

# THE CROSS PLAINS REVIEW

VOL. VII

CROSS PLAINS, TEXAS, FRIDAY, SEPTEMBER 22, 1916.

NO. 29

## COUNTY INSTITUTE HERE

The Callahan County institute will be held here, commencing Monday, November 13, and lasting until Friday of the same week. This will be the biggest affair ever held in Cross Plains. Between eighty and ninety teachers and speakers are expected to attend. Supt. Settle is making an effort to get some of the most noted educators in the Nation for this occasion, such as the commissioner of education, and State Superintendent Doughty, and Mr. Fout, a noted writer on rural education. The town will have to bestir itself to entertain these people, the teachers, who are among the best people in the world.

## THE PRICE COUNTS

On account of our low prices business in our domestic, outing, gingham, and dress goods department has increased fifty per cent over this time last year.

## THE RACKET STORE.

## A CARD OF THANKS

I wish to thank those who so kindly permitted us the use of their pianos in the recent revival held at this place, together with those who played them and other instruments or sang in the choir. I also wish to thank Mr. Shackelford for his kindness in furnishing the lumber out of which to make the platform, as well as The Higginbotham Trading Co. and Mr. Rutherford for the use of their chairs in seating same. To one and all who assisted in any manner whatever either by word or deed we desire to express our appreciation.

Mr. Editor, permit me to correct you on the number of conversions and reclamations. You stated in last week's paper that we had some twenty-four whereas we had thirty-four. Thanking you for space,  
A. D. Jameson, P. C.

## ATTENTION WOMEN

Mrs. E. M. Barrett, an expert on domestic science and home economics of the Department of Agriculture, will lecture to the women in Cross Plains to-day, Friday at 2 p. m. All that can will do well to hear her. She takes the place of Mr. Bentley who was to have been here.

## CROSS PLAINS COMMERCIAL CLUB RE-BORN

The Cross Plains Commercial Club that has been re-born—rejuvenated—re-worked—re-made—transfused—into the Cross Plains Business League that is. All this took place Tuesday night at the Bank of Cross Plains where about a dozen men met in pursuance of a call of a few at a meeting last Friday. C. S. Boyles was elected president and C. C. Hampton secretary-treasurer. The league will meet twice a month on first and third Tuesday nights. A great deal of enthusiasm was manifested, and much good is expected to result. Questions of vital interest to the town and community are constantly arising, and without a regular meeting of the business men they remain unanswered and untended to. The very hearty co-operation of the farmers with the league is asked.

## FARM & RANCH NEW PRICE

From this date on subscriptions to Farm & Ranch will be taken for two years only; the same has been done with Holland's for some time. But you now get it for two years for \$1.00. The publishers state that on account of the increased cost of news print that these prices may be advanced any time. They have advanced the price to agents. Subscriptions taken to either Farm & Ranch or Hollands for two years for \$1.00, or either for two years and The Review for \$1.85. Farm & Ranch and Hollands two years each and The Review one year for \$2.75. Phone us your order. No. 61.

Claude Harrell left last Wednesday for Brownwood where he will attend Daniel Baker College.

## SHIPS CATTLE

Bluford Webb Saturday shipped a carload of cattle.

## THE BUSY BEE

from RUTHERFORD. A fall stock at the right price.

Benjamin Franklin

This great American statesman, who stood with George Washington in the Revolutionary war, was

the son of a poor Boston soapmaker. He started in the printing business for himself in early manhood, worked hard, lived frugally and saved his money. He had plenty to live on when old age came.

Take your cue from Franklin. Join the legion of people whose savings are growing in our bank. Enjoy the satisfaction of watching the pennies become dollars and the dollars hundreds.

See your fortress rise against the possible attacks of sickness or misfortune. Lay the foundation with a part of this week's earnings.

Multiply your money in our care.

