**CITIZENS OF EUREKA SPRINGS, ARK., "CLEAN UP" ON BANK ROBBERS**

Three of five bandits who attempt- ed to rob the First National Bank at Eureka Springs Ark., at noon Wednesday of last week, were killed and the other two captured in a run- ning fight with citizens of that town, which followed the sounding of the burglar alarm at the bank.

Si Williams, 40 years old, George Price, 40 years old, and Chas. Price, 25, all of Cookston, Okla., were killed. Mark Hendricks of Park Hill, Okla., and a man named Cowan, driver of one of the bandit cars, were wounded.

None of the half dozen citizens who engaged the bandits in the bat- tle were wounded.

All of the \$14,000 in cash and \$60,000 with which the bandits ran from the band at the opening of the battle was recovered.

The bandit did not enter the vault where a large amount of money was lying within reach.

E. G. Smith, cashier of the bank, sounded the alarm by stepping on a section of the bank floor which was connected with the burglar alarm.

Citizens in the meantime began hurrying to the vicinity of the bank and taking up vantage points in doors and windows from which they com- manded the bank entrance.

Becoming alarmed Cowan started to drive away. A shot was fired at his car by G. E. Burson, cashier of the bank of Eureka. The shot did not take effect, however, Burson not firing directly at the driver be- cause he was not certain it was a bandit car.

Almost at the same moment the bandits broke into the open and dashed for the cars. Their appear- ance was signal for concerted firing by the citizens.

Wilson dropped instantly killed by the first shot said to have been fired by Jordan, the jeweler who stood in the open in the street with Constable Homer E. Brittain.

The other four were wounded in quick succession, the Price brothers dying in the Huntington Hospital where the four were taken. They each live more than an hour after being shot.

Before dying Wilson fired at Jordan at such short range that the jeweler's face was powder burned.

George Price was shot down by Brittain, who engaged Hendricks in a short range duel. The latter carried a 45 automatic pistol, but failed to hit the officer. Brittain shot the bandit down, the bullet striking him in the stomach.

Charles Price is said to have fall- en a victim to shots fired by Joe Mc- Haney an attorney.

Cowan got further from the scene of the robbery than any of the other bandits. He was wounded in front of Jess Littrel's store, nearly a block from the bank. Littrel stepped from his store and fired a shot gun into Cowan's body, almost at the same time Sam Harmon taxicab driver, shot Cowan with a revolver. Both charges struck him in the neck and shoulders.

The battle lasted less than five minutes and with the exception of Cowan, none of the bandits got far- ther than across the street.

All the bandits were dressed in overalls, and none was masked.

Both the wounded bandits are ex- pected to recover.

**DECISION BARS PEDDY'S NAME ON NOV. BALLOT**

George E. B. Peddy, who sought to oppose Earle B. Mayfield on a Republican and independent ticket for the United States Senate at the November election, has no legal right to have his name placed on the official ballot of the Republican party, held the Attorney General's Department at Austin Thursday of last week, in an opinion to Secretary of State S. L. Staples.

Agricultural and road making machinery of almost every description will be exhibited at the State Fair of Texas, Dallas, Oct. 6-15, it is stated.

Kindly call in and psy up on your delinquent subscription for The Review.

## Pennant Co. Off-Set To Moore Well May Be Completed This Week

### POSSESSION

The old adage says, "Is Nine Points of the Law."  
The money you bank is yours. If you carry it in your purse, it will doubtless find its way into another pocket.  
You are a law unto yourself when you have money because you may then be financially independent.  
Place your money with us and watch your savings grow.

### SHERIFF SAM NOLLEY OUSTED FROM OFFICE

Grim determination to continue the fight until Sheriff Sam Nolley and county Attorney Overson no longer occupy public offices was voiced in stirring speeches and embodied in resolutions adopted unanimously at the enthusiastic mass meeting held in Eastland Sunday afternoon, says the Eastland Oil Belt News. The resolutions adopted provided for the filing of ouster suits against the two officials and the sum of \$250 was raised to defray the cost of legal proceedings.

The suspension of the two men during trial of the suit has been asked and the big meeting went on record—without a dissenting vote—in favor of appointing Dug Barton to the office of sheriff and W. J. Barnes to the office of county attorney. Barton and Barnes recently won the Democratic nomination for these offices in the first primary.

Frank Duncan of Eastland moved that ouster proceedings be filed immediately and that a committee be appointed to handle the details. The motion was seconded. Speeches were then invited. The chairman called on Judge R. N. Grisham of Eastland for an address.

Judge Grisham said that the only remedy for the present situation is the filing of an ouster suit asking for a temporary suspension. He declared that he was glad to see that great assembly of people interested in law enforcement and clean government. He said that over six months ago, some men—including himself—had occasion to probe certain viola- tions of the law and the response from the people had not been as strong as it should have been, but he was glad to see the sentiment had grown.

"I hope that the movement will go forward until every perjured official, every bootlegger, gambler and all other criminals will be driven out of the county and the good citizen- ship will no longer be bulldozed and intimidated," he declared in closing.

The chairman named a committee to have charge of the filing of the ouster suits.  
Sam Nolley was suspended as sheriff of Eastland county Thursday of last week by Judge E. A. Hill in Eighty eighth District Court and J. D. Barton appointed to fill the office, after the court had heard ouster proceedings against Nolley in which the sheriff was charged with failure to discharge his official duties.  
Barton, who was nominated for sheriff in the Democratic primary in July, made bond and assumed his duties at once.

The petitioners charged that Nolley had shown gross carelessness in the discharge of his official duties and that he allowed gambling, vice and whiskey selling at Pioneer, an oil town near here. Relators, members of committee appointed at a mass meeting here recently called to institute ouster proceedings against Nolley, further alleged that the sheriff "has absented himself from this county since Sept. 18."

**SPECIAL PROGRAM AT BAPTIST CHURCH SUNDAY**

The Garrison evangelistic party, who are now conducting a meeting at Pioneer, will give a special program at the Baptist church in Cross Plains at 3:00 o'clock next Sunday afternoon. Everybody invited to come out.

The Pennant Co., Albin 2, off- setting the Acker well of C. A. Moore, is reported drilling at 2030 feet Wednesday. This well showed for a strong gasser at 1575 feet, but was drilled into water at that depth and is now being pushed on down to the level of the Pioneer pay.

The completion of this well should go far to prove whether the Acker well is producing from the western edge of the Pioneer fold or from a new fold of the same structure and unless some unforeseen accident should bar its progress the pay depth should be reached by the end of the present week.

The Elsbury No. 1, of Crabb et al, south of town in the Cross Cut country, is drilling at around 800 feet and as the pay is expected on this well at near 1400 feet the coming week should see much interest in that locality, since this well is located almost square- ly between the Cross Cut oil pro- ducer and the shallow gas field discovered in the Star and Prater wells.

The McDermit No. 1, of F. W. Stone & Co., and the Byrd 1, of the Junior Co. are still shut down for want of water with which to drill.

Considerable new work is now opening up in the Pioneer district and though largely forced offset wells it is taken as a good omen that the worst of the shut down is past and that from now on business throughout the entire local field will show a steady gain from week to week.

### COTTON GAINS SLIGHTLY ON GOVERNMENT ESTIMATE

The Federal government issued a ginners' report the middle of last week, showing the amount of cotton ginned in the United States up to September 25 to be 3,883,006 bales.

The government at the same time issued a report on condition of the crop, the condition being 50 per cent normal.

The report further shows that yield of the present crop will be 139.2 lbs. seed cotton per acre, indicating a total of 10,135,000 bales, which is about 400,000 bales less than the government estimate made early in September.

The cotton market gained about 35 points over the day preceding the report, and finally reached near 50 points, not quite regaining the 65 points lost since the early days of the season.

Wednesday afternoon of this week there had been 2,375 bales weighed on the yard. Farmers from various sections report that about 90 per cent of the crop has been gathered, and that about 70 per cent has been ginned and sold. The outlook now indicates a yield of over 3,000 bales for the local market. This will exceed the local forecast at the beginning of the gathering season by about 1,000 bales.

### CALLAHAN CO. EXHIBIT WINS THE \$200 PRIZE

Callahan county won first prize in the county exhibits at the West Texas Fair, taking off the \$200 prize. The competition in this division was especially keen this year.

