Cookout, Fireworks Planned in Turkey

The Turkey Volunteer Fire Dept. will have its annual Hamburger Cookout and Fireworks Display Sunday, July 6. Serving will begin at 7:00 p.m., following local church services.

The drawing for a Browning Pump Shotgun to be given away will be held following the Hamburger Supper. Details on how

you can have a chance to win the shotgun are available from any member of the Fire Dept.

The fireworks will be set off at dusk.

The cost for hamburger, chips and tea will be \$2.50. Soft drinks are 50c, and homemade ice cream will sell for 50c.

All proceeds will go to the Ambulance Fund. See you there, Sunday, July 6, at 7:00 p.m., at the Turkey City Park.

Owens Reunion Is Sunday

The Owens family reunion, formerly held at Portales, will be held Sunday, July 6, at the Bob Wills Community Center in Turkey.

All friends are cordially invited to come and visit with the family.

Dreamland To Apply Weed Killer

The Dreamland Cemetery Association has bought weed killer to spray lots that have curbing and graves that cannot be mowed.

If you do not want yours sprayed, please call one of the directors before Monday morning, July 7.

It is impossible to keep the cemetery without the use of weed killers. The alleys can be mowed.

Wins Contest, Plays On All-Star Team

Robyn Lane, daughter of Cindy and Frank Lane, spent last week at Wayland Baptist University in Plainview attending basketball camp. She was chosen to play on the All-Star team and won first place in the one-on-one contest.

After returning home Friday afternoon, she and the other Junior High cheerleaders, Shadi Mullin, Tina Clay, Lori Martin, Penny Marrs, and sponsor Lisa Price, traveled to Canyon to West Texas State University for an all-day Cheerleading School. This was topped by being interviewed by Channel 4 News which was shown on television at 10:00 p.m. Saturday. They all returned home Sunday pooped!

All Japanese words end in either the letter N or in a vowel.

HOW MANY PRESIDENTS?

There have been three Whig Presidents, three Federalist Presidents, twenty Republican Presidents and eleven Democratic Presidents of the United States of America to the present.

The first modern Olympics was held in Athens in 1896.

Choir To Practice For Sesquicentennial Program

The Briscoe County Sesquicentennial program is officially planned for the afternoon of Saturday, August 16, in Silverton with a big program entitled "The Epic of Texas" to be performed along with other events and activities.

A county-wide choir is needed to sing several numbers in the

program and will be practicing on Thursday night from 8:00 until 9:00 p.m. Jimmy Burson will be directing the music. If you enjoy singing, your help is needed. This week's practice will be at the First Baptist Church in Silverton, and the rehearsal the following week will be at the Quitaque Community Center.

Community Picnic Planned July 4th

Family Day—that is usually the trend in American families to celebrate the Nation's Independence Day on July 4th. This year, there will be a Community Family Picnic at Caprock Canyons State Park near the swimming area beginning at 4:00 o'clock in the afternoon. Everyone is asked to bring a basket picnic and all will eat together

between 6:00 and 7:00 p.m.

Games are planned for all ages with ribbons to be given in events throughout the afternoon. Tables will be set up for those who wish to play dominoes and a volleyball net will be put up for the more active. Swimming and the playground will be close by for the kids. Who could ask for more?

Tragedy on Construction Site South of Quitaque Monday

The Quitaque Ambulance Service was called to the construction site south of Quitaque Monday when an accident occurred at the site of the installation of the new pipeline for the City of Quitaque.

According to report from the City Manager, David Brunson, the crew was in the process of drilling under the highway when a hoist on a truck was turned the wrong way and the truck overturned into a hole, pinning Paul Cabello of Plainview under the truck, killing him immediately, according to Ronnie Chestnut of Schooler-Gordon Funeral Home in Quitaque.

Those answering the ambulance call were David and Dianne Brunson, Manuel Cruz, Elgin Conner, Judy Barrett, Susie Shannon, and others on the scene to help were Manuel Leal, James

Cathey, Warren Lee Merrell and Albert Castillo. The body was brought to the Quitaque funeral home and then transferred to Lemons Funeral Home in Plainview for an autopsy.

Rhode Pipe Company received the bid for the construction of the pipeline.

Kids Fishing Tournament Is Great Success

Saturday, June 21, the preschoolers and ages through 12 years met at Lake Theo in Caprock Canyons State Park to enter their first Fishing Tournament.

The Chamber of Commerce in Quitaque sponsored this tournament and James Cathey, president, said there were eleven entered catching 53 fish.

The first-place winner was Chad Powell, son of Mr. and Mrs. Randy Powell. Second-place winner was Jason Payne, son of Mr. and Mrs. Lyn Payne, and third-place winner was Bubba Powell, son of Mr. and Mrs. Randy Powell.

All those catching fish were awarded a ribbon. The two top prizes given were fishing reels and the third-place winner received a rod. The rest of the winners got tackle boxes.

