## Stroke of Paralysis Fatal To Mrs. Emma Evans

Mrs. Emma Evans, a long time resident of Callahan county died at the home of her daughter, Mrs. J. H. Swann at Spur, August 19th her death following shortly after a stroke of paralysis.

The body was brought overland to Baird Saturday and was carried to the home of Mr. and Mrs. Howard Farmer to await the hour of the funeral Sunday at Cottonwood, services being held at the Baptist Church with Rev. P. D. O'Brien of Stamford, pastor and long time friend of Mrs. Evans, conducting the funeral rites.

Special music was given by Mrs. Ray Cockrell, Mrs. Frank Bearder, Mrs. Haynie Gilliland, Mrs. C. B. Snyder, Jr., Mrs. Sidney Foy and Mrs. W. O. Wylie, Jr., of Baird. Burial was made in Cottonwood beside her husband J. C. Evans who died in 1921.

Pall bearers were: Howard Farmer, Cliff Harville, Fred Cutbirth, B. F. Russell, Vernon King, Clyde White, Bryce Jones, and Carlton Powell. Acting as flower girls were: Thelma White, Mrs. Howard Farmer, Mrs. W. B. Jones, Mrs. Ashby White, Mrs. Harold Ray, Mrs. B. F. Russell, Mrs. Cliff Harville and Mrs. G. H. Tankersley.

Mrs. Evans was born Emma Smith, in Montgomery county Texas, March 30, 1873. She was married at Cottonwood 47 years ago to J. C. Evans. She is survived by three sons, J. T. Evans, Brownwood; Thomas J. Evans, San Antonio; William J. Evans, Clovis N. M.; two daughters, Mrs. Larry O. Cox, San Antonio and Mrs. J. H. Swann, Spur four grandchildren, three brothers, Noah, Benton and J. W. Smith, all of San Antonio; five sisters, Mmes G. K. Rya, Werner Beckmann, E. B. Jones and Miss Melissa Smith, all of San Antonio, and Mrs. O. K. Cramer of San Angelo.

Besides the above mentioned relatives, there is another survivor who is very dear to the Evans family: "Grandma" Evans of Cottonwood, mother-in-law of the deceased. "Grandma" Evans is one of the oldest, and best loved citizens of the County.

Mrs. Evans spent most of her life in Callahan county living for many years at Cottonwood and some years ago moved to Baird where she made her home until a few years ago when she moved to Clovis New Mexico.

Many friends from Baird and other points attended the funeral to pay a last tribute to Mrs. Evans.

To adequately eulogize the commendable characteristics and lovable traits of Mrs. Evans' life, is beyond the power of words; her every day existence typified the great love and understanding that was so much a part of her character. Possessing a rare insight into human nature, she was ever sympathetic with the affairs that daily confronted her children; it is the loss of that sympathetic understanding that will be so keenly felt by them. To these children, we would say:

Thank God that you so soon forget

The pain and tears,  
But hold the high-lights of her life

Throughout the years.

Mrs. Evans was a member of the Baptist church, and was able to inspire her family and friends with the exalted Christian principle that guided her life.

## Paul Robinson And Miss Shotwell Married

Paul Robinson, son of Mr. and Mrs. Alex Robinson of Baird and Miss Effie Shotwell of Hamby, were married at Hamby Sunday, afternoon at 5:30, Aug. 23rd. Rev. Young pastor of the north side Baptist church, Abilene, officiating. Mr. and Alex Robinson attended the wedding.

Mr. Robinson who is a graduate of Baird High School will enter the State University at Austin in September.

## Isham G. Harris Died In Abilene

Isham G. Harris, 79, pioneer resident of Eagle Cove, died at his home in Abilene Wednesday afternoon at 4:45 o'clock following a two months serious illness. Funeral services were held yesterday afternoon at 5 o'clock at Laughters Funeral Home. Rev. C. A. Long pastor of the St. Paul Methodist church conducted the rites. Burial was made in Abilene cemetery. Pall bearers were: I. G. Humphreys, T. J. Humphreys Jr and Cummings Harris, grandsons and Donald Boyer, Billy Dee King and Blanton Morgan.

Mr. Harris is survived by his wife two daughters, Mmes: T. J. Humphreys and T. A. Daniel of Abilene; a son Harry Harris of Fort Stockton and one brother Edwin Harris of California.

Isham Harris was the youngest son of Isham G. Harris Sr., three times governor of Tennessee and four times United States Senator. Mr. Harris was born in Memphis Tennessee, Sept. 13, 1858. Gov. Harris brought his two sons Edwin Harris and Isham to Texas on a vacation in an early day coming by railroad to Fort Worth, then in a covered wagon to Belle Plain. They all liked West Texas and Gov. Harris bought land in the Eagle Cove community where the brothers made their home for some years. Edwin later moving to California and in 1902 Isham moved to Abilene where he entered the real estate business. Gov. Harris often visited his sons at the ranch near Eagle Cove.

