Prize Money Is Announced For Rodeo Shows

Home Town Gossip

The event of the year for Cross Plains is at hand. Everyone bustling like busy bees the days to get things in for a temporary shutdown of a round of fun at this celebration.

The year's celebration seems more in the way of a picnic than any Cross Plains in our recollection.

Begin with, there's the barbecue at noon time, the first reunion of citizens in a number of years. The most spectacular of the largest array of speakers ever to visit Cross Plains in two days. Then, there is the carnival, rink, baseball games and seals of side-entrances to entertain the people.

M. T. REINHARDT

Chosen as the most typical G. I. in the national Piggy Wiggle set-up, M. T. Reinhardt, local groceryman, was advised Monday that he had been chosen as honor guest at organized men's nationwide convention in St. Louis, Mo., next month. He and Mrs. Reinhardt are to receive an expense paid trip through the old South, North and New England states. They will leave here about August 19 for Atlanta, Ga., where they will be joined by the president of the Piggy Wiggle Corporation, who will accompany them to Saint Louis for the convention. From Saint Louis, they will go on to New York and back home along the Atlantic coast.

The Cross Plains groceryman, who was a prisoner of the Japanese for nearly three years, and survived more than 12 harrowing experiences, when death seemed imminent, was chosen the most typical G. I. in the entire Piggy Wiggle set-up. News of the honor came as a complete surprise, as neither he nor his wife had knowledge of the fact that he was even being considered.

Sixty-One Men Attend Vetch Meet At School

Sixty one farmers and growers of this territory met last Wednesday night at the high school auditorium to discuss advantages of planting vetch and eye in this area as a soil builder, feed roughage and money crop. B. B. McPherson, Triple A agent of Baird, A. R. Grote, Jr., Callahan County Agent and Ross Newton, president of the Rising Star Vetch Cooperative Association, were in attendance.

Entertainment Program Full: Rodeo, Free Barbecue And Other Features Offered

Cross Plains was primed and ready Thursday morning to play host to the greatest Picnic celebration in its history.

The festivities were to be officially opened at 10 o'clock Thursday morning with a street parade. All local business houses were closing at parade time and would remain shut until three o'clock Thursday afternoon.

High spot of the first day's program was to be a barbecue at noon time. Accommodations were in readiness to feed 4,000 people. Other first day features included: candidate speaking throughout the afternoon, a baseball game between Cross Plains and Baird, reunion of all former citizens, carnival attractions, and then, a rodeo show in the evening, which is expected to be the most spectacular thing of its kind ever produced in Callahan county.

The rodeo is to be held at the recently constructed facilities just across highway 39, northwest of the Picnic Grounds. Cowboys had already begun arriving Wednesday morning and indications were that competition would be red hot in steer wrestling, bronc riding, both with and without saddle, wild steer riding, calf roping and team tying. Other rodeo features, such as sponsors' contests and piggy wiggles, have also been planned.

General chairman of all Picnic committees is V. C. Walker, fire chief here, and Hugh McDermitt, president of the Rodeo Association, is ramrodding that phase of the celebration.

Although the Picnic is only a two day affair—July 18 and 19—the rodeo will stage shows three nights, Thursday, Friday and Saturday.

CITY IS ENLARGING IT'S WATER SUPPLY

One new well was completed for the city this week and another spudded. The wells are being drilled by W. B. Varner contractor, on the C. D. Westerman tract, two miles east of town. Plans are also being considered for the drilling of a third well in the event the second test proves satisfactory.

It will likely be another month before any of the new wells are piped into the city system, due to difficulty in securing and laying pipe.

White Store (Copy) Howell

The reunion will be an all-day picnic with lunch spread under the tabernacle at noon.

Mrs. Herb Hutson and Don spent the week end in Austin visiting Mr. and Mrs. Lloyd Seiber and Nedra Jean.

Mrs. Dock Wilkens and baby of Levelland visited her mother, Mrs. Mollie Hutson, one day last week.

CONCRETE MASONRY

We have received report from
SAMPLE OF OUR CONCRETE TILE

which were sent to the Southwestern Laboratories at Fort Worth for Testing, and are proud to report that Samples endured pressure up to a total load per block of more than 70,000 pounds; and better than 750 lbs. per square inch, with approximately 7.8 percent absorption, which is far more than is required or will be expected of any construction you may be planning, as these masonry units comply with A. S. T. M. Spec. No. C-90-41 for Compressive Strength and Absorption.

