Bank Moving To New Building On Saturday

The Citizens State Bank will move into new quarters Saturday morning with formal opening scheduled that evening from five until 10.

Completed this week at a cost of \$25,000 the remodeled building and entirely new fixtures will give the local bank one of the most modern plants of its kind in this section. The new bank home is just across the street from the old location, at the intersection of Main and 8th Streets.

Funeral Held Friday Morn. For Man Who Died Early Thursday

Funeral services for A. C. Billingsley, 77, who died at his home in the southwest part of town at four o'clock Thursday morning, were held from the Higginbotham funeral chapel Friday morning at 10 with Rev. Arthur C. Evans, local Presbyterian pastor, officiating. Interment was made in the Cross Plains cemetery.

Mr. Billingsley, a retired oil field worker, had been in ill health for more than a year and critically ill for about two weeks. His wife and all of their four daughters were at the bedside when he died.

Born February 17, 1871 at Stubblefield, in Johnson County, Mr. Billingsley was at the time of his death 77 years, seven months and 29 days of age. He moved his family to Cross Plains in 1929 and had made his home here since that time.

Survivors include the widow and four daughters: Mrs. Hubert Johnson, Big Spring; Mrs. E. M. Pancake, Wichita, Kansas; Mrs. Max D. Lovett, San Angelo, and Miss Mary Billingsley, an airline hostess who resides in Hollywood, California.

Pallbearers at the funeral and interment services Friday morning were: Moin and Ralph Pancake, Fonia Worthy, E. C. Neeb, Howard Cox and C. W. Barr.

F. V. Tunnell, active vice-president of the institution, said yesterday that nearly 2,000 invitations had been mailed to customers inviting them to the formal opening Saturday night, indicating the large clientele which the local bank serves.

During Tunnell's 11 years as head of the Cross Plains bank deposits have risen over 1,500 percent. Whereas deposits were \$133,547.89 when he took over in August 1937, they are today \$1,787,483.03. The staff of three people which handled the business at that time has grown to eight full-time employees.

Indicating the "liquid" condition of the Cross Plains bank is the fact that quick assets amount to \$1,513,441.04, invested in United States bonds, negotiable municipal securities, cash and due from banks, C.C.C. wheat loans and warrants, over half of which is in U. S. bonds. The bank's total capital structure which was \$29,056.92 when Tunnell assumed management is now \$118,781.56.

The new quarters will offer greater lobby space, more commodious facilities for customers and numbers of innovations to expedite the handling of routine business.

Officers of the bank are: W. P. Brightwell, president; Tunnell, vice-president; Edwin Baum, cashier, and Jack W. Tunnell, Mrs. Paul Lutzenberger and Mrs. John Balkum, assistant cashiers. Other employees are: Mrs. Clyde Sims, secretary, and Roy Sykes and Miss Verma Lee Montgomery, bookkeepers.

Directors are: Brightwell, Tunnell, Baum, S. O. Montgomery, S. D. DeBusk, W. B. Baldwin and Marshall Newcomb.

Contractor on the building was D. C. Lemmons, of Brownwood, and architects were Hughes & Olds, of Abilene.

New Chiropractor Opens Offices Here

Dr. and Mrs. Calvin Gambill and little son, formerly of Wichita Falls, have moved to Cross Plains and he is taking over the practice of chiropractic of Dr. A. L. Lane.

Dr. Gambill is a young man of 24 years of age, a graduate of DeCATUR Baptist College and Texas Chiropractic College at San Antonio. During the war he served with the naval medical corps 30 months, seeing service on the Marshall and Caroline Islands, Okinawa. He and Dr. Lane were classmates.

For the past several months Dr. Gambill has been practicing in Wichita Falls. He told the Review Monday afternoon that he was deeply impressed with Cross Plains and hoped to make this city his permanent home.

Mrs. Gambill, a practical nurse, will assist her husband in his practice. They are making their home in the residence formerly occupied by Dr. Lane.

Pioneer Baptists To Erect New Building

A. O. Harris member of the Pioneer Baptist Church building committee, yesterday expressed thanks to Cross Plains business houses for \$101.50 contributed toward funds to be used in the construction of a new church building. Materials from the old church building and additional lumber secured from a Camp Bowie building are to be utilized in the construction of a 32 by 65 foot building. The new building will be just south of the Pioneer post office, if present plans materialize.

Anyone wishing to make contributions to the new building, who may have thus far been overlooked, is invited to hand or mail contribution to either Harris, Rev. Tom Flippin, J. C. Sliagar, L. W. Pancake, or G. W. Fore.

50th Anniversary Observed Sunday By Presbyterians

First Presbyterian Church in Cross Plains observed its fiftieth anniversary Sunday with homecoming services and a noon-day banquet in the church basement.

Coming the greatest distance for the occasion was Mrs. Orba Booth and daughter, of Los Alamos, New Mexico. Other out-of-town guests included: Mrs. Paul Boase, Rising Star; Mrs. Hoyt Byrd and children, Merkel; Mrs. A. G. Crabb, San Angelo; Mr. and Mrs. Finis Erwin and daughters, Sidney; Mr. and Mrs. Charles F. Hemphill and daughters, Albany; Dr. and Mrs. J. H. McGowan and son, Abilene; Mr. and Mrs. James B. Settle and children, Henrietta, and Mr. and Mrs. Donald White, Hobbs, New Mexico.

