So Much For 'Harmonic Convergence'

By DON TABOR
Publisher

So much for the harmony in the "harmonic convergence". You've probably read or seen on TV about how some off-the-wall types arbitrarily decided that on Aug. 16 and 17 things were going to change on earth.

They figured that for the first time in over 23,000 years the planets (presumably in our solar system) were all going to line up and shoot out some energy that was going to clean up our act down here.

They also gave mankind the onerous task of grabbing on to this energy or face a period (not 23,000 years, I hope) of catastrophe.

Thousands of people gathered over the country, usually around a "spiritual" rock, or mountain or lake, or something.

They played guitars and flutes and hummed into the air and apparently figured to snatch up that energy before it got away.

They also figured there would be UFO sightings and visitations by extra-terrestrials but when I picked up the paper Monday morning, the only thing I saw that fell out of the sky was a big airliner in Detroit, killing over 150 people. Not exactly the most harmonious of events.

Other stories in that same paper were about U.S. heli opters looking for mines in the Persian Gulf, violence in the mines of South Africa, people fighting with police in South Korea, etc. If that's harmony, I think I'll pass.

Don't get me wrong. It's a good thing to strive for harmony in mankind. Lord knows we could use a bunch of it now.

But I'm afraid these folks missed the target with all their humming and strumming.

Actually there were a whole lot more people on target who didn't get any news coverage on Sunday, the first day of the "convergence". They were the ones worshipping and praying to God.

Buffaloes Victorious In First Scrimmage

The Cross Plains High School Buffalo Football Team got off to a great start winning 2-0 over Eden. Eden is ranked the 18th team in the state.

The Buffs accumulated 252 yards offensively. Darin Apple was the leading rusher with a total of 104 yards including a 65 yard TD.

Bill Johnson gained 46 yards, Robbie Wheeler 30 yards, and James Ames 25 yards.

Greg Weiss, quarterback, passed 3 for 4 for a total of 42 yards, and one TD.

Chris Brown was the leading receiver with 3 catches for 43 yards and 1 touchdown.

The defense played an excellent game as a whole, allowing only 1 first down and 10 yards during the scrimmage. The defense was led by Ken Masters and Casey Williams.

The JV football team also played ending with a 0-0 score.

Another scrimmage is scheduled for Saturday, August 29, at the Buffalo Stadium beginning at 7 p.m. Coach Permenter reported that the large crowd of fans was greatly appreciated at the Eden game, and that he hoped they would be on hand for the Gorman scrimmage.

GREAT MEMORIES — Liz Cavanaugh poses with Mickey Mouse at Disneyland.

