POULTRY MEN SELECT CISCO

LOBOES READY TO TACKLE THE HEAVY INDIANS

The Loboes leave Monday morning at 8 o'clock for Comanche, where they will tackle their toughest job of the year when they meet the Indians at 3 p. m. Comanche has very poor hotel accommodations and Coach Chapman decided that rather than take the boys down today and remain overnight, he had rather go down in cars Monday morning. The trip will handicap the Loboes to some extent, but it is planned to get closed cars, make the trip slow, and let the boys out occasionally to limber up.

The Indians are planning on a massacre when they meet the Cisco boys. Weight statistics show that the Comanche boys have almost five pounds per man advantage in weight over the Loboes, and they also possess dazzling speed in the backfield. The Loboes are not in the best condition for the game. "Chigger" Browne may be able to get to play, but his arm is still stiff and sore, and he will not be at his best. Several of the boys, including Dudley Lee and Jimmie Fields, received injuries in the battling game at Ranger, and will not be up to form. Comanche has not played since Nov. 7, and will have ten full days of rest, while the Loboes have had but six days to get over their game with Ranger.

Dope shows the teams evenly matched. Comanche tied Ranger early in the season and the Loboes defeated Ranger by one touchdown. Then Breckenridge tied the Loboes and Comanche beat them by the same margin of one touchdown. It should be remembered also that when the Indians were tied by Ranger Mason, their star man, was out of the game. Both teams have made good scores in their games played thus far and have held their opponents to small scores. In most cases shut them out. Comanche has the advantage of playing at home, which is offset to some extent by the fact that the Loboes have played most of their games away from Cisco, and are at home almost anywhere.

The Loboes have had splendid attendance at all their games thus far. However, it is feared that the crowd going to Comanche will be small. Advance ticket sales locally have been light.

Advices from Comanche are to the effect that 2,100 reserved seats have been built, and that plenty of seats to accommodate all comers have been provided. Seven hundred seats have been reserved for Cisco people. These tickets are on sale locally at \$1 each. In Comanche the seats will cost \$1.25, so it is to one's advantage to purchase tickets in Cisco.

JUNIOR COLLEGE PLAYS CLIFTON THANKSGIVING

Randolph Badgers eleven will play Clifton high school grid team on Thanksgiving day at Clifton. The Badgers are just back from Alpine where they made a wonderful showing against the seasoned Sul Ross eleven, and they are going after this game in earnest and expect to bring back a victory. The Badgers are showing good form, and have some good players, but this is the first year of the junior college, and there was not such a large number of the student body from which to build a team.

The world's population is becoming more dense, but you won't notice it much if you won't argue.

FRIDAY'S BLAZE THOUGHT TO BE FIREBUG'S WORK

Cisco's fire department is deserving of praise for the splendid work Friday evening in preventing the total destruction of the Wilson & Norvell building, and the confining of the flames to the original structure. The alarm was turned in about 7:30, and the department responded, making the run in a few minutes. The fire originated in the rear of the building, and it is stated, had every appearance of incendiary origin. Before discovery the fire had gained considerable headway, and had worked through the roof. The flames were extinguished before the building was consumed, and none of the adjacent houses were more than scorched.

This building is located on the west side of E avenue in the 100 block, and was owned by George Wilson and L. B. Norvell, and it was there that these gentlemen conducted a grocery business for many years, but for about a year past W. P. Pulley has conducted a grocery business in this stand. The building in the rear of the store, which was constructed for living quarters, was of two stories, and unoccupied.

W. P. Pulley is said to have carried \$1,700 on the stock, and it is reported his loss is about 50 percent. The building was insured for \$3,000, and the fixtures for \$1,000 by Wilson and Norvell, and the loss was approximately two-thirds, it is stated.

Mayor Williamson visited the scene soon after the blaze was extinguished, and stated that it was undoubtedly of incendiary origin. "The indications pointed very plain that the flames had been started in the side entrance to the second story," mayor stated. "The \$1,000 reward is still waiting to be paid to the man who can supply the evidence that will enable the courts to convict the person guilty of arson in Cisco," he concluded.

DAN STECK WANTS RECOUNT DES MOINES, Nov. 15.—Dan Steck, Democrat, who failed to defeat Brookhart, insurgent, for United States senator from Iowa, will demand a recount of the Iowa ballots, it was made known today. He declared the count in the recent election only gave Brookhart a majority of a few hundred.

BRECK-CISCO DEMOLAY BOYS CONFER DEGREES

District Deputy Grand Master Dreinhofer of the Masonic grand lodge, invited the DeMolay members over to Ranger Friday night to assist in organizing a chapter of DeMolay for boys in that city. Edward Lee, Dudley Lee and Melvin Beard, three faithful DeMolay members, accompanied by Roy Wilson, member of the advisory council, and Billy Bacon, responded to the invitation and went to Ranger and assisted forming the chapter. Next Friday night, November 21, the Breckenridge and Cisco chapters will institute the Ranger chapter, Breckenridge conferring the initiatory degree, and the Cisco team will put on the DeMolay degree.

NEFF SECURES 3 ADDITIONAL STATE PARKS

AUSTIN, Nov. 15.—Governor Neff returned today from a week's campaign in behalf of state parks and expressed himself as highly gratified with the results obtained. He made addresses in nine counties. Three new parks were procured, one at Farwell, Parmer county; one at Muleshoe, Bailey county; and one at Canadian, in Hemphill county, north of Amarilla.

THE CHARTER IS GRANTED CISCO BUILDING & LOAN

"The Cisco Building & Loan association is going along nicely," said W. E. Crockett of Cisco's latest business enterprise. "We are getting new applications for membership as fast as we could expect, and there are now on file four applications for loans which will be acted upon just as soon as the necessary red tape is wound. The outlook is most promising for a live building association which will add to Cisco's prosperity when it commences functioning."

Judge B. W. Patterson, who is the attorney for the association, was seen and stated that the charter had been approved, but the copy had not yet been returned to Cisco. "When this copy of the charter reaches us a meeting will be called of the directors of the association, when the by-laws will be adopted. These then will be filed with the banking commissioner, and upon his approval the association will be ready to function. There is quite a bit of red tape, but nothing complicated about starting off this enterprise. It just means a little time, but once all requirements are met there is nothing then in the way to prevent the association being a great success."

WAR HAS NO TERRORS FOR U. S. DEVIL DOGS

SHANGHAI, Nov. 15.—War may have its terrors, but not for the American Marine detachment included in the Allied naval forces landed for the defense of the International settlement of Shanghai. When the "Devil Dogs" landed they landed "soft," take it from them. It so happened that when the allied defense plan for Shanghai was drawn up the defense of the Riverside power station, which supplies all of the electricity for Shanghai and is, therefore, of the utmost strategic importance, was assigned to them. Officials of the Shanghai Municipal Electric department, with the proper respect for America's famous soldiers of the sea, prepared a great welcome for them. Excellent barracks were fitted up in one section of the power plant, and the piece de resistance was a kitchen which included every known type of electrical household appliance. The "Devil Dogs" are now doing all of their cooking on electric stoves; they have electric toasters, electric egg cookers, electric coffee percolators and even electric boilers to warm the water for the hot toddies which are still quite legal in Shanghai.

BOY LOST AT SEA WEATHERFORD, Nov. 15.—Robert Chandler, who enlisted in the navy at the age of 15, six years ago, was lost at sea when a storm swept the decks of the ship Vestal, according to an official telegram received by his mother today. The telegram stated that Chandler was swept off the deck while the ship was en route to Guantanamo bay.

DANCE AT HUMBLETOWN

Cisco Elks will give a dance at Humbletown Thursday night for all Elks and their invited friends. The use of the Humbletown hall was made possible through the courtesy of H. N. Pardee. By special arrangement the Elks have secured the high class Victor orchestra, of Dallas. This orchestra is composed of eight men and is second to none in the state.

