New Administrator Hired At Center

The Memphis Convalescent Center is proud to announce the association of Billy Ray Johnston, as the new administrator. Billy Ray is a native of Clarendon and has been in the long term care industry since 1978. Billy Ray was administrator of Medical Center in Clarendon for ten years, prior to going to Park Place Towers in Amarillo and to other nursing facilities in the Amarillo and Panhandle area.

Mildred Stephens, a Memphis native, precepted Billy Ray at the Clarendon facility just prior to her death.

Billy Ray states that he is very pleased to have the opportunity to come to Memphis and to carry on the service of caring for those who cannot care for themselves that Mildred started many years ago.

"Patient care is my first priority, giving superior care by surrounding myself with capable, caring individuals with the same goals and objectives that I possess. I look forward to coming to Memphis Convalescent Center and meeting the residents, the residents' families and interested parties," stated Johnston.

"I am particularly interested in reformation of the volunteer program and the involvement of the community in helping us to provide care to meet the total needs of the resident, physical, social and mental. I am asking that the community come and make themselves known to me and relate any information, that I might need to know, to make Memphis Convalescent center the facility that would serve all of Memphis and the surrounding area, a facility that would enhance the mental image of Memphis, Texas," said Johnston.

"It is with great anticipation that I await my first meeting with my staff. I know and understand that change is not always a pleasant or wanted experience. But change is one of the expected experiences of life that we all must adjust to. I have always found that change is a chance for a new beginning. A time to look at where I've been and if necessary, chart a new

Bob Wills Museum Is The Recipient of New Donations

by Ann Coker

A book titled "Hubbin It" The Life of Bob Wills, by Ruth Sheldon was written many years ago. The copyright date is 1938. Of course the book is not published anymore.

Two of these "hard to find" books were donated to the Bob Wills Museum last week by Ron and Shirley Robbins of Hanford, California.

One of the books had belonged to a Mrs. J. W. Boling. The other book was a gift from Bob in person and presented to Butchie and David. We assume that Butchie and David might have been the sons or grandsons of Mrs. Boling. What the connection is between the Robbins and Mrs. J. W. Boling is not known. One of the books contained a photograph of Bob Wills.

A letter was found in one of the books from Bob Wills. The letter was addressed to: Mrs.

Ruby Ayers, Lemoore, California. The postmark on the letter was January, 1945. The return address on the envelope was: Bob Wills and His Texas Playboys, Sunset Blvd., Hollywood, California.

Evidently the letter from Bob was a reply to Mrs. Ayers after she had requested the book "Hubbin It". In the letter Bob said the books sold for \$2.00. Mrs. Colvin at the museum stated that she understands that now the books are worth \$450.00.

The Bob Wills Foundation is quite fortunate to obtain these two copies of this rare book.

To take what there is, and use it, without waiting forever in vain for the preconceived—to dig deep into the actual and get something out of that—this doubtless is the right way to live.
—Henry James

course to achieve the goals that I have been reaching for," said Johnston.

"I believe in helping those who are in need of help in reaching their goals and objectives, when their aim is for superior care of those who have been entrusted to us for their needs to be met in every aspect. I am leary of those who are in the nursing field, just for a pay check," stated Johnston.

"I believe in the classical virtues of temperance (self-discipline), prudence (the ability to

Brand New Opry Will Be At Memphis Amphitheater

Two shows remain in the Brand New Opry summer series. The next performance will be Saturday, August 19th. The free shows begin at 7:17 p.m. in the City Park amphitheater. They are held the third Saturday each month—May through September. The last show will be September 16th. Most of the performers sing either country or gospel. It provides good clean entertainment for the family.

Performers scheduled for the August show are Dusty Reed from Pampa who performs regularly at Branson; Tammy Harris from McKinney who sings in the Dallas, Fort Worth, Oklahoma City area; The Big Texas Dancers from Amarillo; Robby Lou Mabry from Wellington; Wesley Thomas from Clarendon will be performing with Don Hall and Flo Sexton; performers from Memphis are Buffy Payne; Traci Miller; and an ensemble consisting of Ray Batson, Regina Springer, Dusty Hansard, Kelley Gardenhire and LaMoss Lambert.

