VOL.

CROSS PLAINS, TEXAS, FRIDAY, MARCH 31 1916.

NO. 4

A BIG RABBIT DRIVE

On Monday a number of men, would-be Nimrods, if you please, armed cap pie, went to the McDermett neighborhood where they were joined by kindred spirits in a big rabbit drive. The results were not as great as expected, only something over 400 being reported slain. A good dinner was served by J. C. McDermett to about 40 people. The territory covered embraced McDermett's, Noah Johnson's, Aiken's, Duncan's and Morrow's. A big time was had by all.

Gets Arm Broken

A. Hanke of the Comal neighborhood has had the misfortune to get his arm broken in an effort to crank Alex Allen's automobile. The crank slipped and struck his arm about half way between his elbow and fingers. He is doing very well.

Cross Plains Markets

Henry Thate, Sr., sold cotton here Tuesday for 12c. Cotton is not so common a thing on the streets as it was. Boydstun is shipping out or has shipped three cars of oats and one of wheat. Oats are bringing 40c and wheat \$1.10.

TEXAS COTTON GINNING

According to the Government report, there have been ginned to Mar. 20, this year 3,065,287 bales against 4,390,200 bales in 1914. Callahan county has a credit of 7,561 bales against 19,654 bales last year.

N. B.-H. B.'S

Miss Ida Mitchell was hostess to the N. B.-H. B. Club last Friday evening. Only a few were present as the weather looked so stormy, but those who went report a pleasant evening and the transaction of some business matters. At the close of the evening's work refreshments of whipped cream, bananas, and hot chocolate were served by the hostess. Each member is requested to bring a salad recipe next meeting.

NEED ROAD WORK

Commissioner Houston has a bunch of men at work straightening out and preparing to lay the Cottonwood road just this side and beyond the first bridge, which is about 1.4 mile from town. Immediately this side the approach to the bridge a culvert is to be put in and a grade to be built up, which will make a good passage over an otherwise low and troublesome place. Immediately beyond the bridge the road is to be widened to about 40 feet on the north, and then widened on the south side about the same amount to the next turn, which is to be cayed. No better piece of work, could well be done. That particular stretch of road is the sandiest between here and Baird.

SPRING SHIRTS

Just received shipment of spring and summer shirts for men and boys. See them before you buy.

Keep Your Money In This Bank

Vaults are Safer than Pockets

When your money is in this Bank, it is safe. It is at your disposal any time you want it.

When your money is in your pocket, it is easy to spend; is soon frittered away.

This is mighty good advice to the young man or young woman who is just entering upon a career. It is the advice that breeds SUCCESS in later years.

Mesdames Carson and Rutherford
At the Mercantile

C. S. Kenady of Peacock left here Tuesday for his home after a few days visit here on business and seeing friends. He also visited relatives in Cottonwood and Baird. Mr. Kenady says that he and his folks are so eager for The Review when it reaches them that he thinks he will have to have two to come to his address. His country is in fine shape and he expresses himself as being satisfied with his new home. His daughter, Miss Elizabeth, is clerking on the dry goods department of a mercantile company at Peacock.

SABBATH OBSERVANCE

As the christian religion is so largely dependent upon the way in which the Sabbath is observed by the people the pastors of the town have determined to preach upon the subject.

On the first Sunday in April at 11 a. m. Rev. S. P. Collins will preach at the Presbyterian church; on the second Sunday at 11 a. m. Rev. G. W. Thomas at the Baptist church; on the third Sunday Rev. J. W. Smith at the Methodist church; all upon this subject.

The hope is entertained that in this way all our people may become interested in the matter to the end that great improvement may be made.—The Pastors.

NO SUPPLEMENT

It is our honest opinion that The Review will not be able again to furnish the semi-monthly supplement we have been giving our readers. Our contract for this service was made in the best of faith, both on our part and on the part of the publisher, but on account of the postal regulations the privilege of the use of the mails at second class rates has been withdrawn we fear permanently. But we are going to give you the very best in the line of fiction to be had. Look out for our announcements.

Will the Germans get Verdun or will Pershing get Villa? That's what we have been interested in of late.

Every day farmers are bringing grain into town as tho it were the middle of summer. This is diversification on a scale that pays. Farmers in this country, at least a good many of them, are in no bad condition financially.

Don't believe everything you hear, especially concerning the punitive expedition into Mexico. President Wilson has asked the American press to be conscientious and sincere in publishing reports of this unusual and extraordinary expedition.

