Trains May Take Dinner In Cisco C. Of C. Believes

The matter of having the Texas & Pacific Railway Co. designate Cisco as a dinner station was discussed at the directors' meeting of the Cisco chamber of commerce Tuesday night. The spontaneous enthusiasm manifested by the directors at the initiation of this movement caused some comment as to the reason this matter had never been previously suggested. True, as big projects go, such as million dollar R. F. C. schemes, etc., this project is infinitesimal, but it is feasible—something within the reach of Cisco's cable tow—and can be landed if properly applied for. And why should we fail? Cisco is the logical place for the dinner station for the 12:20 west bound passenger train; the passenger station is within less than one block of two restaurants and a family dinner hotel, then there are three other cafes and lunch stands one-half block further removed. The train stops here now seven minutes to take water, and this accommodation for the passengers would mean only an additional 14 minutes to permit the passengers to dine at a seasonal hour, part of which could be absorbed by cutting off some of the time at Baird to allow passengers to buy lunch boxes, as is now being done, while the crews change. If Cisco was a dinner station the passengers would not suffer the pangs of hunger till they could reach Baird around the 1 o'clock hour, thus marring the pleasure of the otherwise luxurious travel on the de luxe T-P trains.

The advantage to Cisco would be the attraction of several dollars a day to be distributed among Cisco merchants, and would be an advertising feature, as it would enable tourists to see something of the magnificence of our city while relaxing at the noon hour. Even to rest a few minutes in shady Katy park till the train departs would leave the tourists a better impression and create a desire to visit Cisco at some future date.

The directors received the proposition enthusiastically, and named a committee, consisting of W. H. La Roque, P. P. Shepard and Dr. C. C. Jones, to use their good offices with the Texas & Pacific officials to get Cisco designated as a dinner station.

Mrs. Nannie Bolinger, widow of the late Henry C. Bolinger, was stricken early Thursday morning at her home, 611 West Twelfth street, while attending to her household duties. The seriousness of her illness was not determined early Thursday, but it was reported that she was suffering from a lapse of memory and suspended muscular functioning. It was stated that the attending physician registered her blood pressure at 218.

Mrs. Bolinger is in her 78th year, the Citizen has been informed.

ANTI-REPEALISTS CALL ORGANIZATION MEETING

Following the instructions of the Eastland County members of the prohibition meeting for the eastern half of the twenty-fourth senatorial district, held at Breckenridge last Monday, we are calling the dry forces of Eastland county to meet next Tuesday, June 20, at 2:00 p. m., at the courthouse at Eastland, for county wide organization.

GID J. BRYAN,

Temporary Chairman for the committee.

Mrs. L. B. Campbell and the younger children arrived in Cisco several days ago, and is here awaiting the arrival of Mr. Campbell, who is expected this week to arrange for the removal of the family to San Angelo.

GET TOGETHER SONG FEST TUESDAY EVE.

We are having a get together singing next Tuesday evening, June 20, at the First Baptist church, corner Avenue F and West Ninth street, at 8 o'clock. We will have with us on this occasion Mr. and Mrs. Theodore Sisk, of the Sisk Music Co., of Tocco, Ga. and urge all singers and lovers of vocal music to be sure and attend, and help us make this event the success we anticipate.

Mr. and Mrs. Sisk are both talented musicians, who will bring us some very fine musical specialties.

Its all free, so come.

J. B. F. Wright.

Those attending the Eastern Star school of instruction in Eastland Wednesday were Mr. and Mrs. L. D. Wilson, Mr. and Mrs. J. M. Whitten, Mr. and Mrs. C. S. Karkalits, Mesdames J. W. LaMunyon, A. V. Clark and J. T. Elliott; Coe McLeRoy, C. Yeager, Gabbert, Gay Weaver, G. S. Tomlinson, H. O. Westerfeldt, E. C. Duncan and Bess Brown.

J. E. Spencer, secretary of the chamber of commerce, conferred with West Texas C. of C. officials at Stamford Wednesday, relative to matters connected with R. F. C. projects for Cisco and Eastland county.

Mrs. Riva C. Burnett, of Miami, worthy grand matron of the Order of Eastern Star, and Mrs. Gertrude Joiner, of DeLeon, district deputy grand matron, were guests of Mr. and Mrs. H. O. Westerfeldt Tuesday night.