Regular sabbath services were held with appropriate anniversary program, followed by a fellowship luncheon at the noon hour with greetings from the out-of-town guests.

Former Local Girl Killed By Bullet Intended For Another

Jeanette Paschall, 19, former Cross Plains girl, was killed in Abilene Sunday afternoon when an assassin's bullet, intended for another, pierced her brain.

"I've killed the wrong woman," moaned John Thomas Williams, 50, Abilene barber, when informed by police that Miss Paschall, his son's fiancée, had died following the shooting at an Abilene tourist court.

Williams signed statement to officers said he took a .38 pistol early Sunday afternoon and went to the tourist courts, thinking his former wife would be there with another Abilene man.

"When I got to this place, I knocked on the door, and it opened, and I saw my niece, Jessie Blount. She did not say anything, and I did not say anything," Williams related. "She slammed the door shut, and I shot. I jerked the screen door open which was latched, and went inside. I saw all of them break and run in the bathroom. I intended to kill my 'wife'. That was what I intended to do when I got my pistol and went there. I knew that my wife went into the bathroom, and so I followed them to this room. I tried to get in there, but they were holding the door shut. I pushed and got it open a little, and I saw my wife's hand. I shot. I aimed to kill her."

Mrs. Williams told the county attorney substantially the same story as to how the shooting allegedly occurred. She said Williams came to her cabin about 12:30 p.m., was fussing, and later returned about 2 p.m.

She said all three of the cabin occupants ran into the bathroom after the first shot was fired from outside of the cabin.

She stated that Miss Paschall was not in the bathroom while all three of them hid there and vainly tried to keep the door closed. Mrs. Williams said Jessie Blount climbed out through a bathroom window and went for help. She stated that she and Williams had been divorced about four years.

Williams lost his composure, moaned and sobbed when officers revealed to him at the police station that he had killed Miss Paschall instead of his ex-wife.

Miss Paschall was born in Cross Plains, Oct. 12, 1929, and attended public schools here. She moved to Abilene five years ago.

Survivors are her parents, Mr. and Mrs. O. C. Paschall, 2426 Burger St.; three brothers, James and Harold of Jal, N. M., and Maurice of Abilene; and two sisters, Mrs. Orville Bates of Breckenridge, and Mary Gladys Paschall of Abilene.

Precinct Four Will Vote Saturday On \$75,000 Road Bond

Callahan County Precinct 4, which will go to the polls Saturday, will vote on a \$75,000 road bond issue. The proposition carry at Saturday, proceeds from bond sale would be used to hard-surface farm-to-town roads from Cottonwood to Plains and to gravel all town and mail routes in the precinct. It is also pointed out that the new road made of timber would be replaced with concrete structure as soon as repairs become necessary.

Commissioner Foster, who informs that he is working for or against the bond, points out that he feels the bridges would prove not to be more economical in the long run.

The bond election issue for that reason a particularly hard-fought by the electorate is anticipated. About 1,000 voters are entitled to express a vote in the referendum, how many around 500 are expected to vote.

Staffs appointed by the commissioners Court are as follows: Callahan County, J. G. Sims, president; T. M. Shuford, judge; W. B. Baldwin and W. C. Clark, clerks.

Callahan County, H. S. Varner, president; R. F. Joy and C. O. Clark, clerks.

Callahan County, Dayton L. Sessions, president; and Tipton Wrinkle and P. Farris, clerks.

Local Students Attend State Fair In Dallas Saturday

A group of high school girls attended the Texas State Fair in Dallas Saturday. The group was made up of two chartered buses which left here Saturday morning and returned late Sunday.

The purpose of the trip was to permit the students, all of whom are in vocational agriculture classes in the high school, to view exhibits and first hand knowledge in respective fields which they are studying.

Accompanying the students to the fair were: Miss Mildred Woody, vocational instructor; O. B. Johnson, vocational agriculture teacher; and Mrs. W. T. Cox and Mrs. Atwood.

Those making the trip were: Martin, Bonnie Dillard, Barlow, Edgeworth, Georgia Nell, Home Lee Pillans, Eddie Maxine, Maxine Simons, Mary Belle June Taylor, Lohoma, Billie Jean Wright, Dena, Maxine Crucher, Barbara Grace Jewers, Anita Newcomb, Georgia Ralston, Barbara Ramsey, Mary Tunnell, Emma Dee Worthy, Bishop, Jo Claire Hughes, Huntington, Anna Bess, Patti Sue Huntington, Sheppard, Joan Hall, Ann, Reba Jo Brashear, Marie, Billie Joyce Atwood, Barlow, Galia Murphy, and Lane.

Mary's Quilting Club of Cross Plains met in the home of Mrs. Key Thursday, October 14. Members and four visitors were present. Two quilts were completed the day. At noon a lunch meal was served. Next meeting of the group will be at the home of Mrs. Willie Key, October 21.

Those present at the meeting were: Mesdames, Otto and Holland, of Cross Plains; Mrs. Watson, of Burkett, and Mrs. Kansas City.

