Nobody's Business

By Julian Capers Jr.

Austin—The free and untrammelled Democracy of Texas, unwilling to take dictation from the gubernatorial nominee or anybody else, elected four of the six candidates who were blessed by the O'Daniel nod, defeated two others and called it a day. They sprang some surprises, broke some precedents, and the politically minded this week turned their attention to the Democratic State convention at Beaumont for next developments in the most hectic political year in a decade of Texas. The convention meets September 11, 12, and 13th. There, first definite declarations of Governor-Nominatee W. Lee O'Daniel's legislative program, and how he will finance the \$30 pensions which he has declared to be the first matter to be considered, will likely be made.

SPECIAL SESSION TALK

In the wake of the election, Austin was filled with rumors and whispers. Gov. Alford declared this week he will call a special session to authorize formation of a \$3,000,000 State office building if the Federal Government gives a grant for approximately 45 per cent, and a loan on bonds to be issued by the corporation for the balance. Rents now paid by the landlords would be used to retire the bonds, if the Legislature authorizes them. Rents total about \$75,000 annually.

With the defeat of the veteran C. V. Terrell as Railroad Commissioner by Jerry Sadler, there were rumors that creation of a special oil and gas commission might be submitted also, together with legislation to take from the hands of the Attorney General the handling of confiscated oil. Previous efforts to create an oil and gas commission have uniformly met defeat, the last test coming during the closing days of "Ma" Ferguson's administration.

Another interesting report was that Ernest O. Thompson has been offered the post of president of West Texas Tech, and might resign from the Commission to accept it. Oil men through the State were excited over the rumor and were reported bringing pressure to bear upon Thompson to remain on the commission. Thompson is regarded as a certain candidate for Governor, either two or four years from now, and has four years to serve as Railroad Commissioner. The college post would take him out of public affairs, and, although he probably will be a minority member of the Commission, with Lon Smith and Adler aligned against him after January 1, many of his closest friends believed he will remain on the Commission. Some of them think Thompson, as a minority member of the Commission, might make considerable political capital for himself for a gubernatorial race later on.

MEXICAN OIL SITUATION

Still tied up at Houston at the weekend was the 100,000 barrel of Mexican oil seized by Federal custom authorities, after the vigilance of the Railroad Commission had prevented the shipment being entered as crude oil, when an analysis showed it to be crude tops, with a 60 percent gasoline content. Crude takes a customs duty of one-half cent a gallon. Crude tops takes a duty of 2 1/2 cents a gallon. The customs authorities had already passed the shipment, when the railroad commission called their attention to the "error" which would have lost the customs about \$85,000 in duties.

Meanwhile, Texas oilmen were watching with keenest interest the

effect of the latest note sent to Mexico by Secretary of State Cordell Hull, demanding arbitration of American claims for land "expropriated" by Mexico. The land seized, but the same principles apply to the seizure of properties seized at a later date by the Mexicans. Commissioners Ernest Thompson and C. V. Terrell during the week protested vigorously against the importation of "stolen" oil into Texas from Mexico. Hull's note is said by Washington dispatches to be the strongest sent by this country to a foreign government in years. Texas interest, of course, lies in the possibility of a flood of Mexican seized oil being sent into Texas where production is rigorously curtailed to prevent flooding an already over-filled market.

POST ELECTION NOTES

Defeat of C. V. Terrell marks the first time in history that a Texas Railroad Commissioner has failed of re-election, and ends a career in which Judge Terrell has continuously held public office for over half a century. . . Gov. Alford probably will resign early in September, and Lt. Gov. Walter Woodul, defeated by Gerald C. Mann, of Dallas, for Attorney General, will serve out his unexpired term as the State's chief executive. In view of O'Daniel's support of Woodul, it is believed the nominee will be consulted by Woodul about matters to be submitted at the special session. . . Dallas County, which to beat its Senators after one term, sends Bill Graves, a former city commissioner, to the State Senate to replace Claude Westfield. . . The Twenty Seventh District, comprising the Valley and the Winter Garden area, replaced Jim Neal, the Mirando City ranchman, with Rogers Kelley, brilliant young district attorney of Hidalgo county. . . Congressman McFarlane of Wichita Falls, who has had difficulty being re-elected almost every two years, succumbed by Ed Grossett, despite a Rooseveltian gesture in behalf of McFarlane. . . Lindley Beckworth House member from East Texas, outran Grandy Gentry, to become a Texas congressman succeeding another Roosevelt-blessed member Morgan Sanders. . . Most surprising upset of the election was the handy defeat of Bill McDonald, Land Commissioner, seeking a second term, by youthful Bascom Giles, of Austin. Giles election will restore an ancient Land Office tradition, broken but a few times in 100 years, that the Commissioner should be a man with many years of experience in the office. McDonald smashed that tradition when he beat Major William Hawkins, a man out of the "land office family" two years ago. Giles who worked 17 years in the Land Office, discredited McDonald's policy of leasing State lands on a low cash and high royalty basis. . . Grady Woodruff, Senator from Decatur, the third member of the Senate runoff, was defeated by Rep. R. C. Lanning, of Jackboro.

