BIG BUILDING PROGRAM GOING FORWARD HERE

This week three buildings are going up in Cross Plains, and others are under consideration.

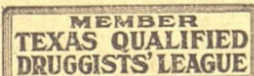

Both the Methodist and Baptist are constructing new church buildings, and work is progressing rapidly on both structures, while the new business house being constructed on south main street, was started last week and will be completed soon it is stated. This building is being constructed by A. J. Olson, of Cisco, and will be occupied by restaurant and barber shop. Who will be next to build? Watch Cross Plains grow.

The Butler Eagle, a newspaper published at Butler, Pa., recounts the death of George Schaffner, age 63, who is a brother of Ed Schaffner of this place, and is well known here, having been here for some time a few years ago in connection with oil interest. He was associated in oil contracting work in wide fields for 45 years. His death resulted from injuries received when he fell down a stairway.

Mrs. T. E. Mitchell who was called to Lamesa some time ago to see her daughter, Mrs. H. T. Dennis, who has been very sick, returned home Saturday, and Mrs. Dennis returned with her for an extended visit.

HIGH SCHOOL SPORTS

The Cross Plains boys basket ball team suffered defeat for the first time this season on Tuesday of last week. They attacked Howard Payne Academy "Rough-Necks" with their determination to win but fate was against them. The boys were somewhat baffled by the indoor courts and the dazzling lights, but nevertheless they scored 16 with the giants slapping them in the face. This game only gave the boys keen practice, something that they needed, for the future will be much more rugged path than the past has been. The boys are going to enter the District Interscholastic Track Meet which will be held at Abilene in April. The vaulting rack was set up Monday for the boys to begin practicing on. Tennis is also becoming very interesting and some 8th grade boys are itching for a try out. We are going to bring home some of the "bacon" from the County Interscholastic Track Meet. So just watch us April 29.

Mr. Featherstone works with the boys every day, it is his words of praise and encouragement that gave the boys new life when they stumbled against obstacles.

The girls basket ball team is still stamping victory on their record and with the last game they manifested new enthusiasm.

SOCIAL

The Intermediate Department entertained at chapel Monday morning with a very educational Washington's birthday program. The program was as follows:

Song—"Work For The Night is Coming."

Musical Selection, Mr. Franke and Mrs. Brabham.

Life of George Washington—Seaborn Collins.

Song and Drill—Sixth Grade Girls.

Reading—Helen Clarkson.

Solo—Mrs. Bryant, Miss Crabb at Piano.

Reading—Evelyn Rutherford.

Our visitors at chapel are getting fewer but we heartily enjoy having a large number of parents with us, when it is convenient for them to come. The entire school sends a cordial invitation to you to visit us. Next Monday the Primary Department will surprise you with an unusual program, don't fail to be present.

A sore throat epidemic seized a number of students last week. There were five absent from the 9th grade for several days but indications are that they couldn't keep up with Brunk's show at night and relate history during the day so they decided to skip history.

We regret very much to hear that two of our beloved teachers Mr. Davanay and Miss Austin are sick and not able to be at school.

Sly Saying of 10th grade

Elma: "How'd the score come out between Cross Plains and Howard Payne, Crossy?"

Crossy: "Don't know, but they had to call time out to keep up with the Brownwood score."

ASSET OR LIABILITY

The Broadway Tabernacle (New York City) "Tidings" suggest that it is a good thing for a church member to ask himself occasionally just how much he is worth to his church. "Let him ask, 'On which side of the ledger do I belong? Am I an asset or a liability?'" The suggestion is a good one. It is an impressive thought that every is on one side or the other of the ledger, and is carried as either a church asset or church liability, adding to a church's resources and efficiency, or a drag and a drain upon them. The old rhyme is pertinent:

"What kind of a church would my church be
If every church member were just like me?"—Ex.

F. M. Gwin, sec'y C. of C.; Porter Henderson, manager of the C. of C. Band, and C. Franke, new band director, motored to Mineral Wells last Saturday to attend the Texas Band-Masters' Association, and meet with the officials of the West Texas Chamber of Commerce. The West Texas Chamber of Commerce Convention will be held in that city in May.