The Amphitheater in Memphis City Park is the oldest amphitheater in the Texas Panhandle. Located along Berkeley Creek on the southern edge of town. The park was built with works projects funds as part of Franklin Roosevelt's New Deal Program.

Sponsor of "Brand New Opry", The Historic Memphis Hotel, now a Bed and Breakfast Inn, is still the same architecturally as

make the right choice in specific situations), justice (fairness, honesty, and the ability to keep promises), and fortitude (perseverance). These virtues are qualities of character that I expect to see in my employees," commented the new administrator.

The first inservice will be held on the 29th of August. The time will be posted prior to the meeting. ***

when it was built in 1926. Except for furnishings, the large lobby with High beamed ceiling, brick columns, and fireplace inglenook is the same as in old photos. The original pressed tin ceiling covers the one and one-half story, 1,500 square foot ballroom. Groups and individuals who visit the old hotel enjoy being reminded of a bygone era and the slower pace of life.

The music show, with country music's link to the past, is a good compliment to the heritage of Memphis with the City Park, old hotel, blocks of brick streets, town square, trade days with vendors selling their wares, and the historically marked Presbyterian Church.

"Community Service For All Seasons" Float Was At Briscoe County Celebration Parade

Quitaque was well-represented in the Briscoe County Celebration with the float, "Community Service For All Seasons," sponsored by We The Women.

Mechanical problems developed and Sandi Tomlin was kind enough to lend her Bronco and continue the tradition of "the Float" must go on.

Bob Hinkle volunteered to pull the float. Those riding on the float were Estelle Davidson, Johnnie Morrison, Johnnie Rogers, Betty Price, Ernestine Payne, Mary Stark, Hattie Lois Carter, Arlene Hinkle, Michelle Pointer and the youngest member, Alyssa Pointer.

The winning float for the Celebration was "Community Service for All Seasons" by We The Women.

Artist To Make Home In Turkey

Mr. and Mrs. William Howard Croysdale have recently moved from the Dallas area to Turkey to make their home. Having arrived in Turkey two weeks ago the couple are residing in the Josh Smith house at 8th and Houston.

The couple traveled extensively in the southwest, through New Mexico and the state of Texas before deciding that the area around Turkey was where they wanted to make their home.

Mr. Croysdale was born in Kansas City, Missouri. During his childhood the family did much traveling around the country which gave him quite a background of varied subjects for his pen and ink drawing or his water color paintings. He is also quite adept with acrylics.

He describes himself as an expressionist with a desire to provoke thought, while maintaining the discipline of the media.

Mr. Croysdale received his formal training at Dallas Art Institute during the 60's.

An open house is planned at a future date.

THEN and NOW!

by Eunice McFall

Recently Joe Harrison of The Texas Spur clipped the following from the newsletter of the First United Methodist Church, Spur: "BONES"—The anatomy of an institution includes four kinds of bones, so they say: 1. WISHBONES—Members who want someone else to do the work. 2. JAW BONES—Members who talk a lot, but do little else. 3. KNUCKLEBONES—Members who knock everything others try to do. 4. BACKBONES—Members who get behind the wheel and do the work.

The same could be said for the people in our towns as well as churches, clubs or organizations of any kind. We always have a few members who want everything to be the best that it can be but they certainly do not plan to get their hands dirty doing the necessary work to make the plan come to life.

We also know of ones who always have a lot to say but never lift a finger to help a project be completed. They can always tell everyone how to do their job but are never available when the real work is in progress. They feel that if they have the ideas, that should be their part of the project! Wrong—the ideas are just the beginning of a project. Lots of sweat and tears usually go into completing a project to everyone's satisfaction.

And of course there are those who will never want a change in the "way we have always done this"! Even if it is proven to them that the new way is better, more economical, easier and makes the ones involved happier, they will not like the change—the old way was best!