AROUND TOWN

With Otto B. Grate

A new season rolls in. A couple winks and summer is gone and fall comes in and already thoughts of bonfires, toasted marshmallows, and picnics fill the air. Yeah man, for a real spicy time of the year, gimme Autumn every time. (Ain't we the Polyanna about summer going 'n all?)

Yousah, fall may be a peppy season, but with another coat of paint and a new spark plug or two this old town bus ought to be able to keep up with the best of them.

The children (bless 'em) go back to school Monday and in a few more days the vacationing collegiates will go back and razz-ma-tazz it or whatever it is that they do in College. That leaves you and I to stay at home and hold the fort down, and, enjoy ourselves.

Last week Mr. Hugh W. Smith, accompanied by Mr. B. C. Christman took nine car loads of seventh grade students to see old Fort Griffin in Shackelford County. The youngsters thoroughly enjoyed themselves, absorbing some interesting historical facts along with the several tons, of lunch, dust, insects et al. Seriously, the affair was such a success that the odds are two to one on making it an annual outing.

The post office will move. Further than that, Miss Eliska Gilliland (the little girl who hands out the mail with such an excess of good spirit and friendliness at our local mail house) refuses to say. The date has been postponed many times that to set a certain time for the opening would be about as easy as prophesying when the leaves will turn to their Autumn shades. Only Mother Nature and Uncle Sam can answer either of them and you know about that couple.

There's a little matter of offering congratulations to Mr. and Mrs. Buel Everett (yep, that's Eun Lee Stanley) because of their exceptionally fine baby girl born in the Griggs hospital Tuesday and named Sylvia Ann.

Another item of interest. Robert (shall we say "Speed") Walker of Admiral brought in the first bale of cotton last week and consequently carries off the premium.

Bayou schools open September 12, giving the kidlets another week of vacation.

And who did this department see in Abilene the other day wringing out her third hanky after seeing "Alexander's Ragtime Band" but Mrs. Bessie Short, proving once and for all that school teachers really are human. This all the same brings us around to the spot light of the week which goes, (how could you guess it,) to Mrs. Short. This lady's students not only think a great deal of her but also her ex-students, and that's saying a great deal. When the esteem you hold for a person grows instead of lessons with the years you know that person definitely has "got something". Summoning all the adjectives of our vocabulary, we say that Mrs. Short is—she is, well gosh, she's right nice.

BIRTHDAY PARTY

Billy Manning celebrated his 12th birthday Aug. 25th with a party which was attended by many little friends who enjoyed the afternoon with Billy who was presented with many nice gifts. The birthday cake was pink and white with pink and yellow holders and blue candles. Balloons were given as favors.

WITH OUR WILDLIFE

BL JOHN WOOD, State Game Warden

Author's note: This is the first column in a series to be run weekly to inform the sportsman of this section of Texas of the game laws and other news of our wildlife resources.

DOVE REGULATIONS

Dove hunters of Texas will not be subjected to a series of conflicting regulations such as confused them last year. The laws will not be so numerous and will be more easily understood. Combined state and federal laws governing both mourning and white-winged doves provides the following open seasons: A large number of counties in the panhandle and orth Texas will open to dove shooting September 1st and will run to October 31st. This includes all counties north of a line drawn by Yoakum, Terry, Lynn, Garza, Kent, Stone-wall, Haskell, Throckmorton, Young, Jack, Wise, Denton, Collins, and Hunt counties and in addition the following counties: Parker, Tarrant, Dallas, Rockwall, Kaufman, Johnson, Hopkins, Delta and Franklin. All the rest of Texas counties will open September 15th and will close November 15th. Dove hunting may be done only on Tuesdays, Thursdays, Saturdays and Sundays in all the counties below the Texas-Mexican Railway in the Rio Grand Valley but this exception is not applicable to Webb and zapata counties.