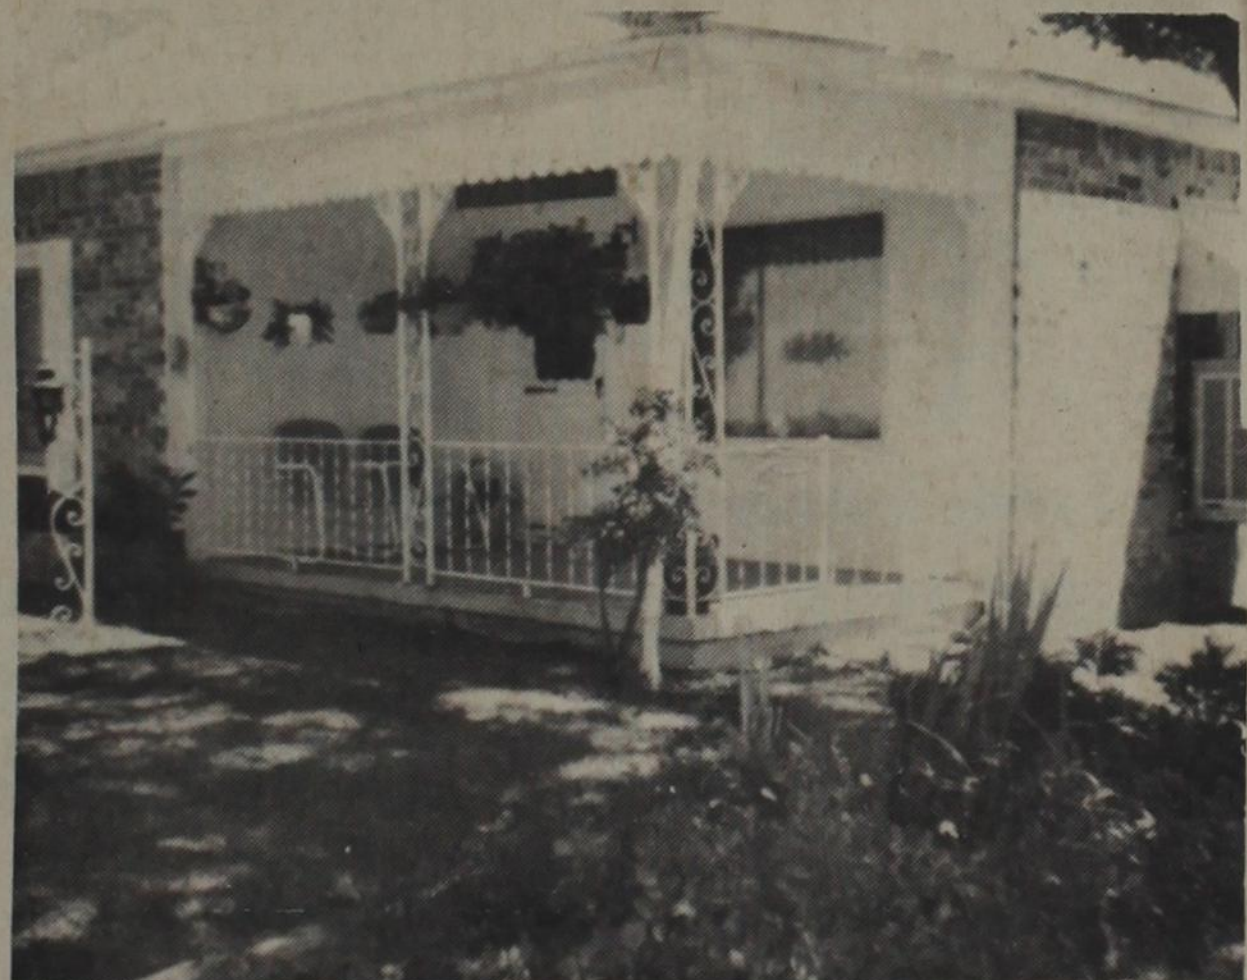

Local Girl Scouts Return From Calif.

Local Girl Scouts Liz and Bettie Cavanaugh returned to Cross Plains August 15 from a 14-day, 5-state, 4,385-mile trip. They were part of a group of 8 Cadette-Senior Girl Scouts and 2 adult sponsors who made this trip, which was sponsored by Heart of Texas Girl Scouts Wider Opportunities.

Highlights of the trip included Carlsbad Caverns, Sea World, San Diego Zoo, Disneyland, San Francisco Bay and Cable Cars, Yosemite National Park,