NEW BAND DIRECTOR TAKES UP NEW DUTIES

C. Franke of Dallas, has been selected by the Cross Plains C. of C. Band as director, and assumed active directorship last Monday. Mr. Franke is a young married man with family, and is rated as an A-1 band director with wide and extensive experience, and is said to have been very successful as band director at other points. He is enthusiastic and optimistic as he lays his plans for his future work with the band here.

The band will go to the West Texas C of C Convention at Mineral Wells in May to win first honors in second year band contest. All West Texas remembers the splendid showing our band made at the convention at Brownwood last May. They put Cross Plains on the map in big letters; so to speak, and they are determined to make better showing this coming May.

Mr. Franke will find that he never directed a band with a finer conception of or talent for music, and the band is composed of a splendid bunch of young men and also a few young ladies who enjoy their work very much. Boost the band.

CITY MARSHALL CAUSES MAN TO SPILL LIQUOR

Last Monday two visitors in town mounted their horses and rode east, which was nothing unusual—but information reached the ears of the city marshal, Jim McMillan, that one of the riders had a jar of "fire water" under his coat, so he jumped in a car and overtook them just out of town, and as he drove up beside the two riders, he got out and asked one of them what he had under his coat, and for answer the man put spurs to their mounts and made for a get away. The city marshal shot over their heads a few times, but they only increased their speed, then as the chase was resumed, the man pulled out his jar of wet goods and broke it over the horn of his saddle, then dashed off on a side road and disappeared down a winding road way, leaving only a trail of dust and the remains of the jar and contents. The other rider jumped the track and rode out of sight in the opposite direction. The "evidence", being destroyed the chase was given up for the time being.

COTTON STILL COMING IN TO MARKET HERE

J. W. Payne, public weigher, informs the Review man that cotton has been coming in for a month ever since the first of the year. Monday he stated that he weighed five bales, and only a few days before he weighed out six. Over 6,000 bales have already been shipped from here—and yet it continues to come in. But it is thought that by fall the 1924 crop will practically all be marketed, but who can tell? Come to Callahan county—that of course means that you will likely come to Cross Plains.

J. A. Coates

J. A. Coates, age 78, died at his home in the Cottonwood community, Tuesday, Feb. 17, and was buried in the local cemetery, the following day. He is survived by five sons, John, George, Lee, Owen and Charlie Coates, one daughter, Mrs. Francis Kelly.

Deceased married Angeline Love in 1873, who died in 1912.

He was a Mason for 40 years, first joining the Belle Plain lodge and later transferred to Cross Plains lodge, and was a Past Master at the time of his death. He was an active member of the Methodist church, was a man true to his convictions and loyal to his church. As a citizen he was honored and held the respect and esteem of all. He served as commissioner of this county years ago. He was a pioneer citizen, having resided in the county over 40 years.

The funeral services were conducted by Rev. Davis, assisted by his pastor Rev. Herring, and R. P. Odom. The pallbearers were: J. A. Barr, Rev. Brabham, S. M. Buatt, W. B. Baldwin, W. E. Newton and Jim Underwood.

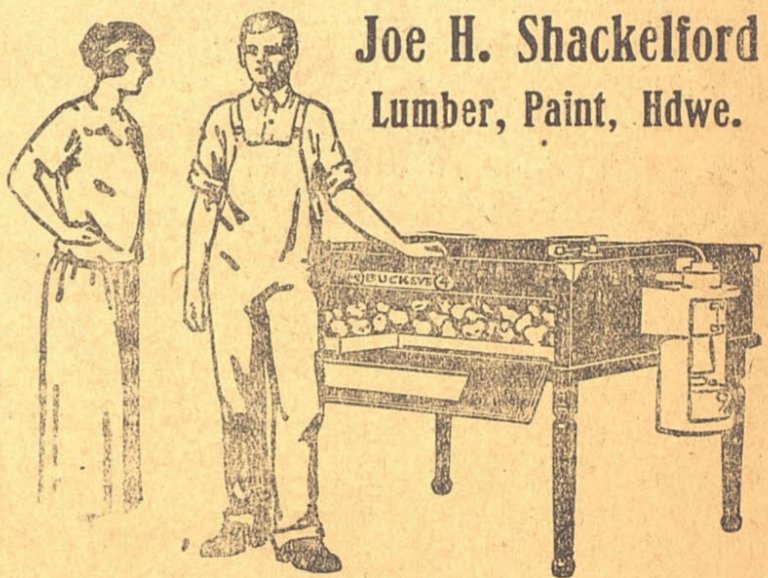

All join in mourning the loss of this good man, and extend condolence to the grief stricken family.