It was men like Isham G. Harris who came to this section in early days pushing the frontier west, enduring dangers and hardships of frontier life that paved the way for the younger generation who now enjoy life in this beautiful section of West Texas and his passing away brings grief to many who have known and honored him for his courage and straight forward life, all the years.

## Mississippi Legionnaires To Visit Baird

Only a limited number of local Legionnaires will witness the "biggest parade in the world"—the 1938 march of the American Legion in Los Angeles September 22, but this city will see the leading unit of the parade shortly after its appearance on the coast.

Five motorized floats to represent Mississippi at the head of the legion parade will stop in Baird on October 1st, enroute from the scene of the national legion convention. Repeating its 1937 Legion victory by enrolling more members proportionately than any other state, Mississippi retained the convention honor of leading the national convention parade.

The unique idea of giving the countryside a preview of the parade floats originated with high Legion officials last year when Mississippi traveled 3,700 miles with its decorated caravan to New York.

Endorsed by national Legion officers, the "world's longest parade" from Jackson, Miss., to Los Angeles, is designed to stimulate enthusiasm in the national convention among legionnaires everywhere and afford sixteen western states a preview of one major part of the national legion show that annually catches America's eye.

"Miss American Legion", beautiful brunette of Vicksburg, who took New York by storm last year as the elected beauty queen of U. S. World War "buddies", will accompany Walter Lee, grand chef de gare passe of the Forty et Eight, and other Legion dignitaries in a pilot car leading the traveling parade unit. The Queen, Miss Elaine Russell, will bring greetings from Governor Hugh White of Mississippi, to governors, mayors and legion officials enroute.

The leading float in the Mississippi unit symbolizes an ational peace theme while others epitomize the colorful history, culture industry and recreation of the deep south as it is seen in Mississippi.

The cross-country parade leaves Mississippi August 21, traveling via Memphis, St. Louis, Chicago, Omaha, Denver, Salt Lake City and Reno. The caravan is scheduled to reach Los Angeles September 17th.

### TO CLEAN PUTNAM CEMETERY

The citizens of Putnam and vicinity will bring their hoes and rakes and spades to the Putnam cemetery on Tuesday morning, Aug. 30th, to clean the cemetery. Each family will also bring dinner and after the cemetery is cleaned every one will enjoy eating dinner together.

A general invitation is made to those who have relatives buried in the Putnam cemetery. Come with your entire family and bring your hoe and rake and dinner and enjoy the day with us.

J. Morris Bailey.

Sheriff R. L. Edwards has sold his ranch and grass leases six miles south of Baird to Dr. R. L. Griggs. Mr. Edwards is building town and in September will begin a new barn on his place east of work on a rock veneer home in West Baird.

## Will H. Estes Died At Tyler

Will H. Estes, 64, died at his home in Tyler Friday evening Aug. 19. Funeral services were held Sunday at 2:30 p. m. at the Presbyterian church and burial made in the family burial plot beside four children who preceded him in death.

Mr. Estes is survived by his wife who was Miss Ollie Orr, two sons and two daughters, Robert, J. C. and Miss Melrens Estes of Tyler and Mrs. Mildred Massey of Dallas and two grand children. He is also survived by three sisters and one brother, Mrs. P. C. Caylor and Mrs. Lura Caylor of Fort Worth Mrs. Grover Bowman of Oklahoma City and Joe Estes of Tucumcari, N. M. All were present at the funeral also Mrs. Lee Estes of Baird; Mrs. Joe Estes and children; Mrs. M. D. Hoover of Dallas; and James Orr of Shreveport, La.

Will Estes was born in Johnson county January 1874 and came with his parents Mr. and Mrs. C. Estes to Callahan county in 1879. The family first lived at old Callahan City and later moved to Belle Plain then the county seat of Callahan county. The family later moved to Baird where Will Estes grew to manhood. Some 36 years ago he moved to Tyler where he was engaged in the grocery and meat market business until a few months ago when he retired due to ill health.

Mr. and Mrs. Estes accompanied by his two sisters, Mmes, Caylor and Caylor, Ft. Worth attended, recent reunion of Callahan County Pioneers and he expressed sincere pleasure at meeting so many of his old friends and friends of his parents.

He suffered a light heart attack while here and was not able to be about much after his return home.

Will Estes was a good man, kind and thoughtful of the welfare and happiness of his loved ones, also his fellow man and by this kindly trait of character, made many warm friends as was evidenced by the hundreds of friends who attended the funeral and gathered at the grave side to pay a last tribute of love and respect to the man who had been their friend in life.

Many beautiful floral tributes were placed on his grave.

Mrs. Lee Estes returned from Tyler Tuesday morning.

## To Parents of Baird School Children

Musical Training For Your Boy and Girl In The School Band.  
Have you given adequate thought to this important phase of your child's education?

The child who plays an instrument in the band learns discipline, group cooperation, a stimulating use of leisure time, and with all a new introduction to an enriched and more useful life. A knowledge of music introduces the individual to worthwhile school activities, social activities, and community activities that might otherwise prove uninteresting and unimpeachable.

