

E.M.S. Group Gets \$150 And System For Paging

Cross Plains Emergency Medical Service received \$150 in cash donations and the beginning of a paging system during the past week, according to an announcement by Shirley Emmons, coordinator for the service.

She listed the donations as Earl Montgomery \$30, Mr. and Mrs. J. L. Bonner \$25, Mr. and Mrs. R. E. Edington \$25, anonymous \$25, Mr. and Mrs. H. F. Callaway \$10, Mr. and Mrs. Elvis Scott \$10 and Mr. and Mrs. H. T. Griffin \$25.

Following is an article authored by Mrs. Emmons.

"The ambulance service is in the process of obtaining a paging system. In order to operate we had to have a radio tower and also someone to maintain a 24-hour dispatch.

"Our deepest thanks to N. L. Dillard and Mrs. Marie Dillard. We have obtained the use of their tower located at the home of Mrs. Dillard on Highway 36 East. Also with much thanks to Col. Raymond Lee, owner, and Mrs. Frances Wolf, administrator, of Colonial Oaks Nursing Home who have so graciously agreed to have their nurses on duty to maintain the 24-hour dispatch for the purpose of acting as the paging system.

This system will enable the personnel of the ambulance service while on call to be away from the phone and still be reached when needed. In the past, the personnel when on call (which is 24 hours a day, 7 days a week) had to be where they could be reached by phone at all times.

"I would like to take just a little space to say thanks to all the personnel of the ambulance service for their cooperation and long hours of work without pay. Had it not been for these people, our ambulance service could never be. To the families of these over-worked people, I know how hard it is to work lives around this kind of schedule. May God bless your homes for this great sacrifice.

"It will be several months before the paging system can be obtained and installed. We are looking forward to this great time.

"Thanks to all of you who have made donations which have made this possible."

Following is a note received by the Emergency Medical Service along with payment from R. Owen Fuqua of Dickinson, who was injured in an accident near the state roadside park during one of the ice storms.

"Thanks a million . . . \$88.50 seems like a small amount when I think of the rather dire cir-

Savings-Loan Office Here Is Opposed

Application by Southern Savings and Loan Association of Brownwood for a branch office in Cross Plains drew opposition from Citizens State Bank of Cross Plains and Olney Savings & Loan Association of Olney.

The opposition was voiced in a hearing in Austin Monday.

It was explained by officials at the hearing that all factions involved would be advised of another date for presenting reasons for the opening of the office in Cross Plains and reasons for opposing the opening.

School's Tax Office Closed This Week

The School Tax Office on Main Street is closed this week while Peggy Dickson, Cross Plains Independent School District tax assessor-collector, is attending a school in Houston.

The three-day school is a prescribed course in Mrs. Dickson's becoming a certified Texas assessor, a requirement mandated by state law of all school districts.

This week's school is the local lady's fourth in a total program of seven schools. It is required that she successfully complete five of the schools in two years. Upon completion of the schools she also must pass written state examinations.

The tax office will re-open on regular schedule Monday, Feb. 12.

Georgia Ann Bennett Notes 100th Birthday On Sunday

Georgia Ann Bennett, resident of Cross Plains for over 65 years, celebrated her 100th birthday on Saturday and Sunday at her home on South Avenue D.

She was born Feb. 3, 1879, in Black Springs, Ark., and came to Texas with her parents, Dr. and Mrs. George Washington Gray, when she was 10 years old.

On April 12, 1900, Georgia Gray married James William Bennett of Gorman, and they lived in Gorman until they moved to Cross Plains in 1911. Of three children Linna and George were born in Gorman, and May in Cross Plains.

Mrs. Bennett had a birthday party for her family and relatives on Saturday and on Sunday friends and neighbors called to share her birthday cake with her.