Representative and Mrs. Oscar Chastain, of Eastland, spent Monday morning in Cisco. Mr. Chastain was a pleasant caller at the Citizen sanatorium.

Mrs. Mildred C. Harris, grand examiner Order of Eastern Star, and Mrs. Rose Olsen, of Waco, spent Tuesday evening in Cisco.

Mrs. A. A. Tillotson and Miss Thayer Tillotson, of Rotan, are guests this week of Mr. and Mrs. H. O. Westerfeldt.

Burnett Made No Detailed Report of New York Trip

Commissioner J. R. Burnett, mayor protopore of the city of Cisco, returned from his trip to New York Tuesday evening, reaching here in time to preside over the commission meeting. He and Mayor J. T. Berry left here for the eastern cities about two weeks ago to confer with the bond committee in New York City with a view to reaching some basis of settlement. Mayor Berry stopped over in Fort Worth and did not reach home till Wednesday.

Mr. Burnett made no detailed public report to the commission Tuesday evening, but did say that he and the mayor had held conferences with the members of the bond committee practically all of Tuesday, Wednesday, Thursday and Friday, with the result the committee would prepare a formal proposition to Cisco for the settlement of the bonded indebtedness.

"I regret to say that this proposition, which should reach Cisco by Thursday, will not be as favorable as we had hoped for, but we were informed that it would be the committee's ultimatum, or the only proposition they would submit for a settlement."

"The committee criticised Cisco for maintaining a chamber of commerce, band and zoo, while being so heavily indebted. They intimated that they would return the bonds they hold for collection to the original holders unless their proposition was accepted as a basis of settlement, and attempt no further negotiations with us." This action, they stated, would probably result in a complication of lawsuits by the individual bondholders, which will probably be the case," Mr. Burnett stated.

"But I do not care to go further into the details of our negotiations until Mayor Berry arrives and can be present," Mr. Burnett said, "or until the committee's proposition is received. Then the commission can meet on the call of the mayor, and the whole matter will be discussed. However, I will say that our proposition to settle on a basis of 10 cents on the dollar was turned down flat."

"In Washington we held conferences with both Senators Sheppard and Connally, Representative Blanton, and other congressmen. The amendment to the new bankrupt law, that passed the lower house, providing that cities and towns may invoke its provisions to settle community bonded indebtedness, was shelved in the senate for this session, and we were assured by both of the Texas senators that there was no probability of its adoption by this congress."

Mrs. Carrie Campbell, mother of our former well known townsman, L. B. Campbell, departed early Wednesday morning for Hattiesburg, Miss., where she will make an extended visit to her daughter, Mrs. J. C. Bounds, who spent several weeks here last winter. Mrs. Campbell has had charge of the Gude hotel since Mr. Campbell left here a few months ago to take charge of the Naylor hotel at San Angelo. She is a lovely elderly lady, of the Old Southern type, only too rare at this time, but who still retain the virtues of Southern womanhood that stamped the woman of her day as real ladies.

Mr. W. D. Elder returned from Dallas Wednesday where he visited Mrs. Elder, who has been in that city for the past ten days visiting in the home of her son, Mr. Bill Elder and Mrs. Elder, the latter being the former Miss Eleanor Hardy. Mr. Elder reported that his wife was considerably improved since her arrival in Dallas, being treated there for a dropsical condition.

Mr. and Mrs. W. H. Mayhew have returned home from Chicago where they spent several days seeing the sights at the big show.

Rep. Lotief, With Mrs. Lotief Here Thursday Evening

Hon. Cecil A. Lotief, accompanied by Mrs. Lotief, of Cross Plains, were greeting friends and his constituents here Wednesday, and it is needless to say that both were given a warm reception. Cecil is a former citizen of Cisco, for it was here he located when first coming to Eastland county, where he was in business till moving to Cross Plains later. It was the friends of this genial gentleman, who, having confidence in his integrity, gave him the splendid majority that elected him as florial representative from Eastland and Callahan counties. Mrs. Lotief took Cecil in out of the desert of bachelorhood after his departure from Cisco, and therefore she is not so well to our people as her husband, but being his wife is sufficient reason for our people to extend her a cordial welcome.

