VOLUME 63—NO. 24

BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JUNE 23, 1950

Democrats In Session Monday

The Callahan county Democratic executive committee held its meeting on schedule Monday to arrange the ballot for the forthcoming primary election in this county. All members except two were present. Mrs. Ray Wilbanks, elected precinct chairman of the Hart community, was present for the meeting, and this is the first time a woman elected to this position has served on the board in Callahan

Roy Kendrick, a loyal leader of the Democratic party who has served on the Callahan county board for the past 40 years, offered his resignation. The board accepted his resignation with regret, and assured him that his sage advice would be valuable to the party in the future whenever he felt the urge to offer it on matters concerning the Democrats. The board gave Mr. Kendrick a vote of thanks for his untiring efforts. Mrs. Ted Walls was appointed to the posthe Denton community.

Two new chairmen were appointed to the board. Dick the Belle Plain community to the other appointee

All members of the county of Christ. board except two were present as follows: Hugh Ross, county chairman, Mrs. Tom Barton, secretary of the Board; Ben Russell, Baird; Earl Hays, Clyde; Earl Spurrier, Lanham; W. E. Smith, Eula; Lehman Hayhurst, Dudley; Roy Kendrick, Denton; Dick Young, Belle Plain; Floyd Coffey, Cottonwood; Joe Jones, Admiral; Harry Sandlin, Put-Rowden; Mrs. Ray Wilbanks, Harry Absent were Edwin Raym.

juries suffered when struck by an auto he was attempting to slow down near a bridge, two miles east of Cross Plains.

State Highway Patrolman George Clark of Baird, who investigated, said Waggoner was hit by a car, driven by a Cross Plains woman.

Waggoner was stationed on the east approach of the bridge, on State Highway 36, to warn motorists of repair work being made on the bridge by highway maintenance crews when the accident occurred.

Funeral services were held at 4 p. m. Sunday from the Clyde Church of Christ, with C. A. Berryman, minister, officiating. He was assisted by Rev. A. A. Davis, pastor of the Baird Baptist Church. Burial was in Clyde ition of precinct chairman in Cemetery, directed by Wylle the Denton community.

MILLS-MOBLEY WEDDING

Miss Sibyl Irene Mills, daughter of Mr. and Mrs. Mills of Grapevine, was married Friday to Jimmy Mobley, son of Mr. and Mrs. Ernest Mobley of Baird, in the lovely patio at the home of Mr. and Mrs. Clyde White.

The double ring ceremony was read by Rev. E. L. Yeats before an inprovised altar. The huge fireplace was banked with ferns and other greenery. On either side was a tall basket of white roses.

Mrs. Vida Hill played the traditional wedding music on the violin. The bride entered the patio on the arm of her father. Her gown was fashioned of white taffeta with an off-theshoulder bodice and an overskirt of white lace. On her head she wore a bandeau of pink

Sam Gilliland LONE STAR GAS COMPANY

Comes Riding, The Little Col- Vetch Seed Testing Available to Farmers

testing laboratory is again available this year for farmers. The information to follow comes to E. L. Reese from E. B. Reynold's. Agronomist in charge of the Vetch Laboratory at College

The following information on sampling, taken from the Texas Seed Law and Regulations and ial Seed Analysts, is given for the guidance of vetch seed producers in taking samples for germination and purity tests:

General Procedure

(a) In order to secure a representative sample, equal portions shall be taken from evenly distributed parts of the quantity of seed to be sampled. Access shall be had to all parts of that quantity.

(b) For free-flowing seed in bags or bulk, a probe (divided probe) or trier, shall be used. For small free-flowing seed in bags a probe or trier long enough to sample all portions of the bag shall be used.

(c) Composite samples shall be obtained to determined the quality of a lot of seed (i. e., percentages of pure seed, other crop seed, weed seed, inert matter, and germination). Individual-bag samples may be obtained to determined if the lot of seed is uniform.

(1) To determine if there is an obvious lack of uniformity of seed from which to composite sample is being obtained, each portion shall be axamined (see paragraph (2) below) and the portions shall then be compined to form a composite sample

or samples.
(2) If the lot is found not to uniform when obtaining a composite sample to determine its quality then additional individual-bag samples shall be taken for the purpose of testing the uniformity. Such individualbag samples may also be taken for the purpose of testing for uniformity even though a composite sample has not previously been obtained. The identity of each individual-bag sample must be maintained.

Bulk seeds shall be sampled by inserting a long probe or by thrusting the hand into the bulk, as circumstances require, in at least seven uniformly dis-tributed parts of the quantity being sampled.

