# SIXWAYSTOHELP KEEP YOUR PHONE BILL FROM LEAVING YOU SPEECHLESS.

Where direct dialing is not available, customers placing operator assisted calls are charged the lower direct dialed rates. An Equal Opportunity Employer

How much your phone costs depends partly on how you use it.

So here are six easy ways you can talk up some real savings.

1. Dial it yourself and save. Direct dialed calls cost less than going through the operator.

2. Call during off-peak calling times. Long distance rates are lower after 5 p.m. weekdays, all day Saturday and Sunday until 5 p.m.

3. Keep your calls brief. Having a clock within easy view of your phone helps. 4. Don't pay for mistakes.

If you reach a wrong number, we don't want you to pay for it. Let the operator know right away, and you won't be charged.

5. Hang up on bad connections. And have the person who placed the call tell the operator. You'll be reconnected, and you won't have to pay for the interrupted time. 6. Use "800" numbers

when possible. Remember that "800" numbers are toll

Follow these tips faithfully and your phone bill is less likely to leave you at a loss for words. Or money.

In the early 1900's, a concrete solution was needed to prevent flooding along the Colorado River.
The Hoover administration provided it. 4,400,000 cubic yards' worth. Enough concrete to pave a two-lane

highway between New York and San Francisco. It was the Hoover Dam at Boulder City, Nevada.

And it not only controlled flooding and irrigation, but today it generates power for Southern California,
Arizona and Nevada. The cost: \$385 million.

And one of the ways money was generated was by Americans buying government securities and taking stock in America.

Today, you can take stock in America by buying United States Savings Bonds, It's easy when you join

the Payroll Savings Plan. That way, a little is automatically set aside from each paycheck to buy Bonds. Before you know it, you'll build up a nice reservoir of savings.

So buy Bonds. It's one savings plan that holds water.

Substituting for Alice Champion Hi folks, here is the Cottonwood News, and I hope that you will bear with me, as your regular reporter will be back next

We are all saddened by the passing of our dear Hazel Respess. We all remember her as our post master. When we were young we could always go to her with any problem, and she always had the time to stop, listen and give us advice. She has carried many of our childhood problems on her shoulders, and we loved her.

All of our sympathy goes out to our beloved Miss Beulah Respess. We all love her very dearly. She calls us her children, as she taught most of us at school. We love you Miss Beulah. Our sympathy goes also to her nieces and nephews.