We know we have a product that will stand up to any requirement to which you may desire to place it. Come in and let us show you Samples in either Natural or Black, in the four different sizes — 12 inch regular size, 10 inch to make corners, 6 inch half tile, and a 4x12 for partitions.

We believe you will be pleased with the uniformity of our tile; the low price of using it in construction, and the economy in laying.

State Fair At Dallas To Open On October 5th

The State Fair, which opens at Dallas October 5, will allot the first four days to 4-H Clubs and Future Farmers of America, announces R. L. Thornton, president of the State Fair Association. All barns and pens will be placed at the disposal of clubs over the state and school age exhibitors will be invited to return to school with a minimum of time lost.

In order to alleviate crowded conditions that have resulted in former years when animals to be shown in both junior and senior divisions were brought at the beginning of the show and kept till the last days, states Roy Wilson, chairman of the junior farm and ranch committee, the association plans to have all facilities turned over to boys and girls to house and show their livestock.

Premium list and instructions will be ready for distribution by August 1, concludes the committee chairman.

TO THE PEOPLE OF CALLAHAN COUNTY

In a few days now you will be going to the polls to select a Sheriff for the next two years. In weeks past I have endeavored to contact each and everyone of you personally to discuss my candidacy and seek your vote and influence, however, despite my very best efforts there are many of you whom I have been unable to contact. To those of you, whom I have not seen, I sincerely ask your consideration. And in return for this, I promise if elected that I will devote my very best efforts to making you a competent, courteous and cooperative law enforcing officer. It will be my purpose at all times to render the very best service of which I am capable.

I wish also to express my profound gratitude to all of you for the innumerable kindnesses shown me during this campaign and to say that meeting and talking with you has been an indescribable pleasure.

Sincerely,

Rondall Young To Arrive In States Sunday, July 21

Sgt. Rondall Young, son of Mr. and Mrs. R. L. Young of this city, will arrive in San Francisco July 21, according to a cable received by his parents.

Stationed overseas the past 19 months, Sergeant Young has been doing occupational duty in Korea, sailing from there June 26.

In the service a little more than two years, he expects release soon and will probably enter a school of higher learning in the fall.

INTERMEDIATES OF METHODIST SUNDAY SCHOOL ENJOY SWIM

The Intermediate Class of the local Methodist church were entertained Tuesday afternoon, July 9, with a swimming party and picnic by Mr. and Mrs. Edwin Baum, sponsors.

After a swim at the Baum farm, the party returned to the city park and enjoyed a picnic supper of chicken salad sandwiches, potato chips, pickles, fruit punch and chocolate cake. Outdoor games were played and approximately 15 youths enjoyed the occasion.

TO THE VOTERS OF CINCO 4, CALLAHAN COUNTY:

Being unable to make a house to house call at each voters home, I will use this means to say that I want your vote.

Each of you that read this please accept it as a personal call for your vote.

I earnestly ask you to make an investigation of my work while I am in the court at Baird. Please check as to what I have been doing in the way of road work. If you will do some investigating and checking as to what I have been doing, I feel like that you will want me to continue to serve you as Commissioner. Hoping to see you the 18th and 19th at the Picnic, I remain,

Yours Respectfully,

Husband Actor On Love To

It was during the performance of Warner's "My Blue Heaven" at the Plaza Theatre Monday, 21st, that Barbara Stanwyck was turning scenes where an actress in a husband—a situation which never seen professional actress.

The principal Stanwyck and her husband Robert Montgomery were in the audience.

Her contention was too much evidence for the girl. No self would put it that the director, knowing that Barbara played in as man scene as any called him over to see Bob's comment.

"I think it's plausible," he said. "What makes you asked Barbara 8 hesitated a moment.

"Well, my dear," she said. "I remember were your exact words, and she laughed, and the

Husband Coaches Actor On Making Love To His Wife

It was during the filming of the Barbara Stanwyck starring film, Warner's "My Reputation," showing at the Plains Theatre Sunday and Monday, 21 and 22. The cameras were turning on one of those scenes where an actor makes love to an actress in the presence of her husband—a situation, incidentally, which never seems to embarrass professional actors.

The principals were Barbara Stanwyck and George Brent, plus husband Robert Taylor, standing off to one side.

