### A CARD.

It has come to my knowledge in the last few days that some of my friends feel that I should have been nominated for re-election and express a determination not to vote for Capt. Tucker, the democratic nominee for the legislature. I did not desire the nomination and said so in every address I published. Had I desired I could have received the nomination, but voluntarily withdrew for reasons stated at the time. I hope every friend of mine will give Capt. Tucker his earnest support for one reason if no other and it is this: Taylor county gave me the largest majority of any county in the district, 62 more than the democratic state ticket, which saved the district and elected me. I would be an ingrate if I did not appreciate this and I certainly do appreciate it, therefore I earnestly request my friends to stand by Capt. Tucker as his county stood by me. This is nothing but fair and right and I hope no friend of mine will vote against Capt. Tucker.

W. E. GILLILAND.

### DISTRICT SINGING.

The Cottonwood District Singing Convention will meet at Putnam, Texas, November 7th and 8th. Each and every class are requested to elect delegates to said convention. All delegates are requested to bring all the S. L. M., Gospel Voice and Royal Song books. This is done by order of convention.

### A CARD.

To those who have favored me with your patronage, I now express my sincere thanks. I have served you faithfully, and I trust satisfactorily. Realizing the hardness of the times, I have been more lenient in collecting accounts than my financial circumstances would justify. And, now to you who have not paid me for services I now appeal. Please come at once and settle up so that I can settle with the merchants who have so kindly indulged me for supplies, and also enable me to finish paying for my home.

Hoping this appeal will meet with a hearty response. I am faithfully yours.  
E. R. SORTOR.  
BAIRD, Oct. 31.

There will be services at the Methodist church next Sabbath morning and night.

### LOST HIS CASE.

The Court of Appeals in the Tolbert case dismissed the appeal on the ground that J. E. Thomas being counsel was disqualified in the case. This case was referred to in joint debate between Thomas and Wood and the recent decision shows by the highest authority that Judge Thomas did practice in his own court and lost his case by doing so. The Statute of Texas says no County Judge shall sit in any case in which he is interested or is or has been of counsel.

If you want honest weight, fair treatment and the best meat to be had call at the City Meat Market. 46tf

### PREACHING.

Rev. Hinds will preach at the Cumberland Church, Sunday, Nov. 1st at 11 o'clock and Rev. R. D. Walker will preach at night and perhaps several days following.

### BREAD! BREAD! BREAD!

Go to Mrs. E. K. Kane's for bread. Fresh bread baked daily, and can be had in any quantity desired. Leave your order with her. Fresh yeast cakes for sale also. 47f

### AT LAST.

A perfectly clean and chemically pure process of preparing sage for the use of husbandry has at last been discovered by that eminent chemist—Mr. Eddy—where by the full strength and original flavor of this precious herb is fully retained and Wristen & Co. handle the product. Eddy's Sage, absolutely pure, finest flavor on earth, unapproached and unapproachable. Don't forget the place—Wristen & Co. 47tf

### EVERY ONE KNOWS!

That to secure the best results in bread and cake it is not only best but absolutely necessary that pure ingredients be used.

In the selection of flour, great care should be exercised and nothing but select, soft winter, wheat flour should be used.

There are but few flours that meet this demand, but in the "Magnolia," we have it in all of its strength and purity.

This popular brand is manufactured in the heart of the finest wheat country on Earth (Hannibal, Mo.) from select soft winter wheat. D. W. Wristen & Co. are sole agents for this exceptionally fine flour, in Baird and they guarantee every pound to give entire satisfaction. 47tf

**NOTICE.**  
To the people of Baird and Callahan County and all others of my Customers.  
On October 6th, all my stock of goods, and all my accounts were sold and was bought by those whom I owe, and I am now working as manager for them. As soon as I pay all my debts the entire business will revert to me. I have agreed to pay \$9,000 each month until every dollar is paid out. Now I sincerely beg those that owe me to come and settle with me so that I can get my business back. You know if you owe me. Please come and help me on my feet again. I have been as indulgent to the people as I could, so come now and show your appreciation by settling with me, in fact I beg you to do so. My friends that I owe are doing all that they can for me; they are sending me a large stock of new goods and in a few days I will have my store well filled with a stock superior to any thing I ever had. I want all my old customers and all the new ones to come and examine my goods before going elsewhere. I know I can please you and besides this, every dollar you spend with me will help me to get my business back in my own hands, as I once had it, and then I may be able to help those who may need help. In conclusion, I want to thank so many of my friends for coming to my rescue, by paying what they owed me. These people I will remember when I get out of my troubles. So again I ask all to help me by buying from me and by settling with me. Your Sincere Servant  
T. E. POWELL.

