Cross Plains Stores To Close Monday For July 4th Holiday

Actually all Cross Plains business concerns will be closed all day Monday in observance of National Independence Day, July 4th, which falls on Sunday. The concerns, however, will operate on a Sunday schedule.

Several businessmen decided several years ago to observe four full days each year: July fourth, August 11, Thanksgiving and Christmas, and due to the fact that the custom has been followed a number of years it is hoped a closing schedule is sufficiently understood to inconvenience.

General Tuesday For David McAllister, 66

David McAllister, 66, died Tuesday at room at the Cox cemetery at Abilene. He was a native of Mrs. Ray Tyler of this city, who passed away Sunday at an Abilene hospital where he had been several days after suffering a heart attack. Rev. J. R. Gentry officiated at services.

Concert Postponed Due To Auto Mishap

Local band was unable to give the concert announced in newspaper last week for last evening at the Methodist church due to an automobile mishap which the director, J. E. Gentry, was involved. He is recovering from his injuries at the Cross Plains hospital. The concert will be held at a date to be announced.

BALLOTS ORDERED FOR JULY 24 ELECTION

Ballots were ordered by Chairman Hugh W. Ross to hold the first Democratic primary, July 24. This is to be the largest number of voters ever required for an election in Callahan county, how- ever, tax payments are at an all time high this year.

Cullen Robinson, Owner Of Rodeo Stock

Cullen Robinson, Weatherford rodeo contractor, who is to provide pitching stock for the third annual Cross Plains rodeo July 8, 9 and 10 has advised local ranchers and stockmen, who comprise the non-profit organization sponsoring the annual shows, his string of stock this year will be the wildest ever seen in Cross

Plains. Remembering how Robinson's Brahma bulls scaled six foot high fences last year, all corrals and arena fencing has been raised and reinforced.

Bronco Yet Unridden To Be Seen Here

With Cullen Robinson's string of rodeo stock being brought to Cross Plains is a salty, little bronco which has never

yet been ridden. Pictured above is the bronco, "Little Miss Muffet" unseating an ambitious cowboy.

Ol' Number 6 Makes Repeat Performance

The number six Brahma bull which delighted crowds at the Cross Plains rodeo last Summer

with his spectacular pitching will be among the animals being brought here this year.

Drouth Broken, High Water Forecast In Next 18 Months

Although it will take months to restore depleted turfs in pastures throughout the Cross Plains area, a year long drouth was finally broken last week by nearly three inches of rainfall. Virtually all streams in this section ran half-bank full or better and stock water supplies are more abundant than at anytime in the past 24 months.

Until last week's precipitation Cross Plains has measured only 3.58 inches of moisture this year, less than 25 percent of the normal catch. Crops were suffering noticeably and depleted ranges were causing local stockmen to seek distant pastures for their herds. It is estimated that thousands of cattle have been sold and moved from the Cross Plains area in the past two months which would have remained here had not the range situation been so poor.

Principal crop benefactor from the recent rains is peanuts. Vines

which were wilting in the protracted heat and high winds took on new life Monday morning and give promise of a better than average crop. Acreage in the Cross Plains area is about the same as last year, declares well informed observers.

S. F. Bond, official weather gauger for Cross Plains and unofficial forecaster, yesterday handed out one of his infrequent predictions of abundant rains in the offing. "The next 18 months will see plenty of high water and possibly some local flood damage," he declared.

Rainfall by dates this month has been: June 14, .42; June 24, .33; June 26, .66 and June 28, 1.50. Previous rainfall for the year totaled 3.58 inches.

Mr. and Mrs. J. W. Edwards and Joel of San Saba spent the past week end in the home of Mr. and Mrs. Earl Pyle.

Begin Second Round Matches In Lakewood Membership Tourney

First round matches were completed Sunday in the annual membership tournament at Lakewood Country Club. Schedule calls for second round contests to be completed by Sunday night in all five flights.

Results of first round play are as follows:

Championship flight: Lester Strawn beat Curt Smith four up with three to play. Jay Koonce bested Larry Horton two up. Aaron Robinson defeated Dick Gressett two and one. W. J. Sipes and Junior Strawn by special agreement were to play this week.

First flight: O. B. Edmondson defeated T. Roach three and two. Jack Scott eliminated F. R. Anderson three and two. Buck Gibson laced Fred Roberts two up. M. S. Sellers beat A. A. White four and three. Shook drew a bye and L. Jackson trimmed Allgood.

Second flight: Lewis Jackson beat W. R. Gibson five and four. W. E. Tyler defeated Jack McCarty three and two. Edwin Baum eliminated Ikey Hickman three and two and Bernal Hickman won over Charles Rutherford one up.

Third flight: Charles Ballew defeated Dr. Allen two up. Ty Allen bested Bob Needham three and two. Barefield beat W. W. Harris two up. Smokey Gainey lost to Junior Shults one up on 20 holes. Lane Wells defeated C. M. Anderson one up on 19 holes.

Fourth flight: Billy Sam Sipes beat Roy Don Hickman one up. J. F. Robertson lost to Minter Hardin three and two. Jerry Lyons drew bye.

