# RED CROSS DRIVE GOES OVER

## CROSS PLAINS IS FIRST TO REPORT OVER THE TOP IN CALLAHAN

Everyone Given Opportunity To Help; Contributions Still Being Accepted

Cross Plains Citizens backed the boys on the fighting front 100 per cent last week when they passed the Red Cross War Fund Drive quota just three days after the opening of the campaign. Cross Plains was assigned a quota of \$1700. Its portion of the county quota which was \$6700. Although the goal has been met for Cross Plains, Mr. V. C. Walker, local chairman, states that the drive will continue in full force until everyone has had a chance to donate. Mr. Walker reports that he was in Baird on Tuesday morning and that Cross Plains was the first precinct in the county to turn in its full quota. Everyone, whether young or old, is urged to give to the Red Cross so that the life-preserving work of this organization may continue to serve our boys on the battle fields, in enemy prison camps, and on the home front.

## HUSBAND OF FORMER RESIDENT RECEIVES PROMOTION IN RANK

WITH THE 36TH "TEXAS" DIVISION OF THE SEVENTH ARMY, Frances—Staff Sergeant Hubert V. Jones, husband of Mrs. Doris Nell Jones, of Cross Plains, was recently promoted from sergeant to his present grade. His parents reside in Marshall, Tex. He is with the 36th Signal Company and has been in the Army and National Guard since October 1939. The local soldier's division was the first to land on the mainland of Europe in World War II. On the morning of September 9, 1943, the 36th Division, commanded at the time by Major General Fred L. Walker of Columbus, Ohio, stepped ashore at Salerno and in 13 days had established a firm foothold that was to lead to the bloody but successful Battle of Italy. Later they saw action at Mignano, St. Pietra, Mt. Magiore, Mt. Luino, Mt. Trocchio, Cervia, St. Ella and Castellone Ridge, all forerunners to the Battle of Cassino. The units most brilliant chapter was reached at Volturni, Italy. On a surprise maneuver they captured 5,000 prisoners with a minimum of casualties. On the 15th day of August, 1944, the Division made its second amphibious assault when they were one of the first units ashore on the French Riviera under the command of Major General J. E. Dahlquist. They participated in the drive up the Rhone Valley and played an important part in the encirclement of the German Nineteenth Army with other units of Lt. General Alexander M. Patch's American 7th Army.

## Commissioned In Philippines

Barney C. Klutts

WITH THE 43RD INFANTRY DIVISION ON LUZON, P. I.—One Japanese 47mm gun that won't bother American troops fighting in the campaign to liberate Luzon was knocked out without a struggle by Private First Class Barney C. Klutts, former Cross Plains boy. Evidently the Japs had abandoned the gun, Klutts said, because we didn't run into anybody when we sneaked in on it. That hand grenade really put frizz on the gun fair. Private Klutts' unit has seen the toughest opposition yet encountered in the Luzon campaign. They had to literally dig the Japs out of their dugouts in the jagged hills and ravines. His parents, Mr. and Mrs. W. C. Klutts, are residents of Cross Plains.

## 16th Anniversary Observed By Local Piggly Wiggly Store

On Sunday, March 4, the local Piggly Wiggly Store, owned and operated by Mr. W. D. Smith, observed its sixteenth anniversary. Mr. Smith went into business here on March 4, 1929, buying out the Browning Brothers, John and Matt, who operated their store under the famous Piggly Wiggly trade name. The same trade name has been attached to the store during Mr. Smith's management. Mr. Smith operated a general store in Pioneer during the boom years of '25, '26, and part of '27. One employee of the store, Mr. T. T. Nichols, butcher and meat cutter, also observed the same date as his sixteenth anniversary with the local store. Mr. Nichols was employed by the Browning Brothers at the time Mr. Smith became manager and has worked in this position continuously since that time. It is believed that this is a record that will equal any in Cross Plains. Mr. Smith states that he has enjoyed being in business here and believes that his time could not have been spent in a more friendly and appreciative community. He says that his business transactions have been unusually good and that during the past sixteen years he has done over a million dollars worth of business. We are proud of Mr. Smith and hope for him even greater success in the business world in the years to come.