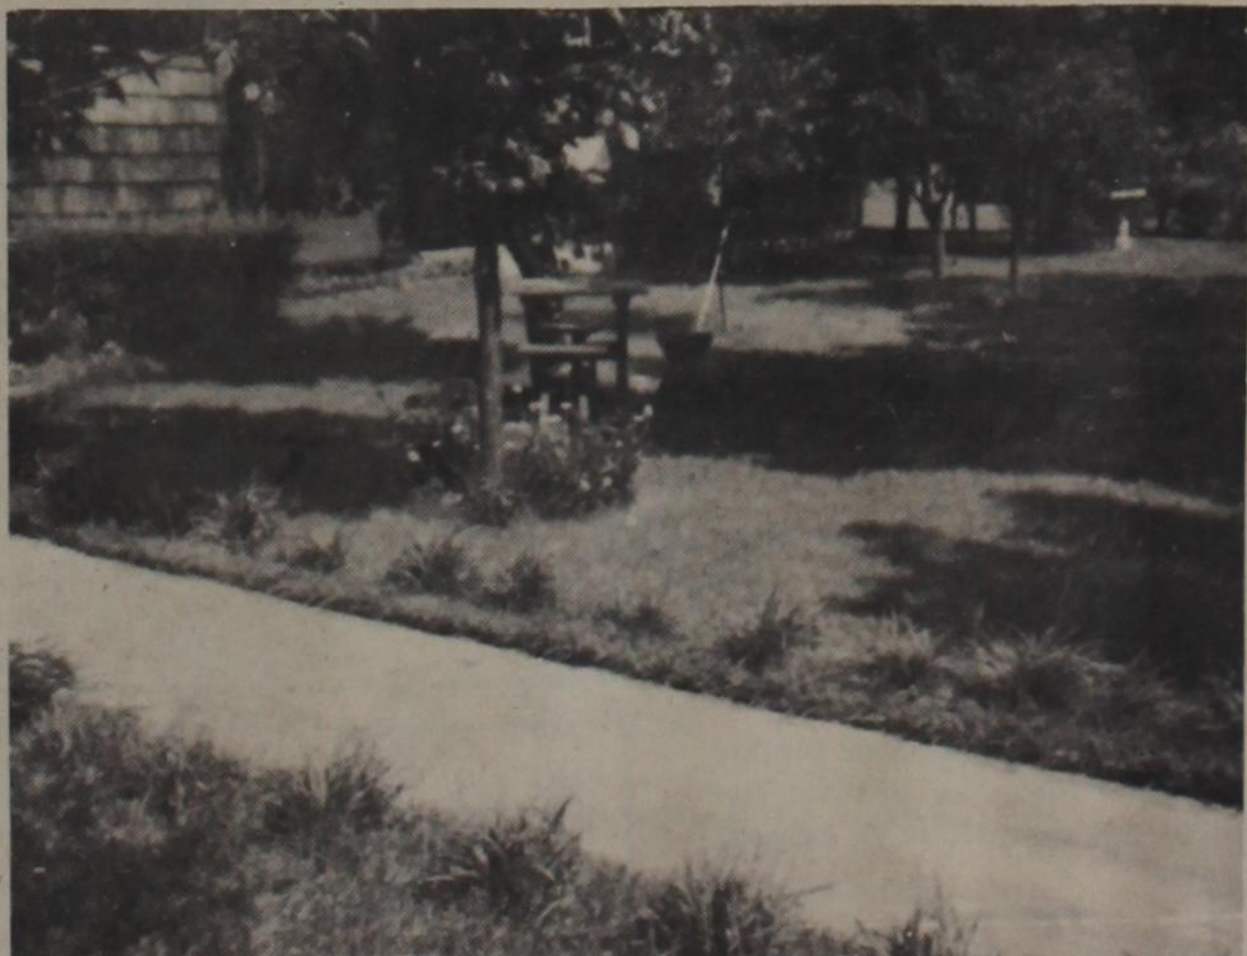

Las Vegas Strip and Circus Circus, Boulder-Hoover Dam, and Grand Canyon National Park. The group traveled through the San Joaquin Valley of California and enjoyed some of the delicious fruits, vegetables, and nuts of that area.

Each girl brought back memories and pictures that will last a lifetime. This is just one of the many opportunities offered through Girl Scouting.

FRONT YARD OF THE WEEK — The Pete Golson's yard was noted for its well-kept appearance and beauty. The flower bed next to the house contained yellow and gold marigolds, four o'clocks, pink and white periwinkles, and chrysanthemums which will have rust and pink blooms in the fall. A large flower bed on the side of the front lawn displayed giant yellow and gold marigolds, dahlias with white blooms, red geraniums, a jewel which blooms in the morning (pink in color), and a huge

group of touch-me-nots that will bloom in all colors during the fall. Hanging plants decorated the front porch. The front lawn was a carpet of St. Augustine grass shaded by live oak trees, a pecan tree, non-bearing mulberry tree, and a Chinaberry tree. Pete stated that the yard and flowers were always his idea and he cared for them. He said, "I am always trying to plant lots of flowers that will seed and return next year." This lovely place is located on FM 374 about one mile out-of-town on the right.

BACK YARD OF THE WEEK — Tom and Arlene Stephenson and son, Randy, are being recognized for their beautiful

green back yard. The yard is covered with trees which produce a complete shade by around 9 a.m. It's during this

Truck-Car Collision Last Friday Evening

Friday, August 21, at 5 p.m. a traffic accident occurred at the red light on Highway 36. A truck owned by Permian Oil Company was attempting to make a right hand turn off Highway 279 onto Highway 36 when it crashed into a car driven by Debra Copeland of Lubbock. Copeland had just driven up beside the truck on the right.

Traffic required directing for about 10 minutes until debris was removed from the road. No injuries occurred. Jim Cook, Highway Patrolman, provided the information concerning the mishap.

time that the birds come to the feeders and water in the ponds provided. Monkey grass trims the edge of the walk and shubby borders the fence. White daisies were in bloom and the monkey grass displayed its orchid blooms. The scene displays a feeling of peace and relaxation, and a closeness to nature. The Stephenson's home is located on Highway 279 three blocks from the blinker light on the right. I would like to take this opportunity to thank everyone for their courtesy and complete cooperation concerning the Yard of the Week articles. It was great visiting with all the residents and describing their lovely yards.

School Board Meeting Held Monday, August 17

On Monday, August 17, the Cross Plains Independent School Board of Trustees met for the purpose of determining the budget for the 1987-88 school year.

The Board was notified by the Superintendent that the taxable values for the district had dropped to \$66,172,081. This is approximately a 5 million dollar drop in values and will cause the effective tax rate to rise in regard to the 1987 taxes. According to the Cross Plains ISD Tax Collector, the tax rate for the Cross Plains Schools may be set up to 66 cents per \$100 evaluation.

After the Budget Workshop the Board was reminded that a hearing on the proposed budget was set for Wednesday, August 19.