Join the C. of C. NOW.

Extra Chicks Mean Extra Profits

The first step toward bigger poultry profits on your farm lies in selecting the right incubators and brooders. And if you ask the advice of your county agent, agricultural college or any successful poultry raiser you are almost sure to be told "Use Buckeyes".

Ask us for the new Buckeye Catalog—a most complete and valuable book on poultry raising—tells how to feed, cull, get eggs in winter and market for high prices.

Joe H. Shackelford
Lumber, Paint, Hdwe.

CROSS CUT SECTION GETS GOOD PRODUCTION

The Cross Cut section again comes in to the lime light with good producers, and new wells are going down. Local operators are optimistic, encouraged by the continued advance in crude, but at present the water shortage is interfering with developments to some extent. But that will only be a temporary trouble—then much new activity is contemplated.

C. O. Moore & Wilson drilling at 300 feet on their W. H. G. Chambers No. 1.

Mahlstedt Mook drilled in their J. W. Newton No. 3, for 225 barrels.

Conway Bros. & Gilman drilled their J. W. Newton No. 3, few feet deeper and is now making 19 barrels per hour. Canyon Oil & Gas Co. have spudded in on their McDonough No. 7, 80 acre tract.

Mahlstedt Mook spudding in on their Gaines No. 2.

Mahlstedt Mook made two locations on their Newton tract.

CHAMBER OF COMMERCE MEET TUESDAY NIGHT

There will be a meeting of Chamber of Commerce Tuesday night of next week, and it promises to be a good meeting with several important reports to be made, which will interest to each one present. Miss this meeting, at the usual place.

Are you wearing a Chamber of Commerce membership button? If not why not? This organization is working hard in the interest of Cross Plains and adjacent communities. There is a place for every citizen in this wheel of progress.

If you are not interested don't join, but if you are get in the harness.

There is much sickness in the community—in fact too much to attempt a detailed report. Some are critically ill, and others who have been are said to be improving. At this writing there have been no deaths reported in this immediate community this week from sickness, we are pleased to report, yet several are in serious condition.

A Few of George Washington's Rules of Conduct:

U.B. Phrifty

Show not yourself glad at the misfortune of another, though he were your enemy.
Let your recreations be manful, not sinful.
And of law observance he said:—"The very idea of the power and the right of the people to establish government presupposes the duty of every individual to obey the established government."

May all modern sons strive to be worthy of this wise and honorable man—

AMNESTY FOR J. E. FERGUSON VOTED BY SENATE

GOVERNOR AND HUSBAND IN HALL WHEN POLL IS TAKEN.

Austin, Texas.—By a vote of 21 to 6 the Senate passed finally a general amnesty bill to restore to former Gov. James E. Ferguson his political rights.

With Mr. Ferguson and his wife, Gov. Miriam A. Ferguson, seated on the floor of the same chamber where he was impeached in 1917, the Senate first voted 19 to 9 to adopt the majority report recommending the amnesty bill be adopted, restoring rights to the ex-Governor.

The bill came to a vote following more than three hours of argument in the Senate chamber over the two plans proposed for removing Ferguson's impeachment disqualifications—legislative act through bill of amnesty and constitutional amendment.

The rules requiring the reading of bills on separate days before final passage were suspended. The vote on final passage of the amnesty bill was as follows:

For—Berkeley, Davis, Farchild, Floyd, Hardin of Erath, Hardin of Kaufman, Holbrook, Miller, Moore, of Cooke, Murphy, Parnell, Parr, Pollard, Real Russek, Smith, Strong, Ward, Wirtz, Witt, Woodward—21. Against—Bledsoe, Moore of Hunt, Price, Reid, Stuart, Wood—6.