(a) To obtain a composite

sample: (1) In quantities of five bags or less, each bag shall be

(2) In quantities of more than five bags, at least every fifth bag, but not less than five shall be sampled.

(b) To obtain individual-bag samples: In obtaining samples to test for uniformity at least four bags

shall be sampled if there are less than 100 bags in the lot; seven bags if there are from 100 to 400 bags in the lot; and 10 bags if there are over 400 bags in the lot.

Size of Sample

Two pounds of vetch seed should be submitted for germination and purity tests."

Samples chould be sent by mail preferably in small cloth bags or otherwise securely packed to prevent loss or breagage.

A & M College's vetch seed Time Required for Germination

According to the mothods of the Association of Official Seed Analysts, which are used in the Vetch Seed Testing Laboratory, 14 days are required to make a germination test of hairy vetch seed. Usually, it will take two to three days for the grower's sample to reach the laboratory from Rules For Testing Seeds by mail. Another two to three Adopted by Association of Offic-days will be required to send the results of the tests to the next year. growers. From this, it is eviexpect to get the results of germade to make tests and get re-

Where to Send Samples

Growers should mail samples of seed to the Vetch Seed Testing Laboratory, Department of Agronomy, Texas Agricultural Experiment Station, College identification marks should apsample is enclosed in the bag or package, the package may re- too. quire first class postage.

Official Tags

results of tests of the Vetch Seed Testing Laboratory may be used by growers in securing official tested seed labels Application for such labels must be made direct to the Seed Laboratory Division, State Department of Agriculture, Austin, Texas, upon application forms furnished by that Division. Tags are furnished at one cent each

The Texas Seed Act requires that official tags or labels be attached to each container or bag of agricultural seed weighing 100 pounds or fraction thereof or exposed for sale in Texas. Such labeling, however, is not required when one farmer sells to another farmer seed grown on his own farm when such seed is not advertised in the public press outside of the vendor's home county and not shipped by common carrier.

Responsibility of Vetch Seed Testing Laboratory The Vetch Seed Testing Laboratory, Department of Agronomy, Texas Agricultural Experiment Station

periment Station, will ake and report the test of purity and germination acording to the rules and procedure adopted by the Seed Laboratory Division of the State Department of Agriculture, but assumes no responsibility for the accuracy of the sample in representing the seed actually for sale. That responsibility must be assumed by the individual or firm affixing the labels or tags, as is provided for in the Texas Seed Law.

EDITORIAL

IS SPRAYING REALLY NECESSARY?

These hot days are bringing forth house flies and These hot days are bringing forth house mosquitoes in swarms, and the city's fog machine is being placed into use. The city bought the machine last year and placed into use. The city bought the machine last year and placed into use. The city bought the machine last year and were carried to Abilene where a means of preventing polio and other dread epidemics each was classified and instructhitting our town. It costs the city \$50 for poison plus labor ed in accordance with Red Cross and other expenses in running the machine each time the town is sprayed. This can run into quite a figure during the course of the summer. Some folks are wondering if the spraying is actually worth what it costs. This question is those who took their cars or asked in the face of the fact that numerous breeding places helped in any way to make a for flies and mosquitoes need cleaning up. Horse lots, cow success of this project. pens, chicken pens, out-door toilets, and many other spots exhist over town that make unsanitary conditions. Every at Abilene were: Rosalind Monplace of this kind should be cleaned up before the fog machine can be effectively used. The city will use the machine as often as possible, but take notice after each Stevenson, Jackie Stanley, Donspraying and see if you find any flies. When you do, it is na Betcher. Beverly Konczak a sure sign that there is a breeding ground that needs to Jane Walker Mary Grace Walk- attend at the stated time: be cleaned up. With the complete cooperation of all our er, Helen Walker. citizens, Baird can be the cleanest, most livable town in

OTHERS CHOOSE THE WATER DISTRICT PLAN

We see where many other small towns are choosing Jeter, Jean Vines, Sonja Berkto create water districts, like Baird did, as a means to solve their water problems. Roby and Rotan will vote on this proposition June 20th. We wonder what has happened to the big West Texas Chamber of Commerce plan to give water to West Texas. Baird was criticized at first for going ahead in solving its own water problem, instead of subscribing to a regional plan that was in the making. The Scout Little House. Policies of squabble over the Paint Creek water problem shows Baird's plan to own and control its own water is the best yet. Baird Plans were made for exhibits of ducting their meeting. The girls is not asking the government for any favors, and we do not want to wart our neighbors any more than is absolutely necessary. We will cooperate with them 'til the world looks level, but we feel that everybody would be better off if each the Old Settlers Reunion. After Those attending were Janis of us would run under his own power. While we do not have water out of our lake yet, the project is getting along well, ments were served. and we are enjoying the applaud that comes from many hands at the manner in which we are solving our own