Wednesday's meeting dealt with three main topics including the 1987-88 Budget Hearing and the 1986-87 Amended Budget, 1987 Tax Rate, and the regular monthly meeting. The results of the discussion are reflected below:

I. 1987-88 Budget Hearing — 1986-87 Amended Budget

1. A hearing was held at 8 p.m. for the purpose of discussing the proposed 1987-88 school budget. After the discussion the budget hearing was declared closed.

2. The 1986-87 school budget was amended from \$1,365,932 to \$1,460,256 for the maintenance and operation portion of the budget. The lunchroom was amended from \$68,000 to \$67,900. The Chapter I Federal Program is to be amended by the ESC14 Coop.

II. 1987-88 Budget — 1987 Tax Rate

1. The 1987-88 school year budget was approved for the amount of \$1,688,530.

2. The tax rate for 1987 was discussed by the Board and Administration, but no action was taken on the rate pending notification from the school tax collector concerning the first date the tax rate can be set.

III. Regular Monthly Meeting

1. The annual agreement between the Cross Plains ISD and the Comanche County Special Services Coop was approved.

2. Mr. Thompson, Mr. Wood, and Mr. Womack were approved by the Board as teacher appraisers for the 1987-88 school year.

3. It was reported that the track should be totally completed by the end of the week including all stripings and lane markings. The visitor bleachers and east side fence still need to be installed.

4. Principals Wood and Womack discussed changes in the Discipline Management Program and the Superintendent recommended to the Board that the proposed changes be adopted for the 1987-88 school year. The changes were approved by the Board and are to be given to each student at the beginning of school.

5. A new student attendance policy was presented by the administration and adopted by the Board. The policy will be in effect when school starts this year. It was explained to the Board that when House Bill 72 no longer allowed schools to give exemptions on final exams the attendance by some students began a gradual slide downward and was very poor the 1986-87 school year. A copy of the policy is to be sent to the local paper for publication.

6. During the financial report to the Board, the Superintendent stated the tax collection had increased over the summer, and the school's appeal to the Texas Education Agency for additional funds due to the drop in school district values had been approved. This will enable the school to finish the school year in good financial shape.

7. Salaries were set by the Board for all auxiliary employees, school aides, secretaries, and administrators for the 1987-88 school year. Extra-curricular salaries had been set earlier in the year for coaches, band director, and U.I.L. sponsors.

Cross Plains ISD Budget For 1987-88

AUSTIN — Last year trustees in the 1,061 local school districts adopted budgets totaling \$12.2 billion and levied local property taxes totaling \$5 billion to pay for it. The state provided \$4.8 billion of foundation aid, and the remainder was funded by school lunch and other fees, federal aid, bond sales, and other revenue.

Locally, the Cross Plains ISD's tax levy last year was decreased by -1.2 percent for 1986-87 as compared to a 8.2 percent increase for the average school district in Texas.

The figures come from the latest issue of Bench Marks for 1987-88 School District Budgets in Texas, an annual publication of the Texas Research League, an Austin-based, educational corporation engaged in governmental research.

School budgets adopted last year called for spending an average of \$3,088 per student for current operations plus \$281 for interest and repayment of debt and \$464 per student for capital outlay. Cross Plains' budget provided for \$3,077.81 per student for current operations, \$210.25 for debt service, and \$64.88 per student for capital outlay based on the 467 students enrolled in the Fall semester of 1986.

The average salary for classroom teachers paid by Cross Plains ISD in 1985-86 was \$20,876. The average among all school districts in Texas was \$24,487 per classroom teacher.

In Cross Plains ISD the average salary for administrators was \$31,700, and \$17,480 for other professional support employees (librarians, counselors, nurses, supervisors, etc.).

Four dollars in five were spent for salaries. Statewide payroll expense average \$2,506 per student, as compared to \$2,283.42 in Cross Plains ISD. Payroll expense is a combination of salary levels and staffing patterns.

Taxpayers provided one teacher for 14.1 students in Cross Plains ISD compared to a statewide pupil-teacher ratio of 1 to 17.4. Because of small classes, especially at the high school level, and abbreviated teaching schedules, many classes have more than the average number of students.

OBITUARIES

Frank Carroll

ANSON — Frank Carroll, 50, died Wednesday at his home.

Services were held 10:30 a.m. Saturday at the First Baptist Church in Baird, with the Rev. Stan Leaf officiating. Burial was in the Ross Cemetery Annex in Baird, directed by Parker Funeral Home.

Born in Tulia, he lived at Admiral, north of Cottonwood, for several years before moving to Anson in 1979. He was a supervisor dispatcher for the Pride Refinery Company and was a member of the Big Country chapter of the Arabian Horse Club of Texas. He was a Baptist.