The other prize winners were: Lubbock county, second, \$150; Mitchell county, third, \$100; Runnels county, fourth, \$75; Jones county,

### CUNNINGHAM WELL MAKES GOOD PRODUCER

The Cunningham well north east of Pioneer which has been gassing heavy with occasional spurts of oil for the past two weeks was given a shot on Tuesday of this week and came in immediately after for an oil flow estimated at from 300 to 500 barrels.

This well is located in what here-to-fore been looked upon as strictly gas territory and got the pay unusually high for oil pro- duction in the Pioneer district and the big flow came rather as a surprise even to the owners and is now causing much specu- lation as to the possibilities of shooting other gassers into oil.

The farm on which the new gusher is located and the royalty in its production are owned by G. W. Cunningham, proprietor of the Racket Store in Cross Plains.

J. N. Wilson, who had charge of the county exhibit, expresses his appreciation to all who co-operated with him in any way. To be sure, Mr. Wilson did practically all of the work of assembling and caring for the exhibit, however, without the co-operation of friends, neighbors and citizens, Callahan county would not have won first prize.  
Lubbock, Mitchell, Runnels, Jones and Fisher counties all had fine exhibits and competition for first place was keen.  
The Clyde Enterprise reports, as correctly as could be remembered, that there were 197 varieties of farm products in the Callahan county exhibit. Some of the best specimens ever grown were on display. The Callahan county exhibit this year would show up favorably with any county exhibit that will be seen at the Texas State Fair.

### FRANK BRYSON SERIOUSLY INJURED IN AUTO WRECK

Frank Bryson met with a very serious motor accident Tuesday night near the McDowell home on the Pioneer road at a point about a mile east of Cross Plains, his car skidding into an old clay pit and turning completely over, pinning Mr. Bryson under the steering wheel with the weight of the car resting almost entirely on his chest.

Being alone at the time of the accident the injured man begun calling for help, his cries being heard at the McDowell home some distance away and were answered by a son of Mr. McDowell, who rushed to the rescue and was unable to lift the car, a Chevrolet, and was forced to go for additional help before the wrecked machine could be turned over and the injured man removed from beneath and rushed to his home more than a mile away.

Dr. Lindley of Cross Plains was immediately summoned and found that the collar bone had been dislocated and the breast bone and several ribs fractured and broken by the weight of the falling machine.

The injured man was reported to be resting a little better today but his condition is considered serious by attending physicians.

### CROSS PLAINS BAKERY CHANGES MANAGEMENT

Mr. and Mrs. T. W. O'Donohoe, the first of this week, leased the Cross Plains Bakery, located on North Main St. The Cross Plains Bakery has been doing a good business since it was established at the beginning of the oil boom, supplying a number of surrounding towns. Mr. and Mrs. O'Donohoe are excellent young people and will maintain its good service.

Texas News

An election held at Brazoria for a road bond issue of \$200,000 was defeated by a vote of 80 to 34.

Work of hard surfacing the Nueces County highways will be started at an early date.

The Brazos River, one of the principal units of the Texas drainage system, empties into the gulf through Brazoria County.

The Terry's Texas Rangers Association are to meet at Austin on Wednesday and Thursday, Oct. 18-19, for their annual reunion.

Exports from Port Arthur in September amounted to \$4,160,295 and imports, mainly Mexican crude oil to \$483,075. Exports from the district as a whole show commodity value of \$5,718,166.

After having been in an almost impassible condition for about two weeks, the roads in the Robstown section are drying out and being dragged and will soon be in good condition again.

Upon request of interested shippers, the railroad commission of Texas has postponed from October 10 to November 14 the hearing of proposed readjustment of lumber rates, carloads, in Southwest Texas.

The growing importance of the sulphur industry in Texas is reflected by the fact that during the 12 months beginning last October and up to the present time, sulphur shipments through the ports of Galveston and Texas City aggregated 484,966 tons.

The attorney general has approved the following bonds: Cameron County special road bonds, \$350,000, serials, 5 1/2%.

The cotton spinning industry in Texas is represented for 1922 in 166,626 spindles, all of which are active, as shown by figures gathered by the bureau of the census.

Land Commissioner Robison says he does not expect to make any recommendations to the legislature for any change in the present laws governing the sale of public lands in Texas.

Brazoria County has received a check for \$95,070.62 from the Texas Company in payment of the taxes for the year on a piece of land consisting of 1,550 acres, known as the Abrams tract, in the West Columbia field.

More than 20 per cent of the cotton seed reclaimed from the domestic cotton crop during the cotton year ending July 31, 1922, was crushed at Texas mills.

The total crushed for the year throughout the country was slightly in excess of 2,000,000 tons, compared with 1,669,166 tons for 1921.

Governor Neff has appointed C. E. King of Taylor, Williamson County; T. W. Brown of Nacogdoches, Leon County, and R. L. McDougal of Pattonville, Lamar County, as members of the pink boll worm compensation board.

Those who have predicted the last of lumbering in East Texas within a few short years will probably be surprised to learn that there are 27,000, 600,000 feet of merchantable timber in the state.

The oil production of Texas is approximately 23 per cent of the total domestic yield, and 40 per cent of the field in the Midcontinent field of which Texas is a part.

The oil production of Texas is approximately 23 per cent of the total domestic yield, and 40 per cent of the field in the Midcontinent field of which Texas is a part.

As a result of the personal investigation made by Governor Neff during his recent visit to the penitentiary he has issued pardons to 37 prisoners.

give a total of 51,947 post offices in the states and territories of the country as compared with 52,108 for the fiscal year ending July 1, 1921, and 52,638 for the fiscal year ending July 1, 1920.

The smallest number of post offices in the history of the department was during the first year of the establishment of postal service. It was the year 1789, and there were exactly 75.

Due to Rural Route Extension.

Postal authorities attribute the gradual decline in the number of post offices since 1901 to the extension of rural routes throughout the country.

The proposal to change the design on stamps of certain denominations has brought an influx of suggestions to the Post Office department.

Nothing great was ever accomplished without enthusiasm.—Emerson.

Stoic Linens are the pride of every housewife. Keep them in that condition by using Red Cross Ball Blue in your laundry.

EBENEZER'S Explanation Surely Should Have Carried Weight, Under the Circumstances.

EBENEZER Washington was up before the city recorder for being drunk. The judge looked at him for a moment and said: "You have been up here twice for being drunk, Ebenezer, and seeing you are an old man, I am going to let you off with a fine of \$3. Now, see that you don't come here again. It's the road if you do."

The old negro thanked him and walked out of the court room. The next morning Ebenezer was in court again for being drunk. His case was called. The judge looked at him reprovingly and remarked: "Ebenezer, I told you not to come up here again and here you are. Have you anything to say?"

The old negro looked up and replied: "No, sah, judge, only dat dis am same drunk."—Judge.

Isn't Nature Wonderful? "Ta, I know why some fishes are flat."

"Why, my son?" "Cause in shallow water fish have to be flat or they'd get their backs sunburnt."—Boston Evening Transcript.

Impertinent Question. Peggy—Dick proposed four times before I accepted him. Patsy—To whom, dear?

Back-Handed Phrases. "We use many phrases very glibly," said a college professor, "which have an entirely different meaning from the one we intend. We all speak for instance of a man being a scholar and a gentleman. It's supposed to be highly complimentary. Now I have spent the most of my life trying to be a scholar, and I hope I am a gentleman, but why should we make the distinction? Another phrase insults a much larger class. It is the use of the word 'but' in the phrase, poor but honest. This is a confession, of course, that it is a remarkable thing for a poor man to be honest."

Use Opium for Bait. The ordinary methods of hook and line do not appeal to the Arab fisherman, who likes to do things in the easiest possible manner. When he goes after fish he proceeds to ground bait the river with a thick sticky dough, into which a quantity of opium has been mixed. Any fish that makes a meal off this is quickly stupefied and floats to the surface. The fisherman then mounts an inflated goatskin and goes out to collect his bag.

Children Cry For FLETCHER'S CASTORIA. Special Care of Baby. That Baby should have a bed of its own all agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Children Cry For FLETCHER'S CASTORIA. Special Care of Baby. That Baby should have a bed of its own all agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

10 CENTS BRIGHTENS, REFRESHES, ADDS NEW DELIGHT TO OLD DRAPERIES PUTNAM FADELESS DYES—dyes or tints as you wish

Disordered Stomach. Take a good dose of Carter's Little Liver Pills—then take 2 or 3 for a few nights after.

