MARRIED.

RANDOLPH-BELL.

The impressive Episcopal marriage ceremony, uniting in holy wedlock Miss Maria Champe Bell and Mr. Shirley P. Randolph, was solemnized Wednesday evening at nine-thirty by Rev. Keeble assisted by Rev. Calbraich, of Colorado City, at the Church of the Holy Cross.

Miss Bell is the eldest daughter of Mr. and Mrs. Farley S. Bell. The Bells are one of the oldest and most prominent families in West Texas. Mr. Bell being a lawyer and holding the important position of State Revenue agent.

The bride was not only the cheerful companion of her parents, the idol of her home, but universally loved by all, and conceded to be the queen of her social circle.

The groom, who is an official of the B. & O. Railroad, a resident of New York. He comes of an old Virginia family and is in every way worthy of the noble girl he has won.

The church was handsomely decorated by admiring friends. The dainty color scheme of white and green being artistically executed throughout.

An expectant hush fell upon the impatient audience when the appropriate song, "Tis All For Thee" was beautifully rendered by Mrs. J. C. Gray. Next the beautiful strains of Mendelssohn's Wedding March skillfully executed by Miss Phillips heralded the coming of the bride, who was preceded by the two ushers Messrs Elden Boydston and Will Franklin, who came first, following came the bridesmaids and their attendants, Miss Daniel and Mr. Foster, Miss Moon, of Abilene, and Mr. Uzzell, Miss Collier and Mr. Bowyer of Abilene, who took their positions at the altar.

The Maid of Honor, Miss Nannie Bell, the beautiful sister of the bride, entered alone immediately followed by the bride, who was

led to the altar by her father, where she was met and claimed by the groom, attended by Mr. Charley Hadley as best man.

The bride was a vision of queenly loveliness and statuesque beauty, gowned in a magnificent creation of Chiffon over heavy white Paau Da Soie elaborately trimmed with Valenciene and Point Lace, designed by a noted eastern Modiste. A long veil of filmy net crowned by orange blossoms artistically draped over a high coiffure added height and dignity. An exquisite shower bouquet of carnations with white satin streamers completed the perfect and harmonious effect.

The Maid of Honor was a picture of lovely girlhood in a white organdy trimmed with many flounces and handsome lace, completed by an immense bouquet. Miss Daniel wore a handsome white organdy over silk, with real Val lace and pink carnations. Miss Moon was charming in a beautiful organdy with embroidery made Princess, pink carnations. Miss Collier was most becomingly gowned in white Pointe Da Spray over Taffaty, carrying a large bouquet. The groom and attendants wore the conventional black full dress suits.

After the ceremony a reception for the bridal party was held at the residence of the bride's parents, when a buffet supper was served, and the bridal gown changed for a handsome blue traveling suit.

A merry crowd of young friends escorted the happy pair to the station, where they took the one o'clock train for a visit to Washington and other places of note before going to their future home in New York.

Their many friends wish Mr. and Mrs. Randolph all happiness.

Miss Willie Floyd returned home this morning from Ardmore, I. T., Miss Willie's many friends congratulate her upon her graduation from the Ardmore High School last week.

SCHOOL BOARD.

The Board of Trustees for the Baird District met Saturday night but not having a quorum the meeting adjourned until Monday night when they met with all trustees present except J. B. Harmon who was absent from the city. It was moved and carried that a superintendent who shall also act as principal of the Baird Schools, be selected and that action on all other applications be postponed until after June 12, when the tax proposed will be voted on. Prof. Green was unanimously elected to succeed himself as Principal. Mr. Harmon sent his proxy authorizing one of the trustees to cast his vote for Prof. Green, thus giving him every vote of the seven trustees. The salary however was not fixed, this matter will be decided later. One of the main objects in postponing action on other applications was that the trustees had not had time to examine the application, and the further fact that the Board preferred not to employ a full corps of teachers until the tax question is settled, which is only a few days off.

The Association will go on an excursion from Corpus Christi to Brownsville and will also visit Matamores in Mexico. This Association visited Arransas, Rock Port and Corpus Christi it 1891, but comparatively few members of the press have ever visited the extreme southwestern part of the state and there is an indication that a large number of the editors will be at Corpus Christi and go on the excursion over the new road recently built from Corpus Christi to Brownsville. This part of the state is said to be fine for fruits and vegetables. We will tell you something about it when we return. From Baird to Brownsville by rail is about seven hundred miles and few people in this section ever visited that part of the state. We may have something to tell our readers about that country that will interest them.