Powell Building New Home On East Eighth

T. O. Powell has started construction of a new five room house on East 8th Street, directly across the road East of the E. Benton Jones home. The building will be of either natural stone or brick, depending upon availability of materials.

Foundation is now being constructed and work on walls is expected to get underway within a few days.

Pioneer-Gunn H. D. Club Meets Monday

The Pioneer-Gunn Home Demonstration Club met Monday afternoon, July 28, in the Pioneer school building with Mrs. Nell Flemings, president, in charge.

Proceedings were begun with a short business session. Motion was made and seconded that the Club only spend one day at Club Encampment at Lake Cisco this year; that being Achievement Day. All members will go.

Activity for the afternoon was finishing two quilts. After this lemonade was served to the ladies by Mrs. Velma Brown and Lena Phillips, hostesses for the afternoon.

Members present were Mmes. Ethel Brown, Gertrude Hester, Velma Brown, Nora Shirley, Ora Bell Webb, Nell Spraws, Nettie Rhody, Nell Fleming, Ophelia Harris, Lena Phillips, Mary Gardner, Thelma Chaney, Jean Fore and Miss Grace Brown.

Sam Sessions Wins Matched Roping At Williams On Sunday

Sam Sessions, of Cross Cut, defeated Sherman Pressley, of the Ross ranch, in a matched roping contest at Williams Sunday Sessions held an advantage of eight and nine tenths seconds on the roping and tying of six calves. The winners best time was 17.1 seconds.

Sessions, who has been a roping contestant at the Cross Plains rodeo the past two years, plans to compete again this year. He is regarded as one of the best loopers in this section.

E. E. Thate Plugging Oil Try Near Burkett

Three miles South of Burkett, E. E. Thate has abandoned his oil try on the Mrs. T. L. Harris place after drilling 2,600 ft. Slight shows of oil and gas were tapped in the Ranger lime, however, neither were believed of sufficient proportions to assure commercial production.

Location was 2,368 feet from the East and 1,468 from the South line of MEP&PRR survey 81.

New Ellenburger Oil Strike Two Miles Southeast Of Town Now Seems Certain

Oplin Well Gauges 343 Barrels In 18 Hour Trial Period

Gauge of 343 barrels of oil in 18 hours has been completed for Callahan County's newest Ellenburger production discovery, the Anderson-Prichard Oil Corp., No. 1-A Tom Windham, three miles Northeast of Oplin.

The production was on flow through 1/2 inch choke with 600 pounds on casing and 150 on tubing from Ellenburger pay at 4,423-25 feet, with casing cemented at 4,348. Gas-oil ratio was 831:1. Location is 330 feet from the south and 600 from the west line of the southeast quarter of section 368 George Hancock survey.

First extension try to the new production will probably be made by Chapel Company, which holds a checkerboard spread in the block, but no plans for another test within the next two months has been announced so far. Both operators and offset owners want time to assemble production data over a period of time before expanding the development.

Rodeo Tickets To Go On Sale Here Mon.

Both reserved seat and general admission tickets for Cross Plains rodeo will go on sale next week, announced Fred Stacy, association director, yesterday.

General admission tickets (tax included) will be \$1.25 for adults and 60 cents for children. Reserved seat tickets will be 25 cents.

Seating capacity at the rodeo grounds has been increased 45 percent since last year, and improvements have been made to lessen traffic congestion upon entering and leaving, the Review was told.

"All performances will start promptly, right on the dot, and ticket holders are reminded to be in their seats by eight o'clock each evening", said Sam Windham, president of the rodeo association.

\$135,000 Is Paid For Cross Cut Oil Lease By Virgil J. Powell

Virgil J. Powell, San Angelo operator, will assume production July first of the 100 acre Foree lease in the Blake Caddo field which was purchased last week at a reported consideration of \$135,000.

The lease has three wells, two of which exceed the allowable of 45 barrels daily and the other is a high ratio gas well, however, the new owner has already surveyed and staked three more locations on the property and contracted with Glenn Butts, of Cross Plains, to drill the tests.

George Owen Place On 8th Street Bought By Mr., Mrs. A. B. Carr

Mr. and Mrs. A. B. Carr of Dallas have bought the home of Mr. and Mrs. George Owen located in the East part of town.

Mrs. Carr is the daughter of Mr. and Mrs. John Ferrell of this place and the Ferrells plan to occupy the house in the near future.

Mr. Owen was connected with Higginbotham Bros., and Company here before going to Fort Worth several weeks ago to work.

Deep Test On Heysler Drilling Below 3,400

Anzac Oil Corporation was drilling below 3,400 feet yesterday on their number one Mrs. Fred Heysler, 10 miles West of Cross Plains, in a wildcat test of the Ellenburger lime. Top of the Ellenburger is expected around 4,000 feet.

Bank Pays 7 Percent Mid-Year Dividends

Stockholders of the Citizens State Bank here will receive checks July first totaling \$1,750.00 representing a seven percent semi-annual dividend payment. The payment is the largest ever made at mid year.

Mr. and Mrs. Donald White of Eunice, New Mexico spent the week end here with relatives.

Legion And Auxiliary To Install Officials At Baird On July 13th

Joint installation of officers of the American Legion post and Auxiliary will be held at Baird July 13.