Among the many out-of-town phone calls and cards she received was a card from the White House congratulating her on her special day signed by Rosalyn and Jimmy Carter, also a letter from the MK&T Rail-

No New Filings In City, School Votes

There had been no new filings at mid-afternoon Tuesday in the upcoming city and school elections which are to be held April 7.

Ray Purvis has filed earlier for the Cross Plains City Council. He was appointed some time ago to fill an unexpired term. Other places expiring are presently held by Raymond Franke, Bob Lane and Frank Robertson.

There were no candidates for Cross Plains School Board. Terms of Joe E. Hanke, Jr., president of the board, and Charles H. Payne are expiring. Payne was chosen last year to fill an unexpired term.

City aldermen are named for two-year tenures, and school trustees are elected for three-year periods.

School Drama Club Cards Comedy Thursday Night

The Cross Plains High School Drama Club will present a Myss Hart and George Kaufman comedy, "You Can't Take It With You," on Thursday, Feb. 8, at 7:30 p.m. in the school auditorium.

Adult tickets are \$1.50 and student tickets are \$1.00. Tickets may be purchased in advance from any drama club member or they may be bought at the door the night of the play.

"You Can't Take It With You" is a zany comedy about a family who has coped with the "rat race" by just relaxing and enjoying life. While they may be out of step with the rest of the world, their way of life is very inviting, a club spokesman stated. Hart and Kaufman wrote this play following the Great Depression and intended for the play to relieve the tension surrounding money problems and provide humor in times of stress. The play is as effective today as it was so many years ago, it was explained.

Sleet, Freezing Rain Hit Cross Plains Area Again

Apparently the Ground Hog did see his shadow on Friday, Feb. 2, for by Sunday a cold, Winter rain preceded a liberal coating of sleet and freezing rain in the Cross Plains area.

The rain was light and gentle and was considered to be of great benefit to rains crops and winter pastures. Very little runoff water was reported to alleviate the problem of low earthen stock tanks. Most of those were dry or nearly so when rains last August filled most of them. They have caught little water since.

Early Monday morning sleet began to fall across the Cross Plains area, by daylight the ground was white. The sleet and freezing rain slowed traffic, but Cross Plains Schools held classes, although many absences were reported.

Although the sleet and freezing rain seemed to build up over the area, well-traveled roads were passable, improved during the day by vehicles.

temperatures were never extremely cold in the period, although during the morning Monday readings of about 20 to 25 degrees were reported before noon.

More sleet and freezing rain fell in the late afternoon and early evening Monday making traveling more dangerous. Although again temperatures did not dip to the upper teens as once forecast, roads were a slick glaze Tuesday morning.

Cross Plains Schools dismissed classes. It is the fourth day that will have to be made up due to inclement weather.

Travel in the Cross Plains sector was being discouraged Monday night and Tuesday morning. Although there were no reports of major traffic hiccups, travel was slowed considerably for some time. Reports reached the Review Tuesday about noon of a large truck blocking Highway 36 for some time several miles west of Cross Plains.

Ice began slowly melting late morning Tuesday and most roadways within the city were open but remained wet at mid-afternoon. A report at noon indicated a major thoroughfare open, but some icing still existed on lesser used roads and highways.

About four inches of snow was reported in Abilene and the Baird and Clyde areas with somewhat greater amounts in the Cisco area. Cross Plains got very little snow, most that fell in light flurries Tuesday afternoon.

This week's covering of ice is the fifth time this year that local residents have witnessed at least a light covering of ice, sleet and generally miserable weather. The other two major sieges of icy weather were New Year's week end and the week end of January 7. Light collections of sleet and ice were also visible here on January 10 and again on January 29.

Moisture received from the rain on Sunday was estimated at between 1.00 and 1.50 inches. There was no estimate of the freezing precipitation and sleet. Gauges had either frozen and burst or were turned upside down.

Persons connected with agriculture are elated over the moisture, and most observers are indicating it's a fine start toward hopefully a good year.