The hours for shooting mourning and white-wing doves during the open season are from 7 a. m. to set.

Neither species may be shot with a weapon other than a shotgun, and it will not be larger than No. 10-gauge. If it is repeating or automatic shotgun it must be permanently plugged to a three shell capacity.

The daily bag limit is 15 in the aggregate of both mourning and white-wing doves. The possession limit is also 15 in the aggregate of both species.

Bating of doves of either species is prohibited by federal regulations.

General Hunting Laws

It is unlawful for any person to shoot or discharge any gun, pistol or firearm in, along or across any public road in this state. Unlawful to hunt, take, capture or kill any game birds or game animals from an automobile, motor boat, sail boat or any floating device towed by a motor boat.

It is unlawful for any person to enter upon the enclosed lands of another without the owner's consent or agent in charge thereof for the purpose of hunting, fishing, camping or in any game laws will cause one to forfeit his hunting license and right to hunt for one year and probably a heavy fine.

Did You Know That

Texas' wildlife resources are valued at \$93,000,000 annually.

Texas hunters shoot moreshotgun shells than those of any other state—almost one tenth of the total shot in the entire nation.

Texas sportsman spend \$25,000,000 annually for guns, ammunition, fishing equipment, clothing, automobiles, gasoline, food hotel accommodations and other articles necessary to hunting and fishing trips.

Shrimp is the major marine crop of Texas. Over 12,000,000 pounds are taken annually.

State and Federal Migratory waterfowl regulations will be discussed in this column next week.

C. R. NORDYKE THANKS VOTERS

I take this method of thanking each and every person of Callahan county who cast a vote or spoke a word in my behalf during my campaign for Sheriff. The confidence shown in your good support prompts me to make you the very best sheriff that I can. Also gives me confidence that you will stand by me as we try to make Callahan county a more peaceful, law abiding place to live.

I shall try to return these favors to you in service the coming two years. Again I want to thank each and every citizen from the youngest to the oldest for your confidence and the position you have given me.

Ever grateful to you, C. R. NORDYKE.

THANKS TO THE VOTERS OF CALLAHAN COUNTY

I wish to take this means of extending my sincere thanks and deep appreciation to the voters of Callahan county for the fine vote that I received in my race for Sheriff in the run-off primary Saturday. Although defeated, there is much consolation in having received such substantial majorities at all boxes adjacent to and including the vicinity in which I reside. I too appreciate the consideration given my candidacy in those boxes in which I did not receive majorities.

To the successful candidate Mr. Clarence Nordyke, I offer my

congratulations and very best wishes for the most successful administration in the history of our county. To I here and now publicly tender my support to the carrying out his program for law enforcement. As a citizen I pledge my help when and where ever needed.

With the kindest of feeling for every citizen of Callahan county, I beg to ever remain. Sincerely, W. A. Petterson.

SAM L. DRYDEN & SON

Corner Walnut and North 5th Street, Abilene, Texas

Methodist Church

Hamilton Wright, Pastor

Attendance at Sunday School, at low ebb for several Sundays, went up Sunday. We had 122 exclusive of 5 visitors. Now that vacation is over, school begins, people are settling, let's get back to our 150 attendance—and then go some!

The Houst of God certainly was deserted Sunday evening. We'd begun to sense an "ecclesiastical boycott." Where were you?

With annual conference 2 1-2 months away we've got lots to do. November 17 winds up the pastoral year.

That prince of fellows—W. E. Fetterley—probably the busiest man in Baird—he works 12 hours a day—has spent many after work hours re-putting stain-glass windows and otherwise repairing the church. He was assisted by his able son Billy. When it comes to first-class workmanship you can't beat the team! And the genial railroader is also chairman of board of stewards of the church Hats off high, for you W. E.

Fourth quarterly conference is scheduled soon. On that occasion a board of stewards to serve twelve months will be nominated by the preacher and elected by the conference. Likewise the Sunday School superintendent.

Church members who stay away regularly from divine services unwittingly aid Communists, Facists and Nazis in their unholy scheme to undermine Christianity. Believe it or not, until our professed church people believe God and obey His injunction they need not expect the temporal and spiritual depression to break "Pump-priming" to recover prosperity is the wrong way. Here's how God zings it about—without apology to F. D.—"When my people . . . humble themselves and pray and turn from their evil ways, THEN will I hear from heaven and forgive their sins and heal their land." First must come Christian prosperity; temporal naturally follows.