The large number of girls in the band appearing in the recent National Contest and the success they have had in instrumental music work has aided materially in the decision to have a band composed of boys and girls. Another consideration affecting this decision has been the increased opportunities for boys and girls in the College Bands. Most of the larger universities and colleges now give boys and girls musical scholarships that help their work toward their degree.

A meeting of all boys and girls interested and their parents will be held at the High School Auditorium Monday, Aug. 29, at 8 o'clock. We have made special arrangements to display and demonstrate all types of band instruments, and you will be privileged to see and hear demonstrated the instrument of your choice and the one best suited for your child. If you would like for your boy or girl to play in the Baird Band, bring him or her and attend.

I have made tentative arrangements for Mr. Nutt, the outstanding school band organizer in the United States, to come over and talk to all the parents interested in the Band.

Mr. Nutt is with the Vander Cook School of Music from Chicago. He will bring a large group of Band Directors with him. I am sure that everyone of you will enjoy this meeting. Every one of you make it a special point to see that this article is read by every parent of the children in the Baird Schools. Everybody is invited.

Please make every effort to attend this meeting—I am anxious to have a highly successful band in order that we may place the Baird Band with other successful bands of the state.

Sincerely yours,  
H. A. Mathews, Director  
Baird School Band.

## Clyde PWA Grant Being Expedited

Senator Morris Sheppard, in a communication to B. C. Chrisman, county superintendent of Callahan schools, informs that he is seeking to expedite a PWA grant for the Clyde public schools razed during the June 10th tornado.

Approval has been held up. In the meanwhile school trustees at Clyde proceed with preparations for opening of schools there Sept. 5. The several churches are to be utilized and such paraphernalia as is to be used being moved in.

## Primary Election Saturday

The second Democratic Primary will be held Saturday in the City Hall. B. L. Russell, Jr., being presiding officer with a corps of assistants.

The polls will open at 8 a. m. and close at 7 p. m.

The returns will be received in Baird and posted on the bulletin board as was done in the July primary.

## To Post Election Returns

The election returns will be posted Saturday night on the board sponsored by the Merchants of Baird.

This board was erected for the July primary and is all ready for the Saturday returns. Percy King will be in charge of the board.

## Plaza Theatre Damaged By Fire

The Plaza Theatre was badly damaged by fire at an early hour Tuesday morning. The fire which was discovered at 4:20 a. m. was believed to have originated in the projection room and had gained considerable headway.

The fire boys made quick work in extinguishing the flame. Damage to the roof of the building which belongs to Mike Sigal was badly damaged. An estimate of damage to the building is placed at around \$1,000.00. The roof was practically destroyed and the entire building was damaged by smoke and water.

The building was leased to Servor Leon, Haskell chain-theatre owner, whose sound equipment and machinery was said to be a complete loss. The loss in equipment and fixtures was set at \$2,000 by Manager K. R. Pawkett.

New equipment has been ordered for the showhouse, but re-opening date has not been given.

## Barton Family Reunion Held At Kendrick Park

The Barton family reunion was held Saturday night and Sunday August 13th and 14th, at Kendrick Park south of Clyde. The reunion is an annual affair of the descendants of seven Barton brothers who came to Texas about 1858.

This year's meeting was the first to be held in West Texas and the children of the late W. P. Barton and Jim Barton were hosts to the group of 92 relatives and eight visitors.

Those attending were: Mr. and Mrs. L. C. Cullens and daughter, Mrs. C. C. Barton, Miss Iva Barton, Mr. and Mrs. Herman Barton and son, Mr. and Mrs. Ellis Ray and family, Lawrence Ray, Andy Barton and son, Mr. and Mrs. Westfall Barton and family, Mrs. Lou Belle Tannehill and family of Bertram; Mr. and Mrs. J. B. Hightower and son, Alfred Barton and children of Burnett; Mr. and Mrs. Marvin Wallace of Marble Falls; Miss Ivelde Barton of Littlefield; Lee Barton of Austin; Mrs. Ella Wade, Maurine Wade and Jewel Barton of Big Spring; Mr. and Mrs. E. B. Barton and son, Mr. and Mrs. E. J. Barton and daughter, Mr. and Mrs. C. M. Johnston and two sons, Mr. and Mrs. Jim Barton and family, Mr. and Mrs. Buck Tucker and family, Mr. and Mrs. Robert Barton and family of Clyde; Mr. and Mrs. J. B. Paylor of Abilene, and Mr. and Mrs. Herman Phillips and son of Sweetwater.

Visitors were: Marvin Brewster of Bertram; A. L. McIntosh, Roy Kendrick, Walter Milliorn, Jim Nance, Mr. and Mrs. Walter Caldwell of Clyde; Mrs. Baldwin of Fort Worth, and Rev. W. A. Strickland of Abilene.

A meeting of the superintendents of independent school districts of Callahan county will be held in the office of County Superintendent B. C. Chrisman, Saturday, August 27.

Purpose of the meeting is to allocate 25 NYA jobs given the county, these to be allotted according to the scholastic census of each district.