Roof Fixed, Work Resumes As Library Opening Nears

Work continues on the library so that a possible mid-February opening can be achieved. Look for a special window display this week. Watch next week's paper for an opening date.

Patrons will be required to sign an application card before using the library Parents will need to sign the card assuming responsibility for children. When a patron has no phone number, they will be expected to give the name of a friend or relative who does. Overdue notices will be given via phone.

Books will be checked out for a two-week period. After that time a fine of 5 cents per day will be charged in keeping with the policy of the Callahan County Library in Baird.

Library officials want to emphasize that the use of the library is free. All that is expected is that patrons adhere to the rules and take care of the books.

Vera Pearl Bunnell and Lois Garrett are busy preparing a work schedule in order to keep the library open a maximum of

20 hours per week. Anyone who has not been contacted about working and would like to do so should contact one of these ladies. The work schedule will be eased by more people volunteering.

Cross Plains and Baird library committee members are on the agenda of the Callahan County Commissioners' February meeting to discuss budget needs.

Books were given this week by Vicky Sandova, Donnie Worley, Mattie Faye Dixon, Courtney, Alicia and Whitney Kirkham, Randy and Wanda Cave; Paula Kay and John V. Hanke; Mrs. W. G. McCoy and Shelli, Jeff, and Tim McCoy.

David Morales contributed \$100 toward the new roof that has been placed on the building. The committee is appreciative of J. C. Bowden this week who solved a heating problem.

Women's Teacher Society Convenes At Lakewood

The Beta Upsilon Chapter of Delta Kappa Gamma Society met Saturday at Lakewood Recreation Center for the annual birthday salad luncheon. Hostesses for the occasion were Mrs. Raymond DeBusk, Mrs. Ross Shaw, Mrs. Kenneth Sowell, Mrs. Roy Stambaugh, and Mrs. Lindsey Tyson of Cross Plains; Mrs. Conrad Schaefer and Mrs. Melvin Shook of Rising Star, and Mrs. Roland Nichols and Miss Isadore Grimes of Baird.

Membership of Delta Kappa Gamma Society is composed of women teachers. Beta Upsilon Chapter includes members of Callahan and Eastland counties.

The serving table was covered with a gold colored lace cloth and was centered with an arrangement of gold silk flowers in a gold bowl. The lace cloth was designed and hand-made by Mrs. Conrad Schaefer. She pieced together pieces of Normandy lace which members of her family had accumulated through the years. Mrs. Schaefer worked on the cloth for

seven years.

The luncheon tables were covered with cloths decorated with a valentine motif. Other table decorations included attractive valentines which were made by Mrs. Kenneth Sowell and her pupils. A red rose floral arrangement and red candles were also used in room decorations.

At the conclusion of the salad luncheon white cake squares decorated with frosted red hearts and small white candles were served to members. "Happy Birthday" to Delta Kappa Gamma was sung and the candles were lighted. The observance was a tribute to the 43rd birthday of the organization.

The president, Mrs. R. B. Golemon of Ranger, presided during the meeting. The program was presented by Mrs. Rudolph Little of Eastland. Her topic was entitled "Golden Dreams Fulfilled—Delta Kappa Gamma Scholarships." Members contributed to the scholarship fund.

**Reap Higher Profits By
Culling Herd Says Agent**

One sure way to cut winter feed costs and generate income is to cull and sell cows that will not calve and that wean light-weight calves.

Winter feed costs, depending on management, are generally between \$50 to \$100 per cow, and accurate culling based on an individual cow's performance can cut these costs and improve profits, points out Greg H. Gerngross, Callahan County Agent with the Texas Agricultural Extension Service.

Maintaining accurate performance records on each cow is the key to accurately determining reproductive efficiency. These should include the cow's lifetime production in the herd,

age, conception data, calving dates and weaning weights of calves as well as calving intervals.