Brent was proposing to Miss Stanwyck and a hitch had developed over the dialogue.

Miss Stanwyck didn't like the line, "Of course, darling, I'll marry you any time you say."

Her contention was that it showed too much eagerness on the part of the girl. No self-respecting girl would put it that way, she said.

The director, Curtis Bernhardt, knowing that Bob Taylor has played in as many important love scenes as any star in Hollywood, called him over to join the discussion. Bob's comment was immediate.

"I think it's a god line—very plausible," he said.

"What makes you so positive?" asked Barbara Stanwyck. Taylor hesitated a moment.

"Well, my dear," he replied, "you were a little flustered at the time; but I remember distinctly. Those were your exact words to me." They laughed, and the line stood.

From my old scrap book, here's a favorite poem, "The Old Man In The Model Church," by John H. Yates:

Well, wife, I've found the model church; I worshiped there today! It made me think of good old times before my hair was gray; The meetin' house was fixed up more than they were years ago, But then I fell, when I went in, it wasn't built for show.

The sexton didn't seat me away back by the door; He knew that I was old and deaf, as well as old and poor; I wish you'd heard the singin'; it had the old-time ring;

The preacher said, with trumpet voice, "Let all the people sing!"

My deafness seemed to melt away; my spirit caught the fire; with that melodious choir, I joined my feeble, trembling voice And sang as in my youthful days.

"Let angels prostate fall; Bring forth the royal diadem and crown Him Lord of all."

The preachin'? Well, I can't just tell all that the preacher said; I know it wasn't written; I know it wasn't read;

He hadn't time to read it for the lightnin' of his eye Went flashin' long from pew to pew, nor passed a sinner by.

The sermon wasn't flowery; 'twas simple Gospel truth; It fitted poor old men like me; it fitted hopeful youth;

'Twas full of consolation for weary hearts that bled; 'Twas full of invitations to Christ, and not to creed.

I hope to meet that minister—that congregation, too— In that dear home beyond the stars that shine from heaven's blue;

I doubt not I'll remember, beyond life's gray, The happy hour of worship in that model church today.

A man may have a greasy hat and the seat of his pants may be shiny, but if his children have their noses flattened against the window pane half an hour before he is due home for supper, you can trust him with anything you have.

County Agent Column

The possibilities of vetch and rye in Callahan county as a forage and money crop is great. In addition to its above possibilities, it is the best soil holding crop found to prevent wind erosion during autumn. Following are some of the results and returns reported by farmers:

L. M. Stewart, Clyde, grazed 5 cows and 2 horses on his 12 acre patch of vetch and rye from January 9 to May 9. He sold 266 pounds of butter from his 2 milk cows and then harvested better than 400 pounds of seed per acre. He is selling seed to clamoring neighbors for 18 cents per pound, realizing a return of better than \$72 per acre during the grazing vetch and rye furnished for 3 months. Next year Mr. Stewart says he will plant his entire field to vetch. He plans to harvest half for hay and plant corn on that section and harvest the remainder for seed.

E. L. Browning planted vetch and rye in his orchard for cover crop and soil builder. He estimates he turned under ten tons per acre and has an excellent fruit crop of peaches and apples. This fall the whole orchard will be planted to vetch and rye.

C. H. Stidson planted vetch and rye on his farm for the first time last year. He harvested 250 pounds of seed per acre and is eager to show you the difference in soil texture and color where the vetch was planted and where there was only rye. The soil that had the vetch was looser and darker in color.

This was the farmers and county agent's first experience with vetch, but several things have been learned. Super phosphate is a 'must' to get a good stand of vetch on these depleted soils. Use 150 to 200 pounds per acre for paying results. It is drought resistant. The vetch made a good seed crop and farmers didn't think it was ever going to make. Vetch serves as a 3-way crop. It makes excellent grazing for ap-

proximately from October to May. More must be learned about grazing periods, but indications are that it is a soil builder and in addition to grazing it is a cash income and even after harvesting the mulch turned under improves the soil.

The county agent believes vetch will produce hay of value to alfalfa and that another important use of vetch in this section for hay production.

Vote For Gib Sandefer Candidate For Congress 17th District of Texas

EXTEND OPA UPWARD NOT DOWN, MILES

STAMFORD, Tex., July 18. Miles, ex-GI and businessman, campaigning for election to Congress from the 17th Texas District, urged the public to call on its elected Congressmen for an extension of OPA.