Dr. and Mrs. P. M. Kuykendall, of Ranger, were Sunday guests in the home of Mr. and Mrs. Tom Bryant.

Funeral For Judge Russell Wednesday

Shortly before going to press the Review learned that funeral services for Judge B. L. Russell, 82, pioneer Callahan County attorney, who died at his home in Baird Tuesday night about 11 o'clock, were held Wednesday afternoon at two with interment in the Ross cemetery. Burial was to be beside the grave of a son, Wendell, who lost his life in World War I.

Judge Russell, often called the dean of West Texas Bar Association, taught school and practiced law in Cross Plains more than 50 years ago. He served two terms in the legislature from this district and was a member of the draft board during World War I.

Survivors include the widow and two sons: O. J. Russell, of Cisco, and B. L. Russell, Jr., of Baird.

Mrs. Chester Glover has returned to her job at Higginbotham's after a months absence.

Buffaloes To Play Bangs Friday Night

Cross Plains high school Buffaloes journey to Bangs Friday night for their first away-from-home game of the current football season.

The Bangs team has been defeated by Baird and Rising Star this season but is nevertheless considered strong and is expected to give coach Bill Shields' athletes a severe test.

Remainder of the Buffaloes schedule will send them against Moran here October 29, May at Rising Star November fifth, Rising Star here November 11, and Baird there November 19.

EASTLAND COURT OF APPEALS ACHIEVES A REMARKABLE RECORD

The Eleventh Court of Civil Appeals at Eastland, composed of three members, has achieved a remarkable record during the period that Chief Justice Clyde Grissom and Associate Justice Milburn Long have sat together.

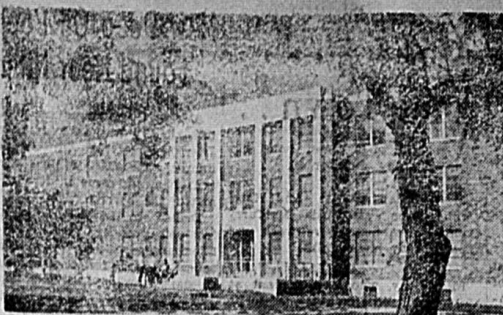

During the four year tenure of the three-man court mentioned heretofore, only three reverses of decisions have been made by the State Supreme Court from the many decisions handed down by the Eastland court.

Both Judge Long and Judge Grissom are West Texans. Judge Grissom was born at Alford in Wise county, moving with his parents to Haskell when two years of age.

In 1935 he was appointed to the Court of Civil Appeals. Judge Milburn Long was born in Hood county at Paluxy Creek. He was admitted to the bar in 1916 and one year later became prosecuting attorney of Shackelford county.

The 11th district consists of Dawson, Howard, Mitchell, Scurry, Nolan, Fisher, Stonewall, Taylor, Jones, Haskell, Knox, Callahan, Shackelford, Throckmorton, Baylor, Coleman, Brown, Comanche, Eastland, Stephens, Erath, Palo Pinto, and Borden counties.

This three story girl's dormitory at Hardin-Simmons University, Abilene, Texas, has been presented to the school by the American petroleum industry in a ceremony October 13 on the University campus in honor of the late Judge J. C. Hunter, Abilene civic and church leader and former president of the Mid-Continent Oil & Gas Association.

THIRD WEDNESDAY IN MONTH TO BE MEETING TIME OF LEGION POST

Regular meeting nights for the Tommie Aiken American Legion Post has been designated as the first Wednesday night in each month. The change of meeting time was decided upon at the regular meeting of the post Wednesday evening of last week.

"Legion members are urged to keep the time in mind and pass the word along to their buddies" stated Floyd Jones, adjutant, yesterday.

At the next regular meeting to be held, November third, a delegation from the Baird post will be present and games and recreation are to be scheduled. Donuts and coffee will be served.

Mr. and Mrs. G. M. (Buster) Richardson and children of Fort Stockton, spent the week end with Mrs. J. G. Aiken in Cross Plains. Mr. Richardson is in the automobile business in Fort Stockton.

ROOFING TILE MADE IN CROSS PLAINS GOES ON JORDAN CAFE AWNING

A new type of roofing, manufactured in Cross Plains, is to be seen on an awning completed this week at the Jordan Coffee Shop on North Main Street.

The roofing is of tile construction and is available in various colors. It is made by Tom Bryant who patented the process two years ago while in Arizona. Machines for manufacturing the tile are now being built by Mr. Bryant and an associate in Arizona and are being sold throughout the United States.

Mrs. Fred Cutbirth and Mrs. Ed. Baum, Jr. were visitors in Coleman Friday.

Mrs. Annie Travis returned to her home here Thursday after a three weeks trip through California with her son Walter and his wife of Fort Worth. They report a very enjoyable trip.

Wildcat Test Starts 6 Miles South Baird

Location for new oil exploration to the Ellenburger or production above that point has been filed with the Texas Railroad Commission by the Swiss Oil Company of Dallas for a test on the Murray Harris place, six miles south of Baird. Location is 330 feet from the south and west lines of section 114 BBB&C survey. It is to be a cable tool project on permit for 4,200 feet.