TOWN DOGS SHOULD BE PROPERLY KEPT

There are entirely too many stray dogs wandering around over the city, but when we make this statement Sharon, Tom Stanley and baby, we feel that you know it before we tell you. As long as Eddie Z. Konczak. people allow dogs to "take up" at their homes, Baird is a most unsafe place for children and grown-ups too. Not long ago the little Turner girl was bitten by a vicious dog and it came very close to being fatal. The dog was kept under observation for the necessary time to prove that he did not have rabies, but the child's cheek was bruised where the dog's fangs struck her. The dog had made a practice of hitch-hiking rides on the city pick-up truck, and it so happened that he jumped into the truck when city employees went to the Turner home to do some electrical ed by trained supervisors who are constantly ruiding the girls are constantly ruiding the girls wiring. While the men were busy with their work, the child are constantly must have suddenly awakened the dog and he snapped at

must have suddenly awakened the dog and he snapped at camping the later than the child was treated by a later than the child and the child was treated by a later than the child was tre so in the final conclusion the case was settled in 42nd District Court Monday morning between Mr. Turner's lawyer and the insurance company for \$500. That is, the insurance company paid off to that amount, but as we see it, the case has not been settled yet so far as the people of Baird are concerned. Unless we get rid of the stray dogs there is a possibility that the city will lose this insurance protection. As long as stray dogs wander at large over the city, the people of Baird are guilty of exposing little children to all Complete abstracts to all lands sorts of dangers. Whenever anyone is bitten by a mad dog, and town lots in Callahan County it is an awful thing. Death caused by rabies is horrible, it

There is an ordinance calling for all dogs within the city to be licensed and vaccinated. It can't be enforced any easier than any other ordinance because the city does n maintain a court. Court costs come high, and to make a city court pay, somebody must be arrested almost every hour and made to pay sizable fines. After all, why should a small town of people like we are need a court. All of us should consider our neighbor's view point and live in peace with each other. If we have chickens that are a detriment to our neighbor, we should get rid of them or pen them, or whatever the case might call for. If we have a horse lot or cow lot that creates an unsanitary condition that our neighbor has to live near, do something about that. The important thing for Baird people right now, it to get rid of stray dogs before the rabies season sets in-and it is almost here.

SHIVERS ASKS HARD WORK OF ECONOMY GROUP

Responding to the call of Gov. Allan Shivers to work for the preservation in Texas of "a sound government and a sound economy," several hundred members of the Texas Economy Commission met in Austin last week to set up their permanent organization and to start work.

Former Senator John Redditt, Lufkin was elected chairman; Mrs. Charlcey Ward, Louise, vicechairman; John Ben Sheppard, Gladewater, secretary; and E. Cravens, Austin, treasurer.

Membership of the Commission was appointed last March by Governor Shivers.

The governor, principal speaker at the Austin meeting, expressed himself as deeply concerned that the people of Texas be fully informed about their the Police of the America of the Am State Government

"There is a definite job to be State Park.

stop the trend toward bigger and bigger State spending, without depriving our people of essential services.

"To determine our limits and define our goals, we need to bring to bear all the intelligence, the courage, the unselfishness, the good will and the sound business judgment that we have in this State. The Economy Commission

adopted an eight-point program of objectives, embracing the suggestions in Gov. Shivers' address, with the overall goal being stated as "maximum government efficiency at minimum

TO THE CITIZENS OF CALLAHAN COUNTY:

NOTICE

First, I want to state I have never worked for any State or Federal Agency, other than the State Highway Department in Abilene, Texas, nor have I ever offered myself for public office before. This is my first opportunity to announce without running against my employer.

If elected your next County Clerk I intend to be on the job at all times ready and willing to serve you as I have in the past. The experience I have had as deputy enables me to handle the duties of this office with efficiency, therefore, there will be no expense of training another clerk.

I have been requested by a number of people to keep this office open on Saturday afternoons, which I propose to do. This office belongs to the people of Callahan County and I think, should be run in a manner suitable to the majority of the people.

I intend to co-operate with all County officials to the fullest extent so long as it does not interfere with the workings of this office.

Your vote and influence will be appreciated.

Sincerely,

MRS. CHAS. L. ROBINSON (Formerly Johnie Wilson)