CHILDREN DREW PLOW

Shameful Treatment Wisconsin Man Is Accused Of.

WORK LIKE HORSES.

Harness Placed About the Shoulders of the Little Ones, Majority of Them Girls, and Father Guided Handles.

Milwaukee, May 25.—Complaint has been made, says a special dispatch from Oshkosh, Wis., against a farmer living near Neenah that he has been hitching four of his seven children to a corn plow or cultivator and compelling them to drag the implement through a ten-acre truck garden while he guided the plow and drove as he would drive horses.

This complaint is founded on facts, as farmers and persons from Oshkosh, riding along the highway, have witnessed the practices. When the attention of the authorities was called to the matter, Dr. Wilkie, agent of the Fox River Valley Humane society, went to the farmer and compelled him to send five of the children to school. Of the seven children, five were of school age, whom the farmer, it is alleged was rearing in ignorance. None of them are able to read or write. The majority are girls. The eldest one is not over fourteen years of age.

Dr. Wilkie states that the plow harness to it, which was put about the shoulders of the children. The farmers say the plow or cultivator is very light, and was used merely to stir up the top soil.

REPLY IS RECEIVED

Washington, May 25.—The state department has received through Mr. Mariscal, the Mexican minister of foreign affairs, the reply of that government to the inquiry adopted by the department relative to the grounds for the seizure by Mexican gunboats of several American fishing schooners from Pensacola, Mobile and Galveston. The minister's note states the exact spots, by latitude and longitude, where the seizures were made, and the charts make it appear that if the locations are correctly stated, the American boats were undoubtedly within Mexican waters. The fact is referred to that for a long time the waters of Campeche bay have been fished by foreign vessels without protest. But it was after having given the necessary warning to desist the Mexican government is determined to reserve all fishing rights there for its own citizens. Reefs and islands lie out in the water for many miles from the shore line, but according to the construction placed by our state department in the case of American fisheries upon territorial rights the waters surrounding these islands are closed to foreign fisheries.

As it is alleged that the American vessels were lying in close to some of these islands when fishing, it appears that there is nothing to be done now but await the outcome of the legal proceedings to take place in the Mexican courts as the result of the seizures, the American fishermen being out on bail.

CALDWELL PASTOR.

Has Constantly Retained That Position Since Entering Presbytery.

Greenville, S. C., May 25.—The general assembly of the Southern Presbyterian church Friday disposed of committee reports on closer relations, decided upon Birmingham, Ala., for the meeting place of the assembly next year and made final declaration on the Caldwell heresy case.

The special committee named to formulate judgment of general assembly as a court in the Caldwell case reported that in sustaining the complaint of the session of the First Presbyterian church of Fort Worth against the synod of Texas the action of the synod was reversed, and that by this reversal of judgment Rev. William E. Caldwell has been since the day of his reception into the presbytery of Fort Worth, and is now, a member of that presbytery, and that since Nov. 30, 1904, the date of his installation as pastor of the First Presbyterian church of Fort Worth, he has been, and is now, pastor of that church.

Northern Presbyterian general assembly refused to strike "hell fire" from confession of faith.

GUATEMALA REVOLT.

People Rise Up In Arms Against the Executive.

CABEIRA UNPOPULAR

One Town Is Already In Possession of the Revolutionists and Barrillas With a Large Force Is After Another.

City of Mexico, May 29.—Advices received from Tapachula and Tonalá, in the Mexican state of Chiapas, show that a revolution against the existing administration of the present president, Estrada Cabeira, of Guatemala, broke out Sunday at Guatemala was divided from four points by as many bodies of armed men, all equipped with the best modern rifles.

General Manuel Leandro Barillas, formerly president of Guatemala, with 200 cavalry and a stock of 700 rifles, crossed the Mexican border at a point near Motozintla, and is aiming at Quetzatlango, a large town garrisoned by Guatemalan regulars. Barillas has great coffee estates in that neighborhood, where he is very popular, and when he was driven four years ago by President Cabanu. It is believed that Quetzatlango will be taken without much bloodshed. Barillas successfully evaded the search of the authorities. He will recruit new men on his march across the mountains, the people being loyal to him.