HAD JUST BEEN GOING ALONG. Ebenezer's Explanation Surely Should Have Carried Weight, Under the Circumstances.

EBENEZER Washington was up before the city recorder for being drunk. The judge looked at him for a moment and said: "You have been up here twice for being drunk, Ebenezer, and seeing you are an old man, I am going to let you off with a fine of \$3. Now, see that you don't come here again. It's the road if you do."

The old negro thanked him and walked out of the court room. The next morning Ebenezer was in court again for being drunk. His case was called. The judge looked at him reprovingly and remarked: "Ebenezer, I told you not to come up here again and here you are. Have you anything to say?"

The old negro looked up and replied: "No, sah, judge, only dat dis am same drunk."—Judge.

Isn't Nature Wonderful? "Ta, I know why some fishes are flat."

"Why, my son?" "Cause in shallow water fish have to be flat or they'd get their backs sunburnt."—Boston Evening Transcript.

Impertinent Question. Peggy—Dick proposed four times before I accepted him. Patsy—To whom, dear?

Back-Handed Phrases. "We use many phrases very glibly," said a college professor, "which have an entirely different meaning from the one we intend. We all speak for instance of a man being a scholar and a gentleman. It's supposed to be highly complimentary. Now I have spent the most of my life trying to be a scholar, and I hope I am a gentleman, but why should we make the distinction? Another phrase insults a much larger class. It is the use of the word 'but' in the phrase, poor but honest. This is a confession, of course, that it is a remarkable thing for a poor man to be honest."

Use Opium for Bait. The ordinary methods of hook and line do not appeal to the Arab fisherman, who likes to do things in the easiest possible manner. When he goes after fish he proceeds to ground bait the river with a thick sticky dough, into which a quantity of opium has been mixed. Any fish that makes a meal off this is quickly stupefied and floats to the surface. The fisherman then mounts an inflated goatskin and goes out to collect his bag.

The one way to keep sound, perfect teeth. THE one way to keep the priceless blessing of sound, perfect teeth is to eat the kind of food that supplies them not only with proper nourishment but gives them work to do. Grape-Nuts not only induces thorough mastication, but also supplies the lime and other elements required for building firm tooth structure.

### PLANS DRASTIC CHANGES IN SCHOOL FINANCES

S. M. N. Marrs, democratic  
nominee for state superintendent of  
public instruction, announced Satur-  
day he will recommend methods of  
providing money for schools by  
doing away with the distribution of  
funds on a per capita basis, and se-  
curing "such revision of the con-  
stitution as will enable governing  
boards of educational institutions to  
plan for the growth and development  
of the institutions, and at the same  
time provide for more equitable  
distribution of the funds for the  
support of the common schools."  
Mr. Marrs, in making this an-  
nounced of his policy when he be-  
comes state superintendent, placed  
himself squarely at cross-purposes  
with the declaration in the state de-  
mocratic platform, favor of appropri-  
ations to the schools, rather than their  
support by direct taxation not under  
control of the legislature. The plat-  
form plank declares there is need for

legislative supervision over school  
funds, and that support of the school  
system can best be furnished through  
appropriations varying as needs of the  
educational system grow or decrease.

### NOAH'S CLASSIC BONEHEAD

Boneheads have been pulled since  
the dawn of light. The idea that  
any particular age sees them run-  
ning wild is a mistake. The first  
famous bonehead that history records  
was pulled by no less a personage  
than old Noah. Noah simply could-  
n't see things right; he had no vision  
and therefore missed the "Golden  
Chance." He had forty long nights  
in which to get up and put the only  
two mosquitos in the world out of  
business. He could have done it  
with one mash of his fly swatter.  
But Noah snored away at the switch  
and in time the dove appeared with  
the olive branch and the next day  
the people walked off the ark onto  
land—and the mosquitos went with  
them. There are many other famous  
boneheads that might be here re-

corded but none of them equal old  
Noah's as a work of art, so the  
committee appointed for the purpose  
has decided unanimously to place  
his name in the Hall of Fame.—  
Topeka Capital.

### HOME REFINERY CASE NOT FINAL DECISION

The report in last week's issue of  
the Review, taken from the Gorman  
Progress, stating that a certain suit  
between the defunct Gorman Bank  
and stockholders of the Gorman  
Home Refinery had been "tried"  
and decided unfavorably to the  
stockholders, was probably an error  
and not a final decision in the suit.  
According to the DeLeon Free  
Press of recent issue the case has not  
been tried on its merits, but is pend-  
ing trial before the courts. We  
understand that some sort of pre-  
liminary hearings has been had re-  
garding the case, but it has not been  
tried on its merits, hence the decision  
against the interests of the stockhol-  
ders, as reported by the Gorman Pro-  
gress was an error.

### WHY KRYPTOKS?

You should learn why at  
once, if you require glasses of  
different "strength" for reading  
and viewing distant objects.

Here are a few reasons:

Because KRYPTOKS are  
in appearance single, solid  
lenses.

Because they possess no  
lines of separation, no seg-  
ments and no cement.

Because there is no chance  
for them to drop apart or col-  
lect dirt in creases.

Because they are as graceful  
on the face as any single vision  
eyeglasses.

Because they represent the  
highest step yet reached in the  
development of bifocal lenses.

Come in and get more rea-  
sons.

Mrs. Mollie Brown and daughter,  
Miss Louell, of Abilene, visited Mrs.  
J. T. Steele, near Caddo Peak, this  
week.

Mr. and Mrs. Barton and son,  
Freeman, of Pilot Point, Texas,  
visited this week with Mr. and Mrs.  
W. T. Wilson in Cross Plains, and  
with other relatives at Dressy.

Jim McGowen, after spending two  
weeks at Mineral Wells for the bene-  
fit of his health, has returned home  
and is again on the job with the  
hardware department of the Higgin-  
botham Bros. & Co. store.

Mrs. Haydon Reeder, who re-  
sides in the south part of town, is  
reported as recovering nicely from a  
very serious condition after under-  
going a surgical operation a few days  
ago.

Peace Maker Flour, the housewife's  
favorite, made of pure grain wheat,  
at Cross Plains Mercantile Co.

Supt. J. W. Evans of the Waco  
district M. K. & T. railroad, was a  
Cross Plains visitor Tuesday of this  
week. Mr. Evans states that busi-  
ness with his company is now show-  
ing a steady increase with very satis-  
factory receipts from their stations  
here and at Pioneer.

Some of the early risers Monday  
morning of this week report a slight  
frost in this section.

Many Cross Plains people have  
visited the great State Fair at Dallas  
this week. Among the town visitors  
were Dr. and Mrs. Lindley, Dr. R.  
Robertson and wife, Mr. and Mrs.  
Barney Lindley, Mr. and Mrs. Hugh  
Davanay, Mr. and Mrs. Walton  
Reeder, Mrs. A. G. Crabb and  
daughter, Miss Vernie, C. S. Boyles,  
Russell McGowen, Bill Forbes.

Mr. Clyde Duringer, formerly  
with the Cross Plains Development  
Co., has accepted the position of  
circulation manager for the Cisco  
Daily News and entered upon his  
new duties on Monday of this week.

W. E. Butler, of the Butler Gro-  
cery Store, was a business visitor  
in Brownwood Tuesday of this week.

Born—Tuesday night, to Mr. and  
Mrs. J. E. Taylor, who live in the  
Halcy Addition to Cross Plains, a  
baby girl.

Mr. and Mrs. Sam Carson, Mr.  
and Mrs. W. C. Wilkins, Mr. and  
Mrs. F. M. Gwin, Mr. and Mrs. Ed  
Hemphill and F. L. Wilkinson of  
Tower Hill, Ill., who is visiting  
with his brother, W. C., composed  
a party who enjoyed a camp outing  
on the Bayou the first of this week.

Mrs. S. F. Bond, who recently  
moved to Abilene to place the  
children in school, returned here  
for a visit this week.

Jeff Clark, of the Clark Gro-  
cery & Meat Market, and Mrs. Clark,  
visited at Brownwood the first of  
this week.

#### Singing Convention.

The District Singing Convention  
will meet with the Sabanno singing  
class at Sabanno, the third Sunday  
in Oct., the same being the 15th day.  
All lovers of good singing are in-  
vited and especially all organized  
classes. Come with a well filled  
basket and lets spend the day in  
singing.