John Bowls was recently elected commander of the Legion post. Other officers are A. E. Brown, Clyde; Hal Broadfoot, Clyde; H. E. Wagley, Putnam; J. L. Ashlock, adjutants; Billie Mac Jobe, chaplain; Bruce Bell, finance officer; Claude Flores, historian; B. H. Freeland, service officer; Dr. M. L. Stubblefield, chief welfare officer, and Johnny Sparks, sergeant-at-arms.

Installation officers will be Mr. and Mrs. J. R. Gleaton, Stamford. Mrs. Gleaton is 17th district president of the auxiliary and Gleaton is 5th Division commander.

Auxiliary officers recently elected are Mrs. W. P. Walls, president; Mrs. O. P. Stiffler, Mrs. Wade Johnson, first and second vice presidents, respectively; Mrs. Blanton Freeland, corresponding secretary; Mrs. J. T. Loper, treasurer; Mrs. Dale Glasson, sergeant-at-arms; Mrs. Arthur Johnson, chaplain; and Mrs. Terrell Williams, historian.

Cross Plains Seeking Grid Coach For Buffs

Cross Plains high school is seeking a football coach to fill the vacancy caused by resignation of James Alexander, who has been elected at Eastland.

A. J. McQuinn, local school superintendent, advised yesterday that as yet he had received no applicants for the post.

DAUGHTER BORN TO LOCAL COUPLE AT BAIRD JUNE 24

Mr. and Mrs. John Dillard are the parents of a baby girl born June 24 in a Baird hospital.

The young lady weighed six pounds and four ounces and has been named Ella Laverne. Mrs. Dillard is the former Miss Frances Brown of Benjamin, Texas. Both mother and daughter are reported doing fine.

Miss Patsy Kline of Los Angeles, California is visiting Mr. and Mrs. Melvin Crabb for several weeks.

Possibilities for new Ellenburger production, two miles Southeast of Cross Plains, seemed certain yesterday after Groehl & Powell had baled free oil at the rate of one barrel per hour from their number one Eugene DeBogory.

The Ellenburger break was topped at 3,699 and drilled only two feet when fluid began to pour into the well bore. Drilling was immediately suspended and underreaming started, preparatory to setting five inch pipe to top of the pay. More than 300 feet of open hole was being carried when the oil strata was penetrated and operators were reluctant to drill further until casing was run.

Location of the new strike is 330 feet from the North and 1,263 from the East line of subdivision four, W. G. Anderson survey 777.

On initial bailing tests no formation water was present. In addition to this break in the Ellenburger another was bypassed higher in the formation. Although it yielded no free oil it carried strong odor, good color and some gas. It is believed likely that Groehl and Powell will gun perforate at both levels and acidize simultaneously.

Every Mail Bringing Acceptance Of More Speakers For Picnic

Members of the committee in charge of speaking at the Picnic celebration here next week announced yesterday that acceptances from state and district candidates are being received in most every mail, assuring an outstanding group of speakers for both days.

Acceptances have already been received from Olin Culbertson, Texas railroad commissioner, who is to speak the first day; from Judge Courtney Gray, C. C. Collings and Allen Dabney, all three of whom are seeking the judgeship of the 11th Court of Civil Appeals; Pat Bullock and Harley Sadler, candidates for State Senator from this district, and virtually all local candidates.

Mark McGee, Fort Worth attorney who is reputed to be one of the state's most interesting speakers, will also address the gathering at the Picnic this year.

Members of the committee in charge of speaking are: Paul V. Harrell Edwin Baum and S. N. Foster.

Mrs. J. A. Heysler Now Improving Splendidly

Her many friends will be delighted to learn that Mrs. J. A. Heysler, well-known Callahan county ranch lady, who has been in a Baird hospital for the past 10 days, has shown remarkable improvement. Attending physicians reported first of the week that she had shown "substantial improvement".

More Peanuts May Yet Be Planted Near Here

Although the customary peanut planting season is well passed, some farmers were talking yesterday of planting additional acreage to the crop as a result of recent rains which boosted prospects for bumper yields.

Many experienced growers are of the opinion that is is not too late for peanuts and that good yields are often reaped from the later crops.

Local Girls Attending TSCW Summer School

Miss Betty Browning, daughter of Mrs. Della M. Browning, and Miss Ida Nell Williams, daughter of Mr. and Mrs. W. B. Williams, are among the 153 students enrolled for graduate study at Texas State College for Women for the first semester of the Summer session.

Miss Browning is going graduate work in education, and Miss Williams is studying art.

Mr. and Mrs. Fred J. Tunnell of Lubbock are visiting their parents, Mr. and Mrs. Fred Tunnell and Mrs. John Browning, this week.

M. C. Baum and family, of McAdoo, visited friends and relatives here this week. Mr. Baum formerly carried the mail on Cross Plains route two.

28 POUND CATFISH CAUGHT

Ed Sunderman and Von Clifton caught a 28 pound catfish in Lake Brownwood Monday. The catch was made on trotline.

Eddie and E. A. Nayfa of Sweetwater were business visitors here

Mrs. M. E. Howell has returned to her home here after a visit with her daughter in Colorado City.