CABLE TOOL WILDCATS STARTS NEAR PUTNAM

Calahan County has been scheduled for a new cable tool wildcat through the Cisco series four and a half miles southwest of Putnam. The project will be the Beard & Tullous of Odessa No. 1 Claxton Jones, 150 feet from the east and 1,050 from the south line of section 29, D&D survey. Permit is for 1,200 feet.

New Deep Oil Pool Found Near Nimrod

A new Ellenburger oil pool for this vicinity was assured last week after the Rathke Oil Company's number one Carl Stroebel wildcat, near Nimrod, came in for an estimated 250 barrels daily.

Drilled to 3,923 feet, with six feet of porosity in the 16-foot Ellenburger section, the wildcat is believed good for 250 barrels of oil daily through 5 1/2 inch casing. The Ellenburger was topped at 3,907 feet and drilled to 3,912 feet, where there was a show of gas with a spray of oil.

Deepening Aids
Falling to respond to acid treatment at this depth, the well was deepened 11 feet after which the hole started filling with oil. Wednesday, the wildcat began heading oil through 5 1/2 inch casing at the rate of one barrel a minute. Operator then shut in the well to run tubing and packers.

Nearest production is a gas well drilled by the Phillips Petroleum Company on the A. E. Harrelson farm 1 1/2 miles northeast. This well was completed in 1945 for 4,500,000 cubic feet of gas daily. Total depth is 3,819 feet.

NOTICE OF ELECTION STATE OF TEXAS COUNTY OF CALLAHAN

TO THE RESIDENT, QUALIFIED ELECTORS OF COMMISSIONERS' PRECINCT NO. 4 OF CALLAHAN COUNTY, TEXAS WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in Commissioners' Precinct No. 4 of Callahan County, Texas, on the 23rd day of October, 1948, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners' Court on the 22 day of September, 1948, which is as follows:

"AN ORDER CALLING AN ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$75,000 OF CALLAHAN COUNTY, TEXAS, COMMISSIONERS' PRECINCT 4, ROAD BONDS.

WHEREAS, there has been presented to this Court the petition of J. P. McCord and 128 other persons, representing themselves to be resident, qualified electors of Callahan County, Texas, Commissioners' Precinct No. 4 who own taxable property in said Precinct and who have duly rendered the same for taxation, praying that this Court order an election in Commissioners' Precinct No. 4 of Callahan County, Texas, on the question of the issuance of \$75,000.00 of Road Bonds, which said petition was heretofore filed in this Court; and

WHEREAS, heretofore on the 1st day of September, 1948, the Commissioners' Court passed an order fixing a time and place for a hearing on said petition, to-wit: September 22, 1948, and directed the County Clerk to issue a notice of such time and place of hearing to inform all persons concerned of their rights to appear at such hearing and to contend for or protest against the order of such election; and

WHEREAS, the County Clerk has heretofore duly executed said notice by posting true copies of said order of hearing in three public places within said Commissioners' Precinct No. 4 of Callahan County, and another copy thereof at the Courthouse door of said County for ten days prior to the date fixed for the hearing, and said notice has also been published in a newspaper of general circulation in said Commissioners' Precinct No. 4, namely "The Cross Plains Review", one time, on the 17 day of September, 1948, which was at least five days prior to the date fixed for said hearing; and

WHEREAS, this Court, having met at the time and place set for the hearing of said petition, proceeded to hear such petition and all matters in respect to the proposed bond election, and it is found by the Court that the said petition, is signed by a majority of the qualified electors who own taxable

property in Commissioners' Precinct No. 4 of Callahan County, Texas, and who have duly rendered the same for taxation, and that the notice required by law to be given of said hearing has been given; and

WHEREAS, pursuant to the hearing held on said date and from the evidence submitted at said hearing, the Court has determined that the proposed improvements would be for the benefit of all taxable property situated in such Commissioners' Precinct No. 4, and that it is desirable and necessary to issue the bonds of such Commissioners' Precinct No. 4 in the amount of Seventy Five Thousand (\$75,000.00) Dollars to construct such improvements, and that said election should be ordered; and

WHEREAS, the Commissioners' Court further finds that the amount of said proposed bond issue, together with all outstanding bonds heretofore issued on the faith and credit of Commissioners' Precinct No. 4 of Callahan County, Texas, will not exceed one-fourth of the assessed valuation of the real property of said Precinct; and

WHEREAS, said Commissioners' Precinct No. 4 of Callahan County has heretofore been legally created by order of the Commissioners' Court passed on January 3, 1936.

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS' COURT OF CALLAHAN COUNTY, TEXAS:

1. That an election be held in said Commissioners' Precinct No. 4 of Callahan County, Texas, on the 23rd day of October, 1948, which is not less than thirty days from the date of this order, to determine: "Whether or not the bonds of Commissioners' Precinct No. 4 of Callahan County, Texas, shall be issued under Article III, Section 52 of the Constitution in an amount not to exceed \$75,000.00, bearing interest at a rate not to exceed four (4%) per cent per annum, payable semi-annually, and maturing at such time, as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Twenty (20) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout said Commissioners' Precinct No. 4, and whether or not ad valorem taxes shall be levied annually on all taxable property in said District sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

2. The metes and bounds of Callahan County Commissioners' Precinct No. 4 are set forth in the order fixing the time and place of hearing on the petition for the issuance of bonds which was passed on the 1st day of September, 1948.

