Life's Wheels May Come Off by Ron Trusler

In golf, there are days when nothing seems to work right. Your swing is off, the ball makes bad bounces, you hit it too fat or too thin, you look up, and you can't make a putt. The list could go on and on. That's when it is said that "the wheels have come off."

I heard a true story about a person who had the "wheels come off." He was trying to start his motorcycle on his front porch. When it did start, he lost control. The motorcycle shot through the front door, spinning out of control into his living room. It knocked over furniture, lamps, wrecking everything in sight. He was busy trying to get the cycle under control when it fell over, breaking his leg. He got it shut off. His wife called an ambulance. They came to get him and she hurriedly cleaned up the gasoline that had spilled. She mopped up what she could and put the excess gasoline in the commode and quickly rushed to see about her husband at the emergency room. She brought him home with his broken leg cared for.

He went to the bathroom. While there, he lit a cigarette and when he finished, he dropped it into the commode. The commode caught on fire, burning him badly. His wife called the ambulance again. The same two men came to get him. While they were carrying him out on a stretcher, the family dog bit one of the men. They dropped the stretcher and broke the man's arm!!!

That story makes me cringe. If I were to be asked about what to do in a case like that when all the "wheels fall off" in life, the only thing I can think of that is left to do is start "scooting."

Just take a look at all the stuff we have been griping about the past month and remember this story and how very thankful we should be for all the many GOOD THINGS we do have in our life and center our thoughts on the good and not the bad that is happening to us.

I-30 Express To Pass Through Caprock Jamboree June 6

I-30 Express will be taking to the country roads long enough to give the guests of the Caprock Jamboree in Silverton, a spectacular performance, Saturday, June 6. This group has performed in the Dallas area and East Texas and into Oklahoma for 2 or 3 years. However, the present members have only been together a few months.

They will have a guest performer with their band when they come here who is well known in the Southwest. He is Morris Crowder who was with the "Second Time Around" group before joining the "Rockhearts." I-30 Express considers themselves a hard-driving Bluegrass band and anxious to be on the Caprock Jamboree.

Those of you from Silverton will probably recognize two

members of the group. Their identity will remain anonymous until Saturday night. However, it is rumored that Buck and Viloet Thomas will be in attendance.

Also making their debut to this area will be Britt Pounds band from Amarillo. Holy Ghost Express who was unable to attend last month have promised to be here. Wayne Hunter will be returning and also our own Country Sounds.

Besides three hours of one of the best shows in West Texas, you'll have a chance at the many door prizes donated by local and area fans, and a \$25.00 cash prize, so come out and be part of the fun. Come early and eat supper with the Quitaque Fire Department who will be serving mesquite grilled hamburgers.

Don't forget your chairs, and don't forget June 6, at 7:00 p.m. For more information call 847-2619 or 823-2456.