Survivors include his wife, Kathryn Cameron Carroll of Anson; three daughters, Barbara Barnett and Cheri Goble both of Cross Plains and Dawn Carroll of Anson; two sons, Frank Vinson Carroll, Jr., of Baird and Matthew Carroll of Anson; his mother, Georgia Turner of Baird; three sisters, Beatrice Franklin of Farmers Branch, Alberta Walraven of Texarkana and Elizabeth Matlock of Lipan; 11 grandchildren; and several nieces and nephews.

The average school district imposed a property tax at the rate of 79.3 cents per \$100 of appraised value, which value averaged 93.8% of market value (selling price). The "true tax rate" was 74.3 cents (79.3 times 93.82%) statewide. Locally, the Cross Plains ISD imposed a rate of \$5.80 while property was appraised at 97.3% of its market value making the true rate \$5.64 per \$100 of market value (selling price).

The report points out that the calculation of a true tax rate based on market value rather than appraised value enables a valid comparison of tax levels with other schools. In 1986, the true tax rate exceeded \$1 in 196 school districts in Texas.

The tax on a house in this district that would sell for \$80,000 would have been \$392. If the homeowner was eligible for homestead exemptions, the tax would have been \$368, and if owned by a person 65 years or older, the tax on an \$80,000 house in this district would have averaged \$319, or less if subject to a tax freeze.

Revenue lost from exemptions exceeded a billion dollars. To balance school budgets, the revenue loss from exemptions was imposed upon other taxpayers in the school district.

Local property taxes plus state aid was \$3,176 per student in Cross Plains ISD as compared to \$3,075 statewide. The primary purpose of state aid is to equalize state and local tax resources among schools. In 1986-87 tax resources ranged from less than \$2,500 per student in 30 districts to more than \$10,000 in eight districts.

Antlerless Deer Permit Changes

The Texas Parks and Wildlife Department announces significant changes in the procedures for landowners to obtain antlerless deer permits for 1987-88 deer season in the Possum Kingdom Regulatory District. In an effort to reduce expenses associated with the issuance of antlerless deer permits, an automated system will be implemented this year.

About the second week of August, landowners and land operators who were issued antlerless deer permits last year received a self addressed renewal notice which must be signed, stamped, and returned by September 1, if they wish to receive antlerless deer permits for the 1987 deer season. Any correction of information listed on the application card should be made at this time. Following annual deer surveys, recommended issuance rates for antlerless deer will be formulated by compartments and antlerless deer permits will be issued by mail in early October.

Counties in the Possum Kingdom Regulatory District that will be involved in automated issuance of antlerless deer

permits includes Wise, Jack, Throckmorton, Shackelford, Stephens, Palo Pinto, Parker, Callahan, Eastland, Erath, Hood, Somervell, Comanche, McLennan, Glasscock, and Reagan.

Landowners that qualify for antlerless deer permits but did not receive them last year will be able to make application for antlerless deer permits. Procedures for making application for antlerless deer permits will be announced at a later time.

No antlerless deer permits will be issued or required for the 1987-88 fall gun season in Bosque, Hamilton, Mills, Brown, Coleman, Concho, Runnels, Tom Green, Irion, Coke, Sterling or south of IH 20 in Howard, Mitchell, Nolan, and Taylor counties. Antlerless deer taken during the hunting season

need only to be tagged with the appropriate tag from the hunting license in these counties. Please refer to the 1987-88 Hunting Guide for information concerning seasons, bag limits and means and methods for taking wildlife in various counties.

Housing Agency Accepting Applications

The Texas Housing Agency began accepting applications on August 17 for a new cycle of federal tax credits available under a homeownership assistance program for low-to-moderate-income Texans.

"The purpose of the program is to give individuals or families who are now living in rental housing a chance to move into a house of their own," said Dan A. McNeil, Executive Administrator of the Texas Housing Agency.

The Mortgage Credit Certificate Program increases a family's disposable income by reducing its federal tax obligations. This tax savings, which can amount to as much as \$2,000 a year, provides a family with more available income to qualify for a home mortgage and to apply towards the monthly mortgage payments.

For example, a family who plans to purchase a home for \$56,000, and receive a loan of \$53,000, at 9.5 percent interest for 30 years will pay the lending institution \$5,020 in interest during the first year. Under the MCC Program, the family will be eligible for a tax credit of \$1,004 in the first year of that loan.

"In each succeeding year for the life of the mortgage loan, the family can claim an income tax credit for 20 percent of the mortgage interest paid to the lender, up to \$2,000," McNeil said.

To qualify for the program, a family must be a first-time homebuyer or not have owned a home during the past three years, and their current household

income may not exceed \$35,075 (a slightly higher limit is permitted in certain metropolitan areas). In general, a homebuyer may pay up to \$74,790 for a previously-owned home and \$90,360 for a new home.* During the first 30 days of the program, applications will be processed only on homes priced \$80,000 or less.

