WHY I'M RUNNING FOR THE SCHOOL BOARD

- (1) Quality education is our best investment for the future and I'm concerned that the Cross Plains Schools provide the best for our children.
- (2) Economic conditions demand the wisest investment of our tax dollars to insure the highest quality education for our children, and I will work diligently to provide the best combination of quality education versus your tax investment.
- (3) My wife and I have four children in our school: one in Elementary, one in Jr. High, and two in High School, therefore, we are anxious to work for a better educational system in the Cross Plains Independent School District.
- (4) I believe that all School Board Members should readily listen to your opinions concerning the issues involving our school system. I will be your eyes, ears and voice if elected and pledge to do my best for our children and our school.

CARD OF THANKS

Hi folks. Here I am again to say thanks to each of you who sent cards, made phone calls and visits, just the most wonderful people ever, for the prayers on my behalf and just everything done for me while I was in the hospital and since returning home, thanks from the bottom of my heart. The nurses were so kind and considerate, my friends so faithful it makes it so true to understand when God says, "I'll never leave you alone."

PUBLIC NOTICE OF TAX EXEMPTIONS AVAILABLE TO HOMEOWNERS

The Cross Plains Independent School District tax office is currently applications for residence homestead exemptions. The deadline for filing is April 1, 1981. Applications should be filed as early as possible to avoid incoveniece to the homeowner.

Two types of homestead exemptions from school taxes are available to taxpayers who owned their residence homesteads in this school district on January I of this year. First, the general homestead exemption is available to all homeowners and exempts \$5,000 from the market value of the homestead.

Second, any person who is 65 years of age or older or who is disabled can be exempted an additional \$10,000 from the market value of the homestead. Proof of age or disability may be necessary.

"Disabled," in this case, refers to the definition found in the Federal Old-Age, Survivors, and Disability Insurance Act under the Social Security Administration Disability is defined as inability to engage in any substantial gainful employment which exists in the national economy, or, in the case of someone who is 55 and blind, inability by reason of such blindness to engage in the employment in which he was previously engaged. The person claiming disability does not necessarily have to be drawing benefits from Social Security.

Homeowners age 65 or older who apply for their exemption will be granted a tax freeze. If application is not made, the tax freeze will be lost for this year.

Application forms were mailed earlier to all homeowners who qualified for a homestead exemption in 1980. If you did not receive an application, or if you have questions about qualifying for exemptions or filing application forms, contact the school tax office at 725-6312.

Application forms may also be picked up at the tax office at Cross Plains Independent School District Campus located directly behind the elementary building.