Most Baird churchmen who infrequently attend services excuse their neglect by asserting they have fallen out of the habit. It's easy to lose a Sunday or two and then hate to return. But if you'll start again, be loyal to your church and your God, you'll enjoy life. Many Baird people put business before church. That's just opposite to what Christ taught: "Seek ye first the kingdom of God . . ." Did you ever see a once prominent churchman and Christian who took out on the church succeed? Search the country over! Some people who strive so hard to make a living and fail are in the doldrums because they quit God. "Prove me now herewith, saith the Lord of Hosts." Back to the church and God! should be the slogan of hundreds of Baird churchpeople who infrequently attend. Methodists especially took a vow before God on entering the church that they would attend upon its services. Will God have to remind of the vow when adversity comes?

The Band Is Here! The End Of The Road

Are you a member of the Baird School Band? The only qualification necessary are to be a school boy or girl and to own a horn. The Baird Schools are now offering Band as an accredited subject and you will receive credits toward graduation.

We had a very nice turn out last Monday night. All ready we have a 25 piece band and we want more. So you boys and girls in the grade school and also in the High School are invited to join the Band. Soon we will be having parades and trips. Contest time will soon be here and you will want to be in the Band and take these trips.

Our first regular meeting will be Sept. 5, (Monday). We would like to see forty or fifty of you boys and girls come out for the Band. It will meet just like any other subject in the high school. So get your horn now and be ready to start.

All of you that are figuring on buying horns please consider such instruments as the French Horn, Baritone, Flute and Obv. We need these instruments badly. You will find that these instruments will be more satisfactory to you in college than the more common instrument.

I will be at the new Band Room (the agricultural laboratory) every afternoon between now and next Monday. I will be glad to talk to any of you parents about your boys or girls entering the Band work. Please give this Band work serious consideration and we shall soon have a Band that Baird will really be proud of.

Sincerely yours,
H. A. MATHEWS,
Band Director.

HOUSES FOR RENT—If you are interested in renting nice houses in Baird, Call Seale Ranch

Well I am not writing under my old caption this week, I have come to the end of the road. My resignation as pastor of the Baird Baptist church was accepted and I am now writing what I suspect is the last note to The Baird Star. Please suffer this word: I want to thank every one who has in any way made it a bit easier for me by encouraging me in any way that they may have done, for I am saying now it has not been easy; many times I have felt like giving up and have been tempted to do so, but there was a goal ahead, I was bent on reaching it and bless God by His help I have to a very large degree reached it.

When I came her there was great need of a new church building, my what a fight we have had but we have it, as nice as anybody's and it is paid for; and then there was the old parsonage that needed to be replaced with a new one and yes we have it and what a joy it is to me when I think of the different living quarters for the incoming preacher than what me and mine have had and this has been accomplished by the faithful cooperation of a few who have always and always will have to bear the burden of this church. Some have criticized and some have just failed to help, but we will just go on and forget all that for they have been riding so long that it seems that is just about all they are fit for any way.

A debt on the Parsonage but small compared to what the building is worth, \$2300.00 and that is cut up into small payments so it can be cared for and that on a building well worth \$5000.00 and I believe it could not be replaced as this one is for less than \$6,000.00 or \$7,000. I thank God that the committee was led of the Lord to do a big and worth thing in the building. Now not only this building program has been in my purpose but all the time I have tried and under God I have been able to be a friend to every one who would let me, and especially to the poor and most needy, there has never been any difference to me. I have gone to friend or foe in time of trouble and I am glad I did. My records stands for itself I have stood always on the side of right and if it was to be criticized and despised by some, I have done what I felt was right and I am leaving the great decision to the Great Judge and will still go on as long as I live still doing the thing that will help and not the thing that will hurt.

I do not know where I will go or what I will do. I am holding a meeting at Denton Valley this week and when through there I will likely hold one at Dudley. I am sure that some where the Good Lord for whom I work, and whom I serve has a place for me and I will find it. My friends will help me find it and when you hear from me it will be the same report. I will be preaching the Old, Old Story Of Jesus, and His love and giving myself in service to my fellows who may need a little help, and I will do it not to please men but for the sake of Him who gave Himself in service for me and said: "I was hungry and you fed me, I was sick and you visited me, I was a stranger and you took me in etc." Yes, I have reached the end of the road but there is another and soon I hope to be traveling thereon, and singing a glad happy new song.

Lovingly and Sincerely,
JOE R. MAYES.

Full gardens should be started now, said Mrs. J. E. Johnston of the Union club. Soil well prepared before planting will help to make the garden a success.