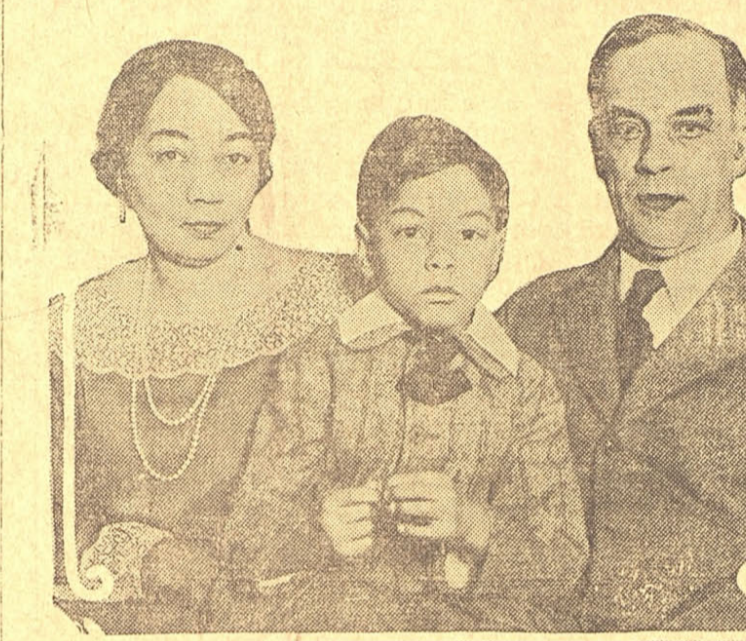

MUSSOLINI GIVEN VOTE OF CONFIDENCE 315 'O 6

ROME, Nov. 15.—Mussolini threw down the gauntlet to his enemies tonight in parliament with his reign threatened by a revolt, and was assured of his strength when a vote of confidence of 315 was received to six voting in the negative, and 140 not voting.

WORLD FLIERS HOP OFF

FORT WORTH, Nov. 15.—The world fliers were being entertained here tonight preparatory to their hopping off for St. Louis tomorrow. They reached Dallas at noon today, and proceeded to Fort Worth. They arrived here from New Orleans.

FIRST NEGRO TO BE ELECTED JUDGE.

JUDGE ALBERT B. GEORGE & FAMILY. Other negroes have been appointed to the bench, but Albert B. George, of Chicago, shown here with his wife and son, is the first of his race ever to be elected. Running on the Republican ticket, he was elected Municipal Judge in Chicago. Judge George graduated in law at Northwestern University, Evanston, Ill. He was born in Washington, D. C.

EASTLAND CO. IS SECOND IN TRACTOR SALES

That the farmers of Eastland county are progressive and right up to date in farming operations is evidenced by the large number of tractors sold for farm purposes in Eastland counties. Compared with such counties as Ellis, Hill and other counties where agriculture is the chief industry, Eastland county is yet in its infancy as a farming county, as the farmers have just gone back to agriculture after some years of lucrative living on leases, royalties, and other perquisites incident to an oil boom. However, Eastland farmers tied for second place in buying Fordson tractors this year. This was ascertained when A. D. Anderson, manager of the Blease Motor Co., of this place, attended a meeting of 235 Ford dealers under the Dallas district jurisdiction this week. Mr. Anderson, who is just back from Dallas, stated that the Blease Motor Co., tied for second place in Fordson sales in the district. "We feel proud over this record," Mr. Anderson stated, "for it demonstrates that Eastland county farmers are going largely to the use of motor power in their farm operations, which means an increased acreage, and more intensified cultivation."

FIREMAN DEAD, ENGINEER HURT IN B. & O. CRASH

HARPERS FERRY, W. Va., Nov. 15.—The Capital limited, fast B. & O. special, running between Washington and Chicago, crashed through an open switch near here this afternoon, killing the fireman outright, and perhaps fatally injuring the engineer. A score of passengers were slightly hurt.

CONFERENCE TO BEAT AMERICAN SHIPPING HELD

BERLIN, Nov. 15.—In a Stinnes owned hotel here the shipping interests of England, France, Germany, Italy and Holland met to form a combination to defeat the American shipping in South American waters. This is the first traffic conference of this character that has been held in twenty years. An European pool to counteract the American and Norwegian business was the object, with standardized freight and passenger rates the chief weapon.

The girl who married a widower loses all the fun of taming him.

LOBO PUPS SET PACE DEFEATING MORAN 55 TO 0

The Lobo Pups set a good example for the Loboes Friday when they went to Moran and defeated the Moran Bull Dogs 55-0. The entire team of Pups played consistently and showed that they would be real Loboes in a year or two. Huestis was the star of the game, closely seconded by Pippen brothers. Jack Pippen showed great stuff in the game. Huestis made the first touchdown in the first quarter by making a seventy-yard broken field run. J. E. McCord, Fleider and Dan Boone played consistently in the line and Andrus did excellent kicking. In fact the whole crew showed up well. There being about twenty-five or thirty who played, individual mention cannot be made. Moran was outclassed. Their star player, Murray, was out of the game, which probably weakened the morale of the team. E. H. Whitehead accompanied the boys on the trip.

MOSS' COTTON BALE

You can see it in the chamber of commerce show windows. It was pressed by Ginner Parish, at the Moss gin, and turned over to the manager, who is exhibiting it as a sample of the products of the Moss Gin Co. It weighs just four pounds, is 12x6x5, or approximately thereat.

DEPOSITS \$302,362,030 AUSTIN, Nov. 15.—Individual deposits, representing the savings of the average man in 942 state banks in Texas at the close of business October 10, was \$302,362,030. This is an increase of \$50,000,000 in the past six months.

NAYLOR DENIES WRECKING BANK AT COLLINSVILLE

AUSTIN, Nov. 15.—Declaring he had returned to fix the responsibility where it belonged, W. H. Naylor, former cashier of the Collinsville State bank, wrecked three years ago, was in the custody of state officers today. He has been in Mexico since his flight from Collinsville. One other officer of the defunct bank has already been imprisoned and others have been indicted. Naylor denied any implication in the wrecking of the bank.

BODY FOUND IN CULVERT WHITEWRIGHT, Nov. 15.—

Authorities today communicated with Durant, Okla., in an attempt to identify the body of a man which was found stuffed in a culvert near here. His skull had been crushed, and he was well dressed, his clothing bearing Durant labels. Indications are that the man was murdered.

The Bankhead Poultry Producers Name Byers President, and Leslie H. Hagaman Sec-Treasurer Saturday

The Bankhead Poultry Producers association Saturday selected Cisco as headquarters, and named R. Q. Lee as executive manager of the association. The selection of Mr. Lee assures a successful commencement for the association, for with his executive ability, and his intense interest and confidence in the poultry business, the organization will get away to a good start. In accepting the position as manager Mr. Lee stated that he did so with the understanding that he would only serve until the affairs justified the employment of a manager to devote his whole time to looking after the interests of the association.

The selection of the manager came at a meeting of the directors held in the chamber of commerce Saturday afternoon, and the president and secretary-treasurer had been elected. W. W. Byers of Breckenridge, was elected president, and Leslie H. Hagaman of Ranger, was elected secretary-treasurer.

After the election of the president and secretary-treasurer Cisco was unanimously chosen as permanent headquarters of the organization, and the affairs of the poultry people will be directed from this city. After this market has been supplied Cisco will be the concentration and shipping point for the eggs produced by the association, and until such a time that there is a surplus the products will be distributed to the towns in this section where there is the greatest demand. It was pointed out that the poultry people of Ranger, Breckenridge, Eastland, Cisco, and possibly other member communities in the association were not able to supply their respective towns with eggs for local consumption, while Rising Star, Gorman, Romney, Carbon, and other localities, were often overstocked. It will be the business of the executive manager to locate the best place for these products to be distributed to avoid overstocking the market. By this method it was stated, that the towns in the oil belt would take care of the entire product of the association for some time to come, as cold storage eggs are now bringing \$12 and \$13 on the Breckenridge market.