Yours in song,  
Geo. R. Erwin, Pres.

#### TWO FROM CROSS PLAINS PASS EXAM. IN OPTOMETRY

Jewelers L. M. Bond and E. A.  
Beskow of Cross Plains spent last  
week at Sweetwater where the State  
Board of Examiners for West Texas  
optometrists was in session. Both  
Mr. Bond and Mr. Beskow passed  
their respective examinations with  
a flattering record and are now  
thorough D. O.'s in that line of their  
profession. Mr. Bond has applied  
himself diligently to the study of  
optometry for the year preceding the  
examination at Sweetwater, having  
attended weekly courses of lectures  
at Cisco, Brownwood and other  
places designated by representatives  
of the State Board of Examiners.

#### VESTAL QUITS EASTLAND COUNTY GRAND JURY

In last week's issue of the East-  
land Chronicle appears the following:  
As the result of the resolutions  
passed by the mass meeting here last  
Sunday afternoon, H. L. Vestal,  
foreman of the grand jury, which met  
Wednesday morning, withdrew from  
service as a grand juror. He stated  
that inasmuch as his brother-in-law  
was to be investigated during the  
proceedings, he thought it improper  
for him to serve.

Before leaving Mr. Vestal made  
known to the other members of the  
jury that he wanted them to make  
full investigation of the allegation  
made against him at Sunday's mas-  
s meeting. He further stated that  
he was confident that, when the inves-  
tigation was completed, he would  
fully vindicated as he had done  
nothing wrong. Judge Hill instructed  
the grand jury to make the inves-  
tigation.

#### OKLA. PREACHER TAKES TWO GUNS TO PULP

The Rev. W. E. Smith, an evan-  
gelist who has been conducting ser-  
vices at Damon, Okla., appeared  
the pulpit Thursday and Friday  
last week with big guns follow-  
ing threats that he would not be per-  
mitted to hold meetings in the com-  
munity.

Laying a loaded gun beside his  
Bible, Smith announced on his first  
night that he was not going to be  
bothered.

The following evening, having re-  
ceived new threats, Rev. Smith  
brought two guns along. A constable  
at the instance of a committee of  
seven, demanded his authority to be  
armed, but, when challenged, he  
refused to disarm the evangelist.  
Shortly after services were under-  
way two automobiles loaded with  
men attired in the regalia of the  
Ku Klux Klan arrived and the minis-  
ter has since had no trouble.

Rev. Smith said he did not know  
why the "certain element did not  
wish him to hold the meetings."

#### CORN POPPED IN FIELD BY HEAT NEAR SHERMAN

Fred Baker, for many years a  
traveling man, but who is now farm-  
ing 12 miles from Sherman, was in  
that city Saturday of last week with  
some popcorn that popped in the  
field during the hot weather. Some  
of the grains were wide open and  
snowy white as if they had been in  
a skillet.

#### Card of Thanks.

We take this method of thanking  
our kind friends and neighbors who  
so kindly helped us in caring for our  
dear wife and mother in her last ill-  
ness and death, and who sympathized  
with us in our sorrow. We thank  
those who so tenderly brought flow-  
ers and evergreens and placed them  
on her grave. May God bless and  
care for them all in our prayer.  
J. T. Riggs, Miss Gladys Riggs,  
Mr. W. C. Riggs, and family,  
Mr. J. H. Riggs and family,  
Mr. E. W. Riggs and wife,  
Mrs. W. M. Fulton and family,  
Mrs. J. C. Ford and family.

Thousands upon thousands of women have kidney or bladder trouble and never

## LIQUORS FOR SALE ON SHIPS ILLEGAL

OPINION ON SUBJECT IS RENDERED BY ATTORNEY GENERAL DAUGHERTY.

### ALSO AFFECTS FOREIGNERS

Ruling Applies to Alien Ships as Well as to Those of the Shipping Board.

Washington. — All vessels, American or foreign owned, are prohibited from having liquor on board in American territorial waters under an interpretation of the prohibition amendment and the enforcement act, handed down by the Department of Justice. Moreover, the transportation or sale of intoxicants on American craft, wherever operated, was held to be prohibited.

American territorial waters were construed to include those not only within the three-mile limit of continental United States but also those within the same limit of the Philippines, the Hawaiian Islands, Porto Rico, the Virgin Islands and Alaska.

The law would not apply in the Panama Canal Zone as that zone is specifically exempted by the statute itself.

So far as American ships are concerned the sale or transportation of liquor will cease at once, or as soon as those vessels reach their home ports. In the case of foreign ships, the decision will become operative as soon as the necessary regulations can be prepared and promulgated by the Treasury Department.

Courts action looking to a final decision.

## URGE GAME REFUGE IN THE PANHANDLE

Report Declares Dallas Hatchery Is Doing Splendid Work in Raising Crappie Fish.

Austin, Texas.—W. H. Boyd, Game, Fish and Oyster Commissioner, has completed his annual report to the Governor and makes some interesting observations in connection with the fish and game of the State, as well as an accounting of the fish and oyster business.

He recommends a game refuge in the Panhandle, additional fresh water fish hatcheries and closed breeding areas in salt water along the Texas coast, where fishermen could not come, and thus do away with restrictions in other waters. He reports an increase in quail, Mountain sheep and antelope are fast disappearing. They will soon be exterminated unless protective measures are taken.

Doves are reported scarcer in North Texas, but plentiful in South Texas. He recommends a new adjustment of the open season on doves to fit the different climatic conditions in Texas.

Spring rains with resulting weeds and growth, furnished food for the young quail, says the report, and the statement is made that the quail will survive civilization. Attention is also called to the increase in quail in sections where the 1200 imported from Mexico were distributed. This is particularly true of the valley below El Paso, where they have been seen in large numbers. This shows what can be done in the barren districts, says the report, where quail can be planted and greatly increased.

A goodly number of turkeys and deer are reported in the large South-west Texas pastures and the ranchmen who have given them protection are praised. The high waters of last spring's floods are reported as having resulted in the death of thousands of deer; that, while many were drowned, hundreds were driven out of the thickets into the highlands and ruthlessly slaughtered by "local unscrupulous hunters."

Outside of his report, Commissioner Boyd said that his office is flooded with letters from over Texas complaining of game law violations by the killing of game out of season. He says he has no way of preventing it, as he is allowed only six deputies, though the department has several thousand dollars in the treasury he has collected in hunters' fees and from tax on mudshell and sand. He wants the next Legislature to make it possible to use some of this money in the employment of additional deputies to end the game slaughter, otherwise the game will be killed out, he adds.

## HARDING WILL SOON NAME THE FACT-FINDING BODY

Commission Will Gather Data Relative to Coal Industry.

Washington.—President Harding expects to announce the personnel of the Coal Fact-Finding Commission soon. This will be set in motion the last of the administration measures created to meet the emergency caused by the recent bituminous and anthracite coal strikes.

Meantime, Federal Fuel Distributor C. E. Sens has conferred with the Advisory Commission of Coal Transportation, headed by President Daniel Willard of the Baltimore & Ohio Railroad, and plans for stimulating the heaviest possible movement of coal during the current month are being formulated.

The presidential Coal-Fact Finding Commission will be composed of seven members, all of whom shall be nonpartisan with respect to the coal industry and shall make their findings and recommendations on the basis of facts gathered from witnesses, and with the assistance of Government officials.

The commission is directed to investigate and report on Jan. 1, 1923, all those phases of the coal industry such as overdevelopment of mine properties, intermittency of employment, living standards and the like, which are held responsible for the sporadic strikes which have harassed the country so long. It is further directed to recommend the wisdom or advisability of nationalization of coal.

Turks Fire on U. S. Destroyer. London.—Reuter's has received the following from a semi-official source in Athens: "According to the newspapers an American destroyer engaged in embarking refugees at Alvali was bombed by the Turkish garrison. Alvali is on the Asia Minor coast, north of Smyrna, oppo site Mytilene.

Enforcement Men Belegued by Mob. Baltimore, Md.—Four prohibition agents and two negro assistants were belegued for two hours Friday in the saloon of Henry Schalltzky, Barr and Woodward streets, following a raid. Several thousand men and women threatened the agents and demolished the plate glass front of the building in repeated efforts to reach the raiders. The trouble started as the agents were loading a small truck with 25 cases of seized home brew.

