No More Nice Guy On Checks

By DON TABOR
Publisher

After the middle of June, it's no more Mr. Nice Guy.

In so many words, that's what Callahan County Attorney Bob McCool said this week concerning his efforts to prosecute those who write bad checks.

Ever since last Christmas, his office has been busier than a one-armed paper hanger trying to keep up with the increased flow of hot checks, and McCool says, it's time to do something about it.

Right now, the office has about 170 pending bad-check cases. McCool said he is giving the hot-check writers 30 days to get their cases taken care of and then a deputy sheriff is going to be assigned full-time to tracking them down, arresting them and locking them up.

"I'm going to fill the jail up, if I have to. They may have to build a new one," he said, only half kidding.

Also, he said that "no excuses" will be accepted for bad checking. After all, he said the person taking a bad check gives the writer 10 days written notice of intention to file charges and that his office does the same thing, so by the time a charge is filed, the hot checker has had ample notice.

"If anybody thinks they've got a hot check (charge filed against them) they'd better trot over here," said Pat Holland, McCool's secretary said, referring to the 30-day warning period her boss has established.

McCool also had an important tip for anyone taking a check. Get the writer's driver's license number on the check.

He explained that if the check is bad and the suspect cannot be found, the sheriff's office will put the driver's license number in the DPS computer so that "any time they renew their driver's license or get a speeding ticket, we have a good chance of getting them."

McCool commented there is sometimes a strange mentality involved in bad-check writing. Often times, a person who wouldn't steal a dime otherwise will write a bad check after bad check. They apparently rationalize that it's not the same thing as stealing. "But it is," McCool said.

School Board Discusses FB Field Renovation

The Cross Plains Independent School District board members met May 15, at the High School for their regular meeting. The following items were discussed and approved.

Students from outside the district requesting transfer to the CPISD were approved.

The football/athletic budget was approved for the 1986-87 school year.

The superintendent and athletic director discussed the football field renovation with the board. The field is ready for the grass to be transplanted and goal posts installed. The track project was discussed at length and an invitation will be extended for the booster club to meet with the board in the near future concerning the next phase in construction of the track.

The board approved the request by the summer baseball program to use the ice from the icemaker in the gym this summer provided all persons recognize the school has first priority. It was explained to the board that the icemakers are not allowed to sit idle during the summer as this creates problems involving rust and corrosion in the water lines inside the machine.

Approval was granted for the 4-H Club to schedule some of their summer project meetings in the Homemaking room with the provision that the homemaking teacher must be present during the meetings.

Approval was granted for the school administration to purchase an IBM PCXT computer. The computer

will be utilized predominately for student services such as attendance accounting, grade reporting, honor roll and failure lists, and report cards. These services are currently contracted with the Education Service Center Region 14 in Abilene.

Approval was given to order a 19 passenger bus for the 1986-87 school year.

An update was given to the board as to the status of the delinquent tax collection.

During the superintendent's report, the extracurricular policy was discussed and amended.

The financial condition of the school was reported to be in good shape at this time. It is not known as of this date if the state monies will be allocated at 100% during the summer or if there will be a reduction in the amount to be received by public schools.

Interviews were held with prospective employees for the 1986-87 school year. As soon as contracts are signed and approved, a list of new employees and their assignments will be sent to the newspaper for publication.

The following auxiliary personnel were given letters of assurance for the 1986-87 school year.

So. East Peanut Crop in Doubt

Texas peanut growers should be aware that the drought in the Southeast has reached crisis proportions and is seriously affecting the peanut crop there. It has been reported to the Texas Peanut Producers Board that the crop to date is only 40 percent planted. If they do not get rain soon (and there is no appreciable rain in the immediate forecast) the crop could be seriously affected by as much as 40 percent.

The export prices have really strengthened the past week, increasing from .30 cents per pound to .50 cents per pound for jumbo runners. Mediums were .42 cents per pound. Since the Southeast usually grows

Pioneer Reunion Reset for Aug. 9

The 45th Annual Callahan County Pioneer Reunion which was scheduled for last Saturday, was cancelled due to rain. Not many activities have been called off for that reason during the last few years of drought-like weather.

Everyone agreed that we really

needed the rain and no one begrudged the moisture. There were lots of floats and booths that were ready to go, but they will get another chance.

The Reunion has been rescheduled for August 9, according to Susan McNeel, Old Settler Committee

Member. This will include the parade and all day entertainment.