Evidence of the last week shows that retailers and small businessmen are unwilling to hold the line, whereas manufacturers and corporations are already bent to raise their prices.

Miles declared that a deextension, which would allow small business, is not only necessary but would be harmful to the national economy.

Robert R. Herring CANDIDATE FOR CONGRESS TO THE VOTERS OF THE 17TH DISTRICT OF TEXAS:

Today, we citizens of the United States stand at a crossroads. Upon the decisions you make and put into action on July 27th may depend the future course of our American life. If we fail, through our aroused actions, to secure an honest, strong willed group of representatives in the Congress at this election, we will undoubtedly continue on this road of economic distress. I have tried during this campaign to place my full and exact beliefs before you that you may justly consider my candidacy for the office of your representative. I have tried to point out that I believe many Americans today are blind to the true values of our life because of the greed for dollar bills, and I feel that enough men who realize the cost of these last four years, with all of its loss of life, can return our government to sound values and to you as average citizens.

I earnestly request your deepest consideration at the primary election, July 27th.

Sincerely, Robert R. Herring (Paid for by Friends Political adv.)

GIB SANDEFER Representative 17th Congressional District

before Sandefer consented to become a candidate in Congress, men who knew his ability to get things done, recognized in him the timber for a friendly, capable Congressman.

Five years ago, Elgean Shield, petroleum geologist of the Anna (not in this district), who was in the city in China-Burma-India theatre with Gib, wrote Sandefer:

"Gib in action, and I would like to say that he was able to weld together the various warring factions and lead them into a common purpose. I saw him stand up in front of a group composed of many different creeds and political factions and sway this crowd of never saw any other man do. His ability to combine various wills is the kind of ability I believe I need in Congress."

Sandefer served as an American Red Cross Field Representative in combat areas. He returned and went on a lecture platform to tell American audiences that the Golden Rule applied toward a better understanding between the peoples and nations is the way to world peace. Before going into Red Cross service, he had several years operated his own Nolan County famous cowboy band of Hardin-Simmons University, spreading the fame of the band and the name of the school over much of the world. Gib gets the job done right.

American began eating tomatoes only about a century ago yet today the tomato is the most widely grown of any vegetable in home and gardens and one of the leading commercial vegetable crops, according to the U. S. Department of Agriculture.

Moreover, the tomato is preserved in a greater variety of ways than any other vegetable, both at home and commercially. Seventy percent of the total commercial acreage now is grown for processing. The commercial pack of canned tomatoes is larger than the pack of any other vegetable, and the pack of tomato juice alone is exceeded only by canned peas and sweet corn. In addition, very large quantities of tomatoes are used in making sauce, catsup, puree, and soup, both at home and commercially.

A fortunate combination of desirable qualities in this one vegetable caused its phenomenal rise, say plant scientists. The tomato is adapted to a wide variety of soils and growing conditions. It is easy to grow. It produces heavily. It's flavor and color make it popular with most people. It can be served in a great many different ways, both cooked and raw. It is one of the rich, relatively inexpensive sources of vitamin C.

LABOR-INDUSTRY LAW NECESSARY TO CURB INFLATION, MILES SAYS

STAMFORD, TEXAS, July 13.—Ted Miles, Stamford businessman and ex-G.I., running for the U. S. Congress on the West Texas Farmer's ticket, today called on the present Congress for immediate action to ward off a second series of devastating postwar strikes.

Miles declared that even more imperative than price manipulations were concrete laws which would impose equal responsibility on labor and industry to maintain the welfare of the people. "Laws which will bring strikes and shutdowns, detrimental to the people, into the courts instead of before powerless boards, are the only means by which we can halt the deadly spiral now in progress," he said. His statement was prompted by the recent series of new notices served on industry by Union leaders.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Q.—When does God reward men here or hereafter?

A.—Please read Matthew 16:27: "For the Son of man shall come in the glory of His Father with His angels; and then He shall reward every man according to his works."

Q.—Was there a city called Babylon in the days of the apostles? (See 1 Peter 5:13).

A.—Yes, Babylon was still a large city in the days of the apostles. Several centuries later it was completely destroyed, and today it is a desolation.

Q.—Do you not believe that those four strange animals mentioned in the seventh chapter of Daniel are new species that will be developed by science?