## Callahan School Leaders To Meet

Mrs. G. E. Sutphen and little grandson, Billy Ray, returned a few days ago from a two weeks trip to West Texas, New Mexico and Arizona, visiting at Rudolfo Flagstaff, the Petrified Forrest and citrus farms where they saw oranges, lemons and dates growing. They also visited in El Paso and Juarez, Mexico.

## Nobody's Business

By Julian Capers Jr.

AUSTIN—Three developments in Texas this week combined to focus the attention of a goodly proportion of the population, which depends directly or indirectly upon the oil business for its living and its well being, upon oil. They were:

The Statewide prororation hearing at which Commissioners C. V. Terrell, Ernest Thompson and Lon Smith unanimously agreed it is necessary to continue Sunday shut-downs, and hinted broadly that the wells may have to be pinched in Saturdays also, in the near future.

A cut of 15 cents a barrel in the price of crude in East Texas by one small buyer.

The arrival at Gulf ports of the first cargoes of Mexican Oil produced from the "expropriated" properties of American and British oil companies. "Expropriated" is a polite term used by the Mexicans to describe the process of seizing something belonging to foreigners, and not paying for it.

## OIL FLOOD THREATENS DISASTER

Whatever affects the price of oil in Texas affects the livelihood of a large portion of the population. Oil money filters into every community. It affects the sales of merchants, the business of banks, the income of land-owners and royalty owners, as well as he thousands directly employed in oil.

The Mexican government, having seized the oil properties of foreigners, has been desperately seeking a market for it. The Mexican oil can be shipped to Texas, duty paid, and still be sold at a price that is substantially below Texas oil, because it didn't cost those who seized it anything. Oil men here agree that the first few hundred thousand barrels of seized Mexican oil, landed this week at Houston, may be the forerunner of a flood of cut-price Mexican oil that may break the price in Texas and force further restriction of Texas production. Oil dollars have kept Texas a bright spot on the economic map of the nation for months, while Eastern states were building up huge relief rolls. A break in crude oil prices, from overproduction, from imports, or from both, would also hit State and School funds revenues, as oil is taxed on a sliding scale upon crude prices. The other side of the picture probably would include a slash in retail gasoline prices, which wouldn't make the filling stations patrons angry.

## LEE PLUGS HIS TICKET

Taking cognizance of a considerable sentiment aroused by his first endorsement of a slate of six runoff candidates, W. Lee O'Daniel, next governor, made two additional radio speeches during the week, plugging his selected slate. He "turned the heat on" when he called upon the voters to elect his nominees, and then hold him responsible for fulfillment of his pension payment pledges, but denied responsibility unless the voters go along with him. He declared payment of pensions would be his first concern when he takes office but denied he has worked out any taxation plan to finance pensions as yet.

Observers here believed O'Daniel had strengthened the position of his slate considerably with his additional pleas for support for them, and reported antagonistic sentiment waning. A poll by the Dallas News listing 12,000 voters, showed a heavy majority opposed to O'Daniel's idea, but also showed opposition waning after the first few days. Many observers here expressed

belief the entire blessed ticket would win, while some believed Bascomb Giles, for Land Commissioner, would be unable to defeat the incumbent, Bill McDonald. In the Attorney General's race, publication of a purported photostatic copy of a letter alleged to have been written by one of Gerald Mann's campaign aides, soliciting funds from oil interests, created a hot issue in that race, and Walter Woodul forces claimed an easy victory would be theirs. Mann denied all knowledge of the letter.

## FLOOD PROBE GOES ON

The development of the Colorado River Authority program already has resulted in potential savings of \$3,500,000 a year on the electric light bills of consumers in cities within the 200 mile area available for service from the power developed, members of the Senate flood probe committee were told this week by Clarence McDanough, general manager of the CRA, who was the only witness. He cited reductions in rates granted in Fort Worth, Dallas, and many smaller towns as evidence of the savings CRA has brought about. The week's sessions were filled with a mass of technical testimony, designed more to establish the ability of the CRA system to offer both flood protection and power generation, when its system of four dams is completed, than to fix responsibility for the flood which wiped out \$15,000,000 worth of property in July.

## INSURANCE LEGISLATION MAY COME

Efforts will be made in the regular session in January to reform certain Texas insurance laws which are sadly defective, as a result of exposure of various insurance "rackets" during the past year. Reform will be sought in the laws regarding formation and operation of mutual assessment life insurance societies, some of which have gypped policy-holders and beneficiaries to the tune of millions of dollars. Casualty insurance interests also will seek to tighten up regulation of their business also, it was learned, as a result of the failure this year of three large Texas reciprocal casualty organizations, in which hundreds of claimants, including injured workmen employed in industry, have been losers.

## EULA LOCALS

Well how is The Star force? We are all ok out hris way.

We farmers are having a time with worms in our cotton, but we are making a fine feed crop. After all Callahan county is a wonderful place to live.

We have really enjoyed this summer, have met so many of my old friends. Among them Charlie Mahan, Charlie Hadley, Fort Worth, Carl Mahan, Dr. and Mrs. H. H. Hamsey, Frank Austin, Abilene Sam Barr, Cross Plains; R. D. Williams, Putnam; Jack Scott and Phil Anderson of Cross Plains; Mr. and Mrs. W. E. Melton of Coleman and many others.