When Cisco was named permanent headquarters of the Bankhead Poultry Producers association, R. Q. Lee assured the directors that Cisco would take care of the business of the poultry people, and the citizens of this place would cooperate with the association in every way to make it a success.

Directors present at this meeting Saturday were W. B. Byers, Breckenridge; Leslie H. Hagaman, Ranger; R. Q. Lee and R. L. Poe, Cisco; J. P. Eberhart, Romney; W. C. Blackmond, Petaluma Ranch; Breckenridge; J. T. Morris, Carbon; C. H. Crow, Gorman; F. M. Spurlen, Eastland.

PRESBYTERIANS ATE DUCK LAST NITE TO SATIETY

The duck supper at the Presbyterian church last night was largely attended and a success from every standpoint. The spacious basement was filled with members of the congregation and after all had partaken to satiety of duck and the many good things that accompanied it, there was enough left for half a hundred more. The long tables were decorated with roses and chrysanthemums and made a beautiful picture. This was the fourth annual duck supper furnished by genial Alex. Spears, who spends ten days on the coast every year during the hunting season and never fails to remember the Presbyterian folk back home.

COACH CHAPMAN WANTS CLOSED CARS FOR LOBO

An appeal for all Cisco people who own large closed cars to volunteer their cars to carry the Loboes to Comanche is made by Coach Chapman. The athletic association will gladly pay for the accommodation. It is necessary for the boys to have comfortable, closed cars, in order for them to get to the Indian city in good condition. No cars are available for hire, and it is impossible for them to go on the train. The only recourse is for citizens who own closed cars to come forward and save the day. The road to Comanche is excellent via Gorman and De Leon. Asphalt extends to Gorman that has been newly laid, and is as smooth as the Bankhead highway. A good gravelled pike extending from Gorman to De Leon and almost into Comanche. About six miles of good graded road is to be traversed between De Leon and Comanche. The distance is between fifty and sixty miles and the trip can easily be made in two hours.

All Ciscoans who go to Comanche have extra room in their cars, should carry some one who has no way to go. There are a hundred kids who want to go but have no way of getting there. All the people who want to go and have no conveyance, are requested to phone the chamber of commerce, and a way will be provided if possible. Those who can carry passengers are requested to notify the chamber of commerce, and by this means it is believed accommodations can be provided. Naturally those securing such transportation will expect to pay their fare. If this arrangement is carried out the Loboes will receive adequate support at the game.

FATHER OF REV. G. B. HALL DIED FRIDAY EVENING

Mrs. Gaines B. Hall Saturday morning received a telegram from Mr. Hall stating that his father, J. S. Hall, passed away at his home in Winters Friday evening at 6 o'clock, at the age of 78. He has been ill for the past two or three weeks, and about ten days ago Mr. Hall was called to the bedside of his father, but his condition improved and he returned to Cisco. Thursday he was again called, and was present when his parent died. The funeral took place in Winters Saturday afternoon at 3 o'clock.

Besides Rev. Gaines B. Hall five children survive. There are two sons and a daughter living in Winters, one daughter resides in Sweetwater, and another in Dyersburg, Tenn. Deceased was a farmer, and was highly esteemed by a large circle of friends. The sympathy of the entire citizenship of Cisco is extended to Rev. and Mrs. Hall in their bereavement. On account of this death there will be no preaching at the First Presbyterian church this morning or evening. The Sunday school will be conducted at the usual hour.

Publication Days: Afternoons (except Thurs. and Sat.) and Sunday.

MAN'S EDUCATION

The education of man, speaking both collectively and individually, is continuous and unceasing. But some learn more than others.

We more readily confess to errors, mistakes and shortcomings in our conduct than in our thought.

Since men are really interested in nothing but their opinions, every one who puts forward an opinion looks about him right and left for means of strengthening himself and others in it.

"A man avails himself of the truth so long as it is serviceable, but he seizes on what is false with a passionate eloquence as soon as he can make a momentary use of it."

The history of philosophy, of science, of religion, all shows that opinions are spread in masses, but that that always comes to the front which is more easily grasped.

"Nay," comments Goethe, "he who has practiced self-culture in the higher sense may always reckon upon meeting an adverse majority."

Every man should remain in the path he has struck out for himself, and refuse to be overruled by authority, hampered by prevalent opinion, or carried away by fashion.

THE STAY-AT-HOMES

Out of practically 60 million persons entitled to vote, less than 27 million went to the polls November 4 and participated in the election of a president, 34 governors, 34 United States senators and the entire membership of the house of representatives.

The November election in America, like the election in Great Britain in October, was decided largely on business or economic issues.

On the other hand, 75 per cent of the British voters, 16 million out of 20 million, voted their opinions on the questions before the British people.

The British verdict represents the will of a majority, but America secured only a minority opinion on American business policies.

MEXICO BARS THE JAPANESE

Mexico is supporting the United States policy of Japanese exclusion. Abelardo Rodriguez, governor of the northern district of Southern California, recently declared himself absolutely opposed to a prospective settlement of 20,000 Japanese colonists on land south of Mexicali.

It has been questioned whether congress, when it provided that income taxes should be "made public," meant that they should be "published."

MORE MONEY FOR AGRICULTURE

Herman Frasch, American chemist and business man, made a fortune in sulphur and left it to his wife. The wife, dying in Paris, leaves it as a trust fund, the income of which shall be devoted to "research in the field of agricultural chemistry."

HUMAN LIFE IS STILL CHEAP

Since the beginning of history human life has been held more cheaply than anything else in the world. It is so held today. A large percentage of the human race has always met death through the criminality or carelessness of fellow men.

This thing of the mountain having to go to Mahomet is becoming rather tiresome, but Cisco'll be there Monday, modest and unassuming, yet as determined as grease on a silk shirt.

We cannot see the mote in our own eyes, because of an exalted attitude of mind. And for a like reason we are blind to the frequent gross behavior of our children, who might with profit to themselves imitate the manners of the children next door.

The Daily News is glad to learn that the building committee of the First Baptist church is again at work on the proposition of erecting a new house of worship.

Built out of Cisco's native stone, the public library building would be an everlasting monument to the Twentieth Century club and all others who join with these fine women in making an actuality of their dream of many years.

SOCIETY DINES HERE

SAVOY CAFE

\$1000.00 IN CASH FOR \$615.00

\$615.00 payable and invested with us on our plan at the rate of \$5.00 per month will accumulate \$1,000.00 for you in 120 months.

The person who has a surplus for investment is naturally interested in placing it where it will produce the largest return, consistent with safety.

No. 1. Installment stock best meets the needs of those wishing to invest monthly savings.

No. 2. Advance payment stock best meets the need of those who have money for investment and wish the semi-annual earnings to be re-invested for accumulation.

No. 3. Maturity stock best meets the needs of the person who has a substantial sum of money for investment and needs or desires the semi-annual earnings paid to him or her in cash.

The three plans mentioned above are now ready for the investor by the Cisco Building and Loan Association. TEN PER CENT compounded semi-annually on monthly saving and maturity stock.

Every DOLLAR secured by a FIRST mortgage loan on improved Cisco property FIFTY PER CENT of the appraised value.

Our Association is officered and directed by sound and substantial business men of Cisco. We invite you to call at our office and we will be glad to explain our plan to you more thoroughly.

DINNER STORIES

A student brought his mother to the university and was showing her about. The dear old lady was anxious to make her boy think that she understood everything.

"Ah," sighed the old lady, "what is there that is nicer than fields of waving polo?"

"Pussyfoot" Johnson, about to sail for Europe, replied to a New York reporter who offered to buy him a drink:

"I am not worrying over prohibition enforcement, son. Why worry? A man once rang Russell Sage's door bell in the middle of the night. Russell hopped up in his

big white nightshirt and put his head out of the window. "What's wanted?" he said.

"Mr. Sage," said the man, "I can't sleep."

"What's that to me?" growled Russell, shivering as the night wind whisked about his bare, lean legs.