Greeks Preparing for War. London.—According to the latest reports, the Greek General Nider has gone to Thrace to assume command of the Greek troops there and two Greek troop trains have left Saloniki for Adrianople, in Thrace. Kandra, which is reported to have been occupied by Turkish cavalry, is outside the neutral zone as established by the declaration of the allies in May, 1921. Kandra lies about sixty-five miles from Constantinople.

Texas Terry's Rangers to Meet. Manor, Travis Co., Texas.—Members of Texas Terry's Rangers' Association have been called to meet at Austin on Wednesday and Thursday, Oct. 18-19, for the annual reunion of that body.

Irion to Gin 300 Bales. Mertzon, Texas.—Irion County will produce 300 bales of cotton this year. It is picked and taken to San Angelo, where it is ginned and sold.

## WANTS THRACE TO BE OCCUPIED BY ALLIES

Former Greek Premier Seeks European Control Pending Christians' Evacuation.

London.—Former Premier Venizelos of Greece called on Ambassador Harvey and asked the Ambassador to send a message to Washington requesting the United States Government to intercede with the allies and request them to occupy Thrace pending the final disposition of that territory.

The Ambassador, in his weekly conference with newspaper men, said that the former Greek Premier had told him that he had sent to the Greek revolutionary Government an ultimatum containing three points.

First: The allies must occupy Thrace. Second: The revolutionary Greek Government must recognize that Eastern Thrace must eventually be returned to Turkey.

Third: Greek troops must evacuate Thrace immediately.

Ambassador Harvey then added that if these terms were accepted he would represent Greece abroad, and also undertake to get allied support.

M. Venizelos told Ambassador Harvey that he realized that Eastern Thrace must be ultimately returned to Turkey, but he insisted that that territory be occupied by allied troops so as to effect an evacuation of the Christian minorities. He said that for centuries the Turks had been conducting Christian massacres by the wholesale there.

He indicated that he intended to get allied support, but that it was only moral support he expected from the United States.

It is understood that the program of M. Venizelos is almost identical with that of the British Government, and that it is only a question of how much time it will take to evacuate the 200,000 Christians in Eastern Thrace.

M. Venizelos, in a long letter protesting against the return of Thrace to the Turks, who, since the beginning of the war, he declares, have destroyed in Asia Minor more than a million and a half Armenians, says:

"If it is necessary to further guarantee to Kemal that the promise concerning the return of Eastern Thrace will meet with no obstacle in its execution, this province could as a last resort be occupied by allied troops until execution of the treaty. If Kemal withdraws from the neutral zone, and the British troops are thus freed from the pressure exercised upon them, they will constitute a sufficient force in conjunction with detachments of troops belonging to the other allied powers, whose contingents are relatively small, to occupy the whole of Eastern Thrace."

"This military occupation would give them the power and the right of absolute control of the Greek administration, so that all Turkish fears regarding security of their co-religionist might be allayed."

## KEELING MAY TAKE ACTION AT EARLY DATE

Motion To Dissolve Mayfield Injunction May Be Filed in Very Few Days.

Austin, Texas.—Because of the short time elapsing before the general election on Nov. 7, the Attorney General probably will not wait until Oct. 16 to appear in the case of the injunction granted at Corsicana by District Judge Hawkins Scarborough, restraining the Secretary of State from placing the name of Earle B. Mayfield on the official ballot as a candidate for the United States Senate, but may file a motion to dissolve the injunction within the next few days.

If it is refused an instant appeal will be taken to the Court of Civil Appeals at Dallas. That tribunal has the power to dissolve the injunction on appeal, as was done by the Attorney General in the prison litigation at Houston, when appeal was taken to the Galveston Appellate Court.

Attorney General Walter A. Keeling had not received a copy of the petition filed at Corsicana and said that until he receives the petition he does not care to outline his plan of procedure.

Much Poultry and Eggs Shipped. McKinney, Texas.—During the last twelve months A. J. Commons, local produce dealer, has shipped out of McKinney more than \$250,000 worth of poultry and eggs. He shipped \$100,000 worth of turkeys and ten or twelve car loads of eggs and eight or ten cars of chickens. Mr. Commons buys all this poultry and eggs from the farmers of Collin county.

Texas Terry's Rangers to Meet. Manor, Travis Co., Texas.—Members of Texas Terry's Rangers' Association have been called to meet at Austin on Wednesday and Thursday, Oct. 18-19, for the annual reunion of that body.

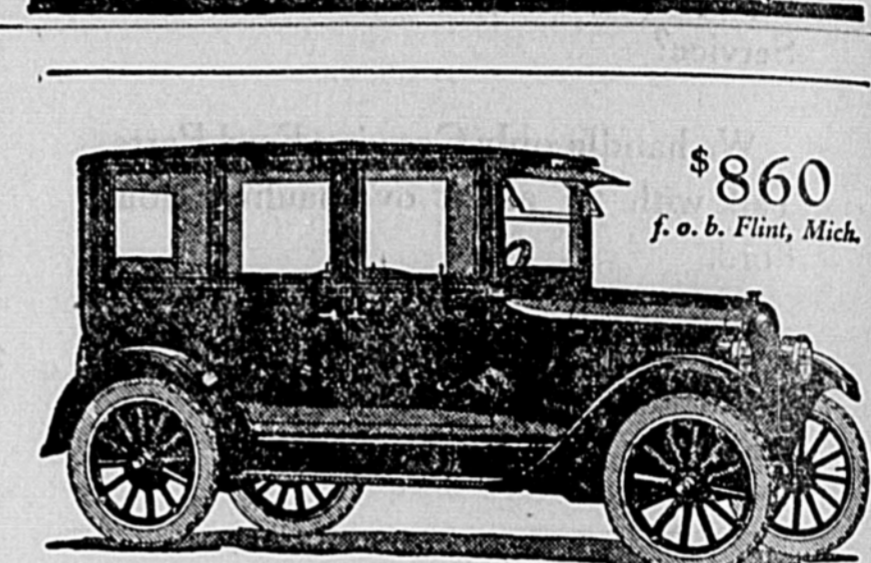

Irion to Gin 300 Bales. Mertzon, Texas.—Irion County will produce 300 bales of cotton this year. It is picked and taken to San Angelo, where it is ginned and sold.

Many so-called crises are... The latest in "phantom ships" is a booze-running submarine. What doth it profit a man to be good if he's good for nothing? Repartee is the cute replies a man thinks of on the way home. It would reduce the horrors of war to prohibit the use of firearms. Why not put all the poison gas in all the submarines, and sink the subs? The housing situation is still desperate, and the garage situation is now well in hand. It would be easier to beat all the swords into plows than all swordsmen into plowmen. "He saw the train but thought he could beat it across." Funeral announcement later. The only dignified and satisfactory cancellation of debt is accompanied by a receipted bill. The bootlegger has been cited as a model in statesmanship, and he isn't a bad collector, either. That fault riddle you have heard for the last year and a half was the cost of living decreasing. Poverty has its compensation. There's a lot of fun in listening to the wails of heavy taxpayers. It would do no harm if we had some optimistic sign painters to work on the signs of the times. News that egg speculators have lost a great deal of money leaves the muddled consumer stony-hearted. A British author says that old men make the best husbands, especially if they're very old and rich. Ancient Egyptians are accused of having made coffee out of cork—and they probably let it boil, at that. Mustapha Kemal Pasha is said to be dead but as "the good die young" the report quite likely is not true. The speculators who are reported to have lost \$200,000 in eggs must have dealt in them in dozen lots. Opportunity is a friend who knocks but once. In which it differs from other friends, who knock all the time. If Duffy in the Gaelic language be comos Diubhithigh, what would Lake Mueheoomegantic look like in Gaelic? An engineer is reported to have discovered a gold mine in the Alps but he is merely a plan to stimulate tourist traffic. The German who talks of flying to the moon in 48 hours is trying to make a piker out of Jules Verne in Eighty Days. He is charged that "jazz" music hurts on the feet. The trouble is the lack of gray matter above cervical vertebrae. He is told that the next war is to be won by the chemists. If chemical weapons are any indication, it will lack for frightfulness. It makes the ordinary observer feel dizzy to see Pancho Villa actually rallying to the defense of Madrid in Mexico. In Sweden some of the economic are showing their generosity by giving a redistribution of the gold in the United States. The power has been sufficiently developed in the motor. What we need is the development of a little sense in the driver. Prices have risen in cost from four cents to eight in the Sudan. It is most ungrateful to doubt that they were worth the price. The quick-shank who promotes high interest doesn't agree with them when they want their money—even in principal. Farmers kick because they get so few dollars for the food they sell and the consumer kicks because he gets so little food for his dollars.