Mr. Cathey said there was lots of fun, with the parents of the children having more fun than the children. There were six dozen worms used, three packages of fish hooks used and six floats lost to be retrieved. P. J. Merrell caught the smallest fish.

Mr. Cathey said the tournament was a success and worth all the money the Chamber spent. There were no children who fell into the water, no one got a hook into himself, and an all-around good time was had by all.

The Welsh national flower is the leek—a vegetable that closely resembles the onion.

The Leaning Tower of Pisa has been leaning since the day it was built.

Third Bass Tournament Held At Caprock Canyons Saturday

The third Bass Tournament of the season was held at Lake Theo in Caprock Canyons State Park at Quitaque Saturday, June 28, with great success, according to James Cathey, president of the Quitaque Chamber of Commerce, which is sponsoring the tournaments.

Robert Cantu of Quitaque took first place with the largest bass weighing 4 lbs. 8 ozs. He also caught the largest stringer with three bass weighing 6 lbs. 3 ozs.

The second place winner was Lewis Cannon of Tulia, with a stringer of three bass weighing 3 lbs. 12 ozs.

Twenty-eight fishermen entered the tournament, and fourteen of them had not been entered before with many of them never having been to Caprock Canyons State Park. There is much enthusiasm about the fishing and those participating have requested another tournament. It has been scheduled for July 26. The 28 fishermen caught a total of 27 fish weighing a total of 39 lbs. 15 ozs.

During the three tournaments already held, there have been 36 out-of-town people who have entered, and some of them have entered all three tournaments. This is creating interest around

the area and will bring people into the park and into Quitaque.

Towns represented were Borger, Memphis, Childress, Dumont, Floydada, Plainview, Edmonson, Kress, Canyon, Amarillo, Tulia and Quitaque.

Anyone interested in participating in the tournament to be held July 26 may write the Quitaque Chamber of Commerce, Box 274, Quitaque, Texas 79255.

It is planned to break the day into two parts, beginning at 6:00 a.m. and fishing until noon, and beginning again at 5:00 p.m. and fishing until 9:00 p.m. This will get those fishermen out of the hottest part of the day.

Lisa Greenhouse (Payne) is living on the lake at Shawnee, Oklahoma, and is currently employed as a beautician, her grandmother, Olene Edwards, reports.

Mrs. Bobbie Maples of Plainview and her youngest son and a grandchild brought Mrs. Viola Boyles of New Boston, Texas to Quitaque to visit friends, among them Mr. and Mrs. Leon McCracken, on Tuesday of last week. Mrs. Boyles is a former long-time Quitaque resident.

Jarrell Rice and his two sons took a vacation trip last week to Ruidoso, New Mexico. They left Quitaque Wednesday and returned home Saturday afternoon. They report they played golf and attended the horse races. This was the first trip the father and sons have taken alone, Mrs. Rice reports. They say they had a good time.

ATTEND CLASS REUNION

Mr. and Mrs. Eiland Johnson of Turkey attended the reunion of her graduating class of Lockney High School, the class of 1945-46, at Lockney Saturday. There were 39 in the class and 26 attended with their respective spouses. There were four or five former teachers present, too, Mrs. Johnson reports.

She was telling this reporter about the invitation that she filled in, and the improvisation added. Her returned invitation was one of those read to the group. It was good for a laugh.

Ron, Kim and Ron Marshall Eudy of Austin visited recently in Turkey and Quitaque, with Kim and Ron Marshall remaining for a longer visit.

Bill and Cleo Green of Slaton and granddaughters, Sarah Green and Jamie Talkmitt visited Lewis and Mozelle Eudy in Turkey over the weekend.

Mr. and Mrs. R. J. Harmon attended the Fletcher family reunion at Floydada Country Club Saturday, June 28. Others

attending were Mr. and Mrs. J. N. Fletcher, Roaring Springs; Mr. and Mrs. Ralph Fletcher, Lubbock; Mr. and Mrs. Bob Clark and Abbie, Allen; Mrs. Betty Ware, Borger; Mr. and Mrs. Ron Schenider, Amarillo; Mrs. Kay Hobbs and Tonya, Lubbock; Mrs. Sibyl Davis, Mr. and Mrs. Thomas Glenn, Mr. and Mrs. Todd Glenn, Mr. and Mrs. Gene Kane and Mrs. Jana Howard, Fort Worth; Mr. and Mrs. John Tennon, Reggie and a friend, Duncanville; Mr. and Mrs. Randy Tennon, Stephanie, Rachael and Quentin, Dallas; Mr. and Mrs. Rex Harmon, Dee Dee

and Joh, Robin Harmon, Traci and Robby, Quitaque; Mr. and Mrs. Pony Langdon, Ralls; Mr. and Mrs. Steve Gambrel and Blaine, Amarillo.

Robin Harmon and children, Traci and Robbie, returned to Quitaque from Mesquite to make their home here.

Robin will be in training under his father, R. J. Harmon, for management of the Panhandle Compress Warehouse here.