A.—No. They are not literal animals at all, but symbols of great world powers. Daniel 7:23 says: "The fourth beast shall be the fourth kingdom upon earth. The first beast was the first kingdom, or Babylon; the second, Medo-Persia; the third, Greece; and the fourth, Rome."

Q.—Will not Christ's coming be a silent growth of good?

A.—The New Testament says, No. "For the Lord Himself shall descend from heaven with a shout, with the voice of the archangel, and with the trumpet of God; and the dead in Christ shall rise first; then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air; and so shall we ever be with the Lord. Wherefore comfort one another with these words." 1 Thessalonians 4:16-18.

Q.—In Mark 13:31 it says that "Heaven and earth shall pass away". I don't see where the righteous will go if heaven is destroyed along with this world.

A.—There is no cause for alarm. It is the atmospheric heaven that will pass away at the day of the Lord. The apostle Peter describes it as a great explosion. "But the day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth...

also and the works that are therein shall be burned up." 2 Peter 3:10. And then he adds: "Nevertheless we, according to His promise, look for new heavens and a new earth, wherein dwelleth righteousness." Verse 13.

YESTERYEAR -- -- IN THE OLD HOME TOWN -- --

Interesting happenings of the old home town, taken from files of the Review twenty years ago under date of July 16, 1926.

Mr. and Mrs. Ben Pearce and daughter, Bessie, accompanied by Hazel Atwood, visited the Rollins family in Big Spring last week.

Miss Leta Neeb entertained several of her young friends last Saturday evening.

Merry games were enjoyed, after which refreshments of delicious sandwiches and punch were served.

Mr. and Mrs. Griffin Saunders and daughter, Faye, have returned from a visit in San Angelo.

Miss Pauline Bond visited P. P. Bond and family at Santa Anna the past week end.

Misses Reba Vestal, Lorena and Alma Armstrong of Liberty were shopping here the past week end.

Messrs. Darian Cross, C. L. Browning and Clyde Tenge motored to Cisco Sunday for a dip in the lake.

Mr. and Mrs. T. C. Thorne are visiting their daughter, Mrs. C. O. Mayes, at Breckenridge.

Clarence Duncan and mother are visiting relatives in Sweetwater and Plainview this week.

Mr. and Mrs. John Conlee and daughter, Jackie, and Miss Pauline Miller are visiting here this week.

Several weeks ago a committee was appointed by the Chamber of

Commerce to outline plans to perfect a Junior Chamber of Commerce. The committee reports that plans have been drawn and everything ready for the organization to be perfected. It was decided by the committee Monday night to have a called meeting next Monday night in the Methodist church for all of the boys between the ages of 8 and 16. The parents are urged to see to it that their boys will be present at that time.

Postal receipts here for the first six months of the year show to have doubled receipts for the same period last year.

Postmaster Chester Barr believes the office will soon be second class and believes when the public is informed of this they will not criticize the present service as the office is now working under a handicap, doing second class volume with the help of a third class office.

The official bank statements just published for the two banks here show this community in favorable financial circumstances with over one million dollars on deposit subject to checking.

This reports exceptionally good, being a mid-year report. Both banks are in splendid condition and doing a large volume of business.

There will be a two-day picnic here July 20 and 21, under auspices of the Chamber of Commerce Band and Fire Department. Two days of fun and frolic. Great throngs of people will be present both days to attend the big event.

Attractions will include balloon ascensions, parachute leaps, big rodeo conducted by the famous Bob

Malone, baseball each day, big political speaking, grand parade and big carnival attractions.

There will be plenty of amusement for each member of the family, young and old. The big event will be held at the city park on Turkey Creek where there is an abundance of shade. Free ice water will be furnished. This park and picnic ground is one of the beauty spots of nature, and an ideal place and an opportune time for a mammoth event of this kind.

Come, see the carnival, rodeo, baseball games, balloon stunts and hear the political Moseses tell how the people of Texas may be led out of the wilderness into the land of promise. Get it all in two grand and glorious days. There will be entertainment all the time. Bring your families and stay, there is good camping ground. Ten thousand people are expected to attend. Remember the place and date; come early and stay late. See the big parade of fire department and band on opening morning up town.

It is not known yet just how many political speakers will be here but it is understood that Tom Blanton will be present in person and other notables will have representatives to speak for them.