**DEMOCRATIC TICKET.**

For President.  
WM. J. BRYAN.  
For Vice President.  
ARTHUR SEWALL.  
(Vivat Respublica.)

Keep cool on election day.  
That pop-rep fusion deal stinks to heaven.  
Thank goodness the election will soon be over.

The election is so close we can almost hear the death rattle of gold bugism.

If you have plenty of gold you will vote for Hanna's candidate or his side partner Palmer.

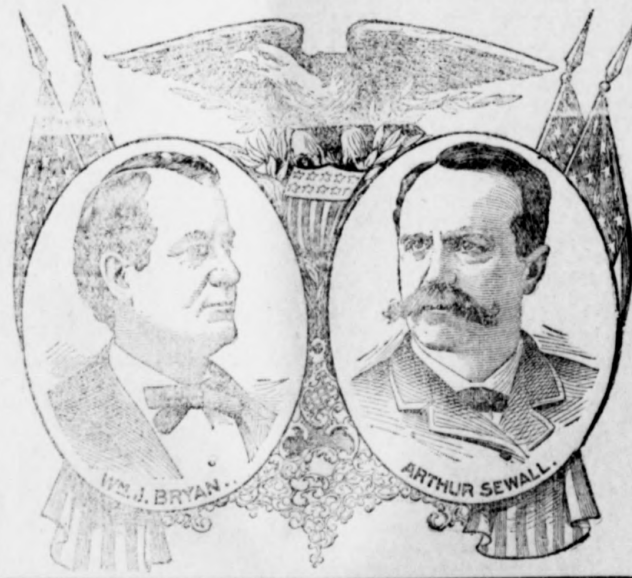

Palmer and Buckner are leading a procession of the deadest political ducks that ever flocked together in this country.

Watch your ticket. If any man presents you with a democratic ticket see that it is a democratic ticket before you vote it.

The Gideonite who swore never to vote the democratic ticket has only one recourse left, enroll his name in the ranks of the Hanna immortals.

That populist gold bug combine in Texas smells to heaven. Nothing but greed for office and gold. Principles cut no figure in the unholy alliance.

Democrats have a man and a cause that ought to enlist their most active services. Bryan and free silver, the old time democracy against the gold standard plutocracy.

The case is already argued. If you cannot convince your antagonist without knocking him down let him go. To pound thunder out of him will only confirm him in his political convictions.

Every Democrat in the county should go to the polls and make it a point to urge all his democratic friends do likewise. The enemies of Bryan and the entire democratic ticket are active and alert, don't be lukewarm in the cause.

The Bradley-Hardy-Green combine will be lucky if it holds together until the day of election. There never was such a stampede from a party as is going on now in populist ranks. Fusion with the gold standard republicans and gold standard boltocrats has killed the populist party in Texas.

The silver wave rises higher and higher, day by day, yet the Dallas News says it hears the dying groan of the silver craze. Do you hear the tramp of the vast silver army marching to victory? What the News mistakes for the dying groans of the silver craze is nothing more nor less than the dying groans of Hanna's golden calf.

THE STAR predicts that there will practically be but two parties in Texas after the election; democrats and republican. Some of the populist followers of the immortal 103 will go to the republican and the bulk of them will come back to the democratic party. Most of the gold standard democrats will go to the republican party also.

The Dallas News has fought the silver (?) trust until it (the News) is actually on the verge of hysterics. As the News was never known to oppose a trust before, this if nothing else ought to raise suspicion in the minds of the people that the silver trust is nothing but a straw man. If it was a real trust the News would never mention it except to make excuses for it.