H. E. Jones and R. P. Stephenson attended the funeral of their boyhood friend, Jimmie Howell in Baird Tuesday of last week. I have known Jimmie for 45 years. He was a good man and a true friend has gone.

I was glad Misses Eliza and John Gilliland had the pleasure of spending a few days in Galveston.

I have spent two summers there and like it fine.

Well we hope Saturday, the 27th will be a good day and we can turn out and vote as we see best.

Pass the biscuits Pappie.

Best wishes to all. PATSIE.

## \* AROUND TOWN \*

\* With Otto B. Grate \*

A conglomeration of doggoness, gee whizzes and a by heck thrown in. This is the last Around Town for the summer. Next Friday will find it September the second and from there it will only be the shortest of hops until they declare open season on school children and without the pattering of tiny feet, the prattle of care-free voices, and the shouts of childish play what will this old town have to fill its days and nights. Peace, sweet peace at last!

All foolishness aside. We've had fun this summer, what with picnics, fishing trips, and swim parties and its going to be pretty darned hard to bid it all adieu; but fall is another season and just as pleasant in its way as summer. If we are a little reluctant to let one go we are also on our toes for the other. We Around towners are intent—gosh if someone doesn't stop me soon I'm gonna steal all of next week's thunder, and maybe, after all, it would be a good idea to save just a little of this fall pep talk until fall.

Wah! Now we know how the kinds felt when the merry-go-round broke down. A fire that started somewhere in the wiring of the projection room of the Plaza Theatre Tuesday morning resulted in the complete destruction of that portion of the building and greatly damaged the remainder. No one knows just when the place will reopen but there are some who surmise that when that eventful day rolls around (probably in three weeks) it will be in the old Texas building on the corner of the next block. So far there is no confirmation of this rumor.

Last week was an eventful week for Baird. Hollywood threw a train load of celebrities our way and its been all we could do to keep track of everything. First Henry Fonda, Brian Donlevy, cameraman George Barnes, and character actress Jane Warwell, enroute to Pineville Mo., to take outdoor shots for the technicolor opus "The Life Of Jesse James", stopped off in the home town for a brief stay. Tyrone Power, star of the picture, flew through from New York. We asked Mr. Fonda his opinion of Texas this glorious state and he undoubtedly gained several new admirers when he answered without hesitation, "I think Texas is mighty fine". Both Mr. Fonda and Mr. Donlevy have the same appearance off the screen as on it and were surprisingly congenial. Second biggie to come our way was Edgar Bergen, mouth piece of Charlie McCarthy. Bergen was on his way for an appearance at Casa Manana. The ventriloquist stopped off long enough to sign numerous utographs, shake hands with a few of his admirers and pose for a picture. Mr. Bergans friendliness, interest in our theatre calamity, and his willingness to answer questions were so genuine that is small wonder that he is one of the most popular people in all filmdom. Before leaving Bergen reported that Charlie thought Texas was a fine state and that he liked it immensely. It pays to find how these celebrities stand on the matter of the home place so we can know which to like and which not to. Among the various autographers given out by Edgar Bergen was one to Billy Beth Bell on the bottom of her shoe. That ought to go down as one time a star really touched his fan's sole.

All of the nice people however aren't stars. Our younger set just isn't to be equalled Take Margaret Gilliland (no I'll take her you can have another one) for instance, she stands ace high with most every one. Then there's the Warren boys, both of them, who make stopping at the Gulf station a pleasure, and new comer Delbert (Sugarfoot) Shockley, who has been here only a year and is a regular guy. One thing, Brother Shockley's good points aren't as noticeable as they might be for little Alex Jr. just steals the whole show, but that isn't fair to put any one against the competition of that young man.

Welcome home to our wandering Editor who walked out on us last week to attend the Post Master's convention at Galveston with her sister, Miss John Gilliland, Baird's postmaster, and had the best time ever.

That about rounds out this week frolic but there will be another one same time, same place next week and I'll be looking for all three of you back for another tour

of the town.

**Migratory Waterfowl Regulations**  
Under new federal migratory waterfowl regulations announced recently Texas duck hunters will have a 45-day open season this year compared to a 30-day open season in 1937; and in addition many shoot a limited number of species hitherto protected.

The open season on ducks and geese, Wilson's snipe or jacksnipe and coot, is from November 15 to December 29.

The open season on rails and gallinules except coot, is from September 1, to November 30.

Not only has the open season on ducks and geese been lengthened but the possession limits have been doubled.

The bag limit on ducks, except the wood duck, is 10 in the aggregate of all kind, the same as last year, but the possession limit has been doubled to 20 in the aggregate of all kinds.

The daily bag limit on rails and gallinules, except sora and coot is continued at 15 in the aggregate of all kinds. The possession limit is the same.