Despite the fact that this is Lotief's first term in the legislature, he has withstood the onslaughts of the professional lobbyists for special interests, thus enabling him to come home with his escutcheon unmarred by the point of an enemy spear, and his integrity unblemished by a hint of scandal, and his reputation spotless from any hint of his capitulating to the enemy of his constituents. But his legislative career has brought down upon his devoted head the everlasting opposition of the utility pirates, and has been such that has endeared him to the common people who love him for the enemies he has made. In fact, so faithfully has he fought the battles of the people that he is a marked man by the pirates of the utility crowd. Even our own Crestler May, vice president and manager of the Community Natural hijackers, he who gazes at the ceiling when attempting to put something over on the city commission, has declared that there are "three representatives that we can get along without in the next legislature—Cecil A. Lotief, of Cross Plains; Gordon Burns, of Huntsville, and C. H. Tennyson, of Wichita Falls." Lotief, Tennyson, and Burns are marked men by the utility pirates. Burns is the man who was assaulted by Ruffian Roeser in the Driskill Hotel lobby, in Austin, which was investigated by the legislature. A vivacious

Linders Are Visitors At Chicago World Fair

Mr. and Mrs. Donnie Linder, of Kennedy, and Mr. and Mrs. Lewis Linder of Cisco, visited Mr. and Mrs. A. V. Osburn Monday. They were en route to Chicago, where they will visit the World's Fair, and will also visit Yellow Stone National Park and the Pacific Coast before returning home. Mrs. Lonnie Linder is a sister of Mr. Osburn. —Moran News.

In the party was also Little Miss Margie, the talented little daughter of Mr. and Mrs. Lewis Linder, who, though only 11 years of age, has already won fame as a child performer, who will accompany her parents on this sight-seeing trip.

young lady, who witnessed the fight, testified, not without her native modesty, that vile epithets were used by Roeser when he assaulted Burns, but when admonished by the presiding officer of the investigation to state the exact words used by Roeser, hesitating said: "As Roeser assaulted Burns, I heard him say 'now I've got you, you s--- of a b---.'" Then becoming enthused to the matter she said: "When I saw Roeser down Burns I got so mad I wanted to knock hell out of him, but I wasn't big enough," concluded this 95 pounds of feminine evidence.

So naturally Lotief's constituents love him for the enemies he has made, and probably Burns and Tennyson equally stand high in the esteem of their constituents.

Lotief takes the defeat of his utility bill by the senate rather to heart, but even in the defeat of his pet bill there is reason for rejoicing, as an investigation shows that seven of the senators voting against his bill were packers of railroad passes, and they tell us the investigation of pass packers has just begun. According to the report so far, those senators packing passes, and who opposed the Lotief bill, are the two Walters, Woodull and Woodward; Patton, Purl, Moore, Martin and Hopkins, all riding on free railroad passes and charging traveling expenses to the state. The investigation has not yet disclosed the fact, but it doubtless will before it is over, that all are "retainers" of public service corporations.

FEDERAL EMERGENCY FARM MORTGAGE ACT OPERATION IS TOLD

There are twelve branches of the Federal Emergency Farm Mortgage Bank, that for this section is located at Houston. Each is in charge of a loan commissioner to administer the law, and accept and pass upon the application for loans. These new loans are made to finance farm indebtedness, provide working capital for farm operations and to aid in the redemption of foreclosed farms. They are not, primarily, made for the purpose of refinancing farm first mortgages. That is to be done through the Federal Land Banks working in connection with the present holders of first mortgages.

Loans under the new law are limited to \$5,000 to any farmer. The amount that may be loaned, added to existing mortgages or other debts secured by the farm property, cannot be more than sufficient to bring the total debt up to three-quarters of the appraised value of the property. These are second mortgage loans, repayable over a series of years, and an agreement has to be obtained from the holder of the first mortgage that he will not proceed against the farmer for failure to pay the principal of the first mortgage.

Application for loans under the new law should go to the Federal Land Banks for the district in which the farm is located. Texas is the 10th District, with Houston as address of the Federal Land Bank. Farmers desiring to borrow under the new law should write for information to the agent for their district. Address "Loan Commissioner's Agent Federal Land Bank" and the name of the city in which district headquarters are located, which is Houston, for all of Texas.

It takes a little time to get action. Local appraisers have to be called in to look over the property and examine title and records of existing mortgages, but the Farm Board promises to move as fast as possible

in each case, and some loans were actually made within a few days after the law was passed.