The Texas Housing Agency will issue the certificates to eligible families through a network of more than 200 participating throughout the state. Approval to participate in the program must be obtained prior to purchasing a home. Families may obtain a list of lenders and a program brochure by contacting the Agency at (512) 472-7500.

The Texas Housing Agency was created by the Texas Legislature in 1979 to provide affordable housing opportunities for low- and moderate-income families. The Agency fulfills its purpose, in part, by issuing tax-exempt bonds to finance single family and multi-family housing throughout Texas and by issuing tax credits to qualified homebuyers and rental housing sponsors. The Agency receives no state or federal appropriations; its program are self supporting.

*In the Dallas PMSA, a homebuyer may pick up to \$103,140 for an existing home and \$110,430 for a new home. During the first 30 days of the program applications will only be accepted on homes priced \$80,000 or less.

Sale Of Bronze To Help West Texas Cowboy

Friends and associates of Jack Favor are happy to announce the acquisition of a 16-inch bronze to help raise money for Jack's medical expenses.

Jack Favor, a long time professional cowboy, a cancer victim, recently had surgery of the pancreas. Jack was an original Cowboys Turtle Association (C.T.A.) member, and Rodeo Cowboys Association (R.C.A.) member, whose events were saddle bronc riding and steer wrestling, and he excelled at both. Jack also judged many major rodeos. He was born and raised in West Texas in Callahan County, and makes his home in Arlington.

The bucking horse bronze entitled "The Higher They Jump — The Sweeter The Breeze" was made by West Texas Artist and Rancher, Ben Miller, from Fluvanna.

Tickets for the drawing will be available at any of the three banks in Callahan County.

option. Absences over one (1) day without hospital confinement must be accompanied by a physician's statement of care specifying the number of days missed and reasons for the student's inability to attend school; otherwise, the days missed will count individually. The attending physician's statement of absences must be presented by 3:45 on the day of return to entitle the student to this option.

Make-up work will be allowed for excused absences on a limited time basis. (Example: Two (2) days missed have two days after return to school to turn in all work missed.) It is the student's sole responsibility to ask for make-up privileges. The teacher is in no way obligated to pursue make-up work from the student without a direct student request made within the specific time allowed.

Approved extracurricular absences will not count against the attendance totals. However, absences of an extracurricular or co-curricular nature not approved by the administration will count as an unexcused absence and will add to the student's total days missed.

ROWDEN NEWS

By MRS. N.V. GIBBS

This has been another hot, dry week. Since all of the pasture fires, it is dangerous to burn house trash in a barrel-these days. Trash was burned on the Gibbs place, but this writer was there to see that nothing else burned. A few clouds Saturday afternoon gave some shade, which made the day seem cooler.

Rowden people and some from other areas attended the funeral of Bill Taylor in Abilene last Monday. They included Blan and Jessie Odom; Vernie Belle

Ringhoffer Reunion Held On August 16

The Ringhoffer Reunion was held at the A.H. and Jo Ann Ringhoffer home west of Cross Plains on August 16. It was held on Emil Ringhoffer's 85th birthday.

Others attending were Emil's wife, Clevia, his brother, Henry of Stanton, who is 87; and sisters, Ida Gray, 92, and Annie Scrogum, 96, both of San Angelo.

Also attending were Emil Jr. and Jane Ringhoffer of Baird; Robert and Donna Ringhoffer of Breckenridge; Jay, Loretta, and Cassie Ringhoffer of Rowlett; Wayne, Vickie, Michael and Candace Simpson, Beth and Stormy White, Mozelle Tonne, and Lorene Arledge of San Angelo; Johnny, Karen, Amy, Rusty and Gary Combs, Merilyn Whiteley, Mary, Alana, Tessa, and Sara Davis of Cross Plains; Dorothy Morris of Dallas; and Rosalene Cybert and Jack Skinner of Christoval.

The noon meal and day's visitation was enjoyed by all those attending.

Mauldin; Lora Fay Harris; Franzel Odom of Cross Plains; Bertha (Walker) Harris of Abilene; Pat and Dale Gibbs and Dean Gibbs of Abilene; Ima Gibbs of Baird; Opal Crow of Abilene; Walter and Lorene O'Dell of Abilene; Katie Dunn of Clyde; Buren Burks of Abilene; Corrie Lou Darby of Baird; and this writer. Some were ill and did not get to attend the funeral.