Robin will assume management when his father retires.

THURSDAY, JULY 3, 1986

Softball Tournament Benefit Medical Expense

Entries are now being accepted for a slow-pitch softball tournament to be held in Plainview July 11-13 to benefit Wayland Baptist University's Deanna Shelton.

Miss Shelton, a sophomore from Fritch, is a member of the Flying Queens basketball team and was suddenly stricken with Guillain-Barre Syndrome last month.

A 5'3" guard who helped the Queens to the NAIA national runner-up trophy during the 1985-86 season, Miss Shelton has been hospitalized in Amarillo's High Plains Baptist Hospital since May 10.

She was in the hospital's intensive care unit just recently. Guillain-Barre Syndrome is a paralyzing disease, and full recovery time from the rare affliction varies from patient to patient.

Texas, Australia - Celebrate Their Sescentennial

Texas, Australia (on the Queensland and New South Wales border) is reaching out her hands to Texas, U.S.A. in this joint Sesquicentennial year. Texas, Australia, is a lovely agricultural town, population 800. Reminds you of an East Texas town or a town in the Hill Country.

The town of Texas, Australia was settled by the McDougall family in 1836.

Originally they squatted on "Texas" Station (ranch). The property was abandoned for a time while the brothers tried their luck in the goldfields. Returning to their Neglected "Texas" station they found that the country had been jumped by another enterprising settler. It was sometime before they were able to effectually establish their prior claim, hence the name "Texas" - i.e., "disputed country."

Prior to 1837 occupation outside the Government Boundary was illegal. It is known that settlers set themselves up on land outside the areas that could be settled legally until they were "caught". The year 1837 Pastorage Licenses were issued for an established fee to legalize land settlements in N.S.W.

Texans are invited to share in a festive celebration with Texas, Australia September 19-20, 1986. New friends will be made and those participating will enjoy the cultural exchange with Texas' namesake town "downunder".

Wanted: Pen Pals to write to a pen pal in Texas, Australia. If you are interested, write to Mrs. Sally Ridgway, 9 High Street, Texas, Queensland 4385, Australia. School exchange with Texas State School, Queensland, Australia, contact Marge Hallam, 2702 Westhimer Rd., Houston, Texas 77098 or call 713-529-7761.

Travel and trips, 2702 Westhimer Rd., Houston, Texas 77098. Phone 713-529-7761. Departure September 13 for 10 days includes Air Texas to Sydney R/T Brisbane to Australia. Hotels - first class. Home Hospitality in Texas two nights, cooked breakfasts daily, transfer in Sydney, coach torcoach Sydney via Texas to Brisbane. This tour ends here.

Softball Tournament To Benefit Medical Expenses Fund

Entries are now being accepted for a slow-pitch softball tournament to be held in Plainview July 11-13 to benefit Wayland Baptist University's Deanna Shelton.

Miss Shelton, a sophomore from Fritch, is a member of the Flying Queens basketball team and was suddenly stricken with Guillain-Barre Syndrome last month.

A 5'3" guard who helped the Queens to the NAIA national runner-up trophy during the 1985-86 season, Miss Shelton has been hospitalized in Amarillo's High Plains Baptist Hospital since May 10.

She was in the hospital's intensive care until just recently. Guillain-Barre Syndrome is a paralyzing disease, and full recovery time from the rare affliction varies from patient to

patient.

"Deanna's extended hospital stay has left her family with tremendous hospital bills and no insurance," said WBU student Scott Green, who is helping organize the tournament. "We're encouraging all area softball teams to help us help her family by participating in the tournament."

The three-day event will be held at Plainview's Running Water Draw Regional Park, and trophies will be awarded to the top three teams.

Entry fee is \$85 per team, and deadline for entry is Wednesday, July 9. Teams are limited to 15 players.

Persons wishing to enter a team in the tournament should contact Beverly Thurman at 293-8018 as soon as possible.

Texas, Australia—Let's Help Celebrate Their Sesquicentennial

Texas, Australia (on the Queensland and New South Wales border) is reaching out her hands to Texas, U.S.A. in this joint Sesquicentennial year. Texas, Australia, is a lovely agricultural town, population 800. Reminds you of an East Texas town or a town in the Hill Country.

Home Hospitality in Texas two nights, cooked breakfasts daily, four dinners, four lunches, coach transfer in Sydney. Deluxe Motorcoach Sydney via Texas to Brisbane. This tour ends here.

This tour can be combined with tours to the Barrier Reef and Outback at \$1770 for 10 days. There are some extension trips that can be added to the 10-day trip.

This information is passed along to people in Turkey and Quitaque in case they would like to have a pen pal in Texas, Australia. Through correspondence you can learn about their lives and the way they live. If you wish more information, call Marjorie Bell, Turkey.

BRUMMETT REUNION HELD IN QUITAQUE

A Brummett family reunion was held Sunday, June 29, at the Quitaque Community Center.