Without cow identification and performance records, culling is limited to a pregnancy determination and visual inspection which are important and should be practiced by all beef producers whether they have performance records or not. A veterinarian should check cows for pregnancy and soundness and remove open or defective cows. Open cows left in the herd gradually eat up profits and give nothing in return. They should be the first to go.

Month of birth and age of calves are two important factors affecting differences in weaning weights within a herd, explains Gerngross. Older calves will weigh more than younger calves, and research results show that calves born in winter and early spring weigh from 35 to 80 pounds heavier at weaning compared to summer and fall calves. Calving dates are helpful in culling and can also help detect cows with breeding problems by determining the calving interval. Each cow should have a calf each year.

Weaning weights can be used more accurately in culling if they are adjusted to a common age such as 205 days. Cows can be compared and culled on the basis of their milking ability.

Producers will have to decide how extensive a record system they need. However, when it comes down to culling cows, there is no substitute for good records, contends Gerngross. Good cow performance records not only can save money but can be used to increase the production level of the herd by selecting top heifers for herd replacements and identifying high performing individuals for sale.

Herd record forms can be obtained from the county Extension office.

**WHY YOUR PHONE KEEPS
WORKING WHEN THE T.V., LIGHTS
AND TOASTER DON'T.**

In the event of a power outage, it's good to know there are a couple of things you can depend on.

Like a reliable flashlight with a fresh set of batteries. And your telephone.

Unlike regular electrical appliances, your telephone won't go dead during a black-out. That's because it's backed up by a secondary power system consisting of batteries and a standby generator.

But these batteries are unlike anything you'll find in a flashlight. Ours are large enough to fill a room.

The batteries are kept in constant charge by commercial power. Then if there is an outage they're switched on automatically until our standby generator has time to take over.

Naturally this system is more expensive than one relying solely on regular commercial power. But it helps make your phone system more dependable, particularly in the event of an emergency.

And we think it's important that you can depend on your telephone during the times when you depend upon it most.

Rowden Sector News

By Mrs. N. V. Gibbs

Those visiting Sunday with Mr. and Mrs. Don Harrell were her parents, Mr. and Mrs. Ted Newberry, Mrs. Dorothy Kimbrough and Mr. and Mrs. Frank Harrell all of Abilene.

Mr. and Mrs. Don Harrell, his parents, Mr. and Mrs. Frank Harrell and the Bob Dye family ate out at the Driftwood Restaurant Saturday night.

Calls on Monday over the community revealed the lack of visiting during the past week. Most of this was due to the severe cold weather.

Mrs. Warren Price reported getting out only to see her doctor in Baird. While there they visited her sister, Mrs. Barney Gibbs and husband.

Judy Steele moved her sewing machine by the fire last week to do some sewing for her children. Sunday morning little Bill Steele proudly wore his newly made coat to church.

Vernie Bell Mauldin is usually busy sewing, piecing or quilting throughout the year, while Mrs. Ray Boen has a hobby of collecting old jewelry. These are designed and glued on wood covers from kleenex and jewelry boxes. She also helps her sister, Christine Bower, dress and repair dolls.

Mrs. Leila Gibbs was found busy sewing quilt squares last week. She has always kept busy with her hands and has made many beautiful items throughout the years.

Mrs. Sterling Odom is crocheting an edging for a table cloth during the cold weather.

Mrs. Bob Dye has been refinishing some old pieces of furniture and this writer found Edna Dye busy with her china painting when called on Monday.

Mrs. Robert Watson, or Dorothy as we know her has been busy keeping the home fires burning while the boys are in school. Robert is in Wichita Falls on a building job with his brother. They are building an apartment complex and have decided it was the wrong time of the year for that work due to the cold weather.

Maryana Harrell said she had rather work outside than in so she spends some time helping her husband, Don with the stock and outside work.

Two other ladies, Joy West and Dorothy Reynolds also spend a lot of time out with chores for the stock. Joy also enjoys growing pot plants and likes to crochet.