Mr. J. F. Rorbrough, Extension Horticulturist sends these suggestions.

Cabbages may be started in the plant bed. In four to six weeks the plants will be large enough to be transplanted into the garden. One ounce of Tendergreen seed will furnish a mess of early greens.

White Bush Squash if planted now will be ready in early November. A trial planting of Los Angeles or New York No. 12 head lettuce can be started in the garden and a part of the seed sowed in the plant bed with the cabbage so that if the weather remains dry you can still transplant lettuce and have it throughout the early winter months.

Unionetai etai tao taoitaetae Onion sets, and seeds planted now for the spring crop. Are pint of White Bermuda onion sets will plant 200 feet of row space. In 8 to 10 weeks after planting you will find gve elts cnfwyp ectt will have onions to eat.

Potato planting in late August or in September, if there is enough moisture will produce an early fall crop. The small sized potatoes left over from spring may be used but potatoes should be resprouted before they are planted by spreading them out on the ground in a shady location covering with damp sacks or straw for several days until sprouts have started. The "Bliss Triumph" is a favorite for fall planting.

Treated his spring seed with Mr. J. W. Hughes of Belle Plains solution of 4 ounces of corrosive sublimate in 2 quarts of water, then put into thirty gallons of water, the potatoes were dipped in this. He found this disinfected his seeds thus producing potatoes free from scab and a better production. He is trying an Echylen Chlorhydri treatment for fall potatoes.

If you are short on spraying or dusting equipment and lice have been a turnip problem try the new "Shogoin" variety of turnip, which is almost lice proof.

There are three new vegetables which mark progressive steps in vegetable variety development. The "Louisiana Sweet" variety of callard may be substituted for the Georgia Variety which has been a standard for a decade. It has good quality ethacin shrd shrmfwyd quality and heads almost like cabbage and may be harvested throughout the winter season.

LET ME DO your sewing; also ironing. Prices reasonable. Phone 37.

The worst BODY ODOR is P.O.

The worst body odor comes from P.O.—perspiration odor under the arms.

Take 1 minute to use Yodora—new, amazing deodorant cream that works directly on underarm excretions. Normally stops odor 1 to 3 days. Yodora also reduces amount of perspiration.

Made without lard—Yodora is utterly different from stiff, grainy pastes: (1) Soft—smooth as face cream. (2) Leaves no sticky film on fingers or underarms. (3) Leaves no "lardy" smell on clothes. 25¢—60¢. Get it today—money back if not delighted.

TENMARQ WHEAT MAKES GOOD

Tenmarq wheat gave every promise of making good at the Denton Experiment Station. Tenmarq wheat yielded three to five bushels more per acre than other varieties of wheat in demonstrations according to reports from men connected with the demonstrations. Growers of the county who are well pleased with their yields of this promising variety of wheat are N. A. Estes, W. G. Black, M. M. Edwards, Quincy Loven, Virgil Jones, J. L. Tabor, Homer Connel, J. O. Taylor, A. R. Kelton, S. S. Harville, Wallace C. Johnson, and F. H. Williams.

AND STILL MORE TRENCH SILOS

R. D. Williams has completed two new trench silos about twice as large as the 80 ton silo used in 1937.

Liv's Williams of Putnam has dug and filled a large trench silo. Quay Johnson of Dudley; W. L. Langley of Eula; Elmer Gardner and W. E. Wood of Denton; E. O. Hunt of Iona; and I. M. Tension and Olin Elliott of Cross Plains plan to dig and fill trench silo about six feet wide at the top four feet wide at the bottom, and three feet deep. This size silo is the proper size for four or five cows daily. The silos will be from 50 to 100 feet long.

Ralph Fuller has started digging a 100 ton trench silo on his farm one mile east of Clyde on U. S. Highway No. 80.

Albany Lions Golf Tournament

Preparations have been completed for the Albany Lions Club's Second Annual Invitation Golf Tournament, to be held at the Albany County Club September 9, 10, and 11. Five full flights, including some of the best golfers in West Texas, are expected to compete for \$200.00 worth of prizes. The Stag Barbecue and Calcutta Pool will be held after the qualifying round closes September 9th. The Tournament Dinner will be at Lake De Lafosse, Saturday evening, September 10th.

There is much interest locally in the possibility of a renewal of the J. T. Hammett-Russell crown-over feud. J. T. Bohannon, Doug Jones, and Skeeter Millican are other favorites expected to enter. The Albany course is in the best shape ever for the affair.