Suppose the silver trust has, as the News charges, put up one million dollars for the democratic campaign fund; that is about twenty-four million dollars less than the other trusts have put up for McKinley. Is the News mad because the silver (Spook) trust refused to put up for McKinley like all the other real trusts?

The only trust the Galveston-Dallas News ever opposed is the silver trust; and that is only a spook conjured up in the disordered brain of Joseph Pulitzer of the New York World.

Democrats be on your guard against "bogus election tickets," and campaign lies spring at the last moment, too late for refutation. In this issue we publish the regular democratic ticket. Any other ticket purporting to be a democratic ticket is a fraud. The ticket printed in this issue is on exact copy of the democratic tickets printed in this office on same type that ticket was printed, by order of the County Democratic Executive Committee.

The populist, at their own request, put their state and county nominees on the republican ticket in Harris county. No populist in that county can vote for Bryan unless he votes the democratic ticket for no Bryan and Watson electors will be placed on the Australian ballot in that county, nor perhaps, in any county where they have that system. The populist have practically abandoned their own national ticket. The republican ticket in this county has only populist nominees on it. These things ought to convince any one that fusion is on in great shape.

The fact that some man, either in Baird or New York, may offer to bet three to one or ten to one on McKinley does not prove that McKinley will be elected. Such offers only prove that the would be better is anxious to impress others with the belief that said better is very sanguine of the success of his man when in fact he is scared out of his boots. Most of these big bets paraded in the papers are made for political effect. It was reported in 92 that the republican campaign committee placed over a million of dollars on Harrison at about the same odds as is now offered on McKinley. This betting business is an old campaign trick. It will be noticed the largest odds on McKinley are afforded in New York where they know about as much about the present temper of the West and South as they did about the Chicago convention three days before it convened.

The Stars and Stripes are in evidence to some extent in Baird to-day.

Today is flag day all over the Union and in obedience is the request of Chairman Jones of the Democratic National committee "Old Glory" floats from the flag staff at THE STAR office.

Mr. "Nix" in the Prod says he is standing by the agreement made with the democrats at St. Louis, and will vote for Bryan and Watson. No agreement was made. The Texas delegation did all they could to prevent any agreement. They opposed Bryan and forced the nomination of Watson. They refused to indorse the ticket in the State convention, and now the pop leaders in Texas are practically ignoring the ticket. The immortal 103 never intended to support Bryan and they are doing all they can to trade Texas pops to McKinley for votes for Kearby, and "Nix" knows it if he has got sense enough to pound sand into a rat hole.

The populist are spreading all sorts of reports about democrats trying to bribe populist candidates. Marion Williams says R. M. Johnson, of the Houston Post attempted to bribe him. Editor Johnson published a card denying the statement in such a way that places Williams in an awkward position to say the least of it. No one who knows the two men will hesitate to take R. M. Johnson's statement in preference to Williams. The report now comes that Blake or a friend of his had offered Stump Ashby one thousand dollars to withdraw from the populist state ticket. We do not believe one word of this and feel sure it is a slander. The populist leaders seeing their forces going to pieces have grown desperate and they seize every idle rumor to save their falling political fortunes. These reports are circulated at this late hour among the faithful at this late hour knowing that the democrats cannot refute them before the election.

Narcotic, emetic and charaic are the medical properties of tobacco. I offer you thirty-five brands to select from, all fresh, pure, stock and on account of being overstocked will give you prices that no wholesaler can duplicate. J. Norton. 47tf

Strictly pure ribbon cane syrup is indeed a luxury and seldom procured at a reasonable price, but our accommodating groceryman, Mr. Julius Norton, was fortunate enough to obtain a car in barrels and half barrels, at a very close figure and those desiring the strictly pure goods can find them in Mr. Norton's stock. CHEAP.

**DIED.**—Mrs. M. M. Edwards, mother of Neil and Charley Edwards, died very suddenly Tuesday night, Oct. 27. The remains were interred in the city cemetery on the 28th. Mrs. Edwards was a most estimable lady loved and respected by all who knew her. Her death, while not wholly unexpected as she has been in feeble health for years, caused universal sorrow among her friends and acquaintances.