Leona Gary has a show room in their store for her violets. She has plants at every stage of growth and has good luck with them.

Lera Faye Harris is a busy housewife like most of the women in the community.

Earlene Dye is the only lady who commutes to Abilene five days a week where she teaches school.

Bitsy Bennett is one of the newer people in the community. She likes to look for antiques and also does refinishing of the pieces.

Mrs. Pete Swafford is an experienced seamstress and enjoys sewing for her family.

Some of us have not met the John Schlitter family who live on the Gibson Ranch. They are from Rising Star and have a daughter named Stacy.

New people in our community are Mr. and Mrs. Tommy Merriam who have purchased a place just north of Mrs. Ray Boen. They are from Cross Plains. We hope to know them when they get moved to their new place.

Mr. and Mrs. Don Harrell were in Abilene last Friday where they visited in the home of Don Harrell, and Mr. and Mrs. Eddie Kreiger. They also visited Mr. and Mrs. Eugene Bell and little daughter on Thursday night. They live near Baird.

Buffette JV Team Drops 5 Outings

The junior varsity Buffettes at Cross Plains High School dropped their last five outings on the hardwood. Two of those losses were by just two points each, and the team showed promise in spots.

Three of the defeats were against counterparts in regular District 10-A competition.

On January 23 visiting Goldthwaite beat Cross Plains 30-20. Locals played a good second half with both units tallying 14 points. Scoring for Buffettes were Janet Reynolds 8, Paula Allen and Leesa Higginbottom 6 each.

At Bangs on January 30 the hosts nipped Cross Plains 19-17. Scoring for the locals were Miss Higginbottom 6, Kathy Jones and Carla Strength 4 each, Miss Allen 2 and Miss Reynolds 1.

Here last Friday Ranger edged Cross Plains 15-13. Miss Reynolds and Miss Allen had 4 points each, Miss Jones 3 and Kim Hedrick 2.

In a junior varsity tournament at Bangs on Saturday Bangs beat the Buffettes 24-15. Local scoring was Higginbottom 6, Jones and Allen 4 each and Miss Strength 2.

Santa Anna beat the Buffettes 22-16 in the consolation game. That scoring was Higginbottom 6, Jones and Allen 4 each and Miss Strength 2.

Stenholm Lands Seat On Ag Sub-Panels

Congressman Charles W. Stenholm has been appointed to the following Subcommittees of the Agriculture Committee: Livestock and Grains; Cotton; Oilseeds and Rice; and Dairy and Poultry. The Congressman sought membership on these subcommittees as he feels these assignments will be particularly important to his representation of the diverse interests of the 17th District of Texas.

The Congressman noted that the 17th District includes 12 of the top 70 cotton-producing counties of Texas, three of the top five peanut counties, two of the three leading milk-producing counties, in addition to the extensive livestock and grain production in all counties throughout the district.

Mr. Stenholm went on to say "the 17th District of Texas is one of only 24 agricultural districts in the Congress today. I feel most fortunate to have this opportunity to work on the problems in agriculture and to speak out on the needs of not only the farmers and ranchers but the entire economy of the 17th District of Texas."

NAME CORRECTED IN RECENT NEWS COLUMN

A recent column of Pioneer News which appeared in the Review included an article about the "Curry Trio" singing at the McCowen funeral. The name should have been Cowan.

The Curry Trio sang at the final rites for Mrs. John R. (Bernice) Cowan who died at Colonial Oaks Nursing Home in Cross Plains on January 17.

