## SENATE PASSES THE EDUCATIONAL BILL

### PROVISION MADE FOR TEACHING OF GERMAN IN UNIVERSITY OF TEXAS.

Austin, Texas.—The senate finally passed the educational bill carrying appropriation of \$7,772,116 with no material changes in the figures as agreed upon by the senate committee. The clause prohibiting the use of money appropriated for the teaching of any German language was struck out and provision made for an adjunct professor of German in the university at a salary of \$2,000. Another professor will be used to teach German, but will be paid out of the contingent fund by the board of regents.

The senate appropriation is more than \$600,000 less than that voted by the house.

The bill authorizing the attorney general and the board of prison commissioners to use every effort to hold for the state its option to purchase the Blue Ridge farm as recommended by the investigation committee was finally passed.

The senate finally passed the bill relinquishing to the surface owner of surveyed lands on which the state has reserved the mineral rights fifteen sixteenths of the oil and gas and permitting leaseholders to consolidate up to sixteen sections for purposes of developing.

The bill requiring livestock commission merchants to give graduated bonds from \$20,000 and upward was finally passed.

The most important measure acted on by the house, aside from passing finally the educational bill, was the senate bill extending the life of the commission of appeals.

The house adopted an amendment cutting the time of extension to one year, limiting the life of the commission to June 1, 1921, instead of June 1, 1922, as provided in the Dean bill. The bill carries an appropriation of \$56,000 for salaries and expenses through Aug. 31, 1921.

The house passed to third reading the senate bill making an appropriation of \$15,000 for a wool and mohair scouring plant at the A. & M. college.

The house adopted unanimously the concurrent resolution inviting W. G. McAtee to visit Dallas and deliver an address during the state fair of Texas this fall.

The house went on record in a determined fashion against permitting any wholesale changes in the tick eradication law passed by the thirty-fifth legislature.

The house bill to provide for a uniform tread for all vehicles used on public highways, was killed in the committee.

The agricultural committee killed in committee the house bill which sought to fix a uniform ginning price of 30c per 100, giving the commissioner of warehouse and markets the power to fix the price of bagging and ties.

The two prison reforms bills by Mr. Nordhaus, providing for a classification of prisoners in the penitentiaries into groups for their self-betterment, and for a woman on the prison commission, were reported favorably by the penitentiary committee.

House bill to create a \$50,000,000 state bond issue to pay to Texas soldiers a bonus of \$300 for war service was reported favorably by the house military affairs committee, with but one recorded against the bill.

Austin, Texas.—Governor Hobby has submitted to the legislature an "act to provide for the payment of Texas soldiers and sailors who enlisted in the defense of the state in the war between the United States and the German empire; providing for the issuance and sale of bonds of the state for raising the necessary funds therefor, and providing for the raising of revenue to pay the interest on the bonds and creating a sinking fund for the redemption of same."

Representative Malone has drawn a bill which provides for the issuance of \$50,000,000 worth of bonds by the state to provide a fund out of which every soldier who went into the service from Texas shall be paid a bonus of \$300.

An investigation of reports that bolshevism, socialism and similar doctrines are being taught at the university of Texas, is demanded in a concurrent resolution offered in the Texas senate and adopted. The probe is to be made by the board of regents.

The bill, raising the age limit for compulsory school attendance to 15 years, and compelling the exclusive use of the English language in all private and parochial schools, attendance in which relieves of obligation to attend the public schools, was reported by the senate committee on educational affairs

The university appropriation, as it now stands gives to the main university \$762,720 for the first year, and \$762,820 the second year. The department of medicine at Galveston receives \$128,756 the first year and a like sum the second year. The school of mines at El Paso receives \$27,386 the first year and \$27,554 the second year. The combined appropriation for all branches is \$918,893 the first year and \$919,161 the second year. It was stated on the floor of the house that the university will have to take approximately \$150,000 from its available fund to supplement this total appropriation for maintenance of the university under conditions of increased attendance that will prevail next year.