"That note falls due tomorrow, Mr. Sage."

"I know it does," snapped Russell.

"And I want to tell you, sir, I can't sleep because I won't be able to meet it."

"Go to the dickens," roared Russell Sage. "Now, I can't sleep, either."

For interview see Mr. Billingsley at Gude Hotel anytime Sunday and Monday after 4 p. m. pd-196

Business Men Boosting Lobos To Defeat Comanche Indians in Game Tomorrow Hundred Percent Strong

That Cisco is behind her fighting Lobos, and will back them to the limit, is evidenced by the following interviews of a few of the representative citizens of this city, in which most classes of business are represented. This, when considered in connection with the large attendance, and enthusiasm manifested at the pep meeting last night, is proof positive that the Lobos have the entire city boosting them for the successful culmination of their meet with the Indians at Comanche tomorrow.

Here is what these gentlemen think, and is representative of the entire city: "Cisco has the greatest opportunity to make fame for herself that she has had in my life—I hate to say how many years of connection with the Cisco school system," stated E. Burford Isaacks, East Ward principal and former high school principal. "We must back the Lobos as loyally and as Comanche as we have ever done and they will win."

"Comanche is a great home team," declared Phil Keelan, manager of the Central Motor Co. "They have always been noted as a home team, and Cisco is going to have the fight of their lives to win over the Comanches on their home grounds. However, our boys have had a great deal of experience away from home, and if the Cisco fans are there in the numbers they have been to the other games the Lobos will win."

"I think it is a good thing in one respect that the Lobos have to play so many games away from home," was the idea expounded by P. L. Kelley. "Last year Abilene went the same route the Lobos are now going. They played Breckenridge, Cisco, Comanche and Stephenville, their heaviest district games, away from Abilene. The result was that they went into the state finals thoroughly seasoned and felt perfectly at home when they went to Dallas. If the Lobos are worthy of becoming state champions they can beat Comanche in Comanche, and if they cannot win over Comanche they had as well be eliminated now as later on. However, I think they will win, and win or lose, I am for them."

"From an advertising standpoint, the Lobos are reaping great benefits from playing their games on foreign soil," declared Ben McClinton. "The fact that the games receive such great publicity in every quar-

ter of the district naturally advertises the town of Cisco in the sections where the game is played. Cisco is this year drawing students and trade from Comanche county, and the trip of several hundred or a thousand Cisco people through Comanche county will do as much good as a trade trip could possibly do. Of course, I wanted to see the game played here, but since it is away from home, we may as well reap the advantages possible for us to secure. I think it would be a good idea for the party to split. Part of the delegation should go through Rising Star and Sipe Springs, and the remainder should go through Gorman and De Leon. The roads are good both routes, and by splitting Cisco will receive much valuable advertising along both routes."

"Brownwood is going to be well represented at the Cisco-Comanche game," stated Gomer Williams, whose son is secretary of the chamber of commerce of the Brown county capital. "Brownwood has had no opportunity to get worked up over their own high school team this year, but the colleges there have cultivated a great football spirit in the town. I believe that several hundred Brownwood people will be at the game, and I think that their sentiment will favor Cisco."

"The same spirit that went with the Lobos to Abilene must accompany them to Comanche," declared E. O. Elliott of the Post Office Drug Store. "The team shows the same fight that is evidenced by their fans. If Cisco goes to Comanche as they went to Abilene there is no power in Comanche that can keep the Lobos from winning."

"Let's make the trip to Comanche a gala day for Cisco," said Phil Dosssett, of the firm of Powell & Dosssett. "We have carried the Cisco atmosphere to the northern part of the district, and to the east and the west. Cisco has never been in the southern part of the district before, and we should use this opportunity to show the people along the Frisco that Cisco is the liveliest town on the T. P."

"Let every citizen who possibly can pep up the Lobos in their fight with the Comanches by attending the game tomorrow. Let us not leave it to the kids to show pep, but let the grown folks go over to Comanche and show the youngsters the pep of twenty years ago. The Lobos are facing a harder game than they had at Abilene, and they will need every

bit of enthusiasm possible to get them in condition to win the crucial game with the Comanches," said Dr. Chas. Hale, one of the most enthusiastic Lobo fans in Cisco.

"I came to this country just as the war whoops of the wild Comanches were echoing their last peals over the hills of Eastland county," declared Dr. W. E. Mancill, Cisco's youngest old man, and oldest young man. "I feel tingling in my blood the same sensations that thrilled the forefathers of many of these boys when they went into conflict with the real Comanches. I feel that the boys of Cisco will come through their struggle with the Comanches of the football field with the same honor as the pioneers who gave them this country came through their struggle against the wild red men who disputed possession of the soil of this district with them even as the Comanche football team disputes the possession of the football title of the district with the Lobos."

200 ENROLLED IN HOME LIGHTING ESSAY CONTEST

"Locally, the Home Lighting Essay contest is going good," said W. R. Cabaness of the West Texas Utilities Co., who is managing the contest in Cisco staged by the National Electric Lighting association. "Every day contestants are enrolling, and we have approximately 200 students of the Cisco schools working in this contest. There is a reason. Locally the West Texas Utilities Co. is offering three handsome prizes in electric light equipment for the best essays on home lighting by Cisco students, and the National Electric Lighting association has eleven prizes, the major prize being a \$15,000 home, erected anywhere in the United States or Canada on lot to be furnished by the winner. The other prizes are scholarships in any standard university the winner may select. These scholarships have a money value of \$1,200 to \$300 each. There is no reason why a Cisco boy or girl cannot win one of these scholarships, or even the major prize. The contest is confined to public school students, and our school boys and girls are as intelligent as those of any other place."

"Every community in the Cisco district of the West Texas Utility Co. is taking quite an interest in the contest. Moran, Albany, Cross Plains and Rising Star each have about fifty contestants. There are local prizes for each community, and these will be judged by the local committees, the local winners named, and then the essays will be passed on to the national judges for competition in the national contest. Somebody is going to get the national prizes which will be awarded in addition to the local prizes. It is not unreasonable to look for the capital prize to come to Cisco. The school superintendents and teachers are giving the West Texas Utilities Co. their hearty co-operation in putting on this contest."

"We will be glad to give out all information to any school boy or girl who may desire to enter this contest. It is open to every student."

"In the Armistice day parade the Home Lighting Essay contest was advertised in the float exhibited by the West Texas Utilities Co. We have had this float photographed, which will be sent to trade journals, and we expect to see this feature given wide circulation."

"We will be glad to give out all information to any school boy or girl who may desire to enter this contest. It is open to every student."

COOK HAS HOPES
FORT WORTH, Nov. 15.—"I hope to be out of jail by Christmas." Thus spoke the palsied and haggard Dr. Frederick Cook Saturday afternoon on the conclusion of arguments by his attorneys in the federal appeals court here. The court's decision is expected within thirty days. Cook's attorneys charged irregularity in empanneling grand jury and misconduct of Judge Killeets.

EMMA DISAPPOINTED
LONDON, Nov. 15.—Emma Goldman's hopes of returning to America were dimmed with the election of President Coolidge, she told a news-

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. Sold by druggists for over 40 years. J. CHENEY & CO., Toledo, O.

HIS COMPANY WAS NUCLEUS OF TEXAS CO.

GEORGETOWN, Nov. 15.—Funeral services of Judge A. S. Fisher, for forty years one of the leading lawyers of Texas, who died at Houston Thursday, were held at his home here today. His death came while visiting a daughter in Houston, and the remains were shipped here for burial.

When Spindletop, the first Texas oil strike was at its boomtime, Judge Fisher was one of the organizers of the Hogg-Swayne Syndicate, the oil company taking its name from former Governor James S. Hogg and Jim Swayne, a prominent Fort Worth attorney. This company was the nucleus from which the great Texas Company had its genesis. His sudden decision to enter the oil game was a surprise to his friends here, but after operating in that field he returned to his home in this city, having realized a comfortable fortune by the exercise of his judgment in going into the field at the right time. Previous to his entry in the oil game his exclusive source of revenue was his legal profession.