### BIG DEBATE 27TH

A debate to last six days has been arranged between B. W. Dodson of Plano, Methodist, and Elder Charles Nichols of Church of Christ, beginning Wednesday, September 27. These men are both said to be well posted in the doctrines of their churches, and an interesting time is expected. All points of differences between the two churches will be covered. Day and night sessions.

## Give Your Neighbors a Lift

Reciprocity is the life of trade. Drop in and spend a dollar with your neighboring shopkeepers. It KEEPS THE MONEY IN TOWN. Money spent in town helps the town. READ THE HOME PAPER.

### 100 per cent Net Profits

Any silo will pay 100 per cent NET PROFIT its first year no matter how poorly it may be constructed. Where good methods are used and more permanent structures are built, they frequently pay over 100 per cent, and the gain every year thereafter is absolutely a net gain. The Coon's "All Heart Cypress" is this good method and permanent structure. Every farm should have its silo—even if it had to go to the bank for the money to buy it with and the bank should not hesitate to extend the accommodation, but we extend these accommodations where they should be wanted. So if you would like to have a Coon's "All Heart Cypress" silo put up, for your fall feed, we are at your service.

## TO THE PATRONS OF THE SCHOOL

I desire to take this means in earnestly requesting each patron of the Cross Plains school to meet with me at the school building on Friday night, Sept. 29, and hear the discussion of the application of the new compulsory attendance law that goes into effect this term of school. I want to assure you that it shall be to your interest to understand the law. There are other matters that I desire to consider with you. We should not as teachers and patrons of the school be satisfied until we have assured to each child that kind of education necessary for the proper performance of duties of citizens. Bear in mind, that the first duty of every citizen of a democratic state, certainly it to provide equal and full opportunity of education for all its children. Will you work with me in securing this advantage for your child? I shall expect you to be present and talk this over with you. Respectfully submitted,  
H. L. Gantz.

## OIL MAN HERE

Geo. H. Boileau of Pittsburg, Pa., interested in or representing oil companies, has been here since Friday. Mr. Boileau has an oil map of Texas which puts this immediate section on a line with other good oil and gas fields. He went west of town Tuesday, and says that he believes that the prospects for oil around Cross Plains is good, the conformations of the soil and other indications being very similar to those of the Oklahoma fields. He says he has not been able to lease lands because of other leases already existing.

## AN ENTHUSIASTIC SCHOOL MEETING

The school board met last Friday afternoon with all but J. A. Atwood and R. P. Odom present. H. L. Gantz and A. F. Chalk, superintendent and principal, were also present. It was decided to give Mrs. Chalk the vacant place in the school, her work to commence with the beginning of the school. She is to have charge of the Latin work, besides her regular grades. It was moved and seconded that a barrel of special oil be bought to put on the floors and walls of the building. Wilbur Williams has the contract for re-screening the windows and otherwise repairing the house in order to securely lock it. Mr. Gantz signified his intention of having a public meeting on Friday night before the opening of the school when he will discuss the compulsory attendance law and other things of interest to the public. G. B. Swan brought in a list of subscriptions on the purchase of laboratory equipment, aggregating nearly one hundred dollars.

## AUGUST COTTON REPORT

There were two hundred twenty-five bales of cotton ginned in Callahan county in August this year as compared with twenty-six in August last year.—S. E. Webb,  
Agent of Bureau of Census.

## SELLS FARM

O. D. Morrow has sold his farm about ten miles west of here to Dave Hargrove of near Cottonwood, and will seek his fortune farther west. The place consists of 300 acres and the consideration was about \$22.00 per acre. The land is the very best in the country. We are sorry to learn of Mr. Morrow's intention of leaving us.

## A Large Line of Beauty Aids

Every woman wants to be as attractive as possible. And it's perfectly right that she should be.

Actresses are more envied and admired, perhaps, than any other class of women. Yet they are not always the most beautiful.

They attribute their charms in a measure to the regular use of good creams, lotions, etc.

