EDWIN BAUM, Cashier

LOCAL LADY WONDERING IF CEMENT BENEFICIAL TO PRODUCING ONIONS

> It is an acknowledged fact that fertilizer aids most all growing crops and neighbors in the Northeast part of town are anxiously awaiting the result of an onion patch ferti lized by Mrs. F. V. Tunnell. When she placed the onion

sets in the ground last week Mrs. Tunnell deposited a handfull of "fertilizer" beside each plant. When the chore was all finished the ambitious gardener returned to the garage to put unused fertilizer back in its sack. To her dismay it was discovered that she had inadvertedly filled her bucket with cement from a sack just in front of one of fertilizer and it was cement she had been dropping beside the now plant-

The onions are nevertheless growing and neighbors are anxious to note the result of the cemented onions,

Mrs. Mark Adalr and Mrs. Doris Star were married Saturday even. Nell Jones were visitors in Abilene

Temple hospital last week end.

NEW TIRES DESERVE NEW TUBES

ICAL USUALLY MEANS SKIMP. ING. It's far more

exciting to have free reign in the purchase of things and services you like . . . but when you can get the

very best of care for your furs, both cleaning and summer storage, without having to pay a fancy price, then being economical is really fun, because you can drop all the worry about moths and theft, summer heat damage and mildew.

We use the POLARIZED PROCESS for Fur Care. Your furs are gently but thoroughly cleaned; all moth larvae is destroyed and the original soft, fluff-luster is restored. Our refrigerated storage vault, right in our own building, gives you the positive protection your furs should have.