EMMA DISAPPOINTED
LONDON, Nov. 15.—Emma Goldman's hopes of returning to America were dimmed with the election of President Coolidge, she told a news-

paper man today. The anarchist exile, deported forever from the United States, said she loved the American people and the America of Emerson, Whitman and Lincoln, but could not love the America of Coolidge. She added that President Harding at least had some warmth of feeling, but that Coolidge had none.

DISASTROUS PARTY
KANSAS CITY, Nov. 15.—As the culmination of a party held in the apartment of Mrs. Clara Patterson, aged 30, here early today, the woman was shot through both arms and Lon D. Bergna was killed. The latter's throat was slashed and he was stabbed through the heart. Police have detained Mrs. Patterson's husband, a meat cutter.

VALUE OF A. & M. COLLEGE IS APPRAISED AT \$7,890,959.32

EASTLAND CO. TEACHERS TO ATTEND ASSOCIATION
EASTLAND, Nov. 15.—W. Z. Bates, superintendent of the Eastland schools, and Mrs. Ulaa Burnett, superintendent of Eastland county schools, expect a large number of teachers from the city and county schools to attend the Texas State Teachers' association convention which will be held in San Antonio, Nov. 27, 28 and 29. San Antonio has made plans to entertain more than 5,000 visitors, and it is expected that the meeting will be the largest in the history of the association.

HOLIDAY GOODS
We have bought a nice line of holiday goods which are now arriving. Be sure and see us for anything in Ivory, Jewelry, Toilet Sets, Whiteman's and Pangburn's Christmas packages of candy. All Fixtures Will Be For Sale
Everything will go. Nothing reserved, and at big savings in prices.

Sale Starts Sat., Nov. 22

Lasts Until Everything is Sold

Cisco Hardware Co.

ROY KEATHLEY, Owner

T. P. COAL & OIL CO. IS SUED FOR \$7,500 DAMAGES

EASTLAND, Nov. 15.—Suit has been filed in the 91st district court here by C. F. Hamor against the Texas Pacific Coal & Oil Co. for \$7,500, which he seeks to recover for alleged damages to his farm in Eastland county, which the defendant company had leased at one time for oil and gas.

Hamor alleges among other things that in April, 1917, he and his wife executed to the defendant an oil, gas and mining lease on 300 acres of land they owned in Eastland county; that the defendant operated same for several years and produced oil therefrom, but that it recently assigned the lease back to plaintiff.

Plaintiff now sues for damages, alleging that the defendant while operating the land under their lease, unnecessarily damaged same by the digging of water wells, slush pits, fire guards, etc., and that plaintiff was further damaged by reason of the fact that defendant allowed other operators to drill a gas well near the land and drain plaintiff's gas off his land when it could have been saved for plaintiff if defendant would have drilled an offset well.

CITY'S GREATEST FIRE
JERSEY CITY, Nov. 15.—Explosions continued and flames still raged today in the ruins of the five blocks of factories and tenements laid waste by this city's greatest fire. There is a money loss of six millions, while 2,000 have been made homeless. Although the fire has been checked, it may take weeks for it to burn out.

CELEBRITIES TO BE PRESENT AT DEDICATION

AUSTIN, Nov. 15.—Austin people, deprived of the one event in official social customs, the inaugural ball and its attendant splendor, during the administration of Governor Neff, are making preparations for one of the most elaborate state ceremonies ever attempted in the United States for the inauguration next January of Mrs. Miriam A. Ferguson as governor of Texas. A meeting of Austin residents, called by Mrs. H. A. Wroe, started the arrangements.

In dramatic contrast with the simple environment of the woman whom fate has flung into high place will be the scintillating assemblage which Austin citizens plan to gather in the capital.

The high hopes of the people of the capital to give this inauguration a grandeur equal to the occasion stand at nothing short of having the president and vice president of the United States, the president and all governors of Mexico, all governors of the United States, ambassadors of foreign countries, high commanders of the army and navy, and other dignitaries of state and nation present at the inaugural.

The tentative plans proposed today include, besides the officials already named, a grand ball, a military display with troops present from the national guards and the numerous regular army posts in the state, an aerial exhibition, a pageant of the state's history, and a special invitation to Mrs. Nellie Ross, who then will be governor of Wyoming.

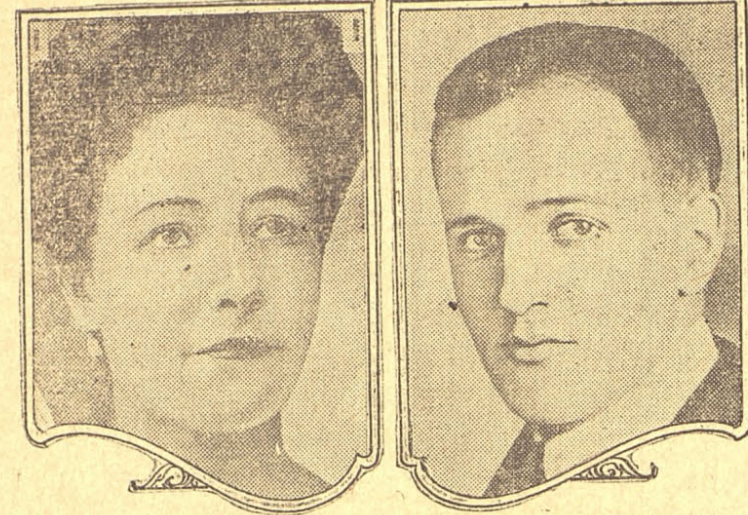

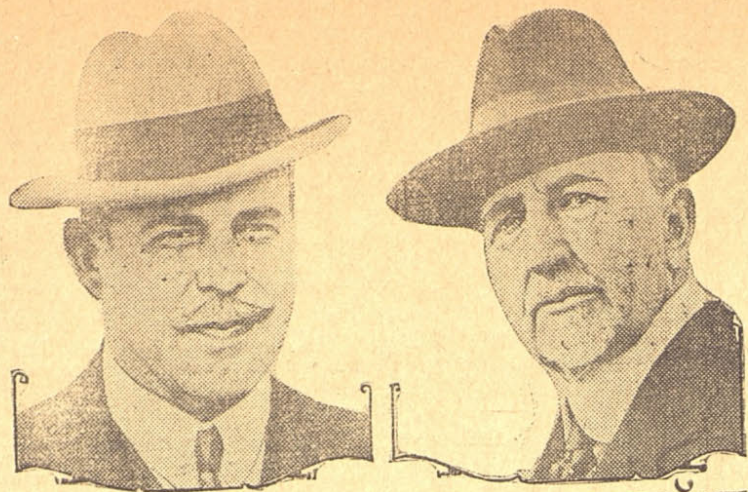

USE VERDICT TO MAKE BEER AND WINE LEGAL
BALTIMORE, Nov. 14.—After 20 hours, the jury trying Congressman John Hill, who admittedly manufactured wine and cider at his home to test the Volstead law, was found not guilty today on all six counts of the indictment. He said he would use the verdict to start immediate legislation for the sale of light wines and beer.

With better lights in the farm home, the city-bright lights won't seem half so attractive.

FINE ARKANSAS APPLES
We have just received a car of extra fine Arkansas apples which are sold at prices within the reach of every one. We also have fresh peas, potatoes and other produce and fruits.—I. J. Davis will wait on you at 505 Winston building. c-195

MEN AND WOMEN IN NEWS OF THE DAY.

