LOOK at the 24 articles above for two minutes. Then take pencil and paper and write down as many as you can remember. (15 is good, 20 terrific, 24 incredible.) Now, can you remember one other thing

these assorted articles have in common?..

Every one is made withelectricity - or run by Electricity - or both. It's hard to name any manufactured article that isn't partly the product of electricity. It is basic to all industry. It provides the power that makes America the most productive nation on

Testing your memory again, do you know how much the cost of home electric service has come down through the years? You may not have noticed because you kept buying more electric appliances and using more electricity. But actually, the average American family gets twice as much electricity for its money as it did

20 years ago! Low-priced electric service-friendly and dependable-is made possible by the sound business management of America's self-supporting, tax-paying electric light and power companies.

A GOOD JOB FOR YOU!

Try Review Want Ads

HERE'S a real opportunity for the young man who wants a good job with a future. An Army job is a steady job offering good pay, the highest security, every opportunity for promotion and a chance to see the world. You get valuable training in technical skills, good food, clothing, quarters and medical care free. If you go overseas, you get 20% extra pay. You can retire at half pay after 20 years or retire at threequarters pay after 30 years. And you get a 30-day vacation at full pay every year! Many other advantages not offered elsewhere. If you are 18 to 34 and physically fit (or 17 with parents' consent), you can enlist now and qualify for one of these fine jobs in the peacetime Regular Army. You owe it to yourself to get all the facts NOW! Apply at