The Bible Speaks - A Two Edged Sword!
(The COSTS of silence & neglect: bloodguiltiness - famines, rapes, tyranny, wars, no peace...)
(Another teaching-aid of The Miletus Church)
We earnestly proclaim and show that the Gospel of Jesus Christ is now relevant to the destructive scenes witnessed today: tyrants wickedly imprisoning men for righteousness defined as evil, the fruits of good working men judicially demanded by the covetous, families separated and alienated by false teachers, land untilled because of legislated confiscatory taxation, workers and students patronized as misfits by the elitists because they are not yet skilled to justify a man's wages, and savings of the frugal wasted by power-blinded, self-clerks called legislators whose evil policies are enforced by judges who now decree that the murder of infants is legal because its a law.
As His faithful ambassadors we speak to men of every walk, of every profession, of no particular calling; but men each one. The God of Daniel, Isaiah and Paul is presented to them. Their sins, depravity & wretchedness is exposed: technical competence and discipline but such moral failures; claimed social planning experts & messiahs for the ever new society but divorced, fathers of rabble rousing children and ever in debt. Yea, degreed as Doctors but ignorant of the clear historical failures of their presently espoused unnew ideas of controls & ever increasing slavery, bondage and despair. These we expose and do call all professing believers to examine the completeness of their claimed faith vis a vis the Bible. For our God is not mocked; men do act according to what they believe, and all men will reap what is sown. THEREFORE, it is right and of urgent necessity to reprove the rampant hypocrisy, the injustice and tyranny of those who demand all power for the 'social' good. And especially for those of the NOT NEW CLASS of state-priests and their devotees. Expose their theology as the godless atheism that it is. As that which brings the destroying vengeance of our holy God and His angels. And notwithstanding their many claims to the contrary, their acts, plans and imaginations are always uncivil, unsocial and demand abject intellectual, physical and spiritual subserviences.
NOW is the day to put matters right with our holy God. Beginning with ourselves, we must admit our sins, our transgressions, our basic hate of Godliness and God and His order. Now is the day to change our minds and return unto the God of our wise forefathers who worshipped God in all that they did, be baptized for the remission of sins and as we go, tell all men all things that He has commanded us, thus making disciples. The EVANGELICAL is the man who has God's answers & knows and shows God's power and recognizes wickedness as wickedness. He is the man whose God is able to change the wickedest into a lamb & the most effete into bold men of faith, effectual faith. THUS, we do proclaim, JESUS CHRIST reigning today with salvation for those who humbly and sincerely turn to Him and His way, but with judgment and more destruction towards those who refuse, rebel and harden their hearts to His Word of counsel, reproof and rebuke. God's forgiveness is required by the multitudes TODAY before the fruits of the Holy Spirit are experienced: love, joy, peace, righteousness and fulfillment. And the following points are presented to all men for sober consideration and obedience as fundamental EVANGELICAL ISSUES to be reckoned for the blessing of the nations under Christ our Lord.

Cash Flow.

In 1803, America found herself up the river. The Mississippi, that is. Valuable goods were being produced in the Midwest, and the mighty Mississippi was our only link to the sea. But the outlet in New Orleans belonged to France.

So President Jefferson sent agents to Paris to negotiate for the addition of New Orleans. Surprisingly, Napoleon offered to sell the entire Louisiana Territory for only \$15,000,000.

And that included what is today Arkansas, Missouri, Iowa, North and South Dakota, Nebraska, Louisiana, Oklahoma, most of Minnesota, and parts of Wyoming and Colorado.

Thanks to Americans taking stock in their new country by buying over \$11,000,000 in government securities,

we made the purchase. And doubled our size overnight.

Today, Americans still take stock in their country by buying U.S. Savings Bonds through the Payroll Savings Plan.

They know there's no safer way to save for an education, vacation or retirement. And they know that while they're helping themselves, they're helping America, too.

So buy U.S. Savings Bonds. And help your cash flow into savings.

Take stock in America.

E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Supervise Agencies Is Stenholm's Task

Congressman Charles W. Stenholm has been selected to serve on the Investigations Sub-Committee of the Post Office and Civil Service Committee in the House of Representatives. This subcommittee has the responsibility for oversight of the civilian agencies of government.