We have a letter from the Texas Industrial Congress on peanuts, in which it is claimed that the large peanut is adapted to the black soils, and that they can be profitably grown in these soils for feeding purposes, they being cheaper to produce than corn, and leaving the land in better condition. A bulletin dealing with the peanut can be had for the writing to the Congress at Dallas

Don't think you have a corner on knowledge. You might learn a little from as lowly an organ as The Review. The biggest dunce is the one who thinks he knows it all, or more than others.

Dabney White of Tyler has written to the press of the state concerning the danger of planting too many peanuts for a commercial crop this year. He states that the unusual prices obtained for peanuts and peanut oil are the results of or are made by the extraordinary high prices of cotton seed products, which are about twice as high as they were one year ago. He states that these high prices for cotton seed and the resultant high prices of peanut products will or may drop abruptly at the close of the war whenever that may come. It may pay to be on the lookout.

There will likely be a hard fight this year for the repeal of what is known as the Robertson Insurance Law. The Gibson Bill, one of the most prominent bills of the last legislature, was meant merely to take the place of the Robertson law. As we see it, and the question has been before the public for some time, the law should remain as it is. Governor Campbell refused to veto it when it passed the house during his incumbency as governor. Robertson the author of the bill now known by his name, was a life-long friend and a law partner of Governor Hogg.

What

F. P.

Shackelford

of Cross Plains

has to say about cream separators this week.

YOU will find the De Laval is the easiest and most satisfactory to use and keep in good running order.

There is nothing about the operation, cleaning, adjustment or care of a modern De Laval which requires expert knowledge or special tools.

There are no parts which require frequent adjustment in order to maintain good running or to conform to varying conditions in the every day use of a cream separator.

Only tool required

There is nothing about this machine that cannot be taken apart, removed or replaced by any one who can use a wrench or screw driver. In fact, the only tool which is needed for the operation of a De Laval Cream Separator is the combination wrench and screw driver illustrated above, furnished free with the machine.

We will be glad to have you examine a De Laval and see for yourself the simplicity and convenience of its construction.

Sooner or later you will buy a DE LAVAL

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for a gripe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

COTTONWOOD NEWS

It is getting pretty dry again. The rain helped some, but a few more days like Sunday and it will be all gone.

Methodist Quarterly Conference was held here this week with Rev. Ferguson of Abilene, presiding elder, present. Elaborate preparations had been made by the people here to entertain visiting people but the bad weather cut the attendance down considerably. Elder Ferguson preached a series of very interesting and instructive sermons. He is a very able man.

The Methodists have organized a Young People's Working Club. Judging from its membership it will bring things to pass in the near future.

Beginning next fourth Sunday the Methodists will have three services every monthly appointment.

The B. Y. P. U. has rendered two programs since its organization. Both were considered splendid. The membership increases every Sunday and interest in the Union is fine.

The bank has been newly papered and a nice room cut off for private business. When it is painted it will be an ornament to the town.

Next Saturday is trustee election day. Don't fail to come out and vote. You owe it to the school and to your community to vote for a group of men who will in your opin-

ion work for the upbuilding of educational interests in your community.

The Baptist Ladies' Aid Society meets at the church next Saturday evening. Special program, come out, it's free.

Ben Hargrove has just purchased a bunch of 53 yearlings. Ben is hustler, a good judge of cattle, and we predict a nice profit for him when he sells.

The candidates are stirring themselves, seeing the voters, giving them the loving grip, and looking happy and contented.

The automobile has ushered in a new day with the candidate. He formerly came in a buggy, put up his horse and stayed with his friends at each voting box for a day or two. Now, he comes down among us, stays an hour or two shakes hands with the sweaters, has a private conference with his campaign manager here, then "makes tracks" for other places. Temp's fugit so does the candidate in his auto.

Mr. Rafe Richardson of Sipe Springs is here on a visit again.

CURTIS DOTS

The rain that fell here last Thursday was appreciated by our farmers.

Miss Jo Pearle Witt of Gorman is visiting Miss Lou Kennedy.

W. W. Garrett and family who have been living in Stephens county the past winter have moved back to this community.

Dee Louderdale has returned from Ft. Worth where he attended the Fat Stock Show.