We have a line of the latest and most effective beauty aids, perfumes, etc., to please the most exacting.

Mongoose Rat-Catcher. Accidentally I found the chemist's method of dealing with the rat. His shop was—one presumes—full enough of poison to send the whole street to the cemetery. But he pinned his faith to a small animal, which was taking a siesta on the best chair. A mongoose, he explained, as he carefully stroked its tail. Now how many mongooses (if that is the plural) are required to deal with how many rats? And where do you get a mongoose, and what do you feed him on—if he wants anything but rats?—London Chronicle.

## Don't Think A Modern Windmill Looks Like This

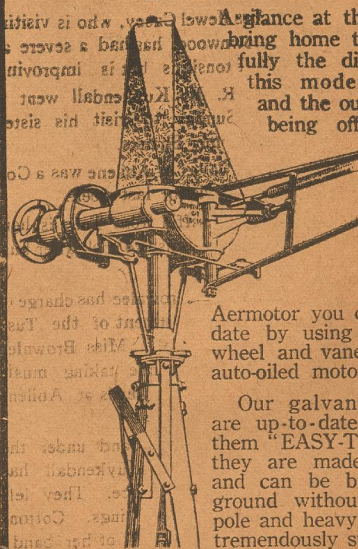

The same kind of ingenious, inventive ability that has perfected the automobile, flying machine and submarine has been at work on the windmill.

You would not think of buying an automobile with the transmission gears uncovered and exposed to dirt and water. Nor would you buy one which required that each bearing be oiled separately. We simply urge you to use the same good judgment in selecting a windmill.

There is ONE, but ONLY ONE, thoroughly modern and up-to-date windmill.

You will find in it every feature which you know to be desirable in a windmill. It runs in the lightest part, it is strong and durable, all working parts are inclosed and flooded with oil from the supply in the gear case. The oil supply needs replenishing only once a year. The brake and furling device are simple and effective.

Glance at this illustration will bring home to you very forcefully this modern wind motor and the out-of-date windmills being offered for sale. If you have a mill of another make it will pay you to replace it, on your old tower, with an Auto-Oiled Aermotor. If you have an Aermotor you can bring it up to date by using your old tower, wheel and vane and installing an auto-oiled motor.

Our galvanized steel towers are up-to-date also. We call them "EASY-TO-BUILD-UP," as they are made in 7-foot lengths and can be built up from the ground without the use of gin pole and heavy tackle. They are tremendously strong.

Progressive windmill dealers in every locality are taking up the sale of the Auto-Oiled Aermotor. Ask them about it or write us direct for fuller information. Aermotor Co., 2500 West Twelfth St., Chicago, Ill.

## You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands, and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

# GARDUI

## The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and I eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

## THE CROSS PLAINS REVIEW

FOUR ISSUES CONSTITUTE A MONTH  
CROSS PLAINS, TEXAS.

We club The Review with all papers and magazines.

This is not the rainiest country in the world or in Texas; every man knows that. If you don't think that we will have a great deal of rain this fall and winter, you had better get your land in condition for sensible and so-called dry land farming. You had better put a good mulch on top of your soil to catch and hold all the water that falls. Those that well prepared their land last fall are reaping the benefits now. Don't expect much rain; all signs fail in dry weather.

Eggs are higher now than we have ever known them this time of year. Infertile eggs are quoted at 17-1-2c to 25c in various parts of the State. egg clubs or no egg clubs. Hens and fryers are too high for newspaper people to eat. Whatever you do, see that you have a few hens around your place to eat up the waste feed. Hens will produce you something as salable as a bale of cotton, and this something, if a good market can not be found for it, can be eaten.

Don't be in any hurry about selling your cotton, especially if it goes down. Calvin Baker of Burkett says that he going to hold for better prices. Cotton nearly always goes down when it is forced on the market in the months of September and October. Of course conditions have been good for the gathering and the maturing of the crop, which has given the bears a good excuse to run the price down. But if there is much in the law of supply and demand cotton should be worth near twenty cents. The best authorities on the cotton situation say that the price should be high. But don't take what we say too seriously; we would not mind making but would hate to lose you money.