He (gloomily)—Yes I love you and were I not a poor man I should ask you to be mine, but I am not able to support a wife.  
 She (patiently)—Well, papa says if we went to get married he will pay half our expenses.  
 He (clasping her in his arms and dancing round for joy)—Hurrah! that's good news, name the day and it shall be at once. We will buy our groceries from Norton—his prices are only half those charged by others—and with my earnings and your father's help we can manage well. 47tf

Oscar Jones, formerly of this county but now of Greer county, O. T., is in town stopping with his Uncle, J. W. Jones. Oscar says Oklahoma is wild for Bryan and silver, but of course they can only talk, they cannot vote. He says he has been up in Kansas several times this Summer and that everything up there apparently is for Bryan. He says the people are so stirred up that they declare no man should be allowed to run for president on a gold standard platform. If there is any indication how the election in that state will go judging by the way the people talk, he says McKinley will be overwhelmingly defeated in that state. Kansas is claimed for McKinley by the republican national committee.

**ELECTION TICKETS.**

We have mailed election tickets to different boxes. To Tecumseh, Cottonwood, Cross Plains and Caddo Peak. They are directed to "Election Officers." We ask the Postmasters at each place to please hand them to some of the election officers. If tickets do not show up some democrats will be sure take enough interest to have them at the polls. All who do not receive democratic tickets should notify us at once.

**NOTICE TO VOTERS.**

The tickets, democratic and independent, printed in this office have the name of candidates for president and vice president at the head. I have been informed that certain populist say this is illegal. No one need be uneasy about such reports, the tickets is in strict conformity with the law and the democratic ticket so printed is an exact copy of that furnished me by Chairman Blake. I have been printing tickets for ten years and know exactly what should go on a ticket. The names of the candidates for president and vice president may or may not be placed on ticket just as may be desired. It is legal either way. The democrats in Texas prefer to put Bryan and Sewall on their ticket so far. The populist and republicans have left the names of their candidates off for reasons best known to themselves.

On the omnibus ticket printed in this office, the names of all the presidential candidates are printed on ticket, with electoral ticket following. Scratch out all names except those you want to vote for. Names of democrat, state, district and county democrats first populist second. I guarantee both tickets to be legal and correct. W. E. GILLILAND. ED. STAR.

**DANGERS OF PIAON NOTES.**  
 LIEN NOTES FOR PAYMENTS ON PIANOS AND ORGANS sold on installments are generally sold or transferred to others, hypothecated with banks or factories, or traded for other goods. Lien notes, when placed in banks for collection may injure chances for loans when needed, hence no business man should give notes when buying instruments on installments. Lien notes are liable to be held anywhere between Texas and New York, consequently those who sign them have no opportunity to plead for an extension until too late. Agents and dealers who demand notes on installment sales generally state that notes do not pass from their possession. If this is true why do they take them? The usual contract is simple security in itself. Agents and dealers who say lien notes will be protected if not promptly paid, neglect to state that the notes are liable to be in the hands of parties unknown to them, to whom manufactures or others may sell them.  
 We Do Not Demand Notes On Installment Sales.  
 We carry everything in the music line.

Nothing really looks quite so ridiculous as a vulgar person in stylish clothes.

There are people of such intense preference that they imagine others are interested in the fact that they are early in the morning.

A Philadelphia boy smothered earlier on a water, against time. It took him only an hour to absorb enough to kill him in less than a few hours. Death followed as surely as if a deadly poison had been used. It is none the less a sad and a real result follows a longer use of cigarettes. Such suicides are not rare. In fact, many and grave have been committed by the aid of the powerful and destructive power of this habit.

In a recent letter, Dr. George Elbers, the famous German X-rayologist, thus sums up his life: "Next March I will be sixty years of age, and I have loved much, erred much, borne much and worked much." The account of the X-rayologist's life illustrates the truth that profound knowledge and experience are not necessarily the result of thinking and unlearned people often imagine. He who is most learned is apt to be the most eager and modest learner.

