SUPPORT OUR HOME TOWN

SWEET-N' SOUR

By A. Dill

Happy Abe Lincoln's birthday and ditto St. Valentine's to all (and that includes you both) you readers. First off, we have a bushel 'n a peck of thanks to Roberta Ross who sent us one of those Valentines we've always wanted - one with ribbons 'n lace, hearts 'n flowers - just the way a Valentine should be. By the way, Roberta celebrates a birthday this month and we send along a whole tucker bag of wishes that it will be the happiest one yet with more and more just like it.

We had a welcome visitor this week - Ben Corn of Marshall, who came out to see his daddy, P. H. Corn, and spend the week with him. He wants to know if we've run out of weather sayings here in West Texas and why didn't someone remember the one, "Easter Day, and it does rain, for seven weeks it will remain, but Easter Day and it is fair, for seven weeks 'till rain no 'mair." It's an old Scottish proverb and Ben says he's seen it hold true. Our mother's favorite prophets are the "weather birds." When the field larks move to town, watch for inclement weather. (P. S. A whole flock of 'em arrived this week). Another one that carries weight at our house is the old Indian "moon talk" - when the silver crescent of the new moon is tilted so that the hunter may hang his powder horn on it, he stays within his lodge for the weather will be wet, if, on the other hand, the tip is on such a slant that the powder horn slides off, then the hunter takes up his guns and traps and goes forth for the weather will be fair.

Have you seen a copy of T-P Topics magazine for February? The little booklet is published by the T&P railroad and contains news items concerning the employes. On page 20, under the heading "Lighting the Lamps of Knowledge," are several pictures of railway people who are now working on college degrees or special courses in their spare time. Of interest to our community is the shot that includes Doyle W. Welch, Train Dispatcher, a Bairdite, who is working on his BA degree.

We heard indirectly last week from your friend an mline, Kay McCoy Bernhardt of Waco. Kay keeps up with the home folks through the Baird Star and asks to be remembered to all of the folks at home. Kay was kind enough to say she reads ye old column, and bless her heart, we do truly appreciate it.

Our most sincere wishes to Buck Smith that he will soon be able to be up and about. Pneumonia complications sent him to the hospital this week and his many friends join us in sending this sort of "Get-well-Quick Card" his way.

Another February birthday is Lee "Grand Champion Rabbit Raiser" Abernathy who had fifteen candles on his cake last week. Still another February youngster is pretty little Frances Murphy whose honey hair and fish blue eyes have no resemblance to a ground hog whatsoever even though she staunchly claims "to be one" because her day is February 2nd.

Because of lack of information we can't say for sure that Bama Beasley has a squirrel for a pet, but she does have one in her front yard - a beautiful red fellow with a swirly tail larger than he is. He sits in the trees in the Beasley yard as though he were deep in the forest primeval and not ten feet away from U. S. Highway 80 at all. Whenever we see a woods animal or a wild bird we say a little silent prayer that hunting season is over and we can face them without apologizing for being a member of the human race. When you think of all the small, utterly harmless creatures that are wounded and crippled in the name of sportsmanship you wonder what the word means. (OK - you can take away the soap box, we're through).

The senior class and sponsors, Mrs. Archie Nichols and Chief Reese would have you know that come wind, rain or what-have-you the class will sponsor a supper Thursday, Feb. 18th in the cafeteria. OFFICIAL MEMORANDUM

by

PRICE DANIEL

Governor of Texas

Austin, Texas

GREETINGS:
For each of the past ten years Public School Week in Texas has been set aside as a special time to place increased emphasis on our educational system.

During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our leaders of tomorrow with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

Crimemobile To Visit Baird Mar. 9

The Crimemobile is a traveling free exhibit of the techniques and equipment of modern crime detection - the coldly efficient machinery of law enforcement that strips away the false glamour of the criminal.

Housed in a 50 foot truck-trailer, this rolling classroom travels 100,000 miles a year in Texas. Its message - that the criminal can't win - is impressed on thousands of citizens and school children each month as it travels to Texas communities by invitation from schools, youth workers, civic clubs, chamber of commerce or local law enforcement officials.

Baird Rebekah Lodge will hold a Cooked Food Sale, Saturday February 13 at the Baird Star office. Sandwiches, cakes, pies, cookies and coffee will be sold.

The Independent Order of Odd Fellows and Rebekahs have set up an organization called the Odd Fellow World Eye Bank and Visual Research Foundation, supported entirely by lodge members. Working with some of the most skilled medical eye specialists in the country, the organization will make arrangements for eyes no longer useful to one person to be used to help restore sight in another. Hospitals will store special containers in which to carefully pack the eyes for their speedy trip to The Eye Bank for examination. If the eye is satisfactory for sight saving, it is again rushed to an eye specialist, perhaps in another area, who has been alerted by telephone to prepare his patient for surgery that may result in new sight. The clear cornea is removed from the donor eye and transplanted into the eye of the waiting patient who now stands a better than even chance of seeing again, perhaps even better than he has ever seen before.

Given in marriage by her father, the bride was lovely in a floor-length gown of deluster-

ed stain. The princess bodice was fashioned with a V-neckline accentuated with a bow and a narrow fold of satin was caught down the front of the dress by seed pearls. Long sleeves tapered to petal points over the hands. Tiny satin-covered buttons fastened the back and sleeves. At her throat, she wore a single strand of pearls, the gift of the bridegroom.

From a cap of lace encrusted in seed pearls, her illusion veil drifted to fingertip length. She carried a bridal bouquet of gardenias on a white Bible which belongs to Miss Susan Pearson.

Clyde Seniors Hear Lectures, Feb. 1 - 5

In line with the Texas Education Agency's recommendation of a thorough program of guidance in the public schools, lectures on different careers were heard by Clyde high school seniors, Tuesday, Feb. 1 and on Friday, Feb. 5. This work is one phase of the program and seems highly justifiable.

Tuesday at 9 a. m., H. E. Swofford gave a splendid talk on Needs of the Business World, and opportunities open to them after graduation from high school. Mr. Swofford gave the seniors some good advice on how to prepare for the positions of their choice, and timely advice on how to apply for a job. The seniors feel they gained some valuable information from his talk.

Friday at 10:00 a. m., Weldon Edwards spoke to the same group. He traced the development of agriculture down several centuries, and showed how agriculture is, and always has been, the key industry of a progressive civilization. Mr. Edwards discussed several jobs related to agriculture that offer a challenge to the youth of today.

Callahan County is working on a cooperative plan of guidance, using one counselor for the entire county.

STEP IN IT - STEP OUT IN IT

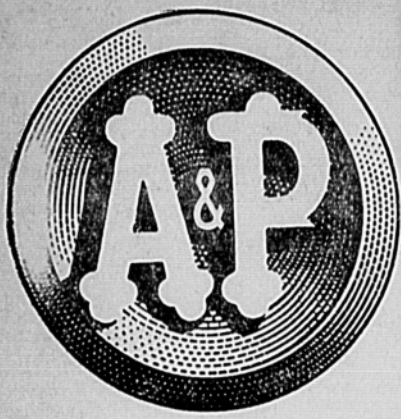

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

- Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.
- Butyl rubber body mounts**—Thicker, newly designed body mounts further insulate you from the road.
- Body by Fisher**—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.
- Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.
- Safety-Girder frame**—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.
- Hydraulic valve lifters**—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.
- Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.
- Precision balanced wheels and tires**—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.
- Easy steering ratio**—Chevy's high ratio Ball Race steering takes the work out of steering for you.
- Superior weight distribution**—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.
- Wide choice of power teams**—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer!