H. M. Hayes and Roscoe Kennedy were Nimrod visitors Saturday. Dick Wozencraft of Cross Plains is visiting Frank Woodell.

Mr. Brown has been very ill with pneumonia, but is reported improving.

J. E. Patterson and family visited Mr. and Mrs. Poplin of the Haskell community Saturday night and Sunday.

Mr. Murphy of Carbon had business here Saturday.

Bunn Stoker of Breckinridge visited G. F. Kennedy and family Wednesday.

Mr. and Mrs. Emory Lusk and little son Jimmie visited Mrs. Lusk's sister, Mrs. Hattie Rutherford of Scranton Saturday and Sunday.

Mr. Doughy and family of Stephens county visited at the Haynes home last week.

Roscoe Kennedy, Dee Louderdale, Byron Lusk, and Misses Myrtle and Nora Louderdale, Mae and Lou Kennedy and Joe Witt, attended the singing at Nimrod Sunday.

Uncle Berry Singletary is improving, we are glad to report.

Brown-eyed Bess.

GUNN GLEANINGS

Too late for last week

Dear Editor:—Did you know that war was over? Yes, it's over the border and over the seas, it's over the rebtety of the working man on his knees; it's over a game for dollars, hundreds of millions, more less, it's over the logical outcome of military "preparedness".

The frequent recurrence of the sand storms keeps us abundantly supplied with grit, but the grace and greenbacks are woefully lacking; which accounts for us not being drought-proof.

The water barrell seems to be displacing the plow, but no one has suggested that we pray for rain. Such a course, however, would be attended with as great results as to pray for peace in Europe.

W. N. Nunn had the misfortune to lose one of his horses last week. While those that have must lose, it's equally true, that the annual profit of the average farmer does not exceed the value of one good horse. Hence, it was a severe loss.

J. B. Jones is tanking this week. That's a sane idea indeed; we will have some rain by and by.

We are glad to report that Charli Stacy's baby which has been sick with catarrhal fever is much better.

You know, Mr. Editor, the wise ones tell us that it takes money and brains to run a newspaper, but my brief experience with a local newspaper, convinced me that a little "hot air" is an essential—hence this contribution.—Pendragon.

The DeLaval, the separator you will eventually buy.

A. Rudloff of south of town has bought a new Chevrolet car of Munsey and Alvis.

I will be back in Cross Plains by April 3, or 4, and will be ready to show by April 6.—F. J. Walderson, The Movie Man.

QUICK SERVICE at Tartt, The Tailor's

Ches Baum of Baird spent Saturday night to Monday morning in town. Ches is to leave in a few days for Hot Springs, Ark. where he will take a course in pharmacy.

Black Spanish Jack

A fine, black, Spanish Jack, owned by Jim Brown of Eastland Co., will make the season at Knight's Livery Barn, \$10.00 insured. See him when in town.—S. F. Knight.

MAMA, SISTER, OR THE BABY

can get the hat they want from Mesdames Carson and Rutherford, at the Mercantile. They have all kinds. (adv.)

BOYS KNEE PANTS

at special prices.

THE RACKET STORE

Parsons, Wooten and Bryson shipped a car of hogs last week. Parsons and Wooten have bought of Rev. W. E. Green of Sabanno a car load of Durocs, the finest bunch, so Mr. Parsons states, that they have bought. The whole bunch are of one color and pretty well of one size, making them almost alike. Uniformity in color and size in hogs is what is required to make them choice.

SABANNO NEWS GLEANINGS

The drought was broken last Thursday morning by a nice rain, and the farmers are wearing a smile that won't wear off.

Mr. and Mrs. Earle Shell of Cross Plains visited G. R. Erwin and family Sunday.

Dr. A. B. Leach and family of Moran were in Sabanno Sunday.

Henry Minnix went to Tuxedo Saturday on business. Ha! Ha!

Burney Shell of Waxahachie was a Sabanno visitor Saturday and Sunday.

J. W. Gage spent last week in Mineral Wells and says he enjoyed his trip fine.

Mrs. Fred Davenport and Mrs. J. W. Booth shopped in Cross Plains Saturday.

J. C. Harris and T. N. Minnix made a business trip to Rising Star last week.

Sabanno and Liberty's second basketball teams met in conflict on Liberty's ground, Saturday afternoon, score being 18 to 38 in favor of Sabanno.

Avis, the small child of Mack Walkers, was real sick the first of the week.—Temple.

For highest prices for hides, furs etc., see me.—S. C. Sipes.