3. The said election shall be held under the provisions of Chapter 16, Acts of the First Called Session of the Thirty-Ninth Legislature.

4. All persons who are legally qualified electors of this State and of this Commissioners' Precinct who own taxable property in the Precinct and who have duly rendered the same for taxation shall be qualified to vote, and all such electors shall vote in the election precinct of their residence and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words: "FOR THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

And those opposed shall have written or printed on their ballots the words: "AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

5. The election shall be held at each of the following voting places:

In Precinct No. 6 in Cross Plains at City Hall, with the following election officials:

J. G. Sims, Presiding Judge,

T. M. Shuford, Judge,

W. B. Baldwin, Clerk,

W. C. Rouse, Clerk.

In Precinct No. 3 in Cottonwood, at School House, with the following election officials:

H. S. Varner, Presiding Judge,

R. F. Joy, Clerk,

W. J. Coats, Clerk.

In Precinct No. 13, in Atwell, at Church Building, with the following election officials:

D. L. Sessions, Presiding Judge,

Tipton Wrinkle, Clerk,

J. P. Purvis, Clerk.

6. The manner of holding said election shall be governed by the General Laws of this State regulating general elections when not in conflict with the provisions of Chapter 16, Acts of the First Called Session of the 39th Legislature, hereinabove cited.

7. Notice of said election shall be given by publication of a copy of this order in a newspaper published in Commissioners' Precinct No. 4 of Callahan County, for three successive weeks before the date of said election, and in addition thereto, there shall be posted copies of this order at three public places in said district, and one at the Courthouse door of the County for three consecutive weeks prior to said election.

8. The County Clerk is hereby ordered and directed to post said notices and to cause same to be published as hereinabove directed. Further orders by this Court are reserved until the return of said election executed by the duly authorized election officers, are received by this Court.

PASSED AND APPROVED this the 22 day of September, 1948.

J. L. Farmer, County Judge, Callahan County, Texas.

Captain of Industry

Meet Butch—Pres., Treas., and Field Force of the Odd Jobs Co., Uninc. Take a good look at him—for Butch America.

Butch wants a bicycle. Lots of lawn and lemonade and sitting lie between Butch and that bike, but we're betting boy. He has energy, vision, and our national habit of hard for what he wants. He's American business—in mind.

There are many names for Butch's philosophy. You call it Free Enterprise, Opportunity, Democracy, or Capitalism, you want.

But, whatever the name, America owes it much. For our valuable natural resource lies in the ambition and initiative of Americans like Butch.

As great publications have grown from the dreams of men with old handpresses—and great industries from the acts of grubby little cellar workshops—the electric industry small beginnings, too. Like our own company. A few men vision strung the first small lines. People with faith risked savings. Better and better service, at lower and lower cost more and more jobs—and carried the benefits of living to more and more people.

Free enterprise and hard work will bring Butch and his together. They are what built America and the American life, which is the highest standard of living in the world. No one on earth has found a satisfactory substitute for that comb

Improvements On Main Street Amount To Over \$100,000 In The Past 2 Years

Improvements totaling more than \$100,000 have been made to properties facing Main Street in Cross Plains within the past 24 months, and if several other projects now being planned are completed, it is expected that this little city will present one of the most modern "main stems" to be found in any Texas city the size of Cross Plains. The recent improvements along Main Street have been gradual and residents are sometimes inclined to forget the overall appearance of Cross Plains' principal thoroughfare before they were made. But

when the many projects are recounted it is quickly evident that more than \$100,000 has been spent in modernizing and beautifying in the past two years.

Starting on the extreme South end of Main Street and coming northward, it is remembered that the following has been accomplished within the past 24 months: a new service station and garage built just inside the city limits, a beautiful nine room home built by Mr. and Mrs. H. A. Young at their property just across the street from Cree & Company, a modern super service station at the intersection of highways 36 and 206, a seed cleaning plant erected one block further North, three new buildings in the business section on the East side, between seventh and eighth streets, a \$25,000 modernizing project by the Citizens State Bank to the institution's new home site, an expensive remodeling of the Bishop Chevrolet Company building, improvements to the lobby of the Plains theatre, complete renovation of the building now occupied by Jordan's Coffee Shop and recent improvements to the front, a \$20,000 church building erected by the Church of Christ, a \$10,000 home now going up for Mr. and Mrs. W. J. Sipes and family, a completely modern attractive five room home recently completed by Mr. and Mrs. I. C. Looman.

Particularly at night is the improved appearance of Main Street, as well as the city in general, noticeable. Several firms have recently installed neon lighting both inside and out. What is true of Main Street is true of Cross Plains as a whole. During the past two years it is estimated that more than 100 homes have been built and moved in.

Parasites Cost Money Too

Most of the stockmen know there hasn't been much grass in the pastures and on the range this year. There hasn't been enough to feed the cattle, so there hasn't been enough to feed the cattle parasites too. But lots of farmers and ranchmen are feeding them, and it's costing an awful lot of money to do so, says C. A. King, associate extension entomologist of A&M College.

Cattle that are free of parasites have a better appearance, are healthier and more productive than cattle that have to keep switching flies off, or rubbing against the fence post to scratch the ticks. Cattle lice and four kinds of ticks are the parasites that bother cattle most in the winter time.

