County Officials Go To Austin To Appear Before Commission

Officials of Callahan County left Tuesday to appear before the Texas Commission on Jail Standards in compliance with the 10 violations found during an inspection made by Robert Dearing May 5.

One of the violations has been remedied concerning first aid equipment on hand, and a variance was given on the violation of a shower not being provided for the separation cell. Corrections on the other

violations are pending until after the Austin meeting.

In a 1981 jail census a total of 410 were incarcerated with only 59 over 3 days, and felonies totaling 58.

This census was to be presented to the commission in Tuesday's meeting.

Bids have been received on a fenced recreational area, but will not be approved until after results of meeting Tuesday are known.

Mayor Designates June 26th As "Clean-up Day"

Mayor Frank Payne has designated June 26th as "Clean Up Day" and is to be sponsored by the Chamber of Commerce.

This date was decided on at the last council meeting so it would be prior to the July 4th Celebration.

Viva Peek of the Chamber of Commerce said the Chamber will spray weeds on Market and adjoining streets, and are asking the merchants to clean up the fronts of their stores.

Participation last year from our com-

munity was poor. We would like to see this improve this Clean Up Day.

The City will wash down the streets the night before.

Workers are asked to bring their own yard tools, and donations of coffee and donuts will be appreciated.

Mrs. Peek also would like to remind everyone on the July 4th Celebration to be held July 3. The Chamber is selling tickets for the Cooker to be given away that night. They are also looking for volunteers for the dunking board.

Dispositions Pending For Juveniles Involved In Incidents

and were released in the custody of their parents. Disposition is pending in the cases.

Monday, after pulling a gun on another child on the Baird School ground, 3 other juveniles were brought in, also released in custody of their parents pending disposition.

Twenty-five teams are expected to compete this weekend in a Guys and Dolls Golf Tournament at Lakewood Recreation Center, midway between Cross Plains and Rising Star. Play will run through Saturday and Sunday, June 26 and 27, and entries will be accepted until mid-afternoon of the first day.

Play will be in the form of a man and woman scramble and total score for the two days will be computed in determining winners. Players are expected

to be bracketed into three flights. Cash prizes will be awarded. Entry fee is \$50 per team.

A highlight of the tournament will be a catered dinner in the clubhouse Saturday evening at seven o'clock.

Entries have already been assured from Baird, San Saba, Cisco, Coleman, and Brownwood, as well as the host club. Lakewood officials urge visiting golfers to bring their own carts if at all possible. Only a limited number will be available for rent here.

Dinner Theatre Plays Full House

The Roof Garden Dinner Theatre in Cisco played to full houses last week end in its presentation of "I Ought to Be in Pictures," by Neil Simon. Some people had to be turned away from the Saturday performance because there were no seats left.

Philip Craik, director of the theatre, devised a method of elevating the audience so that every seat in the small theatre is a good seat.

The dinner had a main entree of filet of chicken breast in orange sauce with rice pilaf, broccoli with cheese sauce, spring

salad, and a dessert of cherry cheese cake. Wyley Peebles, head of the CJC Fine Arts Department, who supervises the summer program, said that guests were quite complimentary of the meal.

At the time of this writing some seats are available for each of the remaining performances of "I Ought to Be in Pictures".

Those who intend to see a performance June 17, 18, or 19, are urged to make their reservations early. All seats are reserved, and cancellations should be made by noon the day of

the performance. Call 817-442-2567 during business hours or 442-2589 after hours.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de ésta union se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

County Agent Recommends Spider Mite Control

Spider mites are being found on tomato and other garden plants in almost all areas of the county, says Greg Gerngross, County Extension Agent.

These mites are microscopic in size, orange-red in color and reproduce rapidly during hot dry weather. Complete development from egg to adult require about 7 days.

Damage from mites can be quite extensive if they are not controlled. Leaves and stems begin to turn brown or the whole plant may turn brown and die are the typical symptoms of spider mite damage.

These mites can be controlled by applying a recommended insecticide such as Kelthane. Two other insecticides recommended for use are Malathion or Sulfur dust. Be sure to follow label directions for application and harvest.

For more information on gardens insect control contact the County Extension office located on first floor on the Courthouse.
