> **Canada Fights** COUGHS or Bronchial Irritations Due to Colds

This New Amazing Way

By far the largest selling cough medicine in all Canada is Buckley's CANADIOL Mixture now being made in U.S.A. Compounded from rare Cana-dian Pine Balsum (by a secret process) Buckley's is entirely different from anything else you ever tried. It's extra fast for Dad—yet gentle and mild for Mother and the little ones. Get a bottle oday—take a sip or two then swallow souther and the little ones. Get a bottle today-take a sip or two then swallow slowly, instantly you feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasm eases. Right away it loosens up thick choking phlegm-opens up clogged bronchial tubes - makes breathing easier. You can get Buckley's at all good drug stores.

(To be continued)

Entertain with a valentine dinner, Friday, Feb'y 10th. Honored guests were Supt. and Mrs. Olaf South, Mr. and

Mrs. Bailey Johnson, and Mr and Mrs. Hugh Smith. Wenona Meredith and Rena Mae Dean were appointed to act as hostesses. They were assisted by Wanda Brame, Marnell Brown, Louise Denny, Lucille Haile, Betty Holder, Nodine Morris, Oma Ruth Reese, Maurice Reynolds, and Mary Lou Wilson.

On Friday evening they had a party in the fool's laboratory on Feb'y 18th.

This was in lieu of a hike which bad weather vetoed.

The Chapter held their regular meeting Feb'y 18, with the President Claire Jo Hicks in chair.

After a business session, the meeting was turned over to the program chairman, Carol Ivey. The following topics were discussed, by the girls .-Frostbites, By Mamie Chatham; Snakebite, Louise Faircloth; Digestion, Sue Edwards, Hysteria, Hazel Lawrence; Heartburn by Nell Simpson; Broken arm, Virginia Steven-

We then watched the "Washing of a sweater" demonstrated by Charlotte Brown and Corrine Glover. Then pamphlets on the wasing of sweaters were handed out.

		THE REAL PROPERTY OF THE PARTY			

has helped destroy a lot of America's old illusions. Gone are the ideas that all South Sea beauties look like Dorothy Lamour; that all Englishmen wear monocles and all Russians whiskers. Gone is the idea that freeenterprise is some vague theory for the guy in the big city to worry about.

.....

Wherever you live ... on Main Street, Park Avenue, or RFD No. 4 . . . you are vitally concerned with the continuation of this American system.

The grocery, the millinery shop, the corner drug, the hardware store, the hamburger stand, the score of other businesses which make up your Main Street, the farm on RFD No. 4, the

ranch in the south end of the county ... all of them, like your local electric service company, are products of business management under the system of private enterprise.

PRIVATE ENTERPRISE--the right of every American to work when and where he wants, within reason; to enter any business or profession; to create, produce and benefit by bis own success.

West Texas Utilities Company

Postwar casualty ?

WILL YOUR CHILD be a victim of this War-after it's over?

Will she grow up in a depression-ridden, poverty-stricken, half-sick country that never recovered from the War?

Or will she grow up in a strong, healthy, prosperous America that offers every girl and boy the best education, the best job, the best chance to make the best living in all the world?

It's up to you. It's in your hands -now.

So--buy War Bonds-now. All you can. Hold them until the date of maturity. Let them bring you \$4 for every \$3. Keep saving-and keep the money you save!

For if all of us do that, this post-war America will be the finest place in the world for your child-and you.

to peel a potato?

for your gas range

CARE

Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats. * * *

Wipe off spilled foods at once, with dry cloth. Later when range is cool, clean with damp cloth. * * *

To clean top burners of aluminum or enamel, use mild soapsuds; rinse and dry. (Do not boil in soda solution.) * * *

To clean broiler grill, let cool before washing with soopsuds; use fine steel wool. (Remove grill and pan from the range, as soon as food is taken off.) Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.) * * *

The oven-lining will last longer, if you roast meats at low temperatures (250° to 325°). It makes better tasting meat, besides, and also cuts down grease-spatter on oven-walls.

To clean up spill-overs on oven-floor, let cool, and then use a fine steel wool.

* * *

If you are a regular listener each Tuesday and Friday to our Home Economics Director, Albertine Barry, on TAA and KRLD, you know the patriotic way is NOT AT ALL. For these Lone Star radio programs are packed with such food and nutrition information.

If potatces are pecked before cooking, much of their food value is lost in the cooking process. In cooking potatoes, boil in covered utensil in just enough water to cover them or bake in hot oven (450 degrees).

In cooking potatoes, or any other food on your gas range, remember the range should have the best of care. Today it can only be replaced under very rigid wartime regulations. Our home economics department offers the suggestions in left column to help you.

LONE STAR GAS COMPANY

THE GAS RANGE OF TOMOR-

ROW is being planned today for you by the Gas Industry. When the war is over and the peace is won these miracle ranges will be available. In the meantime, keep on buying more war bonds to hasten victory.