Bag limit for some of the other migratory birds are: Sora 15; Coot 25; Wilson's snipe or jacksnipe 15; In each case the possession limit may not exceed the daily bag limit. A new Federal regulation added this year forbids the rallying of coot for hunting.

As was the case last year, water fowl and coot may be hunted in season from 7 a. m. to 4 p. m.

Not more than two days' bag limit of lawfully taken and lawfully possessed ducks and geese may be transported in one calendar week. Transportation last year was limited to one day's bag.

This season's hunters may take canvasbacks, redheads, buffheads or ruddy ducks in their daily bag or an aggregate of three of the species, or six in the aggregate.

Chief restrictions in this year's federal regulations that have been continued for last year are:

Baiting of waterfowl and doves and the use of live ducks and geese decoys in hunting waterfowl are not authorized regardless of the distance between the bait, or decoys and the shooter.

The three-shell limit on repeating or automatic shotgun, in effect for the last three seasons, is continued. Hunters may shoot waterfowls with shot guns only not larger than No. 10 gauge.

Ross' geese, wood ducks and swans are still protected.

**General Hunting Regulations**  
No citizen of this state shall

hunt with a gun outside of the county of his residence without first having procured a hunting license from some authorized agent of the Game, Fish and Oyster Commission of Texas.

Persons under seventeen years of age will not be required to buy a hunting license to hunt outside of his home county.

The fee for a non-resident citizen or alien hunting license shall be twenty five dollars (\$25.)

It is unlawful to shoot migratory waterfowls or other game birds or game animals from a motor boat, sail boat or boat under tow or any floating device under tow by a motor boat or sail boat.

Both hunting and fishing license will be on sale by the 20th day of August and everyone must have his new license by September 1.

**Did You Know That—**  
Texas has nine fish hatcheries which last year produced about 4,000,000 fingerling fish for distribution. Texas ranks fourth among the states in warm fish production. According to available records, production cost at Texas hatcheries 11 year ago was 47 cents per fish; production cost last year totaled seven-tenths of one cent per fish.

Fish and fishing will be discussed in this column next week.

The only show of its kind the eighth annual Double Heart ranch roundup will provide the feature entertainment of this area for Labor Day.

The roundup will open Saturday, September 3, and continued through the following Monday with afternoon shows only. The ranch is 10 miles south of here on highway 70 and is owned by Ollie Cox, veteran rancher and rodeo promoter.

Never before in history of the frontier fiesta has there been a more varied program arranged for lovers of the true western rough and tumble spectacle. There will be bull fighting, cowgirl bronc riding and cow girl calf roping; junior boys' bull riding trick roping and riding and matched roping in addition to the regular events.

The standard events are bronc riding, bull riding, calf roping, milking, and wild mare riding. With exception of the roping events, all contest will be wide open. However, professional ropers will be barred to make room for distinguished cowboys from the open rrange of West Texas.

No rodeo would be complete for the veteran cowman without a cutting horse contest. In accordance that event has been arranged and entries have already started coming in. There will be an old fiddlers, contest, ugle man contest and acrobatic stunts.

Dancing will be to the tune of popular orchestras two nights. There will be old time square dancing for young and old couple

**An Appeal To My Friends**

As the campaign draws to a close I want to appeal to my friends over the district to help me over the last few days.

I have spent all the money I was able to save while working my way through college. I promised you that if you sent me to Austin I would go under obligations to no one, therefore I have Not and Will Not accept a cent of contribution to my campaign fund from any one. I cannot hire campaign workers to go through out the district and will have to depend on my friends for what help I have.

I have run a clean race—I have made no wild promises, nor have I pledged myself to work to the interest of any group or individual which might not be to the best interest of all the people

I will appreciate anything you can do for me during the last few days, and if you see fit to favor me with the office I will go to Austin with clean hands and will be really and truly a representative of the people.

In these last days of the campaign Wayne Sellers asks his friends to be on the lookout for scurrilous propaganda, either printed or spoken. On account of his experience just before the first primary he is convinced that anything might happen.

**THIS TAVERN OBSERVES THE LAWS**

**When you drink Beer in a tavern... choose your tavern**

WHEN YOU restrict your patronage to legal, respectable retail outlets, you not only encourage those better outlets but you've made a start toward driving out the bad spots in your community.

And that is exactly the aim of the great body of honest retailers of beer who, along with the brewers, recognize that Beer's only problem is to remove the anti-social

conditions that sometimes surround its sale. Existing laws can curb these evils. Help us by demanding their strict enforcement! Sales to minors, or after legal hours... or use of a beer license as a screen, for selling illicit liquor or for operating an illicit resort... all these are violations of the law and should be stopped. Public opinion, once aroused, can see that such practices are stopped!

AAA-COTTON

Holders of C-5.1 certificates, known as "brown" certificates and "participation trust certificates of the cotton producer's pool", may now turn them in as the final liquidation of the pool will soon be made, according to Geo. Slaughter, chairman of the Texas Agricultural Conservation Committee.

The liquidation of this pool completes the activities of the first AAA program, that of 1938. The original holders of the certificates were among the farmers who elected to take cotton options in the producer's pool as part payment for removal of cotton from production.