Mr. and Mrs. Bernie Moore, Mrs. C. F. Elliott and Mrs. J. A. Moore enjoyed a motor trip to San Antonio and Austin and other points last week.

There was a big dinner in the home of Mr. and Mrs. Dee Little Sunday, eliminating a home coming event in honor of Mr. and Mrs. S. B. Webb. There were 60 souls present including children and grandchildren, 40 of whom were present of the latter. And it was truly a pleasant event.

It took lots of dinner to fill 60 happy, healthy people, but there was plenty and to spare, and the table was laden with all kinds of good eats. It's declared by those

Brooklyn Indians

Looks like a scene from underneath the western stars but it's just a couple from a colony of more than 300 Mohawk Indians who make their homes in the Gowanus section of Brooklyn, according to an article in the July issue of Cosmopolitan magazine. They meet frequently to discuss tribal affairs in their native tongue. Most of the "braves" are structural steel workers who make wampum at the rate of \$2.25 an hour. Where do they get that stuff? "Lo the poor Indian!"

John A. Burchfield, brother of R. Burchfield of this city, is reported convalescing after surgery in a Baird hospital.

Mrs. G. Q. Armstrong and daughter, Gwen, of Fort Worth are visiting her mother, Mrs. Hattie Gray and Verda.

Who have the privilege of being present.

Hillard Hill motored to Comanche Monday for his wife, who has been visiting there.

MRS. OZELLE SIMMONS FUNERAL HELD JUNE 14

Mrs. Ozelle Simmons, former resident of this city, died at the home of her brother, W. H. Gravett, in Madisonville on June 13 after an illness of more than a year.

Funeral services were held June 14 and interment was made in a Madisonville cemetery.

Survivors include one son, Ernest Davlin of San Antonio, recently released from the Army; and two brothers, both of Madisonville.

Mr. and Mrs. Tom Burk visited in Abilene Friday of last week.

Ice Cream Party Fetes S. S. Class At Smith Home

The Young People's Class of the
 local Methodist church enjoyed an
 ice cream supper in the home of
 Miss Lyla Lee Smith last Friday
 night with twenty members pres-
 ent. Lawn games were played dur-
 ing the evening.

The class, according to Garland
 Smith, publicity director, continues
 to grow in number from week to
 week and he urges all young people
 of the community to go to the church
 of their choice each Sunday, and
 those not at present affiliated with
 any church are particularly request-
 ed and invited to attend the young
 peoples class of the Methodist
 church, where a warm welcome is
 assured.

At the picnic the class will op-
 erate an ice cream concession, pro-
 ceeds to go toward class and church
 improvement.

The week following the picnic,
 the class is looking forward to
 an outing at the Brownwood Lake.

Dr. Cox Gives Advice On Bites By Rabid Animals

With a sharp increase in the num-
 ber of persons being bitten by rabid
 animals in East Texas, and similar
 occurrences reported in other sec-
 tions of the state, Dr. Geo. W. Cox,
 State Health Officer, recently warn-
 ed all Texans to be on the alert
 for symptoms of this disease when
 around domestic or wild animals.

The 2,106 animal heads received
 for examination by the State Health
 Department during the past year
 have shown 687 positives, includ-
 ing incidence among cats, dogs,
 horses, rabbits, rats, squirrels,
 skunks, guinea pigs, coyotes, go-
 phers, raccoons, hogs, sheep and
 prairie dogs.

Rabies is transmitted to man th-
 rough a bite or having a cut ex-
 posed to the saliva of a rabid animal.
 Bites through clothing are not as
 dangerous as bites on exposed sur-
 faces, because the saliva is wiped
 off as the tooth passes through the
 cloth.

If a person is bitten, the offending
 animal should be penned, if possible,
 for a period of ten days observation.
 If the animal is normal at the end
 of that time, the case can be dis-
 missed. If it is necessary to kill
 the animal, this should be done in
 such a manner that the brain is not
 destroyed, otherwise, an examina-
 tion to determine whether or not
 the animal had rabies will be im-
 possible. If the head is sent to the
 State Health Department, care
 should be used in properly fixing it
 to prevent decomposition.