Pioneer News

By A. O. (Slim) Harris

Mr. and Mrs. Woodrow Smith and children of McLeod, Texas stopped here for a short while Saturday to visit with friends. They were both on the teaching staff here in recent years.

Bonnie Erwin is with her mother in Fort Worth for a visit. She has been with her grandparents, Mr. and Mrs. C. B. Hester, for several months.

Rev. Tom Flippin and family are spending a few days in New Mexico with their son, Alvin, and family.

Mrs. Lucille Westerman and son, Granville, of Artesia, New Mexico are visiting her father and mother, Mr. and Mrs. John Inabnet for the week.

Mrs. Laura Hurley is recuperating at the home of her son, Olen Corley and family, since leaving a Gorman hospital following major surgery several days ago.

Relatives and friends enjoyed a get-together dinner at the home of Mr. and Mrs. J. F. Morgan, the occasion being an annual affair of the home-coming of Fore brothers, sisters, and relatives. Lunch was spread under the shade trees near the Morgan home, and those present were Mr. and Mrs. Elmer Balderidge of Long Beach, Calif., Mr. and Mrs. Calvin Westerman and daughters, Mr. and Mrs. Rex Fritz of Lynwood, Calif., Mr. and Mrs. Ernest Gwinn and daughter of Oplin, Mr. and Mrs. Jim Bacucus of Brownwood, W. Mrs. A. C. Fore, Mr. and Mrs. Pete Fore, Mr. and Mrs. John Fore and son, Mr. and Mrs. Bill Copeland and Kathy Ann, Mr. and Mrs. J. F. Morgan, Mrs. Jack Rawson and son, and Buck Gibson of Pioneer. Reports are that the dinner was enjoyed by all there and a round of visiting and passing notes of the past seemed to be the order of the Sunday afternoon.

Guests in the home of Mr. and Mrs. A. O. Harris were Rev. Tom Flippin and family Sunday.

Miss Betty Dean, who is employed by a banking institution in Mercedes, is visiting her parents, Mr. and Mrs. Delma Dean.

Sam Swafford and wife of Cross Plains visited in the A. O. Harris home Sunday afternoon.

A nice rain fell here Monday morning, 1.75 inches was measured after the storm cleared away. The rain was really a great help to a lot of the smaller peanuts and some will have to be planted over.

Next Sunday will be regular services at the Methodist church. Rev. Grace of De Leon will be the pastor for this conference year.

Guests in the home of Mr. and Mrs. L. W. Pancake were Mr. and Mrs. C. E. McLarty and family of Anton, Texas.

Little Jackie Ray Pancake cut a gash in his head Monday afternoon which required five stitches to close the wound.

Mr. and Mrs. George Clifton have as their guest their granddaughter of Garden City.

Olan Adams and his sister, Mrs. Donald Flahie, and daughter, Ginger, returned to their homes in California after a two weeks visit here in the home of their parents, Mr. and Mrs. Gene Adams.

MERIT SYSTEM COUNCIL TO HOLD EXAMINATIONS AUG. 7

The Merit System Council, which serves as a "clearing house" for positions in the Texas Employment Commission and the State Department of Public Welfare, will hold open competitive examinations on August 7, 1948, for a number of positions now open in both agencies, according to Chas. S. Gardiner, Director of the Merit System Council.

Positions to be filled by these agencies consist of Field Worker, Child Welfare Worker, Senior Child Welfare Worker, Stenographers, Clerk-Typist Clerks, and Interviewers. Qualifications for these positions vary from high school graduation to college work and experience requirements.

Gardiner pointed out that application to take an examination must be made on an official application blank, which may be obtained by writing the Merit System Council, 808 Tribune Building, Austin, Texas, or from the Employment Commission and Department of Public Welfare local offices located throughout the State. "The closing date for submission of applications is July 17, 1948, and applications postmarked after midnight on the closing date will not be considered," he added.

Gardiner also stated that these examinations present to people the opportunity for permanent employment with the Texas Employment Commission and the State Department of Public Safety.

Veterans' News

Eligible veterans who want to take courses under the GI Bill that cost more than \$500 for the normal school year may do so by trading training time for the extra cost, the Veterans Administration reports.

The additional charge in training time will be at the rate of one day for each \$2.10 of the excess charge above the \$500 maximum allowed by law.

Veterans desiring to enroll in excess cost courses must authorize VA to pay the full charges by filling in forms provided for that purpose.

To prevent overpayments of subsistence allowances, the Veterans Administration urges ex-GI students and their schools to notify VA as soon as a veteran breaks off or completes his program.

A veteran student in training under the GI Bill is not entitled to subsistence allowance after the date he interrupts or completes his training. In some cases, veterans stop their training and receive additional payments before VA is notified of their change in status. All such overpayments must be refunded to the government.

Advance notice is preferable whenever a decision is made to discontinue training. However, prompt notice immediately after such a break in training will prevent most overpayments.

About 40,000 schools and colleges have been approved to train World War II veterans under the GI Bill and Public Law 16. Over 700,000 training establishments have been approved to give job-training under the same laws.

