Reserves of Coal

In estimating coal in reserve it usual to figure that in a vein of coal one foot thick there would be 1,800 tons under an acre. In a vein three feet thick it would amount to 5,400 tons. About one-third is estimated as wast age, therefore, mined, it would amount to 3,600 tons. The amount might be some less or possibly more.

In estimating coal in reserve it is usual to figure that in a vein of coal one foot thick there would be 1,800 tons under an acre. In a vein three feet thick it would amount to 5,400 tons. About one-third is estimated as wastage, therefore, mined, it would amount to 3,600 tons. The amount might be some less or possibly more.

Feel Achy After Every Cold?

RE you lame and stiff; tired and nervous—constantly A troubled with backache and twinges of pain? Have you given any attention to your kidneys? Grip, colds and chills, you know, are apt to be mighty hard on the kidneys. And if the overtaxed kidneys fail to properly filter the blood, impurities accumulate and throw the whole system out of tune. Then may follow daily backache, rheumatic pains, headaches, dizziness and annoying kidney irregularities.

In such conditions a good stimulant diuretic should help the kidneys flush the poisons out of your system. Use Doan's Pills. Doan's have helped thousands. Are recommended by folks you know. Ask your neighbor!

A Texas Case

C. H. Stevens, ex-proprietor transfer business, 1015 W. Tenth Ave., Corsicana, Texas, says: "My kidneys acted to often I had to get up during the night. 15% of disease avoided through internal cleanliness

WHEN you are constipated, poisons are formed in the accumulated food waste, and reach all parts of the body. The first results, headaches, biliousness, a feeling of "heaviness", etc., serva as warnings of graver diseases to follow if this intestinal poisoning continues un-

This is why intestinal specialists state that constipation is the primary cause of three-quarters of all illness, including the gravest diseases of life.

Physicians Advise Lubrication for Internal Cleanliness

Medical science has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste, and thus hastens its passage through and out of the body. Thus, Nujol brings internal cleanliness.

Nujol is not a medicine or laxative and cannot gripe. Like pure water, it is harmless. Take Nujol regularly and adopt this habit of internal cleanliness. For sale by all druggists.

Some are fearful that we are no going to get that much needed rain. When it is too late to plant a crop, then there will be plenty of time to worry, but some of the best crops that the writer ever made (yes, we are thankful that we grew up close to nature-on the farm) were planted in May and June-and and that is months in the future at this writing. Sure, early rains are always preferably, yet many failures have followed a good start with a good season. There is time yet, so wear a smile and hopeit cost no more, and we will all fee

Sunday schools are crime preventers.