The house bill increasing the salaries of the members of the board of pardons and authorizing the governor to appoint two additional members of the board was engrossed.

The senate also engrossed the house bill increasing the salaries of the superintendents of all eleemosynary institutions from \$2,000 to \$2,500, excepting those of two institutions—the girls' training school and the deaf, dumb and blind asylum for negro youths. The salaries of the heads of these institutions are fixed at \$1,800.

A resolution was adopted requesting the prison commission to make a detailed report to the next session of the legislature of the advisability and cost of a state-operated cement plant.

The senate bill, making the converted Rusk prison an insane asylum for both whites and negroes, was finally passed.

The senate indefinitely postponed a bill permitting the raising of salaries of county deputies \$25 a month in counties of 100,000 population.

The bill permitting counties to take over bond issues of road districts within the county before the completion of the work was finally passed.

Austin, Texas.—The so-called cotton corporation bill, has been finally passed by both branches of the legislature. The bill authorizes the organization of corporations to handle bills of exchange acceptances and warehouse receipts on cotton and other southern farm products, making such paper commercial paper by the backing of the corporation. State banks may hold stock in the corporation.

Speaker Thomason told the house that he has been reliably informed that the legislature will be in session 30 days and no longer. He added that the general appropriation bills must be passed and said it will be his policy to insist upon the house working on those bills until they are disposed of, so far as is in his power.

The house refused to adopt the senate resolution appointing a committee to bring back to Texas the cornerstone of the old capitol building, now owned by a resident of Denver, Colo.

The senate finally passed the bill providing that 25 years' continuous possession of a land title will give a clear title, with a committee amendment cutting out the clause permitting an ex parte affidavit of possession of title to be made as sufficient evidence of possession.

The Hertzberg bill, requiring persons possessing personal property on which they have given a mortgage to notify the mortgage holder if the property is moved, and providing fine or imprisonment for the failure to do so, was finally passed by a vote of 61 to 11, with amendment requiring that the terms of the act be placed in the mortgage.

A bill making it a misdemeanor for a person to keep a dog who runs, worries or kills sheep and providing as penalty a \$100 fine or six months imprisonment or both.

A bill covering the governor's recommendation that legislation be enacted converting Rusk prison into an insane asylum for both white and negro inmates.

Another bill prohibits the hauling of nitroglycerine on the streets of a city or town or within one-fourth mile of the corporate limits.

A bill introduced regulates the handling of hog cholera virus and other preventive fluids used in the stock business.

A bill reducing the state tax on trucks operating on state highways was introduced.

Austin, Texas.—By a unanimous vote 27 to 0, the Texas senate adopted a resolution, offered by Senator Hertzberg of Bexar county, expressing "confidence in the integrity and trustworthiness of Governor W. P. Hobby," and that the proposed introduction of a resolution in the lower house calling on the governor to resign, "would be unfair, unjust and unwarranted." The Hertzberg resolution further declares that to introduce such a resolution "would be an attempt to discredit the governor in the eyes of the people of Texas and to reflect upon his integrity, and to cast a slur upon the good name of Texas."

The resolution was also adopted in the house by a vote of 80 to 2.

## GREGG COUNTY NOW UNDER MARTIAL LAW

WHITES AND NEGROES ORDERED TO TURN IN FIREARMS TO MILITARY AUTHORITIES.

### SITUATION REMAINS SERIOUS

More Guardsmen Arrive and No Further Trouble is Expected Following Killing of Negro Bush.

Longview, Texas.—Longview and Gregg county were placed under martial law at noon Sunday, following the killing of a negro by white men and because of increasing local uneasiness over the feeling between whites and negroes.

All people are ordered to turn in their firearms to the military authorities. Thereafter houses of both whites and negroes will be searched for weapons. All persons are commanded not to congregate about the town, and must be off the streets, and in their homes by 10 o'clock at night.

The order issued by Brigadier General R. H. McDill of Dallas, in command, and Lieutenant Colonel H. C. Smith of Austin, adjutant, after a telegraphic proclamation of martial law by Governor Hobby, says that "protection will be afforded all citizens of Longview and Gregg county at all times."