Present and Not Voting—Bailey and Triplett. Paired—Lewis, who would vote no, with Powers, absent, who would vote aye.

TO PROVIDE AUDIT IN HANDLING OF FUNDS

Will Enable Legislature to Have Reliable Figures on Revenues.

Austin, Texas.—To enable the Legislature and the Appropriations Committee especially, to have reliable figures on the revenues of the State for the next two years, a certified accountant will be employed by the House to audit the books of departments handling State funds.

The House adopted a resolution authorizing the audit without opposition, after Representative Eugene Blount, chairman of the Appropriations Committee and author of the resolution, explained briefly the purpose of the audit.

"This is purely a business proposition and casts no reflections on any department," said Mr. Blount. "We won't want to flounder around in the dark in striking a balance on revenues and appropriations. It's not an investigation in any sense. No other business in the world the size of Texas exists where every phase of it would not be audited."

Plans for Caring for the Insane.

Austin.—The state system of caring for insane would be completely reorganized by the Wallace and Irwin bill which was engrossed and passed in the house. The bill enacts the major recommendations of the Texas eleemosynary commission appointed by the Thirty-eighth legislature.

The house also passed the eleemosynary appropriations bill carrying a total of \$7,787,910 for the next biennium, an increase of \$898,419 over the appropriations for the present biennium, but \$100,350 less than the board of control recommendations. The bill includes \$139,520 for the girls' training school at Gainesville, an item stricken from the senate appropriations bill. Opposition is expected when the house bill reaches the senate.

The house passed the Dale and Donnell bill raising the tax on gasoline from one cent to two and a half cents a gallon, and refused to reconsider votes by which bills permitting counties to vote bonds for park purposes and authorizing a commission to a national conference on uniform laws failed of engrossment.

Fish Law Amended.

Austin.—There was passed finally in the house the Wells-Baker of Orange house bill designed to strengthen the present fish law passed at the last session of the legislature. The bill as passed makes it unlawful to catch or sell any red fish or channel bass of greater length than 32 inches and 14 inches, respectively; any salt water or speckled sea trout of less than 12 inches; pompano of less than 9 inches; mackerel of less than 14 inches.

Schools Get \$500,000 Check.

Austin, Texas.—A check for \$500,000 has been handed the Department of Education by the State Treasurer to apply on the available school fund. The money is paid from the general revenue on appropriation by the Legislature. It is one of the largest amounts ever paid by the Treasurer on a single warrant. This leaves the general revenue with about \$100,000. Within a few days the general revenue will have several hundred thousand dollars and will be safely out of the deficit.

ALLEGED SHORTAGES IN VARIOUS FUNDS

AUDITOR SAYS HE CALLED MATTER TO ATTENTION OF GOVERNOR NEFF.

Austin, Texas.—Legislative prison investigators have centered the spotlight on alleged "irregularities" involving Col. J. A. Herring, chairman of the board of prison commissioners, and two managers of prison farms. The name of former Gov. Pat M. Neff, as one who had received both verbal and written reports of certain alleged "irregularities," was mentioned frequently.

M. E. Bogle, employed by the Comptroller, the State Treasurer and the Attorney General to be "auditor of facts as well as figures of the prison system operation," was the single witness examined here in the final session of the committee before leaving for Huntsville. He testified regarding "various irregularities," which he alleged were found by him, and said that after taking one matter before the Walker County Grand jury he was assaulted by R. E. McAdams, manager of the Ferguson State Farm; by a son of Col. J. A. Herring, chairman of the board of prison commissioners, and by three other men who were unidentified.

"I caught McAdams stealing," Mr. Bogle said in his testimony brought out under questioning by Representative Irwin, who, by general consent of the committee has taken the lead in examining witnesses.

"I made McAdams pay back some money to the State," the witness continued. "I caught Jim short on cattle, short on ferry funds and found duplications of expense funds. McAdams has been manager of the Ferguson Farm since October, 1921. McAdams ought to have been fired over any of several matters I reported to Col. J. A. Herring, chairman of the board."

Testimony of the witness next concerned his idea of the law regarding limitations on prison commissioners.