## Luncheon Club Has Regular Meeting; 12 Men Present

The Chamber of Commerce and Business Men's luncheon club met in regular session Tuesday in the basement of the First Methodist Church with 12 men present. The meal was prepared by the ladies of the church. A report from the chairman of the three-man committee, appointed at a recent meeting, to meet with the Brown County commissioners court relative to the possibilities of getting the Cross Plains - Brownwood road state designated and get it paved. Prospects for the paving of this road are favorable, but it will not be done until after the war from all appearances. A short discussion was carried out in the interest of securing a piece of land suitable for an airport. A committee has been out on this project for sometime with very little being achieved, although interest is still high. Another idea expressed was the paving or hot-topping of Main Street which runs north by the school house. It was pointed out that this street was almost impassable in bad, rainy weather. The affirmative was given for improving this street and a committee was appointed to take this matter up with the City Council. A report on the Red Cross Fund Campaign was given by Mr. V. C. Walker, local chairman, and his report was to the effect that Cross Plains had gone over the top and was the first precinct in Callahan County to report over. The next meeting will be at the Baptist Church on Tuesday, March 19.

He is spending a 30-day furlough here with Mr. and Mrs. E. L. Vestal, where he had made his home for twenty years before entering the Army. He will report to Ft. Sam Houston, San Antonio, March 16.

## Mrs. Edd Henderson Receives Letter From Chaplain Overseas

The following letter was received by Mrs. Fannie Lee Henderson from Kenneth Littlejohn Hamilton, Chaplain of the infantry and reconnaissance intelligence company of which her son, Pvt. Edd Henderson, was a member. Private Henderson was reported as killed in Italy on January 12th. Dear Mrs. Henderson: It is with a great deal of regret and sorrow that I write this letter to you about the death of your son, Private Edd Henderson. Private Henderson's death which was instantaneous, was caused by a gunshot wound. A thorough and diligent investigation was conducted and not a single witness could be found to the shooting. He was buried in Northern Italy in a Military Cemetery with full military honors. Last rites were conducted by an army Chaplain of his own faith. I was very sorry that I did not know Private Henderson in a personal way. I did try to find out something about him from his comrades. His tentmates were very fond of him and they were very much grieved at his death. His company commander, Captain F. C. Lagano, spoke very highly of him and said that he was a good soldier who did his duty without complaint or murmur. His tentmates said he often spoke of his wife and family. Among his personal possessions were some religious books and tracts which I think serve as a definite indication of his thought in that direction. It is with deep regret that I write this letter because I realize that words are so futile and helpless upon such an occasion, and yet I am fully aware that things said in this letter will be some measure of comfort to you and your family in your great sorrow. May God bless you and may the comfort of the Lord uphold and sustain you as He alone can help. I shall remember you in my prayers. If I can be of any further help, please do not fail to let me know. Cordially yours, Kenneth Littlejohn Hamilton Chaplain