Heavily infested adult animals lose weight while calves make slower growth. Cattle on feed do not make normal gains and are unthrifty.

Cattle are bothered by lice more in the winter and early spring when the hair is long, so the best time to treat cattle for lice is the fall of the year. Both rotenone, and DDT are good for the control of lousy cattle. If you use rotenone, two treatments two weeks apart will give a good lice control. Here's the recipe: one pound of 5 per cent rotenone and 10 pounds of wettable sulphur for each 100 gallons of water. Or you can use 8 pounds of 50 per cent DDT wettable powder to each 100 gallons of water. A single treatment thoroughly applied with DDT will control the lice.

The Lone Star tick can be controlled by dipping every two weeks, beginning when the first ticks are found and stopping when they are gone. Eight pounds of 50 per cent wettable DDT in 100 gallons of water used as a spray or dip is recommended for tick control. So you can get tick and lice control with the same mixture. The spinous ear tick is a common cattle parasite throughout most of Texas, and can be controlled by treating the ears of livestock with Stock 1029, using a small paint brush. Also it's important to treat all salt, mineral and feed troughs with equal parts of kerosene and lubricating oil.

Farmers and stockmen will notice bigger and better gains on their livestock if they keep their livestock free from parasites during the winter months.

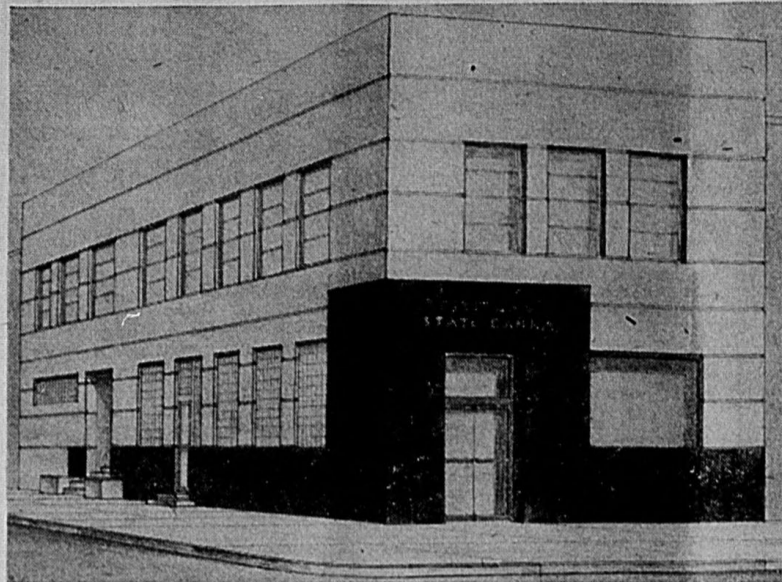

Tips On Dairying

Milk production in Texas ranges from a high of 143% of average in the early summer to a low of 62% in early winter. These extremes are costing the producer as well as the manufacturer.

There are things that some dairymen are doing to help correct this situation in their herds: Breeding more cows for fall freshening. This causes the cows to produce more during the year because spring grass is almost like a second freshening. In fall freshening you have more milk to sell when the price is highest and your dairy work is the heaviest when the farm work is the lightest.

Feeding plenty of silage and hay is another good practice. Some dairymen are going into the fall and winter without plenty of good hay and silage. It will be difficult, and costly for them to keep up their production. By keeping cows full of good roughage every day in the year, much of the slump that comes when pastures go can be avoided.

Hay or silage, and preferably both, should be fed at all times. Nutrients from these are cheaper

Ready for occupancy this week is the new home of the Citizens State Bank of Cross Plains. Architects drawing of the building appears above.

Completely remodeled inside and out with new "friendly type" fixtures installed, the Cross Plains bank will be one of the most modern in this section of Texas.

Formal opening of the new quarters is scheduled for Saturday evening, October 23, from five until 10 o'clock and all customers and friends of the institution are being urged to attend.

**Name Standing Committees
For Newly Organized P-TA**

Recently elected officers of the newly organized Parent-Teacher Association were installed Wednesday afternoon when the group met in the high school auditorium with about 50 in attendance.

Installation was conducted by Mrs. John Kerr, of Coleman, district one vice-president of the state P-TA. Officers are: Mrs. J. L. Bonner, president; Mrs. W. J. McCord, vice-president; Mrs. W. J. Sipes, secretary; Mrs. Oscar Koenig, treasurer; Mrs. A. J. McCuin, historian, and Mrs. D. C. Lee, parliamentarian.

Standing committees appointed to serve throughout the year are as follows: Hospitality: Mrs. Ponia Worthy,

than from grain mixtures. Small grain pastures are a good investment since they will provide you with an abundance of fall and winter grazing. These pastures are a source of high quality nutrients at low cost. They furnish a lot of protein and vitamin A when they are most needed. One acre per cow can be used to a good advantage.

With plenty of good roughage, production can be maintained by feeding a suitable grain mixture at the rate of one pound of grain to three or four pounds of milk. More pounds of milk will be produced for each pound of grain when fed in this manner.

When dairy cattle have to rough it in cold, wet windy weather, production suffers and the feed requirements go up. A dry shelter that will turn wind and rain is all that is needed to give you extra milk and extra profits.