"The law says," he answered Representative Irwin, "that prison commissioners and officials shall not engage in any other business and that they must not be interested personally in any contracts for supplies for the system."

"Then was Mr. McAdams engaged in any other business than tending to his duties as farm manager?" asked Representative Irwin.

"Yes," replied the witness, "McAdams was engaged in other business. He had three leased pastures near the farm and he sold cattle to the prison system. Under cover he is in partnership with J. A. Herring, chairman of the board of prison commissioners."

"Do you mean to say," interrupted Representative Irwin, "that Col. Herring is engaged in another business?"

"Col. Herring is half owner of the Herring-Turner Hardware Company at Madisonville," responded the witness, "and the prison system bought from Herring's own store a number of items used around the farms. I examined accounts, various ones of which were incorrect. In some instances the bills were paid two or three times. These were items bought by Mr. McAdams for the farm."

HOUSE ASKS RULING ON FERGUSON AMNESTY BILL

RESOLUTION REQUESTING OPINION ON LEGALITY ADOPTED.

Austin.—A resolution calling for an opinion from the attorney general on legality of the Ferguson amnesty measure, passed by the senate, was unanimously adopted by the house of representatives. The resolution was introduced by Representative Dinkle of Greenville.

James E. Ferguson is filled with a huge content.

He was riding toward restoration of his full rights of citizenship by virtue of an amnesty bill passed by the senate, which seven years ago took them away from him.

It was the next to the last lap of his goal. It was accomplished after three hours of oratory and when that was finished the senate by a decisive vote placed itself on record in favor of granting him amnesty rather than submitting a constitutional amendment to the people.

Report on Vets' Home.

Austin.—Conditions at the Confederate Veterans Home are not as bad as rumors indicated, it was announced by Representatives J. H. Boggs of San Angelo, chairman of a special investigating committee. More than fifty witnesses were examined, mostly veterans.

Steine Diary Presented.

Austin.—The diary of Captain Adolphus Steine, one of the founders of the Republic of Texas and later a state senator, was presented to the state for preservation in the state library at a joint session. The presentation speech was made by A. G. Greenwood of Palestine in behalf of Charles A. Sterne of that city, a son of the pioneer, Representative Norman G. Kittrell of Houston delivered the speech of acceptance.

**MAN FATALLY INJURED
IN CAR WRECK DEAD**

Eugene Crockett, age 25, died in hospital at Pioneer, Feb. 16, from injuries received in a car wreck last Friday night, at Burkett. He was rounding a corner at the Christian church just in the edge of Burkett when his car quit the road turning over on him, injuring him fatally. He worked in the oil field at Pioneer. Another young man was with him, but not seriously injured. Mr. Crockett's people live at Denton and his body was shipped there for interment.

Higginbotham's undertaking department took the remains to Cisco for shipment back home.

**CHANGES MADE IN CROSS
PLAINS MERCANTILE CO.**

A deal was consummated last week whereby S. F. and B. B. Bond took over the interest of Joe and Archie Baum in the Cross Plains Mercantile Co. No other changes were made in transfer of stock, the Review is informed.

We have just received a letter from a Review reader in Hawaii, and we reproduce the following paragraph from his letter:

"Am still getting the Review and am always very glad when it comes for I am reading the 'Judith of the Blue Lake Ranch,' and it is a real good story, and too, I like to read the news and find out what is going on in that country you know, as I am a Texan as yet and like to keep up with what is going on in my home state and I would be greatly disappointed should I miss an issue of the Review, so be careful and not lose me off the mailing list".

The Review goes all over the United States and finds its way into foreign countries, so matter published in your home paper is read by many in remote parts of the earth—and when they miss a copy we usually hear from them.

Deer Plains News

Farming is being delayed some in our community on account of the dry weather.

There has been much sickness in our community during January, and to present time.

Florence Pierce had pneumonia during January and has not yet come back to school.

Mrs. Oscar Gage was very sick in January with a boil her hand, being disabled to work the entire month, but is well at this writing.

Mrs. R. L. Holder and sons, Spurlin and Autry are sick with lagrippe at this writing.