If you will look around you in all of the clubs, organizations, churches and businesses, you will see that the same people seem to be involved in getting projects off the ground and working. The same ones seem to always be doing the work.

Maybe we should all take a look at our "bones" and see which one we fit best and if it is not the Backbone, perhaps we should make a change in our lifestyle as none of us would like to be called "sleakers."

"Strangers" Save Lives At Turkey

Burl and Vida Pierce were awoken by someone pounding on their door. Burl hollared for them to come in—in came some strangers to tell them that their house was afire.

The strangers then helped Burl and his son, Jay gather up hoses to try to put out the fire in the garage. The family was still shooting the water on the blaze when the Turkey Volunteer Fire Department arrived to complete the job of putting out the fire.

The house only sustained some smoke damage. Without the concern of passing strangers, the Pierces could have lost everything, including their lives. While all the excitement was going on, the strangers left and no one got their name. Burl and Vida would like to know who the kind strangers were so they could thank them. People can be wonderful.

The cause of the fire is believed to possibly be birds building a nest in the wrong spot and causing a short in a 220 electric line as it entered the house.

Sheep, Swine Also Require Validation

by Rebel Royall

Folks showing lambs and hogs at the major shows are in for some changes this year. For several years we have been validating steers, however the barrows and wether lambs have gone unvalidated. Starting this year a validation for all three species will take place.

Lamb tags will be ordered on August 21. Anyone having wether lambs needs to call the County Extension office or your Agriculture Science Teacher and notify them of such. The validation for lambs will consist of a tattoo and nose print. There will be no extra tags so please notify us very quickly, if you have a wether lamb that will go to Ft. Worth, San Antonio, El Paso, or San Angelo.

The barrows will be a little more difficult in our case. We have to order barrow tags by September 10, 1995. This is before we ever buy a pig. If you even think you will show pigs at a major show please call the Extension Office or your Agriculture Science Teacher with the number of pigs you will want to validate.

The process for pigs will be essentially the same as the lambs. We will give the pig a tattoo in the ear, an eartag and we will record ear notches. Any pig not having ear notches will be notched.

Again, there will be very few extra tags, therefore it is essential that you let your Extension Agent or Agriculture Teacher know how many tags he should order for you by early September.

This will be a difficult process to get used to, but this is what is being required and we must abide if we are to show barrows and lambs at major stockshows.

Another major change county kids that show stock should be aware of is changed dates at the Houston Livestock Show. The Beef Heifer shows will be February 23-26. This is the same time as the barrow sift at Brenham. Also, beef heifers will have to leave the grounds on Monday, February 26.

This date change may cause some problems for us, as we are used to taking all the stock at the same time, and bringing the heifers home at the end. It will take some planning as to how we will handle this situation.

Lastly, Houston has presented a new weight range for barrows. The range for the 1996 show will be from 225 to 265 pounds. Before the range has been from 220 to 260 pounds. Why so many changes? The Major Livestock Shows are under severe heat from urban dwellers as to why there is so many problems with a select few people in the stockshow circuit. The validation and a few other rules have been set in place to help in the elimination of such. We will abide by these rules or we will no longer be able to show stock.

THINGS SEEN AND HEARD
by Ann Coker

Dan Hamner has been in town visiting with his grandmother, Lavern Hamner and uncle and aunt, Charles Otho and Carol Hamner. Den is the son of the late Bobby Hamner and lives in Colorado.

Last Friday Criss, Kaylene, Meagan and Crissta Morrison of Lubbock and Kent, Lorena, Scott, Chad, Andrew and Hannah Price of Center, Colorado, Keith and Bettie Green and Kathlene Green of Turkey traveled to Palo Duro Canyon. They camped out in the canyon Friday night and enjoyed seeing the drama "Texas."

On Saturday the group stayed in the canyon and reported it was quite hot. Also exciting. While there a young teen-age boy fell from one of the cliffs and was air lifted by helicopter to Amarillo. The boy was with a church group from Lubbock, and at last report they thought he would be alright.

