LARGE CROWD IS EXPECTED TO GATHER AT CITY PARK

The Callahan County Pioneers Reunion is scheduled to get under vay this morning (Friday) at the Cross Plains City Park, for their first reunion in four years.

This year's reunion will be the first one since 1941 when the Pioneers held their meeting at Clyde with aproximately 3,000 people in attendance. A rough estimate would place this year's crowd at between two and three thousand. Callahan Pioneers held their

first reunion on August 14, 1936. About 450 old settlers who came to this county prior to 1890 registered during the day, and badges bearing the date of their arrival in the county were pinned on them. The idea of organizing a Callahan County Pioneers Association was hatched out one day in May, 1936, when Mrs. L. L. Blackburn and Miss Eliza Gilliland, then editor of the Baird Star, were talking on the subject. Miss Gilliland ran a short notice in the Star that week asking all interested persons to attend an organization meeting at the courthouse on the following Saturday. It is needless to say that

the meeting was a success. At the last meting of the Piogreat crisis, and when time came for the reunion in '42 the whole world was engaged in war. The in '42, '43, and 44, but it was decided to hold one this year, and Cross Plains has been honored by

REA CO-OP MEMBERS!

ATTEND the annual meeting of membership of YOUR Rural Electric Cooperative at Lake Eanes Park, Comanche, Texas, beginning at 11 a. m., Saturday, August 18,1945. Two directors are to be elected, important changes in by-laws are to be voted upon and other important business to be discussed. Light refreshments will be furnished by the Co-op at noon-members are asked to bring basket lunches.

HON. SAM RUSSELL

CONGRESSMAN, 17th DISTRICT Will Speak at 1 o'clock

ATTENDANCE PRIZES WILL BE AWARDED

An interesting and instructive program is planned. Copies of the program and the resolutions to be voted upon will be mailed all members in the next few days. WATCH YOUR MAILBOX FOR THIS MATERIAL!

Come one, come all, this is YOUR meeting!

COMANCHE COUNTY ELECTRIC COOPERATIVE ASSOCIATION

Your REA Cooperative, Serving Comanche, Brown, Eastland, Mills, Callahan and Stephens Counties

Welcome Pioneers To Your 1945 Reunion At Cross Plains City Park

We welcome this opportunity of greeting the Pioneers of this section . . . and expressing our sincere apreciation to the hundreds of satisfied customers that we have in Callahan County and trade territory. Our traditions date back to the early days but . . . we here at the Citizens State Bank try to keep abreast of the times . . . and your confidence tells us that we are!

May our county's future be even brighter than the past has been. Further progress depends on all of us, not upon those who have gone on before. Surely, if we follow the example that has been set . . . progress in Callahan County will continue to grow and grow!

May we continue to serve you?

"ENEMY TO DIRT"

AGAINST RISING COSTS

The last generation has been the most important in the

history of electricity and worth ringing the bell for, be-

cause it's during this last era that the use of electricity in

America has become so popular, so widespread, so use-

It's during this last historic generation that most of our

electric appliances have come into common use-electric

refrigerators around 1925; radios around 1930; electric

washing machines and vacuum cleaners in the early twen-

ties; electric roasters and clocks around 1932; and so forth.

Their economical use has been made possible through the

lowered price you pay for electricity. For it's been during

these same years that the price of your electricity has been

coming down and has stayed down, even in wartime. For

example, if you're the average user of electricity, you are

now getting about twice the electricity you got fifteen

This taxpaying, business-managed company is proud to

have brought you these benefits at a lower and lower cost.

Only by hard work and farsighted planning have we been