The Beta Sigma Phi Club will announce the date for the Arts and Crafts Fair at a later time. There is a possibility that it may coincide with the Reunion.

"Mailbox Improvement Week" Is Here

The U. S. Postal Service has designated May 19-24 as "Mailbox Improvement Week."

"Each year a week in May is set aside to remind customers on rural, city motorized and contract delivery routes to examine and improve, where necessary, the appearance of their mailboxes," Cross Plains Postmaster Joe E. Hanke, Jr., said.

"The purpose is to call attention to the need to provide mail receptacles that are conveniently located, safe to use, neat in appearance and are designed to protect the mail from the

weather," Postmaster Hanke continued.

There is no question that neat, attractive mailboxes improve the appearance of country roads and suburban streets. The Postal Service points out, however, that Mailbox Improvement Week means more than eye appeal.

"Say that old, dented box has sharp, cutting edges or that the receptacle is too small, too hard to reach or made inaccessible by obstructions," comments Postmaster Hanke. "In such cases, the mail

would be stamped undeliverable and the customer would have to come to the post office to pick it up. We need the cooperation of our customers to maintain service at its highest level."

Postal regulations require that rural and contract route carriers must have access to mailboxes without having to leave their vehicles. Such boxes must be located on the right-hand side of the road in the carrier's direction of travel where traffic conditions would endanger a carrier driving to the left to reach the boxes. The boxes also must be placed to conform with state laws and the highway regulations.

Customers are requested to remove obstructions - including vehicles, trashcans and snow - that make delivery difficult.

For both suburban curblines and rural roadside boxes, the Postal Service requests a height of 3 1/2 to 4 feet from the bottom of the box to ground level. The address should be clearly printed on the receptable to assure more efficient delivery.

There are approved traditional and contemporary mailbox designs. A customer-designed rural box needs the prior approval of the postmaster before it can be installed.

One last safety caution from the Postal Service: Some mailbox supports are so massive (heavy metal posts, concrete, farm equipment filled with concrete), they are damaging vehicles and causing serious injuries to people who accidentally strike them. The Federal Highway Administration has suggested mailbox mounting and support designs that post offices will share with their customers.

BURKETT NEWS

By FREEDA BURKETT

The Burkett-Adams Cemetery Association will hold its annual Memorial Day Services Sunday, May 25, at 2:00 p.m. at the Burkett Cemetery. In case of bad weather the gathering will be held in the Community Center.

Mr. Jasper Cook of Cross Plains, Minister of the Cross Plains and Burkett United Methodist Churches, will bring the memorial address. There will be a brief business meeting and election of directors.

This will be the last reminder in this column and everyone interested in our cemeteries is urged to be present and help make our memorial service a success. Remember, those attending from distant places will be looking for and expecting to see their friends and relatives here, so let's don't disappoint them.

The people of this area are very thankful for the good rain that fell last week. We got almost 3 inches in Burkett and most reports from the country around is more and so good for the farmers and ranchers.

Mrs. Beva (Dorothy) Webb entertained the Cross Plains Garden Club with a fish fry at her home Friday a week ago. Dorothy served twenty pounds of fish that she caught, cleaned, fried and served on their picnic park table beside the Pecan Bayou near their home. Those present to enjoy the food and fellowship were the following members: Juline Frankie, president, Sarah Brashear, Veda DeBusk, Midge McCall, Exa McCord, Clara Bell Gibbs, Lois Garrett, Jo Davee, Joyce Odum, Lucille Payne, Gretna Payne, Helen Tillotson the hostess, and two guests, Mrs. A. B. Adams of Fort Worth and Eula Webb of Cross Plains.

Mrs. Andrew (Doris) Walker, V. F. W. Auxiliary President, attended a meeting at San Angelo Sunday, May 4. While there she visited Dayle and Nina Edwards. Sunday night Nina received a message that her nephew, Tod Neitzke, 21, had died that day of an apparent heart attack while playing volleyball. Tod was the son of Nina's brother and wife, Buddy and Jean Neitzke of Flint, Michigan and grandson of Mrs. H. H. Neitzke of Lake Odessa, Michigan, former resident of Burkett. Sympathy goes to the entire Neitzke family, and especially to Nina and Dayle who were not able to attend the funeral.