Above: NICHOLAS LONGWORTH, FREDERICK GILLETT Below: LADY LUDLOW, F. TRUBEE DAVISON

F. Trubee Davison, Republican Assemblyman of Nassau County, New York, whose father, the late H. P. Davison, of J. P. Morgan & Co., left him the larger part of his millions so he could devote himself to a political career, is prominently mentioned as Speaker of the New York Assembly. The famous \$2,000,000 gems of Lady Ludlow, of London, recently reported mysteriously stolen, are now reported just as mysteriously to have been returned. Congressman Nicholas Longworth, of Ohio, son-in-law of the late Theodore Roosevelt, is mentioned as the next Speaker of the House of Representatives. U. S. Senator Frederick Gillett, of Massachusetts, former Speaker of the House, will be President Coolidge's spokesman in Congress, according to information from the White House.

Cisco Athletic Association Is Now Sizeable Business Concern With Neat Cash Balance on Hand

Cisco High School athletic association has become a sizeable business, both from the standpoint of cash receipts and disbursements. Due to the prowess of the Lobos as a team and the aggressive publicity carried on by the school, Cisco high school has become one of the very best, if not the best, box office teams in the state today. Three times this year have the Lobos drawn crowds in excess of five thousand persons, and in each instance the box office receipts have exceeded three thousand dollars for the single game. In two of the instances the Cisco High School association received fifty per cent of the gate receipts, and in the other instance due to a two year contract, the opposing school received practically all of the funds. Every school played thus far has looked to their game with Cisco as being their "big game" of the season, and the advertising and publicity received by the high school is almost invaluable. The last game played with Ranger was the most lucrative. From this game the local high school received approximately \$1,700 for their share of the receipts.

Since Cisco has been a major team only for the past two years, the home folk can scarcely realize the importance of Cisco's position in the state athletic world. In past years the team has barely got along financially and was forced to call upon the business men for aid to properly carry on their work. Although the association now has a tidy sum on hand the athletic association is still not financially independent, but it is more than paying its way at the present time. In view of so much speculation locally concerning the financial affairs of the athletic teams, and the machinery for handling these funds, the reporter made some inquiries regarding the finances of the Athletic association and found that it costs something to run a football

team of champion caliber. Also he found that the finances of the association are being handled in an efficient manner and that full value is received for every dollar spent. That accurate check is kept upon all finances of the association, and that insofar as possible, all money spent for equipment and supplies is spent with Cisco merchants.

In charge of the finances of the Athletic association is the athletic council, consisting of G. H. Wells and Supt. J. J. Godbey, representing the school, W. H. Morse and A. D. Anderson, representing the school board, chamber of commerce and business men of the city. Mr. Wells is manager of the association, and is directly in charge of its affairs. A set of books is kept showing all receipts and disbursements and reports are made by the manager to the council at regular intervals. Other than current expenses no payments are made by the manager until the council authorizes the expenditure. The Athletic association has its own bank account and payment is made by check. The athletic council is in charge of all athletics of the high school and follows the policy of making athletics do the greatest good for the greatest number of children. Football is, of course, the most remunerative of the high school activities. Basketball comes next in the list, while baseball barely carries itself, and track is all expense. Girls' athletics are also in charge of the council, and it is their policy to encourage the girls and let them derive the benefits of athletics insofar as possible. All students of the school work for the success of the athletics and insofar as possible all students of the school are entitled to derive the benefit from school athletics.

Following are some of the major items of expense as shown by the books of the association. In some cases they represent property purchased and now the property of the association. In other cases they represent expense purely. At any rate they show that running a football team costs money, and the gate receipts are not all profit by any means. The items follow: Paid to bleacher fund to date, \$592; paid to visiting teams, \$722; athletic equipment purchased, \$556; basket ball suits \$77 (approximate); expenses on trips, \$205; footballs and basket balls, \$100 (approximate); rain insurance \$40; paid to officials, \$230; telephone calls and telegrams, \$45; new dressing room lockers, \$75; work on park, \$23; advertising and publicity, \$30 (approximate); total \$2,695.00.

In addition it is planned to build a balcony around the side walls of the gymnasium to accommodate the crowds in basket ball season. Then will come the sweaters for the athletes requiring an expenditure of several hundred dollars. Not included in these items are a number of smaller bills such as drugs and bandage bill, et cetera.

The association now has a balance, but like any successful business, it must have a balance to properly operate its business. Never has Cisco high school charged more than 75c for a home game, and it is the policy of the association to make the games as cheap as possible to the spectator.

PAVEMENT OPEN TO TRAFFIC
BRECKENRIDGE, Nov. 15.—Four blocks of the paving on the north end of Breckenridge avenue has just been opened to traffic. This strip is not quite completed but traffic will be allowed to use it except during short intervals, until it is finished and opened permanently. Breckenridge avenue leads out to the north trade territory, and will accommodate a large section of country coming into Breckenridge.

EGGS OF THE ROUND WORMS
are found in poultry will live in the soil for at least two years.

35,000 EXPECTED WITNESS AGGIE LONGHORN GAME

AUSTIN, Nov. 15.—Though the University of Texas stadium was informally opened on November 8, formal dedication for the South's largest home for athletics will not be held until Thanksgiving, when the Longhorns play the Aggies of Texas A. & M. in their thirtieth game, and the tenth annual Thanksgiving contest since the resumption of relations in 1915. Texas has won 19 times, lost eight, and has played two ties in their struggles with the Aggies. The Texas-Aggie battle has become the gridiron classic of the southwest, and for this reason it was selected as the proper game at which to dedicate the new stadium. The seating capacity of the first two units of the stadium, which will be completed in time for the A. & M. game, is 27,000. A space of 20 inches is allowed each person, which is two inches more than in most Texas grandstands. Supplemental stands will be erected at the ends of the field to care for the overflow crowd, which has ever witnessed an athletic contest in Texas. A crowd of 35,000 is expected.

CONSERVATIVE GAME MEASURES TO BE PROPOSED

DALLAS, Nov. 15.—A meeting of unusual interest to sportsmen will be held in the chamber of commerce auditorium, at Dallas, Wednesday morning, Nov. 19, when the Texas Game & Fish Conservation association is called to order by President J. L. Phillips, of Lufkin. The conference has been called for the purpose of adopting a definite program for 1925, when important legislative changes are proposed, including at least four bills which are obstructive in nature and likely to undermine the Texas commission unless prompt action is taken. President Phillips has summarized the objects of the association as follows: To cooperate with the Texas Game Commission in all ways deemed constructive (there have been as many as fifty-two paid deputies this season as contrasted with six before Mr. Boyd's administration); to create a system of game refuges

and public hunting grounds; to seek the creation of a nonpartisan commission to supervise conservation measures; and to mold sentiment in favor of those protective regulations which have saved game in the more densely populated states of the east.

MUSEUM SHOWS TOPAZ THAT WEIGHS 90 POUNDS

CHICAGO, Nov. 15.—A white topaz, weighing ninety pounds, large enough to make 205,120 dinner rings of one carat and said to be the largest precious gem, has been placed on exhibition in the Field museum here. It was brought from Marambaia, Minas, Brazil, by O. C. Farrington, head of the museum's department of geology, who headed one of Captain Marshall Fields' South American expeditions. If placed on the market the stone would supply the demand for many years, museum officials said.

Read the classified column.

LARGE INCOME TAX PAYER IS CALIFORNIA INVALID

SAN FRANCISCO, Cal., Nov. 15.—Leonard Howarth, little known Santa Rosa rancher, who attracted

widespread attention when recently published income tax figures revealed that he had paid a tax of \$116,061.78 for 1923—one of the highest individual returns on the Pacific coast—was found to be an invalid who directs his financial activities from a wheel chair. Howarth, who lives quietly at "The Maples," three miles from Santa Rosa, has extensive interests in California, Oregon and Washington. He is a vice-president of the St. Paul and Tacoma Lumber company; a director of the Everett Pulp and Paper Company mill at Everett, Wash.; president of the Wilkerson Coal and Coke company; owner of large blocks of stock in public utility corporations, and active in extensive land operations in California. The millionaire Santa Rosa rancher is said to be 50 and unmarried.