ALL FORMAL, ALL WASHABLE

Miss America of 1947 (center), Barbara Jo Walker of Memphis, and other models show a completely washable wardrobe of formal attire at a recent convention of laundry-owners. Miss America's evening gown is of white chintz. The model at her right wears an evening gown of striped cotton. Other gowns, left to right, are a jacket-and-dress set of cotton, a bridal gown of cotton pique, an evening suit of cotton velvet and an evening gown of cotton velveteen. The style show at which this photo was taken was part of a demonstration of how manufacturers are working with the laundry industry to produce new washable fabric marvels.

A good thing to remember is that silent contempt often prevents a black eye.

It is said The Pure Oil Company has recently discovered oil in Wyoming, twenty eight miles West of the town of Casper in the Wind River Valley, and production was obtained from the deepest level of any oil well in the world.

Production is from 120 feet of frontier sand and is coming from a depth of 14,309.

Until discovery of this oil the deepest production of the oil industry, ever obtained was in Oklahoma, where oil was found at a depth of approximately 14,000 feet the company stated.

Which Way, Texas?

Today, Texas is "in clover" . . . Prosperity that, by comparison, makes other sections look depressed. Why? How can we keep it that way?

What makes us prosperous? People working, making money. Spending money—for groceries and girdles and gasoline. Jobs. What makes JOBS? The weather? The government? Santa Claus? No. BUSINESS makes jobs. That's why Texas is 'in clover' today. Because BUSINESS is pouring into Texas.

To make ONE JOB in the average manufacturing plant, it takes around \$9,300. Think of it! \$9,300, in buildings and motors and trucks and typewriters and adding machines—to give ONE MAN a job! Any man, or any business firm, with \$9,300 to invest, wants it safe. Wants it to earn a few dollars each year for each \$1,000 risked.

- What does the management of a business look for? Why, such things as—
- 1) Good markets, here and abroad.
 - 2) Raw materials, at reasonable cost.
 - 3) High-quality workers, trustworthy and dependable.
 - 4) Good transportation, of the right type.
 - 5) Efficient fuel at reasonable cost.
 - 6) Good climate and living conditions.
 - 7) Reasonable taxes, local and state.
 - 8) A stable, honest local and state government—that isn't changing its mind and its policy on taxes, labor regulations, etc., every two years.

That's What They Like About Texas!

Does Texas have a monopoly on all these things? No.

Some sections are nearer their raw materials. Some nearer their markets. Some have better weather, or water supply.

Texas does have good natural resources, sure. But—so do our neighbor states. Square mile for square mile, some have more! Why doesn't business go THERE, instead?

Just one reason: A better BUSINESS "climate." A "climate" in which a business can GROW. And compete with others, in other states—and bring home the bacon. They can see it in—

- 1) Low per capita cost of state government.
- 2) Low per capita taxes collected.
- 3) Low bonded debt.

The record tells the story—look at it:

KIND OF TAX	TEXAS	Oklahoma	Louisiana	Arkansas
Personal Income	NO	YES	YES	YES
Corporate Income	NO	YES	YES	YES
General Sales Tax	NO	YES	YES	YES
Per Capita Tax	\$32.03	\$49.42	\$49.45	\$30.63
Per Capita Debt	.60	14.45	66.55	76.33

The AMAZING Record

How has this friendly "climate" paid off? What has it done—what will it keep on doing—for everyone in Texas?

Here are the actual figures. Actual NEW construction, or expansion, in Texas, as compared to our neighbor states, for 1947 — for 1946. Permanent, peacetime construction. Figures vouched for by Engineering News-Record, recognized authority in the field. AMAZING figures! Think of it—Texas got more than all other Southwestern states combined!

BUILDING --- 1947		
INDUSTRIAL CONSTRUCTION	ALL PRIVATE CONSTRUCTION	
TEXAS \$131,520,000	\$377,662,000	
LA. 39,016,000	74,456,000	
OKLA. 14,523,000	30,820,000	
ARK. 9,505,000	27,871,000	
N. MEX. 541,000	8,527,000	
BUILDING --- 1946		
TEXAS \$154,858,000	\$343,588,000	
LA. 9,606,000	22,866,000	
ARK. 4,701,000	7,249,000	
OKLA. 1,344,000	5,705,000	
N. MEX. 40,000	551,000	
TOTAL, 1946-1947		
TEXAS \$286,378,000	\$721,190,000	
ALL OTHER S.W. STATES	79,636,000	178,384,000

And Top State in Entire U. S.!

The further you compare, the more amazing it gets. In both 1946 and 1947, Texas led the ENTIRE UNITED STATES!

1946 TEXAS	\$154,858,000
CALIF. (2nd)	\$118,696,000
1947 TEXAS	\$131,520,000
PA. (2nd)	\$129,371,000

In 1948—24% of ENTIRE U. S.!

Yet what was COMPLETED in 1946-47 is dwarfed by construction to COME. Those were shortage years. Though more than \$286,000,000 was completed, we kept building up a backlog even greater—still greater on January 1, 1948, than January 1, 1947—by \$383,000,000! Compare that to \$71,500,000 for all our four neighbor states combined! Compare that with the No. 2 states in the U. S., both years. Think of it! More than 24% of ALL the 1948 industrial construction planned in the ENTIRE U. S. is in TEXAS!

BACKLOG -- JAN. 1, 1947		
INDUSTRIAL CONSTRUCTION	ALL PRIVATE CONSTRUCTION

Why Not Louisiana?