One of Congressman Stenholm's primary interests is to assure greater productivity on the part of the federal government. In this connection, he plans to gear his work on this subcommittee toward proposals designed to streamline federal departments and to make them more receptive to the citizens they are intended to serve.

In line with this philosophy of greater government efficiency, Stenholm has also introduced legislation, referred to as "sunset" legislation. This proposal would require, among other things, that most federal programs be reviewed and reauthorized once every 10 years. These programs not receiving reauthorization, would be terminated.

Pioneer News Items

By Wanetta Parson

Thursday night, Feb. 8 will be club night at Pioneer Clubhouse. Everyone is invited to attend and enjoy table games and fellowship.

Since most everyone in this and most surrounding communities are huddled around the fire keeping warm, Lottie Sooter said, if anyone sees summertime around the corner, send it straight ahead." Mrs. Sooter went to feed her cattle on the back side of her place Monday, and her pickup got stuck. She walked a half mile or more back to the house and called some helpful neighbors who helped her get the pickup free. Upon returning home from her walk she discovered the gas pressure was low in her house. She called the butane people who cut off the valves and left them off. She then had no gas. Between taking her temperature, which came up after walking back home and pouring water on the valves to get the butane back on, she had a very hectic day.

Mr. and Mrs. Sterling Walker of Burkett had Sunday dinner with Mr. and Mrs. Cowan Hutton.

Raymond and Myrl Woods of Baytown spent the week end with Mr. and Mrs. C. T. Barton. Mrs. Barton and her brother, W. G. Reed, of Rising Star visited their brother, Earl, and his wife, Osie Lee Reed, at Gatesville Monday of last week.

Ethel Brown spent Wednesday in Cross Plains with Coral Howland. On Friday Gladys Sessums visited with Ethel. Friday afternoon Mrs. C. C. Coggin and her son, Lewis Gale, and daughter, Mary Ruth, of Waco visited with Mrs. Brown. Other visitors during the week were Lou Grider and Velma Brown.

Mr. and Mrs. James Alexander visited with Mr. and Mrs. Jim Fleming one night last week.

Myrtle Kirkham of Cross Plains visited Mrs. Joe (Nell) Fleming Friday. On Wednesday Myrtle Conner, a neighbor, and Nell Fleming visited her mother, Nancy Mathews, in West Texas Medical Center in Abilene.

Mr. and Mrs. Rex Beggs of Granbury visited his parents, Mr. and Mrs. J. T. Beggs, during the week end.

Mrs. Bonnie Arnold of Cross Cut and her niece and Betty Beggs visited the Eastland Art Club meeting Thursday night at Eastland.

Billy Zirkle of Rising Star was a visitor in the J. T. Beggs home recently.

Monday of last week Mr. and Mrs. J. T. Beggs visited his brother and wife, Mr. and Mrs. Sam Beggs, and his father, David Beggs, at Eastland. Mr. and Mrs. Beggs were business visitors in Eastland two days last week.

The Tommy King family had lunch Sunday with Mr. and Mrs. Lester King.

Wednesday afternoon Mrs. Tommy King's parents, Mr. and Mrs. Darwin Anderson of Abilene, and her grandmother, Mrs. Ethel Anderson of Cross Plains, visited in the King home.

Mr. and Mrs. Pete Fore, Billie and H. A. Freeman, Mr. and Mrs. Bob Roady and Cindy of Cross Plains and Mr. and Mrs. N. A. Roady of Anson were visitors in the home of Mr. and Mrs. Calvin Roady last week.

Mr. and Mrs. Bill Roberts of Corsicana spent the week end with her mother, Mrs. Della

Roberts in Rising Star and all attended a family reunion type luncheon Sunday at Lakewood Recreation Center which was hosted by Mr. and Mrs. Pete Stover.

Nettie Roady offers this proverb, "If mistakes were haystacks we'd all have fat cattle."

Mrs. A. C. Halsell will be your correspondent for Pioneer News next week. Please call her your news as early as possible. Her phone number is 725-6458.

