We still remain in the midst of the worst heart wave our state, and the entire United States, has experienced. So many deaths have been the results of the heat, and it still bears down. According to the national news casts Missouri has had more deaths than any other state, but all toll, there has been over one thousand, and little, if any relief in sight. Of course, this is no news to anyone, but it is a very keen observation and we're all involved, and are sorryful for those that have lost their loved ones because of it.

Our sympathy goes out to two local bereaved families.

The Golson family because of the death of Mr. Wade Golson on Monday of last week after a long illness, and the Evans family when Mrs. L. D. "Audie" Evans passed away last Saturday at Overall-Morris Memorial Hospital in Coleman. The many friends and relatives of these two life long residents of this community, except the several years the Wade Golson family lived at Novice, have the sin-

cere sympathy of this area. News has been received that Mrs. Wade Golson was entered in Overall-Morris Memorial Hospital in Coleman. No details