Of our four neighbor states, Louisiana is making the fastest growth. But—that backlog of building to come increased in Louisiana only \$36,000,000 in 1947—less than ONE-TENTH of ours!

Why? Louisiana is rich in natural resources. An abundant supply of oil, gas, sulphur, timber, salt, clays, and many other minerals. Rich soil, diversified crops. A warm Gulf teeming with sea life. And good transport—airways, highways, railways, waterways. All told she is better off, perhaps, than Texas. Yet Texas is running away from Louisiana! Why?

Let Louisianians supply the answer. Report to Governor Jimmie H. Davis, by the Department of Commerce and Industry of Louisiana, March 26, 1946:

"We think it an established fact that the present tax structure of the State of Louisiana is unfavorable when compared to that of surrounding and competing states. We are also convinced, from our contacts with executives, engineers, and other leaders of industry, that Louisiana government and particularly her tax structure is looked upon with suspicion if not with downright antagonism by many of those whom we seek to attract here." And later, Governor Davis sadly summed it up: "The unwieldy and complicated tax structure of Louisiana has always acted as a deterrent to industrial expansion."

How a wasteful state government blights prosperity! Cuts down total income, keeps out new business, cuts down JOBS!

Texas—Take Warning!

Ask our legislature to hand out more cash—and YOU invite a new tax bill, in Texas. Then, as competing cities, counties, districts add their demands—

watch appropriations snowball! And taxes to match! And—watch business go somewhere else!

When you ask our legislature for money—when you hear someone beating the drums for a hand-out, no matter HOW worthy the cause, remember—

The first olive in the bottle is the hard one to get out. After that, you can POUR out the rest! More and bigger hand-outs mean more and bigger TAXES. THAT is the way to KILL JOBS!

Shall we cut Texas back to the level of less prosperous states? With Texans scrapping inside Texas for pieces of a smaller and smaller pie—instead of cutting up a bigger pie, every year.

Are More Taxes Needed?

No. The present tax structure—set up by the legislature in 1941—will bring in plenty of money for normal expenses. Over \$108,000,000 MORE for the two-year period, than six years ago! Because of increased prices; and this flood of new business and families, pouring into Texas, all paying taxes, too. Surely \$108,000,000 is enough raise—WITHOUT NEW TAXES!

Look at the figures yourself:

YEAR Ending Sept. 1	REVENUE from TAXES	TOTAL REVENUE
1942	\$151,136,008.96	\$229,069,079.44
1946	205,369,694.58	343,187,348.64
1947	229,741,552.77	374,275,087.82
1948*	259,000,000.00	479,000,000.00

*Comptroller's Estimate

Which Way, Texas?

The Texas Manufacturers Association has only one axe to grind:

Keep the "climate" right, and assure Texas' growth. Excessive appropriations means new taxes—new taxes means disturbing the "business climate."

Things don't pay taxes—people do. The big Federal budget, the state budget and the local budget must be paid for by taxes—taxes from the same pocket.

Thirty-one cents of every dollar earned by the average Texan goes to taxes—many pay more. These are burdensome under present inflated conditions. What will happen if a depression comes—when earnings are low?

Here is what TMA recommends:

- A. That Texas operate within the revenue available from existing tax structure—that is, keep the tax structure as is.
- B. That no new taxes of any kind be considered. Any tax would reduce Texas' competitive position.

Of course there are needed improvements, that only public funds can provide. Keep the "climate" right for business, and we'll have them all, in time. New business means more revenue.

Change the "climate," and you'll kill the goose that lays the golden eggs!

Let's keep the "climate" right! Let every citizen, every public official, make up his mind NOW—

- 1) Not to ask for hand-outs—for his own city, his own county, his own district, or his own group—and start the grabbing by a hundred others.
- 2) NOT to support appropriations for ANY purpose unless ABSOLUTELY NEEDED—and the MONEY AVAILABLE.
- 3) To work to KEEP a stable government, KEEP taxes down, KEEP the "climate" that will bring more and more business to Texas, more and better opportunities for our youth, and more and better jobs.

Neighbors, Join With Us!

Make Texas the model. But—Texans don't want to prosper at the expense of friendly neighbors. There is plenty of business for all five states of the great Southwest. We invite our neighbors to study this problem, too. To join with us in a determined fight to make the whole SOUTHWEST the brightest spot on the business map. All five states of the great Southwest marching along together, to a future that will be the envy of the world!

A&M Laboratory Ready To Test Vetch Seed For Growers In West Texas

The Vetch Seed Testing Laboratory of the Texas Agricultural Experiment Station at A&M College is now operating. Dr. E. B. Reynolds, laboratory director announced. Germination and purity tests are being run on seed from the crop now being harvested.

Vetch is one of the best and most widely grown legumes used in Texas for soil improvement. It furnishes protection against erosion, adds nitrogen and improves the physical condition of the soil.

Production of high quality vetch seed has become an important source of farm income in the West Cross Timbers and adjacent farming areas.

An appropriation for experiments with vetch seed testing was made available by the State Legislature at the request of individual vetch seed producers and grower organization, Dr. Reynolds said. Services of the laboratory will include germination and purity tests on seed produced by Texas growers.