Mrs. Lillian Harris had a Mother's Day call from her son, Hulan, of Big Spring. He reported the condition of his wife, Sealy Jean, was very critical.

The 42 Club met in the home of Bill Mayfield last Thursday a week ago. Those present were Lillian Brown, Lucille Cross, Jo Davee, Zora DeBusk, Ottie Maya, Ruby Biehl, and the hostess.

Mr. and Mrs. Raymond Cross left Sunday for a visit with their son and wife, Kenneth and Sherry and children, Lisa and Randy.

Mr. and Mrs. Roy Clark attended the Musicale at Cisco Saturday night May 10.

Friday, May 9, guests of Jack and Zora DeBusk were her sisters, Ritta Knight of Cross Plains and Susan Andi of Coleman. Susan's granddaughter, Mrs. Melissa Fleming and small son, Zachary of Lafayette, La., was with her. They all especially enjoyed seeing Melissa and Zachary steal most of the attention.

Michael Hagar of Abilene spent Wednesday, May 7, to Monday with his aunts, Velma and Esther Byers and uncle, Dan Byers. He took them to Robert Lee Saturday to visit their other sister and husband, Cora and Doc Robertson through Sunday.

Marty and Glenda Callaway had his parents, Mr. and Mrs. Benny Callaway, his grandmother, Mrs. Lucille Callaway and brother, Rocky, all of Cross Plains for a Mother's Day dinner on Sunday.

Billie Adams spent Friday to Sunday at Melvin with her friends, Bill and Geneva Gray and his mother, Suzie Gray, who lives with them. Mrs. Suzie Gray has not been well lately and was feeling worse over the weekend. The Grays at Burkett before moving to Melvin and have many friends here.

Mrs. Birdie Helms has received letters from members of the Helms family expressing their great appreciation for all the Burkett people who furnished dinner and other kindness during the time of the death and funeral of their brother, Olan Helms, recently.

Mr. and Mrs. Bill Hunter, Ken and Terry Hunter, Leif and Kristin, were in Abilene Sunday to attend the

graduation service at McMurry College to see Bill and Shirley's daughter-in-law, Sandy Hunter, receive her B.S. Degree. Randy and Sandy's small son, Chase, came home with his grandparents to stay until his parents came Monday to take him home.

Marty and Glenda Callaway and Brooke visited her parents, Dalton and Lucille Gould, Friday night and took them out for dinner honoring Dalton on his birthday and also a Mother's Day gift for Lucille.

Visitors in the home of Montie Jennings Sunday were Mrs. Marie Strawn of Grosvenor, Glenda Hutchins of Bangs, Mrs. Ted Bigham of Bradshaw and Mrs. Nora Jennings and Letta Vallien both of Abilene.

Mr. and Mrs. D. R. Gould had Mother's Day dinner with their daughter and husband, Rick and Linda Brinson of Coleman.

Jackie and Melinda Dodgen of Coleman and Johnny Pricer of Crawford spent Saturday afternoon with the D. R. Goulds.

Little League Results

The first game of Little League season started off with a blast Friday night, May 16. The Kilowatts raced past the Buffs with a 13 to 5 score. Jarrod Horton of Rising Star, who plays on the Buffs team, hit the first official home run of the season.

The Cats and the Blue Jays played a speedy game with the Blue Jays finishing with 1 point and the Cats 0. They played 6 full innings in 1 1/2 hours. There was a pitching duel between Colby Walker of the Blue Jays and Dustin Bates of the Cats.

The Pee Wee outcome was the Angels 4 and the Cubs 1. Giants squeezed by the Braves 1 to 0.

The Pee Wee teams will play again Friday night at 5:30 p.m. and Little League action starts at 6:00 p.m.

The baseball players need your support, so come on out and watch them. They need an audience to get some of that old "take me out to the ball game" spirit stirring.

JUNIOR HIGH TWIRLERS — Mr. and Mrs. Donald Wills, 1986-87 Twirlers are (from left) Tonya Michelle McNutt, daughter of Mr. and Mrs. Tony Steele, Tracy Wills, daughter of Mr. and Mrs. Jimmy McNutt.