## Pape's Cold Compound

Act Quick, Costs Little, Never Sicken!

Every druggist here guarantees each package of "Pape's Cold Compound" to break up any cold and end gripe misery in a few hours or money returned. Stiffness, pain, headache, feverishness, inflamed or congested nose and head relieved with first dose. These safe, pleasant tablets cost only a few cents and millions now take them instead of sickening quinine.—Advertisement.

Compound Fracture. "So her heart was broken?" "Yes; in two places. Southampton and Newport."—Life.

IMPROVED UNIFORM INTERNATIONAL

Sunday School Lesson

By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.

LESSON FOR OCTOBER 15

THE MINISTRY OF JOHN THE BAPTIST

LESSON TEXT—Luke 21:22. GOLDEN TEXT—Repent ye, for the kingdom of heaven is at hand.—Matt. 23:2.

I. The Degeneracy of the Times

The Jews had sunk to a very low level of civil, moral and religious life.

II. The Nature of John's Ministry

In the wilderness he underwent a discipline which fitted him for his task.

III. The Content of John's Message

1. Denunciation of Sin

He called them "a generation of vipers." This shows that he changed them with deceitfulness and wickedness.

2. Announcement of Judgment

He declared that the axe was laid at the root of the tree and that the tree not bringing forth fruit was to be hewn down and cast into the fire.

3. Instructions to the Inquirers

Each man was to turn from his besetting sin and show love and kindness to his fellow men.

4. Testimony to Jesus

The people were musing in their hearts as to whether John was indeed the Messiah.

5. Accommodating

"Man wants but little here below," Quoth the Rev. Jabez Squinch.

6. The Difficulty

"He's kinder to his second wife than he was to his first."

7. No Help Yet

"Did you telephone the plumber that the hot water pipes are leaking?"

8. The Help Problem

Crabson—So you can't get along with the cook, eh? Why don't you treat her as an equal?

His Wife—I tried to, but she warned me that I was getting too familiar.

Current Wit and Humor

A RACIAL WEAKNESS.

"Hones, Judge, I wuzn't shootin' no craps."

A BLOW OUT

He: Let's go for a little blow out? She: That's what always happens when we go out in your car.

Adaptation

All fickle is the public's praise, Which, like the village band, contrives To fit the same old flattering lays To each new hero that arrives.

Understood Her Plight

Widow Woody-Young—No, Mr. Hardfax, I have no money. My entire inheritance was left in trust until I should attain the age of forty years.

Old Woman's Delusion

Farmer—Ay, she be eighty-nine an' a wonderful old woman; but she do suffer from delusions terrible.

Proud of It

"Are you aware that Mr. Grabcohn is a self-made man?"

One Thing Needed

"My dear Mrs. Smith, I think your daughter recites remarkably well, don't you?"

A Shooting Affray

The Movie Producer—This scenario says the spy's to be shot at sunrise.

ABSOLUTELY UNNECESSARY

She: Pop says you hot at sunbains. He: I figured I wouldn't need any with your money.

Accommodating

"Man wants but little here below," Quoth the Rev. Jabez Squinch.

The Difficulty

"He's kinder to his second wife than he was to his first."

No Help Yet

"Did you telephone the plumber that the hot water pipes are leaking?"

Says Indigestion Is Entirely Ended

Victims of stomach trouble, indigestion, dyspepsia, and their allied complaints find Tanlac an ever-ready source of relief and comfort.

"I couldn't eat a thing but what hurt me. I got to having from one to three fainting spells a day, and wasn't expected to live much longer."

Intelligent people need very little "discipline."

Aspirin

Say "Bayer" and Insist!

Unless you see the name "Bayer" on package or on tablets you are not getting the genuine Bayer product.

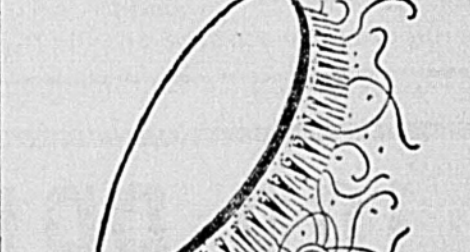

Colds Headache Toothache Lumbago Earache Rheumatism Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proper directions.

FOOLISH TO LET HAIR FALL OUT

35c "Danderine" Saves Your Hair—Ends Dandruff! Delightful Tonic

35 cents buys a bottle of "Danderine" at any drug store.

It is better to be an also-ran than a left-at-the-post.

DYED HER SKIRT, DRESS, SWEATER AND DRAPERIES WITH "DIAMOND DYES"

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her skin, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything.

MURINE Night and Morning

Have Strong, Healthy Eyes. If they Tired, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine.

YOUR EYES

often. Soothes, Refreshes. Safe for Infant or Adult. At All Druggists. Write for Free Eye Book. Hates Eye Remedy Co., Chicago

## L. C. CATON STABBED TO DEATH AT MORAN

Cisco Daily News

L. C. Caton, cafe proprietor, is dead as the result of being fatally stabbed last Friday night, during an altercation in front of his cafe at Moran.

Floyd Brazzel, is locked up at the county jail, without bail, charged with doing the cutting.

The knife with which the cutting was obviously done is missing.

Brazzel claimed that he did not possess a knife of any kind, that he did not use a knife on Caton, and that while he was quarreling with him, Caton fell his way, he saved him from striking the sidewalk.

Three persons, according to reliable testimony were immediately concerned in the affray. They were the dead man, his brother Emmett and Brazzel.

It is stated that Caton died without implicating anyone.

The police department is doing its best to piece together the tangled strings of the tragedy, and in the meantime feeling is running high.

It was for that reason, that Brazzel was spirited away to the county jail at Albany as soon as he had been arrested by Deputy Sheriff Cook.

According to testimony available, the wrangle was the result of a quarrel over hasty words the night before, between Caton, Brazzel and others.

Friday night Brazzel was in the kitchen of the restaurant talking to two employes.

Caton, not liking the manner in which the conversation was proceeding, ordered Brazzel to leave. When the latter reached the front of the restaurant there were hasty words between the two men. When they reached the sidewalk, Caton was jostled by his brother. There was a general mixup.

Bystanders say that they heard Caton scream, "I am stabbed," and saw him sink to the sidewalk. The other Caton rushed to his aid. Deputy Sheriff Cook immediately arrested Brazzel who was of the three. He was searched by both the deputy and Emmett Caton, but no knife of any sort was found.

Caton was bleeding profusely from two cuts, one between the eighth and ninth ribs, another in the lower left abdomen, and one on the left forearm. His left wrist was also badly scratched.

Medical assistance was immediately given him and he was rushed to the Graham Sanitarium at Cisco. Shortly after receiving medical attention he lapsed into unconsciousness and it is said never came to sufficiently to describe what happened or who did

the cutting.

He died early Saturday morning. Post mortem examination of the wound showed that in all probability that death was due to internal hemorrhage from the knife thrust between the eighth and ninth ribs, it appearing that the point of the blade had penetrated the apex of the heart. The other wounds, it is said, were not sufficient to cause death. When the bandages were removed after death, blood gushed forth from the back wound in great quantity indicating the internal bleeding had been the cause of death.

Brazzel who had been held without bail will be immediately charged with murder if a few disconnected strings of evidence are connected up by the investigation now in progress.

The failure to find the knife with which the cutting was done is materially hampering the efforts of the police, but many witnesses are being examined and it is believed that the matter will be solved within the next few hours.

Caton originally hailed from Snyder, Texas. He was less than 25 years of age.

## TEXAN INVENTS NEW BOLL WEEVIL CATCHER

L. L. Baker, who lives near Blum, Texas, has invented a machine to catch boll weevils that it is stated has been demonstrated and proven a success in the fields near that town and he has applied for a patent. He is making the machines as fast as he can without a factory for the purpose.