Mr. and Mrs. Luther Shipp visited R. L. Holder Sunday and attended the sick. Mr. Shipp lives on Mrs. Pates farm where J. Meador formerly lived. Mr. Shipp and son, Elmer, worked in Cross Plains last week on the new Baptist church.

Mr. Tom Bruce is still butchering beeves, and trading in cattle.

Mr. Burris Irvin sold a small bunch of cattle to Mr. Carter of Rising Star last week.

Miss Ethel Pierce and Mrs. Burris Irvin and children visited in Cross Plains Sunday.

Mr. Lee Pierce of Dallas visited home-folks here last week.

Mr. George Miller and Mr. John Dew made a business trip to Eastland City last week.

Mr. Tom Harris received injuries in hip Saturday, Feb. 7, while breaking a young mule. We understand that the mule ran against Mr. Harris knocking him several feet, falling on the ground. Mr. Harris is reported to be able to be around at this writing.

Mr. Briggs Irvin of Abilene visited in the home of Burris Irvin the past week end. Briggs is attending school in Abilene.

Mr. B. C. Chrisman our county superintendent visited our school last week and suggested some improvements in the drinking system.

W. E. BUTLER

Buy Time Tried Implements

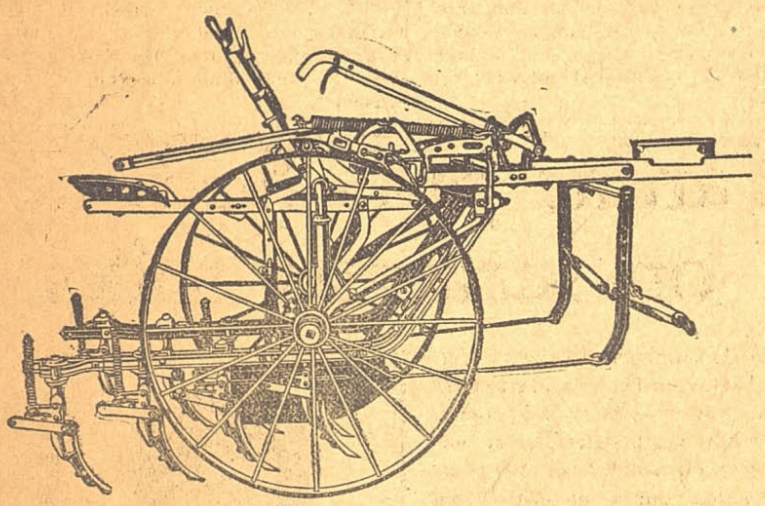

In the J. I. Case, John Deere and P. & O. Lines

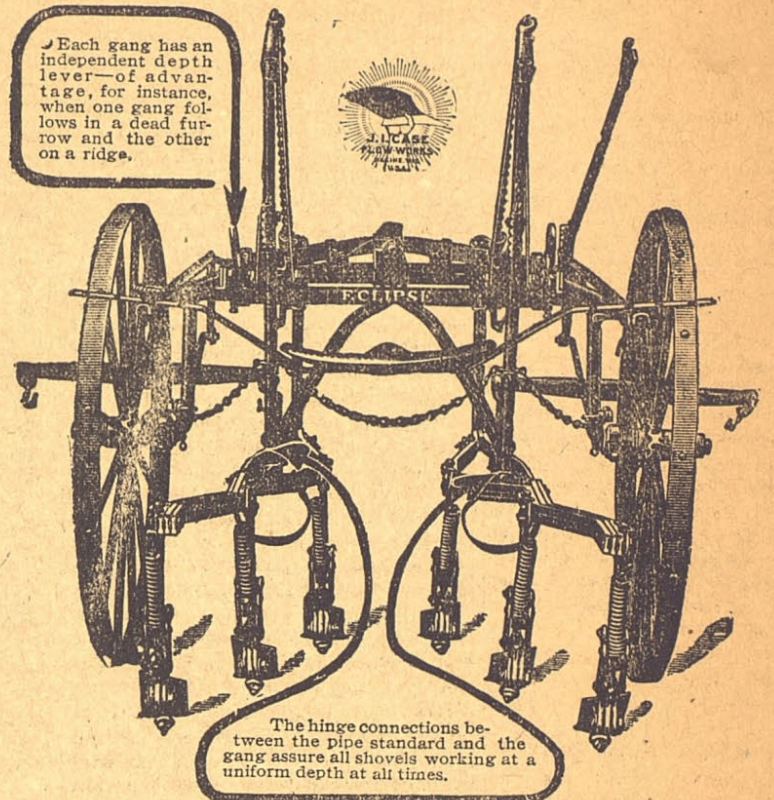

Drag bars for covering shovels are hung under the axle. Shovels can be easily forced down into all low places.