MODERN MUTINY AND PIRACY ON PLAINS SCREEN JULY 21ST

Mutiny and piracy figure in RKO
 Radio's mystery-adventure drama,
 "Johnny Angel" starring George
 Raft, Claire Trevor and Signe
 Hasso. Raft, as Captain Johnny
 Angel, sets out to avenge his fath-
 er's death at the hands of multi-
 millionaires who get away with five mil-
 lion dollars in gold. He gets tangled
 up with Claire Trevor, as an ad-
 venturess, before he completes his
 mission and finds happiness with
 Signe Hasso in the role of a lovely
 young stowaway. Lowell Gilmore,
 Marvin Miller, Hoagy Carmichael
 and Margaret Wycheley are other
 players.

"Johnny Angel" will be at the
 Plains theatre one day only, Tues-
 day, July 23rd.

L. R. Pearson, a candidate for
 state representative, 107th district,
 was in town Friday of last week.

Electricity Works for Peanuts!

And if you aren't up on today's expressive slang,
 "peanuts" means a very small amount of money.
 Like your electric bill. It really is "peanuts," isn't
 it—compared to most other items in your family
 budget?

While the cost of most things climbed through
 the years—the price of electric service kept right
 on going down. Even in wartime, when practically
 all prices popped up, electricity actually became a
 few "peanuts" cheaper.

As a matter of fact, the average American family
 gets twice as much electricity for its money today
 as it did 15 years ago!

All of this goes to prove an important point.
 Sound business management—and experienced
 employees—together have given the American
 people dependable, low-priced electric service—
 the best and most in the world! You'll enjoy that
 service even more in the electric years ahead.

H. D. CLUB MEETS WITH MRS. STRAHAN JULY 10

The Cross Plains Home Demonstration Club met in the home of Mrs. O. D. Strahan on July 10, with Miss Loreta Allen, County Home Demonstration agent, in charge.

Demonstrations on preparation of fruit and vegetables to be stored in the frozen food lockers were given. Prepare foods for the locker as if you were going to cook them, stated Miss Allen, blanch vegetables the required length of time and cool at once in ice water, drain and pack, sealing in cartons. Take them to the locker as soon as possible, keeping them in the refrigerator until you do, Miss Allen advised.

To prepare fruits, heat the syrup and cool, pare the fruit and drop in the cool syrup, when cooled pack in cartons. If this procedure is followed the fruit will not be discolored when ready to use.

The Farmers Market

A CUSTOMER, says the dictionary, is "one who regularly or repeatedly deals in business with a tradesman or business house; a purchaser."

—but the constant usage of a word often robs it of meaning.

Let's consider—just what does a CUSTOMER mean to us and our store?

A CUSTOMER is the most important person we come in contact with—in person, by mail or by telephone.

A CUSTOMER is not dependent upon us and our store—we are dependent upon him.

A CUSTOMER is a person who favors our store—we're not doing him a favor when we serve him—he's doing us a favor by permitting us to serve him.

A CUSTOMER is not an outsider to our business—he IS our business.

A CUSTOMER is not cold steel—he is a person just like us—with feelings and emotions just like ours.

A CUSTOMER is a person who lets us to look after his needs—it is our job to serve him pleasantly and well.

A CUSTOMER is more important than money—without him our business would have no money.

A CUSTOMER is just as essential to the life of our store as sunshine is to your life and mine.

A CUSTOMER is thus the MOST IMPORTANT person there is to our business.

So let's each of us in the Farmers Market family say to ourselves—MY JOB TO SEE THAT EACH CUSTOMER IS SERVED PLEASANTLY AND COURTEOUSLY AND WELL!

FIRST PRIMARY

LARGEST CROWD IN HISTORY ATTENDED PICNIC HERE ON THURSDAY & FRIDAY

Acknowledged for being the oldest person present at the celebration was J. W. Newton of Cross Cut, now in his 93rd year. The prize for the person coming the longest distance to attend this year's picnic went to a lady from Los Angeles, Calif. The rodeo, Thursday, Friday and Saturday nights proved exceptionally popular with local fans, who are looking forward to another show of this type next year. All three performances were "top-notch" rodeo attractions. The string of stock, that owned by Goat Miller of Byers, Tex. gave an excellent account of and riders found staying atop-er than usual. Largest crowd of all was present at the first night performance, however, threatening clouds at the time had reduced Saturday night's audience by 50 percent. Mrs. Ross Wagner and sons, and John, visited in Albany day. Mrs. Wagner's sister, who had been visiting here, returned with her.
