafford

Saturday, March 31, 1990, is The Great Texas Trash-Off, and will involve thousands of volunteers throughout Texas and nine other states in the largest one-day cleanup effort in the nation. The Texas Trash-Off is part of the highway department's tough-talking "Don't Mess with Texas" program aimed at convincing "habitual" litterers to put their trash where it belongs. The Adopt-A-Highway program, which began in the Tyler area in 1987, now has well over 3300 groups involved in the clean-up. Don't Mess with Texas is credited with a 64 percent reduction in litter after just four years.

The seniors at Valley High School have been busy working on the play. It will be presented to the public Thursday, March 29, at 9:15 a.m. They will travel to Paducah on Friday for U.I.L. competition.

This little cold snap is about as far from Spring as we could get, don't you think? Well, I know it could get worse, but goodness, I'm ready for the return of hot weather!

## Hall County Art Display Set Saturday, March 31

The Hall County Centennial Committee met in a called session at the Fellowship Hall in Lakeview to finalize plans for the up-coming Arts and Craft Display, which will be held in the Memphis Community Center on March 31, 1990 from 10 a.m. to 4 p.m.

The committee working on this project outlined some interesting plans which will make this event very special. Featured are art work, ceramics, quilts and afghans, needle work, minerals and rocks, artifacts and many other items all done by citizens now living in Hall County or found in the county.

There is to be a "Silent Auction" in which a number of items and services will be offered. Bidding will be done by cards and each bid posted as it comes in. Special time will be allotted for bidding to end. Several of the

services which will be on the schedule include a dinner prepared in one's home, a patio steak dinner for two, a fishing trip at the "K-Bar" Ranch, a program by the "Has Been's" group which is an evening's entertainment. Several other items should be offered as time nears to the date of the exhibit.

Live demonstrations will be given throughout the day such as time wood painting, mineral and rock illustrations, porcelain painting, quilting, tatting and water coloring. A scheduled of events will be posted.

Food will be available as the committee will have sandwiches, cookies, drinks and homemade ice cream. A special area of the center will be designated for eating.

All proceeds from the exhibit will be used in the various projects during the centennial year.

### Re-Appraisal Now Underway

Carlye Fleming, Briscoe County Appraisal District Chief Appraiser, is presently working on the re-appraisal which is required every three years. The tax law requires her to visually inspect every building, house, barn, etc. in the county during a re-appraisal.

Mrs. Fleming has asked that citizens who see her white car driving through their property or stopping at their home not be alarmed.

"I am required to check every improvement in Briscoe County," she said, "but most of the time I don't even have to get out of the car. I don't want to scare anyone when I drive up, stop, and then drive on."

When the appraisal sheets and maps are verified, this will not be done again for three years.

Jim Robinson, executive director of the State Property Tax Board (SPTB), today reminded business owners that they must file property rendition forms with local appraisal district offices by April 2, 1990.

The legal deadline for renditions is actually March 31, which falls on a Saturday this year. As a result, the 1990 deadline has been moved to the first working day after March 31. Property owners may receive a 30-day extension, but must file a written request with the appraisal district by April 2, 1990.

**NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE**

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

The proposed rates are on file with the Public Utility Commission

After refreshments, a short business session was held.

Next meeting will be on April 12, 1990 with Mrs. Wedge as hostess and Mrs. Bain as program leader.

**Caprock Jamboree Set For April 7th**

Saturday, April 7th, beginning at 7 p.m., the Caprock Jamboree will host three new groups. The Plus 50 Fashionettes and the Half-Price Band from Clarendon and the Light House Singers from Dimmitt will provide a variety of entertainment for your enjoyment.

If you know of a band that would like to be a part of the show have them call (806) 847-2619 before noon Friday, April 6, 1990.

It is exciting to see the continued growth of the Jamboree. The March Jamboree had over 500 in attendance from 35 different towns and communities. All this would not be possible without the support of the local and area newspapers and area radio stations. And of course, friends telling friends.

Don't forget to bring your lawn chairs.