The first loan was to Elijah Purvine of Sangamon county, Ill., on a farm which he has owned and operated for 31 years. This was for \$3,500 and was made through the Federal Land Bank of St. Louis.

The second loan under the act was to W. H. Chapman of Whitney, S. C. who borrowed \$2,000 under the act on a first mortgage of his property.

A. P. Graves agent of the farm loan commission, Houston, reports that although they have been somewhat hampered by a large volume of correspondence addressed to his office, the Texas division is now organized and in position to handle incoming business with dispatch. Earle Johnson of Eastland has been requested to act as his local correspondent for Eastland and adjoining counties, and all eligible farmers entitled to assistance through this division may call on him, and he will gladly render such assistance he can, it was reported this week.

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, June 18, including the First Church of Eastland

The Golden Text is from Isaiah 48: "Hearken unto me, O Jacob and Israel, my called; I am the first, I also am the last. Mine hand also hath laid the foundation of the earth, and my right hand hath spanned the heavens: when I call unto them, they stand up together."

Included with other passages to be read from the Bible will be the following from Genesis 1: So God created man in his own image, in the image of God created he him; male and female created he them."

Citation will also be read from the Christian Science textbook by Mary Baker Eddy, "Science and Health with Key to the Scriptures," on citation being as follows (p. 502):

"Genesis 1. In the beginning God created the heaven and the earth.

"The infinite has no beginning. This word beginning is employed to signify the only, —that is, the eternal verity and unity of God and man, including the universe. The creative Principle — Life, Truth, and Love — is God. The universe reflects God. There is but one creator and one creation.

This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God."

91st Grand Jury on Bench Order Recess

After returning 12 true bills of indictment the grand jury of the 91st district court, received an order from the bench on Wednesday of last week to take a recess till further orders of the court. The body was only in session two and one-half days, but 12 bills found seems to be pretty good work.

CONSTABLE'S SALE

THE STATE OF TEXAS, COUNTY OF EASTLAND:

By virtue of a certain Alias Execution issued out of the Honorable Justice Court of Precinct 6, Eastland County, Texas, on the 20th day of May, A. D. 1933, by Joe Wilson, Justice of the Peace of said county and precinct, upon a judgment in favor of Alonzo C. Green, for the sum of ONE HUNDRED SIXTY & 87-100 (\$160.87), and costs of this suit, in Cause No. 3807 in said court, styled Alonzo C. Green vs. W. H. Ervin et al, and placed in my hands for service, I, J. B. Hicks, as Constable of Precinct 6, Eastland county, Texas, did on the 20th day of May, A. D. 1933, levy on certain real estate situated in Eastland county, Texas, described as follows, to-wit:

The W2 and the SE4 of the land patented to N. Dougherty assignee of Wm. Shay, Pat. No. 460, Vol. 15, Abst. No. 868, and levied upon as the property of said W. H. Ervin, E. L. Douglas, S. Douglas, and G. M. Douglas.

And on Tuesday the 4th day of July, A. D. 1933, at the courthouse door of Eastland, Eastland County, Texas, between the hours of 10 o'clock A. M., and 4 o'clock, P. M., I will sell said real estate, land and premises, at public vendue for cash to the highest bidder as the property of the said W. H. Ervin, E. L. Douglas, S. Douglas, and G. M. Douglas, by virtue of said levy and said execution.

And in compliance with such law, I give this notice by publication in the English language once a week for three consecutive weeks immediately preceding said day of sale in the Cisco Citizen, a newspaper published in Eastland County, Texas.

Witness my hand, this 20th day of June 9-16-33

CITATION BY PUBLICATION

THE STATE OF TEXAS: TO THE SHERIFF OR ANY CONSTABLE OF EASTLAND COUNTY—GREETING:

You are hereby commanded to summon S. A. Hopkins by making publication of this Citation once in each week for four consecutive weeks previous to the return date hereof, in some newspaper published in your county, to appear at the next regular term of the county court of Eastland County, Texas, to be held at the Court House thereof, in Eastland, on the second Monday in July A. D. 1933, the same being the 10th day of July A. D. 1933, then and there to answer a petition filed in said court on the 23rd day of August A. D. 1932, in a suit numbered on the docket of said court, No. 5262, wherein W. H. Davis is plaintiff and S. A. Hopkins and T. H. Gordon are defendants and the cause of action being alleged as follows:

Plaintiff alleges that on or about September 3rd, 1930, the defendant S. A. Hopkins, through his agent, T. H. Gordon, entered into a contract with plaintiff under the terms of which this plaintiff was employed as watchman and roustabout on the S. A. Davis

lease, located in Section 54, Block 4, H&TC Ry. Co. survey in Eastland County, Texas, at a salary of \$100.00 per month. That said contract and salary was in force until May 1, 1931, when it was modified and the salary reduced to \$75.00 per month. That said modified contract remained in full force from May 1, 1931 to May 31, 1932. That under said contract plaintiff earned the sum of \$1203.96, of which the sum of \$270.28 has been paid, leaving a balance of \$933.68 due this plaintiff. That S. A. Hopkins and T. H. Gordon are partners in the operation of said lease, and were such on the date of said contract of employment with plaintiff and are joint owners of the property described in the Laborers' and Materialman's lien filed by plaintiff. That if T. H. Gordon is not a partner, he is claiming some interest in said property, the exact nature of which is not known to plaintiff. That plaintiff has filed his statutory Laborers' and Materialman's lien and thereby fixed his lien upon the personal property located on said lease, and waives the lien upon the land because of the forfeiture of said lease. Plaintiff claims his statutory and constitutional lien upon said personal property. That an additional sum of \$323.00 has been paid plaintiff, and a balance of \$610.68 is due

thereon. That plaintiff continued his employment with defendants during March and April, 1932 at \$75.00 per month, which has not been paid, and that there is now due this plaintiff by defendants the sum of \$760.68, which amount defendants has failed and refused to pay. That said sum is due for labor performed and demand has been made more than 30 days upon defendants and plaintiff is entitled to a reasonable attorney's fees.

Wherefore plaintiff prays that defendant S. A. Hopkins be cited to appear and answer herein. That S. A. Hopkins is not a resident of the State of Texas. That plaintiff have judgment for his debt together with interest from January 31, 1932 until paid at the rate of six per cent annum, for a foreclosure of his constitutional and statutory lien and for such other and further relief, general and special, to which he may be entitled.

Heren fail not, but have you before said court, on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Eastland, Texas, this 24th day of May, A. D. 1933.

"TURN TEXAS LOOSE"

There is being agitated the proposition of amending the national and state anti-trust laws that the monopolies of the country can more securely enslave the people. Unfortunately President Roosevelt has given his sanction to this step. Backed by the chambers of commerce, who are merely acting as the agents of big business, even the state administration seems inclined to favor this removal of the last safeguard to protect the people against the onslaughts of the trusts and special interests, as seen in the acquiescence of Gov. Ferguson to the demand of big business that a special session of the legislature be called to modify the state anti-trust laws.

Listen, you common people! This is an effort to remove from our state statutes the last protection you have for your constitutional rights--the safety of your life, property and the pursuit of happiness. So, if you sit supinely submissive and permit the legislature to repeal the state anti-trust law, your last legal guarantee against the oppression of ruthless monopoly will have been taken from you. Those who seek to change the anti-trust laws are doing so with exceeding fineness and subtlety. Backed by corporate billions only militant work on the part of the people can block this objective of corporate greed to further enslave the people.

There was a meeting at Austin Monday, called by Lawrence Westbrook, head of the R. F. C. relief work in Texas, whose chief object was specifically to back a resolution demanding a special session of the legislature for the purpose of changing the state anti-trust laws. The state press says the "resolution was adopted without objection." This meeting, the press dispatches stated, "was attended by a large number of

city and county officials, chamber of commerce representatives, legislators and citizens, and that the resolution was introduced by John A. Hulen, official of the Fort Worth & Denver railroad.

The excuse for the repeal of changing of the state anti-trust laws is that it will enable the state to participate in the recovery program of the Roosevelt administration.

The common people will find that it will be selling our sacred "birthright for a mess of pottage." Already the hands of graft and greed are reaching out to participate in the distribution of the spoils that will come from the scattering of R. F. C. funds over the land, for those attending the meeting presented projects for several million of the proposed three hundred million to be distributed in Texas.