The most famous clown in America, Austin B. Crary, famous for the "Hey Bro" expression and his monkey and cat performances in his vaudeville and other circus shows, has gone mad. He talks incessantly, saying that the fact of having had to act forty for twenty-five years has resulted in his really becoming crazy. As he was being taken to the asylum in Cincinnati, he explained to the keepers his plan for arranging matters that all actors might be paid \$20 a day and all other persons \$6 a week.

A Minneapolis man fell in love with a Chicago woman after reading in a newspaper synopsis her ideas of what a husband should be. The editors of the city are already expecting to get an extra department. For the receipt of mail to receive the other Chicago ladies who have a few ideas of their own about prospective husbands. It is even reported that poor, discouraged little maiden on the unmentionable side of 30 may be driven to the extreme by the fact that her ideal man may emulate in the parlor and come to the breakfast table in his shirt sleeves if only she will endeavor to provide the parlor and the breakfast table before the winter sets in.

Friends of Rockford college, a college for young women in Rockford, Illinois, and of the National Y. W. C. A., have contributed funds for a fellowship in economics for the coming year, to be held at the college in Rockford college desiring to carry on graduate studies in the school of economics, political science and history of the University of Wisconsin. The faculty of the university voted to recommend Miss Mary Sabina to the fellowship and she has now been duly elected by the regents. Miss Sabina was graduated from the college in the course of Rockford college five or six years ago; she studied at Smith college subsequently, and the next year at Rockford where she took her degree this year.

The Chinese province, Manchuria, which came into prominence during the late Chinese-Japanese war, appears to be recovering rapidly from the effects of the recent war. Mr. Hoase, consul at Noyahwang, reports that he had a recent opportunity of visiting Kirin, the central province of Manchuria, and meeting disgraced him, a man of means, representative of the agricultural area through which he passed in this journey of over 700 miles. The country resembled very much the plains of Canada, with here and there a track of the rolling lands of the province of Manchuria. There were no small cultivated patches, as in southern Manchuria, China; fields on a gigantic scale, and central Manchuria, a vast expanse of fields where met the eye. Scarcely a piece of waste land was to be seen. The mention of the all but incredible amount of trade that was being carried on along the main road, and the fact that the Japanese occupation of the Liaoning peninsula gave to the development of the more northern districts of Manchuria, Russian exiles, playing parties have been traveling in the province, and an American and German have established trading posts.

As an indication of what is possible in the way of fruit raising in Illinois we read with interest that the first crop of strawberries in being gathered ready to market from the neighborhood of Alhambra, near the city of Chicago and Alton. A second crop of berries has also been picked, and a third crop is being gathered for a second crop.

Regular as it may seem, there are plenty of people whose main source of revenue is that they were not, more properly they had been expected to be.

## JACK SHIELDS DEAD

WAS ONE OF THE FAMILY OF "TEXAS GIANTS."

Shields Was Seven Feet Four Inches Tall and Had Four Brothers About the Same Height—His Coffin Had to Be Made to Suit His Country Fair.

Greenville, Tex., Oct. 28.—Monday night, Oct. 27, a man of seven feet four inches tall, one of the most famous of the south Greenville, Mr. Shields was one of the most famous of the "Texas Giants." He was 77 years old, and leaves a wife and seven children. He was 7 feet 4 inches in height and had four brothers all about the same. They ranged five years with each other, and became nationally celebrated. Afterwards they were with a museum in New York in their chief attraction. Three or four years ago they came to Houston to reside and engaged in farming. Frank Shields was elected a citizen whether here two years ago, and died to be remembered this year.

One of the brothers married a wife the same night as himself, while the others married wives of the usual size and age. There was no casket large enough for him and he was buried here. It is a sight worth seeing.

County Fair. Hillsboro, Tex., Oct. 27.—A number of the stock arrived here Monday for the county fair.

A special train will be run to the fair grounds by the Katy at intervals of an hour during the fair. A number of the fine race horses are on the track, and more are arriving daily, and it is expected that some of the best will be seen at a county fair will be witnessed this week.

An effort is being made to get the fair extended to the 31st. The ladies have arranged a flower show. This will be given on Wednesday, Oct. 30.

It is expected that Frank Holland of Dallas, will make the opening address for the fair.