Officers say that they have the names of some of the white men who are supposed to have gone to the negro quarter when the first race clash occurred, and that these men will be arrested.

About 250 national guardsmen and eight rangers are on duty here. One hundred guardsmen have arrived from Dallas, Terrell, Greenville, Tyler and other points.

Marion Bush, the negro killed early Sunday morning, was the father-in-law of C. P. Davis, Longview negro physician, who, with S. L. Jones, the negro school teacher, were involved in the original trouble, and made their escape. Jones had been accused of writing an article, referring most offensively to a white woman of this county. The article appeared in a Chicago negro paper which Jones circulated in Longview. He denied, however, that he was its author.

## PRESIDENT WILSON VEToes THE AGRICULTURAL BILL

DAYLIGHT SAVING REPEAL RIDER IS CAUSE FOR ACTION OF PRESIDENT.

Washington.—The daylight saving law has been rescued from repeal by President Wilson's veto of the agricultural appropriation bill.

At the same time the president also vetoed the sundry civil appropriation bill, because, he said, by restricting funds, it crippled the work of rehabilitating and restoring disabled soldiers and sailors to civil life. The latter veto apparently accepted by congress without contest and the sundry civil bill went to committee to be reformed.

Veto of daylight saving, however, was not accepted so readily, although the prevailing opinion was that a necessary two-thirds vote to repass it over the president's head probably would not be mustered.

Republican Leader Mondell of Chairman Vaughan of the agricultural committee, will move the repeal of the bill, with the daylight saving repeal intact, over the presidential veto.

Both bills provide funds for which agencies of the government have been waiting. They already are months behind schedule because they failed of ordinary passage in the last congress.

At the same time, however, the president signed the Indian bill, the resolution authorizing New York and New Jersey to arrange for a vehicular tunnel under the Hudson river and various minor measures.

We learn that plans are on foot to have that Barbecue in honor of Callahan county's Soldier boys. Particulars next week.

Bryans seems to be hunting for a new "Paramount" issue for the Democratic Party for 1920. He "Paramounted" "free silver" in 1896, and paramounted "imperialism" in 1904. Do not recall what he "paramounted" in 1908 but if he succeeded in making Prohibition the "Paramount" issue in 1920, and is nominated we protest against him using the old Democratic mule as a race horse that he has rode to three inglorious defeats, but the biggest clumsiest camel to be found and mount Bryan on it. The old Democratic mule is not a fit emblem of a Prohibition party but the Camel is and should be substituted as the emblem of the "new" Democratic party.

Bryan has rode the old Democratic mule almost to death and we do not want to see him placed in a false position by carrying Bryan or any other Prohibitionist as the nominee of the Democratic party in 1920.

Mr. Bryan says the next nominee of the Democratic party must be a man who has always been right on the liquor question. According to Bryan's definition the Democratic party has not got a single man capable of filling the office of President who has always been right on the liquor question, not even Bryan himself, because he only flopped to the pro side when he realized it's growing strength. If Bryan is correct, the Democratic party will have to find a candidate from among the faithful or the Prohibition party. The Democratic party was never a Prohibition Party until it was captured by outside partisans and states here and there. If a Democrat fit for a nominee is found who according to Bryan's idea has always been right on the liquor question then he is not a Democrat in the strict sense of the word, because the Democratic party up to a few years ago flatly opposed Prohibition and has not had time to raise a Democrat of the new brand.

A man with Bryan's qualifications may be found in the Republican party, because that party has flirted with prohibition forty years longer than the Democratic party has.

We remember last year the legislature was so busy working up charges against Ferguson to oust him from office that one of the charges made against him in the public press was that he had secured an option to purchase the Blue Ridge farm at \$50.00 per acre when it was not worth over \$30.00. The Legislature committee appointed to investigate the release of that option by Gov. Hobby and the Penitentiary Committee after the discovery of oil on the farm, report that the land is worth \$100.00 per acre as a farm exclusive of oil. When Ferguson secured the option to purchase at \$50.00 the legislature said it was not worth over \$30.00, per acre, now that they have lost it they say the land is worth twice what Ferguson agreed to pay for it. Hobby and the Legislature, or those hostile to Ferguson, seemed so intent on discrediting everything that Ferguson did, that they let slip a tract of land that was worth \$300,000, more than Ferguson purchased it for, according to their own estimate.