## Mailing Of Ration Applications Urged by Chairman Ashlock

An appeal to citizens of Callahan County to mail their ration applications to the local War Price and Rationing Board was issued today by Chairman Ashlock. It will suffice, he said to cross out the old license number and write in the new license number (1) on the face of the ration cover or holder, and (2) on the Mileage Rationing Record (Form R-534, stub). A deluge of inquiries about how to show the new automobile license numbers on gasoline ration coupons already bearing the old license number have been reaching the Callahan County War Price and Rationing Board, according to the Chief Clerk. A great many people seem to have the idea that it is necessary to scratch out the old license number and write in the new number on each individual gasoline ration coupon, the Clerk said. Word was received last week by Mr. and Mrs. Jim Cross that their youngest son, Pvt. Eugene Cross, had landed safely in Belgium. Prior to entering the service he spent 17 months in Great Britain with the United States Civil Service Department working as an air plane mechanic. Eugene is a graduate of Cross Plains high school where he was an outstanding football player. He entered the service August 4, 1944, and received his basic training at Tyler, Tex., and Fort Meade, Md. He is serving with the infantry. Pvt. Charlie Stone RECEIVES PROMOTION Word has been received by Mrs. Charlie Stone that her husband, Private Stone, has been promoted to the rank of private first class, and has also been awarded the Combat Infantry Badge. The badge is awarded for satisfactory performance of duty in ground combat against the enemy, and entitles the soldier to a \$10 per month additional pay. The badge is worn on the left breast above the service ribbon. Trade at Home

know that government agents were thick as hops in this field, and that it would be a volume Encyclopedia set full of them, but we did not get civilians, as well as government officials, were unable to get all the abbreviations and full Tuesday when we but in a conversation between a lady and a gentleman, (no name, please) Their conversation was to war and the boys and this lady has a son in the Pacific who occasionally comes over Japan in one of the 20s to drop chocolate bars. This lady writes her son and it seems that just the day the local postmaster had a lot of fun when he told her that the OPA had practically dizzy-headed but he knew that she would ever at the point where she had "OPA No. " on her instead of APO No. and that is exactly what she and her son had received. Mrs. Witt has been giving him some ribbing about this, so seemed to be very embarrassed and her face turned red during this course of conversation. She would not even attempt to put a word by word account, in all the emphasis the way because it would be utterable. You will have to get tell it to get the kick out of we did.

Why we cannot accept Loose Shoe Ration Stamps

O.P.A. rationing regulations prohibit all retail shoe dealers from accepting loose shoe rationing stamps except special stamps issued by the Office of Price Administration, or special stamps returned to you by your dealer for shoes that you have returned to him.

Do not accept from your dealer an ordinary shoe stamp for shoes you return to him. Request from your dealer a special shoe stamp issued by the O.P.A. for this purpose. You can then use the stamp returned to you wherever you choose.

The penalty for violating the above regulation by a dealer is a heavy fine or suspension from selling shoes for a period of time.

We quote below a paragraph from a letter issued by the District Office of Price Administration, Fort Worth, Texas, dated February 19, 1945:

"It seems that in some sections, the practice of accepting loose shoe stamps is appearing. We urge you to observe this regulation, and do not, under any circumstances, accept loose shoe stamps."

When in need of a pair of rationed shoes, be sure to bring RATION BOOK No. 3, Airplane Stamp 1, 2, and 3.

TOD NEWTON

On April 24, 1928 in Cottonwood, Tex., there was a son born to Mr. and Mrs. O. W. Newton, and was named Oran, but everybody that knows him call him "Tod".

He has gone to Cross Plains school for nine years and has made a great circle of friends since that time. Tod has been on the Buffalo football team for two years and wore the lucky number 27. "Tojo" as the basketball team call him has also been on the basketball team two years, and wore the number 16.

The Buffaloes have always come first but it seems as though Tod has caught his eye, as far as the girl are concerned, as little Jo Ann Dickey comes from that way. We hear they have up quite a case.

Tod has done swell in his class work and is going to be a big success. We all like him and wish for him the best of luck, always.

NEDRA HUTSON

Nedra is the daughter of Mr. and Mrs. H. H. Hutson of this city. Nedra is a blonde, or rather she was a blonde, it seems that she has taken up the fad of dying her hair. She is one of the large girls of the senior class, being 5 feet and 3 in. tall and weighing the whole sum of 95.

Nedra was Halloween queen this year, also vice president of the pep squad.

She has quite an interest in Carbons, also there's a little soldier overseas that is capturing quite a lot of her attention.

Everyone likes her and all in all she is one swell kid.