One motion of this lever lowers or raises sweep, starts or stops seed, and lowers or raises covering shovel.

Strong, heavy standard, sweep or middle buster can be used.

We have a complete stock in the above mentioned lines and can fix you up in either line with either single or double row cultivators and planters. Also the lister planters. We have farm implements for every use, having just received four car loads, and it'll be a pleasure to show you what we have to offer at this time. These well known lines have stood the test of time and their popularity is thoroughly demonstrated in the growing demand for these implements; there are many reasons for their popularity, which we will be glad to demonstrate.

Each gang has an independent depth lever—of advantage, for instance, when one gang follows in a dead furrow and the other on a ridge.

The hinge connections between the pipe standard and the gang assure all shovels working at a uniform depth at all times.

BE PREPARED, TIME COUNTS

Have your Implements ready for prompt service when it rains, as time will mean much then; weeds will get a good start on your crops unless you're ready and prepared for immediate action with proper implements. When in town, visit us. We appreciate your trade.

LAW NEEDED FOR COMMON CUPS

Texas One of Few States Without Legislation Against Disease Carrier.

URGED BY HEALTH OFFICERS

Many Municipalities Make Up Lack of Statutory Mandate With Local Ordinances.

In a recently made survey of the laws against the common drinking cup it has been found that Texas is one of the few States of the nation that has not written upon its statute books legislation to curb this menace to public health. Nor has Texas adopted the Railway Sanitary Code which prohibits the use of the common drinking cup on trains and in stations.

The seeming apathy against this agent of infection is offset in part by the action of various cities and towns which have passed their own regulations to abolish what some sanitarians have called, "The Goblet of Death." Recently in Dallas an intensive drive was carried through to compel soda fountains and other places of public drinking to protect the public against the danger of the common cup. The ordinances of other cities, notably San Antonio and San Angelo, have been on the books for many years and have been found effective in reducing the rates of illness and death.

There has been a general acceptance of the knowledge that most of the infection that afflicts communities and is carried into Texas from other States is due to the common cup. The United States Public Health Service in Bulletin No. 57, charged this agent with responsibility for the communication of tuberculosis, pneumonia, tonsillitis, typhoid fever, scarlet fever, infantile paralysis, diphtheria, measles, influenza, grippe and common colds.

This bulletin was issued in 1912 but before that time Texas had gone on record against the common drinking cup. In 1911, a bill, entitled "An Act prohibiting the promiscuous use of a common drinking cup, glass, or other vessel, for water drinking purposes, on railway trains, in railway stations, in schools, churches, theatres or any other public place" was introduced by Senator Warren. This bill was reported favorably but died on the calendar.

The measures that have been adopted by other States have been promoted by sanitarians who demonstrated that more than forty per cent

Citation

THE STATE OF TEXAS

To the Sheriff or any Constable of Callahan County—Greetings:

You are hereby commanded to summon H. A. Orsak by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of District Court of Callahan County, to be holden at the Courthouse thereof in Baird, Texas, on the first Monday in March, 1925, the same being the 2nd day of March 1925, then and there to answer a petition filed in said Court on the 26th day of January, 1925, in a suit, numbered on the docket of said Court No. 4014 wherein B. B. Bond is plaintiff and H. A. Orsak is defendant, said petition alleging that plaintiff is now and was on June 26th, 1923 lawfully seized and possessed of Lots 11 & 12, in Block No. 45, in Central Addition to the Town of Cross Plains, in Callahan County, Texas, owning the same in fee simple title; that on said date, defendant H. A. Orsak unlawfully entered upon said land and ejected plaintiff therefrom and ever since said date has withheld the possession thereof to his damages \$500.00; that on said date, that is, on June 26th, 1923, plaintiff sold said land to defendant by deed expressly reserving therein vendor's lien to secure payment of part of the purchase money for said land, which consisted of two notes, dated June 26th, 1923, for \$166.68 and \$166.67, signed by defendant, payable to plaintiff or order, with 10 per cent interest from date until paid, payable June 26th, 1924, and June 26th, 1925, respectively, reserving vendor's lien on the land described above, both notes providing that failure to pay either or any installment of interest thereon should at the election of the holder mature both notes, and providing for 10 per cent as attorney's fees; that one of said notes and the interest on both are past due, and plaintiff elects to declare both notes as matured; that plaintiff has never relinquished the legal title to said land, but same is still in him and he here sues defendant for said title and the possession of said land, thereby electing to sue for said legal title rather than to foreclose on said notes; that he prays the Court for judgment for the title and possession of said land, for—writ of restitution, for such other relief to which he may be

entitled.

Herein fail not, but have you before said Court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness Mrs. Kate Hearn, Clerk of the District Court of Callahan County, Texas.

Given under my hand and seal of said Court, in the City of Baird, Texas, this the 26th day of January, 1925.

MRS. KATE HEARN,
Clerk of the District Court of Callahan County, Texas.

Issued this 26th day of January, 1925.
MRS. KATE HEARN,
Clerk of the District Court of Callahan County, Texas.

CARR QUARTET WILL ENTERTAIN THURSDAY NIGHT

The Carr Quartet, consisting of Messrs Carr Huggins, Shuffield and Cannon, will render a program at the school auditorium tonight (Thursday) old Southern Melodies, Negro Melodies, popular songs and semi-classical music of the old favorite variety will make up the major part of the program. These men are wonderful singers. They rendered a special program at the Baptist services at the Ideal Theatre building Sunday night. Mr. Cannon, blind bass singer, has been here before and many know of his exceptional singing. Who doesn't appreciate good singing—especially from such singers as the Carr quartet.

Dr. W. R. and Barney Lindley motored to Mertzon, in West Texas, Saturday, returning Sunday.

TRIP TO AUSTIN MADE IN INTEREST OF HIGHWAY

Sunday night, F. M. Gwin, of this city, in company with Judge Victor B. Gilbert and B. L. Russell of Baird, and Mr. Webb, county engineer, left for Austin, to meet with the state highway commissioners, and consult with them about a new highway for this section. Probably next week more may be said, but at this time it is not expedient and would be premature—but here's hoping!

Herman Rieger, now of Corsicana, was here the past week end, and his family who have been visiting here returned with him. Gene Adams and son, Olan followed with truck load of their household goods. Mr. Rieger and family will move into their new home there.

Join the Chamber of Commerce.

Plus Value in Shirts for Spring & Summer

AVERY Jack Rabbit Cultivator

"Free and easy"

Farmers everywhere are talking about the Avery Jack Rabbit Cultivator. "So free and easy in its operation," says one. "Its perfect balance is a remarkable improvement," says another. "It's all our row crops as does no other," says a third.

It is because of the enthusiastic approval of farmers that the Avery Jack Rabbit is always out in front—a leader wherever shown or used. Its three outstanding features are:

(1) Perfect balance in all positions—whether gangs are raised or lowered.
(2) Runs free and easy—no sluggishness or stubbornness to mar its fine performance.

(3) Equipped for cultivating all row crops over 24 inches—is out and going at all times and under all conditions.

Investigate the Avery Jack Rabbit Cultivator. Test it for all the above advantages. You'll be convinced that it handles easier and does better work in more kinds of crops. Also that it is carefully constructed of the best materials, having years of trouble-free service.

Back of the outstanding superiority of this cultivator is a century of implement building experience and the world's finest implement factory. Call at our store any day. Let us give you a complete demonstration and full details.

There is a full line of famous Avery walking, riding and tractor plows, tillage implements and Champion harvesting and haying machines

3 reasons why the Jack Rabbit is "Out in Front"

1 Perfectly balanced in all positions.
2 Free and easy running.
3 Equipped for cultivation of all row crops.