Anyone desiring further information can see the County Agent in his office on Mondays and Saturdays, which are set aside for office days.

Harold Moon and Jerry Watkins of Rising Star were visitors at the State Fair in Dallas the past week end.

**2 SHALLOW WELLS ARE
STARTED ON McDERMETT**

Two shallow oil tests are to be drilled on the Carlos McDermett ranch, eight miles southwest of Cross Plains by E. E. Thate and N. M. Dillard, who hold a 400 acre lease on the place. Plans call for testing shallow sands to a depth of around 600 feet.

**PARTY IS COMPLEMENT
TO MISS ADELIA STONE**

Mrs. C. A. Stone complimented her daughter, Adelia, with a party on her ninth birthday at her home Friday afternoon of last week. The Halloween motif was carried out in refreshments and plate favors.

Following a series of games and contests refreshments were served to about thirty guests. Mr. and Mrs. J. H. Henley of Abilene visited his aunt, Mrs. Etta Booth, last Friday night.

**Cross Plains Ties
South Taylor Here
Last Friday Night**

Cross Plains high school Buffaloes staved off a desperate last quarter rally Friday night to gain a six all tie with the South Taylor Consolidated School 'Flying Tigers' in a non-conference football game here.

The Buffaloes tallied in the first period after a fumble by the visitors gave Cross Plains possession of the ball only nine yards from pay territory. On the first play from scrimmage Bobby Lane flipped a forward to Charles Kunkle for the score. Attempt to convert on a plunge through the line failed.

The "Flying Tigers" came back strong, taking the kick-off and running back to their own 35, from which point they unleashed an effective aerial game spiced with a few spectacular running plays featuring Roy White, 165 pound half-back. Their efforts were not to be denied and the visitors marched straight up the field with White going over the double stripe on an eight yard carry around his own left end. Conversion attempt failed.

Kunkle and Howard Lee Neeb gave outstanding performances in the Cross Plains line, while S. V. Box, "Flying Tiger" wingman, was the defensive standout for the visitors.

Cross Plains made 10 first downs to the visitors eight. Cross Plains threw 12 forward passes, completing three, all of which were caught by Kunkle for a total of 38 yards. The "Flying Tigers" passed 10 times, connecting on five for a total of 65 yards. Yards gained rushing was virtually even with Cross Plains rolling up 116 to the visitors 112. Each team lost the ball three times on fumbles.

BIRTHDAY PARTY LAST WEDNESDAY FOR LITTLE ESTHER ELLEN SIMONS

Little Esther Ellen Simons celebrated her first birthday with a party at the home of her parents, Mr. and Mrs. Homer Simons, Thursday evening, October 14. Refreshments of cake and drinks were served to: Blondell and Sylvia Abels, Buzzie Smartt, Earl, Eddie and Charlene Bell, Michael Kelley, Wanda, Virginia and Peggy Jean Lane, Tommy and Elmer Casey. Dishes used in serving the little guests were the same as had been used by the honoree's mother at her first party.

SLIGHT FROST COVERS AREA SUNDAY NIGHT

One of the earliest frosts in years covered much of the Cross Plains area Sunday night and Monday morning. Although some vegetation was damaged it was not classified as a "killing frost".

Buck Shirley Dies At Home In Crane

News was received here Wednesday afternoon of last week of the death of Buck Shirley, about 47, formerly of this place. Although reports reaching here were indefinite and incomplete, friends here heard that he died at his home in Crane of a lung disorder, following a recent accident. Mr. Shirley was reared in Cottonwood and lived in Cross Plains several years. He is survived by his wife and two children.

Mrs. Tyre Watson, Jr., and daughter, Suzanne, of Atlanta, Ga., are visiting her mother, Mrs. Katie Lee Smedley and Mrs. H. F. Phillips at Clyde. Mrs. Watson, Suzanne and their uncle, Floyd Phillips, of McCamey, visited in the home of Mr. and Mrs. Bill Wagner here last week end.

Lonnie Gray, who has been operating the fruit stand in Littlefield spent the week end with his family.

J. H. Coon has two brothers visiting him for a few days this last week. Mr. Coon has been in bad health for several months and is confined to his bed. The brothers came from Crockett, Texas.

Mr. and Mrs. John Fore and J. W. spent Sunday in the home of Mr. and Mrs. A. O. Harris.

Eugene Gibson, who has been working at San Antonio, visited his parents over the week end.

Mr. and Mrs. Chester Ballow and children visited in Graham last week.

Dow Flippin and family of Hobbs, New Mexico are visiting with his parents, Mr. and Mrs. Tom Flippin for a few days.

The Pioneer Baptist folks are preparing a program for State Mission Day, Sunday, October 24. Everyone is invited to be present at 9:30 a.m., starting thirty minutes before Sunday School period.

Mr. and Mrs. Mack Pancake of Kansas were here a few days last week on the account of illness and death of Mr. Billingsley, Mrs. Pancake's father.

We had a light frost and thin ice here Monday morning.

Mrs. Susie Fore is at the Memorial hospital in Brownwood to undergo an operation this week. We wish the best of luck for her and that she will hastily recover.