There is nothing in the evidence to show that Hobby did not act in perfect good faith, or that he knew of the oil discovery. He told the Legislature that he would not purchase any more land unless the Legislature specifically authorized him to do so. As it was publically norated around Austin that the land was worth the price Ferguson had agreed to pay and as the Legislature refused to instruct Hobby what to do he was justified in releasing the state option.

The Legislature, not Gov. Hobby is to blame if the state has lost money by surrendering the option on the Blue Ridge Farm. If oil had not been discovered on the farm possibly the public would never have learned that Gov. Hobby had released the option on land that some of the members last year said was not worth over \$30.00 and now claim it is worth \$100.00 per acre. If it was worth \$100.00 per acre now it was worth \$100.00 last year when the people of Texas were being told that the land was not worth over \$30.00 per acre.

Texas, by reason of political spite against Ferguson has lost the most valuable farm it possessed. The state has this farm leased and Ferguson secured an option to purchase at \$50.00 per acre. Some claim that the land is worth \$150.00 to \$200.00 per acre, but take the committee report and it shows the state has lost \$300,000 besides the mineral rights on this land.

Last year's chickens are coming home to roost, and more will come.

COTTONWOOD LOCALS

July, 15, 1919.

Editor Star:—Top of the morning to you Uncle Billie. Another bright morning has dawned on us and gives promise of another day of sunshine, which the farmers can pursue their labors in thrashing their grain with a possibility of a biscuit for breakfast.

Another second Sunday has passed Eld. Foster again filled his appointment at Cottonwood.

Owing to some hitch in the proceedings the Methodist Protracted meeting failed to materialize on the second Sunday of this month, but if not providentially hindered it will begin next Friday night, but a want of enthusiasm is not very promising at this stage of the game.

Mr. Luther Odell, a son of Mrs. John Odell, of this community, was buried at the Cottonwood cemetery Thursday, of last week. Mr. Odell was a promising young farmer and leaves a host of sorrowing friends and relatives to mourn his loss. Peace to his ashes, and sympathy to the bereaved ones.

Mr. Lynch and family of out West, relatives of Mr. Otis Bennett, of our community, were visiting the latter at his home last week and attended the Primitive Baptist Meeting at the last regular appointment.

Mr. Clark Smith, of near Admiral, was shaking hands with friends in Cottonwood last Monday.

The fruit and vegetable crop is being rapidly mowed and soon the crop will be harvested.

Mr. Ross Respass went to the county capital Monday, with a load of vegetables.

On Friday before the third Sun-

day in August, the Primitive Baptist Association "The Duffan," will convene with the Primitive Baptist Church at Alexander, Texas.

Say, Uncle Billie, we hear the usual quotation daily. "We must shake up something for dinner," and that something is always beans or cabbage, or both with a very small piece of bacon cooked with them, usually denominated shortning and we humble fear that the regular attendance at our festive board of these two commodities will create in us an antipathy to add encouragement or force to force a sufficient amount of the above mentioned articles of provender to sustain life. Our constant plea will be, Oh Lord, deliver us from beans and cabbage.

Now we will, while the morning is cool, try in our might to "keno."

Uncle Jimmie.

MARRIED

One of the prettiest weddings of the season took place Tuesday evening, July 15, 1919, at 9:30 o'clock at the home of Mr. and Mrs. H. A. Lones, when their youngest daughter, Miss Norma Lee Lones, was married to Lieut. W. J. Bowler, of Chicago. Rev. Dr. Collier performed the marriage ceremony in the presence of the family and a number of friends.

The bride was attended by Miss Ellamoore Seale and the groom by John Lones, brother of the bride.