"Unemployment relief is the real objective of the recovery program," Westbrook told the representatives of the special interests that formed the personnel of the meeting. But why should it be necessary to modify the anti-trust laws to give the people employment? If the recovery program is carried out about one-third of these funds will be used to give people employment, and the remainder will be diverted for administering the fund. In other words, the entire scheme savors of a big graft, and we are being called upon to surrender those legal safeguards that have been placed on the statute books as the results of the life work of some of Texas' biggest brains and most outstanding patriots. Now, what is proposed? To undo this work that required years to accomplish at the behest of a band of willful men who are not serving the state, but the special interests. No man concedes greater homage to the president, or a greater desire for business recovery, than we, but if we must surrender those legal safeguards that protect the people from the ravaging exploitation of the special interests, we would rather wait for recovery to come by the natural process of the laws of economics, for prosperity founded

on other foundations will be a house built on sand, and only temporary relief may be expected.

The clamor for the changing of the anti-trust laws is but the revival of the slogan of the partisans of Judge George Clark, used in the memorable Clark-Hogg campaign: "Turn Texas Loose." This campaign followed another period of depression, but the voters of Texas then were, and we believe today, will be unwilling to "turn Texas loose" at such a sacrifice.

But people, your liberties are at stake. It appears you are already slated for the sacrifice, and unless there is concerted action by the common people, this one legal barrier that stands between you and perfect domination by the special interests, will be wiped off the law books of Texas, and the trusts and monopolies will ride over the state rough shod.

All during the legislative session just closed there was manifest a persistent effort to enter the thin edge of anti-trust repeal, which were blocked by certain officials and legislators. Rep. Oscar Chastain and Atty Gen. Allred both told the Citizen that they found it necessary on several occasions to block measures with this objective. So it will be seen that the situation is more serious than appears on the surface.

The activity of certain "county and city officials, chamber of commerce representatives and legislators" is inspired by big business. Some of them may

be honest in the position they are taking, but there is little difference in the ravages of a dumb and corrupt official. Either can betray the people. And in the surrender of our anti-trust laws for the sake of a few millions of federal money can be classed as nothing else than a betrayal of the people. Right now there is a crying need for the reincarnation of the spirit of Jim Hogg to protect Texas from the onslaughts of corrupt hirelings of the special interests and "progressiveness" of ignorant chamber of commerce officials, who, for a little temporary recovery, are favoring the renunciation of some of the most sacred safeguards of the people.

KENTUCKY BURLEY TOBACCO

"Direct From Grower To You"

Old Kentucky Burley Tobacco is the cream of the finest crops Kentucky's bountiful soil can produce--ripe, rich leaves, smooth and mellow, with that rare old-fashioned flavor and fragrance that only proper "aging" can produce. We bank on it you have never tasted or smoked a finer flavored, more satisfying tobacco in all your life.

Special Offer!

FIVE POUNDS SMOKING TOBACCO

\$1

Rich, Ripe, Old Fashioned Leaf

Our Old Kentucky Burley is no more like manufactured tobacco than day is like night--guaranteed free from chemicals and all other adulterations that conceal imperfections, delude the sense of taste and undermine the health.

We use the same method our grandfathers used in preparing tobacco for their own use--every trace of harshness leaves it--nothing to "bite" your tongue or parch your taste. Thousands of tobacco lovers the world over swear by its inimitable smoking and chewing qualities.

REDUCE YOUR 1/2 We sell direct from the grower

er, this eliminates the eighteen cents a pound Revenue Tax--all manufacturers' and middlemen's profit, thereby effecting a saving to you of 50% or more. No fancy packages, no decorations, just plain quality and lots of it.

Modern Electric Service . . . a Partner of Industry

Modern transmission line electric service has played an important and vital part in the progress and development of West Texas. With a new period of expansion awaiting this territory during the next few years--this dependable, economical and elastic power supply is destined to play an even greater role in the industrial drama to be enacted here.

Electricity has been the equalizing force that has enabled progressive small towns to compete on an industrial basis with large centers of population. Because of the adequate, inexpensive power supply furnished to this territory by the West Texas Utilities Company, it is possible for West Texas cities to go after, and secure, the valuable payrolls of industrial establishments. Much progress has been made during the past ten years--and considerably greater advances will be made during the coming decade.

The West Texas Utilities Company, serving 161 progressive cities, towns and communities in this "Land of Opportunity," will continue to work for the development of West Texas. With three major generating stations, nineteen auxiliary plants, more than 2,600 miles of transmission lines and scores of office buildings and warehouses throughout the 250,000 square miles it serves--this company's future and yours are inseparably linked. Working together we will accomplish marvels of progress during the next few years.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?