### THE PEANUT SITUATION

The DeLeon Free Press has taken the Texas Industrial Congress to task for reporting the condition of the peanut crop as too good. This paper states that the bulk of the peanut crop is produced in this the Cross Timbered belt of west Texas, and that the prospects here do not warrant by any means a high estimated yield this year. The present price isn't at all what it ought be. The Congress is doing an injustice to the peanut growers in its careless or untrustworthy reports, say this paper.

**Recipe for Popularity.**

All summed up, the little maxim, "Be nice to people and they will be nice to you," about covers the whole subject of popularity.

**A GREAT OPPORTUNITY FOR YOUNG LADIES AND YOUNG MEN**

The demand for telegraph operators is never so great as at the present time. The largest telegraph school in America—equipped with over a hundred sets of instruments, miniature train service, a train wire of a main line railroad, all telegraph and freight blanks and books of record; tickets, and in fact everything just as complete as found in the best equipped railroad offices, the best practical teachers to be obtained, thoroughly experienced in commercial and railway telegraphy, station and freight work—the Tyler Commercial College of Tyler, Texas is unable to supply the demands of the railroads, Western Union and Postal telegraph companies for operators. Just as surely as you complete our course of telegraph and station work, just so surely will we place you in a good position. The same is true where our course of Bookkeeping, Shorthand, Stenotypewriting and Cotton Classing or Business Administration and Finance is completed.

Write for free catalogue. Our telegraph students are on all the leading Southwestern roads, and in Western Union and Postal offices. Our graduates of other departments are holding high positions in the commercial world. With our help you can be a big success.

**CLOSING OUT OUR STOCK OF HOUSE PAINTS**

Lincoln pure white lead and oil paints regular price \$2.25 per gallon to close out at \$1.75. This paint cost to day \$2.07 per gallon.

**Flush the Stomach.**

Doctor Lewis says cold baths of the skin are good, but it is doubtful whether flooding the stomach on going to bed and on rising is not, on the whole, the most profitable form of cold bathing. Indigestion, and the legion of troublesome complaints that attend it, are uniformly relieved by this morning and evening cold douche. The quantity must be determined by each one for himself. Two or three swallows will do to begin with, but the quantity will soon grow to a tumbler full, and I have known persons to use much more with marked benefit. If advisedly managed, every dyspeptic will be greatly improved by this cold stomach bath.

**Extenuating Circumstances.**

In a Kentucky town in the edge of the mountains the crowd at the post office was discussing the latest homicide. Uncle Luther Williams, ripe in years and experience, approached the group, and someone turned to him. "Uncle Luther," he inquired, "how do you stand in regards to this killing yesterday? Don't you think something ought to be done about it?" "My son," said Uncle Luther, turning his quid slowly, "I'm plumb hostile to all killin's whatsoever. But if 'Bad Bud' had to kill somebody, it seems to me he was powerful discreet in the choice he made yistiddy."—Saturday Evening Post.

**THE NEW STORY "THE GRIP OF EVIL" Will Begin Next WEEK**

**Danger in Street Car Riding.**  
Physicians have decided that several forms of nervous diseases, sometimes dangerously severe, can be caused by persons standing up and holding straps while riding in street cars.

**To Remove Moisture From Cans.**  
No matter how good the quality of your coffee the beverage will not be up to the standard unless the coffee can be sweet and clean. I have found that by dropping a lump of sugar into the coffee can, after it has been thoroughly cleaned, and keeping it there until every trace of moisture in the can and keep it sweet and fresh. Of course, a fresh lump of sugar must be used each time.—New York Evening Sun.