General Jose Leon Castillo captured Ocos Sunday without much resistance being shown. He took that point with 500 men, and was received with enthusiasm by the people.

The steamer Empire State from San Francisco left this port May 14 with 250 desperate fighters, recruited in that city, and some 3,000 rifles, reached Ocos, thus enabling the disaffected citizens to be armed.

General Castillo was a rival candidate for the presidency seven years ago against Cabeira, but alleges that he was counted out, and he has a long series of scores to settle with the Guatemalan president. Ocos is the most important point for revolutionists, as it gives them a base on the sea.

General Pineda, with a large force of good fighters, crossed into Guatemala Sunday from British Honduras and invaded the province of Pelen.

Pineda is a stalwart soldier and a typical Guatemalan revolutionist. He expects to rally the Indians in Pelen.

Simultaneously Monday General Toledo, formerly minister of war in Guatemala, crossed into Guatemala with 2,000 troops including the Salvadoran regulars and disaffected Guatemalans, largely refugees from the tyranny of Cabeira. This important body of troops is well drilled, and armed with modern weapons. This act practically declares war by Salvador against Guatemala.

Nicaragua also takes part by sending a warship from New Orleans to Puerto Barrios, the sea terminus of the Guatemalan Northern railroad, to intercept President Cabeira should he try to elude his pursuers and escape in that direction.

The revolutionists are recruiting all the way on their respective lines of march, and all foreign planters in Guatemala are disgusted with his oppressive regime of Cabeira and the onerous taxation, and are rallying to the support of the revolution.

German planters offered a drilled body of men. Americans and British are similarly dissatisfied.

Guatemala is reported honeycombed with sedition, so high runs public sentiment against President Cabeira who, for a long time, has had to make his public appearance with an armed guard to protect his person.

By a gasoline explosion at Snyder, Okla., a negro was blown out of a cellar. He lost his clothes and much skin.

Mexican congress has appropriated \$60,000 for expenses of delegates to Panamerican congress at Rio de Janeiro.

Ben Pea was fatally shot at Waggoner, I. T. Abdenege Marshall, another negro, was arrested.

President Dubose of the First National bank of Ensley, Ala., has been arrested. He is charged with embezzling \$40,000.

Willie Black, a Collin county boy, refused to testify in a case at McKinney. He was fined \$100 and sent to jail for three days.

C. S. Bullock and others of Denison will assist Captain Lee Hall in guarding an automobile in Mexico hauling one.

A. J. Pulaski, Dallas county farmer, left \$2,000 in gold under a pillow near Tampico, Mex. Returning, he found it gone.

A locomotive exploded at Daleville, Ark. The round house was demolished. John Calhoun was killed and a negro boy had both legs cut off.

Deputy marshals raided gambling houses at Muskogee, making sixty arrests and chopped to pieces thousands of dollars' worth of paraphernalia.

Congressman Randall, candidate for re-election, and Hon. A. P. Barrett, his opponent for Democratic nomination, will debate with each other in Sherman district.

HAMMANS BROS

Entered at the postoffice at Baird, Tex., as second class mail matter.

W. E. GILLILAND,
Editor and Proprietor.

Talk up the school tax and bond issue. Baird cannot afford to wait longer on these matters.

Of course you are going to vote on the 12th to put Baird in a class with other growing towns of the pushing, hustling west. That means you will vote for the school tax and school house bonds.

The editorial in THE STAR last week on the railroad situation has put some people to thinking at least. Capt. Powell says it is timely and he has promised to get up an article for THE STAR on the coal prospects of this section, and he will probably have something to say on the railroad question.

DEATHS.

The little 4 weeks old babe of Mr. and Mrs. Ned Alexander died at Fort Worth last Friday. The many friends of Mr. and Mrs. Alexander in Baird sympathize with them in the death of the little boy.

Mrs. W. T. Hensley died of consumption Monday night. The funeral was conducted by Rev. Chas. A. Loveless, Pastor of the Baptist Church Tuesday evening. The services were held at the Methodist Church. The remains were interred in Baird Cemetery.

Mrs. Fannie E. Hunt, of St. Joe, Mo. Mrs. Hensley's aunt was with her when she died.

Mr. Hensley and little Carl have the sympathy of all their friends in their bereavement.