These producers received an advance of 4 cents per pound and later were given an opportunity to sell out to the pool or to receive a second advance of 2 cents per pound. Those who chose the second advance surrendered their original certificates and received those designated as C-5.1, which entitled them to share in the proceeds of the sale of the pool cotton after deduction of the original option price of 6 cents per pound, the two advances, and other expenses of the pool.

The pool will be liquidated at the rate of \$1 per bale to the original holders of the certificates and to transferee holders on record on or before May 1, 1937. Holders to whom certificates were transferred after May 1, 1937, will receive the purchase price plus 4 percent interest, all not to exceed \$1 a bale.

Certificates to be tendered for sale to the pool should be attached to the proper forms, which will be furnished by the secretary of the county AAA association, and mailed to D. F. Mallette, Room 206, Old Post Office Building, Washington, D. C. before December 31, 1938.

**WHEAT INSURANCE**

Midnight, August 31, is the deadline. At that hour will close, for this season, the opportunity to obtain the new, all-risk insurance on wheat to be harvested in 1939.

Because seeding (especially in localities which use wheat partly for winter pasture) will be starting soon and the policies of this new insurance become effective as soon as the seed is in the ground, this limit seemed necessary to give the service office at Kansas City time to send out the premium notices, get back the payments and put out the policies before seeding begins. Accordingly, August 31, was

fixed as the last day on which County Crop Insurance Supervisors may receive these applications. The announcement was made August 9, by the Federal Crop Insurance Corporation, which administers this service.

T. N. Minix, the Crop Insurance Supervisor for our county, in giving the foregoing information to this paper, tells us that he will keep open, until midnight, Wednesday, August 31, if necessary. He will be in the County Agents office Friday and Saturday, Aug. 26 and 27th.

Mr. Minix tells us that up to Aug. 11 "about 75,000 applications had reached the County Supervisors in the Winter Wheat states. How fast applications have come in since then, I do not know," he says, "but the gain in rate has been quite rapid."

"The first policy was issued July 15. For the two weeks following July 15, the rate at which applications reached the Kansas City Branch, that serves this territory was over two and one half times as fast as for the week ending July 15. For the third week, it was almost four times as fast, and for the fourth week, ending August 12, it was 7.8 times as fast. At that time Ohio was for in the lead in number of applications, with Nebraska, Michigan and Kansas following, in that order. For number of acres of the 1939 wheat crop actually insured, the Texas wheat region (which obtained the first FCIC policy issued and farms in a big way) was close to the top.

"While this new, all-risk crop insurance is, in a way, a part of the general program in which the farmers of this county are cooperating, through the services of our ACP Committee of farmers. This is not a many sense, mutual insurance. The full cost of a policy is definitely figured beforehand and there can be no additional charges or assessments. When an applicant gets his premium notice it tells the exact amount of Ordinary No. 2 Hard Winter Wheat necessary to pay for his policy. It also gives the equivalent in two other grades and in cash, so that he has four options—can pay in cash, or in his choice of three grades of wheat. He can even pay now, in wheat, his premium for insurance on the 1940 crop.

"This is the only crop insurance our Supervisor explains, 'the cost of which is based on actual production and loss information compiled by counties and by farms. Thus, through a period of better seasons, better farming and use of better seed, is it possible for a community to lower its risk rate. By a nation-wide system of handling the wheat, which represents premiums paid, and constitutes its reserve, from which indemnity payments will be made. The Federal Crop Insurance Corporation effects economies in the cost to the grower of this insurance, prevents much local business hardship in communities subject to crop failures and exerts a stabilizing influence on prices.

"A number of large insurance companies, to which the plan of the Federal Crop Insurance Corporation was submitted, approved it as sound and an improvement over other services. Those companies own many farms and are financially able to carry their own insurance, but several of them are buying Federal Crop Insurance Corporation policies on their 1939 wheat and are urging their tenants to do the same."

Clara Brown, Agent

"One well selected picture will make a room more attractive than several unrelated pictures," said the home demonstration agent, Clara Brown, to the Union home demonstration club, Wednesday, Aug. 10, in the home of Mrs. T. J. Odell.

Mrs. J. A. Yarbrogh president called the house to order and each member answered the roll call with her favorite flower and how to grow it. Mrs. W. A. Booth won the quilt that has been sponsored by the club.

Mrs. J. E. Johnston gave a report of her trip to Short Course and expressed her appreciation to the club for sending her.

The club voted to accept the and enter the vegetable shower. Mrs. Guy Steen, bedroom demonstrator gave a report of the work she is doing.

The home demonstration agent gave a talk on "Pictures for the Home" in his she discussed, why have pictures? Selection of pictures in relation to wall space and furnitures; pictures that are suited to living rooms, bed rooms, dining rooms and kitchens; picture frames, and hanging pictures correctly. Each point was illustrated. stressed the fact that there were only two correct methods of hanging pictures, the blind method, and the blind method is to have the picture hung so that neither wire nor nail shows, the two cord methods, is changing the picture with two parallel wires or cords from the ceiling or molding.