The machine has four curved steel round fingers that push the cotton stalks from side to side, shake the weevils and faulty squares in pans that swing below the plant. With this machine there is no danger of damaging the plant, it is claimed, as nothing comes in contact with it except the steel rods which are curved in such a manner that they push instead of striking the stalk. The machine can be attached to any cultivator and takes one row at a time.

## ROBBERS LAY FOR FARMERS ON RETURN FROM MARKET

From our exchanges we note in different places that farmers on returning home at night after market find their cotton bolls robbed by highwaymen. So far there has been no such in this section, but it might be well for farmers to be on the lookout.

In 1920 it was Harding or bust—now it is both.

## DID THEIR WORK TOO WELL

Trustees of Virginia Cemetery Wish Employees Had Been Just a Little Less Industrious.

Industry is a commendable trait, no doubt, but sometimes it has a back kick as well. Let a Washington attorney tell the story.

Not long ago, it appears, two industrious Virginians were employed to set a cemetery to rights. They were given carte blanche to paint up and clean up the place and to make it look as nifty as possible—make it look like just the sort of place to invite the casual passer-by to go off and get shot or something so the cemetery would have customers. And the Virginians made good. They pulled out the weeds; they pruned the hedges and trimmed the trees, mowed the grass and made that cemetery a place to delight the heart of Dr. Berthold Baer, or the Howards of Denver city.

Everything would have been lovely, in short, had not the industrious Virginians, inspired by a mad desire to earn their money, decided that they ought to move the best-looking stones over by the fence. And now the trustees of the cemetery in that little Virginia town are wondering how they are ever going to get the cemetery population sorted out again.—Washington Post

## HIS SINGLE VICE

Philippa—Yes; Billy's a good brother. He has one bad habit. He smokes cigarettes.

Flossie—That's nothing. Most men smoke 'em.

Philippa—But they're my cigarettes he smokes.

## SUBSTITUTE FOR WHITE LEAD

The elimination of white lead, with its poisonous effects, from the manufacture of paint is apparently promised by use of a product which is now being manufactured by a Sydney (Australia) concern. This product is oxide of antimony, which is non-poisonous, and complete success is claimed for it. The antimony used in its manufacture is taken from the Costerfield mine, Victoria, according to the Manufacturer's Journal of Sydney. The oxide is said to be produced cheaper in Australia than in any other part of the world, due to the invention of a novel contrivance by which it is withdrawn from the ore chutes.

## LOCUSTS HALTED TRAINS

Locusts are causing immense damage to crops in Spain, and governmental measures have proved insufficient to stop the plague, it was reported in dispatches from La Carolina, Saragossa and Huesca, three principal agricultural sections of Spain. The plague is much more extensive than last year.

A mail train in the La Carolina region was stopped several times because of the thickness of the insects on the tracks, making them so greasy the train wheels were unable to grip the rails.

## REST FOR DUTCH WINDMILLS

Wings of windmills, which seem such an essential part of Holland, apparently are doomed to come to a standstill, or to continue in action only in the case of the smaller individually-owned mills. General application of the eight-hour law makes it unprofitable for the mill owners to wait for favorable breezes, so they are about to install petroleum motors, according to reports in Dutch papers.

## MUCH MONEY FOR CHURCHES

The gifts of Protestant churches in America for all purposes during the year 1920 amounted to more than \$200,000,000, according to the statistics compiled by Dr. W. E. Lampe of Philadelphia, secretary of the United Stewardship Council. The Southern Presbyterian church led all denominations in the United States in per capita gifts to benevolent causes during 1920.

## BIGGEST HIGHWAY JOB IN HISTORY

National Road System to Be 160,000 Miles. To Include Texas.

Waco, Texas.—The highway construction program of the Federal Government is the biggest project of its kind in history, much bigger than the project to build the Panama Canal, according to a statement issued by the Texas Highway Association here.

The tentative program of the Government contemplates the construction of a national system of highways, composed of the various State systems, comprising seven per cent of the total post road mileage of the United States," says the statement. "It will include about 160,000 miles of improved highways, 12,000 of which would be in Texas. It will cost approximately \$3,000,000,000 and will probably require fifteen years to complete."

The Federal Government proposes to pay half of the cost of constructing this system, requiring that the State shall pay the other half in each case, and that the State shall maintain the roads after they are built.

In Texas the State has no authority to build and maintain highways and temporarily this requirement has been suspended so far as Texas is concerned, in order to give the people the opportunity to change the laws so as to empower the State Government to build and maintain roads. So far the Federal Government has appropriated \$500,000,000 for road construction in the States, and about \$30,000,000 of this has been allotted to Texas. This money, however, is being spent only in counties which vote bonds to meet the Federal aid. The Federal law requires that this system shall be built and that the State system shall be constructed by the State Government as a connected and continuous system covering the entire State.

The Texas Highway Association is conducting a campaign to awaken the people to the necessity of passing the proper legislation to meet the requirements of the Federal Government and thus insure that Texas will have a State highway system as part of the national system. The Democratic platform, adopted at San Antonio, urges upon the Legislature the necessity of passing such legislation.

## TEXAS IS PLEDGED TO ROAD SYSTEM

Democratic Resolution Declares Acceptance of Federal Aid Pledge to Nation.

Waco, Tex.—In addition to placing in the platform a plank declaring in favor of such legislation as may be necessary to empower the State Government to co-operate with the Federal Government in constructing a State system of highways in Texas, the Democratic convention at San Antonio adopted strong separate resolutions emphasizing this matter. Attention is being called to this fact by the Texas Highway Association, which has headquarters here. One of these resolutions particularly emphasizes the fact that in accepting Federal aid in the past, Texas has pledged itself to construct and maintain such a "system." For Federal aid is allotted to the States on a basis which assumes that a State "system" of highways, comprising seven per cent of the total post road mileage of the State, will be constructed and maintained.

The convention expressed its recognition of this obligation in the following language: "We recognize the acceptance of Federal co-operation in highway construction, through allotments of Federal funds, as a pledge to the Nation for the construction and maintenance of a system of highways primarily serviceable to the citizens of the State, and secondarily providing the basis for a system of highways extending from State to State."

Texas has so far received and will continue to receive larger shares of Federal highway funds than any State in the Union. It is estimated that Texas receives five times as great a share of these funds as it contributes toward them in the form of Federal taxes. In other words the other States are supplying four out of every five dollars spent by the Federal Government in Texas for the construction of roads. This fact, according to Alexander Sanger, director in charge of arts and textiles.

"Texas cooks are proverbially the best anywhere," he said, "and from reports to Mrs. Fannie Howard, superintendent of the culinary department, more of their handwork will be shown at this year's Fair than ever before."

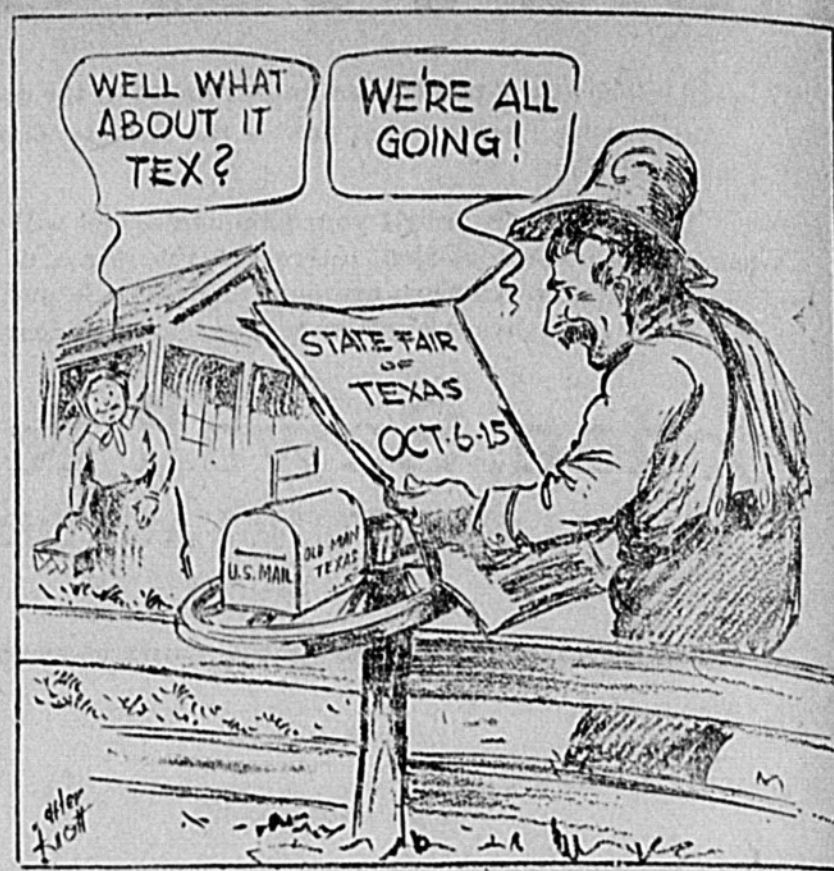

Mrs. Howard declares that entries are more numerous than ever before, and that all indications are for a most interesting show of culinary products.