CHURCHES

First Baptist

Bible school meets in west ward school building, 9:45 a. m.; preaching services at city hall, 11 a. m. and 7 p. m.; Junior B. Y. P. U. 3 p. m., city hall; Intermediate and Senior B. Y. P. U.'s 6 p. m., at

city hall. Remarks: The pastor earnestly wishes for a full attendance on the part of the membership. All church members ought to attend worship, loyal members do. These are meaningful days to Cisco Baptists and nothing should mar their fellowship nor keep them from going forward in a mighty program. Don't forget that today is your last opportunity to pay up your 75-million pledge. Do it today and more if possible. Remember, too, that the General Baptist convention of Texas meets this week in Dallas, the Women's work beginning Monday, the laymen's conference Tuesday, and the convention proper Thursday. A large number of our good people should attend this great gathering. Good roads to Dallas will be inviting to all who desire to go via auto; reduced rates via railroads. Welcome to all who would desire to worship with us today.—C. G. Howard, pastor.

First Methodist

Sunday school 9:45 a. m., everybody invited. No services Sunday morning. Preaching Sunday evening at 7:15. Rev. Laflette will fill the pulpit. Subject: "Life's Greatest Problem and its solution."

First Presbyterian

Sunday school at the usual hour. Because of the death of Pastor Hall's father, there will be no preaching morning or evening at this church.

First Christian

E. H. Holmes, minister. Bible school 9:45 a. m.; preaching 11 a. m. and 7 p. m. The evening service will be held with the local high school football squad and their friends as our special guests. All strangers and visitors are cordially received and made welcome. The local high school football squad and their friends are to be the special guests of this church Sunday at 7 p. m. They will receive a hearty welcome, and the services are intended to be of such

a nature as to be helpful to them in every way.

Epworth League

Program for Sunday evening at 6:15 o'clock. Subject: "The Gospel Message in our Mountains"; leader, Sammie Mae Trigg; song service, scripture lesson, offering and prayer; quartette, "The Church in the Wildwood," by Marion Chamblis, Laura Fay Wilson, Marvin Boyd and Elroy McCanlies; discussions (two minutes each): 1. Ancestry and early settlement—H. G. Bailey; 2. Outstanding Leaders, Vera Clark; 3. Loyalty, Thresa Eddleman; 4. Simple Sincerity,

Lee Elkins; 5. Illiteracy, Louise Smith; 6. Home Life and Manners, Marion Chamblis; 7. I Kin Klown Myself, Annie Reese Robinson; 8. Illustrations, Laura Fay Wolsin; 9. Problems to be met and overcome, Irvin Brown. Announcements; league benediction. This will be a splendid program, the council will have charge and each member is requested to come early and get in the circle.

Episcopal

Church of our Savior, 404 W. Seventh street. Rector Frank H. Stedman; services for Sunday, 10 a. m., church school; 11 a. m.,

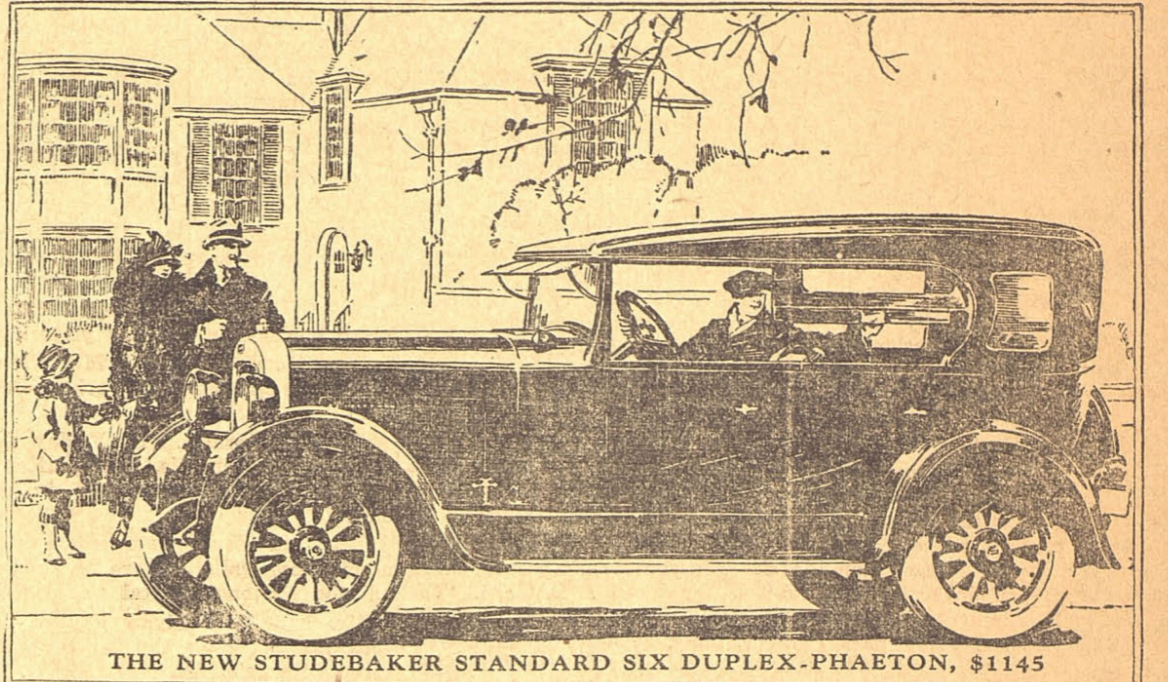

morning prayer. All are always welcome.

Grace Lutheran

Sixteenth street and Avenue F; A. Arndt, pastor. Sunday school at 10 o'clock. There will be no morning service since the pastor will preach at Romney in the morning. Evening service at 7:30. We cordially invite strangers and visitors to attend our services.

Church of God

T. H. McNeill, pastor; Sunday school 9:45 a. m.; preaching service at 11 a. m. and 7 p. m. Tabernacle facing west ward school.

(All prices f. o. b. factories, and subject to change without notice)

DAD has always wanted an open car. He likes freedom. He wants speed—and flexibility. He loves to open 'er up on a smooth country road and feel the wind whiz past his face.

But Mother . . . she wants comfort and protection—she's thinking of that rainy day when the youngsters have to go to school.

And here at last is a new-type car to meet this old-time family problem.

It's a glorious—joyous—free, airy open car when you want it.

Then when it storms it may be changed to a comfortable, weather-tight enclosed car with complete protection from wind and rain.

Thirty seconds is all it takes—simply lower the roller side enclosures, without even leaving your seat. You've never seen anything like it before.

The Duplex body is framed and

shaped in steel. Upper and lower sections are integral. Thus its construction is substantial and its beauty lasting.

It banishes once and for all the trouble of attaching the old-type curtains—makeshift at best.

No more hurried efforts hunting for the right curtain while the storm beats in.

No more exposure, through holes torn in them, while trying to obtain, for the emergency, the protection given by a closed car.

To the man unwilling to sacrifice the thrill of open car motoring—to the woman who wants closed car protection right at her finger tips—this car offers a wonderful new adventure—it marks a new era in fine car possession.

In justice to yourself—see the new Duplex now. Only Studebaker makes it.

HAMBURGERS

We wish to announce that we have bought the Hamburger Stand at the corner of Broadway and Avenue E, and after a thorough cleaning and remodeling, will be open for service to the public. If you need anything in our line, we will be glad to have your patronage.

Much interest has been manifested in the membership contest conducted by the North Circle of the Methodist missionary society. The contest closed recently with the Mustangs victorious. Friday afternoon at the home of Mrs. Jack Kelly, the Pirates, the losing side, entertained honoring the twenty-two new members. The house was beautifully decorated in roses and chrysanthemums. Three tables were arranged for 42. Those not desiring to participate in the game, enjoyed embroidering and conversation. Miss Laura Fay Wilson delighted the guests with a solo, which was followed by a splendid reading by little Miss Roubie Triplitt. Refreshments of sandwiches and coffee were served to thirty-six members.