Mrs. Edward Louise Rudmose, nee Spragins, wife of Alfonso Rudmose, died at her home in Fort Worth last Thursday morning at 4 o'clock. The remains, accompanied by the husband, his mother, Mrs. Rudmose, Mr. and Mrs. W. H. Morgan, Mr. and Mrs. Chas. Paylor, were brought to Baird for burial. The funeral services were held at the Methodist Church Friday evening by Rev. B. C. Meador. The services at the grave were conducted by the Order of the Eastern Star. The floral offerings were beautiful.

Mrs. Rudmose was the eldest daughter of Mrs. J. B. Harmon who was completely prostrated by the news of her daughters death. Miss Louise Spragins was well known in Baird where she lived for sometime prior to her marriage to Alfonso Rudmose who was raised in Baird but now resides in Fort Worth. They were married a year ago last February and lived in Fort Worth. She was a lovable girl, popular and universally respected by all. She was in the very prime of life being only 21 years old full of life and joy, but suddenly the angels called her to her fathers home and she passed out to the great beyond where all must go sooner or latter. It is hard for us to realize that she is gone from husband, child, mother, sister, brother and friends but truly as the poet says:

"Leaves have their times to fall
And flowers to wither at the north
wind's breath,
And stars to set—but all
Thou hast all seasons for thine
own, O death."

She left a little babe only eight days old. THE STAR joins the many friends in Baird of the deceased, her husband and his family in extending sincere sympathy to them in their sorrow. To the mother especially, the blow falls hardest, because there is no love like a mother's love, and to her we extend our heartfelt sympathy. Time alone can alleviate but never heal the wound made by the loss of a child.

That kitchen you have been promising your wife, and that buggy shed you have been promising yourself. Now is the time to get it.

Phillip Yost of Tecumseh, was in town yesterday.

Sam Cutbirth, Sr. of Reagan county, came in a few days ago on a visit to his children and his mother. Sam is a candidate for County Judge of his county and his friends think he has a cinch. If a lot of Sam's friends in this county could vote out there enough of them would go out to make his election sure. Mr. Cutbirth's mother, Grandma McFarlane, will return home with him.

Grant Bowlus, carpenter and contractor, says that editorial about the railroad is timely, and that he is ready to donate one hundred dollars cash to a bonus fund to secure a road. If every property owner in Baird would do as well in proportion Baird could raise a bonus together with right-of-way through the county, that would at least attract the attention of railroad builders.

The announcement of W. C. Asbury for Constable of Pre. No. 1 will be found in this issue. In years past Willis Asbury served as deputy sheriff and always make a splendid peace officer. When it comes to tackling any kind of a job that falls to the lot of a peace officer Willis will come as near doing his part as any man we ever knew. Remember the old man at the primaries. He served the public faithfully in past years and will do so again if you elect him.

KILLING NEAR PUTNAM.

Martin Brown, a boy 18 or 19 years old, killed Geo. Hamrick with a hoe on John Heyser's farm five or six miles south of Putnam last Friday. Brown surrendered to Deputy Sheriff G. H. Corn at Heyser's place Friday night without an effort to escape. Sheriff Al Irvin went down as soon as he heard of the killing and brought Brown to Baird and placed him in jail. He will have an examining trial in a few days on writ of Habeas Corpus issued by Judge Calhoun.

The parties were all farm hands working on John Heyser's farm. Brown was working for Heyser and Geo. Hamrick and his brother were renters on the Heyser farm. The two brothers and Brown had a difficulty over a trivial matter out in the field, and Brown claims that Hamrick struck him with a hoe when he struck back with fatal results. Brown's home is in East Tennessee. He has been working for Mr. Heyser about five months. The boy says he did not intend to kill Hamrick, but only intended to knock him down. The above facts were learned from the officers who brought Brown in from the Heyser place Friday night.

The Bank Habit

Possibly you who read this have never kept a bank account. If not, let us suggest that you try the experiment. You will find it helpful in many ways. Aside from the fact that your money will be safe from theft and fire, such a habit tends to thrift, economy, discipline, and a general understanding of business principles, all of which are essential to success. It also affords a convenient method for the payment of bills; and, as the checks are always preserved and restored to you, they serve as receipts for the amounts paid.

McKittrick Handled Bundle of Cash by an Unknown Man.