The wedding march was played by Miss Ruth Leonard, niece of the bride.

The decorations were of patriotic colors, which blended harmoniously with the uniforms of the groom and best man. The bride was attired in a traveling suit.

The bridal dinner was served at 6 o'clock and was attended only by the bridal party and relatives. Light refreshments were served after the wedding.

Lieut. Bowler has recently returned from France, where he served in the transportation department.

Lieut. and Mrs. Bowler left on the east-bound train for Camp Funston, Kan., where they will remain until Lieut. Bowler is discharged from the service, when they will go to Chicago, to make their home.

The following relatives and friends from out of town attended the wedding: Mr. and Mrs. J. R. Copeland, Misses Doris Menger and Louise Wheelton, of Big Spring, Mrs. B. N. Leonard and daughter, Miss Ruth, of Shreveport, La., Mr. and Mrs. Chas. Lones and daughters Louise and Marie, and son, T. A. of Madill, Okla., John Knott, El Paso Sexton Hulen, Rising Star.

HONORING MISS LONES

On Thursday morning of last week Mrs. Clifton Brown entertained at the home of her mother, Mrs. E. M. Wristen, with a party announcing the approaching marriage of one of Baird's best loved girls, Miss Norma Lee Lones, to Lieut. W. J. Bowler, who has just returned from overseas.

The announcement was made in quite an amusing way. Refreshments were served and on each plate was placed a blank envelope and after much curiosity was aroused the envelopes were opened and found to contain a poem, cleverly written, telling of the Doughboy's evening in France, longing for the girl with the gray eyes. The bride and groom to be were toasted with long life and happiness. Mrs. Brown gave a toast to the bride, Miss Frank Johnson, to the groom, Mrs. Elmer Norman to the girls left behind and Miss Lurline Ramsey to the mother.

On Friday evening following at 6 o'clock Miss Hazel Magee gave a linen shower for Miss Lones. After some time spent in pleasant conversation little Lorene and Dorene Finch entered the parlor, carrying a Red Cross stretcher, laden with many beautiful and useful household linens. Refreshments were served.

Pyeatt by deed in writing of that date and recorded on page 591 of Vol. 53 of Deed Records of Callahan County, Texas, in consideration among other things of the two notes hereinabove described and plaintiff has a vendor's lien on said land and premises to secure payment of said two notes, said lien being expressed in said notes being implied and by law. That said two notes were heretofore before maturity assigned, transferred and conveyed to said C. W. Logsdon together with the lien securing same as shown by transfer of record on page pages 112 and 113 of Vol. 58 of Deed Records of Callahan County, Texas, for a valuable consideration and with out notice and same are now the legal and equitable property of said Logsdon; that the sum of One Hundred and Thirty-five Dollars has been paid on said notes that matured January 1st 1918 and all interest on both of said notes has been paid to January 1st 1917, but said two notes otherwise remain wholly unpaid that by reason of the premises the makers of said notes became liable and bound to pay, and promised to pay plaintiff the sum of money in said notes specified together with said interest and attorney's fees upon accrual thereof. That defendants have failed and refused to pay said notes or any part thereof, except as to the credits above mentioned, though payment thereof has often been demanded of them and each of them. That since the payments above mentioned were made plaintiff has placed said notes in hands of an attorney for collection and has promised to pay said ten per cent attorney's fees therein provided for and said fees have accrued and are due and payable and are reasonable. That at time of execution of said notes the makers thereof also executed and delivered to said J. C. Welch a certain other companion note in the sum of \$345.00 due January 1, 1917 and which plaintiff alleges has been paid. All said notes are properly and sufficiently stamped with the proper revenue stamps as required by law. Plaintiff further alleges that subsequent to the execution and delivery of said notes, said C. O. Pyeatt and wife, B. M. Pyeatt, executed and delivered to C. B. Holmes a certain oil and gas lease on the above described land, which lease is dated January 18, 1918 and of record on pages 473 and 474 of Vol. 64, of Deed Records of said Callahan County; that thereafter said C. B. Holmes assigned said lease to H. W. Broughton by assignment recorded on pages 474 and 475 of Vol. 64 of said Deed Records and thereafter said H. W. Broughton assigned an undivided one-half interest in said lease to J. M. Moreau by assignment of record on page 30 of Vol. 71 of said Callahan County Deed Records and said Moreau assigned undivided undivided one-half interest thereafter in said lease to J. Mederia by assignment of record on pages 76 and 77 of Vol. 73 of said Callahan County Deed Records and said B. L. Blacklock assigned an undivided one-half interest in said lease to J. Mederia by assignment of record on page — of Vol. — of said Callahan County, Deed Records and said J. Mederia assigned said lease to M. H. Woodruff in so far as twenty acres of said land is concerned, said twenty acres being the S. 1-2 of the S. E. 2 of the E. 1-2 of the S. E. 1-4 of said Survey No. 1. Plaintiff further alleges on information and belief that said J. Mederia is claiming to be the owner of said