ROWDEN NEWS

By MRS. N. V. GIBBS

JUNIOR HIGH CHEERLEADERS — 1986-87 Cheerleaders are top row (from left) Erlinda Cortez, daughter of Mr. and Mrs. Ernest Cortez, Tracy Erwin, daughter of Mr. and Mrs. Bobby Johnston, and Nicky Barron,

daughter of Mr. and Mrs. Chris West, bottom row (from left) Jennifer Goble, daughter of Mr. and Mrs. Stanley Goble and Carrie Renfro, daughter of Mr. and Mrs. Eddie Wyatt and Mr. and Mrs. Rod Renfro.

Skies darkened Saturday morning by rain clouds that seemed to emerge from all directions. An inch of much needed rain fell over this area.

Tommie Harris had begun his grain harvesting this week. Tony Steele also cut some on the Leonard Baum place. All of the wheat fields look ripe but still has too much moisture for storing.

Some of us did not get our gardens plowed, so the weeds and grass will have a head start.

The Cross Plains town had made preparations for the "Old Settlers" this weekend only to have it rained out. Some old timers may have come

on Friday for this annual event and will be disappointed.

Bill Steele spent Friday night with Trey Fortune. I'm sure the rain curbed some of their outdoor activities.

Mother's Day visitors in the Sterling Odom home were their children and grandchildren, Ralph and Virginia Trevey and children, David, Scott, and Jennifer of Synder, Charles and Nancy Palmer and son Michael of Clyde and Ivon and Vickie Odom of Pioneer.

Gene and Vernie Belle Mauldin attended a church retreat for deacons and their wives Saturday at the First Baptist Church in Baird. The group met at the church for breakfast, followed by a lecture from Jan Baehert of the Dallas area. These meetings continued through lunch and closed with supper and lecture following.

We mentioned last week that Kyle Watson, along with his parents were in Austin for the State U. I. L. Meet. Kyle was in competition with 1600 other students from over the state entering in a number of academic contests. This is the second year for Kyle placing 1st in Science. He is also Valedictorian for 1986. We are proud of you, Kyle, in your endeavor.

Visitors in the Tommie Harris home last Sunday were Jimmy and Pam Harris and children, Jared and Jaonna. Also Nicky and Evylen Harris and children T. J. and Chris Harris.

Those visiting in the James Reynolds home Saturday were Jim and Crecia Reynolds and son, Chris of Midland. Ellen Carpenter of Denton and Janet Flippin of Stephenville. The family had planned a cookout but the rain drove that inside.

Mr. and Mrs. Don Harrell and daughter Leigh were in Abilene Friday night where Leigh performed in a dance recital at Hardin-Simmons University.

Don was in Abilene Saturday for the horse show. Maryann planned to join him after leaving Leigh with her grandparents.

The Carl Bray family of Cisco were supper guests in the Robert Watson home last Sunday.

Roland and Faye Mauldin and son, Kenneth, were visitors in the Gene Mauldin home Friday afternoon.

Gravel and Parlee Gibbs spent two days last week with her brother and sister-in-law, Charles and Mary Bryan of near San Angelo. They also visited her mother and sister, Clara and Harley Brooks.

Some in the community could not be reached for news items this week. They were called but phones kept ringing. It would help if each family would call this writer. This column was started in 1963 with both the Cross Plains and Baird (or later) Callahan Star paper. It has been a pleasure to visit by phone and also in some homes where phones are out of Baird. This takes place each week. Rowden people who live elsewhere say they read this column for news of the people here. In this twenty odd years, many residents have passed away, some have moved to other places and new, younger people are now living in the community and work in Abilene.

Changing times are here to stay. We still try to keep the people together with meetings at the Community Center. Thank all of you for cooperating each week in the Rowden News. You are important to all around you.

CJC Summer Dinner Theatre Starts June 19

With the summer season just around the corner, Cisco Junior College is moving its preparations for the 1986 Summer Dinner Theatre season into high gear.

This season will include "The Quilters", June 19-22, 26-28, a tribute to the nation's pioneer women in celebration of Texas' Sesquicentennial; "Count Dracula", July 10-13, 16-19, a hilarious campy spoof of the batty vampire; and "Annie", August 7-16, the heartwarming musical comedy. An added attraction will be a special performance featuring the apprentices to be produced the last weekend in July.

Summer season tickets are available for \$35.00. This admits the theatre goer to one performance of each dinner theatre production plus one performance of the apprentice production (at which a meal is not served). This is a savings of \$12.50 over at-the-door admission and entitles the holder to preferential seating.

Anyone interested in becoming a season ticket holder can contact Carol Brown at (817) 442-2567 for more information.