Kansas City, May 25.—Sensational testimony has been brought out in the trial of George H. Crosby, traffic manager of the Burlington railway, George L. Thomas of New York, a freight broker, and L. B. Taggart his clerk, on charge of conspiracy. T. H. McKittrick, president of the Hargadine-McKittrick Dry Goods company of St. Louis, who had testified that he employed Thomas at a salary of \$500 a year to look after the interests of his firm in the matter of railway rates and routing from the east, said he had received various sums of money from unknown sources. In one instance Mr. McKittrick testified a person whom he did not know entered his (McKittrick's) office in New York City one day and handed him a bundle of money containing between \$400 and \$500. Mr. McKittrick declared he did not know the man.

DELIBERATE DEED.

Eats Dinner, Lights Cigar and Fires Bullet Into Heart.

Brenham, Tex., May 29.—J. J. Sanders, a well known bridge builder, killed himself at the Dixie saloon Monday. He went into the Dixie restaurant and at a hearty dinner, came out and walked behind the bar to a show case, got a cigar and lit it, and asked the bar tender what he kept in the drawers of the bar, pulling them out until he came to one that had a six-shooter in it. He picked up the gun and cocked it, and turning it toward his left breast with a quick movement, fired, the ball entering just below the heart, and he tumbled down behind the bar dead.

He was sixty-nine years of age, although well preserved, not looking to be over sixty-five. He leaves two children—Mrs. Burney Parker and a single son, almost grown, Jesse Sanders.

TEXAS NUT GROWERS.

Convene at Austin and Effect a Permanent Organization.

Austin, May 29.—Texas Nut Growers' association was organized here with a large membership. C. Falkner of Waco was elected president; F. T. Ramsey, Austin, vice president, and A. M. Ferguson, Austin, secretary-treasurer.

The propagation of the pecan was made the chief topic of discussion.

At one time the meeting partook of the nature of eulogistic services in honor of Governor Hogg, glowing encomiums being paid his memory and hearty commendation bestowed upon the wisdom of his request to plant a pecan and walnut tree at the foot of his grave that should, through the dissemination of their fruit, become the progenitors of a great land of nut trees.

TENT THEATERS.

San Francisco Will Witness Entertainments Under Canvas.

San Francisco, May 28.—San Francisco will have theaters under canvas by the middle of next month. A company has secured the immense tent used by Sarah Barnhardt in her Texas tour. It will afford seats for 7,000 and be put up on the site of the old Central theater, at Eighth and Market streets. It was in this tent that the benefit for the sufferers was held at Chicago and \$15,000 netted. AFTER LYNCHERS.

Twenty-Seven Are Charged With Contempt of Supreme Court.

Washington, May 29.—The government has taken steps to punish the persons who are responsible for the lynching in Chattanooga, Tenn., March 19 last, of the negro, Ed Johnson, who was under sentence for rape. He had been allowed an appeal by the United States supreme court from the circuit court of the United States for the Eastern district of Tennessee.

In the supreme court Monday Attorney General Moody filed information requesting that consideration of acts committed by parties named issue to rule on each of them, to show cause why they should not be punished for contempt of court. Twenty-seven were named as defendants.

TOOK CARBOLIC ACID.

"Old and Out of Work, and Not Able to Work."

Enid, Okla., May 29.—Asa Barnhart, sixty years old, was found dead on Ninth street, having taken carbolic acid. A note was found in his pocket reading: "Old and out of money, and not able to work. Have daughter, Daisy Barnhart, at Hunter, Okla." Barnhart worked at odd jobs in several Oklahoma towns, and of late had been working at Olegachlager's bakery in this city.

DR. HUBBARD DIES.

Prominent Practitioner Passes Away in Collin County.

McKinney, Tex., May 29.—Dr. Moses Hubbard, who has practiced medicine in this county forty years, is dead at his home northeast of here. He established Alla college at Roseland, and has furnished the means for conducting the same ever since its erection. He owned at the time of his death nearly 1,000 acres of land in the county.

STEVENSON SUICIDES.

A Prominent Citizen of Shreveport Swallows Carbolic Acid.

Shreveport, May 29.—G. H. Steven-

son, aged forty years, a director in one of the largest wholesale concerns in north Louisiana, committed suicide Monday night at the Masonic temple by taking carbolic acid. He was recorder of the local Masonic lodge, and was found dead in his office. Despondency on account of bad health is assigned as the cause for the act.

