CROSS PLAINS, TEXAS, FRIDAY, NOV. 22, 1912.

NO. 38

OUR TRADES DAY

Last Monday Was The Greatest Day Cross Plains Has Had Since Trades Day Was Instituted

That Cross Plains had her greatest Trades Day last Monday is conceded by all. It was the record breaker of the year. The streets were thronged with people from miles around, there being more people in Cross Plains that day than any other one day this year. To the advantage of the public most every merchant in town had some special bargain to offer in goods that they were in need of. Although this works a special hardship on the merchants in some respects yet it gives the trading public an opportunity to not only meet together once a month but to take advantage of special prices on these days.

The \$5.00 in gold offered for the best assortment of farm products from one farm was won by J. S. Erwin of the Sabanno country. This speaks well for that country and especially well for Mr. Erwin, as he had on display 42 different varieties from his farm. Also these specimens were all good well developed products. The \$3.00 cash prize for the second best assortment was won by our fellow townsman Mr. W. A. Hall whom we congratulate on having 34 excellent selections from his farm. The \$2.00 cash prize for the assortment coming the greatest distance was won by Mr. Nuff Arvin who lives three miles north of Cottonwood. We appreciate very much Mr. Arvin's coming this distance with the well selected assortment he brought.

John Pervis of base ball fame who lives at Atwell won the \$2.00 cash prize for tossing the base ball a little further than the nine ten other contestants. The winner of the poney race was Jess Arwood who won by a bare scratch over the five other contestants.

The large crowds seem to enjoy the amusements, as the streets were lined from one end to the other.

The next Trades Day will be December 16th, just ten days before Christmas and we are going to make it a Holiday celebration. We are going to specialize on the amusement feature this time and that you will enjoy yourself, the amusements will be in charge of Bill Gibbard who has had quite a deal of experience in this line. Don't forget this feature.

The full program will be in the Review in its issue of Dec. 6th and 13th—watch for it. Cross Plains is making a strong effort to show the people for miles around that they can do as well and often better by coming here than going elsewhere. Already people are coming here regular who have heretofore gone elsewhere because they did not know the really good market Cross Plains is.

Don't miss our next Trades Day.

Cotton checks are being deposited by the Farmers this Fall, more than ever before. This shows that they are fast learning the advantages of a good accommodating Bank. We are glad to see this. We want every man in our territory to have a Bank account with us, and pay his obligations by check, which comes back to him as receipt for the account paid.

WOODROW WILSON ON GOOD ROADS

President-elect Wilson in many public addresses has voiced his belief in the wisdom of National improvement of means of communication, and particularly of roads to which he specifically referred in his address at the American Road Congress at Atlantic City on that occasion saying among other things: "A Nation is bound together by its means of communication; and its means of communication create its thought."

"We must more and more engage the Government in providing the general facilities of the common life.

There is no breach in that of any of our older understandings of the functions of government. We have never doubted that these facilities which private endeavor has never been expected to supply. Therefore we are not upon a new ground of theory; we are merely upon a new ground of tactics.

"The question of highways is one of the few great instrumentalities of our public and our communal life with which the Government is of necessity connected. I see that we must do what we have been back-

ward in doing as compared with other Nations.

"I tell you frankly my interest in good roads is not merely an interest in the pleasure of riding in automobiles. It is not merely an interest in the much more important matter of affording farmers of this country and residents in villages means of ready access to such neighboring markets as they need for economic benefit, but it is also the interest in weaving as complicated and elaborate a neighborhood and State and National opinion together as it is possible to weave. It is of the most fundamental importance that the United States should think in big pieces, should think together should think ultimately as a whole, and I feel in my enthusiasm for good roads something of the old opposition that there always has been in me to any kind of sectional feeling.

"I believe that it is the proper function of the Government to see to it that the extension of all the varied modern knowledge about characteristics of different soils ought to be so extended, so carried everywhere to the farmer, as to build up by the aid of the Government this thing that feeds us, and ought to continue to feed the world and whenever you speak of that whenever you increase what the

United States is doing, you must immediately increase the facilities of the United States for handling what it has made after it has made it. You can not rationally increase the prosperity of this country without increasing the road facilities of this country.

EXTRA SPECIAL

OPENING OF PUBLIC SCHOOL MONDAY

The public school opened Monday morning in the auditorium of the new building under the most auspicious conditions, there being several patrons and more than 200 pupils present. The feature of the occasion was a number of enthusiastic, stirring short addresses by our patrons and friends—Rev. Carter, Rev. Crane, and Messrs. Hart, Boyles, Pearce, and expressions from each of the teachers. This promises to be a great school year, the pupils, patrons and teachers all working in harmony.

The following is the personnel of the faculty and in the order of the grades taught: S. E. Settle, Principal, Misses Jonnie Beard, Vina Gaines, Grace Cox, Myrtle Trantum, and Alice Floyd, all of whom are experienced, competent teachers.