Attending were Tom and Billie Jean Shugart of Taft, California; Allen and Christine Brummett and family, Quitaque; Max and Dorothy Brummett and family, Canyon; Robert Rodriguez and Gay Dawson and family, Ocean-side, California; Joy Donica and family, Garland; Nolen and Sharon Kell and family, Forgan, Oklahoma; Hank and Delores Scarberry and family, Oklahoma City, Oklahoma; Marie Robinson and family, Idalou; Wayne and Lina Whittington and family, Quitaque.

All the children of the immediate family attended but three and all but two were represented. Many friends of the family stopped by to visit.

There were seventy-six registered and a good time was reported.

Bobby Monk, son of Dellis Monk of Mesquite, is in the Army National Guard training at Fort Benning, Georgia for two months this summer. He will attend school in the fall in Mesquite, then spend the weekends at Fort Benning, according to report from his grandmother, Daisie Monk of Quitaque.

Mr. and Mrs. Bud Bailey spent the weekend in Amarillo visiting their daughters, Sharon Wassom and family and Janet Turner and family.

Mr. and Mrs. Jarrell Rice were in Hedley Sunday visiting Jean's

FmHA Guaranteed Operating Loans Doubled In Texas

The Department of Agriculture's Farmers Home Administration in Texas has made twice the number of guaranteed operating loans this year as it did at this time last year, according to FmHA Texas State Director J. Lynn Futch.

As of June 4, FmHA had guaranteed 11,024 operating loans totaling \$1 billion during fiscal 1986. At the same time in fiscal 1985, FmHA had made 5,951 guaranteed loans amounting to \$675 million. Texas has made 386 guaranteed loans for \$50 million. At the same time in

fiscal year 1985, Texas had made 171 guaranteed loans for \$25 million.

"After a somewhat slow start," Futch said, "banks and other private sector lending institutions are participating to a greater extent with FmHA in providing farm operating credit to farmers who need special help."

"For the first time, direct farm operating loan funds have been exhausted in the states," he said. Additional requests for operating credit in Texas will have to be met through guaranteed loans."

As an example of the "new spirit of cooperation," Futch noted that in just three weeks since the announcement of Operation Assist, private lenders have accepted 232 FmHA loan guarantees nationwide for \$17.9 million. Under Operation Assist, FmHA County Supervisors complete paperwork for farm credit applicants and take them to a private lender to try to work out an FmHA guaranteed loan. If the private lender makes the loan, FmHA agrees to reimburse the lender up to 90 percent of any loss which may occur.

The Interest Buy Down program, authorized in the 1985 farm bill, already has resulted in 819 loans for \$83 million nationwide. Under the interest buy down, FmHA will match a reduction in interest rates by a bank of up to two points. That agreement can result in a reduction of up to four points for the farmers.

The Approved Lender program had attracted 1,300 banks as of April 30. An approved lender is a bank or other lending institution whose forms and paperwork have been approved by FmHA in advance. Guarantee requests from approved lenders are given high priority by the agency.

"Private sector lenders have accepted the new FmHA programs designed to help as many efficient farmers as possible to stay in business," Futch said. "The word is out that the Federal Government can no longer afford to meet all the demand for operating funds from farmers who are facing financial difficulty. From now on, that's a shared responsibility of both the private and public sectors."

The wettest atmosphere on the planet Mars, found in the far north during the summer, is more than 100 times drier than the air we breathe on Earth.

Taxpayers Receiving Re-Appraisal Notices

County 4-H'ers Attend South Plains Leadership Camp

Nine Briscoe County 4-H members attended the South Plains 4-H Leadership Camp June 17-18-19. The camp was held at South Plains College in Levelland.

Members attending received specific leadership training in project areas of their liking. Areas of instruction included archery, clowning, photography, clothing, sports, health, kite-making, recreation, and leathercraft. Members also enjoyed many fun activities which included sports tournaments, folk games and much more.

Members attending were Josh Brooks, Bradley Price, Ricky Hughes, Langdon Reagan, Chad Powell, Amy Ramsey, Christi Nease, Penni Fogerson and Jennifer Grimland.

Lake Mackenzie Crappie Fishing Continues Good

Crappie fishing in the late evening hours has continued to be good for those using minnows. Tom Moore, Tom Mann and Mickey Craigg of Lubbock brought in several nice crappie in the 3/4 to one-pound range they caught up Tule Creek using minnows.

Bass fishing is still good. Most fish are being caught in shallow water using buzz-baits and plastic worms.

Catfish are starting to move and feed at night. Several three- and four-pound channel cat were caught over the weekend using liver and cut shad.

Walleye and hybrid stripers continue slow.

Water depth at the dam is 113.6 feet, and water temperature at a four-foot depth is 80°.

There are two kinds of clouds on Mars: those composed of water or water ice and those composed of carbon dioxide.

There are ancient dry river channels on Mars; the largest are about 620 miles long and over 100 miles wide.