Watermelon was served to Mrs. Nelson Baily, H. G. White, Emmett Woods, Guy Steen, Burette Ramsey, Ped Yarbrogh, Jim Yarbrogh, J. E. Johnston, Alex Booth, George Jester, Clara Brown and hostess, Mrs. T. Y. Odell.

**MIDWAY H. D. CLUB**

The Midway home demonstration Club meet with Mrs. Noel Griffin Friday afternoon August 12th.

Mrs. Griffin in the absence of the president presided over the business meeting. Everyone was invited to take part in a pea hulling. Peas to fill 28 quarts shelled and processed in the pressure canner. These were presented to Mrs. Albr Wilson, a club member who recently broke her ankle and is not able to walk. The club filled a goal of the clubs, "good neighbor" program by helping a club member.

Miss Clara Brown, home demonstration agent, gave a talk on Pictures for the Home and illustrated the points in her talk by exhibiting pictures. Miss Brown said that pictures give us pleasure in different ways, some by the expression the picture portrays, from the colors found in the picture, love of nature and even music can be expressed by a picture. Each of these were illustrated by the demonstrator showing reproduction of masterpieces. She further said that just because a picture was a great masterpiece was no special reason we should put it in our homes, but that the selection of a picture should depend upon what we like and in choosing picture individuality should be developed. Picture frames were discussed and we learned that a frame should be inconspicuous.

Miss Brown concluded her demonstration by saying that there were only two correct methods of hanging a picture, the blind method and the two wire method and she illustrated it by hanging a picture in the approved method.

Mrs. Griffin reminded the club members of the vegetable offering and urged every member to bring their jar. She suggested that the club provided a program for the 1939 Year Books.

The meeting adjourned and refreshments were served to eight club members and visitors.

**CARD OF THANKS**

To our friends of Baird and Cottonwood, we wish to express our sincerest gratitude for your many expressions of sympathy to us in our bereavement; We are especially grateful to Mr. and Mrs. Howard Farmer, and the Ladies of the Baptist church for the hospitality and courtesies extended. That the blessings of the Lord be with you, is our prayer.

THE EVANS FAMILY.

**I Give You Texas**

(By Boyce House)

Saw a motion picture the other day. One of the main characters was played by a little boy, pale-faced, wistful-eyed, his words and manner far too old for his years. Memories came of another boy-star, "The Kid", who was cheated of his childhood and, now grown, seems to have been deprived of the fortune that was the mess of pottage for which his boyhood was sold. The lot of a child-star, it appears, can be sadder in actuality than the pathetic roles that frequently are played on the screen.

Look-alikes: C. D. Jessup Jr., Houston educator, and Hugh Williamson, Austin newspaperman.

A swing through South Texas the past week by this observer yields the information that at least two-thirds of those who voted for unsuccessful candidates in the Attorney General's race in the first primary believe that "Mann's the man" in the runoff. Bob Calvert has come out for Mann and Judge Ralph Yarborough also is going to vote for him.

If you are going to jail and have any chance to exercise choice in that matter, don't choose the one at Juarez. This columnist was in that one not so long ago—just as a visitor, you understand. It was at night but the hour had not yet struck for the prisoners to retire to their cells so they were roaming about, inside the walls. Their roof was the sky and, looking up at the winking, blinking stars, they could imagine themselves free. The guide, who was a prisoner, told us rather merrily, it seemed that often attempts were made to climb the walls.

"Not long ago, a man was killed right there; I saw it," he said and then we noticed the guards and the rifles above, and wondered if the presence of American visitors might not seem a propitious time for a desperate dash for liberty by some of the prisoners.

**Did You Know—**

That since January 25th when Texas began to distribute benefit checks to her eligible unemployed she averaged about \$630,000 a month for the first six months going back into channels via the unemployed worker. To date total benefit checks amount to four and a half million, and Texas has twenty-seven and a half million in her reserve fund.

That five thousands children, according to a Social Security Board estimate, have social security accounts. From infants to youngsters five years old, these children are mostly advertising models, tough some of them are in the movies.

That funds collected from Texas employers in unemployment not be used for any purpose other than the payment of benefits to the unemployed.

That Douglas Corrigan, hero of a transatlantic flight, was discharged as mechanic several weeks ago by the Northrop Aircraft Company at Santa Monica, California, because he failed to fill out forms to get a social security account number. Corrigan had been asked to do this several times by his company and had neglected it. A former Texan, Corrigan was born at Galveston.

**The worst BODY ODOR is P.O.**

The worst body odor comes from P.O.—perspiration odor under the arms.

Take 1 minute to use YODORA—new, amazing deodorant cream that works directly on underarm secretions. Normally stops odor 1 to 3 days. Yodora also reduces amount of perspiration.

Stays without lag—Yodora is utterly different from stiff, greasy pastes: (1) Soft-smooth as face cream. (2) Leaves no sticky film on fingers or underarms. (3) Leaves no "hardy" smell on clothes. 35¢—45¢. Get it today—money back if not delighted.