The telephone "loud speaker" will be a big feature at the State Fair of Texas, Dallas, Oct. 6-15. Addresses by long distance will be brought in, and over the loud speaker, will be heard simultaneously, by thousands.

Several Oklahoma owners of fine stock will show their cattle at the State Fair of Texas, Dallas, Oct. 6-15. There will be a strong competition between Texas and Oklahoma in the live stock department.

Texas Cotton Ginners, who will have their "day" at the State Fair of Texas on Oct. 9, will be much interested in the exhibit to be made by the state department of markets. It will include exhibits demonstrating many phases of the cotton industry.

## NEWS OF A COMING EVENT

Old Man Texas, with Miz' Texas, has heard about the State Fair at Dallas, Oct. 6-15, and they are coming—along with the children and all the neighbors.

## DARING RIDERS TO APPEAR IN STATE FAIR MOTOR RACES

Big Haugdahl, Fred Horey, Jules Ellingboe and Others To Annihilate Space.

Driving the famous car in which he broke all previous world's records at Daytona Beach, Sig Haugdahl, the daring automobile race driver, is to try for a new dirt-track mile-record at the State Fair of Texas, Dallas, Oct. 6-15.

It is announced that motor races will be held at the State Fair on Sunday, Oct. 8, Tuesday, Oct. 10, Saturday, Oct. 14, and Sunday, Oct. 15. Haugdahl holds the dirt-track record for a mile, made at Dallas, when he drove it in forty-four seconds. With the Daytona Beach car he is going to try and lower that mark. Horey also has declared he will try to beat Haugdahl's record.

The racing program is now in course of preparation and will include a number of events in which well-known Texas drivers will compete.

## TEXAS OIL MEN AT STATE FAIR ON OCTOBER 13

Friday, October 13 has been named as "Oil Men's Day" at the State Fair of Texas, and many members of the Mid-Continent Oil and Gas Association are expected to attend. Dates for the fair this year are Oct. 6 to Oct. 15, so the oil men will have opportunity to remain for the last two days of the Exposition, after their own celebration has taken place. W. P. Gage, chairman of the entertainment committee of the Mid-Continent Association, has announced that a session of the association will be held in the morning, and that the remainder of the day will be given over to entertainment. One feature of the afternoon will be a football game in the State Fair Stadium between Waco High and Tulsa (Oklahoma) High School teams. On the following day, S. M. U. of Dallas will meet Louisiana State.

## TEXAS WOMEN TO SHOW HOME-COOKING ART.

There will be a full and comprehensive exhibit of the products of Texas home kitchens at the State Fair of Texas, Dallas, Oct. 6-15, according to Alexander Sanger, director in charge of arts and textiles.

"Texas cooks are proverbially the best anywhere," he said, "and from reports to Mrs. Fannie Howard, superintendent of the culinary department, more of their handwork will be shown at this year's Fair than ever before."

Mrs. Howard declares that entries are more numerous than ever before, and that all indications are for a most interesting show of culinary products.

The telephone "loud speaker" will be a big feature at the State Fair of Texas, Dallas, Oct. 6-15. Addresses by long distance will be brought in, and over the loud speaker, will be heard simultaneously, by thousands.

Several Oklahoma owners of fine stock will show their cattle at the State Fair of Texas, Dallas, Oct. 6-15. There will be a strong competition between Texas and Oklahoma in the live stock department.

Texas Cotton Ginners, who will have their "day" at the State Fair of Texas on Oct. 9, will be much interested in the exhibit to be made by the state department of markets. It will include exhibits demonstrating many phases of the cotton industry.

STATE FAIR OF TEXAS DALLAS OCT. 6-15

## FAMOUS EUROPEAN MIDGET TROUPE AT STATE FAIR SHOW

Twenty-Five "Little People" From Europe, Coming to Big Texas Exposition.

For one of the several acts on the Coliseum program at the State Fair of Texas, Dallas, Oct. 6-15, the famous troupe of Royal European Midgets has been secured, and will appear daily during the Fair.

The "little people" only landed in this country in July, and have been seen at the big Toronto Fair, where they were acclaimed wonders in their many different novelty acts.

Many different nationalities are represented, and their repertoire includes folk-dances; acrobatic numbers; a ten-piece band, made up of eight men and two women; a little Japanese who does a clog dance, and various other features.

A number of diminutive people make up a xylophone musical number that is declared to be as good as any ever done by people twice as big.

There are in all, ten women and fifteen men in the company, and the children will go wild over them. All school children will be admitted to the Coliseum free on the afternoon of Children's Day, Oct. 6.

## STATE FAIR DOG SHOW TO FEATURE HUNTING DOGS

Fine pointers and setters—dogs that have won their spurs in Texas field trials—will be shown in large number at the annual bench show of the Texas Kennel Club, during the State Fair at Dallas, Oct. 6-15. Dates for the dog show are Oct. 12 to Oct. 15 inclusive. In addition there will be various other varieties of dogs shown. Jack Bradshaw of the Pacific Coast, will judge all entries, and Robert L. Woolley of Dallas is superintendent of the show. Dog owners desiring to enter their dogs in the show should correspond with Mr. Woolley, 408 N. Wilomet street, Dallas. L. G. Spence of Dallas is chairman of the bench show committee.

## BOYS OF THIRTY-SIXTH TO BE AT STATE FAIR

Monday, Oct. 9 has been designated as Thirty-Sixth Division Day at the State Fair of Texas this year. Mothers of men who fell "over there" as members of the famous Thirty-Sixth, will carry out a program at some Dallas church on the afternoon of Sunday, Oct. 8, prior to observance of the day at the fair on Monday, Oct. 9. The anniversary of the first big attack participated in by the seventy-first brigade, and Mrs. L. W. Hulsey, secretary of the World's Women's Association, is attending in the details of the program to be observed on Sunday afternoon. The program for the exercises at the fair grounds will be announced later.

In a recent cartoon praising the delicate flavor and tempting odor of the Texas watermelon, John Knott, Dallas News cartoonist, asked for a rhyme for "ambrosia." The State Fair publicity department has suggested "soda pop in the State Fair enclosure."

Texas sheep and goat raisers are preparing for their "chevon" barbecue at the State Fair of Texas, Dallas, Oct. 6-15. "Chevon" is the meat of the goat, and they say it's mighty good eating.

New concrete walks leading to the north end of the big Automobile and Manufacturers' Building, at the State Fair grounds, Dallas, are being constructed. They will be ready before opening day, Oct. 6.

## M. E. WAKEFIELD PURCHASES ADDITIONAL INTERESTS EAKIN LEASE

M. E. Wakefield has purchased the interest of C. C. Neeb in the famous Eakin lease of F. W. Stone & Co. east of town. This is the property that first brought the Cross Plains-Pioneer field into the lime light and is said to have produced close to a million dollars worth of oil since its discovery last February.

Production on this as well as most other leases in that district is now considerably off from the records made early in the summer but with close attention can yet be made to produce much oil.

It is understood the sale was made on the basis of close to an \$80,000 valuation on the five producing wells.

Wanted—An experienced girl for permanent help in the Style Shoppe.

Up to Wednesday night of this week there have been 2625 bales of this season's cotton weighed in Cross Plains and sold on the local market. The price was ranging around 21 1/2 cents Wednesday afternoon.

The county agent reports that up to Sept 25th there had been 5864 bales ginned in the county compared to against 4475 for the same period last year.

The first car load of this season's peanuts was shipped by B. L. Boydston Wednesday of this week. The price paid on the local market, were as informed was 92 1/2 cents per bushel.

Miss Gladys McDermott served chicken dinner to a number of her friends last Sunday at her home a few miles in the country. Several young people from Cross Plains were present.