NEVER SPOKE.

Deplorable Affair, in Which Austin Miss is Accidentally Killed.

Austin, May 28.—Val Lincecum, a well known citizen, accidentally shot and instantly killed his fourteen-year-old daughter, Miss Willie, Monday at his residence on Guadalupe street with a forty-four calibre Winchester bullet, while the father was trying to extract balls from the weapon. She was shot through the head and never uttered a word afterward.

To Be Filed Next Monday.

Austin, May 29.—The trial answer in the case of the state against the Fort Worth Livestock Exchange was to have been filed Monday, but under a new agreement it will not be placed in court until next Monday, June 4, which is the date fixed for calling the cases for trial.

COLOR LINE DRAWN.

Negro Question Came Squarely to the Surface.

Des Moines, May 26.—The color line was sharply drawn and the negro question came squarely to the surface in the Presbyterian general assembly here for the first time Saturday. The committee on church policy submitted a report recommending the erection of a synod in Alabama, to include presbyteries of Birmingham, Levere and Rogersville, to be known as the synod of Chattanooga. The presbyteries are now included in the synod of Tennessee. Other presbyteries in the synod are French, Broad, Holston, Kingston and Union. Presbyteries of Birmingham, Levere and Rogersville are composed of negro churches. Others are composed of white churches. The purpose of the committee was to divide the races.

No sooner had the report been submitted than Russell Taylor, a negro minister of Levere and one of the commissioners to the assembly from that presbytery, took the floor. He violently opposed the proposed synod on the ground that the three presbyteries specified were not numerically strong enough or well enough versed in church law to assume the functions and duty of a synod. Members of the committee spoke for the erection of the synod, carefully avoiding the race question, and emphasizing the claim that each of the three presbyteries had asked such action.

After a spirited discussion, in which the negro commissioner received much applause, it was unanimously voted to refer the whole subject to the assembly of 1907.

DRY AS TOPHET.

For First Time in Many Years Louisville Closed Up Sunday.

Louisville, May 28.—Scores of corner pumps with the handles removed and signs derisively announcing, "Closed." "It's Sinful to Drink on Sunday," brought home to early rising householders in many sections of the city the fact that Louisville Sunday was for the first time in many years as dry as Tophet. As the day wore on it was seen that the state and city authorities were in dead earnest about putting on the lid. The streets and cars were filled with aimless Sabbath

youngsters gritting from one point to another, seeking the amusements and conveniences to which they have been accustomed. The absent minded ones were easily discernible by the growth of beard which they had expected to have removed, not thinking to find the barber shops closed. The wise ones, who had taken thought of the morrow, took to the tall grass with sundry bottles, secured before Saturday midnight.

Every place in Louisville and Jefferson county where intoxicants were sold was, with one exception, closed tight. The exception was a park conducted by a Hebrew, who observed Saturday as the Sabbath. He was arrested, and will be tried, but was allowed to continue selling throughout the day, doing a roaring business as the news spread. Four other places where liquor is sold had been designated by the Retail Liquor Dealers' association to test the law. The proprietors of these were not only arrested, but the places were kept closed thereafter. Besides the saloons, all barber shops, bowling alleys, billiard halls, theaters, grocery stores, and in fact everything except hotels and street car lines were closed. Two free "sacred concerts" at the largest amusement park in Jefferson county were not molested, but none of the employees were allowed to work.

The ball park was crowded with spectators when the game between Louisville and Toledo was called, but after half an inning had been played the police arrested President Lebau of Louisville, President Grillo of Toledo and all players and employees. Although bond was promptly given, the park was ordered closed, and resumption of play was not permitted.

The validity of the statutes and ordinances under which the arrests were made will be thoroughly tested in the courts, but the authorities declare that in the meantime all places coming under the provisions of the laws will be kept tightly closed.

A pole cat got into one of the city wells a few days ago and for a few days the water had a highly scented odor. We have known a pole cat to knock out a whole crowd of boys but this is the first time we ever knew a whole town knocked out by one skunk. City Marshal Joe Tisdale turned the hydrants loose and let all the water run out of the well and pipes. THE STAR was harder hit than any one else by the water being cut off as we had no water yesterday evening to run the steam engine and it is the same way this morning but the Marshal says we can have water by 12 o'clock if not we don't know when we will get THE STAR out sometime tonight or tomorrow perhaps.