New Lettuce Is Called Slobolt

A new summer leaf lettuce called Slobolt has been announced by the Department of agriculture, and is already being increased by seed growers to make it available to gardeners. It will be listed in the 1946 seed catalogues. This new lettuce withstands midsummer temperatures without quickly shooting or "bolting" to seed. If plants are set 10 to 12 inches apart and only the basal leaves are used as they reach a desirable size, lettuce may be harvested from the same plants over a period of several weeks, making it a very desirable home-garden variety. Slobolt has frilled light green leaves that have the very wrinkled effect described as savoyed. The plants are of moderate size and the seeds are plump.

Sgt. I. B. Loving Compiles Interesting Sketch of Poetry

A letter came the past week from Mr. and Mrs. I. B. Loving, of City, from their son Sgt. I. B. Loving, Jr., which contained a sketch that was composed by him, that it might be of interest to our readers, we print it below:

Once, Peaceful Tarawa

What once was a peaceful, island, Upon the rolling, blue, sea, Felt the stings and horrors of modern war. In this conflict to keep men, The order had come, the hour had laid down, The men ready, were soon to tack, With one thought in mind, a victory to win, They knew they must never back.

In barges and boats they

toward shore, A determined will in each eye, Not knowing how strong resistance would be, Nor how many of their comrades would die. As land drew near, they sped for the shore, Into a wall of fire and screaming shells. What once was a peaceful, island, Turned red as their comrades bled, But onward they surged, thought still in mind, Their goal they knew they would reach, And at last, though many had died, A foothold they won upon the beach.

Through hours of "Hell" and

of strife, They expended the hold they won, At last, though the cost in lives was great, They heard, "Congratulations, job well done."

But this effort of men, a kind

of love, Was only one step toward a goal, A victory supreme over man's unclean, Who takes peace from a loving man's soul, But at last, when the flags of glory unfurl, Echoing the truths that we all love, Let us make sure that the price is paid, That forever it shall stay on our shores.

I. B. is well known here,

now stationed at Laredo Army Field as an aerial gunner instructor. He received his basic training at Denver, Colo., and advanced Florida.

TEXAN'S SHARE

This column was originated by the United War Chest with the idea to give Texan boys their fighting sons and to publicize the state's contribution to our forces and allies through the National Fund.

But, like every other column has an even greater duty, to its readers and to the nation, duty is to support every agency every activity that will help quicker victory and peace. For reason, this week's column is voted to that great humanitarian organization, the American Cross, which is conducting its annual campaign for funds.

Really, the Red Cross needs "selling" to the people of Texas. The United States, for all should know by now of the work which it does both at and abroad. A reminder the Red Cross drive should support every patriot should enough to assure its quick success.

There are three great humanitarian and patriotic efforts should receive the all-out support of everyone each year—the N side campaign of the National Fund each fall, the Red Cross in March, and the bond campaign throughout the year. To these three programs assure fighting men the service and port which they so richly deserve.

The funds being sought in the Red Cross will pay for flung operation during the year—operations which every American soldier, sailor, marine wherever he may be, given now will quickly be needed in services to our boys front, and even in ones-on-war camps. For it International Red Cross will live to our men in the enemy the food package man so much to the men in the barbed wires. Often these fellows mean the difference between life and death for American soldiers.

The Red Cross and National Aid, the great National Agency, cooperate closely in our men in enemy hands often work together in supplies. This cooperation initiated a great expansion view, at the same time any possible duplication of War Prisoners Aid, while supported through their County War Funds.

Sgt. I. B. Loving Compiles Interesting Sketch of Poetry

A letter came the past week from Mr. and Mrs. I. B. Loving, of San Antonio, Tex., which contained a sketch of poetry...

Once, Peaceful Tarawa

What once was a peaceful, island... Upon the rolling, blue, Pacific sea...

Not knowing how strong resistance would be... Nor how many of their comrades would die.

As land drew near, they sped for the shore... Into a wall of fire and screaming shells.

But onward they surged, thought still in mind... Their goal they knew they would reach.