Mrs. B. I. Marshall and son, Willard and family, Mrs. Mattie Webb visited in Dallas over the week end with relatives there.

Most of the peanuts are harvested in our community. Some report a good yield despite the dry weather we had during the growing season.

The Baptist folks are planning to get started on the new church building in the near future, and are looking for each member to be on hand to help with the erect-

ing. Hammers, saws, squares, or what have you will come in handy at all times so be there.

Mrs. Chas. Taylor is visiting relatives in Dallas for two weeks.

Mrs. Fred Heyser of Potts is a visitor here Monday.

The undenominational Bible study will be on Friday night of each week for the fall and winter months. The book of Revelations will be given special study as it is the only book in the Bible given expressly to the church. At present the book of Zachariah is the study. Everyone invited. Rev. W. E. Rodgers is the pastor.

All Night Cafe Open On Highway 36 Here

BRIGHT PROSPECTS FOR GIRLS CAGE TEAM HERE AS PRACTICES STARTED

Prospects for one of the strongest girls basketball teams in recent years appeared bright at Cross Plains high school Monday afternoon as candidates for the squad answered coach Hubert Kelley's call for opening practice.

In addition to seven girls who played regularly on last year's team, Kelley will have at least five good shot-makers from Cross Cut: Ella Faye Phillips, Joan Bryson, Grace and Geogra Nell Jowers, and Ellowayne Byrd. Several other prospective team members, including Mary Phillips, have come in from Pioneer.

Holdovers from last year include: Juanita Sheppard, Alona Helen Huntington, Patti Sue Huntington, Johnnie Mae Meador, Marie Havens, Billie Joyce Atwood and Marie Smith.

First game is expected to be in about two weeks.

Orators don't coin phrases like their predecessors did in the good old days.

For example, the one who referred to a political party with its motley groups as "held together by the cohesive power of plunder."

And Tom Corwin's phrase that if his native land were invaded, "We would welcome them with hospitable hands to bloody graves."

A man who had just listened to a speech said it reminded him of "the peace of God" because "it passes all human understanding."

All that a Texan wants is what is coming to him—not any less but not a bit more. But some are receiving more than they are entitled to because of the greater growth in population of some parts of the State in comparison to others.

Representation in the legislature is not based on today's population as it should be—but what the population was, 28 years ago.

The State Constitution calls for redistricting after each census but there has been no redistricting since 1921. A few members of the legislature have blocked redistricting because they might have to run against each other.

They put their own political interests above their oath to carry out the Constitution. They place their selfish individual ambitions above doing justice to 7,500,000 Texans.

The folks back home do not share any such selfish view. Texans believe in a square deal; they are fair-minded.

That's the reason why Constitutional Amendment No. 2 should pass in the general election; it provides a way of bringing about redistricting every 10 years.

METHODIST NEWS

Rev. J. U. McAfee attended the monthly pastors meeting at Cisco Monday. There were good reports from all the churches.

We failed to report that two weeks ago a reception and banquet was given to Brother McAfee and his wife at the church. There were 60 present and lots of good things to eat and all had a good time. The church presented them with a pair of very fine wool blankets and we appreciate them very much.

Next Sunday night, Rev. Olean Stephens, District Superintendent, will preach and the interests of the church will be looked after.

We are always glad to have you at the Methodist Church.

VETERANS Question Box

Q—I wish to purchase an automobile house trailer that I can use during my vacation. Will Veterans Administration guarantee a loan for the purchase?

A—No. Loans for pleasure purposes cannot be guaranteed or insured by Veterans Administration.

Q—I would like to change the beneficiary on my National Service Life Insurance without letting my old beneficiary know about it. May I do this?

A—Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent.

Q—One of my arms was amputated because of injuries received while I was in the armed services during World War II. May I select the type of artificial arm I want and the firm I want to buy it from?

A—Yes, you will be permitted to select the artificial arm of your choice, but it must be purchased from an approved prosthetic appliance manufacturer under contract with Veterans Administration.

Q—To what benefits is a veteran with a yellow or blue discharge entitled?

A—A yellow discharge from the army is dishonorable and the veteran is not entitled to Veterans Administration benefits. A yellow discharge from the navy may be honorable or other than honorable. If the navy discharge is dishonorable, the veteran is ineligible

for benefits. If the navy discharge was issued under conditions other than honorable, the veteran is entitled to file a claim and VA will determine whether the discharge was issued under dishonorable or other than honorable conditions. The latter also applies to blue discharges from the army.

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employes.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1600 per employe!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not only many groups—producers, businessmen, pers., passengers and the general public night and day, every day of the year. This important difference between railroads and other industries. Industrial plants can shut down over weekends and holidays, freight, mail, express and passengers continue to move. Everybody who enters road employment knows this.

Strike Threat

On September 18, 1948, the leaders of 16 unions began taking a strike vote. The threat of a strike will not alter the opposition the railroads to such unreasonable demands.

Pipe Set To Caddo In Test On McClure

Casing was set to the Caddo lime Friday by operators, who recently drilled an Ellenburger test on the W. T. McClure ranch, eight miles north of Cross Plains. Plug was cemented and after setting 72 hours was to be drilled and the formation acidized. Results of the production attempt had not been learned in Cross Plains Wednesday at noon.