A Blast Furnace. Hillsboro, Tex., Oct. 28.—A contract has been closed between the Davy Burnt Clay Ballast company, of Kinross, W. Va., and J. J. Jennings and Judge Ferguson for forty-five acres of land three miles south of here on the Katy. The company will put in a ballast factory here and manufacture all kinds of ballast for the Katy. It will employ about forty men. The Katy will be the ballast to improve the condition of its roadbed.

Dead in Jail. Marshall, Texas, Oct. 28.—A man named Wood, from Palestine, came here from Baltimore formerly, came here sick the other day, and died in jail this morning of a malignant fever. He was about 5 feet 6 inches tall and seemed between 50 and 60 years old. An inmate of the jail, Dr. Brundage, died at the Texas and Pacific hospital here ten years.

Shooting Agency. Denison, Texas, Oct. 28.—Monday night in a difficulty John Remmie, assisted Harry Anderson with a pocket knife, inflicting a painful wound in the side. Remmie was arrested by Sheriff Skoon yesterday morning and gave bond for his appearance in the police court at Denison in the afternoon. He is both young men, and the trouble is said to have originated over a love affair.

Location for Biomedical Institute. Denison, Texas, Oct. 28.—There is some talk of removing the location of Biomedical institute from where it stood at Denison to Colbert, on Rock Springs. Some of the citizens of Denison are exercising their influence to have the building erected on the site of the old ones that were burned, considering that location to be of some advantage to the city.

To Incorporate. Sherman, Texas, Oct. 28.—Interviews with several suburbanites indicate that so far as College Park, the most popular location is concerned, there will be little opposition to the petition asking the legislature to fully incorporate the city. The city of Sherman territory which will probably ask for incorporation, contains about 2000 live suburbanites with property valued at perhaps \$750,000.

Dead Found in the Woods. Corrigan, Texas, Oct. 27.—A negro dead body was found in the woods Monday morning, near the mouth of this place. He started out on Saturday night and returned Sunday his family became worried and began a search for him Monday morning. Cause of death not known.

Malison, the last Indian county in Mississippi on the main line. The Illinois Central railroad between this district and Louisiana by state lines, a distance of some three hundred miles, recently voted against it.

New Charter Filed. Austin, Texas, Oct. 28.—The charter of the Cotton Jimmies and Longhorn's Association No. 2 of Galveston was yesterday filed with the secretary of state. No capital stock, but own property valued at \$500. This organization is formed for the purpose of finding employment for its members in the loading and unloading of livestock from freight to Galveston and to remove the same from Galveston to the coast. The charter was filed by J. M. Adams, president. J. M. Adams went to the office to hold a request. Upon his return some further facts may be given.

A Railroad Wreck. Waco, Tex., Oct. 27.—Passenger train 1 on the Houston and Texas Central, due here at 11:27 yesterday morning, Charles Clark, engineer, Walter M. Williams, fireman, and Douglas, conductor, met with an accident, in which the engineer was hurt and the fireman killed.

About five miles south of here, at Somerset's switch, the tender of engine 17 jumped from the track some 200 yards beyond the switch and bumped along until the engine struck the switch, when it was turned on its side. The engine was derailed by the machine, the steam from which scalded him so that he died in agony about ten minutes after the accident.

When Engineer Clark saw that his engine was doomed for the wreck, he threw a signal to jump. He must not have understood, for he ran to the engineer's side, then back to his side. Clark, the engineer, jumped and fell on the driving rods, and was thrown from the ground, sustaining severe injuries. The tender tumbled a complete revolution. The baggage car was considerably broken up.

None of the passengers were hurt. They did not get excited until the danger was all over. The tender was used for help, and sent to Courtney for more material to be administered to poor Mathis by Dr. Taylor.

The train, and had exhausted his supply in his pocket case. A special train left here with Dr. Kercham, Dr. Clark and Wilson, but Mathis died nearly as soon as they arrived at the hospital.

Dr. Taylor examined a number of Mathis' limbs after he died, so as to extract his body from the wreck. Passengers were taken to the hospital, but were unable to get the body out. Almost the last words of Mathis were a message to his children, "I am a good man, and I pray for you." He was considered a model among the railroad people, and every one of them who had known him spoke with tears in their eyes.