Caddo Peak

We have been enjoying some more quietude.

We have had nothing for the last week or two that has excited our minds in the least.

Many of the Peak folks attended the trades day at Cross Plains Monday. They are entirely too many to name here.

I never saw such a large crowd at a trades day before.

Grady Respass has been employed as assistant teacher of the Caddo Peak school. He will begin teaching the 23rd.

Jesse Moore is attending school at Cross Plains.

Some folks try advertising like the Indian tried feathers. He took a single feather and slept on it all night. He got up next morning, examined the feather and remarked: "White man say feathers hard much soft. White man fool. Don't think that just one tiny ad will bring great results, but do it on a big scale."

We notice that D. Essy has a reporter (We are glad to have him in our jolly band of correspondents. It was some surprise to us, but we know not where a mushroom will spring up.

While at town last week, dogs killed eleven of J. B. Moor's nice hens. There was a dog killing next day.

While pulling off a stunt last Sunday Slim Jim had a smash up but was not injured.

Mr. Gillitts folks are gathering pecans at the Bayou.

J. A. Moore has marketed 1,870 lbs. pecans.

J. W. Mauldin moved to Burt Branch Monday.

J. D. Kirkland and Joe Crossland and families will leave soon for Jones County.

Information bureau studies questions a specialty, Slim Jim Prop., and Ruscicus Secretary.

THE CROSS PLAINS REVIEW

Review Printing Company

One Dollar a Year. Strictly Cash in advance.

Entered at post office at Cross Plains, Texas as second class mail matter.

FOUR ISSUES CONSTITUTE A MONTH

CROSS PLAINS, TEXAS.

Trades Day was about the greatest day ever. The next'll be better.

This is the season to set out trees, shade or fruit trees. Some of our people are busy at this useful work now. Let it the good work go on.

The long winter nights are approaching, those evenings that invite one to sit up and read until the "wee small" hours of night. If you don't have the reading habit, get it.

It is said that on Thanksgiving day 2,000,000 Texas turkeys will grace the American dinner table. In this connection we might add that the Cross Plains turkeys will on that day furnish repast for several thousand hungry mouths.

The Commercial Secretaries Association has tried to get us 2x4 country newspapers to enter the political field in an arraignment of Senator Culberson, but so far as we have observed their instructions have not been followed.

The public school has begun, and in the new building. There is nothing to prevent our having the best school year in the history of the town. The building when it is properly seated and heated will be all that we need, and we have a competent faculty.

There are candidates galore for post master over all the country since the recent election and all of course have always been Wilson men. A primary among the patrons of each office to determine who shall be post master, has been suggested and is taking well. The lower classes of the post offices have been put in the civil service, and some think that Wilson will favor putting the whole postal department under the civil service.

Rising Star seems confident that the Brownwood North and South railway will soon be built right through their city. This reminds us that an addition to the Star (or to Pioneer) was laid off in about 1906, or the strength of a road to be built from Brownwood, we assisting in the work of surveying the property and then investing in the same. We have since "divested" of it—Cross Plains Review.

Yes Rising Star has laid off several additions to the city and in each case the additions were settled up rapidly, except that addition named Cross Plains, and it seems that people wont settle there. They say they don't like it.—Signal.

All of which reminds us of a story that used to be told of Alexander H. Stephens, the illustrious Vice President of the Confederacy. Some statesman, meaning to joke him concerning his small stature, remarked that he could swallow Stephens whereupon Stephens remarked: You would have more brains in your belly than in your head. This story might apply if by any sophistry Cross Plains could possibly be made to come under the above cataloguing of the Signal.

Let farmers take life easier, work, recreation, study, all in proportion. That will make an all around man.

Bob Owens has moved his stock of jewelry from the City Drug Store to the Cross Plains Furniture Store. Mr. Owens went yesterday to the Star where he does work in his line.

Dressy Notes.

Dry and getting drier. Nothing to do but have a good time, rest from the years work of making and gathering our crops. We didnt have time to read any during crop time when we don't have to work we have to go to town, and that is worse than work but we will all be there next Monday. Came miss Trades Day. Health is still fine. No sickness at all and every one able to eat all they can get and then some. There has been some happenings since our last report.

Big increase in population. Born to Mr. and Mrs. Jim Miller a boy, born to Mr. and Mrs. Will Duncan a boy, to Mr. and Mrs. Hay a girl, to Mr. and Mrs. Armstrong a girl and you see one sex didnt get any the advantage of the other.

Well the move is still on Jim Taylor of Cross Plains will take Mr. Goodman place, George Baum moves to the Bayou, Alex Baum moved to Cross Plains, Harmon Fort to New Mexico Martin Jones to the Wiley Jones place Mr. Wheeler near the Peak, Mr. Beard to the coast, and Mr. Holland Bond took his place so you see we have lost about twice as many as we have gained; we are sorry of that fact but they will all soon come back and then they will be even better than before, but not better off financially. We wish them all good luck Mrs. Tucker has returned from a visit in Johnson county Mrs. William Niff is visiting the family of J. H. Johnson this week. Well I believe the boys are about all in from court and no one hung at all.