All Briscoe County taxpayers have been mailed "Notices of Appraised Value" this week, according to Carlye Fleming, chief appraiser for the Briscoe County Tax Appraisal District. Because there has been a county-wide re-appraisal for the 1986 tax year, the notices are being mailed to all taxpayers this year, instead of only to those whose values have been increased.

Mrs. Fleming notes that these are not statements. They are to provide each taxpayer with information on 1986 values. Mrs. Fleming asks that you examine the notices very carefully.

The appraisal district determines only the value of property and/or qualified exemptions. If any of the information is wrong, or you disagree with this year's proposed value for your property, please contact the appraisal office at 806-823-2161. If the problem cannot be resolved, you have the right to appeal to the Appraisal Review Board (ARB). In order to appeal, you must file a written protest with the ARB before July 24, 1986. You can get a protest form at the appraisal district office in the basement of the Briscoe County Court House.

The Appraisal Review Board will begin hearing protests on July 24, 1986, at 10:00 a.m. in the County Court House, 415 Main Street, Silverton, Texas 79257.

Ruby Cushenberry spent last week in Amarillo visiting her son and family, Mr. and Mrs. Layne Cushenberry. They came for her and then returned her home Sunday.

Mrs. Dan Duncan of Panhandle and her son and daughter-in-law, Mr. and Mrs. Dan Ray Duncan and children, visited their parents, grandparents and great-grandparents, Mr. and Mrs. Dick Taylor, in Quitaque Sunday. They report a good time together.

A piece of solar surface the size of a postage stamp constantly emits more energy than 500 sixty-watt bulbs and could light up all the rooms in 48 average-size American homes.

Receiving Notices

Briscoe County taxpayers have been mailed "Notices of Appraised Value" this week, according to Carlye Fleming, appraiser for the Briscoe Tax Appraisal District. There has been a county appraisal for the 1986 tax year and the notices are being mailed to all taxpayers this year, not only to those whose values have been increased. Fleming notes that these notices are being mailed to each taxpayer with their 1986 values. Mrs. Fleming asks that you examine these notices very carefully. The appraisal district determines the value of property and qualified exemptions. If the information is wrong, you disagree with this year's value for your property, contact the appraisal at 806-823-2161. If the matter cannot be resolved, you may wish to appeal to the Appraisal Review Board (ARB). To appeal, you must file a protest with the ARB on July 24, 1986. You can get the protest form at the appraisal office in the basement of Briscoe County Court House. The Appraisal Review Board begins hearing protests on July 28, 1986, at 10:00 a.m. in the Court House, 415 Main Street, Silvertown, Texas 75257.

FmHA Accepting Emergency Loan Applications Now

Floyd and Briscoe counties were declared eligible for Farmers Home Administration Disaster Emergency Loans on May 23, 1986. Generally, that means that farmers who have lost at least 30 percent of their production due to the drought are eligible for FmHA loans. Proceeds from crop insurance and

the PIK program are taken into account when determining eligibility.

FmHA County Supervisor Becky Via is urging farmers who are interested in receiving an emergency loan to get their applications in to FmHA as soon as possible. Ms. Via said, "We hope farmers will get their applications in early rather than waiting until near the deadline which is January 23, 1987. The longer they wait, the more chance there is for long delays in getting their checks. If the applications come in early we can avoid backlogs and speed up the process."

The FmHA office is at 107 W. California in Floydada.

Consumer Product SAFETY ALERT

FROM THE U.S. CONSUMER PRODUCT SAFETY COMMISSION, WASHINGTON, D.C. 20207

June 1986

Under laws administered by CPSC, an estimated 325 million potentially hazardous products have been called back from the marketplace and consumers since 1973 (when CPSC was created). Most of these were voluntarily recalled by manufacturers who established programs to repair or replace the products, or to refund the purchase price.

Miracle Recreation Equipment Company to Repair "Flying Gym" Playground Swings

Miracle Recreation Equipment Co., Grinnell, Iowa 50112, offers repair for Flying Gym swings. Write to the company or call 515-236-7536 for assistance.

In cooperation with the U.S. Consumer Product Safety Commission, Miracle Recreation Equipment Company of Grinnell, Iowa, today announced a repair program affecting an estimated 1,475 "Flying Gym" playground swings produced by the firm prior to 1985. A ten-year-old boy in Seattle, Washington died from injuries received after part of a "Flying Gym" swing fell and struck him in December 1984.

"Flying Gym" is a playground swing consisting of two swings suspended from a cross beam that rotates about a central metal shaft. The units were sold with a metal "cowboy" or "clown" shroud over the center or with no shroud at all. "Flying Gym" swings subject to this program are models 309 (cowboy), 306 (clown) and 305 (no shroud) and were sold nationally to local park and recreation departments and to some schools and churches.