Bill Taylor, along with his parents, Mr. and Mrs. J.L. Taylor, lived in the Rowden community for many years. Bill married Elsie O'Dell of the community. In the early 1940's, Bill and Elsie operated the Rowden store. He had been in ill health and retired about a year ago. Billie Ann Pyle of Indiana and Clifford Taylor of Dallas are their children. Our sympathy is extended to Elsie and the children and grandchildren, and also to his only living sister, Vernie Crawford, of Barstow.

Visitors in the Sterling Odom home Saturday were Ralph and Ginny Trevey and children, David, Scott, and Jennifer of Snyder. Also Ivon Odom of Cross Plains and the Charles Palmer family of Clyde who visited last Sunday.

Robert and Dorothy Watson, Wyatt and Cody attended the scrimmage football game between Baird and Cisco Friday night in Cisco.

Robert Burks of the Rising Star nursing home made two visits with his sisters, Lizzie Burks and Emma Johnson, this week. Other visitors were Carroll Burks of Abilene, Mary Frances Lowry of Abilene, and Leona Gary, who took them a watermelon and cantaloupes, which they enjoyed.

Little Drew Flippin spent this week with his grandparents, Dorothy and James Reynolds, while Janet and Tan Flippin moved to Midlothian this week.

Bob Dye has been to Washington D.C., where he has been schooled in Industrial Air Sampling.

A friend and her daughter, Susie Shahan, and Erin of Abilene accompanied Maryana Harrell and daughter, Leigh, to Fort Worth for a school shopping trip. They spent a night with Susie's mother, Kay Childress. They were privileged to see the production of "Sound of Music" before returning home.

This writer was in Abilene Friday, where she visited in the home of Truitt and Lillian Hollingshead, and also met up with a cousin on the Gibbs side, Doris Purcell, of Abilene. The meeting was in a grocery store and was enjoyed.

In another store, a neighbor, Vernie Belle Mauldin, came over to talk a minute. She and Gene had both seen their doctors and were ready to come home.

Vernie Belle Mauldin visited with Joy West during the week.

Edna Dye accompanied her sister-in-law, Betty Sayre, to Houston this week. Edna was visiting a friend, Dorothy Holstead, while Betty assisted her husband in organizing a reunion of the World War II Army unit he served in.

Visitors during the week in the Gene Mauldin home were Mrs. Doris Taylor and Mrs. Frances Powell of Abilene, and Frank and Cora Mae Payne of Baird.

Also Jimmy and Marilyn Mauldin of Midland and their two granddaughters, Tanta and Chrifa Ralston, also of Midland.

Treasures Of Truth

Satan is the master of confusion. Most religious people willfully accept his deceitful, soul destroying lies taught by his servants as soul saving truth.

His most recent, very successful work of deceit and confusion comes in the form of books; labeled true versions of God's Holy Word. With them he can, and does, produce many new soul damning doctrines.

His subtle lies are freely accepted by the simple and gullible because they believe the so-called new versions are true reproductions of the original Word of God.

Like him, the many preachers and teachers who use his books to serve him, have a very persuasive ability to convince the weak and gullible that they are the Bible.

I am your friend,
Ed Will

Rhoades and Lola Terry of Coleman, Willie Mae Wilson, Doris Walker, Eunice Mountain, Cleo Porter, and Lucille Cross. Wilda, we missed you. Hurry and get well.

Telephone Hearings: Here to Stay

Dear Commissioner Nabers: I want to register a complaint about the TEC's continued use of the so called "telephone hearing". Frankly, I feel this is a violation of due process. I have requested several times to have an in-person hearing and my requests have been ignored. TEC used to do in-person hearings so what is going on with the telephone stuff?

—M.D. Rockwall

Dear M.D.: Money is the problem! Texas is a big state and it is extremely expensive to have referees travel to remote locations to hold in-person hearings. Telephone hearings admittedly have their disadvantages, but they represent a much more efficient use of tax dollars.

Because of high unemployment in recent years and the resulting

increase in claims, telephone hearings are relied upon more and more to manage the extremely heavy appeals work load. It would be optimal to provide an in-person hearing to everyone who wants one. Unfortunately, this is no longer possible.

All Notices of Hearing provide instructions concerning the submission of documents prior to a telephone hearing. Except in unusual circumstances, there is no evidence which could be

presented at an in-person hearing that cannot be presented at a telephone hearing. The same hearing procedure is followed. In short, parties are afforded the same due process via telephone that they are in person.

Dear Commissioner Nabers: Are students eligible for unemployment benefits?

—R.J. San Antonio

Dear R.J.: It depends. If a high school student is hired as part of a cooperative effort between a school and a business to provide vocational training for which the student receives academic credit, then the wages paid to the student are not reportable to the TEC; no taxes are due on them; and the student cannot use those particular wages to qualify for unemployment benefits. High

schoolers not hired as part of such a program are treated like any other employee under the Texas Unemployment Compensation Act.