The body was taken to Houston. It was held around here until the train and cars are running regularly.

To Dam the Rio Grande. El Paso, Tex., Oct. 27.—Lieut. Byrd, of the United States army, detailed to represent the United States on the international commission appointed to report on the feasibility and probable cost of constructing an international dam in the Rio Grande, in the city conferring with the Mexican engineers and Senor Yarrella has been sounding for rock bottom the past four weeks at the dam site at Washington has requested him to make his report on the dam before the 1st of December. It is understood that Secretary Wiley will recommend an appropriation of \$3,000,000 for the dam. If the dam is built the Mexican government will withdraw claims for about \$20,000,000 which it held against this country for damages in 1913 and 1914.

Commission Amended. Austin, Tex., Oct. 27.—The railroad commission has issued the following: It is hereby ordered that commodity rates to be issued by the commission on Feb. 28, 1916, to apply on sundry articles of freight in carloads, transshipments, railroads between points in Texas, and effective March 23, 1916, be amended by changing item 6 of said rates to read: "It to read as follows: Canned goods not otherwise provided for, from Houston, 15 cents, and from Galveston 21 cents per hundred pounds. This order shall take effect Nov. 14, 1916.

Mr. Putwin was a descendant of Elder Brewster, who came over in the Mayflower.

A Shooting Scrape. Luling, Tex., Oct. 27.—A shooting occurred here Sunday night between two negroes, Charles Campbell and Tom North, near the Reed sign, four miles west of town, resulting in the shooting of North by Campbell with a .38-caliber pistol. Campbell was arrested by Sheriff J. B. Jones at Luling Sunday night, and was yesterday evening carried to Lockhart, but having no money for his bond, North was freed, and is reported to be in a precarious condition.

Cowboy Killed. Richmond, Tex., Oct. 27.—While attempting to make a sheep Sunday morning, Jim Adams, 28 years old, a member of the state convict gang, work on the Santa Fe road at Rosenburg, was shot and instantly killed by a cowboy who was competing with Adams for the sheep. Adams was shot in the chest. After chasing him down to the river bottom the guard fired and killed him.

Found Dead. Fort Worth, Texas, Oct. 27.—The dead body of an unknown man was found near the Santa Fe track south of Regensburg, Texas, on Sunday. The body was found by a man who was driving a team. It was found by a man who was driving a team. It was found by a man who was driving a team.

Miss O'Connell. Hillsboro, Tex., Oct. 25.—About 12 o'clock Saturday Will Strange, of O'Connell, went into the store of S. E. Carter & Co. to purchase a pair of shoes. He was unable to locate it and started out.

Mr. Carter called to him to pay for his shoes and pointed the pistol at Mr. Carter as if he would shoot him, and went on to the door. Mr. Carter stepped to him in a second time to pay for his shoes, but, walking to the edge of the sidewalk, he raised the pistol and fired it in the air.

When Strange got toward Patterson, he raised the pistol and fired it in the air. Sheriff Bell, having heard the shot, ran across from the court house, and seeing Strange going toward Patterson, he stepped forward, drew his pistol and ordered him to stop. He and Patterson called to him a number of times.

When Strange got within three or four feet of Patterson he fired at him, but missed. He then turned and shot at him, but Mr. Bell knocked the pistol off with his left hand and dropped it.

When Strange shot at Sheriff Bell he was himself shot in the lower right side, a little above the hip, and down his pistol and got hold of him with both hands. Harry Grizzle ran up to Mr. Strange's pistol and tried to wrest it from him, but could not lift a blow in the face caused him to relax his hands.

Strange was then taken to jail, but his wound was probed. The shot passed by Sheriff Bell, who had been ordered not to think it will be necessary fatal. The affair was quite exciting, but it ended with the shooting of Sheriff Bell in not killing Strange has been frequently commented on, and more than one man has spoken of his interest in watching the trial.