From its sales records, Miracle Recreation Equipment Company will contact directly, by registered mail, each known purchaser of a "Flying Gym" unit to notify them of the potential hazard and arrange for a field repair intended to prevent swing assembly from separating from the central shaft. The firm will provide needed parts, without charge, for the repair and an allowance of \$50.00 for welding costs.

The manufacturer sold some units prior to 1972, the earliest year for which it currently has sales records. Any owner of playground equipment purchas-

ed prior to 1972 who believes he may have a "Flying Gym" should contact Miracle Recreation Equipment Company for assistance in identifying the product and obtaining information about the repair.

Until the repair has been completed, the Commission and the manufacturer urge that the swings be removed from all "Flying Gyms" to prevent their use.

For additional information, please contact Miracle Recreation Equipment Company, P.O. Box 275, Grinnell, Iowa 50112 (515-236-7536) or call the Commission's toll-free Hotline on 800-638-CPSC. The Commission's teletypewriter number for the hearing-impaired is 800-638-8270.

THURSDAY, JULY 3, 1986 Texans Expected to Die on Highways During Holiday

As many as 45 persons may die in traffic accidents in Texas during the long July 4 holiday period, according to an estimate by the Texas Department of Public Safety.

"The mixture of lower gasoline prices and increased travel this summer could prove to be deadly over the July 4 holiday," said Colonel Jim Adams, director of the DPS. "In addition to these factors, travel during the holiday will be made hazardous by the continuing problems of drunken driving and excessive speed."

Last year, 25 persons died as a result of traffic mishaps during the July 4 holiday, but because of the day of the week on which July 4 fell, the holiday period was only 30 hours. This year, the period will be 78 hours, from 6:00 p.m. Thursday, July 3, to midnight on Sunday, July 6.

Of the traffic fatalities during the July 4, 1985 period, 72 percent occurred in accidents involving excessive speed or drinking.

As in years past, in an effort to hold down the number of holiday traffic deaths, the DPS will conduct "Operation Holiday," in which additional troopers from the Department's uniformed services will be placed on Texas highways for heightened traffic law enforcement and to assist motorists.

Additionally, the Department will conduct its "Operation Motorcade" effort, in which periodic releases will be made throughout the holiday to keep the public informed about the number of traffic deaths occurring across the state.

"The philosophy behind this program is to make the public aware of the dangers of holiday travel and what motorists can do to make their time spent on the highways safer," Adams said.

This will be the first July 4 period since the new Texas safety belt law went on the books. Last year, 82 percent of those killed in traffic accidents during the holiday period had not been restrained, either by a safety belt or child safety seat.

"The message in that safety belt statistic is clear," Adams said. "The changes of being seriously injured or killed in a traffic accident are greatly reduced by wearing a safety belt and using a child safety seat for children under four years of age."

Adams said the two restraint laws, coupled with increased awareness of the dangers of drinking while driving, are contributing to an overall decrease in Texas traffic fatalities.

"Preliminary figures indicate the number of traffic deaths statewide was down 1.6 percent in the first quarter of this year compared with the first quarter of 1985," Adams said. "We hope that trend will not be reversed this July 4 period with a number of senseless tragedies."

The greatest number of live spectators for any sporting spectacle is the estimated 2,500,000 who annually line the route of the New York Marathon.

Consumer Product SAFETY ALERT

FROM THE U.S. CONSUMER PRODUCT SAFETY COMMISSION, WASHINGTON, D.C. 20207

June, 1986

CPSC Urges Caution for Three- and Four-Wheeled All-Terrain Vehicles

It is important to get training from certified instructors before riding.

Do not ride on paved roads.

Don't speed.

Wear a helmet.

Never carry passengers.

Parents should remember that ATVs are not simply overgrown tricycles. If children use motorized ATVs, they should do so only after receiving instruction, always under adult supervision, and only when they are old enough to safely handle them. Children should drive child-sized ATVs, not the larger adult-sized vehicles.

There has been a dramatic increase in injuries and deaths associated with three- and four-wheeled all-terrain vehicles (ATV's). Users of ATVs should always wear a helmet, never carry passengers, and keep speeds low enough to permit safe traveling for the terrain. The majority of accidents occur when the ATV collides with an object and overturns sideways, backwards, or forward.

The U.S. Consumer Product Safety Commission and the Specialty Vehicle Institute of America issue this updated safety alert to warn consumers of the potential operator risks associated with three- and four-wheeled all-terrain vehicles. CPSC's injury statistics have indicated a dramatic increase in injuries and deaths associated with all-terrain vehicles during the 1982-84 period and a continued rise in injuries and deaths in 1985.

Many children injured were without adults nearby, were passengers, or were riding ATVs that were too large for them. The information in the CPSC survey of injuries is preliminary and may change after on-site investigations of ATV related injuries. After the on-site investigations, CPSC will prepare a more detailed evaluation of the injured people, of the sequence of events in the ATV related accidents, and of possible causal factors.