lease as to all of said land other than said twenty acres and said Woodruff claims to be the owner of said lease as to said twenty acres, but that said lease and all rights thereunder and all the rights, titles, claims and interest of said Mederia and Woodruff and each of them in to and under said lease are subsequent to and inferior to the lien of this plaintiff on said East one-half of said S. F. 1.4 of said Survey No. 1. That all defendants herein are charged with notices of plaintiff's said lien. Plaintiff alleges on information and belief that said Beulah Pyeatt and B. M. Pyeatt are one and the same person and that said Beulah Pyeatt is probably claiming some homestead rights or other rights of title to said land, but same are inferior and subsequent and subject to the rights and lien afore said of this plaintiff.

Wherefore, plaintiff prays the the Court that all defendants be cited to appear and answer herein, that citation against defendants, J. Mederia and M. H. Woodruff be served by publication and on hearing of this cause that this plaintiff have judgment against defendants C. O. Pyeatt and wife, Beulah Pyeatt for the full amount of all unpaid principal on said two \$500. notes with all interest thereon according to their tenor, effect and reading and together with said ten per cent attorney's fees and for the foreclosure of his said lien on all said land and premises against all defendants herein, and that same be decreed to be sold according to law, that the sheriff or other officer executing such order of sale shall place the purchase of said property sold in possession thereof within thirty days after the day of sale, and for such other and further relief both at law and in equity general and special as plaintiff may be justly entitled to receive and he will ever so pray.

Attorney for plaintiff C. W. Logsdon

**TREATY RATIFIED BY  
 GERMAN ASSEMBLY**

OPENS WAY FOR LIFTING OF ECONOMIC BLOCKADE BY THE ALLIES

Weimar—The resolution ratifying the peace treaty has been adopted by the German national assembly by a vote of 208 to 115.

The text of the ratification resolution, as introduced in the national assembly, consisted of two clauses, reading as follows:

"The peace treaty between Germany and the allied and associated powers, signed on June 28, 1919, and the protocol belonging thereto, as well as the agreement relating to the occupation of the Rhineland, signed the same days, are agreed to. This law comes into force on the day of its promulgation."

Most of the ministers were present at the meeting of the national assembly when ratification of the peace treaty took place and there was a full attendance of deputies.

Dr. Hermann Mueller, foreign minister, in introducing the government bills, explained that the hastening of the ratification order would bring about the lifting of the blockade. "We are about to enter upon a forty years' march through a desert," he said. "I can find no other term for the path of suffering which fulfillment of the treaty prescribes for us."

Dr. Peter Spahn, leader of the Catholic center party, said: "We agreed to the treaty under hard compulsion, to save ourselves from anarchy and to preserve the fatherland from internal ruin."

**Saving Stamp Traffic Will Be Checked**

New York.—The war savings committee announces that the operations of unscrupulous traffickers in thrift and war savings stamps were being investigated with a view to prosecution. That on or about the 22nd day of June 1917 plaintiff H. J. **LOSS OF APPETITE**

As a general rule there is nothing serious about a loss of appetite and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. 31-4t-adv.