Have learned since we began writing that Bob Wheeler is very sick again, sorry to hear it Bob has had a hard time this year well that is all. We will all be there Monday.—Dressy Reporter.

From Burkett

Low Jennings intends going to Okla., having rented our his farm to his brother Leonard.

Misses Flora Upton and Zehna Harwell were shopping in the Plains Wednesday of last week.

Bert Harris and wife, and Mrs. Emmett Harris, Jr. visited Cross Plains Wednesday of this week.

Mrs. Rosa Cochran has returned from a several months visit at the town of Muskogee, Okla.

Well, Burkett's population was very perceptibly depreciated on Monday on account of the rush to attend Trades Day at the Plains. To give the names those who went from here were a hopeless task.

Grandma Wooten spent last week visiting friends at the Plains.

Bill Edmonson has recently sold above 50 head of turkeys at Cross Plains.—B. Frank Lin.

Move To Town

R. P. Odom and family have moved to their new home in the south part of town. Their dwelling has just been completed and is one of the most substantial and handsome residences in town.

Mr. Thorn has moved into his home in the same part of town, Mr. Alys having moved to the Roy Bond home in the north part of town. We are glad to have the citizenship of the town increased by the addition of these families.

District Court

The Grand Jury adjourned last Saturday. Only 12 indictments were returned, two felonies and ten misdemeanors.

The case of S. G. Swenson, charged with assault with intent to murder transferred from Shackelford County, verdict not guilty.

John Hurt, charged with unlawfully selling intoxicating liquor Verdict not guilty. Verdict not guilty under instructions of Judge Blanton.

A. G. Mobly vs Putman Mineral Water Co., and Dr. Milling, suit for damages. Verdict for defendant.

The De Asmond murder case is set for trial next Monday.

Court adjourned Wednesday evening until 10 next Monday.—Star.

Cross Cut Cursories

R. W. Pentacost and son have gone to Nolan county on business.

We are glad to learn that Charley Crosby and family are to move back from Nolan county.

Green Clark, Tom Davis and Jessie Bird made a trip to Brownwood this week.

Luke Clark, Lonnie Triplett, Russell Strange and family have returned from a trip east.

A. E. Willis and Jim Pickett have returned from a trip to Nolan county on business.

Mr. and Mrs. J. B. Carroll visited the Plains Saturday.

J. E. Harrell and son, Hub, left last week for their Brownwood home.

Stanley Gray and Hub Harrell have gone to Brownwood.

Hollway Raster and family left Monday for Childress county.

School is progressing nicely.

Nearly the whole community turned out trades day at Cross Plains. It would be easier to name those that did not attend than those who did attend. Hence we give no names.

Pick Rahn left Sunday for his old home at Florence. He goes on business and will be there several days.

Pioneer Pinings

As we have been absent about two weeks we will let you know how we are getting along.

Cotton picking and peanut harvesting are about over. Several carloads of peanuts were shipped from here this season. From what the farmers say this year is only the behind of the peanut industry in this part. School is going on nicely. Although the windows for the new building have not come yet we have the openings water proof and we are going ahead with the work. Professor Bellah remained at home last week to nurse his brother who has typhoid fever. Mrs. Parker taught for Mr. Bellah.

Quite an unfortunate tragedy happened near Pioneer last Saturday. It seems that Sid Hills health has been bad for several days and last Saturday he, in company with Mr. Sherrell and two other men started to town to see the doctor but before they reached here Mr. Hill became desperate and made an attempt to use his knife upon the men in the wagon. Two of the men escaped but Mr. Sherrell in trying to protect him self was badly stabbed. Mr. Hill also got cut on the face and neck. Mr. Sherrell is at Dr. Paynes and is doing very well.

Mr. Hill was taken to Eastland where he will be tried for lunacy. Both families have many friends who sympathise with them in their sad bereavement.

Rev. Kidwell has gone to the Annual Conference at Cleburne.

The Baptist Church here has called Rev. H. H. Summers of Abilene as pastor for this year. He will preach next Saturday night and Sunday.

BEAR IN CROSS CUT COUNTRY.

That a huge, dangerous bruin is running wild in the territory tributary to the Bayou Ann Turkey creek just south of Cross Cut, is the report brought in by Andy Hudson and Bob Westernman Wednesday night. They say the citizens are somewhat alarmed and that a posse has gone out on a bear hunt.

Andy and Bob did not see the bear but they claim they saw his track and reasoned that he was a big one, something like the Irishman who decided the snake was a monster because his track was so long.

Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Keary, Ill. "For nearly a year, I could not walk, without holding my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 163, and I am never sick. I ride horseback as good as ever. I am in fine health at 52 years."

TAKE THE CARDUI Women's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, herb ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.