All-terrain vehicles, often called ATVs, are small motorized recreational cycles with three or four large, soft tires and are designed for off-road use on a variety of terrains. In recent years, their popularity and sales have soared. Most units are sold for recreational use. Information from the Commission's National Electronic Injury Surveillance System (NEISS) indicates that the estimated number of ATV-related injuries treated in hospital emergency rooms jumped from 8,600 in 1982 to 26,900 in 1983; and to 63,900 in 1984; and to 85,900 in 1985. Since January 1, 1982, 415 deaths involving all-terrain vehicles have been reported to the Commission. A recent CPSC survey (between May and July 1985) of all-terrain vehicle related injuries showed that 18 percent of the persons treated at emergency rooms were hospitalized. The majority of accidents occurred when the ATV collided with an object and overturned sideways, backwards, or forward. Almost half of the injured people were children under 16 years of age.

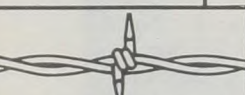

CPSC and the Specialty Vehicle Institute of America believe that increased safety awareness will contribute to a reduction of injuries and therefore are urging users to observe the following safety rules while using ATVs:

- ATVs have unique handling characteristics. **Beginning riders should receive training from certified instructors and should practice first on a level area and then in a more difficult but controlled environment before riding an ATV in rough or unfamiliar terrain.** The CPSC injury survey shows that approximately half the drivers had at least one year's experience, but one-fourth had less than one month's experience. Approximately half the accidents occurred at speeds estimated by the person interviewed to be below 16 mph. Over two-thirds of the accidents occurred after the ATV hit a terrain irregularity or larger obstacle during the sequence of events leading to the injury.
- All operators, including those

with experience, must continue to practice and develop their skills. ATV drivers must pay attention to the terrain in which they are riding and must anticipate needed steering maneuvers. In the injury survey, 28 percent of the accidents occurred during turning; 26 percent of the ATVs landed on the injured person.

- Parents should remember that ATVs are not simply overgrown tricycles. If children use motorized ATVs, they should do so only after receiving instruction, always under adult supervision, and only when they are old enough to safely handle them. Children should drive child-sized ATVs, not the larger adult-sized vehicles.
 - Always wear an approved protective helmet and other protective gear. In the CPSC injury survey, three-fourths of the drivers with head injuries were not wearing a helmet. Over half of the injured persons had worn no protective equipment. Only one percent of the injured persons had worn three types of equipment: helmet, gloves and heavy boots.
 - ATVs are designed for one rider only. **Do not ride double.** In the CPSC injury survey thirty-one percent of the drivers carried passengers on the ATV, and twenty percent of the injured people were passengers. Approximately 64 percent of the passengers injured were children under 16 years of age.
 - Do not operate ATVs when using alcoholic beverages.
 - Always read the owner's instruction manual and follow the manufacturers' guidance for use, maintenance, and pre-use checks.
 - Do not use ATVs on paved roads or streets because the vehicles are not designed to maneuver on paved surfaces and may be difficult to control.
 - Observe local laws or regulations and any regulations which have been established for public recreational areas where ATV use is permitted.
 - Drive carefully and use good judgement when using your ATV.
- CPSC and the Specialty Vehicle Institute of America (SVIA) are working together to find ways to help reduce injuries. The Commission held a public meeting with SVIA and the major manufacturers of ATVs on October 23, 1984 to discuss these injuries and how to reduce them.
- For further information on all-terrain vehicle safety, consumers should call the Specialty Vehicle Institute of America at 1-800-447-4700 or the CPSC hotline at 800-638-CPSC. The teletypewriter number for the hearing-impaired is 800-638-8270.

Fourth of July Is Dangerous Time On The Highways

Major V. J. Cawthon, Regional Commander of the Texas Department of Public Safety, said, "Everyone should know the most dangerous time to drive is on weekends, during the summer, and on holidays. This July Fourth holiday is going to combine all three."

The Texas Department of Public Safety will be conducting "Operation Motorcade" from Thursday, July 3, at 6:00 p.m. until Sunday, July 6, at midnight. During this time all available

troopers will be working to assist motorists, so they might have a more safe and enjoyable holiday. But Major Cawthon also stated these same troopers will also be on the alert for the motorists who continue to be traffic hazards for everyone and that will be the drinking and the speeding driver.

Major Cawthon warned, "Motorists also need to be on the lookout for people who are using the back road areas to discharge fireworks, especially the smaller children. The people who drive out into the country to discharge fireworks need to be especially cautious to watch out for fires and protect other peoples' property."

So whether you plan a trip across town or maybe across the state, by observing all traffic laws, not drinking and driving and driving as if your life depends on it, you can make this July Fourth holiday safe and more enjoyable for everyone.

Saturn revolves around the sun once every 29.5 Earth years, making a Saturn year almost three decades long.

The largest flying reptile, Pteranodon, had a wingspread of 40 feet, about the length of a trailer truck.

Spider mites are tiny but can cause big problems in home gardens and evergreen trees.