It has been brought to the attention of the publisher that a recent column of the Pioneer News an item read that the "Curry Trio" sang at the McCowan funeral Friday. The item should have read that the Curry Trio sang at the Cowan funeral Friday. It was the funeral service for Mrs. John R. (Bernice) Cowan of Cross Plains who passed away at the Colonial Oaks Nursing Home on January 17 that the Curry Trio sang for.

Sam Burk Funeral Held Here Monday

Officiating the final rites was the Rev. Toby Irwin, pastor of the First Baptist Church of Cross Plains. Burial was in the Hepe Cemetery near Mercury, 25 miles south of Brownwood. Higginbotham Funeral Home of Cross Plains was in charge of arrangements.

Born Feb. 25, 1891, in San Saba County, he lived in Albuquerque, N.M., and Abilene before moving to Cross Plains about six years ago. He was a retired member of the New Mexico State Board of Education. He was a Baptist. He married Ora Gossett Jan. 31, 1912, in San Saba.

The heat pump

"THE ELECTRIC SAVINGS MACHINE"

A good bargain!

A heating system that's more than 200% efficient may seem like something out of the future. But it isn't. It's yours today, with the electric heat pump. Because when correctly installed in a properly insulated home, the heat pump produces two units of heat for each single unit of electricity it uses. The heat pump operates by using the future's most abundant energy source, solar energy. It transfers heat that's always present in sun-warmed outside air into your home during the winter. And reverses the process, pumping heat outdoors during the summer.

By Alice Champion

Hi folks. Here we go again, ice, sleet, snow with rain. Oh well, if the groundhog didn't see his shadow it wasn't the weather's fault, as the sun did shine brightly a part of the day. It started showering Saturday night and kept it up all day Sunday, and everything is white this morning (Monday). Boy oh boy, can't we just see with this moisture a nice garden this Spring. Wow! Won't that be nice?

There was a real good sized crowd at our quilting club meeting last Thursday. I believe that there were 24 quilters and four visitors for lunch. The visitors were Turner Simpson, Dan Rodgers, Coretta Myrick and Beulah Respass.

Mrs. Ethel Anderson's visitors recently were Mr. and Mrs. Rod Renfro and children of Brownwood and Mr. and Mrs. Wes Holcomb of Sabanno.

Visiting recently with the James Chesshins were their daughter and family, Mr. and Mrs. Douglas Dallas and baby girl, Jodie, of Eastland and James' mother, Mrs. John Chesshins.

Visiting the Bill Nickerson Sr. family were Mr. and Mrs. Randall Franke of Baird, Mr. and Mrs. Curtis Hines of Lewisville and Mr. and Mrs. Bill Nickerson, Jr. and son of Houston.

There was a wedding shower last week honoring Connie Nickerson and Tomy Potter. They received many nice and useful gifts.

Visiting the Glenn Champions Sunday were Mr. and Mrs. Narciso Allamalla and children and Nuzerto Ryna ali of Abilene. Champ Champion of Cross Plains visited Glenn Champion, Jr. Sunday evening. Mr. and Mrs. Garth Fortune

are feeling better after being ill. His mother, Blanche Fortune, has returned home after spending a while with her daughter, Ruth Doris, and family at Ozona.

Recently Jessie Kelly's son, Elmer, and wife, Sharlie, daughter, Julie, sons, Jackie and Joey, Jessie's daughter-in-law, Janice, girls, Sheri and Donna, had lunch with her.

Tuesday a week ago the small group which usually meets at the home of Jessie Kelly to quilt included Nettie Clark, Lois Joy, Alice Champion and the hostesses.

Mr. and Mrs. Aubrey Childers of Abilene visited his parents, Mr. and Mrs. Blanton Childers. Other Sunday visitors were Mr. and Mrs. Jerry Tyler and sons of Cross Plains.