**Second Choice.**  
It is reported from Pittsburgh that ferro-manganese has advanced from \$38 to \$1,000 a ton. Well, we'll just have to have the man stop leaving it and try oatmeal instead.—Cleveland Plain Dealer.

**HONOR ROLL**

J. L. Ferrell, a charter Review reader, paid us last week for this paper and Farm & Ranch. Those that stay with a paper are they that should be appreciated.  
Rev. S. F. Jones of Cross Cut, a new reader, has paid us fifty cents on subscription, which is appreciated. We expect to keep him, as very few ever quit reading their home paper.  
J. Lee Jones of Stephenville was here last Friday. He paid his subscription to The Review ahead while here. He says that he takes some papers that are larger than this one, but that The Review is his choice. Lee was here in the interest of some town property he still owns.  
W. T. Burns of Burkett last week paid us a "wheel" on subscription, and said let her keep coming.  
Owen Baum has paid some of the filthy lucre, in denomination a dollar. Owen and his brother, Jim are living together and hence he asked us to cut out one of the papers.

W. H. Lacy of Sabanno on Monday paid for twelve months subscription. He is an old-time reader of The Review, and his loyalty is appreciated.  
Mrs. R. S. Walker of Sabanno has given us a dollar for one years subscription for her son, Hoyt, who has gone to Chillicothe to attend school. She has our thanks.  
Cris Parsons Monday paid us for a year's subscription for his sister, Mrs. J. W. McCasas, of Pulaski, Tenn.  
S. R. Cade and family left Tuesday for their home in Lynn county, after visiting relatives here. Miss Amie will visit at Stephenville for a month before returning home. Mrs. Cade paid for The Review to come to her at Slaton, telling us to keep it coming.

Since our last issue S. H. Arrowood, R. C. Atwood, J. R. Willeford, and L. C. Duncan, all charter readers of The Review, have paid us a dollar each. The last three state that they have not, so far as they know, missed a copy since The Review made its entrance into this mundane sphere on March 4, 1910.  
J. I. Crass of south of town has paid us a dollar on his subscription, and the same amount on two Reviews he is sending to his brother and brother-in-law in Missouri. He says that this paper can, probably, tell them more about this country than he can in letters. They are thinking of seeking new homes, and he has hopes of interesting them in this section.  
P. P. Bond of Rockwood has sent us a check for one dollar on subscription. Parker is cashier of the

bank at that place and is doing nicely, so we understand.  
J. S. Connelly of south of Dressy has remembered The Review in his usual way, and at the usual time, with a dollar.  
Bud Strickland of Burkett has paid for The Review and Dallas News. Bud says that he finds The Review a paying proposition from the advertising alone.  
J. A. Pyle has paid for a year's subscription for himself and for nine months for his son, Earl, at Imperial. He states that Earl is well pleased with his work, and the class of people he is among.  
W. E. Clark of Sabanno is a new reader, and has our thanks for fifty cents on subscription last week. He takes the Dallas News with The Review.  
R. H. Pope of Burkett, Elbert Ezzell of Atwell, and L. P. Woods of Sabanno are new readers who have paid us fifty cents each on subscription, and have our thanks.

**There Might Have Been.**  
A Boston minister who always sanctimonious, psalm singing, professed Christians who have no real religion in their make-up a target for his wit. A little boy who heard him remarked after he returned home from the morning service: "Mother, I shouldn't have thought Doctor Blank would have spoken that way about Christians this morning. There might have been some of them in church."—Exchange.

**Just What Did She Mean?**  
Mrs. Jones was on a visit to her parents and wrote the following postcard to her next-door neighbor at home: "Will you do me a favor, while I am away? Will you put out a little food in our back porch every day or so, for the little stray cat I have been feeding? The cat will eat almost anything, but do not put yourself out."

**Worth Taking a Chance.**  
"Going to Smith's wedding?" asked his friend. "Not I," returned the other. "He cut me out with that girl." "Well, you may get a chance to biff him in the jaw with an old shoe!"