These pests prefer tomatoes, beans and peas and do most of their damage in hot, dry weather.

Spider mites, also called red spiders, are only 1/60th-inch in length and vary in color from white to green to red.

The tiny pests can build up quickly and completely engulf plants. They lay eggs on the underside of leaves, which hatch in four to five days. A complete life cycle takes three weeks, and as many as 20 overlapping generations can occur in a single year.

Mites spin a thin web which often can be seen on the underside of an infested leaf. They feed by inserting their mouth-parts into the tissue and sucking juice from the plant. While feeding, they inject toxic substances into the plant.

Infestations of spider mites can be identified by tiny white spots on the underside of a leaf. Heavy infestations cause bleaching or yellowing, first along the main leaf veins and then throughout the plant. The plant may also shed buds and small fruit. Spider mites can completely defoliate a plant if not controlled.

Control of spider mites is often difficult and requires from two to four applications of insecticide at five-day intervals. Plants should be checked frequently for spider mites since the pests can build up rapidly.

Insecticides registered for controlling spider mites in gardens are diazinon, kelthane, malathion and ethion. Best results have been found locally by using a product with kelthane.

Remember, as always, read and follow label directions on all insecticides.

Packaging People

Know why we build skyscrapers? In order to have many more people working in a limited area. We package people vertically!

Among the skyscrapers our photographer has discovered a church. It too has a vertical element — a steeple pointing heavenward.

Church architecture with its traditional spires expresses our beliefs. People today are packaged too tightly. Pressure, custom, conformity crowd in upon our souls. Christ teaches that every person is important . . . each one of us is loved by our Lord.

As we worship God each week side by side, our beliefs point us heavenward.

When Souls Communicate

When souls communicate — it's like prayer. There may never be a word spoken . . . just a sigh, a wish, a hope, a longing. A child trying to express some simple feeling to its Mother. Mother trying to express her devotion to her child.

All prayer is founded on the idea that God loves us and cares about the things that affect us. Jesus taught us to pray "Our Father . . ." He wanted men to see God's love on the parental level.

When you feel the need to pray, reach out with your heart to God. You may not be able to find words. Yet He hears, He understands those deep feelings we find hard to express.

In church our efforts to communicate with Him are strengthened by the fact that many others are praying with us. They need Him just as much as we do. And we need their longings, their hopes and wishes and feelings to help us express our own. Join us in prayer at your local church or synagogue.

PUBLIC NOTICES

INVITATION FOR BIDS

The City of Quitaque, Texas will receive Bids for water well pumps and controls until 10:00 a.m., Daylight Savings Time, on the 11th day of July, 1986, at Quitaque City Hall at which time and place all bids will be publicly opened and read aloud.

Bids are invited upon the several items and quantities of work as follows:

pumps and controls for two water wells

Contract Documents, including Drawings and Technical Specifications, are on file at the office of Ober J Engineering at 912 West Avenue, Wellington, Texas.

Copies of the Contract Documents may be obtained by depositing \$25 with Ober J Engineering for each set of documents obtained. Each such deposit will be refunded if the Drawings and Contract Documents are returned in good condition within 10 days after Bid opening.

A certified check or bank draft, payable to the order of the City of Quitaque, Texas, negotiable U. S. Government bonds (at par value) or a satisfactory Bid Bond executed by the Bidder as an acceptable surety in an amount equal to five percent (5%) of the total Bid shall be submitted with each Bid.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the Contract Documents must be paid on this project, and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex, or national origin.

The City of Quitaque, Texas reserves the right to reject any or all Bids or to waive any informalities in the bidding.

Bids may be held by the City of Quitaque, Texas for a period not to exceed thirty (30) days from the date of the opening of Bids

for the purpose of reviewing the Bids and investigating the qualifications of Bidders, prior to awarding of the Contract.

Jake Merrell, Mayor
June '86, 1986 2-2tc

CARDS OF THANKS

T. W. and I wish to express our appreciation to everyone for their phone calls, cards, food, flowers, visits and for the prayers and love shown while T. W. was in the hospital and since he came home. God has blessed us in so many ways. May God bless each of you.
T. W. and Marjorie Bell

Visitors in the home of Mrs. Estelle Davidson over the weekend were her son, Fred Davidson, and his son, Steven, and a friend of Amarillo who spent Friday night and Saturday visiting Mrs. Davidson and also Mr. and Mrs. Jimmy Davidson.

On Sunday morning, Rev. and Mrs. Richard Edwards, Chris and Kevin of Olton came in time to attend services with Mrs. Davidson at the Methodist Church. Mrs. S. B. McCracken of Tulia joined them there too. After church, the Jimmy Davidsons of Quitaque, Mr. and Mrs. Jimmy Don Davidson and daughter, Jenna, of Sterling City, and Rev. Dennis Flaughter all joined the others for lunch in Mrs. Davidson's home.

Mrs. Floye McCracken visited in the afternoon.