And at last, though many had died, a foothold they won upon the beach.

Through hours of "Hell" and days of strife... They expanded the hold they had won.

At last, though the cost in blood was great... They heard, "Congratulations, job well done."

But this effort of men, a kind of own... Was only one step toward the goal.

A Victory supreme over an uncertain, uncertain, uncertain... Who takes peace from a peace-loving man's soul.

But at last, when the flags of glory unfurl... Echoing the truths that were never over.

Let us make sure that the peace is paid... That forever it shall stay in our shores.

I. B. is well known here, and now stationed at Laredo Army Field as an aerial gunner instructor. He received his basic training at Denver, Colo., and advanced at Florida.

TAKING SPECIAL TRAINING... Mr. and Mrs. L. L. Howser, Sr., is attending a two-week standardization course in Military Training at the San Antonio Center.

At the conclusion of this training period, students will be returned to their stations in the AAF Training Command for duty as specialists in their particular field.

The order had come, the battle laid down... The men ready, were soon to be taken... With one thought in mind, a story to win... They knew they must never back.

In barges and boats they sped toward shore... A determined will in each eye... Not knowing how strong resistance would be... Nor how many of their comrades would die.

As land drew near, they sped for the shore... Into a wall of fire and screaming shells... What once was a peaceful, island... Turned red as their comrades' surf.

This column was originated by the United War Chest with two principal aims—to give Texans news of their fighting sons abroad, and to publicize the state's great contribution to our forces and their allies through the National War Fund.

That duty is to support every agency and every activity that will help bring quicker victory and peace. The funds being sought now by the Red Cross will pay for its far flung operation during the coming year—operations which reach every American soldier, sailor and marine wherever he may be. Dollars given now will quickly be converted into services to our boys on every front, and even in enemy prisoner-of-war camps. For it is the International Red Cross which delivers to our men in the hands of the enemy the food packages which mean so much to the men behind the barbed wire. Often these food packages mean the difference between life and death for Americans captured in battle.

The Red Cross and War Prisoners Aid, the great National War Fund agency, cooperate closely in serving our men in enemy hands, and often work together in delivering supplies. This cooperation has permitted a great expansion of services, at the same time avoiding any possible duplication of effort.

SUBSIDY PAYMENTS ON HOGS CUT TO 50 PCT. FOR SOME SLAUGHTERERS

AMARILLO, Feb. 21—Non-federally inspected slaughterers will not be eligible to subsidy payments on more than 50 percent of weight of hogs on which they collected payments for the corresponding period last year, Dan L. Boyd, District Representative, has announced.

Previously WFA had announced this weight would be limited to 70 percent but it has become necessary to reduce the percentage to 50 effective February 20.

This new action is intended to channel hogs into federally inspected plants where pork will become available for procurement for military and war services.

During current month, slaughter of hogs under federal inspection has dropped 46 percent of the same her slaughterer a year ago. Despite substantial reduction in total marketings, this indicates an increase in slaughter of hogs in plants not under federal inspection. Because non-federally inspected pork is prohibited in interstate commerce, this is causing unequal distribution of civilian supplies, as well as a decrease in quantity available for our armed forces, Mr. Boyd said.

our men in enemy camps with recreational supplies, sports and athletic equipment, study courses, books, games, medical supplies and scores of other items designed to help them while away the long prison hours and avoid the dread "barbed wire fever." In addition, its neutral agents undertake to look after the spiritual welfare of the men.

The Red Cross does an equally vital job in providing prisoners with food, medicines and other supplies necessary to life. Its services are so vast that every American should feel a personal interest in the Red Cross, and in its annual drive for funds.

All Texans should "Give a Texan's Share" to the Red Cross, just as they gave so generously to the recently-completed campaign on behalf of the National War Fund. In surpassing all big quota states in that campaign, Texas proved the generosity of her great humanitarian heart.

The Lone Star state should do no less in the present campaign for the American Red Cross!
