Ring the jingle bells and shou ith glee (give with all other igns of joy) Baird will have a Community Christmas tree this the children. year. This project, in the inter-est of civic spirit and to spread the gladness of the season, is being sponsored by the Neophyte Club, Mary Payne, president of the Club, made the official an-

nouncement this week and in-vites the cooperation of the clubs and citizens of the town to make it a gala affair. The tree, located on the courthouse lawn, will be lighted as soon as possible. Plans include an overall invitation to the entire community to participate in the tree programming. This means that caroling groups, choirs, glee clubs, bands, are invited to make the lighted tree their headquarters for sing-songs, concerts or what have you. Mrs. Doris Harris is in charge of the program schedule and you need only to contact her, suggest the time

you can make an appearance and announcements will be made so that the public may at-tend. The invitation includes the county - so come on you songsters and make this the happiest Christmas time we've ever known. The Club plans a climaxing program with Santa Claus and all the trimmings -they are excited about the activity, and so are we. From where we view it, it seems an ideal way to an old fashioned Yule season, full of warmth, neighborliness and cheer, the way Christ-mas was meant to be. Betty old. mas was meant to be. Betty Hardwick, Barbara Skinner and Mary Jo Cauthen are the tree

TB Seals Mailed **To County Residents**

The traditional Christmas Seal Campaign was opened Nov-ember 13th, with the mailing of Christmas Seals to Callahan County residents.

Over nine million lives have been saved since the first Seals were sold. Funds raised in the annual campaign are used for local and state programs of tuberculin testing, nursing scho-larships, follow-up care of TB patients, chest x-rays, and a variety of special projects. The Chrasimas Seals come

out just once a year. They come to you in the mails, your contribution comes back in the mail. In spite of all the good work that has been done by TB as-sociations over the years, TB strikes someone, somewhere, every seven minutes, and takes

a live every fifty minutes. We can help change these grim statistics by buying and using the lovely Christmas Seals so answer your letter today.