**Excessive Sweating
Drains Body of Salt**

There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat.

Excessive sweating means the loss of body salt, and Dr. Geo. W. Cox, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps.

"Salt is a prominent constituent of sweat" says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar workers should be especially watchful of heat cramps."

Heat cramps are characterized by pains in the stomach, headaches, and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fag.

Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose.

"Drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Cox says, "but alcoholic drinks should be avoided."

Declaration of Independence!

He's on his own. It's a wonderful feeling. He can go places all his life—as long as he keeps his sense of independence.

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers opened up an "electric frontier" when in 1915 they strung the first transmission power lines in West

Texas. People of faith and vision risked their savings. Other folks combined skill and hard work to produce better and better service—at lower and lower costs—creating more and more jobs—and carrying the benefits of electric living to more and more West Texans.

That's the American way of progress. Free enterprise, vision, and hard work. They are what built America and the American way of life, which is the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

BOYCE HOUSE

"Gives You Texas"

Like everything else, oil rushes these days are "streamlined." One of the "hottest spots" on the oil map of Texas today centers around Eastland. You can walk out of the Connelley Hotel lobby, step into a car, and, in a few minutes, glide over a paved road to the Northwest part of the county where old wells of the big boom of 30 years ago are being deepened to a new pay or you can drive over a modern road in the other direction to the Southeastern part of the county where there are some two dozen wells in the Kirk pool. How different to the travel conditions in the Eastland county rush of 1918-20! Roads were blinding with dust or deep in mud and traffic moved along at a snail's pace much of the time because of the long lines of wagons loaded with pipe. In those days, Jess Willard was the world's heavyweight champion. He and Frank Day who is still active in the oil business in Eastland were partners. They set out to drive to one of the wells and met a wagon that would not pull over and give them part of the road so Day, who was driving the car, slightly side-swiped a mule. With a bellow, the teamster and his two husky companions piled off the wagon. Willard and Day likewise alighted. Day was a powerful man—220 pounds of brawn and sinew—but the gigantic Willard waved him back and advanced to fight all three, single-handed. Willard was "much of a man"—six feet, four and 240 pounds. Suddenly, the leader of the trio stopped and asked, "Ain't you Jess Willard?" "Yes." The other exclaimed, "Good heavens boys, it's the world's champion!" And they jumped back on the wagon and pulled clear over into the ditch. Gone now are the alternate mud and dust, when it sometimes took eight hours to travel 30 miles. The oil rush in Eastland county today is stream-lined.

VETERANS Question Box

Q—How long must a veteran of World War II be totally disabled to be entitled to a waiver of premiums on his National Service Life Insurance?

A—A veteran must have been totally disabled for six or more consecutive months before he makes an application for waiver.

Q—In determining eligibility of parents for death compensation as dependents of a deceased veteran, are the proceeds of National Service Life Insurance considered as income?

A—No.
Q—I am attending school under the educational provisions of the Servicemen's Readjustment Act. Am I eligible for a loan guaranty while attending school?

A—Yes.
Q—If a loan, for any reason, is not completed after the guaranty or insurance has been entered upon the veteran's honorable discharge or certificate of eligibility, what should be done?

A—The veteran should take his honorable discharge or certificate of eligibility to the regional office of the Veterans Administration where the necessary correction will be made.

A vote taken some time back showed that sixty five per cent of the men questioned preferred girls with green eyes; twenty per cent favored blue; ten per cent voted for brown, and only five per cent preferred gray eyes.

It is said that hay making time on the farm, which is already at hand in this area, marks the beginning of a season when accidents on the farm run high.

Warnings have been issued to be careful about all gears and cutting machinery as these mechanisms take a big toll of casualties each year.

SABANNO COUPLE ANNOUNCE BIRTH OF GRANDDAUGHTER

Mr. and Mrs. Edwin Erwin of the Sabanno community are announcing the birth of a granddaughter, Sharon Louise; born to Mr. and Mrs. Charles S. Ege in Reserve Hospital at Kansas City, Missouri on June 25. Both mother and child are reported doing fine.

Mr. and Mrs. Obie Havner of Spur visited in the home of his sister, Mr. and Mrs. Edgar Jones, over the week end.

Tom and Herbert Williams, connected with Higginbothams at Comanche, were visitors here Tuesday of this week.

Plains Station Lots Prepared For Parking

Parking space for automobiles is being prepared on property East of the Plains Service Station, says W. V. Gardenhire, owner, who early this week was spreading gravel and caliche over the lots. "Only restrictions to be put on parking is for cars not to be parked so as to block entrance to wash rack", Gardenhire said. Arranging for parking space is being done since Highway 36 on South Main Street has discontinued center parking.

MAXINE TARRANT WINS COUNTY DRESS REVUE

Maxine Tarrant of the Eula 4-H Club was the winner in the dress division, group ages 14 and up, of the County Dress Revue held at the Baird high school auditorium Saturday, June 19, at 2 p.m. Approximately 45 girls entered one or two garments. Other winners in the dress division were 14 and up; second place, Dorris McClain, Cross Plains; third place, Gale Murphy, Cross Plains. In the 12 and 13 year group: first place, Shelia Nichols, Cross Plains; second place, Deaun Harrell, Cross Plains; third place, Roberta Edwards, Eula. In the 10 and 11 year group: first place, Charlotte Shannon, Putnam; second place, Linda Loving, Eula; third place, Frances Jolly, Eula.