Doing some shopping in Plainview last week were Betty Driskoll and Vernell Cotten.

Early Saturday morning the Fire Department answered a call at the Burl Pierce home south of town. Someone driving down the highway discovered the fire and alerted the Fire Department. The fire was soon extinguished.

Spending several days in Turkey last week was Karen Connors. Karen lives in Levelland and was visiting her grandmother, Stella Connors. She was getting in one last visit before her school begins.

Last Tuesday, Willie Majors and Arlowene Williams drove to Dimmitt to attend the baby shower for Julie Ann Williams, Arlie's great granddaughter. Julie Ann is the daughter of Ann and Kyle Williams.

Last Saturday Arlie Williams drove to Lorenzo and visited with her brother and wife, Nelion and Marie Majors. She then traveled on to Idalou to visit her daughter, Bridgette Johnson and son Richie. She returned home late Saturday afternoon.

Sue Proctor and Betty House returned Sunday morning to their homes from a trip to Lancaster, Texas. They visited in the home of Jeffrey and Diana Lane.

Diana Lane has recently undergone major surgery and Betty and Sue went down to help her prepare her classroom for the coming school year. She teaches at East DeSota School and will have a substitute for a few weeks until she fully recovers from her surgery.

Visiting in the home of Bonnie Hill last Saturday was her nephew and family, Neil and Dena'e Payne and children, Jarred, and twins Evan and Emile. The Paynes live in Lubbock.

Spending the week-end with Bonnie was her sister, Janice Payne from Plainview.

Lorene and Arville Setliff returned home last Monday. They flew to El Paso last Wednesday to visit with their son and family, Alton, Becky and Aaron Setliff. They also returned their grand daughter, Stephanie, home after she had been visiting with her grandparents.

Tink and Estelle Lane have been in Greeley, Colorado for several days. Their daughter-in-law, Jan Lane, drove down recently to drive them back home with her. Their son, Keith Lane, will drive his parents home this week.

Mr. and Mrs. Ken Eudy and family, John, James and Jana of Artesia, New Mexico are moving to Childress where Ken and Sheila will be employed in Childress School. Lewis and Mozelle Eudy are enjoying visiting in Austin with Ronnie and Kay and families. The four attended the Eudy reunion together in Ruidosa, leaving Turkey Friday.

Ronnie and Kay hosted a party for Lewis on his birthday, August 5. They had dinner at Jorge's that night, then returned home for Lewis' birthday cake and opening his gifts.

Lewis had all his family there, Mozelle, Ronnie and Kay, Angela, Randy and Gunner Linhart, Ron and Kim, Marshall, Gracie, and Parker.

Turkey Lions Meet

The Turkey Lions Club met last Monday night August 14, at the Senior Citizens Room, Bob Wills Center.

Lion Don Turner led the Pledge to the Flag, and Lion Les Hall gave the prayer.

Guest was Bill Croysdale, a new resident of Turkey. Croysdale is an artist, and he and his wife bought the Josh Smith home.

Turkey residents are encouraged to buy flags from the Club to display at their homes on holidays. The flag project is the Club's main money raising project for the year. Call Keith Green or Don Turner.

The club discussed a Highway Clean-up in September, and decided to concentrate on the mop and broom sale and flag sales, rather than having a Halloween Candy Sale.

Lions Club officers include Keith Green, Boss Lion; First VP - Marjorie Bell; Second VP - Les Hall; Sec-Treas. - Melvin Clinton; Tail Twister, Gary Clinton.

Committee chairpersons are Christmas Party - Keith Green; Programs - Marjorie Bell; Flag Detail - Les Hall; Hallowe'en Carnival - Melvin Clinton and Gary Clinton.

Other Lions are Stuart Smith, Buddy Colvin, Don Turner, Don Howard, Louis Randall, Ginger Morgan, Scott Johnson, H. W. House, Hubert Price, Arville Setliff and Ray Whitaker.

Next meeting will be September 11.