In order to be eligible for benefits, every claimant must be able and available for and seeking full-time work. Most students who are still in school would be held ineligible for benefits because their schooling would interfere with their availability for full-time work.

Ms. Nabers represents 336,000 employers throughout Texas. If you have any questions you want answered, please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 Texas Employment Commission Building, 15th and Congress, Austin, Texas 78778.

PIONEER NEWS

By ESTHLOY S. DICKSON

The temperatures were fantastic this morning — I got up early and found a quilt for my bed. My early morning walk was just sensational!

Right off the top, I want to urge all my Baptist neighbors, and all others, to attend the special services on Sunday, August 30, — a special service "Celebrating the Family of God." A covered dish dinner will follow.

Also, next month there will be a "Youth-Led Revival." I lovingly invite my young neighbors to go with me to these services. I just know they are going to be "SUPER".

My sweet neighbor, Sherry Goble, visited with me Sunday afternoon. She is a lovely neighbor and I appreciate her and her family. She reported that Jessie (Grandma) Wilcoxon recently spent three days with Lillie and Blanton Childers at Cottonwood and three days with Delilah and Cecil Goble in Cross Plains.

Norman and Delphia Lee (they live up on the hill south) visited with Sherry and David Goble last Saturday evening. They all enjoyed sharing a freezer of homemade ice cream and a big chocolate cake.

Delphia called me Monday morning. She had just heard from their daughter, Norma. Norma and Terry Cundiff had just returned to their home in Valley View. They had been on a trip to Galveston and New Orleans. They had viewed French Quarters in New Orleans, also went on a steamboat cruise down the river — had a marvelous, interesting vacation trip.

Mrs. Jackie Cochran of Abilene visited Mrs. Ethel Brown on Sunday. Mrs. Cochran used to live in this area.

Mr. and Mrs. Kim Beggs of Stephenville visited J.T. and Betty on Sunday afternoon. L.W. Mitchell drove for J.T. and took him to the doctor's office last Thursday. He received a good report. Betty wants to express (here) their appreciation for all the telephone calls they have received. The love and concern of so many friends have helped them during the long days passed.

Today (Monday) is Ms. Jewel Foster's birthday and she has had calls from her children — they sang songs to her on the phone. She will have more greetings, I'm sure, when she gets her mail later on. John D. and Wanda Montgomery went by to start her day off brightly.

Last Saturday morning when I stopped to get my Abilene paper, I went on down to the veranda of the Strahan home where Mr. Donald Strahan was sitting. Mrs. Strahan (Hazel) came out. Then they invited me to look through their already beautiful house to see some of the improvements they have made. It is truly a gorgeous home.

I recalled the many years that I waded at that sweet Irene as she sat on that front porch. My little granddaughter often ran down to the porch and hugged Irene's neck. Now that granddaughter

is eight years of age. I still miss Irene — she was a very special lady.

Bro. Michael Hale told me on Sunday that he enjoys this column. You "made my day", Bro. Michael!

My sister, Opal Cox, called Saturday — just checking — she had talked to our sister, Bernice, at Cisco. They and our brothers are all getting along real well, for which I'm so grateful.

Time To Check Earnings

People in the Big Country area who receive Social Security checks and who also work should take time to check their earnings. Glyn Hammons, Social Security manager in Abilene, said recently.

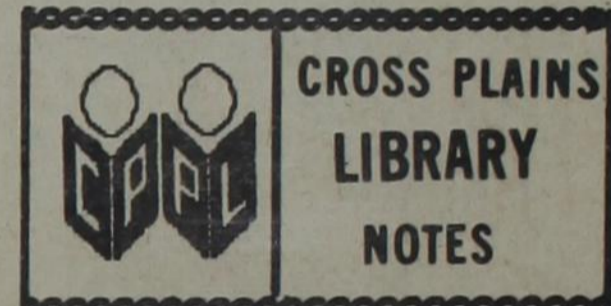

Those who earlier estimated that in 1987 earnings would not exceed the annual limit should check to make sure they have not earned more than they anticipated. The 1987 annual limit is \$8,160 for people 65 through 69 and \$6,000 for people under 65 all of 1987.

If a person's annual earnings exceed the limit, \$1 in benefits is withheld for each \$2 of earnings above the limit. A person will have to repay any benefits that were incorrectly paid.

If a person finds earnings are more or less than expected, he or she should notify Social Security right away so that benefits can be adjusted and an overpayment avoided.

If a person's earnings are less than expected, benefits may be restarted if they have been stopped.

More information about the annual earnings test can be obtained at the Abilene Social Security Office, located at 142 S. Pioneer. The telephone number (915) 698-1360.