June Atwood of Cross Plains tied for first place and were the only entries in that division. In the 10 and 11 year group the winners were: first, Gale Williams of Putnam; second, Barbara Hardwick of Cross Plains; and third, Sue Burleson of Denton.

In the blouse division Gloria Forrester of Clyde received honorable mention.

In the pajamas division, 12 and 13 year group; first place to Louise Smith of Eula; second place to Robble Farmer of Eula and third to Dortha Konzak, Clyde. In the 10 and 11 year group: first to Linda Loving, Eula; second to Charlotte Shannon, Putnam and third place to Gale Williams of Putnam.

Several mothers and visitors were present and enjoyed the revue and were happy with the results that the 4-H girls had accomplished in their clothing work.

Sabanno By Mrs. Edwin Erwin

We had a good rain, crops are looking good.

Mr. and Mrs. John Price had a reunion of their family Sunday. First time all the children had been together since their marriage. The children are: Mr. and Mrs. Howard Price and baby of Weatherford, Rev. and Mrs. Leonard Bishop and children of California, Mr. and Mrs. Leonard Ingram and children of near Cross Plains, and Mr. and Mrs. Joe Ramsey and children.

We had a good singing at Sabanno Sunday night. We are always glad to have singers and visitors with us.

Mr. and Mrs. W. E. Lusk, Miss Eula Lusk and Mr. Hubert Lusk were visiting in the home of Mr. and Mrs. Basil Lusk in Abilene last Friday. Also visited Mr. and Mrs. Beryl Lusk in Cross Plains.

Mr. and Mrs. Donald Duke have moved to Cisco where he is employed. We'll miss them in our community and churches.

The graveyard working was a big success. Had a big crowd of workers and we are proud to say our cemetery now looks nice. Anyone wanting to send donations or get any information as to the cemetery in any way may call or write any of the three committeemen: Walter Laminack, Edwin Erwin or George Hicks at Nimrod, Texas, care of Sabanno community.

Mr. and Mrs. Mac McClusky of Eastland were visitors in the home of her parents last Sunday.

There will be preaching Sunday morning and evening at the Baptist church.

Mr. and Mrs. Truett Dawkins visited his brother, Gerald Dawkins and family of Cisco, last Sunday.

Picnic Entertainment Features Local Talent

Various local groups and individuals with musical talent will be featured on the entertainment program at the Picnic next week end.

Two string bands will perform at intervals both days and evenings, along with vocal numbers and a marimbaphone concert. Seats for easy listening will be arranged over the grounds and near the speakers stands, which will bring addresses from probably most of the district, county, and some state political candidates. Chairs will be carried from the city hall to picnic grounds and more temporary seats built, the committee on arrangements has announced. The local high school band will perform nightly at all three rodeo picnics.

All in all, entertainment at this year's celebration promises to equal or go beyond that seen here at past picnics. Ice water will be provided Thursday and Friday and the carnival booked is said to be one of the largest ever to play Cross Plains. The carnival is under auspices of the local fire department.

Katannah Park of Del Rio is visiting Mr. and Mrs. Henry Williams this week.

Misses Alma and Josie Morris attended singing at Pioneer Sunday afternoon.

Mr. and Mrs. Eell Mayes were Sunday visitors in the Ed Long home.

Mrs. John Harris is visiting in Kilgore with relatives this week.

Mr. and Mrs. Nolan Brooks and children visited her parents last Sunday.

Weldon Stewart is visiting his mother, Mrs. Lucy Stewart.

Mr. and Mrs. Heesep Stewart of Austin are visiting in the home of their daughter and family, Mr. and Mrs. Bill Stansbury.

TO THE VOTERS OF JUSTICE PRECINCT SIX:

I am at present your Constable and am asking you to re-elect me to the office. I have done my best to represent you in a fair and impartial way, and have always done all I could to keep down trouble in our little precinct. To our young boys and girls I have this to say to you—I want to keep you out of jail, not in jail, although my salary depends on the arrests and convictions I make.

If I am elected I sincerely hope that I won't have to put anybody in jail during my term in office. But don't misunderstand me, if you do violate the law I will do my best to convict you. I believe in law enforcement and I know all good people do.

So friends, elect me, cooperate with me and let's all be getting the job done.

Your Constable,
Bert Brown. (Fd. Pol. Ad)

Sheriff Recovers 1947 Model Car Near Baird

A 1947 Chrysler convertible coupe, stolen in Fort Worth Saturday, was recovered in a pasture four miles East of Baird Tuesday by Sheriff S. S. Nichols. By checking registration number, Nichols learned identity of the owner who came for the automobile Tuesday night.

Only damage done to the car was where wiring had been pulled loose.

FARM TRUCKS INCREASE

Almost one-third of the nation's trucks are now in use on farms and ranches, the Department of Agriculture points out. Farm trucks have increased to 1,860,000, or 61 per cent since the war began. There are also 4,860,000 cars and 3,000,000 tractors in use in agriculture today, making the farm a major user of oil products.