Strange was searched at the jail, and the following was found on a sheet of paper, written in ink: "I am a good man, and I pray for you." The public will think me a reward for committing this act. But I am a good man, and I pray for you. This, coupled with his strange actions, leads to the belief that he intended to commit suicide, and that he would have killed himself on the sidewalk if his attention had not been diverted by Patterson calling to him. It is the supposition that he shot Sheriff Patterson, hoping he would kill him.

The grand jury investigated the matter, and Sheriff Bell was released from custody, he having been jailed on the charge of shooting Strange. Patterson was arrested, and his discharge of Strange's pistol, and his right eye was temporarily blinded. Strange is a resident of Luling, and it is thought he will recover.

Ladonia Fire. Ladonia, Tex., Oct. 26.—Another disaster fire occurred yesterday morning. About 8:30 an alarm given, and it was not long before the fire was located in the dry goods store occupied by Stettin & Jones, on the east side of the square. From there it spread north into S. L. Erwin & Co.'s hardware store, and south into the store of Stettin & Jones' son into W. C. Mellon's dry goods and general merchandise store, which was also burned, though the seat house, occupied by H. R. Haden, is badly damaged. In all, four of the best houses in Ladonia are ruined.

400-Pound Beaver. The skull of a mammoth beaver was recently dug up in South Bend, Ind., near the Michigan state line. The live animal must have weighed about 400 pounds.

Head End Collision. El Paso, Tex., Oct. 25.—It was learned here Saturday night that there was a head-end collision Saturday morning on the Galveston, Harrisburg and San Antonio road two miles west of Alpine. The west-bound passenger train, due here Saturday afternoon collided with a through freight train. The engine was smashed up and Engineer John Sullivan killed. Engineer Peter Radey of the freight train escaped unhurt. Superintendent Van Vliet's car was crushed to the freight. The wrecking train has been sent out to remove the wreckage and to be obtained.

Cotton Harvest. Galveston, Tex., Oct. 27.—The most disastrous cotton fire in the history of Galveston occurred at 10 o'clock yesterday morning in the cotton gin street of 3,600 bales and the cotton house in which they were stored. Or. The cause of the fire is not known.

The warehouse was a two-story brick, occupying half a block on the corner of Thirtieth and Market streets, owned by W. T. Rader, and valued at \$25,000. Loss on cotton, \$185,000. Insurance covers total loss.

Young Man Killed. Garland, Tex., Oct. 27.—Two young men, John Hill and J. P. Monahan, living three miles south of town, had a quarrel yesterday morning. Hill shot Monahan Monday four times with a .38-caliber revolver, killing him instantly. Hill was arrested by Sheriff C. H. Swin and surrendered to Deputy Sheriff Carter.

Engine T. Swin went down and requested the remains. There were no witnesses to the tragedy. Hill was taken to Dallas to jail by Officer Carter. A coroner's jury is expected to learn the particulars of the difficulty which led to the killing.

An Old Weather Vane. Z. A. McCreath of South Woodstock, Va., is the owner of a singing cary 25 years old, which has sung all his life, and never, though he takes nobody's word for it that it cannot reach the porch or sit on the floor of the cage and pour out the clearest, sweet strains of song from morning till night.

**READ THE TRUTH**  
EXTRACT FROM BOOK OF TESTIMONIALS.  
"Was a rheumatic sufferer for 18 months. Derived no benefit  
from physicians, treatment at Mineral Wells, Tex., or Hot Springs,  
Ark. My doctor declared my condition hopeless, but as a last resort  
advised P. P. P. Lippman's Great Remedy. Through its use I am  
to-day a well man." W. F. TIMMINS,  
of Timmins & Hines, Leading Grocers, Waxahachie, Tex.  
Indorsed by B. W. FRANKS, Druggist.  
"P. P. P., Lippman's Great Remedy, cured me of difficult breath-  
ing and palpitation of the heart. Had not slept on either side for  
two years; now I sleep soundly in any position." A. M. RAMSAY, De Leon, Tex.  
"Sworn to and subscribed before me." J. M. LAMBERT, Notary Public.  
"Suffered for years with a disagreeable eruption on my face.  
Various remedies failed to remove it. Three bottles of P. P. P., Lipp-  
man's Great Remedy, completely cured me." CAPT. J. D. JOHNSON, Savannah, Ga.