Tacky Party
Circle Four of the Presbyterian Auxiliary for the past month has been conducting an attendance contest, with the winners to be entertained by the losers. After contemplating for several days, the nature of the entertainment, the losing side decided on a tacky party to be held at the home of Mrs. Keelan. So Wednesday afternoon the members met at the Keelan home in Humboldt, in costumes of every description. Following several interesting games of bridge, each guest was asked to vote on the tackiest one present. The prize, a bottle of perfume, was awarded Mrs. Glen D'Spain. Refreshments chips and coffee were served to the following: Misses Titia Bell and Elizabeth Simmons, Bess Maxwell, Beryl Huey, Mayme Davis, Gussie Newcomb, Grace Cabiness, Louise Hughes, and Mesdames J. L. McMurray, Paul Butler, Charley Gray, D. J. Moss, G. C. Richardson, Glenn D'Spain, F. A. Blankenbecker, Will Copeland, John Neel, Morris, Ray Vaughan.

Wednesday Bridge Club
The members of the Wednesday Bridge club assembled for their regular meeting Wednesday afternoon at the home of Mrs. G. W. Griswold. Terminating several games of bridge, the hostess served a dainty salad course to the following members, Mesdames H. S. Drumwright, Carl Patton, Frank Harrell, Oscar Cliett, Elbert Bleasie, A. G. Dabney, L. A. Harrison, H. P. Brelsford of Eastland, Alex Speers, E. P. Crawford and Fleet Shepard.

Honoring Mrs. Neath
Friday afternoon at the home of Mrs. H. N. Pardee, the Humble Bridge club entertained honoring Mrs. J. A. Neath. Chrysanthemums and asters furnished the decorations. After a pleasant afternoon playing bridge, Mrs. Pardee served pineapple salad, sandwiches, olives, individual pumpkin pies and coffee to Mesdames J. A. Neath, Ed. Hitchcock, J. L. McMeans, T. R. Hanrahan, W. A. Cunningham, W. J. Armstrong, J. R. Almond, Ted Mullinix, George Simpson, C. C. Morse, Leo Halliburton, Frank Murphy, J. P. Flynn, H. J. McLelland, Reggie Henderson and Miss Mayme Davis.

Humble Bridge Club
Mrs. Leo Halliburton was hostess to the Humble Bridge club Wednesday afternoon at her home in Humboldt. The house was beautifully decorated in autumn leaves. Mrs. J. L. McMeans won high score. Refreshments, consisting of hot rolls, perfection salad, Bavarian cream and coffee were served to the following members and substitutes, Mesdames D. C. Saddler, W. A. Cunningham, J. L. McMeans, T. R. Hanrahan, Ed. Hitchcock, J. A. Neath, W. J. Armstrong, J. R. Almond, H. N. Pardee, Ted Mullinix, George Simpson and C. C. Morse.

Social Meeting
The Woman's Auxiliary of the Episcopal church entertained with a social meeting Friday afternoon honoring Bishop Harry T. Moore of Dallas. Dainty refreshments were served. Approximately twenty members were present.

1920 Bridge Club
The 1920 Bridge club met Thursday afternoon with Mrs. F. A. Blankenbecker. After a pleasant afternoon of bridge the guests enjoyed a salad course. Those present were Mesdames Charles Trammell, Charles Williams, Belle Stamps, K. H. Pittard, L. H. McCree, Homer McDonald, D. C. Bayless, J. H. Brice, A. D. Anderson, A. C. Green, Leon Maner, Ray Vaughan and Jack Kelly.

Tri-K Club
Pleasant entertainment was given

the members of the Tri-K club Wednesday evening when they met at the home of Miss Mary Fee, for their regular meeting. The evening was spent in playing bridge. A pleasant aftermath was the serving of a two-course lunch. Those present were Misses Beryl Huey, Alla Gene Holmes, Esther Hale, Bess Maxwell, Gussie Newcomb, Addie Fee and Mesdames Frank Logan and Paul Butler.

Methodist Missionary Society
The North Circle of the Methodist Missionary society will meet in the basement of the church at 3 o'clock next Tuesday afternoon. The following program will be rendered: Hostesses: Mesdames Sherman, Stamsy and Jacobs. Subject: Prayer. Leader: Mrs. Stamey. Responses: What am I thankful for. Daniel's Prayer—God's answer, Dan. 9:3-9-15-23. The prayer Jesus taught his disciples, Matt. 6:9-13, by Mrs. M. D. Ford. The leper's prayer, Matt. 8:2-3. The centurion's prayer, Matt. 8:5-9-13, by Mrs. M. D. Ford. The disciples' cry to Jesus in time of danger, Matt. 8:23-26, by Mrs. Geo. D. Fee. The ruler's prayer of faith, Matt. 9:18-19-23-25, by Mrs. Geo. Langston. The prayer of presumption and the prayer for help, Matt. 14:22-24-25-27-28-31, Mrs. Phillip Pettit. Special song. Reading, Emma Lee Godbey.

There will be no meeting of the Delphian club Monday afternoon. Mrs. H. P. Brelsford of Eastland spent Wednesday afternoon with her sister, Mrs. G. W. Griswold. F. D. Halm of Dallas is the weekend guest of Mr. and Mrs. W. J. Armstrong. Mr. and Mrs. C. R. Burrow of Canyon have returned home after a visit with Mr. and Mrs. Frank Harrell.

Mrs. Minter Womack and children left today for Ennis where they will visit her parents, Mr. and Mrs. William Weatherford.

Mesdames R. Q. Lee, G. B. Langston, G. B. Kelly, J. J. Butts and Wm. Reagan returned today from Amarillo where they attended the State Federation meeting.

Mrs. D. H. Hart of Austin is the guest of Mrs. J. J. Butts.

Misses Helen and Ruth Williamson returned today from a week's visit with their sister, Mrs. Walter Sikes of Amarillo.

Mr. and Mrs. Arthur Paddock and family, formerly with the Humble company, left today to make their home in El Paso. Mrs. Paddock and children will stop over in Fort Worth for a visit with relatives.

Mrs. W. E. Fairless has returned from a three week's visit with her daughter, Mrs. L. E. Oler of Corsicana. While away Mrs. Fairless visited other relatives and attended the

after having attended the Dental association in Dallas.

J. W. Mancill is confined to his home on account of a severe cold.

The Cisco Music Study club will meet with Mrs. S. E. Hittson next Saturday afternoon at 2 o'clock.

GEN. PERSHING EXPECTED TO BE AT DEDICATION

AUSTIN, Nov. 15.—With an invitation issued to Gen. John J. Pershing, commander of the American expeditionary forces during the world war, to be present as the guest of honor, the formal dedication of the Texas Memorial Stadium here on Thanksgiving day promises to be one of the most impressive ceremonies ever held in Texas, according to Wm. L. McGill, state chairman of the campaign to build the stadium. A telegram was recently sent General Pershing requesting his presence at the dedication, the message being signed by Governor Pat M. Neff, United States Senator Morris Sheppard, Harry H. Rogers, district governor of Rotary, Mark McGee for the American legion, Buford Jester for the veterans of foreign wars, and W. M. M. Splawn, president of the university.

Though General Pershing has not yet replied to the invitation issued him, stadium officials express confidence that he will be able to make the trip to Texas.

BRECKENRIDGE GAINS \$4,700
BRECKENRIDGE, Nov. 15.—The records of tax assessment in the city clerk's office show that the city will have a gain of about \$4,700 in revenue

over last year, provided, of course, that the city collects all of the taxes that have been assessed.

BAPTIST BUILDING COMMITTEE
At a recent meeting of the building committee of the First Baptist church the names of five additional Baptists were recommended for this committee, and at a meeting Wednesday night the local conference added the names of Messrs. J. E. Spencer, D. D. Lewis, J. M. Hickey,

Robert Mancill and Lew White. Other members of this committee are Messrs. R. Q. Lee, Frank Walker, W. I. Ghoramley and Ernest Hittson.

Damage by rats to produce and property in the United States amounts to about \$200,000,000 annually.
